## Performance highlights for the Quarter

Clinical Services

•Specialized inpatient admissions exceeded targets at 8,714 performance against target of 7,663 (113.7%), reflecting increased referrals and capacity to manage complex maternal and neonatal cases.

•ICU and NICU services were sustained throughout the period, contributing to improved survival of critically ill mothers and neonates.

•Outpatient utilization remained high with 21,974 specialized visits (122%), reinforcing MSWNH's role as a national referral center.

•Diagnostic services exceeded targets (61,552 outputs; 105.8%), while immunization coverage remained high at 7,585 clients (104.9%).

•Despite staffing shortages, midwives remained available on duty, supported by improved teamwork, communication, and adoption of ward-level clinical protocols.

Administrative and Support Services

•All planned Board and Senior Management meetings were held, strengthening governance and oversight.

•The Hospital complied with all statutory reporting requirements, including submission of the Budget Framework Paper.

•Internal audit and risk management were strengthened through timely submission of audit reports to the Executive Director and OAG.

•Non-Tax Revenue performance remained strong, with UGX 4.86 billion collected (97.2% of the cumulative target).

•Staff welfare and capacity were supported through operation of a staff clinic, distribution of 90 blankets, receipt of 90 mattresses, and sponsorship of 20 midwives to attend the AOGU conference.

•Institutional engagement was strengthened through a visit by the Health Service Commission and a consultative meeting between the Permanent Secretary, Ministry of Health, and midwives.

•Utilization of IHMS/HMIS systems improved, supporting better data management and evidence-based decision-making.

## Variances and Challenges

# VOTE: 420 Mulago Specialized Women and Neonatal Hospital

Quarter 2

Inadequate staffing levels of 422 vis-a-vis the approved structure of 971 thus giving a 43.46% of which some have retired and have not yet been replaced. More staffing is required in key priority areas such as the Pediatric unit since the Hospital is widening its services.

The High maintenance costs of the equipment such as Oxygen plant, CT scan, Lab and Radiology equipment among others that require a total of UGX 4.429 billion in a FY, yet only UGX 1.310 billion was allocated, leaving a variance of UGX 3.12 billion. This significant shortfall has constrained the hospital's ability to conduct timely preventive maintenance and emergency repairs for critical medical equipment.

For medicines and medical supplies not provided by NMS, the hospital requires UGX 2.914Bn in a FY due to introduction of new services at the hospital such as IVF among others but has an allocation of UGX 1.395 billion, resulting in a variance of UGX 1.519 billion and the gap has particularly affected the procurement of specialized fertility, imaging, and intensive care consumables, which are critical for high-end reproductive and neonatal care. The Hospital is also widening its services by introducing Pediatrics hence will require more funding. Similarly, for medicines and medical supplies procured through NMS, a total of UGX 5.455 billion is required in a FY against an allocation of UGX 2.500 billion, leaving a variance of UGX 2.955 billion. The limited funding has resulted in partial deliveries by NMS, often leading to recurrent stockouts of key obstetric, anesthesia, and emergency medicines.

High utility bills for Water that require UGX 1.380BN in a FY vs allocation of UGX 0.257BN leaving a variance of UGX 1.123BN and Electricity bills that require UGX 0.9BN vs UGX 0.539BN leaving a variance of UGX 0.361BN due to the advanced nature of the medical equipment being used in the hospital and the increased number of patients.

## Performance highlights for the Quarter

By the end of quarter four, the hospital had received a total of UGX 8.06 bn of which UGX 3.417 bn was wage for both medical & health workers, while UGX 4.551 bn was non-wage for recurrent activities. Of the funds received 89.6% was spent on wage while 77.% of the money released was spent on non-wage recurrent activities.
Below were some of the achievement by the end of quarter two
2,787 X-rays exams were done, 168,365 laboratory tests done, 14,179 inpatient admissions, 65,859 general outpatients seen and 5,187 ultra sound scans done, 2,697 blood units transfused, 5,466 children immunized 1 laboratory Quality Management System Review meetings held at the Referral Hospital.
Routine medical equipment maintenance done.
two internal support supervision and two client satisfaction survey done.
several integrated and specialized community outreaches and 4 support supervision was conducted in lower facilities.
The hospital management board meeting took place, that guide on best hospital leadership. Held Medical and surgical camps.
The hospital continues to implement EMR Electronic medical records management system aimed at going paperless at different point of care.

## Variances and Challenges

In terms of Wage, the hospital received 50% wage of its annual budget and managed to spend 89.6% of the released wage . This is due to delayed clearance to recruitment processes and delayed deployment of staff which led to un absorption of all the wage.
In terms of Non-Wage, the hospital received 51% of its annual budget and spent 77% of the released budget . The underperformance in terms of expenditure was majorly due to utilities which have been affected by the partial opening of some hospital units and delays in supplier invoicing and ongoing procurement process.
Some other challenges
The hospital was still operating at the staffing level of 16.3% which has affected timely implementation of some Hospital activities. The hospital currently serves approximately 380 outpatients/clients daily due to the increasing number of patients from within and outside the catchment area.
Lack of a CT scan led to increased referrals out. Un stable power which has led to disruption in service delivery for example EMR usage. Inadequate production of oxygen due to the limited capacity of the oxygen production plant.

## Performance highlights for the Quarter

1- The Mission successfully participated in the Senior Officials' Preparatory Meeting of the 19th NAM Mid-Term Ministerial Meeting (Kampala, 13–14 October 2025) in the capacity of Secretary to the Chair of the Economic and Social Committee.

2- The Mission Delivered 9 statements on behalf of the Non-Aligned Movement (NAM) during Third Committee plenary meetings, addressing agenda items including the right to food; unilateral coercive measures; the right to development; democratic and equitable international order; human rights situations under agenda item 71(c); the situation of human rights in the Palestinian
territories occupied since 1967; international solidarity; and contemporary forms of racism and racial discrimination.

3- The Mission successfully handled the National Identification Registration Process which climaxed in Boston. The Mission successfully registered 174 Ugandans for IDs, and also issued out 10 IDs.

4- The Mission successfully Negotiated and defended the share of Special Political Missions for the Regional Service Centre in Entebbe to the amount of USD 2,323,000.

5- The Mission also successfully collected approximately 3.03 billion Ugandan shillings by 31st December 2025 from all tenants of Uganda in New York.

6- The Mission also held engagements that marked a significant milestone in advancing coordinated Government-to-Government collaboration, fellow Trail nations with the United States, while positioning the Roosevelt Africa Trail as along-term platform for sustainable economic and cultural development.

## Variances and Challenges

1- The Mission continues to Operate on an insufficient budget with the continuously increasing cost of living in New York City. As a result the Mission cannot cater fully for the needs of the locally recruited staff, maintain the properties of Uganda to the required standards and pay up all Mission utilities in full by the end of each financial year.

2- The Management of the Mission is very concerned about the continuous break down of the systems that run the Mission Chancery building. As a result most works are emergency works as the systems continuously break down due to wear and tear.

## Performance highlights for the Quarter

Made a one-year digital multi-reader subscription for The Hill Times to showcase Mission tourism and trade activities.
Held an engagement with tour operators in British Columbia, Canada and shared information about tourism opportunities in Uganda and strategised for a Familiarization tour to Uganda
Participated in the Annual Tourism Expo 2025 in Montreal, where more than 500 people visited the Ugandan booth, tourism information shared and contacts made.
Organised the 1st Canada-Uganda Business Forum resulting into the signing of a MOU between Indo-Canada Chamber of Commerce and Uganda National Chamber of Commerce which will serve as a path for structured engagements between Canadian and Ugandan Business community. Business and investment linkages were initiated.
Carried out a market survey in selected supermarkets across Ontario which stock Ugandan products and discussed the challenges faced in importing these products and what government can do, to boost the volumes.
Participated in the African Coffee International Fair (SICAF 2025) and created contacts with the Canada-Africa Chamber of Business whose goal is to connect Africa’s businesses to Canada.
More than 500 Ugandan Diaspora who attended the Banyakitara annual cultural event, graced by the Tooro Queen Mother, Best Kemigisa sensitized about investment opportunities back home.
Participated in the African Coffee International Fair (SICAF 2025) and created contacts with the Canada-Africa Chamber of Business whose goal is to connect Africa’s businesses to Canada.
Hosted Uganda's 63rd Independence Celebrations in Canada and participated in the flag-raising event at Toronto City Hall.
Offered Consular Services to Ugandans & other foreign nationals

## Variances and Challenges

Lack of clear commitment from the potential investors to Uganda.
Mistrust in the government by some diaspora members in Canada makes them downplay the Mission's efforts to effectively mobilise the diaspora for government initiatives and Investment opportunities back home.

## Variances and Challenges

# VOTE: 506 Uganda High Commission in Tanzania, Dar es Salaam

Quarter 2

VARIANCES

• By the end of the quarter, the Contractor had not submitted Interim Payment Certificates for payment.

• The Vehicle for Uganda Consulate in Arusha was still under procurement. The procurement is expected to be completed in the third quarter

CHALLENGES

• Post-Presidential election violence affected implementation of some planned activities.

• Inadequate physical, financial and human resources to cover seven countries of accreditation, two Regional Organizations and the Consulate in Arusha.

• Increasing Tariff and Non-Tariff barriers against Ugandan exports within URT and countries of accreditation.

• Difficulty in mobilizing the Ugandans in diaspora, many of whom prefer to remain private.

• High expectation from distressed Ugandans in countries of accreditation who request for facilitation from the Mission to return to Uganda.

Two utility vehicles. The current two utility vehicles are over ten years old, over 200,000km in mileage and have been recommended for board off in the last two consecutive board of surveys but because of having no budget allocation to acquire new vehicles, the disposal has not been carried out. Kigali receives big numbers of high-profile government and other dignitaries annually. If this is not funded, the Mission will be constrained to offer services befitting of the dignitaries. The projected cost is estimated to be Ugx:450M

The Official Residence. The Mission incurs high rental costs, due to renting the official residence for the Head of Mission. This expenditure was 18.48% of the total Mission expenditure in the financial year 2024/25 and is projected to grow higher due to increased property rates in Kigali. If not funded, the Mission will face a challenge implementing most critical developmental activities like tourism promotion due to high spending on rent. The projected cost is estimated to be Ugx: 4 Billion

## Performance highlights for the Quarter

Successfully coordinated Uganda's participation in major Travel & Adventure Shows across four U.S. cities, including procurement of exhibit booths and distribution of 600 tourism promotional booklets.

Showcased Uganda's cultural heritage, with special emphasis on bark cloth at the Winter National Cultural Show in Washington, D.C., promoting sustainability and industrial application.

Organized tourism destination marketing training for 100 Ugandan tour operators targeting the U.S. market.

Published a tourism promotion press release in EIN Press wire.

Concluded tourism promotion partnerships with Satguru Tours (Brazil) and established multiple conservation-linked tourism collaborations, including the Roosevelt East African Trail and museum exhibitions.

Subscribed to U.S. market intelligence data (Registrar Corp) to support Ugandan agricultural exports and FDA compliance.

Commissioned a Shea butter market intelligence survey, identifying a US$2 million export opportunity in 2026.

Attracted Brazilian investments:
US$1.2M for mechanization of artisanal mining (18 mining equipment units).

US$1M agro-technology transfer for coffee farming through AGROSYSTEM.

Initiated five cooperation frameworks with the Government of Trinidad and Tobago across trade, tourism, health, oil & gas, and culture.

Supported and officially launched the Roosevelt Rhino Campaign in the U.S., strengthening Uganda–U.S. conservation diplomacy.

Established partnerships for alternative cancer financing, engaging Ugandan diaspora and global health partners.

Facilitated a 5-year, US$1.5 billion U.S.–Uganda co-investment MOU to strengthen Uganda's health system.

Facilitated the visit of H.E. the Vice President of Uganda to the U.S. for the Washington Peace Accords ceremony and high-level bilateral engagements.

Held 10 engagements with U.S. policymakers (Congress, Senate, White House) on Uganda's electoral process.

## Variances and Challenges

# VOTE: 510 Uganda Embassy in the United States, Washington

Quarter 2

The Mission low human resource profile is small in relation to the vast area of accreditation located on two different continents, with various climatic conditions and time zones as well as various languages.

Price escalation for services and goods and high standards of living constrains the Mission’s efforts and results in distortion of the work plans.

Uncertainty caused by changing policies and laws of the U.S Government such as AGOA termination in January 2024, non-tariff barriers, visa restrictions, negative travel advisories.

Limited coordination and inadequate sharing of information between the Mission and the respective government MDAs.

Uncertain policy environment due to changing policies of U.S government.

Governance challenges and travel advisories causing investors to lose confidence in Uganda as a business.

## Variances and Challenges

# VOTE: 511 Uganda Embassy in Egypt, Cairo

Quarter 2

By end of Quarter two, the Mission had received 50% of its budget as planned and spent 74.9% of the released funds. Most of the activities planned for the quarter were not implemented because the Mission experienced a backlog from the previous quarter which overlapped from quarter one and affected the implementation of quarter two activities. This was mainly caused by change in the Accounting Officer's roles and the Finance Attaché.

The key challenges faced include;

The obstruction of Quarter one activities by the visit of H.E the President caused Quarter one activities to overlap to Quarter two and this affected implementation of Q2 activities

The Programme Budgeting System (PBS) was not fully understood by staff and this affected timely preparation of the quarterly performance report on the system.

## Variances and Challenges

- Delays in Release of funds
- Limited Human Personnel given the Multilateral nature of the Mission
- High cost of Living in Addis Ababa that necessitates upgrade of Mission Addis Ababa to grade A mission
- Loss on poundage attributed to ever fluctuating forex rates
- Limited Resource Envelope which hinders optimal delivery of our mandate
- Tight trade and fiscal policies of the Host
- Immigration challenges for Ugandan ordinary passport holders coming into Ethiopia
- Rising number of distressed Ugandans arriving in Ethiopia through Kenya
-Delayed payment of Compulsory AU subscription fees

## Performance highlights for the Quarter

GROWTH OF DIGITAL TOURISM PLATFORMS
(i) Two professional live streams were hosted during the China International Tourism Industry Expo and the Great Wall Tourism promotion event, resulting in significant viewer engagement and follower growth.
(ii) The Embassy's Social Media WeChat account was successfully verified by Tencent on December 17th, 2025. The account is regularly updated and currently boasts 1,100 followers
(iii) 02 travel agencies (GZL International and U Tour Group) were engaged and have now developed tourism packages for Uganda. U Tour has already uploaded the Uganda packages onto its platform.

STRATEGIC TRADE AND INVESTMENT ENGAGEMENTS
(i) China chili export agreement has been strong, marked by the successful shipment of the first 11 metric tonnes of dried chili to China in late November 2025, operationalizing the 2024 market access agreement.
(ii) Three Chinese companies that participated in 2025 Coffee Awareness tour to Uganda purchased coffee from Uganda as follows;
(a) Guangdong Elgon ltd procured 7000kg
(b) Hodgood coffee procured 1,727kgs
(c) Jiangsu Fortune procured 333kgs
(iii) Uganda's Ministry of Agriculture, Animal Industry and Fisheries and Cotti Supply Chain (Anhu) Ltd. Signed an agreement establishing a long-term framework to link Ugandan coffee farmers and processors directly with Cotti Coffee's extensive retail network of over 7,500 outlets in 28 countries.

COOPERATION AND PARTNERSHIPS
(i) Makerere University signed an MoU with Nanjing Agricultural University to boost agricultural research and innovation in Uganda, continuing work on high-yield crops and livestock.

PROVISION OF CONSULAR SERVICE
(i) Assisted 09 Ugandans to return back home after illegal stay capture, two of whom were children born to a mother who had illegally stayed in China for 6 years.
(ii) Facilitated 16 Ugandans, who had lost or expired passports, with Temporary travel documents

## Variances and Challenges

(i) Inadequate volume, quality, and range of products to market including lack of detailed export product profiles or information
(ii) Delayed commencement of a direct flight between Entebbe and Guangzhou by Uganda Airlines.
(iii) Chinese calendar hinders performance within specific quarters in the year due to the closure of government offices

## Performance highlights for the Quarter

Successfully organized the 63rd independence day celebrations

Successfully organised and held two diaspora engagements in Geneva and Zurich to lobby them for National development

Successfully participated in the SIHE, Lugano (Tourism exhibition)

## Variances and Challenges

Parallel meetings in other organizations leading to conflicting schedules
Non travel to New York for the UNGA due to the political developments in the USA directly affecting visa issuance

The on-going funding crises in the UN and other international organisations

## Performance highlights for the Quarter

1. The mission coordinated the follow up discussions held between the Minister of Energy and Mineral Development Hon. Ruth Nankabirwa and the Governor of the Japan Bank for International Cooperation in Tokyo on 7th December 2025. Progress is being made to finalise and secure the USD 200 million concessionary loan from JBIC under the Bank's Green Energy Financing Facility to facilitate the implementation of the project.

2. The mission coordinated a meeting between the Minister of Energy and Mineral Development Hon. Ruth Nankabirwa and Mr. Okumoto Masakatsu, Director of Africa Division 2- Japan International Cooperation Agency (JICA) where the latter (JICA) expressed readiness to support Regional Power Projects in Uganda and requested for a list of such projects to be submitted by the Ministry of Energy and Mineral Development for consideration.

3. The mission coordinated a meeting between the Permanent Secretary of the Ministry of Health, Dr. Diana Atwine and Dr. Akira Suzuki from Japan Advanced Medical Intelligence Center (JAMIC) where the latter's (JAMIC) interest to establish a medical center in Uganda for the treatment of non-communicable diseases such as diabetes and cancer using bone marrow stem cells and neutral radiation without bisecting the skin of a patient was discussed and JAMIC was assured of Uganda Government's readiness to provide necessary support and encouraged to establish the medical center at the earliest opportunity possible.

4. Following the successful interactions between the Ugandan companies and the Japanese companies, UNIDO-ITPO Tokyo office in collaboration with Uganda Embassy Tokyo organised an online Uganda Delegate Programme where a series of one-on-one online meetings were held between Uganda Investment Authority (Mr. Adam Mutebi, Investment Executive Officer) and several Japanese companies and information on existing investment opportunities in Uganda shared.

## Variances and Challenges

1. Coordination Gaps Across Key Stakeholders: Aligning priorities due to coordination challenges.
2. Weak branding. This leaves smaller economies like Uganda disadvantaged.
3. ECD technicalities: Diplomats must navigate the technical subjects that require specialized knowledge.

| 2 major tourism exhibitions participated in Japan and South Korea promoting Uganda's tourism to attract tourism arrivals, investments and partnerships into the sector | 1. Tourism Exhibition Japan (TEJ) 2025, Aichi–Nagoya:<br>The Mission secured exhibition space and supported five Ugandan tour companies to showcase Uganda's tourism potential. Awareness of Uganda's wildlife and tourism resources—particularly the mountain gorilla, tree-climbing lion, and shoebill—was strengthened, with hundreds of potential tourist leads engaged. Ugandan products such as coffee, vanilla, and handicrafts were promoted through sampling and sales. Increased awareness was evident as Japanese visitors no longer asked basic questions about Uganda's location.<br><br>2. Seoul Africa Festival 2025, South Korea:<br>The Mission facilitated Uganda's participation in partnership with the Ugandan Diaspora, promoting culture, eco-tourism, and cuisine. Several potential tourist leads were engaged, while Chapati, Rolex, and Mandazi attracted large crowds, stimulated interaction, and created shared cultural experiences. | |

## Variances and Challenges

Lack of vehicles to facilitate the embassy in execution of its mandate and duties.
High fixed cost for example rent costs.
Limited funding to enable the vote to handle its mandate especially handling the issues of distressed Ugandan migrant workers
Lack of investment protection and promotion agreements and double taxation agreements with the countries of accreditation.
The mission is inadequately facilitated to handle all the distressed calls and yet pressure is usually mounted from different authorities to handle and resolve individual cases as and when communication is received.
Critical but unplanned activities that need to be carried out during the budget execution
Increased number of distressed Ugandans living in the countries of accreditation.
Due to the existing budget constraints, the mission is unable to secure more shelters in the major cities of Saudi Arabia where there is an increasing influx of Ugandan migrant workers.
Limited human capital at the embassy to handle the ever-increasing number of distressed Ugandan migrant workers in Saudi Arabia and the countries of accreditation

Quarter 2

## Performance highlights for the Quarter

1. NAM ministerial Summit held in Kampala where Uganda is the current chair.
2. Attended the EU AU Summit in Angola.
3. Held preparatory meeting of the Multi Annual Finance Framework from the EU for climate finance.
4. Hosted the UTB delegation for show case and preparation for the Gorilla Road Show scheduled for February 2026.
5. Held NABC meeting in preparation for the Horti and Agri trade mission scheduled for April 2026.
6. Participated in the Uganda Diaspora day celebrations in Amsterdam.
7. Construction progress of the new official residence. The Contracts Management Team members together with Mission staff have been working together for supervision , monitoring and giving technical guidance.
8. Formulated and submitted the Five year strategic plan for the Mission with the help of official from Uganda National Planning Authority.
9. The Mission staff were also trained the Service Delivery Standards by the same officer from Uganda National Planning Authority.
10. Celebrated the Uganda Independence Day at the chancery.

## Variances and Challenges

1. No funds for the maintenance and renovation of the chancery. It has a serious leakage within the basement which requires a big budget.
2. No funds for the renovation of the old official residence. It has a leaking roof which requires complete removal. It is suspected the roof is of asbestos materials.
3. Most Tourism Expos were not carried out as planned due unforeseeable events. Hence they were committed and rescheduled for January and February 2026.

## Performance highlights for the Quarter

During the period under review, the Mission registered the following Key achievements ;

-Coordinated and facilitated the official visit of the Director General of the Food and Agriculture Organization (FAO) to Uganda, culminating in a bilateral meeting with H.E. President Yoweri Kaguta Museveni at State House Entebbe. The engagements reaffirmed cooperation in transforming Uganda's agri-food systems, promoting climate-smart agriculture and strengthening agricultural value chains.

-Lobbied and secured establishment of the Coffee Training Hub in Uganda, resulting in disbursement of a €12 million grant for the project initiation phase covering infrastructure development, land acquisition and youth skills training.

-Facilitated negotiations with the Government of Italy leading to approval of a €120 million loan for the Coffee Project and continued engagement to fast-track implementation and enhance value addition in Uganda's coffee sector.

-Initiated cooperation discussions on waste management through a proposal to convert the Kiteezi landfill into energy and fertiliser, following engagements during the official visit of the Rt. Hon. Prime Minister of Uganda to Italy, aimed at supporting sustainable urban development and environmental management.

## Variances and Challenges

The Mission faces the following challenges;
-The budget cuts for Travel Abroad and Inland have constrained to finance travels to execute the objectives of the Mission in Italy and eleven countries of accreditation and three UN Agencies. This has affected our performance. As a mission we can be more impactful to Uganda when travels are made to areas of accreditation in order to promote our interests through linking business with agreed business delegations and mobilize FDI among others.

-The current premises of the Chancery of the Embassy of the Republic of Uganda in Rome is located in a semi residential area, this continues to present challenges of;
* Lack of visibility to adequately project a positive image of Uganda as a country
*It does not promote a sense of accessibility
*Lack of proximity to host key government facilities, embassies of other countries and businesses and cultural centers

## Performance highlights for the Quarter

Trade and Economic Diplomacy:
The Embassy organized the Uganda–DRC Business Connect Forum in Butembo (16–19 October 2025), producing two business-to-business letters of intent and one business-to-government cooperation on health and social services with North Kivu Province. Follow-up included a North Kivu delegation visit to Uganda's Presidential Initiative on Banana Industrial Research and Development and a proposed MoU. Trade cooperation was further advanced through engagement between North Kivu FEC and UNCCI and initiation of collaboration with Haut-Katanga FEC in Lubumbashi, agreeing to host a Uganda–DRC Business Connect Forum.
Infrastructure and Regional Integration:
The Mission participated in the Uganda–DRC road project (Mpondwe/Kasindi–Beni–Butembo) on 14 November 2025.
High-Level Diplomacy and Security:
Engagements included coordination of special envoys and ministerial visits, preparations for the 9th Uganda–DRC Joint Permanent Commission, visa-waiver discussions, Letters of Credence for Cameroon, Congo Brazzaville, and CAR, and participation in ICGLR sectoral meetings, the 9th ICGLR Summit, and the Ad-Hoc ROM Summit on eastern DRC security.
Public Diplomacy, Academia, and Diaspora:
Tourism promotion and public diplomacy were advanced during Uganda's 63rd Independence celebrations and CAR engagements, including distribution of 400 tourism materials and agreement on a FAM trip. Academic cooperation was promoted through the MAK–UIRI–CTA Triple Helix Initiative. Diaspora engagement was strengthened through meetings and consular outreach in Kinshasa and Lubumbashi.
Institutional Capacity:
Capacity building included a staff retreat, French language studies, MS Navision installation and training, audit responses, ICT upgrades, workplan and budget submissions, and participation in the 3rd AAAG Conference in Ghana.

## Variances and Challenges

# VOTE: 520 Uganda Embassy in DRC, Kinshasa

Quarter 2

1. The Mission is affected by loss on Poundage at the time Budget vs the time of Funds release and the daily expenditure rates.
2. The Mission is currently renting and operating Embassy activities in a small rented apartment.
3. The Mission cars were vandalised and burnt down during the February 2025 attack so the movement of staff in the Embassy is difficult.
4. Delayed accreditation of the Head of Mission in the other countries thus affecting our bilateral relations.
5. The continuous budget cuts and lack of increase in ceiling of the Embassy's budget affects the embassy's operations amidst the rising costs of living in DRC and the other countries of accreditation.
6. Inadequate personnel especially the Home-Based Staff (Foreign service Officers). The structure of the Embassy provides for 1+2 (the Ambassador with two other staff) and yet the countries covered are many. This stretches the limited staff.
7. The lack of provision of risk allowance to staff in the Embassy in Kinshasa and the Liaison office in Goma and yet these areas are classified as high-risk zones. There is need to urgently provide risk allowance to the staff.
8. Inadequate transport facilities for the staff in Kinshasa and Goma since all the Embassy vehicles were completely vandalized and burnt during the recent demonstrations in Kinshasa.
9. Difficulties in securing appointments in countries of accreditation.
10. Delayed responses from stakeholders and MDAs, especially the countries of accreditation on confirmation of the planned business and investment forum.
11. Ongoing political activities/legislative programmes in Gabon, Central African Republic, Cameroon and Congo Brazzaville where they requested to first differ the Business/Investment meetings until later next year as they are conducting elections.
12. Political and security challenges, especially in DRC where the country is still focused on management of security in eastern DRC with less commitment on the panned business/investment program

## Performance highlights for the Quarter

Identified and engaged key global tourism and digital players including leading OTAs, travel marketplaces, and premium tour operators as potential partners and growth drivers for Uganda's tourism and investment sector.

Successfully promoted Uganda as a destination for business travel and meetings at the IBTM Tourism Expo in France, reinforcing Uganda's re-entry and competitiveness in the global MICE market.

Strengthened two strategic media partnerships, resulting in a 22-page feature on Uganda in Voyager Ici & Ailleurs (circulation of 100,000 copies) and the production of a 50-minute Échappées Belles television episode with an expected audience of over 2 million viewers.

Participated in key multilateral forums, including the 3rd AAAG Annual Conference in Ghana and the 25th Session of the General Assembly of States Parties to the World Heritage Convention, strengthening Uganda's regional and international presence.
Successfully organised Uganda's Independence Day celebrations, integrating diaspora services (NIRA registration), diplomatic engagement, diaspora mobilisation, and promotion of Uganda's cultural, tourism, and investment potential.

Represented Uganda at the Tilenga Week Exhibition, enhancing engagement in the Tilenga oil and gas project while promoting Uganda's key exports of coffee, tea, and handicrafts to international stakeholders.

Conducted four high-level engagements with UNESCO World Heritage representatives and diplomatic and political leaders from France, Morocco, and Japan to promote heritage conservation, tourism, and foreign investment in Uganda.

Participated in the 43rd UNESCO General Conference, contributing to Uganda's election to the UNESCO Executive Board (2025–2027), supporting the election of the UNESCO Director General, and advancing the recognition of Kiswahili as an official conference language.

## Variances and Challenges

Bureaucratic procedures within the French Government occasionally delayed the execution of Mission projects.

Increased operational expenses due to the high cost of living for staff and other services in France, particularly for activities requiring venue hire and related services.

Inadequate staffing levels at the Mission constraining the timely execution of operations and implementation of planned activities.
