### Planned Outputs for 2014/15

This department which includes CAOs office and human resource management among others will be facilitated to ensure that; all government workers in the district are supervised, government programmes are supervised and monitored, District council is guided by technical staff, staff are appraised, all offices are well coordinated, all district assets are well managed and staff salaries are paid in time PAF monitoring funds previously budgeted under Finance dept has also been now budgeted in this department. Also included are LLGs activities which are almost the same as those at the District

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

The department of Administration is expected to receive a total of UGX 142,165,000 broken down as follows: direct monetary grant UGX 90,805,000 and UGX 51,360,000 as non cash/ in kind budget support. Interventions are in the areas Technical Assistance and training in support of institutional strengthening in coordination, leadership and governance, human resource management, and MIS/M&E,

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. understaffing

The district is staffed up to 49% as per approved structure in addition to staff turn over. The staff available are overworked thus effective service delivery remains a challenge

#### 2. Narrow local revenue source/inadequate funding

The local revenue source is narrow, the district has a small local revenue base, the areas where some local revenue would be collected were turned into town councils, since the district doesn't share revenue with town council it remains with little to fund

#### 3. Lack of office space

The existing office block can not accommodate all offices, and the existing offices are small/squized.

### Planned Outputs for 2014/15

The department will be facilitated to ensure that, there will be approved budget 2014/2015 2. Finalised accounts 2013/2014 3. Increased local Revenue collection 4. Timely submission of relevant reports to various Ministries, timely disbursement of funds, posted and reconciled books of accounts. Purchase of Market Land Fencing of markets

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

Sensitization of people about Local Revenue collection by SDS

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Lack of Transport means (Double cabin Pick Up)

Far in the Rural District personal vehicles can not be used there yet there is little resource envelope and ban on purchase of Gov't Vehicles.

#### 2. Very little allocation to the Department

Most crucial activities are not undertaken due to resource constraints

#### 3. Hard to get a substitute for Former Graduated Tax

Newly introduced taxes of Hotel Tax and Local service Tax mainly apply to Town Councils

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Inadequate funding

Council emoluments are tagged to the 20% of the local revenue collected during the previous FY and the locally collected funds are low, therefore facilitating activities of the council and the executive committee has remained challenge

#### 2. Inadequate and poorly furnished office space

The available office for the political leaders and support staff is not enough to accommodate all. As a result office space is shared by different officials. The department still lacks office equipment like computers, photocopiers and filing cabinets

#### 3. Understaffing

The district structure is not full due to the limitations of the wage bill. As a result the few staff available are overworked

### Department Revenue and Expenditure Allocations Plans for 2014/15

The department expects to receive Ugx 961,412,000 as total budget both at the District and at LLGs as compared to 1,741,402,000 for the FY 2013/14. There are increases/decreases on some funding but the overall budget for the department decreased due to reduction on NAADS figure. Wages for other staff also increased, and a new fund for the control of banana bacteria wilt was introduced. Out of total allocation for the department, Ugx 414,752,000 will be for wages while Ugx 130,060,000 will be for non wage recurrent expenditures, Ugx 225,674,000 for development programmes and Ugx 190,926,000 for donor program under UNICEF. The amount for wages has increased tremendously due to increase in the NAADS wage. Ugx 534,078,000 will be for development on NAADS programme and 25,000,000 will be for completion of veterinary Lab. Ugx 184,210,000 is donor fund by UNICEF for implementation of nutrition activities in accordance with the Uganda nutrition Action Plan (UNAP).

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

Support to households and schools in vegetable growing for improved nutrition by USAID Community Connector and USAID Reco PIN.

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Lack of facilities

Commercial services sector lacks transport, and equipment such as computer. Office furniture is inadequate for all sectors.

#### 2. Continued and fresh outbreaks of crop and animal diseases and

BBW has continued to pose a threat to the banana industry due to lack of staff at sub-county level and negligence or lack of awareness on the part of farmers. Black Coffee Twig Borer has become another problem. Rabies has been a problem.

#### 3. Understaffing

Delayed staff structure at sub-county level makes implementation of delegated functions such as disease and pest control, quality assurance and regulatory services difficult. (Entomology and Commercial services have no staff at all).

Planned Outputs for 2014/15

## Workplan 5: Health

With a budget of Ugx 2,975,896,000, the sector is expected to ensure effective health care service provision at all government and NGO facilities and the expected outputs shall include; Supevised deliveries, children immunized, out patient services provided, functional VHTs at village level and funds timely transfered to all health units. This budget will also facilitate the implementation of the following development projects; Construction of junior staff houses at Kabaare and Kashangura health centres, rehabilitation of maternity ward at Nsasi and OPD at Kiburara health centres, renovation of doctor's house at Ishongororo HC IV and the provision of furniture and other medical equipments for health centres.

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

The Donor support to the district which is off budget is expected to be UGX 230,000,000 mainly from STAR-SW for strengthening HIV/AIDS and TB response. This money is expected to be in form of goods and supplies, staff trainings, and equipments. The other off budget funding of about UGX 68,000,000 is from PACE through supply of starter kits for PLHAs. The department also anticipates to get treated mosquito nets of which cost we can not estimate. The other one would have been bicycles for VHTs which were never delivered.

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Inadequate funds for capital developments

Almost all the projects were being rolled over to the subsequent financial years due to inadequate PHC development releases made in last FY. The projects to be rolled include; completion of OPD Block at Rwenshambya, Completion of maternity ward etc

#### 2. Lack of transport for the DHO's Office & lower level health facilities

The department has a total of four vehicals, three of these are ambulances for which two are old to be used by the district headquarters and the lower health units. In addition, these three ambulances have no clear budget line for maintenance

#### 3. Inadequate Human resource for Health 50%

The district staffing level is some where below 50% (48%) and this is still far below the required one. Whereas the recent recruitment slightly improved the district %age, service delivery challenges are still high with the district office hardest hit.

## Workplan 6: Education

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. UPE Capitation and Inspection funds

UPE capital grant is very small: ammount per child per month. There is Untimely release of the fund for UPE and Inspection which is Insufficient

#### 2. High Pupil-classroom ratio and Pupil-Teacher ratio

The pupil classroom ratio is High at 80:1, and the Teacher-pupil ratio being at 1:70, especially in lower classes. This is too much and would be detrimental to quality of Education.

#### 3. Sports Development services

There is lack of funds to carry out these activities both at District and taking the District teams to the National level. This hampers talent development for gifted pupils. Only 3 million put in the budget

### Planned Outputs for 2014/15

The sector plans to act on structure road bottle necks, carry out 100% manual routine maintainance of all district access roads for 188km and 128km urban unpaved roads. However, the sector has no plans for carrying out periodic maintainance. For Engineering services, maintainance of district bulidings, compounds and vehicles shall be done through out the year.

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

The department expects to receive continued support under CAIP 3, for Rehabilitation of 45.9 km of Kyeikucu-kashangura-Kabingo-kakatsi, Kakoma-Mabonwa-Nyarukika and Kanywambogo-Irimya-Kamwengye roads, as works have been started on; In addition the Ministry of works and transport has started on the rehabilitation of Mabonwa - Kicuza -Ryabatenga road for this financial year

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Delayed release of Funds

The delay of road funds has greatly affected routine maintainance activities hence detoriation of condition of road network.

#### 2. Poor community attitude

Lack of community willingness to provide drain water reserves along the roads, and reluctance to participate in road gang activities, this has given a set back on status of roads

#### 3. Inadequate staff

are planned to be carried out in the up coming trading centres. Coordination of the sector will also be carried out. Motorcycles and other equipment in the sector will be maintained in sound condition.

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

Caritus -Uganda of Ankole Diocese will carry out wetland management ,soil and water conservation and energy saving activities in three selected Subcounties of Rukiri, Nyamarebe and Kikyankye in the district. The Sector expects the central government to provide tree seedling for planting by the communities. FIEFOC will provide seedlings for community planting for water catchment areas.

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Bush burning of tree plantations

People tend to set fire in the disguise of generating new pasture during the dry season which end up burning forest plantations. This has discouraged most of the private individuals who establish forest plantations on their lands.

#### 2. Forest and wetland degradation

There is rampant cutting of trees on private lands which has led to denudation of the environment. Wetlands have been encroached on in search of agricultural land for growing crops. Encroachment on Kayuya-Bariisa community forest has increased.

#### 3. Low attitude towards environmental management

People have low attitude towards environmental management. They don't care about the people who are degrading the environment neither do they report them to the concerned authorities.

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Inadequate funding for the department.

The department receives little funding compared to the activities that would be implemented. This challenge is exacerbated by late release of the meagre funding.

#### 2. Understaffing and lack of basic equipment for the staff.

The department is not fully staffed especially at the lower local government level where the majority of the staff are in acting positions. The staff lack basic tools and equipment like computers and transport facilities which limits their performance.

#### 3. Lack of facilitation for the FAL Instructors.

Functional Adult Literacy (FAL) is one of the major government programmes being implemented by the department in lower local governments but unfortunately the FAL Instructors are not facilitated yet they are a critical resource for the programme.

## Workplan 10: Planning

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

The District Planning Unit will be the focal office for the coordination of the USAID/SDS programme. Implementation will basically fall in the departments of Community Based Services, Education and Health under Grant C. Other off budget activities include coordination of food security and Nutrition programme under Community Connector, and coordination of the National Housing and Population Census activities in the District

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Insufficient funding

The unit majorly relies on central government funding, the local revenue and Unconditional grants allocations to the Unit are meagre and majorly unreliable. Most activities of the unit end up unfunded e.g. project formulation and appraisal at LLG level

#### 2. Lack of Transport

The unit has no transport in form of a vehicle or motorcycle, thus coordination and monitoring of programmes not done in time as may be required

#### 3. Lack of Planners at LLG level

The duties of a planner at LLG level are assigned to CDOs who have other duties to perform. Some are assigned the duties of sub county chiefs, thus are overlo and this limits on time devoted to planning activities in LLGs such as holding planning meetings.

#### 1. Inadquate funding to the department

the district does not have enough revenue which leads to little funds allocated to audit unit. This has affected the departmental performance and poor execution of departmental activities. We cover less compared to what should be covered by the unit.

#### 2. Lack of transport

The department has no vehicle to enable the officers to carry out field work.

#### 3. Understaffing

As per the departmental staff structure, the unit is supposed to be manned by 5 people and currently its only manned by 1 person and the scope of work is big. He is over worked and at times some work remain undone.
