Foreword

In accordance with Section 36 of the Local Government Act (Cap 243), Local Governments prepare appropriate plans and documents in conformity with Central Government guidelines and formats. Pursuant to the foregoing, Buyende District Local Government has prepared a Local Government Budget Framework Paper for the period 2015/16.

As mandated by the Local Government Act, the District Council in collaboration with the technical staff and all other stakeholders involved in the development planning process came up with this Budget Frame Work Paper for the FY 2015/ 16 which outlines the expected revenues and all projects to be implemented in the FY 2015/16 by sector. This document takes into consideration the approved 5 year District Development Plan for 2010/11 -2014/15. The Development Plans focuses on the following key strategic objectives;

To improve household incomes and promote food security,

- To promote good governance,
- Enhancement of local revenue collection using best practices,
- Improve the stock and quality of road infrastructure.
- Increasing safe water coverage and sanitation in the district,
- Increase access, quality and equity of education for girls and boys
- Improvement in the quality of health care services,

The district has however continued to experience low/poor service delivery levels manifested by low household incomes, poor education standards, and low level of immunization coverage, high maternal mortality rate, poor road network and low access to safe water among others.

This Budget Framework Paper focuses on a number of interventions aimed at addressing some of these challenges above through implementation of sector specific strategies highlight in the annual plans for FY 2015/16. These include the NAADS program, school infrastructure development using the School Facilities Grant and health infrastructure development using the PHC Grant. The district road network will be maintained using the road fund by application of the road gang system that will also provide employment to the local people.

This document provides a framework for integrated planning and budgeting, and should be adopted by all key players to promote the development of the district.

I therefore thank all the political leaders, the technical team and all the other stockholders involved at all levels in the formulation of this document in line with the above priorities and appeal to them to continue with the prevailing teamwork which enabled the production of this document amidst all the challenges though the implementation to enable the district attain its objectives.

Challenges in Implementation

- Low staffing in some departments due to low wage bill resulting into low level performance.
 - Over-dependency on Central Government funding, due to inadequate local revenue resulting in failure to meet expenditure requirements not funded from the centre,
 - Lack of means of transport, in most departments, for routine activity implementation, mobilization and inspection of lower local governments,
 - Low classroom: pupil ratio leading to congestion in classrooms, low level of teacher to pupil ratio interaction hence low performance in primary education,
 - High costs of inputs hence low utilization of improved materials and modern technologies in farming,
 - What is sensitised in the community is not usually implemented by the community.
 - The high HIV/AIDS prevalence rate reduces productive manpower, man-days hence low productivity in all sectors.
- Some activities in the departments are not always implemented due to the continuous budget cuts from the centre.

1. Lack of excavator machine.

The department of works and engineering lacks the excavator machine for excavating murrum for the roads and this makes road maintenance difficult.

2. Gully erosion

Most roads in the district are heavily eroded by soil erosion which is caused by frequent movements of cattle along the roads.

3. Low staffing

The department of works has inadequate staffing to carry out activities.
