Foreword

The District Council is mandated by law to carry out the budgeting function. Section 77 (5) of Local Governments Act CAP.243 stipulates that a Local Government Budget for the ensuing financial year shall always take into account the approved District Development Plan of that Local Government. Therefore, priorities in the Annual Work Plan and Budget have been drawn from the first year of the DDP for FY 2015/2016-2019/2020. Therefore, resources in the Annual Work Plan and Budget shall be invested in sectors that; create wealth, improve the quality of life of the people and enhance household incomes. The processes of enhancing households incomes and creating wealth shall focus at achieving sustainable use and management of natural resources. Much of the resources allocated for in Annual Work Plan and Budget FY 2015/2016 shall be invested in the priority sectors that improve the quality of life of the people like Health, Education and water and those that particularly enhance household incomes and create wealth namely; Agriculture Advisory Services, Feeder and Community access Roads. The limitations in the Annual Work Plan and Budget are; low House Hold incomes, scarcity of water for production and human consumption, degraded natural resources, narrow local revenue base, and inadequate financial and key human resources for overcoming service delivery constraints.

To achieve the goal of the Annual Work Plan and Budget , the District Council shall focus on promoting efficient private production, ensuring that public goods and services are delivered in an efficient manner, reducing inequality in allocation of resources to various communities and among different population categories. It is essential for the development of the District that the private sector and civil society actions are coordinated by the District Council. During implementation, the District leadership shall promote productive partnerships with the private sector and civil society organizations in service delivery. I am therefore calling upon all the people of Isingiro and our Development partners to support the District Council in implementing the Annual Work Plan and Budget for FY 2015/2016.

Workplan 1a: Administration

(iv) The three biggest challenges faced by the department in improving local government services

1. Low staffing levels.

The department lacks key personnel to fill vacancies in the structure for instance, the principal personnel officer and subcounty chiefs and this derails service delivery.

2. Inadquate wage Provision.

The approved wage allocation to the district is so limited to the extent that the district is unable to recruit and fill the critical staff in the structure.

3. Inadequate Office Space and facilities/tools

The existing office space and Office facilities/ tools are inadequate for the Staff in Place at both HLG and LLG levels and this affects negatively the performance of staff.

Department Revenue and Expenditure Allocations Plans for 2015/16

The Finance Vote budgeted revenues for current FY 2015/2016 increased by 27% compared to previous FY 2014/2015 revenues enhance supervision and monitoring of Local Revenue collection. Increase in revenue allocation was made to Local Revenue and Multisectoral transfers to LLGs. However, allocation to LGMSDP reduced due to a reduction in LGMSDP to HLG as the funds allocation to Town Councils was determined by the Central Government.

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

1. Narrow Local Revenue Base

The District depends on Grants from the Central Government. The Local Revenue is narrow and dominated by crop products namely bananas (matoke). The Commercial/ urban sector is still in its infancy and there are low levels of Local Economic Development.

2. Defaulting by LR Collectors.

Individuals hired to collect Local Revenue default and do not honour their obligations in the Contracts they enter into. The LG Staff that are made responsible to collect LR fail to achieve the revenue targets set but this is to be addressed.

3. Assessing Local Revenue Potential

The Department has produced a new Revenue Enhancement Plan and we intend to establish Business and Revenue Registers in all the Subcounties in order to determine what are the sources of local revenue in the District.

Department Revenue and Expenditure Allocations Plans for 2015/16

The Health Vote budgeted revenues for current FY 2015/2016 increased by 18% compared to previous FY 2014/2015 revenues due to increase in revenue allocation to PHC salaries, Local Revenue and PHC NW for recruitment of more Health Staff and improving Health care service delivery. However, allocation to PHC Development reduced by 79% due to inadequate releases from the Center. LGMSDP funding to the vote was introduced to fill the gap created under PHC Development for completion of projects for which commitment was made during FY 2014/2015. Donor funding reduced due to inadequate commitment from USAID the only Donor.

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

1. Inadequate PHC funds

The reduced PHC development is not enough to meet the expressed demands of the required structures to facilitate service delivery yet Isingiro District is a hub for refugees.

2. Late and fractuating PHC release

The District normally receive PHC funds in the 2nd month of the quarter and the figures keep on reducing from the planned ones.

3. Lack of electricity from the national grid to two of the H/C Ivs

Due to lack of power from the national grid to Rwekubo and Nyamuyanja H/C Ivs, running of these facilities especially the theatre operations has been so expensive.

Department Revenue and Expenditure Allocations Plans for 2015/16

The Education Vote budgeted revenues for current FY 2015/2016 reduced by 7% compared to previous FY 2014/2015 revenues due to inadequate Grants and salaries from the Central Government to the sector under all budget items with exception of primary salaries. LGMSDP allocation also reduced for purposes of filling gaps created by PHC Development funding. Multisectoral transfers to LLGs also reduced due to inadequate revenues.

Monitoring implementation of 3 planned projects.

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

1. lack of a vehicle for the department

The District is big and some areas are hard to reach. monitoring and supervision of schools and projects in such areas requires sound and strong vehicles. lack of such means results into poor/inadequate supervision.

2. low District teachers' ceiling.

there are many community schools that require Govt grant aiding. currently this is not possible due to the requirement that the schools to be recommended for grant aiding should fit within the existing ceiling. Thus many children miss UPE service.

3. Inadequate community participation in development of schools.

many schools have temporary latrines that are poorly ventilated and not easy to clean. Schools lack water sources nearby and this jeopardises the use of hand washing facilities after latrines use. School buildings are poorly maintained.

Department Revenue and Expenditure Allocations Plans for 2015/16

Roads and Engineering Vote budgeted revenues for current FY 2015/2016 reduced by 7% compared to previous FY 2014/2015 revenues due to; a reduction in UCG wage as a result of realistic budgeting. LGMSDP allocation also reduced for purposes of filling gaps created by PHC Development funding. Multisectoral transfers to LLGs also reduced due to inadequate revenues.

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

1. Inadequate Staffing

The department is operating at less than 50% of the established staffing structure. Worse still, most senior posts of the District Engineer, Senior Engineer, SOW - Mechanic & Road Inspector are vacant and this affects our capacity to deliver services.

2. Inadequate Funding

The department is inadequately funded as for example, the roads budget from URF can not cover all the 525km of district roads. This affects mobility and service delivery in the District. Imagine 2km planned for rehabilitation using LGMSD & no PM planned!

3. Politics in policy formulation

There are policy changes which are handed down to us for implementation with out a fore thought. For example 100% force account for road works without adequate road equipments and staff and 4.5% Operation expenses under URF is too limiting for road works.

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

1. Low safe water coverage

The area is hilly and most of the communities prefer to leave in uplands making it hard to access the safe water reservoirs . Pumped water schemes are the best alternative but are very expensive in O&M. Also. poor mechanical condition of Water Vehicle

2. Lack of enough potential underground water sources for development

Ground water potentials for springs, gravitated water, boreholes and shallow well sites are limited. The few ground water sources existing have challenges of high mineral content which becomes very expensive to treat

3. Introduction of VAT & elimination of Household rain water harvesting

Vote: 560 Isingiro District

Workplan 7b: Water

Introduction of VAT OF 18%(about 95m off the water budget according to IPF of 673,530,000/=)on all hardware projects has tremendously reduced the number of Water projects implemented. Elimination of HHWT program left some areas without any water source.

Department Revenue and Expenditure Allocations Plans for 2015/16

The Natural Resources Vote budgeted revenues for current FY 2015/2016 increased by 9.1% compared to previous FY 2014/2015 revenues due to; increase in UCG wage allocation as a result of realistic budgeting. However, allocation of multisectoral transfers to LLGs reduced due to inadequate revenue provisions.

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

1. Under staffing in the Natural Resources Sector.

The percentage coverage is at 37.5% of the approved staff levels. The recruitment plan defines the gravity of this challenge.

2. Low funds disbursed for the implementation of the Sector's priorities.

This sector major output is on tree planting. For the District to realize impact, the tree requirements would better be funded under conditional grants like one under FIEFOC that had created impact. Physical Planning Department is also

Vote: 560 Isingiro District

Workplan 8: Natural Resources

very under funded.

3. High maintenance costs for the established tree plantations.

The farmers who established commercial tree plantations have been discouraged by the high maintenance costs of these plantations. They are forwarding requests for the maintenance of these plantations which the District Forest Services cannot afford.

(iv) The three biggest challenges faced by the department in improving local government services

1. Transport for CDOs

Vote: 560 Isingiro District

Workplan 9: Community Based Services

All the CDOs in 17 LLgs do not have a motorcycle as an appropriate means of transport for them to offer extension services.

2. Facilitation for community meetings

Community members demand transport refund whenever invited for community meetings and yet the department is financially constrained.

3. Vulnerable children not protected from child abuse at community level.

Local Council one as the first court of instance is to a large extent not effectively handling child abuse cases and domestic conflict generally thus increasing the caseload for CDOs and SPWO.

The Planning Vote budgeted revenues for current FY 2015/2016 reduced by 79.7% compared to previous FY 2014/2015. The reduction was as a result Census 2014 Funds that enhanced previous FY Budget. There was also a reduction in Multisectoral transfers to LLGs to inadequate revenue provisions and Donor funding due to limited commitments from USAID the only Donor.

(iv) The three biggest challenges faced by the department in improving local government services

1. Availability of Data for Planning.

The data used in planning is not updated and is inadequate. Baseline surveys are not carried out to inform the Planning processes.

2. Management Information Systems

The existing information systems like EMIS and HMIS are not linked with the MIS but only linked to the Line

Ministry. There need for a soft to integrate the existing information systems to facilitate informed decision making process.

3. Sharing of Reports and Lessons Learnt

Reports made by LG staff and Development Partners as a result of implementation of activities and service delivery are not shared out more especially M&E reports. Lessons learnt are never shared for purposes of improving service delivery.
