Quarter 1**Summary of Cumulative Receipts, disbursements and expenditure for FY 2024/25**

The District cumulatively received 26% of the approved budget, and this indicated over performance, which was attributed to Discretionary Government transfers and Conditional Government Transfers that performed at 26% and 27%, respectively. Discretionary Government transfers over performed because these funds come three times in a Financial Year unlike other funds that come four times in a Financial Year. Conditional Government Transfers over performed because of a supplementary budget that was implemented in Production, Education, and Administration Departments. However, underperformance was registered in Locally Raised Revenues, Other Government Transfers, and External Financing. These under performances resulted from non-realization of the respective funds as planned. All funds were disbursed to user accounts and spent as per the approvals.

The District Cumulative expenditure performance was at 18%, and this implied under performance in expenditure, which was attributed to under performances in wage, Non-Wage Recurrent, Domestic Development, and External Financing. Wage underperformed at 22%, and this was because of the fact that some of the staffs were paid from different departments other than their cost centers due to IPPS issues. Consequently. Some Departments could not spend all the funds allocated for wage, thereby, bringing about underperformance in wage. On the contrary, Non-Wage Recurrent underperformed at 17% because some of the activities in various departments were rolled over the Q2. Similarly, Domestic Development underperformed at 5% because procurement processes were still ongoing by the end of Q1, and thus, some development activities were carried forward to Q2. Additionally, projects that had commenced implementation were not yet complete by the end of Q1, and thus, contractors were not paid. External Financing under performed at 0% due to non-release of these funds as planned.

Quarter 1**Cumulative Performance for Locally Raised Revenues****Cumulative Performance for Central Government Transfers**

The District received 27% of the approved budget as Conditional Government Transfers, and this indicated over performance. The Over performance was attributed to over performance in Programme Conditional Grant - Non Wage-Recurrent (29%), Programme Conditional Grant –Development (33%), and Transitional Conditional Grant - Development (33%). The above over performances resulted from a supplementary budget that was received and implemented in Production, education, and Administration Departments. Programme Conditional Grant – Wage performed normally at 25%.

The District Cumulatively received 26% of the approved budget for Discretionary Government Transfers, and this implied over performance that was attributed to District Discretionary Equalization Development Grant (33%) and Urban Discretionary Equalization Development Grant (33%). Both District Discretionary Equalization Development Grant and Urban Discretionary Equalization Development Grant performed at 33% because these funds come three times in a Financial Year, unlike other types of funds that come four times in a Financial Year. Normal performance was registered in District Unconditional Grant Wage and District Unconditional Grant Non-Wage; each performed at 25%.

Cumulative Performance for Other Government Transfers

The District cumulatively received 8% of the approved budget as Other Government Transfers. This under performance was a result of non-realization of these funds, as planned. Only Uganda Road Fund (URF) was released, and this performed at 11%. The rest of the funds were not released.

Cumulative Performance for External Financing

External Financing under performed at 0%, and this was because the District did not receive any funds from external sources.

Quarter 1

SECTION B : Summary by Department

By the end of the quarter, the department received a cumulative total of shillings 593,324,000 representing 26% of the annual budget (2,247,974,000). Of this, 296,100,000 was programme conditional wage, 87,903,000 was programme conditional nonwage recurrent and 207,320,000 was programme conditional grant- development. Other government transfers performed at 0%.

In the quarter, wage was expended at 19% i.e. 223,748,000 out of 1,184,400,000 planned. This is due to the fact that the fisheries officer was not paid wage for the whole quarter. The non-wage component was spent up to 15% of the plan – was due to the fact that funds for the accommodation allowance of parish chiefs were not paid. The development grants were spent only up to 7% because the procurement process for the development projects was on going - at evaluation level. The development expenditure was in areas of software activities.

Reasons for unspent balances on the bank account

The bulk of the unspent balances (166,213,000) were money for development projects for which the procurement process was still ongoing – at evaluation for prequalification or award level. The rest of unspent balances (72,352,000) were money for staff salaries. This arose because somehow, the Fisheries Officer who was recruited on replacement basis had not accessed payroll. Also, the Senior Veterinary Officer and Senior Agriculture Officer missed first quarter salaries due to administrative issues. And lastly, 24,817,000, which is unspent balance on programme conditional grant- non wage recurrent was money for payment of accommodation allowance for parish chiefs.

Highlights of physical performance by end of the quarter

The main expenditure in the quarter was in the areas of; salary payment, facilitation of LLGs extension services, staff welfare, monitoring by several stake holders, travels to consult with MAAIF and its agencies, preparation and submission of various reports and work plans, conducting planning and review meetings, support supervision, computer servicing, cleaning services and stationery.

VOTE: 811 Budaka District**Quarter 1****SECTION B : Summary by Department**

The Department cumulatively received 28% of the approved budget, and this indicated over-performance, which was due to over-performance in Non-wage recurrent (33%) and Dev't (33%). Non-wage recurrent and Dev't over-performed because the department received capitation grants and development funds; all these funds come termly not quarterly. Normal performance (25%) was registered in Wage Recurrent.

The Department's cumulative expenditure performance was at 20%, and this implied under performance, which was due to underperformance in non-wage (21%), wage (23%), and Dev't (1%). Wage underperformed because some staffs were paid from different departments due to IPPS errors. Non-wage underperformed because of head-count in schools. As a result, many schools received less capitation grants based on the actual number of learners counted, and this was contrary to what was captured in the budget. Dev't underperformed because the Contractors had not been paid; the 1% reflected monitoring

Reasons for unspent balances on the bank account

The Unspent balance was Ugx 1,568,788,000 of which Ugx 235,819,000 was wage, Ugx 491,542,000 was non-wage, and Ugx 841,427,000 was Domestic Development. Unspent wage was because some of the department's employees were paid from different departments due to non alignment of some employees' details on the IPPS. Unspent Non-Wage was because of the head-count enrollment exercise that was conducted in primary schools. As a result, many schools received less capitation grants based on the actual number of learners counted compared with what was captured in the budget. Unspent funds for Domestic Development resulted from the fact that contractors had not been paid since the District engineer had not yet issue certificates of completion for ongoing works.
