**Quarter2** 

### Summary of Cumulative Receipts, disbursements and expenditure for FY 2021/22

Receipts: By the end of the second quarter, the district had received a total revenue of about 16.398 billion shillings which translates into 43% of the overall approved budget. The slight under performance mainly arose from the failure to realise some funds under external financing ie UNICEF which performed at only 7%, followed by OGT (19%) since the district did not realise funds under DRDIP and NUSAF as planned and discretionary government transfers (35%) as USMID AF was not released as Central Govt transfers. However, the local revenue component was seen to be performing at 61% due to some unspent balances from the previous financial year. Otherwise, the quarter's collection was only less than planned. Disbursements: Out of the total receipts totaling to 16 billion shillings by the end of Q2, Administration accounts for the largest share amounting to 6.089 billion shillings while internal audit the smallest proportion. This is mainly contributed by the pension and gratuity components and funds received for DRDIP activities. Whereas Administration received the largest share of the funds, it should be noted that the department had received only 29% of its approved budget by the end of the second quarter and this was attributed to the fact that DRDIP funds were not received in totality Expenditure: The district by the end of the second quarter had spent a total of 9.869 billion shillings which is equivalent to only 26% of the planned expenditure(approved budget) and 60% of the releases. The under performances were mainly due to delays in processing funds, procurement processes and also because less of the funds approved in the budget was realized

### **Cumulative Performance for Locally Raised Revenues**

By the end of Q2, the district had received approximately 260.905 million shillings under this component representing 61% of the overall approved budget under this component. The over performance was because of unspent balances from the previous financial year amounting to about 76 million shillings which were carried forward to 2021/22. The biggest share (30%) of the own source revenue was contributed by the local service tax while sale non produced assets contributed the smallest share (3.6%). It should also be noted that some sources over performed by more than five folds on average especially land fees (618%), animal and crop related levies (575%), other fees and charges (504%) and this was attributed to the re-opening of most businesses in the economy. The creation of the city on the other hand has contributed to the performance in the land fees component

#### **Cumulative Performance for Central Government Transfers**

By the end of Q2, the district had received a total of 13.566 billion shillings under Central Government Transfers which is equivalent to 59.3% of the approved budget of which 90.7% was conditional while 9.3% was discretionary. By the end of the second quarter, only 35% of the discretionary transfers had been realized and the under performance was because USMID AF funds were released as OGT thus causing a low performance in the DDEG component (19%)

The conditional transfers on the other hand performed at 64% by the end of the quarter and this was attributed to the fact that the district had received 100% of its overall budget for UCG-Wage and production wage. This was because the wage allocation to the district for the entire FY was not adequate to even pay staff salaries for those in the filled positions. The remaining wage was therefore issued by Q2 so as to pay the majority of the staff as supplementary request for additional wage funds was awaiting approval by the parliament and the ministry

#### **Cumulative Performance for Other Government Transfers**

**Quarter2** 

Under OGT, the district had realised a total of Ug x. 2.459 billion shillings by the end of the second quarter and this is equivalent to 19% of approved budget. The under performance was because majority of the OGT sources did not perform as expected. None of the sources performed above 35% except ACDP for which the district received 93% of the planned budget by end of Q2

## **Cumulative Performance for External Financing**

By the end of Q2, Arua district had only realised Ug x.112 million under external financing which accounts for 7% of the overall approved budget of 1.543 billion shillings. This was because the district could not realise funds from UNICEF, BTC and GAVI while EU and WHO performed at only 15% and 24% respectively.

### Summary of Workplan Revenues and Expenditure by Source

The overall revenue out turn of the department for the quarter was approximately 2.543 billion shillings equivalent to 49% of the quarter's plan and 29% of the overall approved budget. This under performance was attributed to the fact that funds under DRDIP were not received in totality as planned resulting into a 14% under performance in the OGT component. Whereas the quarter's revenue generally under performed, there was also an over performance in the recurrent revenue component which resulted from the fact that the department had received 100% of its annual wage by the end of the second quarter. The expenditure performance of the department in the quarter stood 2.578 billion slightly above the revenue received in the quarter due to balances carried forward from the previous quarter due to delays in processing funds for some activities which were instead executed in Q2 . This 50% performance within the quarter was also due to delays in processing some pension files and arrears files thus delays in payment of the pension and salary arrears. Cumulatively, the department has so far spent 4.415 billion shillings representing 21% of the planned annual expenditure. This under performance was also attributed to the fact that the department had only realized 29% of the planned revenue especially DRDIP performing at 8% yet this was covering the biggest percentage of the department's budget The expenditure of the department for the quarter was slightly higher than the quarter's revenues because of Q1 balances that were carried forward for expenditure in Q2

### Reasons for unspent balances on the bank account

Non-wage: A total of 1,264,723,000 remained unspent by the end of the second quarter due to pending files for pensioners leaving some funds unspent and also delays in processing payment for salary arrears due to unverified files Development: Late release of funds for DRDIP which led to delayed expenditure since some of the sub- project funds were not yet released by close of quarter

#### Highlights of physical performance by end of the quarter

Payment of monthly staff salaries and pension Payment of Gratuity Provision of guard and security services Facilitation of monitoring and supervision visits to the sub counties Supply of office consumables Payment of legal expenses Purchase of camera components Provision of courier and postage services Maintenance of vehicles purchase of fuel Maintenance of staff welfare

**Quarter2** 

### Summary of Workplan Revenues and Expenditure by Source

During Q2, the department received a total of 57.701 million shillings representing 184% of the quarter's planned revenue and 68% of the overall approved budget for the FY. The over performance was mainly attributed to the fact that the department received 100% of its approved annual wage by the end of the quarter to cater for staff salaries which were inadequate by that time. This arose from the fact the district was given inadequate ceiling for the financial year which could not enable the district to pay staff for even half of the financial year. The expenditure of the department for the quarter over performed by more than a fold (221%) compared to the quarter's plan and 57% of the overall budget. This resulted from delays in processing funds, and the procurement processes for some activities meant to be implemented in the previous quarter which were carried forwrad to Q2 and receipt of 100% of the wage by the end of the quarter. This is also why the expenditure for the quarter was slightly exceeding the total revenues

### Reasons for unspent balances on the bank account

Wage: The unspent balance is Negligible worth 57,624 only Non wage: 18 million was not spent by the close of the quarter because most of the activities started late and were rolled over to the next quarter

#### Highlights of physical performance by end of the quarter

During the quarter carried out a number of activities ranging from preparation of Annual accounts, conducting District consultative budget conference, meeting operational IFMS costs to up dating of inventory records and filling of URA returns.

Quarter2

#### Summary of Workplan Revenues and Expenditure by Source

By the end of Q2, the department had received total revenue amounting to 271 million shillings while the quarter's revenue was 163 million shillings representing 67% of the annual planned revenue and 187% of the quarter's planned revenue respectively all of which is recurrent. The over performance was mainly because the department received 100% of its annual planned wage by the end of the second quarter and also realized additional local revenue compared to the plan causing the own source revenue component to over perform by more than two folds. However, this is anticipated to affect the local revenue releases for the next two quarters. Expenditure Cumulatively, the department had spent approximately 169 million UGX representing 41% of the approved budget by the end of the Quarter. This under performance was due to delays in processing funds and salaries whereby some political leaders took time to access payroll yet the allocated wage was even insufficient. Within the quarter, a total of 110 million shillings was spent which translates into 126% of the quarter's planned expenditure and this over performance arose from the fact that the department realized 100% of its wage and additional local revenue not forgetting part of the first quarter funds especially local revenue were spent in the second quarter due to late release

#### Reasons for unspent balances on the bank account

Wage: Negligible Non-Wage: About UGX.67,810,000 UGX remained unspent due to delayed release of funds and processing.

### Highlights of physical performance by end of the quarter

2 Council sittings, 3 District Executive Committee meetings and 8 Standing Committee meetings , 2 Business Committee meetings held, minutes produced and allowances paid.

#### Summary of Workplan Revenues and Expenditure by Source

For the period under review, the department received a total of about 391million Uganda shillings which translates into 106% and 53% of the quarter's planned revenue and the overall budget respectively. The over performance was because almost all the department's sources of revenue performed by more than a fold especially District UCG-NW (200%), LR (200%), and SCG-W (300%) with the exception of OGT (59%). The department had realised 100% of of its overall approved wage by the end of the second quarter according to the release from the MoFPED as the quarterly funds wee inadequate. However, OGT underperformed because only 15% of the UMFSNP was released in the quarter. In terms of expenditure, DDEG of UGX 1,200,000/= was for project appraisal of capital works and Sector Development funds were transferred as per the budget but expenditures of UGX 17,588,000 was made for procurement of bee hives and tyres for vehicle which translates to 40.18% of the budget and retention payment under DDEG was no effected which resulted into only a 29% performance in the overall expenditure coupled with the late release of funds. However, the wage expenditure overperformed by 2 folds as the department realised all the 100% wage for the year by the end of the second quarter which even remained insufficient to pay all the staff in the department. Overall, the expenditure of the department performed at 70% during the quarter due to dealys

#### Reasons for unspent balances on the bank account

Wage: Negligible amount. The quarterly released wage was even inadequate to pay staff in the filled positions Non-wage component: A total of about 326 million shillings remained unspent due to delays in procurement processes and also part of the funds meant for PDM activities some of which could not be spent as the final guidelines for PDM were not yet out by the end of the quarter limiting expenditure. Development: 57 Million shillings remained unspent by the close of the quarter as the DDEG component funds were committed for payment of retention while part of the Sector development grant was for PDM meant for gadgets and equipment for which expenditure was halted to be reallocated for the Parish revolving funds

#### Highlights of physical performance by end of the quarter

All the sub-sectors - livestock health and marketing, fisheries, crop and vector control and productive insect farming and production management services carried out extension services to farmers-- farm visits, agricultural demonstrations, trainings, technical backstopping were carried out by extension workers in the 4 sub-counties and District level Procurement of inputs under Development Grant are still in progress

### Summary of Workplan Revenues and Expenditure by Source

The overall revenue out-turn of the department for the quarter stood at approximately 1.509 Billion Uganda Shillings which is an equivalent of 130% of the quarter's planned revenue and 57% of the overall approved budget for the FY. The over performance arose from additional release of funds under wage to the health care workers as lunch allowances. However, there were also some low performances especially under OGT (53%) and external financing (22%) because some sources did not release funds as expected. In terms of the expenditure, the quarter's performance was 67% while 31% of the quarter's plan and approved annual budget respectively. Only the wage over performed by 50% due to the additional releases while other areas generally underperformed due to delays and non-realization of funds under certain sources of OGT and external financing especially BTC, WHO, IDI

### Reasons for unspent balances on the bank account

Wage: Some positions were still vacant by the end of the quarter, some staff went off the payroll due to the transition thus missed salaries, indiscipline cases and the wage released was also beyond the quarter's plan thus 628 million remained unspent Non Wage: the unspent funds to the tune of 52 million shillings was due to the delays in procurement processes and late release of funds Development: Delays in procurement processes due to the presidential directive on health and education development projects

### Highlights of physical performance by end of the quarter

(1) During the reporting period Q2, the health department was able to deliver basic health services under minimum health care package for the population of Arua District. Some of the services provided were preventive and curative services including Immunization, Maternal and Child care services for out patients and in patient service users. (2) Q2 registered services provided in the NGO Hospitals, Private Not For Profit (PNFP) health facilities as well as public/government health facilities. (3) Q2 - Overall performance was: - • 16,143 - OPD attendance • 983 - Facility deliveries • 1218 - Children received 1st & 3rd DPT-HepB+Hib doses • 2118 clients received in-patient care services. (4) Management and coordination function were also undertaken under sector specific output areas during Q2

#### Summary of Workplan Revenues and Expenditure by Source

During the quarter, the department received approximately 2.591 billion UGX which represents 166% of the quarter's planned revenue. Cumulatively, the department had received 4.787 billion UGX by the end of the second quarter which translates into 61% of the approved budget. This over performance was mainly because the department realized 100% of its planned UCG-Wage performing at 300% and SCG-W also over performed by 90% during the quarter to cater for inadequacies in the wage component and also received additional local revenue. Expenditure; The department spent approximately 1.892 billion UGX representing 121% of quarter's planned expenditure and cumulatively about 3.325 billion UGX representing 43% of the overall approved budget had been spent by the end of the second quarter. This over performance was mainly attributed to Q1 balances which were carried forward to Q2 and also the additional funds that were received during the quarter. Cumulatively, the department's expenditure by the end of the quarter stood at 43% and this under performance was mainly attributed to delays in the procurement processes especially arising from the presidential directive on the development projects under Education to be implemented by UPDF. This delayed the procurement process for the seed school thus the funds meant for this could not be spent

### Reasons for unspent balances on the bank account

Wage; By the end of Q2, about 759.254 million shillings remained unspent due to the fact hat some teachers were removed off the payroll after the transition as their names were featuring in the new entities, some cases of indiscipline, death of some teachers, retirement and transfer of services to other entities Non Wage: By the end of Q2, About 7,289,000 UGX remained unspent due to delayed receipt of funds and covid-19 affected implementation of some of the planned activities such as capacity building of teachers in which were not conducted as a result of closure of schools due to increase in COVID-19. Development revenue unspent balances stood at 717,179,000 UGX remained unspent due to delayed commencement of construction projects especially the St. Peters seed SS in Aroi due to delays in procurement and the presidential directive on education and health projects

#### Highlights of physical performance by end of the quarter

Staff at the district headquarters paid salary, teachers salaries paid, all inspected all government aided schools for both primary and secondary, and also for private institutions as well, development projects monitored and meetings conducted at department level and with school administrators.

Quarter2

#### Summary of Workplan Revenues and Expenditure by Source

The overall revenue received by the department during the quarter was approximately 576 million shillings which represents 97% of the quarter's plan while the cumulative revenue by the end of the quarter was about 1.111 billion shillings translating into 61% of the approved budget for the fy. This performance was mainly due to the fact that there was no allocated wage for the department in the quarter due to the inadequacy of the allocated wage for the year yet 24 million shillings was received in the quarter. The biggest share of the department's budget was development. The expenditure of the department for the quarter stood at only about 89 million shillings which is 15% of the quarter's planned expenditure while cumulatively the expenditure stood at 5% of the approved budget. This under performance was mainly because of delays in the commencement of the USMID projects which take the biggest share of the budget due to delays in the ESIA.

### Reasons for unspent balances on the bank account

Wage: Negligible (372,000) Non-wage: 37.739 million shillings was unspent by the end of the quarter because inadequate funds were disbursed for the quarter against the planned activities (Mechanized Road Maintenance & Bridge Repair) thus, the activities could not be undertaken during the Quarter. These funds will be utilised in the following quarter together with Q3 activities Development: Approximately 975.526 million shillings remained unspent because USMID funds earmarked for sub projects whose design & procurement have been delayed by the USMID secretariat

### Highlights of physical performance by end of the quarter

Road Equipment repaired & maintained: Motor Vehicle Reg. No. LG 0140-010, Salaries paid, Funds disbursed to the following Sub Counties for routine maintenance of Community Access Roads: (1. Ajia 2. Arivu 3. Logiri 4. Vurra), Routine Manual Maintenance of 124.88 Km of District Roads conducted

Quarter2

#### Summary of Workplan Revenues and Expenditure by Source

The department received about 138.222 million UGX representing 96% of the quarters planned budget thus an over performance by the end of Q2. Cumulatively , water department had received approximately 276.444 million UGX revenues representing 64% of the approved budget by the end of Q2 thus an over performance. This over performance was because the department realised funds under all its planned sources. Expenditure By the end of Q2 , the department had spent approx. 23.139 million UGX representing 16% of the quarters planned revenues. Cumulatively,the department had spent 38.148 million UGX representing 9% of the approved budget by the end of review of Q2. The under performance was attributed to the fact that there was delay in the receipt of funds and procurement process for all the development projects

#### Reasons for unspent balances on the bank account

Non wage; 3,565,000 remain unspent due to delays iin procurement process. development balances: development projects still under procurement process.

#### Highlights of physical performance by end of the quarter

supervision visits training of WSC Payment of contract staff slaries purchase of office utilities, consumables vehicle servicing. monitoring

Quarter2

### Summary of Workplan Revenues and Expenditure by Source

The department received 43.927 million while the plan for the quarter amounted to only 18.720 million representing 235% The cumulative out turn for the 2 quarters is 73,120 out of the annual planned budget of 103.679 million representing 71%. The quarter's over performance of the outturn was as a result of the wage of the department being allocated all in the first quarter. The expenditure in the quarter was 36.988 million representing 198% and 50% of the annual budget spent and release spent respectively. Of the recurrent revenues, the outturn was UGX 690,000 for District Unconditional Grant-Non-Wage representing 69%, UGX 33.66 million for District Unconditional Grant-Wage while the plan allocation was 0, UGX 500,000 for locally raised revenue representing 200% and UGX 3.470 million for sector conditional Grant Non-Wage representing 100%. While the only Development revenue of District Discretional Equalization Grant has an outturn of 5.667 million representing 40%. UGX 33.588 million was spend on wage while while UGX 3.4 of the Non wage representing 72% was spent while the released Development revenue remained unspent.

### Reasons for unspent balances on the bank account

Wage: 215,000 shillings was unspent as it could not be used to pay any staff in the department. The wage allocation was however insufficient Nonwage: About 1.7 million shillings was unspent by close of the quarter due to delays in procurement processes Development: 19 million shillings under DDEG were not spent because The contracts for short term consultancies for Surveying and Land titling, and physical planning of District Headquarters were not awarded and implementation was not commenced.

### Highlights of physical performance by end of the quarter

Salaries were paid to Natural Resources Staff, One day monitoring by Natural Resources Committee was carried out and Wetlands compliance monitoring was done along the demarcated sections of Enyau wetland

Quarter2

### Summary of Workplan Revenues and Expenditure by Source

By the end of review of Q2, the department had received a total revenue of approximately 65.383 million UGX representing 138% of the quarters planned budget and cumulatively received 44% of the approved budget. The department received recurrent revenues of 37.046 million UGX representing 227% of the quarters planned budget and development revenues of 28.336 million Ugx representing 92% of the quarters planned development revenues and thus an over performance by the end of review of Q2. The over performance was attributed to the fact that the department received more locally raised revenues during the quarter. Expenditure The department had spent approx. 33.830 million UGX revenues representing 72% of the quarters planned expenditure. Cumulatively, the department had spent 44.114 million UGX representing 21% of the total approved budget during the quarter.

#### Reasons for unspent balances on the bank account

Wage: Negligible amount Non Wage: About 14,609,000 UGX was unspent due to delayed receipt of funds and procurement processes for some activities. Development revenues About 19,000,000 UGX DDEG remained unspent due to the fact that some projects were to be paid retention

#### Highlights of physical performance by end of the quarter

Staff salaries paid Utility bills (Electricity and water bills) Paid Youth and women council meeting conducted Youth and women council activities monitored Disability international day celebrated Books procured and public libraries supported Cleaning and sanitation requirements procured Stationery supplied to the department Trainings conducted

Quarter2

#### Summary of Workplan Revenues and Expenditure by Source

The overall revenue out-turn of the department during the second quarter was approximately 137.281 million shillings which accounts for 108% of the quarter's planned revenue and 67% of the overall approved budget. This over performance is attributed to the fact that the department received 100% of its wage by the end of the second quarter since the wage allocation was inadequate for the quarter thus all the remaining wage funds for the fy were provided in the second quarter. Whereas the revenue generally over performed, the DDEG component under performed at 8% as the USMID component was released as other Govt Transfers. The department spent 38.610 million shillings representing 30% of the quarter's planned expenditure and 14% of the overall budget. The under performance is attributed to delays in processing funds for some activities, procurement processes in addition to delays in implementation of USMID projects limiting expenditure. The however, the nonwage expenditure over performed by 14% due to some balances from Q1 that were carried forward and spent in Q2.

#### Reasons for unspent balances on the bank account

Wage: None Nonwage: Some procurements earmarked for end of the fy thus these funds are committed Development: 203 million shillings remained unspent due to the USMID funds whose expenditure is dependent on permission from the secretariat to spend and also delays in procurement processes and processing of funds

Quarter2

#### Summary of Workplan Revenues and Expenditure by Source

A total of ugx 9,302,000 was received during the quarter out of planned annual budget of 22,344,000. Cumulatively the department had received 15,702,000 representing 70% of the annual approved budget. The planned allocation for the quarter was ugx; 3,735,000 basically planned under Nonwage representing 49% of the planned figure. A total of ugx; 10,210,000 was spent representing 273% of the total approved budget that arose as a result of the wage component received during the quarter but not planned for. The unspent balance of ugx; 1,050,000 is carried forward to the nest quarter. The expenditure of the department for the quarter went slightly above the total revenues received in the quarter due to balances carried forward from Q1 as funds were received belatedly in Q1 so the activities for those funds were implemented in Q2

#### Reasons for unspent balances on the bank account

The wage component 45,000 is negligible The locally raised revenue of ugx; 1,050,000 was received late at the end of the quarter and therefore carried forward

#### Highlights of physical performance by end of the quarter

Quarterly audit report was produced and submitted to the relevant authorities and the health facilities audited.

**Quarter2** 

#### Summary of Workplan Revenues and Expenditure by Source

By the end of review of Q2, the department had received approximately 16.197 million UGX representing 199% of the Quarters planned revenue and 66% cumulative out turn thus an over performance. The over performance in the quarter was attributed to the fact that the department realized more local revenue during the period of review. Expenditure The department had spent approximately 10.667 million UGX accounting for 131% of the total Quarters planned out turn. Cumulatively, 16.716 million UGX had been spent representing 39% of the total approved budget. The over performance in the expenditure was attributed to the fact that the department realized its funds to implement quarterly planned activities on time.

### Reasons for unspent balances on the bank account

Wage: The wage figure 38000 UGX is Negligible Non wage: About 11,529,000 UGX remained unspent due to delayed receipt of funds and delays in the procurement processes affected the implementation of the quarterly planned activities

### Highlights of physical performance by end of the quarter

Staff salaries paid, conducted business promotion, mobilized groups for registration, carried market price survey for key commodities in the main markets of the district and updated profiled tourism sites for the district respectively.
