### Challenges in Implementation

Poor road conditions which was course by heavy down pour in the recent past has made it very hard to have access to development site especially when it comes to drilling bore hall. In addition the challenge of inadequate infrastructure limiting community access to productive land , increasing cost of production and access to markets and social services, inadequate and limited supply of electricity that hinders promotion of value addition and food processing, inadequate skilled manpower and understaffing where the current staffing level is at 52% down from 67% last year, negative community attitudes and cultural practices that impact negatively on health seeking behavior and access to education, high population growth rate which is slightly above the national average, boarder conflicts especially areas bordering Layamo and Mucwini sub county, Kaabong and Agago District and substance abuse especially by youth leading to increased crime rate which has led to a raise in murder rate in the District, conflicting laws on Local Revenue

### **Executive Summary**

Generation regarding levying of 2% development Fund on all cobtract works and services. Negative attitude by the Hotel Owners to levy Local Hotel Tax, low rates of Local Service tax. Understaffing especially agricultural advisory Service Providers, Poor Transport means at sub County level, inadequate operation funding at all level which is allocated irrespective of the service area eg Kitgum Town with a total of eleventh Parishes is allocated the same amount of funding for operation as Akwang sub county which have only three parishes, Long working hours which leads to staffs burn out thus affecting the level of performance, Lack of Positive motivation, inadequate equipment and Logistic especially in Health facilities, delays in adjustment of the structure to take care of increasing health and medical needs eg Nodding diseases etc. Heavy down pour leading to impassible roads this Financial year 2014/15. The decentralisation of Payroll management with it related migration challenges were staffs are presumed to have been paid Salary and jet in actual sense the Individual Account of the affected employees is not credited. Heavy disclosure requirement and inclusion of LLG to the OBT. The challenges with the arrangement relate to the difficulties of getting accurate information from the LLG on their actual performance. Lack of fund in supporting the reforms under OBT thus making the exercise tedious and time consuming without facilitation toward the activity. Physical submission of report instead off soft copy. The Ministry does not accept report which are scanned and emailed to them instead they prefers the hard copy. Submission of hard copy document takes more than one million five hundred thousand as facilitation for travelled inland and stationeries for report production instead of just sending an Email which is relatively cheaper. Frequent machine breakdown under force Account modality in addition to the small staffs in the engineering department which are required to coordinate force Account activities needed to deliver the required output during the period under review

## A. Revenue Performance and Plans

---

### Revenue Performance up to the end of June 2013/14

#### (i) Locally Raised Revenues

Local Revenue collections were UGX 509,415,000 by the end of the First quarter of Financial year 2013/14 indicating a performance of 41%. The performance arose as a result of poor collection of Local Revenue by the Urban Administration with the bulk of the funds under Local Government owned corporation which performs at 38% instead 50% and other fees and Charges which performs at 36% instead of 50% since this being the middle of the financial year “coming from” Registration of Businesses. There should have been more outturn/collections if the Disposal of used Assets and Equipment was done. The unrealized Locally Raised Revenue were expected to earn the Local Government up to UGX 30,000,000 if the fund were realized, the out turn should have been much higher than what was originally plan for during the quarter Under review.

#### (ii) Central Government Transfers

By the end of December 2013, Other Government Transfers performed at 49%. The under performance realised arose as result of Non release of NUSAF II funds and that from Uganda Road Fund for Road Maintenance during Q3 of financial year 2012/13. This put the performance during the third quarter as per the planned Q3 budget to about 69% as the only funds realized were for LGMSD Support to Northern Uganda. The performance for the conditional transfers from Central Government stood at an average of 69% largely due to budget cuts from the Centre during the second quarter. That not withstanding, the performance against the item for Councilors’ allowances and Ex-Gratia for LLGs was 24% because the release was based on payment of councilors’ allowances as the bulk of the funds are for Ex-Gratia which will be paid in the fourth quarter.

#### (iii) Donor Funding

By the end of the third year of FY 2012/13, the outturn of Donor Funding was 45% against the approved Donor Funding Budget. The low performance of Donor Funding was largely due to low release of funds by the Donors whose release mechanism does not match with that of the Central Government release cycle, for instance, UNICEF and NUDEIL which releases their support based on their funding cycle which is different from Central Government Quarterly release cycle. However, the bulk of the funds were released during the second quarter (121%). The over performance arose due to substantial release of funds by Development partners e.g. NUDEIL who released the balance of tranche three during the Quarter. The over release may not all be absorbed during the current Quarter two but will be used to implement projects for the remainder of the Financial year. It is also worth noting that funds from UNICEF were received as planned during the quarter.

### Planned Revenues for 2014/15

#### (i) Locally Raised Revenues

FY2014/15 over all Local Revenue forecast resource envelop is estimated to be at UGX 1,240,868,000. This is the same with the budget for the prior FY 2013/14 owing to the inclusion of both LLG and HLG Budget for FY 2014/15. The bulk of this fund is planned to be spent on General Administrative expense and co-funding of conditional Development Grant like NAAD, LGMSD, and FAL as clearly reflected on the table above. The bulk of the planned Locally raised revenue is planned to come from urban administration followed by the Higher Local Government. Most Lower Local Government still have miserable Locally Revenue base thus leading to a lower projection for FY 2014/15. It is anticipated that if all the market stall are all completed during Q1 of financial year 2014/15, then significant Local Revenue may be realised to enable the Local Government Finance up to 5% of their annual Budget and avoid seeking of weaver every financial year to spent beyond 20% on council expenses

#### (ii) Central Government Transfers

During Financial year 2014/15 Central Government resource envelop is estimated to be at UGX 25,191,107,000 compared to FY 2013/14 approved central government resource budget of 24,014,653,000. The projected increment was largely recurrent budget (Conditional Transfers like fund for CENSUS 2014) and Discretionary Grant. These funding shall be directed toward the Priority Programs areas of Production, Primary Education, Health, Public works and Technical Services and Water sector.

#### (iii) Donor Funding

During Financial year 2014/15 Donor fund resource envelop is estimated to be at UGX 1,442,023,000 showing a substantial decrease compared to UGX 3,325,685,000 for FY 2013/14. The projected Donor fund will largely be finance by UNICEF, NU-HITE and JICA among others following their confirmation during the Budget Conference which was held during Q3 of FY 2013/14 at the District Council Hall. The reduction in donor fund was due to none communication of Trance four Releases by NUDEIL for FY 2014/15 hopely if they communicate then the budget shall be revised as per the provision in the Local Government Finance and Accounting Regulation 2007.

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

We do not expect any off budget support to administration department in the next financial year.

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. IFMS failure

whereas we have migrated from the manual to computerised payment system, the failure of the system for example through systems breakdown and erratic power supply has made it extremely difficult to process funds on time thus affecting the smooth payments.

#### 2. Disappearance of staff names from payroll

every month staff names disappear from the payroll without any proper reason or explanation. This demotivates staff and makes it difficult to manage staff since HR department can not provide adequate explanation to affected staff.

#### 3. Budget cuts

Budget cuts without reasonable explanations have greatly affected effective service provision to the community.

Out turn by end of September 2013 was UGX 219,116,000 out of the Annual Budget of 407076,000. this represents performance of 53%. The under performance was due to poor performance notice under Donor Fund which performs at 0% because NUDEIL did not released fund for fourth tranche, the cumulative expenditure was 212,616,000. more or less the same with the cumulative revenue disbursement to the Sector during the third quarter of financial year 2012/13. the cumulative expenditure leaves nearly Zero unspent balance.during the period under review. The Challenges faced in service delivery range from Under staffing which is compounded by Ministry of Public Delays in approval of Request to filled vacant post which arises as a result of Normal Retirement or on replacement basis, Poor Road net work which leads to High maintenance cost of Vehicles and plan, Low Local Revenue based which is cause by the effect of the war and poor attitude to work because the community got used to hands out which are given by development partners
