Revenue Performance in 2014/15

The District has so far realized shillings 11,539,021,000 out of the projects annual budget estimates of shillings 26,897,396,000 which is 43% revenue performance. . The underperformance was mainly due to hotels tax, liquor license, market charges, , miscellaneous and business license due to delays to sign agreements of the service providers for the financial year 2014/2015. The discretionary funds under central government transfers performed poorly at 27% due to hard to reach allowance that was integrated in salary. The central government conditional grants performed at 42 % with most of the grants performing at 50% except salaries for primary teachers, secondary teachers and ex-gratia for political leaders. The reasons being that ex-gratia for LC1 and LC 11 chairpersons has not been paid as it is paid once a year and for salaries there was delay by the ministry of Public service to clear recruitment of primary teachers. On other government transfers the over performance of 64% was that there was a release for conduction population and household census that was not budgeted for. On part of donor the over performance was due to funding from UNEPI for immunization against polio and from UNICEF for nutrition that was not budgeted for.

Out of the realized funds to the District worth 11,539,031,000 shs, a total of shillings 11,391,076,000 was released to operational departments which is 98.7% of the realized funds

A total of Shillings 147,955,497 for the polio immunization and local revenue were still on the general fund by the end of the quarter as funds had just been credited on the general fund account.

As regards the expenditures in the departments, shillings 11,170,105,000 was utilized making it 98% utilisation capacity. Only 82% of the development funds realized for the quarter was utilized. This was so because of the delays of the evaluation committee to evaluate the works for contracts committee to award the projects on time.

Planned Revenues for 2015/16

The district projects to receive a total of 27,131,599,000 shillings for the financial year 2015/2016. The Local revenue will contribute 2.62% to the total district budget; donors will contribute 3.17% while 94.21% of the entire budget is expected from the central government transfers. There has been a slight increase in the projected revenues as compared to the financial year 2014/2015 of 8.68% due to the an increase in secondary salaries, PHC salaries , agricultural extension salaries and district unconditional grant.

On part of local revenue there has been a slight decline due to the revising of property tax down wards due to the resistance to pay by the property owners.

This was so because of the delays of the evaluation committee to evaluate the works for contracts committee to award the projects on time.

Planned Expenditures for 2015/16

The overall expenditure allocations to departments have not changed much from those of financial year 2014/2015. There has only been slight changes in the Roads sector where allocations have declined due to the decline of funding from UNRA of funding the tarmcking of butogota town. Another decline of 62% was in the natural resources department due to the UWA revenue funds that are released once in two years and have been budget for in this financial year 2014/15 and not in 2015/2016. The planning department has had an increase of 13.7% to cater for increased reporting requirements and for the dissemination of the District development Plan and the education and health sector had an increase to cater for salaries.

Overall there has been an increase in wages of 6.4% while there has been a reduction in the development budget of 17% due to a reduction on PHC development and NAADS program..

Challenges in Implementation

Understaffing especially, teachers, and staff in departments of works and planning unit. Inadequate motor vehicles for monitoring and supervision of Government programs.

- Inadequate accommodation for teachers and health workers
- Limited access of farmers to micro finance institutions (credit facilities)
- Poor road net works in the District and lack of a tarmac road connecting to the neighboring districts. This increases on the cost of production and also on failure to attract investors' local, national and international investors.
- Water for production. The district lacks an irrigation scheme. The district only depends on rain water which affects the production on a large scale.

Revenue Performance up to the end of December 2014/15

Vote: 519 Kanungu District

A. Revenue Performance and Plans

(i) Locally Raised Revenues

The overall local revenue performed up to 46% of the projected annual revenues. The underperformance was mainly due to, hotels tax, liquor license, market charges, other fees and charges, miscellaneous and business license due to delays to sign agreements of the service providers for the financial year 2014/2015

(ii) Central Government Transfers

The discretionary funds under central government transfers performed poorly at 27% due to hard to reach allowances that were integrated in salary. The central government conditional grants performed at 42 % with most of the grants performing at 50% except salaries for primary teachers, secondary The Donors funds have performed up to 68% of the projected annual donor budget. The over performance was due to funding from UNEPI for immunization against polio and from UNICEF for nutrition that was not budgeted for. Most of other donor budgets such as Reproductive health, Pace, research triangle performed poor as there were finalizing modalities of releasing funds to the District and global fund activities of massive immunization are planned in the second quarter

(iii) Donor Funding

The Donors funds have performed up to 25% of the projected annual donor budget. The performance was due to funding from UNFPA that released more money as it releases on calendar basis and UNICEF where we received funds that had not been budgeted for. Most of other donor budgets such as Reproductive health, Pace, research triangle performed poor as there were finalizing modalities of releasing funds to the District and global fund activities of massive immunization are planned in the second quarter.

Planned Revenues for 2015/16

(i) Locally Raised Revenues

The district projects to receive shillings 712,608,000 as local revenue for both the district and lower local governments. The key sources of revenue are property tax, hotel tax and transportation of timbers. The Local revenue contributes 2.62% of the total district budget. There has been a slight decline in the projected local revenue as compared to the financial year 2014/2015 of 21.1% due to the decline of revenues from the Town council as a result of revising the property tax down wards due to resistance to pay by the property owners.

(ii) Central Government Transfers

The District projects to receive and spend a total of 25,558,297,000 shillings from the central Government of which 59.3% will be used for wages. Thus the central Government transfers account to 94.21% of the entire projected District annual budget for 2015/2016

There has been a slight increase in the projected revenues as compared to the financial year 2014/2015 due to the an increase in secondary salaries, PHC salaries , agricultural extension salaries and district unconditional grant.

(iii) Donor Funding

The District projects to receive and spend a total of 860,694,000 shillings from the donors. The donors are expected to contribute 3.17% the entire projected District budget for 2015/2016.

The projections have not changed from that of 2014/2015 as we have not had any changes in the funding of the donors except under the off budget support

Timely payment of all district staff salaries by 28th Of every month

preparation and submission of monthly accountabilities to MOFPED by 15th every month, payment of all government taxes and filing returns by 15th every month, preparation and submission of final accounts to OAG by 30/09/2015, ensuring that district budget estimates are approved by council by 30/5/2015, widening the local revenue base so as to improve service delivery, collection of LST,LG hotel tax and other sources of local revenue

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

1. Limitations in wage bill leading to few staffs

The Limitations in wage bill leads to no recruitment of more staffs hence overworking the existing staffs hence lack of efficiency and timely preparation of books of accounts affecting service delivery

2. Lack of motivation due to low pay for ccounts staffs

Salaries of accounts staff is still low yet the work to hundle is too much which lowers morale leading to lack of efficiency hence poor service delivery

3. Lack of enough skills in posting and balancing books of accounts

There is lack enough skills in book keeping especially vote books and asset registers and innability to catch up with new developments as systems keep on changing and new policies come up

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

1. Inadequate funding and over dependency on central government transfers

Ugx.503,372,552 is barely enough to adequately facilitate operations of council, land board, District service commission and procurement unit/contracts committee in terms of operational costs, payment of staff salaries and mandatory allowances.

2. Unstable power supply

The district is faced with a challenge of unstable power supply which is often on and off. This affects timely production of minutes, reports and other information required for the smooth running of the department's activities.

3. Lack of department vehicle.

Out of the 4 sectors in council and statutory bodies non has a department vehicle for proper coordination of department's activities. This incapacitates the district chairperson and speaker from adequately performing their duties.

Workplan 4: Production and Marketing

Department Revenue and Expenditure Allocations Plans for 2015/16

The Production department projects to receive a total of 493,141,000 Shillings which is 1.82% of the district budget. There has been big decline in revenue allocations to the department of 40% as compared to last financial year allocations due to non allocation of multisectoral transfers and NAADS grant that is now being managed under the secretariat under through wealth creation program

staff well motivated through payment of salaries to 19 production staff and hard to reach allowances to those who are entitled. Line ministry MAAIF kept informed of agric activities in district through submission of reports. Epidemic crop diseases controlled through operation of 4 plant clinics. Epidemic livestock diseases controlled through vaccination of 60000 birds/ dogs/ livestock. Farming community accessing genuine agro and veterinary drugs and inputs through inspection of veterinary and agro input shops. Community consuming meat and milk that is safe through meat and milk inspection. Community accessing agricultural products sold under hygienic conditions, will be possible through construction of one slaughter slab at nyamirama and one road side market at bugongi.

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

1. low staffing levels

district requires 34 field extension officers to offer advisory services to farmers but currently only operates with 7 field extension officers.

2. handouts syndrome and poor mindset of farmers

majority of farmers have not commercialised. They still look at government to provide everything they need in their farming venture. Coupled with poor mind set i.e (I have done it this way for years and it has worked) nothing much may change.

3. climate change and heavy dependency on nature

Vote: 519 Kanungu District

Workplan 4: Production and Marketing

climate change with its associated effects (unreliable rains, new pests and diseases, prolonged dry spells) calling for mitigation measures among which are irrigation which is not in place.

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

1. Transport

The DHO's office currently does not have a vehicle to help in support supervision, delivery of supplies to health facilities, coordinating with the line ministries a, programmes and other departmental activities. Lack of motorcycles for outreaches.

2. Staff retention

Attraction and recruitment for key cadres like Doctors, Anaesthetic, Cold chain technicians and public Health dental officers is very low in the district

3. Service coverage

Access to comprehensive Emergency Obstetric Care and support is low. Only one hospital which is private offer such services

Department Revenue and Expenditure Allocations Plans for 2015/16

The Education department projects to receive and spend a total of 15,322,183,000 shillings which is 56.7% of the total District budget worth 27,131,599,000 Shillings. The department has had a slight increase in budget allocations for 2015/2016 as compared to the financial year for 2014/2015 of 2.3%. The increase is from the increased salary allocations for primary and secondary teachers and from a conditional non wage to cater for the construction of Burema secondary school

The works department projects to receive a total of 1,208,734,000 Shillings which is 4.4% of the total district budget worth 27,131,599,000 Shillings. There has been a slight decline in revenue allocations to the department of 23% as compared to the last year allocations due to a reduction of UNRA funds for tarmacking urban councils

Planned Outputs for 2015/16

At the end of the Financial year, the department expects to maintain 36Km of Community Access roads, 79Km of Urban unpaved roads, 45Km of District roads (periodic maintenance) and 124Km of District roads (routine maintenance).

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

1. Low revenues

the department only receives money for road maintenance and not rehabilitation. We currently use 500,000 shillings per Kilometer instead of 15million, leading to incomplete road maintenance.

2. Lack of adequate machinery

the department only has a light grader which is not effective in rocky and mountainous areas in Kanungu District. We also lack basing equipments like a vibro roller, excavator and low carrier for effective road maintenance

3. Staffing

the department is critically understaffed. Out of the critical 8 staffs in the department, only 2 are filled and on contract.

(iv) The three biggest challenges faced by the department in improving local government services

1. Rehabilitation funds

Vote: 519 Kanungu District

Workplan 7b: Water

About 70% of our piped water schemes are now old and need rehabilitation and yet only 50,000,000 shillings out of the required 200,000,000 shillings is available per financial year. A special fund should be put aside to cater for rehabilitation

2. Motor vehicle maintenance

the sector has 1 motorvehicle maintained under the grant, however it is always used by other departments due to lack of enough transport means. This has put much pressure on the vehicle and now the maintenance costs have gone high.

(iii) **Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors**

(iv) **The three biggest challenges faced by the department in improving local government services**

1. Recovery of funds from 48 Youth supported groups under YLP

Kanungu supported 48 Youth Groups under Youth Livelihood Programme. Implementation guidelines requires 100% recovery of the support, but projects supported have not generated profits to enable groups to pay back in one year

2. Delayed promotion of staff

2 Staff have been executing duties of Senior Community Development Officer at District level for the last 3 years expecting promotion, which has not been effected. It reduces their morale, thus poor performance of the department

3. Limited funding under locally generated revenues

Out of expected revenues 911,339,000, only shs 18,577,000(2%) is from Local Revenues, of which shs 5,000,000 is for vehicle maintenance, 5,000,000 for National function. Hence only shs 8,577,000 is shared by 4 sectors in the department
