#### (i) Cummulative Performance for Locally Raised Revenues

Local revenue accounted for 1% (64,897,000) of total amount of revenue realized by the end of Quarter one. Local revenue performance against the planned was 23% i.e out of Ugx 284,888,000 a total of Ugx 64,897,000 was realized. This was below average performance mainly due to low revenue base and mobilization in local revenues. i.e service tax, royalties from forest products, land fees, miscellaneous sources, advance recoveries and application fees. There is need to intensify the revenue collection strategies as specified and speculated in the revenue enhancement plan.

#### (ii) Cummulative Performance for Central Government Transfers

The Central Government transfer accounted for 91% (Ugx 6,036,701,000) of total amount of revenue realized by the end of quarter one. The central government revenue performance against the planned was 91% i.e out of Ugx 21,063,591,000 a total of Ugx 6,036,701,000 was realized. The Central Government transfer performance against the budget by the end of quarter one was 25% for Discretionary Government Transfers of annual budget of Ugx 4,912,622,000 only Ugx 1,231,713,000 was realized. Under conditional government transfers 33% was received, i.e. out of annual budget of Ugx 14,554,879,000 only Ugx 4,776,988,000 was realized, and 02% for other Government Transfers of annual budget of Ugx 1,596,090,000 only Ugx 28,000,000 was realized. These performances were good because of total release of grants by the government for the quarter one except other Government Transfers which underperformed due to lack of commitment by the funders.

#### (iii) Cummulative Performance for Donor Funding

The Donor fund accounted for 14% (UgX. 528,168,000) of the total amount of revenue received by the end of quarter one of UgX 6,629,766,000. The donor budget performance was 14% by end of quarter one i.e. out of the annual donor budget of UgX 3,761,070,000 only UgX. 528,168,000 was realized mainly from BELGIUM TECHNICAL COOPERATION, GLOBAL FUND, INFECTIOUS DESEASE INNITIATIVE, UNFPA, UNHCR, UNICEF, and Neglected Tropical Disease as seen above.

The 400% performance under Pensions and gratuity arears was as a result of total release of the funds at once for the whole year, over 250% release of local revenue to the department was to handle court related costs, only 10% of the other government transfers was meant for .NUSAF III operations and not project funding yet.

Reasons that led to the department to remain with unspent balances in section C above

Delayed LPO processing, late release of quarter 1 funds, delayed activation of a/c No\_, inadequate funds for payment.

Out of the expected revenue of 262,105,000/= only 190,076,000/= representing 97% was received. Only 87,657,000/= (33%) was spend. Generally the reveues planned were received with exception of Local revenue, Donor funds and Other government transfers which performed poorly for unclear reasons. However, expenditure was below average at 33% due to late relase of funds, lack of contracts committee to respond to our needs urgently.

Reasons that led to the department to remain with unspent balances in section C above

Contracts not awarded, delayed release from the centre and link interuptions. Recruitment was not 100% as planned yet.

The unspent Balance was UGX 666,710,000/=. Generally the planned revenues were received in the quarter, except Donor funds as they did not fulfill their promise as planned due to unknown reasons to the district.

Reasons that led to the department to remain with unspent balances in section C above

The unspent balances of UGX 666,710,000/= the big sum of money of the unspent is salaries because what is received is above quarter one cash limits, for projects it is being procured and most of the recurrent expenditures are on process.

The total revenue during the quarter was UGX 2,526,018,000= of which UGX 1,346,752,000= was recurrent and 3,612,000= was development. The total unspent balance at the end of the quarter is 942,694,000=. However, more funds were received under UPE, USE and Technical Institute wage and non-wage, because the releases are done in three quarters as opposed to four quarters which was planned.

Reasons that led to the department to remain with unspent balances in section C above

The unspent development balance is due to delay in procurement process which has bogged down implementation of planned projects as the contracts committee was fully constituted in October 2016.

Revenue realized amounted to UGX 256.876 million which is 78% of expected revenue and 19% of the budget. Less revenue was realized from Local Revenue and Road Fund money as little local revenue was collected and road fund release did not match the quarterly expectations.

Reasons that led to the department to remain with unspent balances in section C above

All activities that need contracting did not take off because the District did not have a Contracts Committee in place.

Revenue for the quarter amounted to 133.651 million which is 98% of the expected amount for the quarter and 24% of the budget. There was a good performance of the sector budget from almost all sources except donor funds which fell short of planned for reasons best known to them. However, very little expense was incured as funds were releasd very late towards the end of first quarter to warrant meaningfull expenditure.

Reasons that led to the department to remain with unspent balances in section C above

All activities requiring contracting have not taken off as a result non availabilty of a functional contracts committee in place
