Foreword

As mandated under Section 35 of Local Government Act (CAP 243) which makes District as Planning Authority, this BFP has accordingly been prepared to fulfill the role of Kamwenge district as required by provisions of the LG act and Budget Act 2001. In order to have a consultative budget process, a district Budget conference took place on Wednesday 27th November 2013 at Cape Hotel in Kamwenge Town and attracted participants from Sub Counties, representatives of Development partners, Religious leaders, Political leaders, District heads of departments, Civil society organizations, Members of parliament, the Media, and Financial Institutions. All aimed at the achievement of District Vision. The vision of Kamwenge district is “Improved quality of life for all the people of Kamwenge by the year 2035”, while the Mission is “to Provide coordinated and participatory service delivery by all stakeholders focusing on National and local priorities for the development of Kamwenge District”.

This was part of the normal District planning cycle activities during which all stakeholders come together and review the activities so far implemented and activities and resource envelopes for the coming year. The District appreciated the low funding levels to address critical challenges like High Dropout rates in Education, Low Local Revenue base with many Co funding obligations, High HIV prevalence rate above 8.2% leading to increasing number of OVC, Low Production Levels in Home steeds with less Food security and General lack of Infrastructure developing funds. The participants focused on Review of performance for 2012/2013, challenges and recommendations; lessons learnt/best practices, key policy issues and plans for 2013/2014.

Consideration has also been made of key unfunded priorities and those critical to meeting the medium term goals of the district have been included by sector. The BFP recognizes the role of donors and other implementing partners in service delivery in Kamwenge District. Donor Budget support in the year will be 1,426,039,000 Financial year 2013/14 of which Shs 698,298,000 will be from SDS and also non cash/in kind support of Shs 1,250,039,000. From other USAID promoted funders. In his concluding remarks, the Chairperson further expressed concern that together we should be able to share the successes as well as challenges.

He called upon all people / Stake holders to appreciate the good work being done in the district and that Advocacy agencies (the press and human rights agencies) should appreciate the achievements and be in position to share the challenges. He raised concern on the tendency of only reporting or looking for challenges but not the achievements. He appealed to all stake holders to mobilize households for more coffee planting, and to advocate for girl child education.

He ended by thanking members for their patience and participation and ended by wishing every one a happy and prosperous stay in Kamwenge.

Executive Summary

Medium Term Expenditure Plans

1. There is insufficient manpower to operationally run the activities of the sector as it is operating at 58 % of its authorized establishment. The Sector also suffers a problem of inadequate means of transport and communication. Furthermore an inadequate skill for the job on the part of some staff is evident. Inadequate funding to the department compounds all these problems.
2. Inadequate funds accruing to the district arising from negative attitude towards tax payment as well as unpredictable weather patterns, which affect farm outputs and incomes. As a result of this, the district was unable to raise sufficient funds to co-fund for the Local Government Management Service Delivery Fund and NAADS. The whole Department comprising of Council, Administration, and Human Resource, Information and office support services, has had inadequate funds to run the mandated activities, given that they are also under the non-PAF category. As for Council, restrictions to spending of up to 20% have affected its operations greatly.
3. The Sector/Department has a mobility problem especially in the rural areas due to lack of transport. Inadequate transport for field staff poses the problem of capacity to implement and supervise activities. On the other hand existing motorcycles for sub-county chiefs are now old and require replacement.
4. Lack of residential and office accommodation for extension staff and parish Chiefs. The absence of Parish administration units has scaled down the level of mobilization of the community.
5. Lack of career growth opportunities for cadres of staff under administration because of the constrained wage bill and failure by other stakeholders to appreciate that the existence of such opportunities are motivating factors.
6. Inadequate operations funds for all the stakeholders to carry out effective mobilization and monitoring of projects.
7. Delay in approval of the request to recruit in order to fill critical positions i.e. Chief Finance Officer, District Engineer, Production & Marketing Coordinator, Principal Internal Auditor and Sub County Chiefs as the Ministry of Public Service has cited inadequate funds to meet the wage bill component.
8. Poor official communication gap between districts and line ministries as correspondences take unduly long to reach the district sometimes even after the deadlines have passed.

Suggestions for improvement

1. Increase allocation of operations funds to the departments
2. Use reliable

Challenges in Implementation

- Implementation of the adopted single spine Agricultural extension system.
- Close monitoring and Support Supervision on implementation of NAADS activities in the district.
- Promotion and support to coffee production as a priority district enterprise.
- Acquisition of a land title for Byabasambu district farm to facilitate its proper use.
- Strengthen disease, pest and vector control and quality assurance including establishment of plant clinics.
- Strengthen the Agricultural statistics and information system.
- Promotion and support to Apiculture production.
- Popularize Artificial Insemination as an appropriate Animal breeding and improvement technique.
- Supporting the dissemination and adoption of productivity- enhancing technologies through provision of Commercialization challenge fund to eligible farmer organizations.
- Promotion of improved high yielding / stocking materials to ensure household food security and improved incomes.
- Training farmers on improved Agricultural Productivity Improvement Techniques.
- Guiding farmers on profitable enterprise selection, market access and saving culture.
- Strengthen farmer's access to agricultural – related market information.

Review and assess staff performance recognise, reward best performers during end of the year party while sanctioning poor performers.

Medium Term Plans and Links to the Development Plan

In medium term the department plans to continue lobbying with the relevant ministries to have its share of resources increased to enable recruitment of additional staff to fill in the critical positions. Plans are also underway to ensure funds are secured for the completion of the new district administration block meant to house several offices. The department shall continue to partner with NGOs, CBOs to fill in the gaps in terms of service delivery. Training and capacity building will be key in ensuring that staff performance improves in terms of service delivery, best performers will be recognised on an annual basis while poor performance will be sanctioned in line with the new public service reforms.

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

The NGO partners will continue to provide resources to enable enhancement of staff capacities, the capacity of district councillors too will be addressed specifically in an attempt to improve on good governance. The Ministries will continue to play their pivotal role of ensuring that support supervision and technical guidance is provided as this is their mandate.

(iv) The three biggest challenges faced by the department in improving local government services

1. Inadequate staffing

There is sufficient manpower to operationally run the activities of the sector as it is operating at 58% of its authorised establishment, coupled with the wage bill constraints, delay to obtain clearance to recruit, failure to attract and retain staff.

2. Mobility inadequacy

The department has mobility problems at the district as the office of the CAO has no official vehicle, the staff at Sub County have not spared either, this poses a problem of the capacity to monitor and supervise the implementation of planned activities.

3. Inadequate funds

Vote: 518 Kamwenge District

Workplan 1a: Administration

The funds accruing to the department have remained dismal amidst so many competing demands, hence hindering effective mobilisation and monitoring of projects including co-funding of donor supported programmes such as NAADS, LGMSD.

Plans for 2014/15

☐To effectively collect revenue to over 85%.

☐To disburse funds as per approved budget and financial and accounting regulations and conditions set by donors.

☐To control and safeguard the financial and physical resources of the District.

☐To fairly plan for the cash flows through use of the budget desk.

☐Make Monthly, Quarterly and Annual reports/statements on financial activities.

☐Procure all stationery sufficient to the accomplishment of our bookkeeping and reporting tasks.

Medium Term Plans and Links to the Development Plan

☐We plan to continue the 2013/14 budget and Revenue enhancement plan implementation. By the end of 3rd Quarter, realistic budget out turn will have been predictable thus requiring relevant budgetary adjustments which shall be presented appropriately for approval.

☐We are planning to collect at least 85% of the Budgeted local revenue. This will be done by providing regular supervision to the Revenue Collection Centres. Follow up of revenue issues at the sub counties will be done promptly after the end of every quarter to ensure that all the revenues collected are banked and viable strategies are laid to effectively collect the revenues due.

☐We plan to continue producing monthly financial reports and quarterly reports as per financial regulations.

☐We will procure general financial stationery like Cash books, abstracts, vote books, Ledgers, payment vouchers, Journals and Local purchase orders and revenue accountable stationery like General receipts, Business application forms, Operational permits and market dues.

☐We will deliver quality service by strengthening financial discipline at all levels

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

Finance department will receive some capacity building by SDS for financial management and revenue collection

(iv) The three biggest challenges faced by the department in improving local government services

1. Resource constraint

Vote: 518 Kamwenge District

Workplan 2: Finance

•Inadequate enforcement capacity due to inadequate staff, limited facilities and logistics (transport, fuel, stationery, data capture and processing tools).

2. Skills

•Hardships in adopting new policies and tools in implementation and reporting especially OBT which has not been inducted to many staff.

3. Collection inefficiency

•Due to lack of data, private revenue collectors sometimes offer unrealistic and high bid prices and thus exaggerating the revenue budget. Most times, the offer price cannot be fulfilled by the tenderers.

Workplan 4: Production and Marketing

(iv) The three biggest challenges faced by the department in improving local government services

1. Chronic understaffing

Lack of approved Production and Marketing staff structure has made the staffing levels particularly at the sub county level worse. This situation has also demoralised the few existing staff & negatively affected their performance & service delivery

2. High prevalence of both crop and livestock pests and diseases

The high cost of drugs and chemicals coupled with liberalisation of supply of these farm inputs has hindered farmers from accessing them.

3. Inadequate funding for disease control interventions

Funding received under NAADS is mainly for procurement of planting/ stocking materials and funding received under Production and Marketing Grant is very little compared to the high prevalence of both livestock and crop diseases/ pests and vectors.

Plans for 2014/15

We have planned to construct 4 classrooms 2 at Kengeya PS and 2 at St Peters Ntara Primary school . Latrines at Kengeya, St Perters Ntara, Malere, Kahunge ., Under Presidential pledge we expect to complete the structures at kamwenge SSS and construction of latrines at Kitagwenda Technical Institute The funding level will remain as at last FY. We expect to supervise all schools in the district primary, secondary, Nursery and Tertiary. We expect to provide Quarterly inspection reports reflecting on performance of schools.

Medium Term Plans and Links to the Development Plan

We have programmes of providing Instructional materials and Infrastructure to the newly government aided schools such as classrooms at Kengeya and St Petera Ntara, Rwegobe and kamwenge and St Paul Primary school. Mobilise communities on contributing on schools developmental projects, We shall work with other implementing partners to improve on infrastructure in some schools to improve learning environment.

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

Vote: 518 Kamwenge District

Workplan 6: Education

World Vision Uganda will construct two classrooms office and store at each of these four schools Kiyagara, N in kahunge SC, Nyabitusi PS in Kamwenge SC, and Nyamashegwa. They will also procure 256 twin desks these schools. Hiima is supporting 2 best children in PLE in kamwenge with school fees TO Secondary schools, Save the Children is planning to train 500 youth from rwamwanja Refugee camp. Widle Trust is paying the 44 teachers whom they recruited to help in teaching children in Rwamwanja Refugee settlement. Lutheran World Federation is constructing 7 classrooms in schools around the refugee settlement. Link community Development will conduct school visits meetings to help the schools to develop School improvement.

(iv) The three biggest challenges faced by the department in improving local government services

1. Teachers Houses

Most teachers stay far from schools because of lack of teachers houses. This leads to late coming and leaving early. By implication, they can settle down to mark pupils books and provide remedial work.

2. Transport facility

The departmental vehicle is grounded. This constrains the movement to monitor school programmes. Motor cycles are equally old. Inspectors are not effectively inspecting the schools due to regular mechanical problems.

3. Parents participation and provision of lunch to children is inadequate

Parents involvement in school activities is extremely lacking. This ranges from failure to provision lunch to pupils and provision of other essential requirements. This has partly contributed to high drop out rates and indiscipline among the learners.

Workplan 7a: Roads and Engineering

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

NGO (OXFAM, AIRD, IOM) are opening 50km of CARs in Rwamwanja refuge settlement which lead to neighbouring communities. This is coordinated by OPM

(iv) The three biggest challenges faced by the department in improving local government services

1. Unpredictable weather conditions

Heavy rains destroy muram roads and make them impassable. This leads to high maintenance costs.

2. Weak operation and Maintenance structures

Community members are not willing to maintain roads especially the community access roads, roads are opened and left un maintained and as a result they deteriorate in a very short time.

3.

There were training which will be conducted under SDS which will handle Auditing and its Mandate

(iv) The three biggest challenges faced by the department in improving local government services

1. Transport

The department has a challenge in transport since there is one motorcycle with four staff members

2. Resource constraint

The scope of Audit is wide yet there is little funding to undertake it.

3.
