Planned Expenditures for the FY 2020/21

There is a general Increase in the Central Government Transfers allocation from 20.8 bn to 27.9 bn from FY 2019/20 to FY 2020/21 respectively mainly arising from the increase allocation under other Government Transfers. Administration has been allocated Ushs. 2.7m an increase from UGX. 1,670m during FY 2019/20 mainly due to allocation under LLG transfers; Produ allocation has increased from Shs. 836m in FY 2019/20 to Shs. 6.1bn due to the allocation under ACDP; Education sector allocation increased from 10.68 bn in FY 2019/20 to 10.78 bn in Fy 2020/21 due to increased allocation under sector Non-wag grant for the UPE; Roads & Engineering sector allocation slightly increased from 0.99 bn to 1.1 bn in FY 2020/21 due to increased non-wage allocation under URF. Overall, the Wage allocation slightly increased, the Non-wage recurrent allocation increased from shs. 3.9 bn to 5.2 bn over the same period, while Domestic Development allocation increases from shs. 4.7 bn to 10.09 bn.. However, contribution under Donor Development has decreased from 1b to 0.521b. Most of the capital development projects have been planned for under Health, Education, Works and Production sectors. These range from construction of roads, classrooms and staff houses both in schools and health center. Other recurrent activities have been planned for across departments.

Medium Term Expenditure Plans

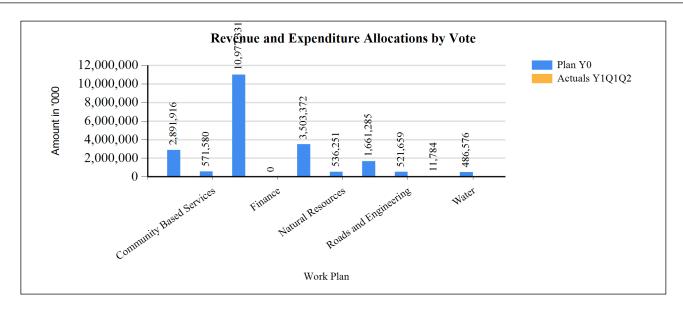

The district plans to Complete the Main Administration Block over the medium term. There are still no clear sources of funding but various stakeholders are being consulted in order to draw strategies for soliciting for funds so as to complete the project which is estimated to cost UGX. 5 billion. Other capital projects such as purchase of vehicles, motorcycles and more construction of facilities under Education and Health have been planned over the medium term. Road works and construction of boreholes continue to be main priorities of the district.

Challenges in Implementation

The district is still grappling with very poor and scattered office accommodation. Coupled with this is the challenge of low local revenue base; it is difficult to supplement the Central Government Transfers for any meaningful development. The situation has actually been worsened by the low donor support to the District. Overall, the district priorities overwhelm the available resources.

FY 2020/21

i) Revenue Performance by March FY 2019/20

Locally Raised Revenues

By the end of third quarter, Local Revenue collection had cumulatively amounted to UGX. 195,695,000 (38%) of the budgeted UGX. 516,876,000. This performance was basically due the Local Revenue Cash limits issued by the MoFPED also was attributed the poor management of the revenue points & remittance of the collected revenues by the Lower Local Government.

Central Government Transfers

By the end of third quarter FY 2019/20, Central Government Transfers (Discretionary, Conditional and Other Gov't Transfers) amounted to UGX 15,670696,000 out of the approved UGX 20,876,168,000, (75%). This was attributed to 77% release under Conditional, 82% Discretionary Government Transfers and 47% release under Other Government Transfers majorly under NUSAF, support to PLE, URF & NTD.

External Financing

By the end of Third quarter, the district had realized only shs. 310,834,000 mainly from UNICEF accounting for only 31% of the approved donor budget (shs.1,000,000,000). This shortfall is attributable to non-remittance from key donors such as Gavi and WHO among others. This has left a big service delivery gap in the district.

ii) Planned Revenues for FY 2020/21

Locally Raised Revenues

The district has maintained its Locally-Raised Revenue estimates at Ushs. 516,876,000. This was due to lack of identification of other viable revenue Sources, Mobilization and collection strategies which can be stepped-up to improve on Local Revenue generations.

Central Government Transfers

Central Government Transfers has generally increased from Ushs. 20,876,176,000 in FY 2019/20 to Ushs. 27,845,501,000 only in FY 2020/21; owing to the new grant under Other Government Transfers (Agriculture Cluster Development Project). However, the district has still prioritized interventions under the key service service delivery sectors aimed at improving livelihoods of the population.

External Financing

Donor funding has continued to diminish. The estimate has reduced from Ushs. 1,000,000,000 only during FY 2019/20 to Ushs. 521,865,000 in the FY. 2020/21 due to its unpredictability. The development indicators are however, still low in the district and hence the need for more donor support in the key service delivery sectors.
