## Variances and Challenges

# VOTE: 523 Uganda Embassy in Germany, Berlin

Quarter 2

During Q2 FY 2025/2026, the Mission continues to experience the following challenges
1. High fixed costs such as rent, Medical and Allowances that exhausts all the funds that would be used to facilitate work
2. Lack of Capital Development funds to procure capital assets such as Chancery building, Motor vehicles, furniture and Computers
3. Insufficient budget allocations to cover 10 Countries of accreditation
4. Low staffing levels to cover the wide area of Countries of accreditation including the 6 UN organizations
5. High costs of living in Germany being a developed Country with high living standards

Plans to improve performance by addressing the above challenges
1. Ministry of Finance should consider increasing the Mission budget allocations to match with its high fixed costs
2. Government should provide Capital Development funds to procure capital assets to cut on the rental costs and get rid of obsolete stock of vehicles and donated furniture
3. Government should appropriate more budget allocations to enable the Embassy cover all the Countries of accreditation to promote Uganda's interests, given the fact that Germany being the third largest economy in the World
4. Increase staffing levels to cover the wide area of accreditation
5. Enhancement of the Foreign Service Allowances and Salaries for contract staff to match with the high standards of living in the areas of operation in all Countries of accreditation

Quarter 2

## Performance highlights for the Quarter

1. Held the 3rd Uganda-Russia Intergovernmental Commission on Economic, Scientific and Technical Cooperation where government to government and business to business discussions were held. One MoU was signed between Makerere University and Higher School of Economics and seven MoUs were concluded for signing. A joint communique was signed on technical cooperation.
2. Coordinated the signing of an MoU between Kyambogo University and Petrovsky Academy of Arts and Sciences to train Russian language in Uganda.
3. Held a familiarization trip to Uganda to boost tourism where six Russian influencers/content producers visited game parks and cultural sites and produced videos which were posted on social media sites to promote tourism in Uganda.
4. Participated in five conferences to promote cooperation,
5. Sourced 24 scholarships; 12 scholarships for training on Cyber Security and 12 scholarships for security personnel from Uganda.
6. Initiated a program with Financial University, Russia to train embassy staff Russian language.
7. Held 3 engagements on employment and skilling; two engagements in Alabuga special economic zone where the Minister of Gender and MoFA officers met stake holders and Ugandan beneficiaries and one where Head of Mission met officials from Mordovia Republic’s special economic zone.
8. Held 4 engagements on technology transfer and innovation; four in Perm where staff visited a University and 3 companies, and one meeting with the Belarus Deputy Minister of Foreign Affairs during the Russia-Belarus forum.
9. Held a staff retreat to review work plans and prepare the Budget Framework Paper.
10. Held 13 press briefs or conferences on mission activities.
11. Held the celebration of the 63rd Independence Anniversary and commemorated establishment of diplomatic relations between Uganda and the Russian Federation.
12. Issued 79 visas, certified 13 documents and aided 12 distressed Ugandans from countries of accreditation

## Variances and Challenges

1. The Mission has initiated more than 7 MoUs in the areas of economic and political diplomacy as well as education and health care that are at various stages of approval. This frustrates the efforts to further develop the links between countries of accreditation and the regions in the Russian Federation.
2. The Mission maintains an aging fleet of vehicles with all the 4 cars purchased more than 6 years ago. 3 out of the 4 have reached their maximum vehicle utilization mileage. These vehicles ought to be replaced.
3. The Embassy currently rents the Chancery and Official Residence at UGX. 671,214,360 annually. Over 5 years this will cost the Mission a total of UGX. 3,356,071,800. The cost of rent will greatly reduce if the Embassy owns its Chancery and Official Residence. However, in the FY 2025/26, the Mission has not been allocated funds for acquisition of property.
4. The deactivation of the SWIFT system in the Russian Federation as a result of sanctions imposed due to the special operation in Ukraine continues to increases cost of operation through additional costs in travel abroad and increased exchange losses due to high rates.
5. The increasing number of Ugandan citizens in the countries of accreditation has led to an increase in the number of distress citizens which puts a strain on the Mission resources.

## Performance highlights for the Quarter

During the Quarter the Mission was able to register the following:
1. The Mission Handled 3 investor engagements out of which two investors were attracted to setup a Geotechnical Laboratory and to explore the mining, processing and export of bentonite
2. The Mission participated in the International Mining and Resources conferences in Sydney where the Assistant Commissioner Licensing and Administration made a presentation that captivated mining CEOs of mining companies and promoted opportunities in Uganda's Mineral Industry.
3. The Mission organised 3 tourism roadshows in three major Australian cities of Sydney, Perth, and Melbourne which enhanced awareness of Uganda’s tourism offerings within the Australian market.
4. Uganda Mission in Canberra was awarded a medal of excellence at the WARESA Oceania Awards , University of Melbourne for attending to Ugandan and African Students affairs.
5. The Mission Received letters of acremo to present letters of credence to Solomon Islands and The Independent State of Samoa.
6. Participated in African Group Business Forum in Melbourne Virtual meeting and Uganda-New Zealand Investment Forum in Auckland.
7. Organised a Business Forum in Mills Park Centre City in Gosnells’ Perth.
8. Three (3) Business to Business meetings were organised during the road shows in Sydney, Perth and Melbourne
9. The Mission held three (3) Engagements with Christian parishes, dioceses, and faith-based organisations across different cities to promote Christian tourism.
10. Registered 6,233 tourist arrivals to Uganda from the oceanic region.
11. Carried 4 consular clinics in Perth, Wagga Wagga, Ballarat & Auckland;
12. Processed 120 passport, 30 dual citizenship, 250 National I.D registration applications and handled 500 online visa application challenges.
13. The Mission celebrated the 63rd Independence Day in Perth Western Australia and national days of 6 other countries including China, Kenya, Botswana, U.A.E, Angola etc.

## Variances and Challenges

The Mission continues to encounter the following challenges during implementation of planned activities:
1. High logistical and travel costs associated with covering multiple Australian cities and facilitation of expert participation
2. Limited funds to fully implement the Mission’s interventions under promotion of commercial and economic diplomacy as well as other priority activities given the large geographical area of coverage for the Mission.
3. Harsh weather conditions characterised by bush fires and floods, affecting planned activities in the affected areas thus causing delays or non-execution of these activities.
4. Expensive & prohibitive child care policy of the host country that makes it difficult for staff with children. This is exacerbated by the general high cost of living in Australia.
5. Time difference between Uganda and Australia leading to delays in communication and decision making.
6. Poor working condition of the utility vehicle which breaks down frequently affecting mobility of staff for field activities thus delays in implementation of activities due to lack of transport.
7. Negative media reports and social media posts that impact negatively on the image of the country.

## Variances and Challenges

# VOTE: 528 Uganda Embassy in United Arab Emirates, Abudhabi

Quarter 2

1. Insufficient funds for labor and Consular services which are part of the core mandate of the embassy. These activities require travelling by road from Abu Dhabi to the six emirates.
2. Lack of a dedicated Labor attaché to handle labor issues
3. High increase of forged documents presented for attestation
4. Reluctance of Ugandans in the UAE to register with the embassy.
5. The Embassy does not have its own Chancery premises and therefore incurs high costs on rent.
6. High operational costs for the rescue accommodations yet on average the embassy receives 10 distressed Ugandan domestic workers seeking assistance though the number is even higher in Dubai. The rescue accommodation also requires operational funds to cater for utilities like water, electricity for cooling, lighting and cooking, welfare while at the facility to include meals, sanitary supplies and medical care. The facility also requires a full-time staff to cook, clean and manage the admission and exit of the distressed domestic workers from the facility.
7. Medical expenses- It is required in UAE that staff are covered under the National Health Medical Insurance Scheme. Currently the embassy can only afford a basic package for local staff which is doesn’t provide 100% coverage.
8. Uganda Embassy in Abu Dhabi and the Consulate in Dubai experiences extremely hot conditions which increases the cost of cooling residential accommodation and offices, exposes staff to adverse health conditions arising from extreme heat and increases the cost of living.
9. The Consulate requires a utility van to support the Consular services especially going to prisons, and hospitals and executing rescue operations. It can also be used to facilitate transits, and airport pick ups.
10. Dubai is transit airport for most of the VVIPs, this implies they require VIP services during transit. The Embassy staff are overwhelmed while facilitating these transits for entitled persons since it requires travel to Dubai.

## Performance highlights for the Quarter

- Promoted Uganda cultural tourism, during the Independence Day celebration. The event was attended by about 400 people
-The Mission organized a Burundi – Alumni event on 12 December 2025. The event attracted about 302 Burundians that studied from Uganda at different levels. The purpose of the event was to promote Education tourism for Uganda.
-The Mission participated in the 2025 world tourism day that took at Kibira National Park and Donatus Conference Centre
-Facilitated the travel of H.E Prosper Bazombanza, the Vice President of Burundi and his team with Protocol services to Uganda to attend the ADHOC Summit on the security situation in DRC
-Participated in the launch of the campaign of sixteen days against violence of women and children in Gitega. This was intended to protect the rights of women and girl child. It was launched by the First Lady of the Republic of Burundi
-Attended a briefing by Amb. Edouard Bizimana, the Minister of Foreign Affairs, Regional integration and development Cooperation of the Republic of Burundi to the Diplomatic corps on the security situation in Burundi and Eastern DRC
-Participated on the 4th edition of the continental dialogue on the youth, peace and security Agenda and was hosted by the President of Burundi
-Attended Turkey National Day
-Participated in the Kenya Marathon Day. The event was intended to mobilize funds to assist the bright but vulnerable children in school.
-The Mission offered consular services to Mugerwa Fred, David Moller and Erias Safari who were imprisoned in Burundi
-Conducted a market survey on Uganda Products that are accessing market in Burundi.
-The mission continued to engage the government of the republic of Burundi on the supply of Uganda Sugar to access Burundi market.
-The Mission mobilized all the schools offering Uganda curriculum and facilitated officials from Ministry of Education and Sports and UNEB to assess the schools for the establishment of a UNEB Center in Burundi

## Variances and Challenges

1- Fuel: Supply of fuel is rationed which limits Embassy activities
2- Electricity: Unstable electricity leads to time loss and weaken the performance of machines and equipment’s life.
3- Internet connectivity: Lack of reliable internet connectivity , coupled with time loss in tethering, curtails performance

## Performance highlights for the Quarter

Performance Highlights
i) Organised the second Annual Silverback Christmas event in Guangzhou, which was attended by over 300 guests from the tourism, hospitality and business industries. This initiative delivered measurable impact, increased brand awareness and direct tourist visits, solidifying Uganda’s position as a must-visit destination in the Chinese market.

ii) Participated in five (5) trade, investment and tourism expos i.e. World Food and Agricultural Expo Shenzhen , China Import & Export fair , the 17th China Hitech Fair , Shenzhen International Tourism Expo , Hainan International Winter Trade Fair for Tropical Agricultural products , and the 2025 South Eastern China Modern Agriculture Expo& Flower Expo in Zhangzhou Fujian Province in which relevant companies dealing in Ugandan agricultural products and tourism were availed an opportunity to exhibit and showcase various Ugandan products and services. Relevant information relating to investment in Uganda, the tourism , mining and trade sectors was shared with visitors and expo attendants

iii)Facilitated a trade and business delegation to Uganda i.e Globelink Investment Group to advance discussions on strategic investment cooperation in key priority areas including clean energy development , medical and pharmaceutical manufacturing , mining and minerals processing which align closely with the NDP IV and the countries industrialisation Agenda. High-level meetings with H.E the president , Ministry of Health and Ministry of Energy were held with potential investment proposals now underway

v) 01 lead institution engaged for research and innovation partnership: engagement with Tsinghua Shenzhen International Graduate School (Tsinghua SIGS) resulted in a draft MoU with Makerere University covering joint research, student/faculty exchange and industry-linked programmes (including AI, robotics, smart manufacturing and green energy technologies).

## Variances and Challenges

# VOTE: 530 Uganda Consulate in China, Guangzhou

Quarter 2

Variances
Variances in performance is as a result of Rescheduling of some activities to Quarter 3

Challenges
Delayed commencement of a Direct flight between Entebbe and Guangzhou by Uganda Airlines. There are numerous trade and commercial connections and opportunities to be reaped from the commencement of this flight for example Affordable flight costs to and from Uganda for Chinese tourists and potential investors and timely transportation of Ugandan Agricultural products like coffee , beef , fruits and vegetables among others which are on a very high demand.

Limited number of developed tourism products for marketing as well as low interest in the Chinese market by Ugandan Tour and Travel agencies Failure by most exporters in Uganda to register on the General Administration of Customs of the People's Republic of China (GACC) . As a result , some of the duty free and quota fee provisions on Uganda products to China are underutilized . It's a requirement by Chinese Government for exporters of goods to China to register on the GACC system

Limited responsiveness by MDAs and private sector players to available opportunities with particular regard to trade and tourism promotion opportunities such as fairs and exhibitions .

Increased number of Ugandan women involved in prostitution especially in Guangzhou City . This has contributed to many Ugandan business women being denied visas in addition to immensely tarnishing the image of Ugandan women in Guangzhou

## Variances and Challenges

• During Q1 the embassy vehicle Volkswagen 06 CD 6157 was submerged by floods caused by heavy rain which caused damage to the engine. The process of receiving compensation from the insurance service provider is still ongoing. Furthermore, the embassy vehicle Audi 06 CD 6451 due to the high mileage it has accumulated overtime, has become prone to a number of mechanical challenges that have left it grounded currently. This has strained the embassy remaining fleet and increased costs of transportation and car hire. In addition, it has created unforeseen costs and logistical challenges having two cars down in the Embassy Fleet which affects the implementation of some activities.
• Ongoing rise in inflation distorts prices and negatively affects the cost of living.
• There are significant foreign exchange fluctuations with reduction in the value of the Turkish Lira against the dollar. This exposes the Embassy to foreign exchange losses and high prices of goods and services.
• The Embassy does not own its building for the Chancery and the Official Residence. This exposes the Embassy to the risk of landlords increasing rent prices amidst the high inflation rates that Turkiye is currently facing.
• The Embassy faces a challenge of high costs of repair and maintenance costs caused by very high mileage the cars have accumulated overtime. In addition, it creates logistical challenges in the implementation of some activities. It also leads to high car hire costs during the implementation of activities.

## Variances and Challenges

# VOTE: 532 Uganda Embassy in Somalia, Mogadishu

Quarter 2

1. Shortage in wage for local staff
2. Security threat from extremists/terrorists.
3. The salinity and corrosive nature of the environment in Somalia that requires a lot of funds on maintenance costs of Mission properties.
4. Limited data on tourism, trade and investment to support negotiations with the host country.
5. Low response of Ugandans to trade fares due to past political instabilities.
6. Lack of harmonized trade policy frameworks.
7. Inadequate institutional capacity to provide consular services for distressed Ugandans in countries of accreditation.
8. Increasing tariff and non-tariff barriers against Uganda exports within Somalia.
9. Difficulty in mobilizing the Ugandans in the Somalia Diaspora, many of whom prefer to remain covered (in Somalia).
10. Shortage of basic needs, such as the internet, making accessibility and communication very hard.
11. Inadequate funding for most mission activities, as approximately 80% of the funds released from the Treasury are spent on fixed costs such as rent and staff salaries; thereafter, leaving very limited resources to fund planned activities.
12. Inadequate physical, financial and human resources to cover the vast area of Somalia.
13. Late release of funds, which has affected the timely implementation of planned activities of the Mission to effectively execute its mandate.
14. Inadequate Foreign Service Allowance and Education Allowance of children of Foreign Service Officers.

## Performance highlights for the Quarter

1. The 4th Uganda- Kenya Coast Tourism Conference was held from 27th- 28th October 2025 at Ocean Beach Resort and Spa in Malindi. The Conference was aimed at increasing the number of local and international tourists visiting Uganda. It was preceded by a fam trip to the Kenya Coast by Uganda tour operators. They visited a number of tourism sites at the Kenya Coast and benchmarked on the best practices such as hotel management and service in hotels and other places of accommodation. The Conference was official opened by Hon. Rebecca Miano, the Cabinet Secretary for Tourism and Wildlife of the Republic of Kenya and it focused on leveraging youth, innovation and technology for responsive and inclusive tourism. Young people from Uganda showcased innovations in tourism such as the TourUg App by Mr. Mandela Mubarak Swaib which is an AI- powered safari platform that connects tourists and travellers to destinations and tour service providers. Ugandan tourism stakeholders were also able to participate in B2B where a number of partnerships were formed aimed at fostering tourism between Uganda and Kenya. The Uganda- Kenya Coast Tourism Conference has become a calendar event at the Kenya Coast and one of the proposals by the Kenyan stakeholders is to expand it to cover the rest of Kenya in order to maximize the benefits.

2. The 2025 fam trip to Uganda was held from 2nd- 9th November 2025. The mission organized the fam trip where thirty (30) tour operators from Kenya visited tourism sites in Uganda including Bwindi Impenetrable National Park, Bulange, Kasubi tombs and Kabaka’s Palace in Mengo, River Nile (Adventure tourism) Ewaffe Cultural Village (Cultural tourism). The fam trip was aimed at exposing to the Kenyan tour operators, the niche tourism products so that they can sell from a point of knowledge. After the fam trip, one of the participants in the fam trip, Ms. Ann Kendi from Unique Preen Safaris took sixty (60) tourists from Kenya to visit Uganda an indication that she

## Performance highlights for the Quarter

1. Organized the 2nd edition of the Uganda- Qatar Business Forum at Rotana City Hotel, Doha, attended by approximately 100 participants, to showcase Uganda's trade and investment opportunities. During the forum, the Mission also facilitated high- level side meetings with strategic institutions, including Qatar Mining Company, to encourage investment in Uganda's mineral resources.

2. Three strategic engagements were held with Qatar airway, Qatar investment authority and destination Qatar for joint promotion of Uganda's tourism in the Qatar market. Resultantly, the Embassy developed a draft MoU for cooperation with Qatar airways. The MoU was submitted to the Ministry of foreign affairs Kampala for stakeholders' input.

3. The Mission also organized the Second Uganda–Qatar Diaspora Convention, attended by approximately 400 diaspora members. Participants were sensitized on small and micro investment opportunities in Uganda and Qatar, passport and national ID renewals, diaspora access to justice, and safe land acquisition processes.

4. A 10-day gastronomy and cultural immersion trip to Uganda was successfully conducted in December 2025 for Qatari influencers and content creators, covering all the regions in Uganda. The experience showcased Uganda's culinary heritage, agro-export value chains, and cultural diversity. High-quality destination and gastronomy content was produced to position Uganda as a gastronomy tourism destination and promote agro-export products in the Qatari market.

5. Issued 104 temporarily certificates of identity to Ugandans (including those at the deportation-94) who had lost/expired passports to facilitate them to travel back home.

6. Made 12 consular visits to Detention Centers (05) and Deportation Court (07) to attend to Ugandans who needed consular assistance.

7. Issued 27 Ugandans with letters of confirmation of residence in Qatar to facilitate renewal/replacement of passports (19), and registration of Newborns (08).

## Variances and Challenges

The Mission continues to face challenges of; -

1. Lack of timely feedback from Headquarters on the different signed MoUS to facilitate full implementation despite the continuous reminders.

2. Under funding in critical staff and operational areas

3. The need for a driver for Consular vehicle to ease of consular movements and performance.

## Performance highlights for the Quarter

All the 135 district LGs are conducting Environmental screening for the projects and are carrying out monitoring visits to the fragile ecosystems to monitor the situations.
Community sensitisation on the role of the Environment towards sustainability of the infrastructure being established is also being done across all LGs where construction is on going.

## Variances and Challenges

Prolonged droughts and heavy rains due to climate change is affecting implementation of environmental safeguards as the seasons are not clear anymore.

The size of the ENR grant verses the demands for environment activities such as restoration and all is a big issues.

The increasing demand for inclusion of the urban centres like municipalities and cities remains a challenge given the grant is still meager

1.SACCOS inspected including ,these included Farmer cooperatives,EMYOOGAs,PDM SACCOs on credit management.

2.With UCA,Sensitization talk shows conducted with support from RDCs on trade policies and regulations to the bussiness community.

3.In conjuction with URSB,MSMEs were registered and trained in different town councils and local government districts.

4.DCOs Participated in the general meeting of cooperatives,technical support on governance was rendered to different cooperatives

5. supported the process of disbursement of PDM Funds to SACCOs

6. Worked with UNBS ,DCOs supported the verification of weights and measures

7.With support from UCA ,Arbitration cases were handled.

8.Various groups were mobilized and assisted to be registered as cooperatives

9. Monitored various value addition facilities in the local governments.

## Variances and Challenges

Inadequate man power in the department to enhance effective service delivery.

Inadequate capacities of the PDM SACCO leaders continue to affect effective implementation of the PDM and EMYOOGA programs in the districts.

Poor mindset about Government programs continue to affect the success of the existing programs.

Lack of basic equipment's/facilities to support financial management in the PDM SACCOs.

Poor saving and loan repayment culture among the culture among the community/SACCO members hence weak SACCOs in the district

Logistical Challenges/lack of transport to undertake field activities

Man Power challenges continue to drag implementation of planned activities
