## Quarter1

### Summary of Cumulative Receipts, disbursements and expenditure for FY 2017/18

The District received a total of Ugx4,404,818,000, representing 24% of approved annual budget. This was slightly less than the anticipated 25% receipt for the quarter and was occasioned by low receipts of Other Government Transfers (7%), Locally raised revenue (10%) and Donor Grants (16%). Of the receipt, 96.5% was constituted by Central Government Transfers (Conditional Government Transfers-CGT, Discretionery Government Transfers-DGT and Other Government Transfers-OGT), 3% was Donor grants and 0.5% was Locally Raised Revenue.

All receipts were dibursed to the various workplans, with seven of them receiving at least 25% of their approved budgets, while three received between 20% and 25%. Internal Audit and Community Based Services received least proportions of 11% and 4% respectively. This were attributed to payment of Urban Wage for Senior Internal Auditor under Finance workplan as well as non-receipt of NUSAF3 funds during first quarter.

Total expenditure amounted to Ugx3,394,141,000 representing 19% of the approved budget. Release expenditure stood at 77% and 23% of funds were unspent by end of the quarter. Non-expenditure was attributed to procurement bureaucracy which could not be concluded within first quarter..

#### **Cumulative Performance for Locally Raised Revenues**

Locally Raised revenue registered a dismal performance of 10% against the quarter's 25% target, with most budgeted sources registering 0% receipts. This was caused by late procurement of revenue collection books due to IFMS delays. Revenue mobilization activities also lacked facilitation and consequently tax payer registration & assessment were not concluded in time.

### **Cumulative Performance for Central Government Transfers**

N/A

#### **Cumulative Performance for Other Government Transfers**

Other Government Transfers receipt registered least performance of just 7%, far below the quarter's target of 25%. This was attributed to the fact that the major sources except Uganda Road Fund, are community projects, funded on submission of compliant sub-projects and not merely based on quarterly releases. During the quarter, major sources like NUSAF3 and Youth Livelihood Programme received only operational funds.

### **Cumulative Performance for Donor Funding**

Donor Grants were realized at only 16% (below 25% target). This was due to non-release by GAVI, UNFPA, DINU and Global Fund, for reasons which could be related their internal financing protocals. We expect releases from these sources in the subsequent quarters.

### Summary of Workplan Revenues and Expenditure by Source

The Education Sector during the 1st Quota received direct transfers to schools, salaries, non-wage, District Unconditional Grant and DDEG. The sector did not receive Local Revenue and Donor Funds during the quota. The department expenditure during the quota was mainly on salary payments foe education department staff and teachers and transfers to schools contributing to 107% of the quarterly planned expenditure and 100.7% of the total funds released.

### Reasons for unspent balances on the bank account

The unspent balances were because contractors were still being procured. Some staff had also retired, transferred service to other districts or had died but had not yet been replaced. Additional expenditure on salaries for tertiary arose because new staff were posted to the school by the Ministry of Education at the end of the last F/Y.

### Highlights of physical performance by end of the quarter

There was no physical performance realised because contractors were being procured.

## Highlights of physical performance by end of the quarter

Training of 6 officers in Gulu on operations of road maintenance equipment, collection of two units of Comatsu motor grader and wheel loader. Assessment of roads to be maintained using Routine Mechanised method was done in the quarter but delay in maintenance activities was caused by failure to set up the District per-qualified fuel supplier
