Quarter 3

Cumulative Performance for Locally Raised Revenues**Cumulative Performance for Central Government Transfers**

By the end the Quarter, the district received Shs. 4.371 billion shillings as Discretionary Government Transfers representing 82% and Conditional Government Transfers representing 102% and Other Government Transfers representing 19% of the annual budget. This is quite good performance and shows Government commitment to finance planned activities in local government. The main revenue sources include Conditional grant wage, pension, gratuity and arrears non-wage and development

Cumulative Performance for Other Government Transfers

By the end the Quarter, the district received only 301.723 million shillings as Other Government Transfers representing 19% of the share of central government transfers. This is indeed very poor performance. This is because the line Ministries delay to release funds to local governments in time including communication on the project related funds. These are majorly project funds like ACDP, Oil seed project, YLP, WEP and UMSFNP.

Cumulative Performance for External Financing

A total of 67.311 million shillings was received as External financing sometimes called donor funds representing 5% of the share of donor funding. This is indeed very poor under performance in revenue target and commitments. The poor performance is attributed to difference in Calendar year and closing of their financial year. However, the main donor support is from UNICEF for mainly health and education Programme. The District has few donors and development partners because many of these development partners are skewed towards refugee support.

SECTION B : Summary by Department**Summary of Department Revenues and Expenditure by Source**

During the quarter the department received a cumulative total sum of 1.871 billion shillings representing 83% and 53% of the total approved annual budget and quarterly out-turn respectively. This is a fair revenue performance with most revenue sources performing above 50% except Multi-sectoral transfers to LLGs (non –wage and development budgets) which performed at 0%.

On expenditure side, the department spent cumulatively 1.422 billion shillings mainly on wages performing at 75.5%, non-wage recurrent at 78% and Development grants at 0% because Procurement processes for projects were still ongoing at different stages.

By the end of the Quarter therefore, the department had 449.03 million shillings of which 168.343 million was recurrent and 280.687 million development budgets remaining on account as unspent balance.

Reasons for unspent balances on the bank account

The unspent balance for conditional grant development is due to ongoing procurement processes for projects and some of the projects. For the case of non-wage, this was attributed to accumulated balance from second quarter resulting from late or delayed release of supplementary budget done in November 2023 where two quarter releases were made at once hence staff are overloaded with work to be accomplished in a very short time hence these factors affected the implementation of planned activities.

Highlights of physical performance by end of the quarter

The major achievements were registered in agricultural extension and advisory services to PDM beneficiaries in all LLGs, purchase of 2 fish feed making machines, establishment and maintenance of 3 micro-scale irrigation sites, awareness raising and mobilization of framers for Ugift Micro-scale irrigation programme through radio talk shows and workshops, pest and disease surveillance on crops in all LLGs, monitoring and technical supervision of extension services and PDM by different Stakeholders, training farmers on good crop, livestock, apiary and fish farming practices, control of vermin through community reward approach.

Others were the usual operational costs including vehicle and motorcycle maintenance, staff salaries paid for 2 months to production staff but March salaries could not be paid due to insufficient wage bill for all the 32 extension staff of LLGs, coordination visits to the line Ministry, support to PDCs operations in all the Parishes and various office operations.

Summary of Department Revenues and Expenditure by Source

By the end of Quarter 3, the department had received a cumulative of 6.934 billion shillings representing 68% of the Annual budget. This underperformance below the target of 75% was due to the poor performance of the District Unconditional Wage (58%), Locally Raised Revenue (40%), Other Transfers from central Government (26%) and External Financing (13%). All other revenue sources performed at least 75% and above. In expenditure, the department spent 6.329 billion shillings by the end of the quarter, representing 62% of the annual budget. Development & External Financing expenditures both performed at 13%. 605.370 million shillings remained unspent by the end of the quarter

Reasons for unspent balances on the bank account

605.370 million shillings unspent were majorly from development projects despite some projects already handed over to contractor awaiting certificate(s) of works certifying payment.
