## Performance highlights for the Quarter

The Nuclear medicine was been fully equipped and ready to start operations. Some of the major works include furniture, equipment and HVAC plant. The raft steel works are 100% complete, the contractor is set to cast the raft on the 23rd January 2026. The Cyclotron Bunker is to follow after the raft was been completed to be able to receive the cyclotron that is already on the production line at the IBA (Ion Beam Applications) factory in Belgium. Completed phase 1 for the radiotherapy bunker renovation has been completed to 100%.

## Variances and Challenges

Commencement of the project for establishment of regional centers was behind schedule owing to the delays in the approval of the projects. The Project was presented before the Parliamentary Committee on National Economy, awaiting presentation before Parliament.

Quarter 2

## Performance highlights for the Quarter

The key performance highlights of Q3 included:
i. The closed heart surgery camp held at Mbarara Regional Referral Hospital was successful with 8 Patent Ductus Arteriosus (PDA) procedures on children from within Mbarara and sounding areas done. Through this camp, the capacity of the locally available human resource was built. These camps continue to create a conducive environment for the future decentralization of cardiac services.

ii. 7 research publications in peer reviewed journals on topics such as community co-design of contextually relevant rheumatic heart disease primary prevention, a Rare Cause of Cardiac Arrest During Routine Patent Ductus Arteriosus Device Closure among others were done.

iii. Significant performance on cardiac interventions i.e., open heart surgeries, closed heart surgeries, vascular surgeries and catheterisation procedures as well as the diagnostic procedures due to the increasing demand for services and improved awareness of cardiovascular disease amongst the population.

## Variances and Challenges

The key challenges that affected Q3 performance include:
i. The constrained budget and delayed release of funds which affected implementation of planned activities including procurement of planned equipment, equipment maintenance, staff trainings for more advanced skills in heart surgery, research trainings, staff motivation initiatives, delayed supplier payments among others.
ii. The inadequate space affected outpatient services, teaching programs, theater operations and administration activities and hence service delivery.

| 1. 2 technical sub committee meetings held. 2. Construction works ongoing and procurement process for equipment commenced. | 1. 2 technical sub committee meetings of civil works and equipment held.<br>2. Civil works at 27% completion. All expected external funds (UGX 12.176 bn) for Q2 were released by MoFPED and UGX 8.030 bn was spent. Payments for ongoing works are made from the Financiers (BADEA, OPEC Fund & SFD) directly to the contractor (as per the financing agreements). Hence, they are not made through the IFMS and are not reflected in the PBS report.<br>3. Procurement process for equipment commenced awaiting approval of specifications by users and clearance of the Global List and specifications by NACME as well as approval of the Standard Bidding Documents (SBDs) by the UHI Board. | Design reviews to the foundation of Block A and heavy rains in October and November slowed down the progress of works. Additionally, there were initial delays in obtaining approvals from URA for supplies since the civil works are externally funded and hence the VAT is deemed paid. |

Quarter 2

## Performance highlights for the Quarter

Releases were 326.456 bn and expenditure amounted to 263.011 bn in Q2 of the FY 2025/26 representing 80.6% overall performance for the Quarter.

The release and expenditure was in accordance with the levels of care i.e. Health Center II Shs 5.298 bn, Health Center III Shs 13.315 bn, Health Center IV Shs 10.481 bn, General Hospitals 13.960 bn, Regional Referral Hospitals Shs 7.862 bn, National Referral Hospitals Shs 6.409 bn, Specialized units Shs 20.489 bn and Donated items and nutritional commodities Shs 1.374 bn, Laboratory items Shs. 38.758 bn.

Shs. 7.33 billion was spent on Reproductive health items, family planning and MAMA KITS, to all women during child birth to the entire country including the hard to reach and hard to stay places like Kaboong, Abim, Ntoroko, Zombo and the islands of Kalangala and Namayingo.

Shs.72.909 billion was spent on ARVs that were equitably distributed to all government centers spread across the entire country ranging from health centers IIs, IIIs, and IVs up to the National Referral Hospitals. These were accessible to all categories of the population, including girls, boys, persons with disabilities, the poor, orphans, prisoners and minorities like the Batwa and Bamba in Bwindi and Ntoroko.

Anti-malarial medicines and Anti-TB items worth 14.367 bn and 9.301 billion respectively were procured and equitably delivered to all public health facilities spread across the entire country including the hard to reach, hard to stay places and the rural residents.

Shs.12.981 billion was spent on vaccines and immunization supplies meant for children below the 5 years against the published list of killer diseases, 10 years for prevention of cervical cancer, women of child bearing ages for prevention against transmission.

Shs 5.125 bn and 22.690 bn for Administrative support and Corporate services respectively, inclusive of HIV mainstreaming activities and climate change mitigation initiatives worth 0.125 billion and 0.25 billion respectively.

## Variances and Challenges

Lack of last mile accountability for Essential Medicines and Health Supplies (EMHSs) delivered to the health facilities spread across the Country.

The Government, through the Ministry of Health coordinates and receives in-kind donations from Partners which are warehoused and distributed by NMS. Like all other supplies, the Corporation expects service fees to facilitate warehousing and distribution to the health facilities, which is not the case for all supplies received. During the Covid-19 pandemic and Ebola outbreaks, the Ministry of Health received health supplies and commodities from Partners which were warehoused and distributed by NMS. However, to-date, the Corporation is yet to receive the balance of UGX 70.7billion.

Access challenges to some of the Islands like Kalangala, Buvuma and Namayingo and other hard to reach areas like Kisoro and Buvuma islands especially during the rainy seasons which causes delays in delivery of the essential medicines and health supplies.

Quarter 2

## Performance highlights for the Quarter

a. Placed a destination promotional advertisement on DSTv SuperSport AFCON channel and its associated digital platforms titled “Go Beyond the Pitch & Explore Uganda” during the AFCON 2025 tournament in Morocco
b. Launched the “Ki Uganda Ki Nyuma” digital campaign in collaboration with Next Media to stimulate domestic travel, showcasing Uganda’s diverse destinations, experiences, culture, products, and events
c. Implemented destination promotion activations across five Moroccan cities during the AFCON 2025 tournament i.e. Rabat, Tangier, Marrakech, Fez, and Casablanca
d. Showcased destination Uganda’s leisure and business tourism offerings at three global tourism expos i.e. Magical Kenya, World Travel Market London and IBTM World in Spain
e. Submitted three international conference bids to host the World Breaking Classic 2027 Conference, World Federation of Tourist Guides Association Meeting 2028, and the World Health Environmental Conference
f. Engaged nine journalists from eight international media houses across Europe and North America to promote Destination Uganda to global leisure, travel, sustainability, and wellness audiences, achieving an estimated reach of 80 million readers and viewers.
g. Registered 354 tour and travel companies, 442 accommodation facilities and 19 tourist guides
h. Inspected 388 tour and travel companies and 442 accommodation facilities in Kampala and Wakiso in partnership with AUTO and TUGATA.
i. Licensed 314 accommodation facilities, 39 tourist guides and renewed licenses for 320 tour and travel companies
j. Graded 19 accommodation facilities in Kampala, Wakiso, Jinja and Kayunga
k. Trained 81 hotel owners and managers in minimum tourism operating standards in Gulu district

## Variances and Challenges

- One bid was dropped due to lack of commitment from local ambassador i.e. the Working Week and General Assembly of the International Federation of Surveyors 2030
- Inadequate development budget to replace aged fleet used to facilitate inspections, monitoring, and enforcement of tourism standards across the country

## Performance highlights for the Quarter

URSB collected NTR of UGX 38.969 bn by the end of quarter two, representing 37.0% of the annual target of UGX 100 bn.
URSB registered 14,974 new companies, 9,705 business names, 72,009 legal documents, 215 debentures, 13,603 Security interest notices, 5,388 Searches on the SIMPO system, 676 Local trademarks, 754 foreign trademarks, 796 foreign trademark renewals, 406 local trademark renewals, 4 industrial designs, 3 Patent grants, 177 Copyrights, 506 Insolvency documents, 97 Insolvency resolutions and 13 Insolvency documents.
URSB conducted 15 business registration clinics in Quarter 2 in Nansana, Nakulabye, Kasubi, Kitintale, Kampala Central, Luzira, Abayita Ababiri, Kirinya, Paidha, Gulu, Lira, Soroti, Mbale, Bweyogerere, and Kajjansi, resulting in NTR of UGX 1.390 bn and the registration of 670 companies and 1,132 business names.
URSB held the Annual SIMPO Users' Meeting for FY 2025/26, engaging 142 lenders to gather feedback, share system updates, and discuss the protection of lenders' interests under the Digital Number Plate framework.
URSB in partnership with WIPO, launched the "IP in a Box - Game Lab Project", an interactive initiative aimed at equipping young people with practical skills in applying intellectual property in business and innovation.
URSB conducted the Customer Engagement Week across 7 URSB offices, 1,846 mass media activities, which include: 1,800 radio spot adverts, 13 newspaper stories, 16 TV stories, 16 radio talkshows and 1 Registry Magazine to enhance public awareness of its services.
URSB successfully attained ISO 9001:2015 Quality Management System (QMS) certification.
URSB strengthened awareness of Copyright and Neighbouring Rights through outreaches and stakeholder engagements, including a mentorship session at Mengo SS on STEM, innovation, and IP, among others
URSB hosted the Director General of WIPO from December 3rd-5th, 2025, reinforcing Uganda's commitment to effective IP governance and international collaboration

## Variances and Challenges

# VOTE: 119 Uganda Registration Services Bureau (URSB)

Quarter 2

URSB was appropriated a total budget of UGX 66.503 bn for FY 2025/26. Out of the approved budget, a total of UGX 31.843 bn was released by end of quarter two, constituting 47.9% of the approved budget, while UGX 26.202 bn was spent, representing an absorption rate of 82.3% of the released funds.

Under Agro-Industrialization, a total of UGX 0.10bn was appropriated, out of which UGX 0.09bn was released and UGX 0.033bn was spent, representing a 36.7% utilization rate
Under Manufacturing, a total of UGX 0.20bn was appropriated, out of which UGX 0.176bn was released and UGX 0.045bn was spent, representing a 25.3% utilization rate.
Under Private Sector Development, a total of UGX 9.479bn was appropriated, out of which UGX 4.827bn was released and UGX 3.530bn was spent, representing a 73.1% utilization rate
Under Human Capital Development, a total of UGX 6.044bn was appropriated, out of which UGX 3.022bn was released and UGX 3.022bn was spent, representing a 100.0% utilization rate
Under Innovation, Technology Development and Transfer, a total of UGX 2.096bn was appropriated, out of which UGX 1.116bn was released and UGX 0.918bn was spent, representing an 82.2% utilization rate
Under Governance and Security, a total of UGX 48.584bn was appropriated, out of which UGX 22.611bn was released and UGX 18.658bn was spent, representing an 82.5% utilization rate

The variations in utilization were mainly due to ongoing procurements in quarter two.
In addition, MoFPED did not release the Development budget in quarter two, which impeded the smooth execution of the mandate. Therefore, URSB requests the release of UGX 2.457 bn for the acquisition of ICT equipment, assorted furniture, and transport equipment to support the continuous implementation of the Mass business registration initiative.

Quarter 2

## Performance highlights for the Quarter

Budget Performance:
a) Expenditure on Wage: UGX 0.712bn in wages remained unspent at end of the quarter due to vacant positions, recruitment of nearly 65 immigration officers was concluded at Public Service Commission.
b) Expenditure on Non- Wage Recurrent: UGX 21.037bn remained unspent as a result of uncompleted procurements and supplies that have not been made by end of December 2025
c) Development budget: The development budget of only UGX 6.85bn was released; procurement of capital development activities could not be concluded within time

d) Non-Tax Revenue (NTR): The NTR projection for the FY 2025/26 is UGX 431.06bn (by MoFPED). At the end of Q2, UGX 189.132bn in NTR was generated, this is only 44% of the annual projection.
e) Other Physical Performance:
f) 8,863 immigrants investigated, 432 regularized their stay, 359 were removed/deported.
ii) 103 suspects were arraigned before court and 101 were convicted and fined. 2 cases are still on-going before court.
iii) 94 Appeal cases were verified/investigated and processed for the attention of the Minister
iv) 100% clearance of all travelers at all gazette borders (a total of 2,697, 339 travelers comprised of 1,375,693 arrivals & -1,321,646 departures.
v) 361 cluster were conducted whereby 2,205 illegal immigrants were intercepted and some forwarded to courts for prosecution and others returned to their countries

vi) 555 border patrols (487 Land and 68 marine) conducted, and surveillance reports provided.
vii) 100% of applicants for immigration facilities processed for issuance including; (Work permits-9,687, Dependent passes-4,166 Student passes-8,326; Certificate of residence -475 granted).
viii) 91% of eligible applicants issued passports (108,772 citizens issued passports out of 119,731 applications)
ix) 2,947 CTDs issued out of 3,628 applications received(81.2% performance)
x) 189,968 visas issued; comprised of Single entry tourist -178,268, Multiple Entry - 1,046, EATV - 8,536; dip/transit -2,118

## Variances and Challenges

# VOTE: 120 National Citizenship and Immigration Control (NCIC)

Quarter 2

1. The second quarter cash limit for recurrent budget was sufficient and was received in time to carry out planned activities. The development budget of UGX 5.698bn was released; hence commencement of major activities such as construction, data migration, upgrade of the EPP DR(OPAS, Archive System), APIS, e-immigration change requests and procurement of assorted ICT Equipment can now be implemented.
2. The implementation of the e-immigration system changes and optimization (new e-gates operationalization, business intelligence/reporting and dashboard module fingerprint and photographic capture and electronic trave authorization enhancement is expected to commence this second quarter.
3. Due to ongoing recruitment exercises that took place during the quarter and other internal issues, a number of staff training initiatives have lagged behind. This includes staff training on the e-passport system, counter terrorism and intelligence gathering, leadership and management; which have been deferred to the third quarter. However, with support from IOM and the Government of Netherlands, a number of training activities took place including 46 staff trained on transnational organized crime and Immigration Data Management, 11 immigration Officers received advanced training on document examination as part of the 2 year Joint Initiative between Netherlands and Uganda. Also, 10 immigration officers were certified as trainers on hostmanship; the initiative resulted in the transitioning of 50 immigration officers from the traditional processing methods to hostmanship approach.

4. On cross border operations, collaborations and regular patrols, NCIC continues to experience difficulties in executing its mandate due to the insecurity in the eastern DRC; the borders of Ishasha, Bunagana, Butogota and Busanza are the most affected.

# VOTE: 122 Kampala Capital City Authority (KCCA)

Quarter 2

## Performance highlights for the Quarter

Challenges experienced during budget execution

1. Inadequate financing for key infrastructure and city maintenance programs;
2. Poor waste management aggravated by a lack of appropriate disposal facilities and technologies;
3. Old and dilapidated Buildings, schools & health infrastructure. In addition, the city has incomplete or inadequate facilities such as sports courts, tourism signage, and school libraries, which hamper effective service delivery
4. Vandalism of Public infrastructure – Lights;
5. Misuse of public infrastructure like walkways and drainage structures, used for dumping of garbage, leading to high maintenance costs;
6. Lack of an efficient public transport system, which has led to an increase in the use of private cars and motorcycles (boda bodas) and hence traffic congestion.

## Variances and Challenges

The total budget for FY2025/26 is UGX 955.93 Billion, and by the end of Quarter 2, UGX 460.319Bn (48.15%) was released, out of which the KCCA absorbed UGX 265.174 Bn (57.61%). The low absorption was on account of underperformance under KCRRP and GKMA (externally financing) projects.

| 1 ordinance and byelaw enacted | Four Ordinances and byelaws are under review and consideration in the respective committees.<br>Addressing contemporary challenges in aligning local governance with overarching legislative frameworks. These regulations, meticulously crafted and rigorously debated, encompass a variety of sectors, including urban planning, environmental conservation, public health, and social welfare. The Urban Development Ordinance seeks to streamline zoning processes, fostering sustainable growth while safeguarding community interests. Through introducing comprehensive guidelines for land use, it aims to mitigate conflicts between commercial expansion and residential sanctity. The Environmental Preservation Byelaw places a strong emphasis on reducing carbon footprints across municipal operations. It mandates the implementation of green initiatives, such as waste reduction programs and the promotion of renewable energy sources, ensuring economic growth. | No Variation |
| 3 Standing Committee sittings held | Conducted twelve (12 ) standing committees for different councilbusiness committees | No variation |

| 4 Authority council meetings held | 04 Ordinary Authority council meetings held.<br>06 special Authority council meetings held. |
| 4 Ordinances and byelaws enacted | Four Ordinances and byelaws are under review and consideration in the respective committees.<br>Addressing contemporary challenges in aligning local governance with overarching legislative frameworks. These regulations, meticulously crafted and rigorously debated, encompass a variety of sectors, including urban planning, environmental conservation, public health, and social welfare. Firstly, the Urban Development Ordinance seeks to streamline zoning processes, fostering sustainable growth while safeguarding community interests. By introducing comprehensive guidelines for land use, it aims to mitigate conflicts between commercial expansion and residential sanctity. Secondly, the Environmental Preservation Byelaw places a strong emphasis on reducing carbon footprints across municipal operations. It mandates the implementation of green initiatives, such as waste reduction programs and the promotion of renewable energy sources, ensuring that economic growth does not come at |
