**PIAP Output: 18211302 Tax and Non-Tax revenue (NTR) from the National Lottery and Gaming**

**Programme Intervention: 182113 Strengthen the capacity of public institutions to collect NTR**

| PIAP Output Indicators | Indicator Measure | Planned 2025/26 | Actuals By END Q 2 |
|---|---|---|---|
| Gaming Tax Revenue Collection to target | Percentage | 100% | Tax revenue from gaming activities collected by the Board stands at 45.2%, below half year projection. |
| NTR Collection to target | Percentage | 100% | NTR performance stands at 77.8% well above 50% mark at half-year |

# VOTE: 123 National Lotteries and Gaming Regulatory Board

Quarter 2

## Performance highlights for the Quarter

1. The total tax revenue generated during the quarter increased by 18% to UGX 95.6 billion, up from UGX 81.1 billion in the first quarter. The total cumulative tax revenue for the year is now at UGX 176.7 billion, making up 45.2% of the annual target of UGX 391 billion.
2. The Responsible Gaming Directives were approved and published during the quarter. These directives mandate licensed Gaming Operators to implement Responsible Gaming measures into their operations as a means of protecting the public from gaming harm.
3. During the quarter, a total of 51 operators were on production and sending live data, 1 was cleared up for production while 9 were still on the test system.
4. Six stakeholder engagements were conducted by the Regional Offices, each conducting 2. These were conducted in the districts of Mbale, Kasese, Amuru and Nwoya, These involved the City and district local government leaders, and media Houses.
5. The Board conducted 4 enforcement activities resulting in the confiscation of 473 illegal gaming equipment including slot machines, fish tables, Screens, Mother boards, sacks of Assorted spare parts and others, closure of 11 non-compliant licensees, 01 illegal gaming company sealed off, and 24 non-compliant premises were cautioned.
6. As part of the Responsible Gaming Program, the board carried out 11 sensitizations with 9 schools, a market and the public in Kitezi with messages on dangers and risks involved with gaming being provided.

## Variances and Challenges

1. Delays in the Judicial System. Court backlogs and lengthy trial processes delay resolution and enforcement of legal actions.
2. Non-Cooperation from Suspects and Stakeholders. Refusal to provide statements, absconding, or withholding of evidence by suspects slows investigations.
3. Proliferation of Unregulated and Digital Gaming Activities. Difficulty in detecting and prosecuting online or crypto-based gaming operations due to jurisdictional and technical challenges.
4. Limited Access to Technical Expertise. Lack of in-house forensic and IT experts hinders investigations involving digital platforms or financial transactions.
5. There is a general lack of awareness about the Board’s existence, leading to limited stakeholder interest.
6. The illegal operators cooperate and inform one another of the presence of enforcement teams in the field to evade enforcement actions.
7. The illegal operators restock the same premises where enforcements have been conducted due to the prolonged time lapse between enforcement activities.
8. A lack of a formal policy for informants makes working with them challenging.

**PIAP Output: 18211302 Tax and Non-Tax revenue (NTR) from the National Lottery and Gaming**

**Programme Intervention: 182113 Strengthen the capacity of public institutions to collect NTR**

| | |
|---|---|
| Responsible Gaming Sensitisation Campaigns | Fourteen sessions on responsible gaming were conducted in schools, health centres, and among vulnerable groups, specifically market vendors.<br><br>Fifteen problem gamblers were identified. Of these, 12 were referred and received counselling, while 3 did not attend the referred counselling services due to financial constraints related to travel for physical sessions. The Board is in the process of hiring consultants to provide closer and more accessible services to disadvantaged persons most in need. |

# VOTE: 123 National Lotteries and Gaming Regulatory Board

| Annual Planned Outputs | Cumulative Outputs Achieved by End of Quarter |
|---|---|
| **PIAP Output: 18211302 Tax and Non-Tax revenue (NTR) from the National Lottery and Gaming** | |
| **Programme Intervention: 182113 Strengthen the capacity of public institutions to collect NTR** | |
| Counselling/Rehabilitation programs | The Board identified 15 problem gamblers through their processes, and all were referred for help with the board requesting account blocking to aid in their healing process. However, 7 problem gamblers identified did not send back the exclusion forms thus their accounts could not be blocked. |
| Responsible Gambling Tools | A successful consultant has been identified pending contract signing |
| Research Reports (evidence-based research into gambling addicts) | A successful consultant has been identified pending contract signing |
| Licenses issued | The Board has received 103 principal license applications of which 83 have been reviewed and approved. 20 are still under review. The Board also received a total of 1210 special employee applications of which only 124 were approved and the remaining ones were not due to pending submission of licensing requirements. |

# VOTE: 124 Equal Opportunities Commission

Quarter 2

## Performance highlights for the Quarter

The Commission assessed all 18 Programmes for compliance with Gender and Equity (G&E) requirements in the FY 2026/27 Budget Framework Papers (BFPs). The overall average compliance level was 61.2 percent, indicating moderate progress in mainstreaming gender and equity considerations. Importantly, all Programme BFPs scored above the minimum benchmark of 50 percent, demonstrating general adherence to G&E standards.

The Report on the State of Equal Opportunities in Uganda was officially launched on 4th November 2025 at Hotel Africana under the theme “Inclusive Service Delivery for Sustainable and Equitable Development.” The launch attracted a diverse range of stakeholders, including Civil Society Organisations (CSOs), District Local Governments (DLGs), Ministries, Departments and Agencies (MDAs), Faith-Based Organisations (FBOs), and political leaders. This broad participation significantly enhanced the visibility, dissemination, and uptake of the report findings, and strengthened stakeholder ownership of the Commission’s equal opportunities agenda.

During the reporting period, 40 cases were concluded through judgments, referrals, withdrawals, dismissals, and settlements, contributing to a reduction in the case backlog. The planned 10 tribunal circuits, were implemented through multiple sessions per circuit, reflecting the volume and complexity of cases across the respective regions.

The Commission conducted two trainings in Kasese and Ssembabule Districts for leaders of ethnic minority groups, youth, and Parish Chiefs, and held one stakeholder engagement in Kasese District with ethnic minority leaders and regional stakeholders from the Rwenzori Sub-region. These interventions enhanced awareness and strengthened capacity for inclusive programme implementation, particularly for ethnic minority communities and other vulnerable groups, in relation to the Parish Development Model (PDM) and other Government programmes.

## Variances and Challenges

Delayed Release of Funds

Late disbursement of funds for field operations adversely affected the timely execution of planned interventions. As a result, several field missions, community outreaches, and stakeholder engagements were deferred to subsequent quarters due to cash-flow constraints, leading to implementation backlogs.

Transport and Logistics Constraints

Implementation was further affected by limited access to reliable transport. Challenges included an inadequate fleet of functional vehicles, delays in routine maintenance, and rising fuel costs. These constraints hindered timely supervision, monitoring, and follow-up of field activities, especially in hard-to-reach districts.

Inadequate Staffing Levels

Persistent staffing gaps in some departments and regional offices resulted in increased workload for available officers. This affected the timeliness of report preparation, data analysis, and submission of planned deliverables within the prescribed reporting timelines.

Delayed Feedback from Stakeholders

Engagements with partner MDAs, Local Governments, and CSOs were occasionally slowed by delayed responses to official correspondence and requests for information. This affected evidence consolidation for reports, coordination of joint activities, and timely follow-up on policy and legislative actions.

| 200 complaints from Youth, women, men, ethnic minorities, PWDS, and older persons from central, western, eastern and northern regions received and registered | 208 cases from Youth, women, men, ethnic minorities, PWDS, and older persons from central, western, eastern and northern regions received and registered. | |
| 10 tribunals and ADR hearing sessions conducted in Central, Northern region, Eastern and Western region of Uganda and 25 complaints resolved | 40 cases were concluded through Judgments, Referrals, withdrawal, dismissals, and settlements, which contributed to the reduction of case backlog. | The over performance from the planned 10 tribunal sessions to 66 sessions during the quarter 1 for instance, arose from a misstatement in the original work plan, where “10 tribunal circuits per quarter” was erroneously recorded as “10 tribunal sessions.” Each circuit typically comprises multiple sessions depending on the number and complexity of cases scheduled in the respective regions.<br><br>That notwithstanding, during the reporting period, the Commission undertook an intensive case backlog reduction initiative aimed at expediting access to justice for complainants and ensuring timely disposal of matters. This resulted in the conduct of 66 sessions under the 10 planned tribunal circuits. The high number of sessions reflects the actual operational intensity of each circuit |

# VOTE: 125 National Animal Genetic Resource Centre and Data Bank (NAGRC&DB)

Quarter 2

## Performance highlights for the Quarter

1. As a special intervention to boost livestock breeding and production in Busoga sub region and consequently contribute to the PDM and NRM Manifesto aspirations, the agency in conjunction with OWC distributed 50,000 rainbow rooster chicks, 185 breeding kasolwe brown goats, 20 breeding jersey bulls, 134 breeding pigs (large race and large white), 67,139kg of napier fodder to Busoga farmers through Kasolwe stock farm.

2. By end Q2, the agency had restocked selected government farms (Ruhengyere, Sanga and Rubona) with 249 high quality and resilient Holstein friesians and Ayrshires for mass cross breeding and multiplication, to avail high yielding farmer preferred animal breeding stocks to Parish Development Model (PDM) farmers across country

3. The agency continued with the establishment of livestock breeding, production and multiplication centre in Bukedea to serve the greater Teso sub region. This centre of excellence will avail beef and dairy cattle, poultry, pigs and fish stocks. It will also act as a skilling centre for better animal husbandry practices

## Variances and Challenges

i) Generally, the budget implementation of the FY2025/26 came in when the agency had just experienced severe budget cuts i.e from the budget of UGX 72.84 bn in 2023/24 to UGX 39.04 bn in FY 2024/25. This severe drop in the agency’s budget in the previous FY is still hindering the smooth budget implementation of the FY2025/26 due to the nature of the agency’s activities i.e management of the cultivated assets whose demands are close to those of human beings. This has been worsened by the fact that the approved and verified budget for arrears (UGX34.09 bn) has not been released yet

ii) The demand for high-performing animal seed is ever-increasing due to the fact that farmers continue to access PDM funds meant to acquire inputs such as poultry and piglets. The agency being the chief government breeder and the most reliable source of animal breeding stock continues to experience an overwhelming demand beyond its production capacity due to limited funds to massively breed, multiply and avail such inputs to PDM farmers. This skyrocketing demand for inputs calls for sufficient funding of the agency

iii) Successful livestock breeding goes with nutrition and for the government farms and ranches to sufficiently meet nutrition requirements, there is need to heavily mechanize production. However, shortage of farm machinery and equipment has greatly hindered mass animal feed production on government farms and ranches

iv) The agency has been experiencing public outcry as a result of the continuous breakdown of liquid nitrogen plants in Entebbe, Mbarara and Buikwe due to some old parts that require costly replacement. This challenge has been crippling the production of liquid nitrogen that is very critical in livestock breeding and production

v) Mass encroachment on government farms and ranches continues to cripple the agency’s livestock breeding and production efforts

| 1. Production of animal feeds on 3,200 acres of Government farms and ranches; - bush clearing, tillage, procure seeds (maize, sorghum, chloris Gayana, lab lab) for planting, procure pesticides and herbicides, procure fertilizers, conduct weeding, harvesting of animal feeds, ploughing and harrowing 2. Hay and silage making on Government farms and ranches 3. Procure assorted animal feed processing ingredients for Kasolwe animal feed mill 4. Establish two (2) animal feed storage facilities on government farms and ranches 5. Establish one (1) mini animal feed processing plant at Wakiso | 1. A total of 3,892 acres were bush cleared for animal feed production on Government farms and ranches (Nshaara, Rubona, Kasolwe, LES, Aswa)<br>2. A total of 102 MT of compounded animal feeds (for pigs, fish, dairy supplements) were processed at Kasolwe feed mill. More than half of the feeds processed were consumed internally by government livestock<br>3. Made over 342 hay bales at Nshaara to mitigate problems associated with dry season feeding<br>4. Procured animal feed ingredients for animal feed processing | Inadequate farm machinery and equipment has continued to affect mechanized animal feed production |

| Outputs Planned in Quarter | Actual Outputs Achieved in Quarter | Reasons for Variation in performance |
|---|---|---|
| **Project:1325 NAGRC Strategic Intervention for Animal Genetics Improvement Project** | | |
| **PIAP Output: 01111103 Production of quality seed increased** | | |
| **Programme Intervention: 011111 Produce, multiply and distribute quality seed and inputs (particularly for priority commodities)** | | |
| 1. Procure high yielding cattle breeding stock for multiplication and availing to farmers country wide (Brahman, Gilorando, Ankole, Zebu, Angus, Boran, Sahiwal, Simmental, Holstein-Friesians, Ayrshire)<br>2. Continue with the establishment of a livestock breeding, production and multiplication centre in Eastern Uganda to improve the quality of livestock genetics in the region<br>3. Establishment of the livestock breeding, production and multiplication support infrastructure in Nshaara<br>4. Maintenance of liquid nitrogen plants at bull stud, MBAZARDI and Njeru 5. Procure seven (7) pig breeding stock (land lace, large white, duroc) for multiplication and availing to farmers country wide 6. Conduct Artificial insemination (AI) and synchronization trainings on and off government farms and ranches for genetic improvement under PDM 7. Undertake diagnosis and treatment of animal diseases and surgeries on Government farms and ranches<br>8. Facilitation to community-based breeding team to support the PDM 9. Monthly fish management (assessment, sorting etc) 10. Community outreach to support farmers in fish breeding, production and management technologies<br>11. Procure assorted fish feeds (starter, grower1) 12. Procure poultry feeds for Government farms and ranches 13. Disease surveillance and profiling on Government farms and ranches<br>14. Vaccination of livestock on Government farms and ranches 15. Conduct Assisted Reproductive Technology Activities/MOET 16. Service and maintenance of semen evaluation laboratory equipment | 1. Continued with the establishment of livestock improvement centre in Bukedea. A fully titled land has already been acquired and mapped for robust livestock support infrastructure development<br>2. The agency restocked selected government farms (Ruhengyere, Sanga and Rubona) with 165 high quality and resilient Holstein friesians and Ayrshires for mass cross breeding and multiplication<br>3. Procured veterinary assorted drugs, vaccines and consumables for livestock on Government farms and ranches<br>4. The agency distributed 20 jersey bulls, 185 breeding kasolwe goats, 134 pigs, 50,000 rainbow rooster chicks and 67,139kg of napier fodder to Busoga farmers<br>5. Produced 32,776 doses of semen and 29,069 litres of liquid nitrogen<br>6. Conducted community based breeding and outreach activities in which a total 875 heads of cattle were inseminated and this benefited 66 farmers across the country<br>7. Carried out routine animal curative and preventive treatments such as treatment of sick animals | Chronic breakdown of liquid nitrogen plants has continuously affected liquid nitrogen production. Most costly parts are worn out and require replacement |

## Quarter 2: Cumulative Outputs and Expenditure by End of Quarter

| Annual Planned Outputs | Cumulative Outputs Achieved by End of Quarter |
|---|---|
| **Programme:01 Agro-Industrialization** | |
| **Vote Function:01 Breeding and Genetic Improvement** | |
| *Departments* | |
| **Department:002 Finance and Administration** | |
| **Key Service Area:000005 Human Resource Management** | |
| **PIAP Output: 01611102 Human resource management strengthened** | |
| **Programme Intervention: 016111 Improve administrative infrastructure and human resource** | |
| Enhance human resource management (payment of staff salaries and associated costs like gratuity, NSSF, medical insurance and meeting governance costs). | 1. Paid staff salaries and related benefits (Gratuity and NSSF)<br>2. Provided medical insurance to the staff<br>3. Supervised government farms and ranches across the country |
| **PIAP Output: 01612105 Financial and accounting management enhanced** | |
| **Programme Intervention: 016121 Improve policy, legal and institutional framework in agro-industry** | |
| Management of finance and administrative costs (provision of security and guard services to government ranches and other offices, payment of utility bills and stationery for office use). | 1. Paid utility bills (electricity and water) for headquarters and ranches/farms<br>2. Procured stationery for office use<br>3. Executed Board oversight activities to enhance corporate governance<br>4. Provided guard and security services to headquarters, Government farms and ranches |
| **PIAP Output: 01613104 Planning and budgeting enhanced** | |
| **Programme Intervention: 016131 Strengthen planning, coordination, monitoring and evaluation** | |
| Strengthen planning, budgeting and coordination function for successful implementation of agro industrialization programme implementation action plans (prepare four (4) quarterly progress reports, prepare one (1) BFP and one (1) MPS etc. | 1. Prepared the Budget framework Paper for the FY 2026/27<br>2. Prepared Q1 and Q2 FY2025/26 progress reports<br>3. Coordinated the implementation of the planned interventions plus various planning and policy engagements with in Agro industrialization programme |

**Cumulative Expenditures made by the End of the Quarter to Deliver Cumulative Outputs** *UShs Thousand*

| Item | Spent |

| **Programme Intervention: 011161 Strengthen the agricultural extension system** | |
| Operationalization of Integrated Livestock Management Information System (herding recording and system monitoring). Developing a NAGRC Artificial Insemination (AI) mobile data collection application and skilling AI technicians on the use of the app. | 1. Distributed a total of 7,000 ear tags and other materials to government farms and ranches to enable herd recording and management<br>2. Compiled animal numbers and dynamics on government farms and ranches<br>3. Updated breed data in FAO-DAD-IS (Domestic Animal Diversity Information System); a system in which the agency is one of the users.<br>4. Continued with training users on Integrated Livestock Management System (ILMS)<br>5. Updated NAGRC AI mobile data collection tool<br>6. Skilled a total of thirteen (13) farm managers, fifteen (15) community breeders, fourteen (14) farm record assistants on the use of Integrated Livestock Management Information System (ILMIS) on government farms and ranches<br>7. A total of 40 AI technicians who were being skilled at Ruhengyere training centre were also introduced to ILMIS to enhance data collection on herd/livestock performance across the country |

| **PIAP Output: 01111103 Production of quality seed increased** | |
| **Programme Intervention: 011111 Produce, multiply and distribute quality seed and inputs (particularly for priority commodities)** | |
| High quality breed multiplication and availing for uptake at very subsidized prices for wealth creation; mass restocking of government farms and ranches (pigs, goats, poultry parent stock, in calf heifers), fish breeding, livestock welfare management etc. | 1. Continued with the establishment of livestock improvement centre in Bukedea- Eastern Uganda. A fully titled land has already been acquired and mapped for robust livestock support infrastructure development<br>2. Restocked government farms (Ruhengyere, Sanga and Rubona) with 249 high quality and resilient Holstein friesians and Ayrshires for mass cross breeding and multiplication<br>3. Distributed 20 jersey bulls, 185 kasolwe brown goats, 134 pigs, 50,000 chicks and 67,139kg of napier fodder to Busoga farmers<br>4. Trained a total of 40 AI technicians at Ruhengyere training center<br>5. A total of 56,296 doses of semen and 49,725 litres of liquid nitrogen were produced and distributed<br>6. Conducted community based breeding and outreach activities in which a total of 2,034 heads of cattle were inseminated and this benefited 215 farmers across the country<br>7. Carried out routine animal curative and preventive treatments such as treatment of sick animals |

| Number of government services automated | Number | 7 | 4 |
| Number of government e-services enabled for digital signatures. | Number | 5 | 0 |

# VOTE: 126 National Information Technologies Authority

Quarter 2

## Performance highlights for the Quarter

TECHNICAL SERVICES

1. NBI expansion continued under Phase 5, with civil works resulting in the installation of 15,535 concrete poles across 21 routes in the Eastern, Central, Northern, and Western regions.
2. Within Q2, hauling of aerial fibre optic cable commenced with 401.8 km installed along 08 NBI routes.
3. During this period, NBI Transport Network Equipment was delivered and installed at 30 transmission stations, with power system upgrades completed at 25 sites to support the new equipment. This upgrade increased core ring capacity from 40G to 100G.
4. Under NBI Phase 5, construction of the superstructure and installation of equipment for 20 new transmission sites were completed by the end of Q2..

E-SERVICES

1. Efforts to further automate government processes continued during this reporting period with four (04) entities supported to automate their processes.
2. During this quarter MSBA was renewed to ensure continued provision of services to Government entities utilising microsoft services and oracle.
3. To support the dissemination of government services online, NITA-U developed one (01) additional website for Namumpa Morals Initiative (NMI) and revamped two (02) other websites for Bugweri District Local Government.
4. In Q2, about 25 million messages were sent through the SMS gateway platform, mainly from NWSC (10 million), NIRA (7.5 million), and the Ministry of Health (7 million).

INFORMATION SECURITY

1. In the first half of FY 2025/26, NITA U conducted routine cybersecurity monitoring of e services and issued six CERT advisories and alerts to support proactive cyber defense for MDAs and other users.
2. During Q2, thirty-one (31) sessions were conducted to enhance public awareness on cybersecurity, bringing the total number of sessions within the first half of the financial year to thirty-nine (39).
3. Technical support was provided to a total of twenty-six (26) MDAs on a range of areas, including malware prevention, website defacement, etc.

## Variances and Challenges

# VOTE: 126 National Information Technologies Authority

Quarter 2

Challenges

1. Inadequate consolidation of ICT services budget under NITA-U which is not sufficient to cater for the increasing ICT needs from Government entities connected on the NBI.
2. Some of the MDA systems to be integrated into the Integration and Data sharing Platform (UgHub) do not have Application Programming Interfaces (APIs) developed, which has hindered the rollout of the platform.
3. Prolonged halting of project deliverables due to project restructuring.
4. Fiber Damages.

Proposed Mitigations

1. Continue to engage MOFPED through the MoICT&NG to provide additional budget to match the ICT needs from the entities connected to the NBI.
2. Continue engaging MDAs to plan for the Application Programming Interfaces (APIs) for their respective systems for ease of integration onto the platform to share data.
3. Establish protected infrastructure corridors to safeguard critical assets, prioritizing underground cable deployments to reduce exposure to environmental and human risks.
4. Proactively engage the World Bank and MoFPED through the MoICT&NG to ensure project deliverables are reinstated and that the project extension is granted.

Quarter 2

| Outputs Planned in Quarter | Actual Outputs Achieved in Quarter | Reasons for Variation in performance |
|---|---|---|
| **PIAP Output: 11050202 Joint program initiatives implemented** | | |
| **Programme Intervention: 115112 Review, develop and implement appropriate policies, strategies, standards and regulations that respond to industry needs** | | |
| 1. Joint field visits to inspect NBI and e-services investments and performance during the FY. | Three joint monitoring field visits were conducted to ensure proper implementation of IT infrastructure projects. these joint visits included participation from MoICT&NG, MoFPED, and NPA. | Performance on track. |
| Inception report for the NITA-U Strategic Plan from the consultant reviewed and approved . Stakeholder engagement through workshops to attain input towards the development of the strategic plan | The hard-copy version of the NITA-U Strategic Plan was developed and approved. The procurement process to acquire professional services for the design and printing of the plan is currently ongoing. In addition, efforts to digitize the tracking of the results framework are underway, with the procurement process at the financial evaluation stage and expected to be finalized in Q3. | No variation registered performance on track. |
| 1. Training needs of staff identified. 2. Staff facilitated to participate in at least one(1) professional training. 3. Subscribe to one (1) knowledge body. | One staff member has been trained in designing digital services for impact the rest of the training sessions are scheduled to happen in the subsequent quarters. | No variation registered performance on track. |
| Data collected in line with the identified surveys | A Service Desk customer satisfaction survey was conducted, and the resulting report was produced and disseminated. Subsequently, concept notes for NITA-U services satisfaction surveys covering UMCS, UGhub, Internet, Data Centre, and IT Certification services were developed and submitted for approval and implementation in subsequent quarters. | No variation registered performance on track. |
| Survey monkey deployed as a data collection tool for planned IT surveys | The payment request was raised, and processing of the SurveyMonkey subscription payment is underway. The payment is scheduled to be completed in Q3. | No variation registered performance on track. |
| Budget consultation views incorporated into the NITA-U BFP budget. | Budget consultation inputs from the regional budget workshops were received, addressed, and incorporated into the institutional Budget Framework Paper (BFP). | No variation registered performance on track. |
| Program (DTP & PSTP) engagements | Program engagements were conducted to identify resource requirements and targets to inform the preparation of the Budget Framework Paper (BFP). Subsequently, the NITA-U BFP for FY 2026/27 was prepared and approved by Management, the Board, the DTP PWG, and the MoFPED. | No variation registered performance on track. |

Quarter 2

| Outputs Planned in Quarter | Actual Outputs Achieved in Quarter | Reasons for Variation in performance |
|---|---|---|
| **PIAP Output: 11211102 Digital shared services deployed across MDAs and LGs** | | |
| **Programme Intervention: 112111 Digitalize government services** | | |
| Service desk guidelines updated. Service desk agents trained in incident response. | During Q2, the Service Delivery department handled a total of 1,731 tickets, reflecting sustained demand for NITA-U ICT support services. Of these, 1,656 tickets were successfully resolved, demonstrating strong performance in issue resolution and operational responsiveness. At the close of the quarter, 40 tickets remained in progress, while 35 tickets were still open, largely attributable to ongoing investigations, dependencies on third-party inputs, or pending user feedback. Overall, the high-ticket closure rate indicates effective service delivery and a commitment to timely support. This performance is attributed to the capacity building of service desk agents during Q1. | No variation registered performance on track. |
| Requirements gathering and business process flow conducted for the two identified entities. | Two entities NEMA and the CEO Forum were identified for onboarding. The platform has since undergone upgrades, with NEMA successfully scoping, developing, and deploying additional modules such as the Travel and Out-of-Office modules. Development of the E-Doc platform for the CEO Forum is currently at 70%, focusing on key modules including CEO Registration and Reporting. To support platform adoption, CEO Forum staff received training on module usage in November 2025. The next step is User Acceptance Testing (UAT), which is scheduled for the next quarter. | No variation registered performance on track. |
| 1. UG-Pass solution rolled out with 3 additional applications. 2. User acceptance testing and issuance of completion certificate conducted. | During the quarter, UGPASS was successfully integrated and rolled out to the following entity applications:<br>1. National Housing and Construction Company (NHCC) – Application Processing System (APS)<br>2. Engineers Registration Board (ERB) – Engineers Registration Portal | No variation registered performance on track. |
| Reports on Issue resolution, systems updates developed and approved. | In an effort to improve and maintain UMCS, the decommissioning of the Bitrix application is being carried out in a phased approach. | No variation registered performance on track. |

| **Programme Intervention: 114111 Implement and enforce of the Data protection and privacy act and its regulations** | |
| Guidelines and frameworks under the Data Protection and Privacy Act developed. | The contract was signed, and the developer was onboarded to begin developing the foundational outputs required to inform the formulation of ten (10) standards, including Data Breach Notification, Lawful Processing, Data Privacy by Design and Default, and Exemptions from Registration. To commence the development of the Guidelines and Frameworks, the Literature Review Report, Stakeholder Consultation Report, and Benchmarking Reports were completed and approved. |
| Data Protection and Privacy audit and inspection manual developed and in use. | To initiate the development of the audit and inspection manuals, the inception report and literature review report were produced and approved, leading to the formulation of ICT security policies aligned with the ISO/IEC 27001 standard. In addition, the draft audit and inspection manual has been developed. |
| Three standards for personal data protection and privacy developed and gazetted | The contract was signed, and the developer was onboarded to begin developing the standards. To date, the foundational outputs informing the development of the two standards ISO/IEC 27001 and ISO/IEC 27701 have been completed and approved, including the Literature Review Report, Stakeholder Consultation Report, and Benchmarking Report. |
| Data Protection and Privacy capacity building program for Justice, Law, and Order Sector, Health sector, Gaming and Betting industry, Financial sector, Telecom sector, Local ICT businesses, NGOs, MoICT & NG, PDPO staff and board members developed | No progress registered during the quarter |
| PDPO system functionality upgraded/enhanced | The system design proposal document was developed and submitted to support the planned system upgrade. Currently, 65% of the system has been developed and is undergoing user testing. Additionally, the look-and-feel and user interface designs were reviewed, and recommendations for improvements were provided for incorporation during the testing phase |

# VOTE: 126 National Information Technologies Authority

Quarter 2

| Annual Planned Outputs | Cumulative Outputs Achieved by End of Quarter |
|---|---|
| **PIAP Output: 11411101 Updated data protection and privacy register** | |
| **Programme Intervention: 114111 Implement and enforce of the Data protection and privacy act and its regulations** | |
| Codes of practice for three selected sectors (Financial sector, ICT sector, and civil society) developed and disseminated. | No progress was registered during this quarter as the activity is among the project components that were put on hold as part of the ongoing project restructuring. |
| **PIAP Output: 11411102 Data protection and privacy act and its regulation enforced** | |
| **Programme Intervention: 114111 Implement and enforce of the Data protection and privacy act and its regulations** | |
| Subscriptions to four (4) professional bodies effected. | Secured approval for funding to effect/renew mandatory subscriptions for the following three (3) bodies:<br>(i) Uganda Law Society<br>(ii) East African Law Society<br>(iii) ISACA<br>Renewal of subscription to the International Association of Privacy Professionals (IAPP) to be effected in Q3. |
| 50% of complaints and breaches handled using the PDPO investigations manual | Cumulatively, 44% of all complaints (27 out of 62 cases) have been resolved or closed using the audit manual. |
| Three (3) PDPO STaff capacity enhanced. | One staff i.e. Manager Licensing and Legal Affairs, was enrolled for Securiti's Certificate Programme on Modern Approaches to Data and AI Security. |
| A plan to guide the implementation of three (3) (North, east and west) regional compliance clinics developed and implemented. | A plan guiding the implementation of the regional compliance clinics was developed and approved. To further advance the process, concept notes were also developed, and the clinics are scheduled to take place in Q3. |
| Develop and maintain a national register of data collectors, controllers and processors | Cumulatively, 1,244 data collectors, controllers, and processors were registered. In addition, 503 of the existing data controllers and collectors renewed their certificates. These achievements generated a total of UGX 196,150,000 in Non-Tax Revenue (NTR). |

Quarter 2

| Annual Planned Outputs | Cumulative Outputs Achieved by End of Quarter |
|---|---|
| **PIAP Output: 11211102 Digital shared services deployed across MDAs and LGs** | |
| **Programme Intervention: 112111 Digitalize government services** | |
| Established IT Service Desk maintained to increase the uptake usage of e-services | During Q2, the Service Delivery department handled a total of 1,731 tickets, reflecting sustained demand for NITA-U ICT support services. Of these, 1,656 tickets were successfully resolved, demonstrating strong performance in issue resolution and operational responsiveness. At the close of the quarter, 40 tickets remained in progress, while 35 tickets were still open, largely attributable to ongoing investigations, dependencies on third-party inputs, or pending user feedback. Overall, the high-ticket closure rate indicates effective service delivery and a commitment to timely support. This performance is attributed to the capacity building of service desk agents during Q1. |
| Customise and rollout the electronic document application to 2 MDAs/LG | Two entities NEMA and the CEO Forum were identified for onboarding. The platform has since undergone upgrades, with NEMA successfully scoping, developing, and deploying additional modules such as the Travel and Out-of-Office modules. Development of the E-Doc platform for the CEO Forum is currently at 70%, focusing on key modules including CEO Registration and Reporting. To support platform adoption, CEO Forum staff received training on module usage in November 2025. The next step is User Acceptance Testing (UAT), which is scheduled for the next quarter. |
| DAEs solution (UGPASS) scaled with 15 additional enhancements to enable the hosting of additional 15 applications from the identified entities. | During the quarter, UGPASS was successfully integrated and rolled out to the following entity applications:<br>1. National Housing and Construction Company (NHCC) – Application Processing System (APS)<br>2. Engineers Registration Board (ERB) – Engineers Registration Portal |
| Unified Messaging collaboration System (UMCS) maintained and supported to efficiently deliver the service in the additional 150 MDA/LGs with 50,000 users in which it was rolled out. | In an effort to improve and maintain UMCS, the decommissioning of the Bitrix application is being carried out in a phased approach. |
| Data exchange and Integration Platform (Ug-Hub) enhanced and twenty services onboarded onto the platform. | The upgrade of the UGhub platform commenced to enable the onboarding of the e-Citizens Portal. During Q2, a total of 13,530,995 transactions were processed through UGhub, bringing the cumulative count for FY 2025/26 to 26,457,926 transactions. Overall, the platform has processed 212,269,997 transactions to date |

# VOTE: 127 Uganda Virus Research Institute (UVRI)

Quarter 2

## Performance highlights for the Quarter

*Prevalence of pre-treatment and acquired HIV drug resistance determined in the 16 health regions in the country (Regional Referral Hospitals, RRH)
*Conducted Quarterly External Quality Assurance (EQA) materials for HIV rapid testing. Panels were prepared and distributed to all participating sites.
*Viral disease outbreaks among the public of all ages across the country responded to and managed in Arua sentinel sites .
*Did laboratory kit evaluation for;
• The Abbott Early detect kit
• The Kwik test HIV
• The Liferiver Mpox PCR kit.
• Combo test kits from Premier diagnostics.
All these were finalized and reports sent of MOH and the lab evaluation for the Abbott Hepatitis B and Syphilis combo test kit is ongoing.
* Influenza Surveillance was carried out in 14 ILI sites and 9 SARI including – Kiswa, Kitebi, Nsambya, Entebbe, Tororo, Fort Portal, Mukono, Kibuli, Ludara, Kiryandongo, Koboko, Arua, and Mbarara hospitals.
*Conducted Laboratory surveillance of Acute Flaccid paralysis (AFP) among children, female and male across the country.
*Received measles specimen from both suspected outbreaks and case based. These were investigated as case-based surveillance and others investigated as suspected measles outbreaks.
*Conducted regional screening of bacterial endosymbionts, pathogenic.
*Continued with the assessment of Knowledge, Attitude and Practices (KAP) towards
exclusive breastfeeding amongst HIV positive and HIV negative women attending infant-mother pair health services at UVRI Clinic.
*Conducted assessments of Infant Mortality among children born of HIV positive
mothers compared to HIV negative Mothers in the era of standard MTCT
Program in Rakai Southwest Uganda.
*Viral disease epidemic investigated to identify immune markers of protection relevant for designing interventions in epidemics (Mpox, Ebola Sudan, Rift Valley & any other viral diseases.

## Variances and Challenges

# VOTE: 127 Uganda Virus Research Institute (UVRI)

Quarter 2

By the end of Q2, the vote had received 4.363 billion, representing 46.7% of the institute's annual budget. These funds comprised of wages (1.953B Ugx) , and non-wage (2.410 Ugx).
Out of the received funds, the institute spent 2.809 billion (30.1%) of which 1.173 billion (30%) was wage and 1.636 billion as non wage. The biggest recipient was human resource mainly because of the budgets of salaries and pension, followed by Support services because operational activities like payment for utilities, O&M, including servicing the fleet and fuels for cars and generator. The least recipients were the three cross cutting issued of HIV/AIDS, climate mitigation and climate adaption.

Challenges.
The vote challenges never change much and are ALMOST revolving year in year out as below:
A small non wage budget of which above 70% of it is used to pay utilities and as thus inadequate to facilitate scientists to efficiently meet the vote's mandate.
Under staffing is still a big challenge as ALWAYS highlighted in the OAG reports FY 2023/24 2024/25. Only 36% of the vote's staff structure is filled.
Absence of the Institutional Development Budget which has greatly undermined the efficiency of staff.
The infrastructure is very old and dilapidated worsened by the asbestos sheets.
The vote land is continuously being encroached and squatters need to urgently be compensated.
The 500kva generator has become more of a liability to the institute. Whenever it runs for a day, approximately UGX 5 million is spent.

# VOTE: 128 Uganda National Examination Board (UNEB)

Quarter 2

## Performance highlights for the Quarter

• 817,883 PLE candidates were examined
• 598,558 (166,395 UACE) Secondary Candidates examined
• 12 marking centres hired for PLE
• 23 marking venues hired for secondary (8 UACE).
• 20 committee meetings and 3 top management meetings held.
• NTR collection by end of Q2 was UGX 29.563bn.
• The Board received a self-financing supplementary budget of UGX 28.5bn.

## Variances and Challenges

i) Rains disrupting smooth distribution of examination materials especially to hard to reach areas
ii) Examination mal-practices and fraud perpetuated by school directors, head teachers and education officials affected the conduct of examinations across all levels

# VOTE: 129 Financial Intelligence Authority (FIA)

Quarter 2

## Performance highlights for the Quarter

1) FIA registered 48 Accountable Persons, bringing the total cumulative number of registrations to 1,869 entities and, 10,286 reports received through the goAML system during the period under reviews.
2) FIA finalized 06 risk-based onsite inspections to ascertain adequacy of internal controls, identify potential risks and vulnerabilities, and inform corrective action.
3) 6 Risk Assessment Reports and 3 Independent Audit Reports were reviewed to identify vulnerabilities and control deficiencies highlighted therein.
4) FIA conducted 10 targeted trainings for various accountable persons, supervisory bodies and law enforcement agencies, that enhanced capacity of 1,375 participants (643 female and 732 male) on their obligations and ML/TF/PF crimes.
5) FIA responded to 21 of the 38 requests for information from different LEAs and Competent Authorities.
6) FIA generated and disseminated 29 intelligence information reports (5 of these were related to TF).
7) The Second AML/CFT National Strategy for Uganda (covering the 2025/26-2029/30 period) was finalized and approved by the National AML/CFT Task Force.
8) The Authority finalized 50% requests (1 of the 2 requests received) for Financial Due Diligence (background and credibility checks).
9) The Authority enhanced capacity of 15 staff in pertinent technical areas across departments in line with the FIA Training plan.
10) 10 positive articles were published in the media on FIA Mandate and Functions and AML/CFT/CPF matters, and enhanced capacity of 50 journalists on AML/CFT/CPF matters/peculiarities for enhanced reporting.
11) Finalized the FIA BFP for FY 2026/27 and the FIA Service Delivery Standards covering the FY 2025/26-2029/30 period, and contributed to the Governance and Security BFP for FY 2026/27.
12) FIA coordinated 02 meetings of the National AML/CFT Taskforce which approved, among others the Regulatory Impact Assessment for the amendment of the AMLA Cap 118 and the 2nd National AML/CFT Strategy for Uganda.

## Variances and Challenges

1) Gaps in the AML/CFT/CPF legal and regulatory framework limiting the sufficient execution of required regulatory and supervisory interventions.
2) Lack of prioritization of AML/CFT/CPF strategic actions by stakeholders in the AML/CFT/CPF value chain ranging from prevention, detection, investigation, prosecution, deterrence, and confiscation.
3) Limited AML/CFT/CPF knowledge and skills of Law Enforcement Agencies and Competent Authorities to investigate ML/TF/PF crimes given the complexities, and ever-evolving trends of financial crime.
4) Existence of a large informal sector/ cash-based economy making it hard to trace the financial transactions.
5) Existence of a long porous border causing significant challenges in the declaration of cash and bearer negotiable instruments.

# VOTE: 130 Treasury Operations

Quarter 2

## Performance highlights for the Quarter

Processed 287 loan withdraw applications for various projects amounting to Ugx 1.89tn within 5 working days of receipt, ensuring all required supporting documents are complete.

Processed invoices for domestic debt obligations (reimbursements to Bank of Uganda) to the tune of Ugx 7.741tn worth of claims within 5 working days.

Processed invoices for external debt payment (Principal, Interest, Commitment & Mgt fees) within 5 working days of receipt of bills from creditors amounting to Ugx. 1.371tn.

Prepared half year Financial statements for TOP and Contingencies Fund for the period ended 31 December 2025.

Processed payment of Ugx 141.4bn to verified claimants of compensations and court awards as per the respective MoUs.

## Variances and Challenges

Unspent balances resulting from loans in pipeline. These will eventually materialize during the subsequent period and absorption shall be achieved.

Quarter 2

**Table V1.3: High Unspent Balances and Over-Expenditure in the Approved Budget (Ushs Bn)**

| | | |
|---|---|---|
| ***(i) Major unspent balances*** | | |
| **Departments , Projects** | | |
| **Programme:16 Governance and Security** | | |
| **Vote Function:01 External Audit Services** | | |
| **0.517** | Bn Shs | Department : 002 Central Government One |
| | Reason: Unspent balances are attributed to the fact that some audits were still in progress at the time of reporting. These mainly consist of audits of classified expenditure, VFM studies and treasury memoranda verifications. | |
| ***Items*** | | |
| **0.227** | UShs | 211106 Allowances (Incl. Casuals, Temporary, sitting allowances) |
| | | Reason: Variation in expenditure is due to audits that are still on - going at the time of reporting. These balances shall be spent in subsequent quarters. |
| **0.290** | UShs | 227001 Travel inland |
| | | Reason: Observed fund balances were caused by pending completion of some audits, which shall be completed in the second half of the FY. As such, these funds remained unspent, and shall be utilized in Q3 and Q4. |
| **0.751** | Bn Shs | Department : 003 Central Government Two |
| | Reason: Unspent balances as at the end of the quarter are attributed to the fact several audit activities that were planned to be completed by the end of Q2 are still in progress at the time of reporting. These funds shall be utilized in subsequent quarters as the on - going audits are completed. | |
| ***Items*** | | |
| **0.369** | UShs | 211106 Allowances (Incl. Casuals, Temporary, sitting allowances) |
| | | Reason: Observed balances on this item are directly linked to the audits which are still in progress. These unspent monies shall be spent in the third and fourth quarters upon completion of pending audit engagements. |
| **0.383** | UShs | 227001 Travel inland |
| | | Reason: Variation in expenditure is due to delays in completing audits, and as such these funds remained unspent by the end of the reporting period. These balances shall be spent in subsequent quarters. |
| **0.249** | Bn Shs | Department : 005 Forensic Investigations and Special Audits |
| | Reason: Unspent balances are directly attributed to delays in completing audits, which implies that some audits are still on - going at the time of reporting . These audits shall be completed in the third quarter, and these fund balances shall be consumed accordingly. | |
| ***Items*** | | |
| **0.137** | UShs | 211106 Allowances (Incl. Casuals, Temporary, sitting allowances) |

# VOTE: 131 Office of the Auditor General (OAG)

Quarter 2

***(i) Major unspent balances***

**Departments , Projects**

**Programme:16 Governance and Security**

**Vote Function:01 External Audit Services**

| | | |
|---|---|---|
| | | Reason: Delays in commencing audits due to staff participation in the audit of backlog audits of lower local governments and schools culminated in the observed fund balances. |
| **0.112** | UShs | 227001 Travel inland |
| | | Reason: Variation in spending during the quarter is directly attributed to planned audits which are still in progress at the time of reporting. These balances shall be utilized alongside completion of on - going audits. |

**Vote Function:02 Support to Audit services**

| | | |
|---|---|---|
| **5.907** | Bn Shs | Department : 001 Corporate and Technical Support Services |
| | | Reason: Observed balances are mainly attributed to delays in receiving invoices and processing of payments. In addition, deferred activities also contributed to the unspent balances by the end of the second quarter. The necessary procedures are being instituted in order to ensure timely utilization of these monies in the second half of the FY. |

***Items***

| | | |
|---|---|---|
| **1.721** | UShs | 227002 Travel abroad |
| | | Reason: Variation in expenditure on this item is specifically attributed to deferment of activities that will utilize this budget line. This rescheduling mainly applied to capacity building activities and international obligations, which shall be undertaken in the second half of the FY. |
| **0.499** | UShs | 228002 Maintenance-Transport Equipment |
| | | Reason: Balances on this line item arose from delayed processing of payments to service providers. These monies shall be spent in the third and fourth quarters, particularly following the extensive field work conducted during audits in the second quarter. |
| **0.504** | UShs | 221008 Information and Communication Technology Supplies. |
| | | Reason: Delays in receiving and processing payment invoices resulted in the unspent balances observed. These balances shall be spent in subeequent quarters. |
| **0.688** | UShs | 273107 Ex-Gratia for other Retired and Serving Public Servants |
| | | Reason: Payments due to retirees were adversely affected by delayed completion of exit procedures by retiring staff. |
| **0.120** | UShs | 223002 Property Rates |
| | | Reason: Unspent balances are directly attributed to delays in receiving clarification on the amounts due. These monies shall be paid out upon resolution of the pending payment arrears. |

**Programme:18 Development Plan Implementation**

**Vote Function:01 External Audit Services**

| | | |
|---|---|---|
| **0.117** | Bn Shs | Department : 001 Local Authorities |

# VOTE: 131 Office of the Auditor General (OAG)

Quarter 2

***(i) Major unspent balances***

**Departments , Projects**

**Programme:18 Development Plan Implementation**

**Vote Function:01 External Audit Services**

Reason: Variation in expenditure is attributed to the deferment of PDM SACCO investigations, as well as to the fact that VFM Audits were still in progress as of the end of the second quarter. Accordingly, these funds shall be utilized in the third quarter towards completion of the aforementioned audit engagements.

***Items***

| | | |
|---|---|---|
| **0.117** | UShs | 211106 Allowances (Incl. Casuals, Temporary, sitting allowances) |
| | | Reason: As earlier indicated, the audit activities relating to VFM studies and PDM SACCO inspections were rescheduled to the third and fourth quarters of the FY. This directly resulted in the unspent balances observed. |
| **0.056** | Bn Shs | Department : 004 Value For Money and Specialised Audits |

Reason: Observed unspent balances are a direct result of deferment of training activities to the third quarter. This was done to enable staff focus on the finalization of the Annual Report of the AG.

***Items***

| | | |
|---|---|---|
| **0.056** | UShs | 221003 Staff Training |
| | | Reason: Variation in expenditure in the form on unspent balances is due to rescheduling of planned training activities to the third and fourth quarters. |
| **0.145** | Bn Shs | Department : 005 Forensic Investigations and Special Audits |

Reason: Observed balances are attributed to delayed commencement of planned audit activities. This was due to staff involvement in the Office - wide exercise concerning the clearing of audit backlogs of lower local governments and schools. As such, some audits remained in progress by the end of the quarter.

***Items***

| | | |
|---|---|---|
| **0.145** | UShs | 227001 Travel inland |
| | | Reason: Unspent balances are due to the fact that audits are still in progress at the time of reporting. These balances shall be utilized in subsequent quarters, |

**Vote Function:02 Support to Audit services**

| | | |
|---|---|---|
| **1.151** | Bn Shs | Department : 001 Corporate and Technical Support Services |

Reason: Variation in spending culminating in under expenditure is due to the fact that activities are still in progress or are yet to start at the time of reporting. These balances shall be used in subsequent quarters.

***Items***

| | | |
|---|---|---|
| **0.217** | UShs | 227002 Travel abroad |
| | | Reason: Observed balances are due to the deferment of associated activities to the third quarter. |
| **0.054** | UShs | 211106 Allowances (Incl. Casuals, Temporary, sitting allowances) |

## Performance highlights for the Quarter

The Annual Report of the Auditor General for the Financial Year ended 30th June, 2024 was produced and submitted to Parliament by 31st December 2025 in compliance with the Public Financial Management Act, Cap 171 and the National Audit Act, Cap 170.
The Office also managed to clear backlogs in the audit of lower local governments and schools, bringing these audits up to date.
At the time of reporting, the Office had completed a total of 3,614 audits for the following: 167 MDAs including 16 audits of regional referral hospitals, 85 Statutory Authorities, 181 Projects, 15 funds, , 6 PSAs, 8 audits of classified expenditure, 196 Higher Local Government entities, 1906 Lower Local Government entities (including backlog audits), 685 schools and tertiary institutions, 24 Value For Money (VFM) Audits, 44 Forensic Investigations/ Special Audits, engineering audits on public works projects in 6 entities, 18 IT Audits, 271 treasury memoranda verification audits and 2 regional international audit.
The Office also produced and issued 2 compliance thematic audit reports.

## Variances and Challenges

During the first half of the FY, planned activities, particularly training undertakings and some planned audits relating to FY 2024/25, experienced delays in commencement, due to staff being involved on the completion of lower local government backlogs which had carried forward from the previous FY.
In addition, the non - release of projected Q1 development budget funds as well as the under release in the second quarter adversely affected implementation of planned activities relating to retooling and maintenance.

The PSA audits in particular were adversely affected by delays in receiving legal guidance to enable the PSA audits to proceed. The other pending audits were impeded by the Office's focus on clearing backlogs in the audits of LLGs and schools during the period. |

# VOTE: 132 Education Service Commission (ESC)

Quarter 2

## Performance highlights for the Quarter

1. Provided HIV/AIDs and TB care, Treatment and support services to 03 staff living with HIV/AIDs in quarter two. This was done by paying treatment allowances and providing psychosocial support to them during the quarter.
2. Organized 01 Committee meeting during quarter two.
3. Finalized the process of developing the HIV/AIDs policy.
4. Participated in 01 Commemoration of world HIV/Aids Day in Bushenyi District.
5. Planted 1,000 tree seedlings to two schools in Lwengo District. (Union Vision SS, Kyazanga and Kitovu SS).
6. Sensitized stakeholder about 2,000 students and more than 1,000 teachers during recruitment and tree planting activities.
7. Organized 01 meeting for the Committee in quarter two.
8. Paid Salary, allowances to 71 staff and pensions to 45 pensioners for the month of October to December 2025
9. Organised 34 meetings (03 FCM, 01 General staff meeting, 01 Finance and admin Department, 02 Finance Committee, 01 Training Committee, 05 Senior Management Meeting,01 Appointment Committee, 03 Disciplinary Committee, 03 Consultative meeting on tracer study, 01 HIV/AIDs Committee, 01 meeting with Enable, 09 strategic plan meeting,03 Consultative meeting with MoES).
10. Trained 07 staff in various institution of higher learning.
11. Prepared 01 procurement report for Q1 FY 2024-2025 to PPDA and MoFPED.
12. Paid gratuity to 03 member for the Commission and 01 staff who retired during quarter two FY 2025-2026.
13. Appointed 151 personnel, 113 male and 38 female
14. Confirmed 561 personnel, 363 male and 342 female
15. Granted study leave to 27 personnel, 15 male, 12 female
16. Disciplined 18 personnel, 13 males, 5 female
17. Regularized appointment of 21 personnel, 14 male, 7 female
18. Retired 5 personnel, 4 male, 1 female on medical ground
19. Redesignated 1 personnel, 1 male
20. Handled suitability cases of 51 personnel, 35 male, 16 female
21. Reinstated 4 personnel, 4 male in service
22. Verified 441 personnel, 287 male, 154 female

## Variances and Challenges

1. Most outputs depend on submission from relevant MDAs and all the submission made was handled by the Commission.
2. The Commission received supplementary 6.29Bn to recruit staff in the newly constructed schools under UGIFT program.

# VOTE: 133 Directorate of Public Prosecution (DPP)

Quarter 2

## Performance highlights for the Quarter

In the review period, ODPP performance was as follows;
Criminal Prosecutions Services
Gender, Children & Sexual offences prosecuted 1,035 Sexual offence cases and committed 1,319 cases to the High Court. General Casework prosecuted 46,708cases and sanctioned 12,232 cases. Land Crimes prosecuted and sanctioned 609 land criminal cases, handled 13 land crime cases through Prosecution-Guided Investigations. Anti-Corruption registered 2 cases in court, prosecuted 126 cases. International Crimes prosecuted 17 International crimes and TIP cases and handled 10 cases through prosecution-guided investigations. Appeals & Miscellaneous Applications prosecuted Criminal cases.

Inspection Research and Quality Assurance
Inspection and Quality Assurance inspected 44 ODPP stations and Agencies with a delegated prosecutorial function, undertaken Inspection exercise to track adherence to performance standards, 1 Field visit to sample the quality of legal opinions and mentoring of staff undertaken while Research & Training trained officers.

General Administration and Support Services
Briefs on ODPP operations & emerging areas issued out to guide prosecutions. International Cooperation processed 9 In-coming and 5 Out-going Mutual Legal Assistance request. ICT conducted refresher training conducted in stations and maintained ICT equipment. Field Operations conducted field visit on prosecutors' performance and a report prepared.

## Variances and Challenges

In execution of the budget, the ODPP notes the following; by end of quarter two, the Office of Director of Public Prosecutions received Ugx. 45.495 billion which represents 46.1%. Out of the received funds, Ugx.33.265 billion was spent representing a budget absorption rate of 73.1%. The vote received suppressed funds under capital development.

The budget suppression on Development on the work plans affected a number of outputs some of which are; renovation and construction of Regional Offices, supply of furniture to ODPP offices, procurement of transport and ICT equipment. These outputs were thus reported as zero performance.

The vote faces a challenge of staffing gap with no presence in more than 40 districts and thus there is a critical need for recruitment of prosecutors to enable adequate deployment in the districts to extend criminal prosecution services nearer to the people.

| **Programme Intervention: 190111 Strengthen human resources in the justice service delivery** | | |
| 1 Research study conducted, and report produced. | 1 Research study to establish the causes of the high rate of criminal case dismissals identified in some ODPP stations in the financial year 2025/2026 conducted, and report produced. | |
| 25 staff virtually trained on prosecutorial refresher courses and emerging crime trends. | 30 staff trained by the Office of the DPP Virtual Learning Academy. | The quarterly target was exceeded because more money was released to the academy for purposes of training. |
| 50 staff trained in short term courses in managerial and prosecutorial services. | 173 staff were trained in short terms courses. The short courses included; effective management of SGBV cases, alternative sentencing mechanisms, induction of newly recruited Office Attendants, training in Kiswahili, intelligence to evidence, management of training functions, Juvenile Justice, collection, representation and storage of Forensic evidence in sexual, gender based violence related cases among others. | The target was exceeded due to the fact that most of the staff applied for short term courses and also due to the support given by development partners (Public Interest Law Clinic, Danish Institute of Human Rights, Directorate of Forensic Evidence, United Nations Fund for Population Activities among others). |
| 10 staff trained in long term courses in prosecutorial services. | 4 staff were trained in long term courses (Staff trained were pursuing Masters of laws, Masters in peace and conflict studies and Diploma in records and information management). | The staff trained mostly applied for short term courses. |

Quarter 2

## Performance highlights for the Quarter

1.Administrative support services provided.
2.29 Health workers at U1SE, HODs and Specialists recommended to H.E the President for appointment.
3.673 Health Workers recruited based on the clearances and submissions received.
4.681 Human Resource for health decisions made.
5.Q4 Quarterly performance report prepared and submitted to MoFPED.
6.Annual Performance report FY 2024/25 prepared and submitted to parliament.
7.Final Accounts for FY 2024/25 prepared and submitted.
8.Annual Procurement report consolidated and submitted.
9.Annual recruitment report for FY 2024/25 prepared.
10.eRS regional hubs monitored and assessment report prepared.
11.Support to HIV/AIDS affected/infected staff provided
12.Updated Job Profiles on the eRS
13.Prepared External Advert No.2 of 2025 and publish it on the HSC Website and in the newspapers.
14.Carried out support supervision to 11 RRHs and 44DLGs
15.Technical guidance was provided to 15DLGs
16.Procure IT Equipment for Entebbe RR Hospital
17.Procured a Consultant to review and upgrade the Examinations and Skills Assessment System (ESA).

## Variances and Challenges

1.Inadequate office space especially due to the need for the Commission to obtain additional space for aptitude tests and social distancing while conducting oral interviews.
2.Inadequate wage to recruit staff to vacant positions in the newly approved structures with most Health Institutions having a staffing level of less than 35%.
3.High number of applicants for certain cadres e.g. Enrolled Nurse, Enrolled Midwife, Medical Laboratory Assistant that necessitates space for aptitude tests.
4.Failure to attract suitable applicants for some posts e.g. Anesthetic Officers, MOSG (ENT) and MOSG Radiology.
5. Inadequate vehicles to carry out Support Supervision and Monitoring exercises.

Quarter 2

## Performance highlights for the Quarter

• A total of 416 backlog forensic cases were analyzed and reported against a target of 225 cases.
• 452 new forensic cases were analyzed and reported against a target of 300 cases.
• 8 backlog forensic monitoring cases supporting safeguards for public health, food, and environmental safety were analyzed and reported against a target of 25 cases.
• 253 new forensic monitoring cases supporting safeguards for public health, food, and environmental safety were analyzed and reported against a target of 75 cases.
• 359 new cases of commercial, consumer, and illicit products were analyzed and reported against a target of 80 cases.
• GAL responded to 17 out of 20 court summons received during the period.
• GAL generated UGX 125,600,000 against a quarterly revenue target of UGX 162,500,000 through the provision of scientific and analytical services to the private sector and the general public

## Variances and Challenges

1. Inadequate Laboratory Reagents, Chemicals and Consumables, During the preparation of the FY 2025/2026 Budget, GAL's approved budget was reduced by UGX 1.9 billion, specifically under Classified Expenditure and Allowances. During budget execution, this reduction has significantly constrained the acquisition of essential laboratory reagents, chemicals, and consumables required for forensic and analytical testing. The Laboratory currently receives an average of approximately 150 cases per week, largely driven by increased demand for DNA analysis and pesticide residue testing to support agricultural exports in compliance with European Union regulatory requirements. Case volumes have continued to rise due to increased utilization of forensic services, as well as DGAL's accreditation and growing international recognition.
2. Inadequate Funding for Construction of the National DNA Databank Infrastructure Building, There remains a funding gap of UGX 25Bn for the FY towards the establishment and construction of the National DNA Databank Infrastructure building. This is a critical intervention for strengthening national security, improving criminal identification, and supporting intelligence-led investigations. Once operational, the databank will reduce reliance on mass arrests by enabling evidence-based identification of suspects, thereby lowering costs associated with detention, prosecution, and case management.
3. Staff Recruitment – Inadequate Staffing for Regional Laboratories, The regional laboratories remain grossly understaffed, which continues to constrain laboratory analysis, timely handling of exhibits, and service delivery across the regions. Delayed clearance for recruitment has further exacerbated this challenge, limiting the Directorate's capacity to fully operationalize regional laboratories and extend forensic services closer to users. This staffing gap affects turnaround time, quality assurance processes, and response to increasing case volumes.

| **Department:001 Criminalistics and Laboratory Services** | | |
| **Key Service Area:460052 Criminalistics and Laboratory Services** | | |
| **PIAP Output: 16030102 Equitable justice services provided** | | |
| **Programme Intervention: 160301 Enhance equitable access to justice for social economic development** | | |
| Quarter Two forensic Outreach mission to Regional Forensic laboratories to aid in analysis of cases | Forensic response to crime scenes was accelerated, reducing the response time by one day. This improvement enhances the efficiency and effectiveness of on-site evidence collection, supports timely investigations, and contributes to faster and more reliable delivery of forensic services to law enforcement and the justice system | There was no variation |
| Handwriting examination Proficiency test enrolled for and done by Questioned Documents, Receive and analyze PT samples from Forensic Assurance (Fall) by Forensic Biology Division. | Handwriting examination Proficiency test enrolled for and done by Questioned Documents.<br><br>PT samples from Forensic Assurance (Fall) by Forensic Biology Division received and analyzed | There was no variation |
| Weekly, Monthly and Quarterly Periodic performance reports prepared and submitted | Weekly, monthly, and quarterly performance reports were prepared and submitted by the Criminalistics Department. These reports facilitated continuous monitoring of departmental activities, timely identification of performance gaps, and evidence-based decision-making to improve operational efficiency and service delivery. The consistent reporting ensured accountability, enhanced coordination across units, and supported effective planning and resource utilization within the department. | There was no variation |
| 300 new forensic cases analyzed | A total of 452 new forensic cases were analyzed and reported. This demonstrates DGAL's enhanced operational capacity and commitment to timely service delivery, contributing to improved case management, evidence-based decision-making, and support for public health, safety, and justice | Effective Implementation of the DGAL Case Backlog Reduction Strategy |

Quarter 2

## Quarter 2: Cumulative Outputs and Expenditure by End of Quarter

| Annual Planned Outputs | Cumulative Outputs Achieved by End of Quarter |
|---|---|
| **Programme:16 Governance and Security** | |
| **Vote Function:01 Forensic and General Scientific Services** | |
| *Departments* | |
| **Department:001 Criminalistics and Laboratory Services** | |
| **Key Service Area:460052 Criminalistics and Laboratory Services** | |
| **PIAP Output: 16030102 Equitable justice services provided** | |
| **Programme Intervention: 160301 Enhance equitable access to justice for social economic development** | |
| Forensic response to Crime at regional laboratories strengthened through forensic outreach missions | Forensic response to crime scenes was accelerated, reducing the response time by one day. This improvement enhances the efficiency and effectiveness of on-site evidence collection, supports timely investigations, and contributes to faster and more reliable delivery of forensic services to law enforcement and the justice system |
| Quality Management System improved in Criminalistics and Laboratory Services | Quality Management System improved in Criminalistics and Laboratory Services |
| Weekly, Monthly and Quarterly Periodic performance reports prepared and submitted | Weekly, monthly, and quarterly performance reports were prepared and submitted by the Criminalistics Department. These reports facilitated continuous monitoring of departmental activities, timely identification of performance gaps, and evidence-based decision-making to improve operational efficiency and service delivery. The consistent reporting ensured accountability, enhanced coordination across units, and supported effective planning and resource utilization within the department. |
| Case management and disposal through timely analysis of 1200 received forensic cases improved | A total of 892 new forensic cases were analyzed and reported. This demonstrates DGAL's enhanced operational capacity and commitment to timely service delivery, contributing to improved case management, evidence-based decision-making, and support for public health, safety, and justice |
| Timely subscriptions and licensing done | Licensing and subscriptions were completed for professional bodies and resources, including the Association of Firearms and Toolmarks Examiners (AFTE) and relevant scientific journals. These subscriptions ensure that DGAL staff have access to the latest technical knowledge, best practices, and professional standards, thereby enhancing the quality, accuracy, and credibility of forensic analyses across all laboratories |

# VOTE: 135 Directorate of Government Analytical Laboratory (DGAL)

Quarter 2

| Annual Planned Outputs | Cumulative Outputs Achieved by End of Quarter |
|---|---|
| **PIAP Output: 16030102 Equitable justice services provided** | |
| **Programme Intervention: 160301 Enhance equitable access to justice for social economic development** | |
| Safety in the laboratories improved to facilitate efficiency in forensic analysis and reporting | Safety in the laboratories improved to facilitate efficiency in forensic analysis and reporting |
| Case backlog reduced by 900 forensic case backlog cases | 641 backlog forensic cases analyzed and reported |
| **PIAP Output: 16030201 Capacity and capability of duty bearers built** | |
| **Programme Intervention: 160302 Strengthen the justice law and order and governance service delivery systems** | |
| Analytical skills of analytical scientists to enhance efficiency in laboratory analysis improved | The Toxicology Division conducted method verification and validation for drugs of abuse using the LC-MS/MS method. This ensures the accuracy, reliability, and compliance of analytical results, strengthening the credibility of toxicology testing and supporting evidence-based forensic investigations.<br><br>The Questioned Documents and Computer Forensics Division completed verification of the OS Forensics software for creating forensic images of computer operating systems and analyzing OS data.<br><br>This enhances the Division’s capacity to perform reliable digital forensic examinations, support.<br><br>Two methods verified by Forensic Biology Division.<br><br>Capacity of 02 staff in Forensic Document Examination (PGD) and Digital Forensic Science (MSc.) strengthened<br><br>Method development and validation for Analysis of drugs of abuse in biological samples and seized material samples<br><br>One Toxicology staff trained in analytical chemistry skills<br><br>Validated GC-MS method for quantification of phytochemicals |
| **PIAP Output: 16030203 Crime Prevention and response Strengthened** | |
| **Programme Intervention: 160302 Strengthen the justice law and order and governance service delivery systems** | |
| Forensic response to Crime strengthened and improved by one day | Forensic response to 07 crime scenes was accelerated, reducing the response time by one day. This improvement enhances the efficiency and effectiveness of on-site evidence collection, supports timely investigations, and contributes to faster and more reliable delivery of forensic services to law enforcement and the justice system |

# VOTE: 137 National Identification and Registration Authority (NIRA)

Quarter 2

## Performance highlights for the Quarter

Performance Highlights (FY 2025/26 – Half-Year)
1) Financial Performance
Overall Budget Release: 76.5% of the approved budget
Budget Absorption: 63.3% of released funds spent
Wage Absorption: High and stable (96.6%).

2) Mass Enrolment and Renewal (2025)
ID cards printed (new cards): 6,555,634
ID cards issued: 1,818,696

3) New Registrations
Old system (mop-up prior to MER): 2.5 million
New NSIS system (2025, incl. Diaspora): 6.4 million
Diaspora registrations: 41,360
Total new registrations: 8.9 million

4) Renewals and Updates
Renewals: 13,559,317
First IDs / Updates: 686,453
Total renewals and updates: 14,245,770

5) Data Migration to New NSIS
Records migrated: 27,808,291
Total legacy records: ~29 million
Migration progress: Over 95% complete

6) Quarterly Civil Registration Performance
Birth notifications recorded: 150,038
Death notifications recorded: 16,714
Births registered: 123,526
Birth certificates issued: 42,280
Deaths registered: 9,935
Death certificates issued: 8,224
Marriages registered: 4,964

7. ICT and Infrastructure Enhancement
5,665 biometric registration kits deployed
2,750 with solar power

# VOTE: 137 National Identification and Registration Authority (NIRA)

Quarter 2

2,915 without solar
2 new Card Personalization Machines procured
2 existing PERSO machines upgraded
Data centre equipment and related software installed
MOSIP software solution and production management system operational

8) Cumulative Performance (Since 2014)
National Identification Register (NIR) Status
Total persons in the Register: 34.7 million
Total ID cards printed since inception: 23.3 million

## Variances and Challenges

Key Challenges (Priority Issues)
1) Inadequate and Unpredictable Financing : Heavy reliance on supplementary funding undermines budget credibility and effective planning.
2) Issuance and Logistics Bottlenecks : Issuance of National ID cards lags behind registration and renewal, due to insufficient funding.
3) Low Development Budget Absorption : Delayed releases of development funds constrain timely procurement and absorption.
Critical investments in infrastructure, retooling, and ICT upgrades remain partially implemented despite completed procurement processes.
4) Weak Civil Registration Outcomes : Death registration remains persistently low, driven by late community notification, weak system integration with health facilities and local governments, and limited outreach funding.
5) Human Resource Capacity Constraints due to delayed operationalisation of the approved RAPEX structure due to inadequate wage provision.
6) ICT Sustainability and Cybersecurity Risks : Insufficient funding for ICT maintenance, licenses, connectivity, and disaster recovery.
7) Operational and Geographic Cost Pressures : High operational costs related to fuel, kit charging, field supervision across 146 districts, and card transportation and warehousing. Service delivery in remote and hard-to-reach areas increases unit costs and delays.
8) Limited Inter-Agency System Integration
9) Low public awareness
10) Arrears and Cash-Flow Constraints

Quarter 2

## Performance highlights for the Quarter

The overall budget for FY 2025/26 is shs 334.532 billion; out of which shs 0.419 billion was arrears. Out of the total budget of shs 334.532 billion, shs 243.139 billion was to be received from GoU and shs 90.974 billion was to be received from External Sources.
By the end of Q2; the Authority had realized shs 173.122 billion; representing 51.8 % of its approved budget.
The key achievements in the Q2 are as follows:
(i) Monitoring of Industrial parks of Mbale, Kasese & Kapeeka done
(ii) Industrial Park Infrastructure developed in Kapeeka and Mbale.
(iii) Two regional/international investment and trade promotion forums organized.
(iv) Engaged 47 domestic companies in B2B sessions during Uganda–UAE Business Forum
(v) 7 Outward missions carried out and 10 inward missions hosted.
(vii) 141 projects were licensed and these are expected to generate US $ 1,149 billion and 14,561 jobs
(viii)10 Service Level Agreements of OSC-MDAs operationalized
(ix) Investment License Processing Time Reduced to 24 hr
(x) A total of 5,910 transactions processed at One Stop Centre resulting in 141 Investment Licenses
(xi)10 traders were facilitated of these 5 were successfully linked to UDB for access to finances.
(xii) 55 domestic investors were licensed, generating actual investments worth USD 65.4 million and creating 6,892 jobs
(xiii)Two investment outreach initiatives facilitated, including mobilising 266 agro-processing SMEs to exhibit in Nairobi
(xiv)65 SMEs profiled on NSME Portal of which 7 were linked to marketplace to sell their products.
(xv) One training on HIV/AIDS prevalence & prevention carried out.
(xvi)Adjusted financial report FY2024/25 prepared and submitted
(xvii)The BFP 2026/27 prepared & submitted
(xviii)The Q1 Investment Abstract prepared & submitted to Management
(xix)Q1 Internal Audit report prepared & submitted
(xx) Held 4 contract committee meetings and minutes prepared
(xxi)2 investment promotional videos developed. (xxii)One mitigation of litigation risk done

## Variances and Challenges

By the end of Quarter 2; the Authority realized a total of shs 173.122 billion; representing 51.8 % of its approved budget. Out of the shs 173.122 billion, shs 151.025 had been spent by the end of the Q2.
Considering non-wage funds; a total of shs 20.436 billion was received by end of the Q2, against a budgeted amount shs 17.798 billion; and this represented a realization rate of 115.0%. The over-performance was due to the virement from the Development fund to Non-wage; to cater for Presidential Directives.

The key challenges faced during implementation in Q2 were as follows
i. Delays in the procurement process.
ii. Limited availability and access to Investment Data and Intelligence Systems.
iii. Weak digitalized internal processes.

# VOTE: 139 Petroleum Authority of Uganda (PAU)

Quarter 2

## Performance highlights for the Quarter

By the end of quarter two, PAU received UGX 47.235 billion (52.1 %) of the approved annual budget of UGX 90.717 billion. The Authority spent UGX 37.287 billion (78.9 % absorption).
The unspent balance of UGX 9.948 billion was meant for wage and related employee costs for staff recruited in late December and the Real Time Monitoring Centre (RTMC) activities whose scheduled milestones had not yet been achieved.

In terms of physical Performance, the Authority carried out the Q2 FY 2025/26 evaluation, achieving 48.1% implementation of its Annual Workplan. Below are some of the key achievements.
1) Monitored and regulated Tilenga and Kingfisher facilities construction, which progressed to 65.47% (Kingfisher – 75.4% and Tilenga – 61.3%). Cumulatively, a total of 199 out of 189 wells targeted for First Oil (Tilenga – 178/170 wells and Kingfisher – 21/20 wells) were drilled.
2) Monitored development of the EACOP project which progressed to 76.8%, with engineering at 96.7%, procurement at 92.5% and construction and commissioning at 57.2%. as of December 2025.
3) By the end of the period, ongoing oil and gas activities had generated UGX 51.5 billion in revenue, comprising UGX 50.133 billion in tax revenue and UGX 1.367 billion (USD 395,701) from non-tax revenue.
4) The overall total of direct employment in oil and gas industry during the quarter was recorded at 16,420, of which 14,655 (89%) were Ugandans. This growth contributes to increasing value added to the country.
5) Contracts worth US$ 14,431,909 out of US$ 24,379,114 were awarded to Ugandan companies, representing 64.7% indicating increased local economic benefits.
6) 11 out of 17 contracts awarded (64.7%) to Ugandan companies by licensed oil companies at Tier 1.
7) 531 companies registered on NSD bringing the total Number of Ugandan companies on NSD to 2688

## Variances and Challenges

During the implementation of the annual work plan, the Authority registered several challenges that hindered the achievement of some outcomes and outputs. Below are key challenges encountered during the quarter, along with the recommendations.
1) Non-compliance by licensees with the established national content requirements regulatory frameworks, including lack of work permits for some expatriates and non-nationals in the projects and unfair contract terms for nationals. There is need to strengthen regulatory frameworks and enhance monitoring systems.
2) Limited access to affordable financing for Ugandan companies to participate in the opportunities in the sector. There is need to engage with relevant stakeholders and take necessary steps to enhance capacities of Ugandan companies to participate in the sector.
3) The expiry of exploration licences. This will leave only one active exploration licence in the country (Kasuruban Contract Area), posing a risk to sustained exploration activity, future resource discovery, and investor confidence. The Government should Fast-track evaluation and promotion of open acreage to sustain exploration through licensing rounds and targeted investor engagement.
