Quarter 2

## Performance highlights for the Quarter

a. 1794 Medical Interns facilitated and assessed on adherence to standard clinical practice

b. 512 Senior House Officers verified for attendance on duty

c. Recruited 53,872 blood donors

d. Pre-hospital emergency medical services provided for 7,650 patients by 262 road and 14 boat ambulances

e. 396 Nurses and Midwives supervised and Mentored in Health facilities and 65 Nurses to treat children in Schools

f. 125 Health Workers trained on Pharmacovigilance (PV)

g. 6 Dental x-ray machines, 4 x-ray film printers and 1 CR system maintained to functional condition, and repair needs for 6 x-ray machines, 1 x-ray film printer and 1 CR System were assessed in 6 RRHs(Masaka, Mubende, Fort Portal, Kabale, Mbarara & Arua),7GHs (Abim, Bullisa, Bududa, Kaabong, Kamuli, Katakwi and Mityana). 92 medical equipment and plants were maintained to functional condition, and repair needs for13 equipment were assessed in 13HFs (3GHs and10HCIVs) in Central region, by Central workshop, Wabigalo maintenance team

h. Funds for emoluments of 346 CHEWs was transferred to Lira City, Mayuge and Lira district.

i. Construction works are ongoing at all the 4 new targeted KIDP facilities of; Awach HC III in Abim, Lorengecora HC III in Napak, Poron HC III in Napak, Loreng HC III in Nakapiripirit

j. The 31st Annual Joint Performance Review Mission (JRM)organized and held on 9th and 10th December, 2025 at Speke Resort Hotel Munyonyo.

k. Conducted HFQAP assessment in 1871 HC IIIs & IVs across PNFPs and GoU owned facilities

l. 94% of increased viral load suppression among ART Clients

m. Internal Residual Spraying deployed in 20 districts
n. 70% of pregnant women received IPT3
o. 91% of malaria cases treated
p. 74% Hepatitis B birth dose vaccination coverage
q. Integrated community Health services Package disseminated in 20 districts
r. 80 Health workers from districts of Karamoja region trained on Maternal, Infant, Young child, Adolescent and Elderly Nutrition Practices (MIYCAN) package

## Variances and Challenges

# VOTE: 014 Ministry of Health

Quarter 2

The overall performance in Q2 is at 39.3%. The under performance in Q2 was due Supplementary allocated to the vote towards end of Q2, Inadequate release for development component and External Financing affected by delayed procurement due to lengthy approval processes.

# VOTE: 015 Ministry of Trade, Industry and Co-operatives

Quarter 2

## Performance highlights for the Quarter

The following were notable achievements of the Ministry in the Quarter:
1.Organized Africa Industrialization Week/Day at the Speke Resort Convention Centre positioning Uganda at the centre of Africa's industrial agenda on sustainable industrialization, regional integration and innovation.

2. Inaugurated the Sugar Council who will be implementers of the Sugar Act.This law provides for Development, Regulation and Promotion of the sugar industry

4. 105 MSMEs in artisanal mining supported with business development support services in Central, Eastern, Western, Northern, and West Nile regions.

4. Capacity building in innovation and intellectual property management to 800 MSMEs under USSIA undertaken.

5. Monitored and inspected implementation of the new Trade Licensing rates, grading areas and other aspects of the Amended Trade Licensing Act, 2015 in 8LGs in Eastern Uganda for compliance, trade order, revenue performance, and trader protection.

6. Mobilized, Supported, trained, vetted and coordinated 500 MSMEs to participate in the 25th MSMEs Trade Fair in Nairobi, Kenya. 305 MSMEs ( 187 male , 37,youth and 51 male ) attended the trade fair from 6th to 17th November 2025.

7. Warehouse receipting piloted in the 4 regions and 100 stakeholders trained on e-receipt generation, transfer and discounting of warehouse receipts in conjunction with three financial institutions.

8. World Trade Organization (WTO) negotiations participated in.

9. Held 1 Joint Trade Committee (JTC) between Uganda and Kenya, Non-Tarriff Barriers (NTBs) were reduced.

10. 6 hands on Cooperative Registration Management Information System (CRMIS) training sessions for District Commercial Officers conducted in Teso, Karamoja,Bunyoro,West Nile, Lango and Central sub regions.

11. Mobilized and Popularized the National Savings and Credit Cooperative Society Ltd (Precursor to the Cooperative Bank) in Mbale and Gulu.

## Variances and Challenges

# VOTE: 015 Ministry of Trade, Industry and Co-operatives

Quarter 2

a) Critical Staffing Gaps:The Ministry faces human resource gaps, especially in technical and specialized areas such as trade policy analysis, investment facilitation, economic diplomacy, and market intelligence.

b) Persistent Trade Barriers and Protectionist Policies:Despite commitments under the EAC and COMESA, Ugandan exports continue to face non-tariff barriers (NTBs) such as delays in border clearance, arbitrary tariff impositions, and Sanitary and Phytosanitary restrictions particularly in Kenya, Tanzania, and Rwanda. These barriers have disrupted trade flows for products such as milk, maize, poultry, and sugar, undermining regional trade integration goals and hurting local producers.

c) Limited Participation in Regional and Global Trade Negotiations:Due to financial and logistical constraints, Uganda’s representation in key trade negotiation forums and meetings has been limited. As a result, Uganda has had reduced influence in shaping regional and international trade policies, protocols, and dispute resolution outcomes.

d) Ineffective coordination among MTIC and the agencies arising out of scattered offices of the Ministry and its agencies.

e) Delayed procurement was another challenge faced in the quarter however staff are still undergoing training on EGP to ease the procurement processes.

f) The MSMEs in Uganda are largely informal therefore missing out on certain government programmes that target registered enterprises. The Ministry remains committed to training MSMEs in business formalization amidst the financial constraints.

g) Inadequate office space due to the on-going renovations therefore, coordination made hard.

| **PIAP Output: 01211102 Value chain actors supported with post-harvest handling equipment** | | |
| **Programme Intervention: 012111 Establish and operationalise appropriate post-harvest handling and storage facilities and infrastructure** | | |
| 5 value chain actors in 5 district Local Governments across the country profiled and supported to access affordable financing for acquisition of modem post harvest handling equipment | The Department undertook field profiling and situation analyses for three Government-established Agro Processing Facilities (APFs) to inform targeted support for modern post-harvest handling equipment and affordable financing. The team, working with the respective District Commercial Officers, assessed the operational status and equipment gaps of Yumbe Mango Processing Facility (Yumbe District), Kayunga Pineapple Processing Factory (Kayunga District) and Tooro Dairy Processing Factory (Kabarole District). The assessments documented priority equipment needs, underlying bottlenecks limiting utilization, and practical recommendations to restore functionality and improve market access and incomes for value chain stakeholders. The resulting reports form the basis for packaging these actors for linkages to affordable financing for acquisition of modern equipment. | 60% achieved due to delay in developing criteria for selecting enterprises to support. |

| **PIAP Output: 04512101 Improved regulation of the manufacturing subsector/ Competitive** | | |
| **Programme Intervention: 045121 Implement existing Laws and Policies that support Manufacturing (Industrial Licensing Act, Competition Law, Trade Marks Law, Consumer Protection Law.)** | | |
| 50 Industries monitored and guided inline with Implementation of Industrial Licensing Act, Sugar Act and National Industrial Policy | Sugar Council Members Sworn in and Sugar Council Inaugurated in October 2025. Sugar Council members Inducted in November and First Council Meeting Held in December 2025.<br>Undertook Monitoring and technical guidance visits to 16 sugar Industries to sensitize them about the sugar regulations and activities of the sugar Council.<br>Assessed 12 wood processing enterprises for compliance to sustainable manufacturing practices and verified them to facilitate their acquisition of an export permits. | 56% was achieved due to time and Human resource constraints resulting from the department hosting the Africa Industrialization Week |
| | Activity Concept paper and Terms of Reference for Undertaking of Project Management Professional Training developed. | |
| National Awareness about industry policies, laws and opportunities enhanced through commemoration of Africa Industrialization week | From 17–21 Nov 2025, MTIC co-organized Africa Industrialization Week at Munyonyo, Kampala with the African Union Commission, positioning Uganda at the centre of Africa's industrial agenda on sustainable industrialization, regional integration and innovation. The forum drew 500+ participants (about 300 Ugandan and 200 international delegates) from 42 African countries and beyond, generating partnerships and investment leads. On 20 Nov, H.E. Jessica Alupo, on behalf of H.E. the President, led Africa Industrialization Day and inaugurated Africa's first Women's Industrial Park to be hosted in Uganda, a major continental milestone. Deliberations produced actionable calls on affordable finance, reduced bureaucracy, SME/ youth/women innovation, stronger RECs/AfCFTA, commodity-led and green industrialization, and better industrial infrastructure | Achieved as planned |
| **PIAP Output: 04512201 Relevant policies, laws and regulations developed.** | | |
| **Programme Intervention: 045122 Develop, review and implement Policy and Legislation to support manufacturing** | | |
| Industries Database system commisioned | A register of 6531 Industries categorized under 21 sub sectors and producing 89 products compiled and uploaded on to the Industries Database | Activity Ongoing |

| Value chain study on large scale garment production for import substitution and export promotion undertaken | The Ministry, through a Technical Working Group (TWG), undertook a structured preparatory process to operationalize the planned Industrial Development Diagnostic Study. The TWG conducted targeted stakeholder consultations and field-level engagements to compile evidence on constraints, opportunities and cross-cutting enablers across NDP IV's nine priority manufacturing value chains, and to align the work to Uganda Vision 2040, the Tenfold Growth Strategy, the National Industrial Policy 2020, and the emerging UNIDO Programme for Country Partnership (PCP). The process culminated in a comprehensive Background Paper that sets the analytical foundation and implementation arrangements, and a finalized set of Terms of Reference detailing scope, methodology, deliverables and coordination for procuring a research firm to execute the Study and generate prioritized, investment-ready interventions. | Delays due to Procurement Process |
| Participation in 1 regional, continental, and global industrial policy meetings undertaken resulting in documented policy recommendations for integration into the National Industrial Policy and legal framework. | Participated in the UNIDO Global Industry Summit (alongside the 21st UNIDO General Conference) in Riyadh, 23–27 Nov 2025, where Member States, investors and industry leaders advanced actions on decarbonizing industry, agro-industrial innovation for food security, and stronger sustainable supply chains, culminating in the Riyadh Declaration and key resolutions. The Investment & Partnership programme highlighted "AI as a gamechanger" for industrial competitiveness, and UNIDO launched the FairShare Programme to strengthen sustainable supply chains across sectors. During the same Conference, Uganda was elected to UNIDO's Industrial Development Board for 2025–2027, strengthening the country's voice in shaping UNIDO's work programme and budgets. This milestone was reinforced by Uganda's raised visibility after hosting Africa Industrialization Week in Kampala (17–21 Nov 2025), convening 500+ delegates from 42 countries. | |

|---|---|
| **PIAP Output: 01211102 Value chain actors supported with post-harvest handling equipment** | |
| **Programme Intervention: 012111 Establish and operationalise appropriate post-harvest handling and storage facilities and infrastructure** | |
| 10 value chain actors in 10 district Local Governments across the country profiled and supported to access affordable financing for acquisition of modem post harvest handling equipment | The Department undertook field profiling and situation analyses for three Government-established Agro Processing Facilities (APFs) to inform targeted support for modern post-harvest handling equipment and affordable financing. The team, working with the respective District Commercial Officers, assessed the operational status and equipment gaps of Yumbe Mango Processing Facility (Yumbe District), Kayunga Pineapple Processing Factory (Kayunga District) and Tooro Dairy Processing Factory (Kabarole District). The assessments documented priority equipment needs, underlying bottlenecks limiting utilization, and practical recommendations to restore functionality and improve market access and incomes for value chain stakeholders. The resulting reports form the basis for packaging these actors for linkages to affordable financing for acquisition of modern equipment. |

| 20 manufacturing laboratory facilities assessed for accreditation<br>7 Uganda National Accreditation Services Committee meetings Held<br>5 Trainings of assessors and technical experts, lead auditors and accreditation committees on various standards | Accreditation processes documentation (policy, procedures, checklist and Forms) complete<br>8 Laboratories assessed for Accreditation<br>3 Trainings Undertaken and 24 assessor trained in the following areas: ISO/IEC 17020 for competence, impartiality, and consistency of inspection bodies; ISO/IEC 17021-1 for Management systems certification services; and international standard ISO/IEC 17025 for testing and calibration laboratories.<br>Four Committee meetings in preparation of the 16th AFRAC general assembly organized.<br>The 16th African Accreditation Corporation (AFRAC) General Assembly and Technical meeting was successfully hosted by Uganda from 22nd to 27th September at Speke Convention Center Munyonyo attracting 18 accreditation bodies from 13 African Countries namely, Uganda, South Africa, Kenya, Mauritius, Namibia, Botswana, Tanzania, Zambia, Egypt, Tunisia, Nigeria, Ghana, and Ivory Coast. |
| **PIAP Output: 04512101 Improved regulation of the manufacturing subsector/ Competitive** | |
| **Programme Intervention: 045121 Implement existing Laws and Policies that support Manufacturing (Industrial Licensing Act, Competition Law, Trade Marks Law, Consumer Protection Law.)** | |
| 200 Industries monitored inline with Implementation of Industrial Licensing Act, Sugar Act and National Industrial Policy Implemented | Sugar Council Members Sworn in and Sugar Council<br>Undertook Monitoring and technical guidance visits to 16 sugar Industries to sensitize them about the sugar regulations and activities of the sugar Council.<br>Assessed 12 wood processing enterprises for compliance to sustainable manufacturing practices and verified them to facilitate their acquisition of an export permits.<br>Capacity verification field visits were conducted for wire rod, billets, and hollow sections manufacturers, covering 31 industries with a combined annual production capacity exceeding 2.6 million tons.<br>17 wood-based industries were assessed and guided to enhance sustainable value addition and compliance with export requirements.<br>Technical guidance and monitoring visits were undertaken to 5 tricycle manufacturing industries in Kampala, Mukono, and Jinja.<br>A stakeholder engagement meeting with 32 key automotive industry players providing guidance on Alignment with the National Industrial Policy and related frameworks. |

# VOTE: 015 Ministry of Trade, Industry and Co-operatives

Quarter 2

| Annual Planned Outputs | Cumulative Outputs Achieved by End of Quarter |
|---|---|
| **PIAP Output: 04512101 Improved regulation of the manufacturing subsector/ Competitive** | |
| **Programme Intervention: 045121 Implement existing Laws and Policies that support Manufacturing (Industrial Licensing Act, Competition Law, Trade Marks Law, Consumer Protection Law.)** | |
| 12 staff from the Department of Industry and Technology trained and certified in Project Management Professional (PMP) Course | Activity Concept paper and Terms of Reference for Undertaking of Project Management Professional Training developed. |
| National Awareness about industry policies, laws and opportunities enhanced through commemoration of Africa Industrialization week | From 17–21 Nov 2025, MTIC co-organized Africa Industrialization Week at Munyonyo, Kampala with the African Union Commission, positioning Uganda at the centre of Africa's industrial agenda on sustainable industrialization, regional integration and innovation. The forum drew 500+ participants (about 300 Ugandan and 200 international delegates) from 42 African countries and beyond, generating partnerships and investment leads. On 20 Nov, H.E. Jessica Alupo, on behalf of H.E. the President, led Africa Industrialization Day and inaugurated Africa's first Women's Industrial Park to be hosted in Uganda, a major continental milestone. Deliberations produced actionable calls on affordable finance, reduced bureaucracy, SME/ youth/women innovation, stronger RECs/AfCFTA, commodity-led and green industrialization, and better industrial infrastructure |
| **PIAP Output: 04512201 Relevant policies, laws and regulations developed.** | |
| **Programme Intervention: 045122 Develop, review and implement Policy and Legislation to support manufacturing** | |
| 30% of industries across all regions of the country registered in the industries database | A register of 6531 Industries categorized under 21 sub sectors and producing 89 products compiled and uploaded on to the Industries Database |
| Comprehensive value chain studies conducted and published for the Iron & Steel, Textile & Apparel, and Starch industries. | The Ministry, through a Technical Working Group (TWG), undertook a structured preparatory process to operationalize the planned Industrial Development Diagnostic Study. The TWG conducted targeted stakeholder consultations and field-level engagements to compile evidence on constraints, opportunities and cross-cutting enablers across NDP IV's nine priority manufacturing value chains, and to align the work to Uganda Vision 2040, the Tenfold Growth Strategy, the National Industrial Policy 2020, and the emerging UNIDO Programme for Country Partnership (PCP). The process culminated in a comprehensive Background Paper that sets the analytical foundation and implementation arrangements, and a finalized set of Terms of Reference detailing scope, methodology, deliverables and coordination for procuring a research firm to execute the Study and generate prioritized, investment-ready interventions. |

# VOTE: 015 Ministry of Trade, Industry and Co-operatives

|---|---|
| **PIAP Output: 04512201 Relevant policies, laws and regulations developed.** | |
| **Programme Intervention: 045122 Develop, review and implement Policy and Legislation to support manufacturing** | |
| Participation in at least 4 regional, continental, and global industrial policy meetings undertaken resulting in documented policy recommendations for integration into the National Industrial Policy and legal framework. | Participated in the UNIDO Global Industry Summit (alongside the 21st UNIDO General Conference) in Riyadh, 23–27 Nov 2025, where Member States, investors and industry leaders advanced actions on decarbonizing industry, agro-industrial innovation for food security, and stronger sustainable supply chains, culminating in the Riyadh Declaration and key resolutions. The Investment & Partnership programme highlighted “AI as a gamechanger” for industrial competitiveness, and UNIDO launched the FairShare Programme to strengthen sustainable supply chains across sectors. During the same Conference, Uganda was elected to UNIDO’s Industrial Development Board for 2025–2027, strengthening the country’s voice in shaping UNIDO’s work programme and budgets. This milestone was reinforced by Uganda’s raised visibility after hosting Africa Industrialization Week in Kampala (17–21 Nov 2025), convening 500+ delegates from 42 countries. |

Quarter 2

## Performance highlights for the Quarter

Project:1284 Development of new Kampala Port in Bukasa: 5% Swamp removal and reclamation works done in Q2 and Verification of 44 PAPs Completed. The delayed compensationof PAPS affected the swamp removal and reclamation works.
Project:1373 Entebbe Airport Rehabilitation Phase 1: Entebbe Airport rehabilitation phase 1 works completed, works are under the Defects Liability Period (DLP).
Project:1489 Development of Kabaale Airport: 9% of operationalization activities of KIA completed i.e. Manpower requirements. (Procurement of Firetrucks and security equipment ongoing, Firm to undertake ETOD and Procedure design already procured).
Project:1659 Rehabilitation of the Tororo, Gulu railway line: 1,428 Cumulative Verification, disclosure and payment of PAP's completed. 66.32% Cumulative physical progress of railway track rehabilitated.
Project:1849 Construction of Standard Gauge Railway: Implementation of the LNTP scope continues. Shipment for the concrete batching plant and machinery for concrete plant was ongoing while fabrication for the sleeper factory was at completion stage. 66.121 acres were acquired in the districts of Tororo- Buikwe.
National Roads: Upgrading of 26 road development projects covering a total distance of 1,383.76km continued
DUCAR: 52.6km of ongoing backlog of community access roads rehabilitated in the districts of: Lwengo (0.1km), Manafwa (0.8km), Masaka (5.5km), Mayuge (4.3km), Mityana (3.8km), Mubende (2.3km), Nakasongora (1.8km), Kaliro (0.4km), Kamuli (7.0km), Kasese (2.2km), Kassanda (1.6km), Katakwi (0.2km), Kiboga (1.2km), Kibuku (0.8km), Kyankwanzi (6.2km), Kyegegwa (0.1km), Luuka (0.7km), Serere (1.3km), Soroti City (0.1km), Tororo (3.2km), Arua (1.6km), Budaka (1.3km), Bududa (1.0km), Bushenyi (0.5km), Butambala (0.3), Buyende (2.2km), Iganga (1.1km), Kaabong (0.2km), and Kabale (0.8km).

## Variances and Challenges

The major variances under the financial perfromance were on account of supplementary budget issued under schedule 2 and 3 for the Development and Non wage recurrent budget. Ushs 500bn of the supplementary budget was released at the end of quarter two which affected absorption under the GoU development budget.

Failure to release the arrears budget has affected payment of outstanding certificates. Delay to pay contractors’ IPCs has led to suspension of works on a number of national road projects affecting performance.

The inability to generate departmental reports off the PBS for review and quality assurance affects the quality of the quarterly budget performance reports submitted due to the bulkiness of the final report.

| 1)166.48km of Paved National Roads maintained under Routine Manual Maintenance 2)531.27km of Unpaved National Roads maintained under Routine Manual Maintenance | 1) 157.539 km of the road network was maintained under Routine Manual Maintenance (RMM) during the Quarter. In addition, works were executed along a 65 km section of the Nadunget – Iriiri Road, which had previously deteriorated to a poor condition. Upon completion of the works, the affected section was restored to a motorable and improved riding condition, thereby enhancing surface drainage, accessibility, and overall road user safety.<br>2) 381.513 km of roads were maintained under Routine Manual Maintenance (RMM), while 120.599 km were maintained under Routine Mechanized Maintenance (RMM). The mechanized maintenance activities involved medium grading operations, spot graveling, and construction of gabion end structures to restore drainage functionality and improve carriageway stability. As a result, the road network has remained motorable and accessible to all categories of road users. | |
| 5)22(No) of National Roads Plant and Equipment Maintained | 5)13 No. of National Roads Plant and Equipment Maintained are operational and in good condition | |

| **Project:1320 Construction of 66 Selected Bridges** | | |
| **Key Service Area:260001 Bridge construction** | | |
| **PIAP Output: 09111104 Strategic water transport infrastructure constructed and upgraded** | | |
| **Programme Intervention: 091111 Construct and upgrade strategic transport infrastructure;** | | |
| 1) Payment of arrears for Bridge works | 1) Payment of arrears for works on several bridges was not made since funds for arrears were not released during the Quarter. | 1)Budget for arrears was not released |
| 2) Conclusion of Defects Liability Period and payment of Retention for a) Lot 3: Aca (Rhino Camp) | 2a) Defects Liability Period and payment of Retention for Lot 3: Aca (Rhino Camp) was not made since civil works were still ongoing at Aca (Rhino Camp). 3.74% physical progress was attained during quarter two of FY 2025/26. | civil works were still ongoing at Aca (Rhino Camp). Contractor had suspended works due to delayed payment of IPCs. Works have resumed following payment of IPCs. |
| 2) Conclusion of Defects Liability Period and payment of Retention for b)Lugogo Swamp Crossing at Kasozi on Ngoma-Kasozi road | 2b) Defects Liability Period expired for Lugogo Swamp Crossing at Kasozi on Ngoma-Kasozi road. Final accounts were prepared and certified and payment of Retention/ final accounts was made.<br>Construction of Lugogo-Kasozi (1km) and Lugogo-Ngoma (6.6km) approach roads was completed and are in use by the public. | |
| 2) Conclusion of Defects Liability Period and payment of Retention for c)Lot 2-Nabukhaya, Nambola, Nametsimeri, Sahana & Khamitsaru Bridges on Kufu-Lwakhaka Road and Rubongi Bridge on Tororo-Nagongera Road | 2c) Defects Liability Period and payment of Retention for Lot 2-Nabukhaya, Nambola, Nametsimeri, Sahana & Khamitsaru Bridges on Kufu-Lwakhaka Road and Rubongi Bridge on Tororo-Nagongera Road was not made since civil works were still ongoing.<br>3.9% physical progress was attained during quarter two of FY 2025/26. | Lack of the Right of Way for the approach road works at Nametsimeri, Nabukhaya, Nambola, Khamitsaru and Sahana has greatly affected progress. Delayed payment of contractor's IPCs has also constrained the Contractor's cash flow and led to suspension of works by the Contractor. Contractor is re-mobilized to resume following payments made in June 2025 |

|---|---|---|
| **Project:1794 Upgrading of Namagumba-Budadiri-Nalugugu Road** | | |
| **PIAP Output: 09111101 Strategic road transport infrastructure constructed and upgraded** | | |
| **Programme Intervention: 091111 Construct and upgrade strategic transport infrastructure;** | | |
| 1)2km equivalents constructed on Namagumba-Budadiri-Nalugugu Road (39Km) | 1)Namagumba-Budadiri-Nalugugu Road (39km): Cumulatively, 8.26% physical progress has been attained since the project commenced, representing 3.22 km-equivalents.<br>The increased scope of work arising from the design update led to the reversal of physical progress. The revised design introduced widening of the road prism and adjustments to geometric alignment and related structural elements. As a consequence, the Contractor was required to redo a number of completed or ongoing activities, including reshaping of earthworks, modification of side drains, realignment of culverts, and expansion of embankments. These reworks, together with the increased quantities, required additional time and further hindered overall project progress. | The increased scope of work arising from the design update led to the reversal of physical progress. |
| 2)3(No) of Monitoring and supervision reports produced | 2)3 (No.) of Monitoring and Supervision reports were prepared during the quarter | |

| Expenditures incurred in the Quarter to deliver outputs | | *UShs Thousand* |

| 1)166.48km of Paved National Roads maintained under Routine Manual Maintenance<br>2)531.27km of Unpaved National Roads maintained under Routine Manual Maintenance | 1) 157.539 km of the road network was maintained under Routine Manual Maintenance (RMM). In addition, works were executed along a 10.898 km section of the Moroto–Nadunget Road and 65 km section of the Nadunget – Iriiri Road, which had previously deteriorated to a poor condition. Upon completion of the works, the affected sections were restored to a motorable and improved riding condition, thereby enhancing surface drainage, accessibility, and overall road user safety.<br>2) 381.513 km of roads were maintained under Routine Manual Maintenance (RMM), while 224.802 km were maintained under Routine Mechanized Maintenance (RMM). The mechanized maintenance activities involved medium grading operations, spot graveling, and construction of gabion end structures to restore drainage functionality and improve carriageway stability. As a result, the road network has remained motorable and accessible to all categories of road users. |
| 5)22(No) of National Roads Plant and Equipment Maintained | 5)13 No. of National Roads Plant and Equipment Maintained are operational and in good condition |
