Expenditure Performance by end of March FY 2019/20

In expenditures in departments, Out of the realized funds worth 31,864,550,000, shillings 28,191,267,000 was utilized by the end of the quarter which is 88% absorption capacity. Only 59% of the Development funds were spent by the end of the second quarter. This is because some projects had just started implementation in the 3rd quarter. The District utilized up to 98% of the wages. This so because the processing of filling the gaps in the Departments of health, education and administration took long to be completed

Planned Expenditures for the FY 2020/21

The overall expenditure allocations to departments have not changed much from those of the last financial year 2019/2020. There has been a slight increase in all the departments save for departments of Roads, community based services, Planning, Audit and natural resources departments. This was due to increased allocation of salary to these department as a result of strengthening service delivery in these departments and increased sector conditional grants across the departments. The decline in other departments has been due to a reduction in funding of external financing to the planning department, policy shift under community department for transferring UWEP and YLFP funds directly to beneficiaries from the MGLSD. While a reduction in Roads was due to a reduction in the DDEG grant to the department. Notably the Administration Department has a increase of 32% as compared to the last year allocations due to increased allocation for gratuity for Local Government and pension for Local Governments as a result of increased staff retiring. The expected funds have been allocated as follows. 24,774,117,000 shillings to wages, 13,611,684,000 shillings to non wage, 3,378,219,000 to domestic development and 937,539,000 shillings to donor development
