### Reasons for unspent balances on the bank account

The unspent funds on the department's bank accounts during Quarter 2 of FY2025/2026 mainly comprise Ex-gratia payments for LC I and LC II chairpersons. These funds are categorized under recurrent expenditures and are released by the Ministry of Finance on a quarterly basis but are scheduled for payment in the fourth quarter as per the government's disbursement plan. The funds are therefore not idle but reserved to cater for the planned Ex-gratia obligations to local council leaders at the end of the financial year, ensuring compliance with national guidelines and maintaining financial accountability.

### Highlights of physical performance by end of the quarter

The District Council and its standing committees held regular meetings where important resolutions and ordinances guiding district operations were passed. The District Executive Committee (DEC) provided oversight and policy guidance, while the District Service Commission handled recruitment, staff confirmations, and disciplinary matters to strengthen human resource management. The District Public Accounts Committee reviewed audit reports and provided recommendations to improve financial accountability, and the District Land Board processed land applications in collaboration with the Physical Planning Office. The District Contracts Committee conducted bid evaluations and awarded contracts in line with PPDA guidelines, promoting transparency and compliance in procurement processes. Furthermore, wages for staff were fully paid, and allowances for councillors were disbursed, facilitating effective council operations and participation in statutory meetings.

**Summary of Department Revenues and Expenditure by Source**

The department cumulatively received a total of shs. 81,998,000 million shillings which is just 48% of the approved budget which is slightly less than the expected performance of 50% and this is because of under allocation of Local revenue funds to the department. On the expenditure, the department has so far spent only 8% of the approved budget and 62% of the released funds were spent. This under performance is attributed to inadequate staffing in the department to absorb the wage component which has the biggest share of the unspent balances whereas the non wage balances were meant for conducting the district Budget conference in second quarter.
