Summary of Cumulative Receipts, disbursements and expenditure for FY 2022/23

First quarter FY 2022/23 Implementation of planned activities was a tiresome exercise to the Vote. The general performance of 13% from total receipts of Ushs5.8bn against a total approved budget of Ushs46bn for the FY2022/23 was basically due to receipt of only 12.5% of the Recurrent funding and 0% for development funds from Central Government.

The collection and mobilization of local revenue has also been hindered by the poor economic state in the country ie businesses could not raise their obligation as projected. that's why the collection of 9% was below the expected 25% by end of quarter.

Departmental expenditure was at 10% due to late release of funds resulting from the delayed approval of the Final Budget which was done in August 2022 and funds released in September 2022.

Procurement process for capital projects was put at standstill due to no confidence of receipt of funds to pay for the executed projects at completion. This may later result to delayed completion of works at the end of the FY.

The Vote had to prioritize on key office operation activities in Payment of staff salaries, Assorted stationary, cartridges, staff welfare etc and the rest of the departmental key outputs were not implemented expecting to be executed in Second quarter if funds allowed

Cumulative Performance for Locally Raised Revenues

Cumulative Performance for Central Government Transfers

The Vote at the close of quarter one had realized a total budget out turn under central Government of Ushs5.4bn representing 22% of the approved budget of Ushs24bn for the FY2022/23.

The vote received 25% of the budgeted wage but however not incorporating the salary enhancement for scientists. This led to payment of only 2 months salary to that category.

The receipt of only 12.5% of non wage recurrent funds against the expected 25% for the quarter also hindered activity implementation.

The receipt of 0% of the development funds greatly affected implementation of capital projects, however, procurement process was initiated.

Cumulative Performance for Other Government Transfers

The Vote had realized a total budget outturn of Ushs295m representing 6% of the approved budget of Ushs5.2bn for the FY2022/23.

This source has had its performance low and only receipts were from URF of Ushs 295m

Cumulative Performance for External Financing

The Vote had realized a total budget outturn of Ushs36m representing 0.2% of the approved budget of Ushs16bn for the FY2022/23.

These funds were only realized from the Iceland International Development Agency (ICEIDA) of ushs12m and Jhpiego Corporation at Ushs23m by close of the quarter
