### Summary of Cumulative Receipts, disbursements and expenditure for FY 2017/18

At the end of the Second half of 2017/18 Financial Year, the Cumulative Planned revenues from Central Government Transfers and Local revenue was expected to have amounted to UGX.2,974,096,426. However, at the end of the Second half, the cumulative receipts from Central Government transfers and Local revenue amounted to UGX.2,811,097,000 equivalent to 94.5% of the planned cumulative revenues for the two quarters under review. The short fall of 5.5% in the planned cumulative revenues was largely attributed to the failure to receive USMID funds that had been planned for the second quarter in addition to the poor performance in local revenue from the Bus Park and Property rate. Out of UGX.2,811,097,000 that had been received in the two quarters under review, UGX.2,615,406,000 was disbursed to the Departments equivalent to 93% of the cumulative receipts for the two quarters under review. From the UGX.2,615,406,000 that was disbursed to the Departments, the cumulative expenditure amounted to UGX.1,010,715,000 equivalent to 38.6% of the cumulative receipt. The under absorption that is noted was because the Contract for the second last phase of the Construction of Moroto Bus Terminal had just been concluded this mainly affected absorption under Production and Marketing Department. In addition the low absorption under Health and Education was because the planned recruitment under the two Departments had just been cleared by the Ministry of Public Service and therefore, funds that had been earmarked for recruitment under the two Departments had not been spent. Under Roads and Engineering the Contract for low cost resealing of Independence avenue had just been signed and this explains the low absorption under Roads and Engineering, Because of the fact that the USMID Programme was coming to an end, the USMID Programme Support Team advised that the funds that was meant for Capacity Building under Administration be topped on the USMID Infrastructural funds under Production and Marketing and this affected absorption under Administration Department.

However, at the end of the Second Half under review, the Council collected UGX.106,550,001equivalent 22.9% of the planned local revenue for the two quarters under review.
