## Performance highlights for the Quarter

MOJCA is mandated “To provide legal advice and legal services as well as supporting the machinery that provides the legal framework for good governance”." To carry out this mandate, the Ministry has an approved budget of UGX 202.159Bn. During the reporting period, the Ministry received a total of UGX 27.893Bn; Wage- UGX 4.142Bn, NWR- UGX 11.269Bn, Pension of UGX 486.9M, Gratuity of UGX 425.9M, Subventions of UGX 9.769Bn and Compensation of UGX 1.80Bn. The funds supported the implementation of planned activities as follows:
Cumulatively, Government represented in 613 cases in Courts, Tribunals and Commissions. Handled 50 energy related matters, defended 124 Constitutional Petitions, Appeals and Applications and 153 human rights cases.
A total of 3,105 contracts and MOUs reviewed to ascertain legality and enforceability. Relatedly, 446 requests for Legal Opinions received and responded to.
On legislative drafting, 6 Bills were drafted and returned to MDAs, 43 statutory instruments were drafted and approved for publication and 7 Ordinances certified and redrafted and forwarded to the MoLG.
15 sittings were held by the Disciplinary Committee. 288 cases were handled of which 38 cases were disposed of. Relatedly, 9 Law Council Meetings held to consider applications for placement, applications for eligibility, applications for generic names and other policy matters of the Legal Profession.
On inspection, of the 126 Advocates Chambers inspected,124 (98%) were approved and issued with certificates of approval of chambers.
On management of Estates of deceased persons, persons of unsound mind, 2,261 Certificates of no objection issued, 36 land transfers made, 834 family mediations held, 199 Estates inspected, 2007 new files for Estates of deceased persons, missing persons and persons of unsound mind opened.

## Variances and Challenges

The Ministry had planned to shift to the JLOS House, however, due to limited funding that came in the second month of the Quarter, it was not possible to complete the works. The occupation of the new premises has now been postponed to April 2026.

Motor vehicles: We have a challenge of transport equipment where on average each Regional Office has one sound car to traverse many High Court circuits (in some instances 5). We need transport equipment of at least 48 motor vehicles over the next 2 Financial Years to support operations of Regional offices in court attendance and supporting the function of Administration of Estates of the deceased people and inspection function of the Law Council. The current fleet of vehicles is insufficient, old and unreliable to traverse long distances to various courts with high maintenance costs currently in a range of UGX 1Bn annually; and the Auditor General has already raised a query on the use of old vehicles that should have been disposed of

## Performance highlights for the Quarter

A total of 6,083 (48% female) MSMEs and Cooperatives supported with entrepreneurship, business and mindset training, follow-up and mentorship for households, MSMEs to boost growth, formalisation and competitiveness.
1083 women entrepreneurs spread in 103 districts and 9 cities in six participating financial institutions including Centenary Bank, DFCU, Equity Bank, Finance Trust Bank, Post Bank and Stanbic Bank. 703 Loan beneficiaries in received the performance (bonus) grant.
Disbursed UGX. 529 billion directly to the accounts of all the eligible PDM SACCOs.
677 Emyooga SACCOs were disbursed to UGX 14.76bn.
Emyooga SACCOs Mobilized Net savings of UGX: 1.11bn.
74 tax disputes resolved, which unlocked UGX. 133 Billion into the economy. More disputes were resolved through mediation than litigation.
Mediation sessions were conducted between URA and the Taxpayers and 40 consents worth UGX 63.9 billion shillings were filed through mediation.
The Budget Framework papers for MDA & LGs for FY 2026/27 were reviewed and approved.
The National Budget Framework Paper for FY 2026/27 was submitted to Parliament for review approval by the 31st December 2025 in line with the PFM Act 2015
The draft Budget Estimates report for FY 2026/27 is scheduled to be prepared submitted to Parliament in the next quarter in line with the PFMA 2015 requirements
The net revenue collections, including LG revenue for October 2025 to December 2025, amounted to UGX. 9,097.06 billion against a projection of UGX. 9,920.73 billion, registering a deficit of UGX. 823.68 billion. Despite the deficit, this represents an 7.31% growth (UGX. 619.33 billion) in revenue collections compared to the same period in FY 2024/25.
4000 key stakeholders sensitized on the Egp system to promote adoption.
The regional projects have reduced in number and due to funding gaps, only one was monitored.

## Variances and Challenges

237 women borrowers yet to be accessed; the variance is attributed to delayed disbursement of funds to the ongoing six participating financial institutions, delayed approval and disbursement of the targeted additional 8 participating financial institutions including SACCOs.
delayed submission of the quarterly reports by the PFIs; interrupted by the national presidential and parliamentary elections.
The decline from UGX 8.027BN mobilized last period is due to individual savings withdrawn after members received loans. However, continuous sensitization, capacity building interventions and stakeholder engagements on the importance of savings for SACCO growth and sustainability will change people’s mindset and this will improve the saving culture among the beneficiaries.

| Introduction of sustainable financing products in the capital markets | Private Capital Raising: Through the Deal Flow Facility implemented with FSD Uganda, CMA strengthened private capital mobilisation by building a credible pipeline that processed 320 enterprises and closed five investment transactions worth USD 2.3 million across priority sectors. The 2024 tax reforms and 2025 licensing regulations established a competitive, tax-efficient framework for private equity and venture capital, aimed at lowering the cost of capital, encouraging local fund domiciliation, and doubling market-based financing to 3 percent of GDP by 2027. Although private capital deal values declined by 67.7 percent in FY 2024/25 due to global financial tightening, continued deal activity and recent reforms position the market for recovery & growth in the medium term. Approval of the Okusevinga Money Market Unit Trust Scheme expanded access to low-risk, digitally delivered investment products, enabling small-value participation and mobilising domestic savings among underserved popn | Possible Reasons for Variation:<br>• Government commitment to enhancing market competitiveness<br>• Need to counter global capital tightening through domestic incentives<br>• Growing fintech activity requiring regulatory innovation |

| Quality programming, implementation and monitoring of the EU programmes is guaranteed | Monitoring of ongoing EU-funded projects was done for MARKUPII this month, in addition to follow up of grantees that are due for final payment closure. These include Makerere University, USSIA, PSFU and Rhino Agencies for submission of their final accounts. The project visited the projects before their payment requests could be considered.<br><br>The project also followed up and received the motor vehicle that was allocated from the DINU project to the Climate Finance Unit. It was agreed between the NAO and OPM to hand over that far to the CFU and it was received by the Transport Officer. | |
| NAO capacity is reinforced in its partnership with Donor Partners, in particular the EU | Two bilateral meetings were held with the EU Head of Cooperation and the EU member states at MoFPED. Issues discussed are intended to reinforce the partnership with EU and these included;<br>* preparation for a Portfolio review<br>* Fostering regional integration through Trade<br>* Ratification of the SAMOA agreement, which replaces the Cotonou Agreement by which EU support to all African, Carribbean and Pacific (ACP) countries has been channeled through the European Development Fund.<br>* MoFPED participation at the Support to Civil Society (CUSPII) Steering Committee meeting and deep dive regarding the AGA project for Governance and Accountability<br>* EU introducing the new Head of Finance, Contracts and Audits at the EU delegation. Mr. Alvarro replaced Ms. Myriam Menchen who left Uganda in September 2025. | |
| Visibility and awareness of the Uganda-EU partnership is increased | The EU-funded Coffee and Cocoa Value Chain project shared their reports and printed visibility materials including 2026 calenders, notebooks, diaries, Tshirts, etc, that were also shared with the MoFPED. The NAO did not carry out any visibility activities this quarter. | |
| Aid Management Database upgraded | The Aid Management Platform was upgraded to the latest version by the developers, Ms. Development Gateway. Training of all staff in the Directorate of Debt & Cash Policy was organised, but postponed to Q3 | |

| GoU domestic arrears position updated for FY 2025/26 | Reconciled the audited position of domestic arrears for FY 2024/25 as at 30th June 2025. The domestic arrears including pensions and gratuity during the year reduced by 38% to UGX 8,676 billion from UGX 14,061 billion (FY 2023/2024). This was mainly attributed to the 76% reduction in the unpaid reimbursements to BoU to UGX 1,912 billion from UGX 8,313 billion reported the previous financial year [Unpaid reimbursements consist of principal securities amounting to UGX 1,201billion, UGX 0.619 billion relating to finance costs (coupon, Treasury Bills interest, Treasury Bonds discount and penalty charges), UGX 64.3 million for EFC unprotected depositors and UGX 30.9 million for IMF charges]. The reduction in the reimbursements to BOU is as a result of the transfer of UGX 7,779 billion to domestic borrowings that were eventually restructured through issuance of an amortised 10year Treasury Bond in favour of BoU. | |
| Consolidated audited annual GOU Financial Statements for FY 2024/25 Prepared | The department successfully completed the consolidation of the draft and audited annual accounts for FY 24/25. | Introduction of sustainable financing products in the capital markets | The Regulatory Sandbox was launched on 8 October 2025, providing a controlled environment for testing innovative financial products and business models. This initiative is expected to drive product innovation, improve service delivery, and strengthen investor-market linkages. Complementing this, the 2024 Income Tax and Stamp Duty Amendments introduced comprehensive tax exemptions for CMA-licensed Private Equity and Venture Capital funds, enhancing Uganda's competitiveness and incentivising domestic and foreign investment. |
| Value of funds raised through capital markets (UGX 200bn) and 157,876 CIS accounts | During the first half of the year, CMA implemented 17 targeted awareness initiatives, including strategic engagements with GCIC, FITSPA, UIBFS, USE, journalists, and regional partners. Investor education sessions reached 2,074 individuals through town halls, investment clubs, fintech engagements, and collaboration with the Bank of Uganda and UFLA. These initiatives strengthened institutional partnerships, expanded capital markets literacy, and improved public understanding of legitimate investment opportunities. |
| Value of funds raised through capital markets (UGX 200bn) and 157,876 CIS accounts | CMA conducted 14 radio talk shows reaching an estimated 1,066,846 listeners across major national and regional stations. Additionally, 11 television programs were aired—well above the annual target of four—reaching between 3–4.5 million viewers per broadcast. Programming focused on fraud prevention, investor protection, and CMA's enforcement role, significantly strengthening public awareness, regulatory visibility, and investor confidence nationwide. |

| Quality programming, implementation and monitoring of the EU programmes is guaranteed | Monitoring of ongoing EU-funded projects was done for MARKUPII this month, in addition to follow up of grantees that are due for final payment closure. These include Makerere University, USSIA, PSFU and Rhino Agencies for submission of their final accounts. The project visited the projects before their payment requests could be considered.<br><br>The project also followed up and received the motor vehicle that was allocated from the DINU project to the Climate Finance Unit. It was agreed between the NAO and OPM to hand over that far to the CFU and it was received by the Transport Officer. |

| NAO capacity is reinforced in its partnership with Development Partners, like the EU | Two bilateral meetings were held with the EU Head of Cooperation and the EU member states at MoFPED. Issues discussed are intended to reinforce the partnership with EU and these included;<br>* preparation for a Portfolio review<br>* Fostering regional integration through Trade<br>* Ratification of the SAMOA agreement, which replaces the Cotonou Agreement by which EU support to all African, Carribbean and Pacific (ACP) countries has been channeled through the European Development Fund.<br>* MoFPED participation at the Support to Civil Society (CUSPII) Steering Committee meeting and deep dive regarding the AGA project for Governance and Accountability<br>* EU introducing the new Head of Finance, Contracts and Audits at the EU delegation. Mr. Alvarro replaced Ms. Myriam Menchen who left Uganda in September 2025. |
| Visibility and awareness of the Uganda-EU partnership is increased | The EU-funded Coffee and Cocoa Value Chain project shared their reports and printed visibility materials including 2026 calenders, notebooks, diaries, Tshirts, etc, that were also shared with the MoFPED. The NAO did not carry out any visibility activities this quarter. |
| Aid Management Platform upgraded;<br>NAO represented at regional and international AMP technical workshops. | The Aid Management Platform was upgraded to the latest version by the developers, Ms. Development Gateway. Training of all staff in the Directorate of Debt & Cash Policy was organised, but postponed to Q3. |
| Database accessible to all stakeholders | The Aid Management Platform (AMP) database is updated regularly and is accessible to all Development Partners because they have the responsibility to share updates, in addition to inputs by the NAO. The information that is fed into the database then informs reports like the Annual Report on public Debt, Loans, grants, guaraantees and other liabilities. |

| GoU domestic arrears position updated for FY 2024/25 | Reconciled the audited position of domestic arrears for FY 2024/25 as at 30th June 2025. The domestic arrears including pensions and gratuity during the year reduced by 38% to UGX 8,676 billion from UGX 14,061 billion (FY 2023/2024). This was mainly attributed to the 76% reduction in the unpaid reimbursements to BoU to UGX 1,912 billion from UGX 8,313 billion reported the previous financial year [Unpaid reimbursements consist of principal securities amounting to UGX 1,201billion, UGX 0.619 billion relating to finance costs (coupon, Treasury Bills interest, Treasury Bonds discount and penalty charges), UGX 64.3 million for EFC unprotected depositors and UGX 30.9 million for IMF charges]. The reduction in the reimbursements to BOU is as a result of the transfer of UGX 7,779 billion to domestic borrowings that were eventually restructured through issuance of an amortised 10year Treasury Bond in favour of BoU. |
| Consolidated half year, annual and audited GOU Financial Statements for FY 2024/25 Prepared | The department successfully completed the consolidation of the draft and audited annual accounts for FY 24/25. Internal Security, Coordination& Advisory Services:The Ministry coordinated internal security efforts through conducting 5 alert Inspections in KMP areas, conducted 14security assessments and 12 Inspections of Commercial Explosives magazines & Quarries in 4 regions.
3)Community service order management ;The Ministry contributed to reduction in congestion in prisons by diverting 2,098 offenders to non-custodial sentence
4)NGO Regulation:The Ministry regulated the NGO Sector through monitoring 50 NGOs onsite & 150 offsite, inspecting 10 NGOs. Issued 139 NGO certificates,265 NGOs permits & updated 7072 NGOs on the NGO database
5)Combat Trafficking in Persons: Ministry contributed to Combat Trafficking in Persons efforts through supporting 113 victims of trafficking and 72 TIP cases under investigation, & coordinating the return of 12 victims of trafficking from India and Kenya

## Variances and Challenges

Variances in budget performance;
The Ministry recorded 95.3% absorption in non-wage and 78.1% wage absorption. The under absorption of the wage is attributed to the expired contracts of Amnesty Commission staff, delayed deployment of community service officers, and delayed vetting process of newly deployed staff which implied they could not be uploaded on to the HCM for payment of their salaries. The lowest absorption level of 20.9% was due registered under the development budget due to delays in procurement process.
Challenges;
Delays in the recruitment process which affected wage absorption in the quarter.

## Variances and Challenges

# VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 2

CHALLENGES

• Some countries imposed restrictions/bans on Ugandan exports of maize, sugar, dairy and poultry products citing sanitary and phytosanitary concerns and partly to protect their local industries from competition.

• Fewer technical staff compared to the tasks to perform for effective programme implementation at national and local government levels

• Invasive water weed more especially on lake Kyoga destroying fishing inputs

• Rampant use of indiscriminate fishing gears

• Increased cost of feeds especially fish feeds

• Pests and diseases including the fall army worm (FAW), banana bunchy top virus disease, African army worm , sweet potato butterfly caterpillars and banana rust thrips.

• Escalating impacts of Climate changes manifesting through long droughts and floods disrupting production infrastructure, crop and livestock production.

• Rapid degradation of water catchments.

• Land acquisition for infrastructure projects and demonstrations are lengthy and complex due to land tenure and ownership challenges.

• Many input suppliers did not have adequate capacity to produce adequate and quality inputs

• Inadequate critical facilities including analytical and diagnostic laboratories, motor vehicles (cars, motorcycles) for field activities, heavy machinery & equipment for construction of water storage infrastructure, high-speed internet connectivity and office space.

• Overwhelming demand for water for production facilities (dams, valley tanks and irrigation schemes) compared to the available resources.

Recommended actions

• All Programme MDAs should integrate Covid-19 interventions into their annual work plans and budgets

• Government should invest in developing ICT platforms, adopt use of ICT tools to extend services (e.g. information dissemination, extension advice, supervision and surveillance of disease outbreak more effectively and efficiently.

• Urgent recruitment and retooling in critical areas and alternative Service models
