#### Revenue Performance in 2012/13

By the end of the financial year the district had realised Shs 27,720,923,000 against a budget of Shs 31,828,680,000 being 87% budget performance. Of which from the central government source the district realised Shs 26,154,856,000 against a budget of Shs 29,667,440,000 being 88.1% budget performance however there were some variances in the performance during the quarters because some grants performed well e.g. conditional transfers to salaries and other non wage recurrent transfers while development funds performed poorly because quarter four releases were not realised. From the local revenue source the district realised Shs 964,801,000 against a budget of Shs 1,552,396,000 being 62%. The sources that performed poorly were local hotel tax, other fees and charges, rent and rates from other government units. This poor performance was due to high rate of defaulting by tax payers, inadequate supervision due to poor staffing in the department of finance and land management, lack of cooperation from some sub counties regarding data from revenue centres in their areas in form of submission of monthly revenue returns and reserve prices and defaulting by tenderers who continue to change names from one season to another making the tracking of defaulters difficult. From the donors the district realised Shs 601,266,000 from donors against a budget of Shs 608,844,000 being 99% budget performance. The good performance was attributed TASO that contributed Shs 200,000,000 towards the end of the financial year.

By the end of fourth quarter 99.9% of all funds received had been disbursed to the departments with statutory bodies, production, health, education, planning roads and engineering realizing the highest budget outturn of 81%, 89%, 92%, 96%, 84, and 81% respectively while finance and community based services realized the least with 58% and 56% respectively. The reason for this variance being education, health, roads and production are mainly funded by conditional grants which performed well compared to others which depend on locally generated revenue which performed fairly.

The funds that remain in the general fund account by 30th June 2013 were Shs 3,551,930. These funds are non refundable fee collections for works and utilities which constitute part of the local revenue collections for the next financial year.

#### Planned Revenues for 2013/14

The District expects to receive a total of Shs 36.1 billion of which locally raised revenue will contribute Shs 1.69 billion representing 4.69% of the entire budget, donor Shs 377.1 million representing 1.04% and Shs 34.05 billion from central government transfers representing 94.2%. Compared to the budget of FY 2012/2013, there has been an increase by 13.49%. The increase is attributed to increase in some central government grants especially the wage component, conditional transfers to non wage technical and farm school, NUSAF2 and PAF monitoring. Additional funding is also expected from donors ie TASO and the unspent balance carried forward from the previous financial year.

### Expenditure Performance in 2012/13

By the end of the financial year the district had received Shs 27,720,923,000 and spent 27,305,266,000 being 98.5% expenditure performance. Overall all the departments spent 91% and above of the funds they received during the financial year with Administration spending Shs 2,276,426,000 being 98% expenditure performance, Finance Shs 317,616,000 being 98% expenditure performance, Statutory bodies Shs 860,511,000 being 91% expenditure performance, Production and marketing Shs 2,215,190,000 being 99% expenditure performance, Health Shs 4,667,030,000 being 95% expenditure performance, Education Shs 14,553,983,000 being 100% expenditure performance, Roads and Engineering Shs 1,062,564,000 being 100% expenditure performance, Water Shs 534,981 being 100% expenditure performance, Natural Resources Shs 114,939,000 being 97% expenditure performance, Community based services Shs 459,076,000 being 100% expenditure performance, Planning Shs 184,858,000 being 100% expenditure performance and Internal Audit Shs 58,092,000 being 99% expenditure performance.

By the end the financial year the district still had some funds unspent with Statutory bodies having the biggest balance of Shs 84,657,000 followed by administration with Shs 47,540,000, then health with Shs 45,918,000. Under statutory bodies the funds unspent are for the purchase of the district chairpersons vehicle. Authority from the Minister of local government to purchase the vehicle was received towards the end of the quarter, while under the health sector its for on going constructions. The funds under administration are for NUSAF II groups whose projects were pending approval by OPM however this funding source will not be affect by the end of the financial regulations.

### Planned Expenditures for 2013/14

Of the total budget of shs 36.1 billion, wages and salaries will consume shs 19.1 billion constituting 52.9% of the entire district budget, recurrent non wage expenditure shs 8.2 billion representing 22.9%, Domestic development shs 8.3 billion representing 23% and donor development shs 377.1 million representing 1.04%.

The development funds will focus on completion of projects started in the previous years to date ie In administration sector Completion of 4 extension workers houses at Paya, Molo, Mulanda and Kwapa Sub counties, Procurement of 15 office desks, 15 book shelves, 15 notice boards for the sub counties, completion of a 5 stance pit latrine at the District Hqtrs, construction of 2 sub county administration blocks at Magola and Sop Sop Sub counties and building the capacity of district staff through trainings.

In the education sector, completion of classroom blocks, laboratories and staff houses construction under PRDP and LGMSDP and completion of 5-stance lined pit latrines under SFG. In the production sector increased farming household food, nutrition and income security, and livelihood through advisory services and technology delivery, pest and disease control, sustainable enhancement of factors of production and marketing in crops, livestock, entomology, fisheries and commercial services, water for agricultural production, labour saving technologies, promotion of the use of high quality inputs, planting and stocking materials, promotion of collective marketing and value addition activities.

The recurrent funds will be spent on coordination of district activities, payment of salaries, improving the local revenue base, data collection, holding management and planning meetings, conducting monitoring and evaluation visits, conducting audit and value for money visits, community sensitization and empowerment, holding council meetings.

## Challenges in Implementation

Under the council sector 20% of the previous performance can not adequately cater for all the council activities, in the production sector Limited advisory services to farmers & programmes' coordination at LLG, the lack of some staff in the department is affecting service delivery, for instance, Senior agricultural engineer. In the health sector Over 80% of the existing Health workers in the District do lack accommodation, this has led to the poor retention of staff by the District, lack of transport has led to difficulties in supervision of lower Health facilities both at District and Health Sub district levels, community outreaches too are greatly affected due to lack of transport. In the education sector funding for UPE has remained inadequate yet school enrollment keeps on going up. Under engineering delayed start of work by contractors, Poor ground water resources, many parts of the district has poor ground water potential making development of bore holes especially very difficult. In the natural resources sector Wetland encroachers have become violent making wetland action planning difficult, tree seeds are very expensive making it hard to establish larger tree nurseries.

### Revenue Performance up to the end of June 2012/13

#### (i) Locally Raised Revenues

By the end of the financial year the district had realised Shs 964,801,000 against a budget of Shs 1,552,396,000 being 62%. The sources that performed poorly were local hotel tax, other fees and charges, rent and rates from other government units. This poor performance was due to high rate of defaulting by tax payers, inadequate supervision due to poor staffing in the department of finance and land management, lack of cooperation from some sub counties regarding data from revenue centres in their areas in form of submission of monthly revenue returns and reserve prices and defaulting by tenderers who continue to change names from one season to another making the tracking of defaulters difficult.

By the financial year the had district realised Shs 26,154,856,000 against a budget of Shs 29,667,440,000 being 88.1% budget performance however there were some variances in the performance during the quarters because some grants performed well e.g. conditional transfers to salaries and other non wage recurrent transfers while development funds performed poorly because quarter four releases from the Ministry of Finance were not realised.

### *(iii) Donor Funding*

By the end of the financial year the district had district realised Shs 601,266,000 from donors against a budget of Shs 608,844,000 being 99% budget performance. The good performance was attributed TASO that contributed Shs 200,000,000 towards the end of the financial year.

### **Planned Revenues for 2013/14**

#### *(i) Locally Raised Revenues*

The District expects to receive shs 1.696 billion from locally raised sources. Rent and rates from private entities is expected to make significant contribution to the overall percentage of 44.7, while the least contribution is expected from local hotel tax of less than 0.06 percent. Compared to the previous years IPFs the indicative planning figures have increased by 9.3%. The major increase is expected from taxes paid on rent and rates from private entities.

#### *(ii) Central Government Transfers*

The District expects to realize shs 34 billion from central government transfers. Of this shs 19.1 billion (56.1%) will cater for salaries and wages, while shs 14.9 billion (43.8%) will cater for both recurrent and development activities. Compared to the previous years IPFs the indicative planning figures have increased by 14.7%. The major increase is expected from NUSAF2 and secondary teachers salary.

#### *(iii) Donor Funding*

Donors expect to contribute shs 377.1 million. The biggest contribution will be from TASO representing 53% of the donor budget, while the least of 3.9% will come from IGAD. Compared to previous years IPF there was a drop in IPFs by 38%. The reason for this drop is as a result of a reduction of funding by some donors ie Global fund, BAYLOR, WHO, PREFAR, PACE, SUNRISE and child fund

#### Department Revenue and Expenditure Allocations Plans for 2013/14

The revenues expected by the department is Shs 5,566,244,000. from both local and central government transfers. Shs 625,495,000 will be spent on wage while Shs 1,164,241,000 to be spent on non wage recurrent activities and Shs 3,776,508,000 to be spent on development activities. Compared to the expected revenue for the previous financial year the departmental IPFs increased by 54.6%. The reason for this increase is that more funds are expected from NUSAF2 sub projects, LGMSD, Urban Un-conditional wage and non wage, locally raised revenues, District un conditional conditional wage, Conditional grant PAF monitoring and rolled over unspent balances from the previous year. The cause for the increase in the grants ie NUSAF2 is that being the last year for the program the district expects to receive the balance of its funds this year, under LGMSD additional funding is to construct two new and renovation two sub county offices while under PAF monitoring the additional funding is for payroll printing.

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Attracting and retaining of Staff.

The district is experiencing challenge of attracting and retaining of staff in strategic position such as medical doctors due to poor working conditions and remuneration.

#### 2. Inadquate wage bill allocation

The wage bill provision is inadequate to allow for recurrent of key staff. To date the district does not have substantive heads in finance, human resource, Natural resources, community development and Internal Audit departments.

#### 3. Delayed release of grants

Some grants are released in the last month of the financial year this greatly affects implementation of planned activities in time a case in point for the financial year 2012/2013 fourth quarter development releases were not received .

### Department Revenue and Expenditure Allocations Plans for 2013/14

The revenues expected by the department is Shs. 413,878,000/= from both local and central government transfers. Shs 162,440,000/= will be spent on wage while Shs 237,093,000/= is to be spent on non wage recurrent activities and 14,345,000/= to be spent on development activities. Compared to the previous financial year there has been a drop in the IPF by 25.7%. The reason for this drop in IPFs is attributed to a reduction in local revenue allocation to the department, transfer of budgeting for IFMS Recurrent costs from Finance to Administration department and a reduction of the PAF monitoring grant.

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Low revenue collection

Inadequate supervision and monitoring of revenue collection centres at the lower local councils.

#### 2. Limited local revenue sources

There is generally low revenue collection in the district due to the minimal revenue bases.

#### 3. Inadequate staffing levels.

The staffing levels at the lower local governments are inadequate hence requiring frequent use of staff from other departments to fill in the gaps.

development activities. The overall revenue allocation increased by 3.7% compared to the previous year's IPF. The reason for the increase was as a result of increase in conditional transfers to councilors allowances, conditional transfers to DSC operational costs and unspent balances carried forward from the previous financial year. However there was a decrease in some grants ie conditional transfers to contracts committee/DSC/PAC/Land Board, and reduction in the allocations made by sub counties to this sector.

#### (iv) The three biggest challenges faced by the department in improving local government services

##### 1. Failure to have the required council meetings

The local council is required to use 20% of the previous years local revenue collected. However the 20% is not adequate to hold the mandatory 6, council meeting, 6 standing committee meetings and facilitate the executive committee operations

##### 2. Failure to hold adequate statutory committee meetings

Lack of quorum due to some members of the DPAC that have left.

##### 3. Failure to procure contractors on time

The procurement cycle is lengthy and some technical staff have not mastered their roles in the procurement process leading to delays.

#### (iv) The three biggest challenges faced by the department in improving local government services

##### 1. Low advisory and extension coverage

There are 60 field staffs providing advisory services to 76,000 farm households (approximately 380000 farmers). This is further constrained by few motorcycles for extension workers. Currently, there are only 12 motorcycles in good running condition.

##### 2. Limitations in updating knowledge and skills of staff

The department does not have capacity building funds to improve knowledge and skills of its human resource on new demanded areas through short-term training courses and workshops.

##### 3. Limitations in timely technical supervision of field staffs

The department is experiencing shortage of vehicles in good running condition. Of the few (7) available vehicles, 3 are becoming too expensive to maintain, and 4 are already grounded. This makes supervision of field staff not being done regularly.

Compared to the previous years IPFs there has been an overall increase in the IPFs by 3.6%. The reason for the increase is as a result of increase in central government PHC-wage grant and district unconditional grant wage allocation to the sector and an unspent balance carried forward from the previous financial year.

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Inadequate staff accomodation at the lower health facilities

Over 80% of the existing Health workers in the District do lack accomodation.This has led to the poor retention of staff by the District hence leading to the inadequate number of Health workers.

#### 2. Inadequate transport both at DHO's Office and the health subdistricts

Lack of transport has led to difficulties in supervision of lower Health facilities both at District and Health Subdistrict levels. Community outreaches too are greatly affected due to lack of transport.

#### 3. Weak health unit management committees

Lack of functional Health unit management committees has greatly affected health service delivery in the department.

Construction of agro-processing facilities in the subcounties of Naguyoga, Nagongera and Merikit under CAIP, Rehabilitation of 60 Km of community access roads in the subcounties of Mella, Merikit, Kirewa, Nagongera and nabuyoga under CAIP

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Delayed start of work by contractors

Some contractors are given awards however they take too long to reported on site which affects the timely completion of works

#### 2. Huge supervision backlog

The department is charged with supervising construction works in all the departments in the district and yet the staffing at the department is inadequate. Two officers the District Engineer and Supervisor of Works have to supervise all the works

#### 3. Changes in the weather patten

The heavy rains expreined during the financial year stalled and delayed most of the road opening works

## Workplan 7b: Water

The revenues expected by the department is 700,113,000 from both local and central government transfers. Shs 27,583,000 will be spent on non wage recurrent activities while 672,530,000 is to be spent on development activities. Compared to the IPFs of the previous financial year the expected revenue decreased by 15.24%. The reason for the decrease was as a result of reduction of conditional transfers to rural water. This was attributed to a reduction of PRDP grant allocation to the water sector by the district executive committee.

Plan Uganda- Uganda plans to construct 10 boreholes(worth 200million) in the sub counties of kwapa,mella,Osukuru,molo and merikit.

### (iv) The three biggest challenges faced by the department in improving local government services

1. Inadequate staffing in the rural water office.

The section needs an engineer and an economist to be able to handle the activities properly.

2. Delays in the procurement process.

# Vote: 554 Tororo District

## Workplan 7b: Water

Activities of the procurement unit take too long conclude affecting timely implementation of water sector activities especially in the area of technical evaluation.

### 3. Poor ground water resources

Many parts of the district has poor ground water potential making development of bore holes especially very difficult.

**(iv) The three biggest challenges faced by the department in improving local government services**

#### 1. Weather changes

Trees require continuous rains for root establishment after planting. However, there has been unreliable rainfall and seedlings have dried up in most cases

#### 2. Encroachment of govt lands

Most government lands have not been surveyed which provided avenues for encroachment. This is coupled with poor funding of Land management is poorly funded from the centre

#### 3. Environment laws

Environment laws have not been understood and appreciated by the community

### Department Revenue and Expenditure Allocations Plans for 2013/14

The revenues expected by the department is Shs 593,753,000 from both local and central government transfers. Shs 202,095,000 will be spent on wage while Shs 222,162,000 to be spent on non wage recurrent activities and Shs 169,496,000 to be spent on development activities. Compared to the previous financial year the IPFs dropped by 27.8%. The drop was caused by a reduction in multi sectoral transfers, civil society funding and LGMSD. The CDD component under LGMSD that was being sponsored by the World bank and civil society funding ended in FY 2012/2013.

## Workplan 9: Community Based Services

### Planned Outputs for 2013/14

The activities planned for include; Dissemination of policies, guidelines for all sectors in the District, awareness creation on the Development programmes in the District, community empowerment through trainings and sensitization of all categories of people in the District in the areas of entrepreneurship, gender responsiveness planning and budgeting, environmental, education, infrastructure and health issues, rights and responsibilities of all community members, civil education, functional Adult literacy, construction of a community centre for women, training in management ownership and sustainability of project both under government and other NGOs, labour inspections and training on the right and responsibilities of employers and employees, Home based care for PWDs and the terminally ill, care for early childhood education, monitoring and supervising the quality of activities under social development like NGOs and CBOs, Facilitating the Plans for the community, education on clean and safe water and change of peoples perceptions and attitudes, counseling of the youth, victims of Gender based violence, sensitizing communities on Agricultural programmes and encouraging communities to accept development and change that may come from the investors.

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

The Department expects to receive 198,683 Euros from the DSW, 250,000,000 UGX from plan international 150,000,000 UGX from world vision, 63,269,249 UGX from sunrise project under MGLSD, 16,000,000 UGX from share an opportunity. All these funds will be injected directly by the organization but will seek technical assistance from the Department. Support from NGOs will amount to a budgetary contribution of 1,089,318,449 UGX. The activities they will make a contribution will include; support to women empowerment through trainings, exposure tour and opening a women resource centre, Training in child protection, awareness creation on children rights and responsibility, support to the commemoration of the Day of the African child, International Womens day, Deaf week, White canes day and, International Youth day the international day of the Disabled. Building the capacity on the right based approach, training the water user committees, payment of school fees in support of children and youth and purchase of assistive devices for persons with Disability.

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. High expectation from community member

The community member have high expectation. This is caused due to the high poverty levels and ignorance level and poor attitude. The community needs training to build capacity and become fully empowered to be creative and innovative for self-sustenance

#### 2. Low male involvement

Most of men are not involved and don't participate in community development programmes because they don't seem to see incentives that would make them participate. Most of them have a mind set that without money they won't participate. Change the mindset

#### 3. Inadequate staffing of staff

The District has only up 52% of staff in place. There is need to fill the 48% because it is a critical department that is responsible for social economic development.

## Workplan 10: Planning

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Inadequate planning data

For evidenced based planning there is need to have up to data however most lower local councils do not have up to data to base their planning.

#### 2. Inadequate staffing at the lower local government levels

The planning process requires staff and adequate time however at the low local government level staff from other department have to shoulder the responsibility of the planning process.

#### 3. Absence of data collection equipment

The unit has a geographic information system but lacks global positioning systems to update the maps

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Inadequate transport facilities,

The department does not have a vehicle to adequately conduct audit services in the 17 sub counties.

#### 2. Mismatch between the bugetory provisions and actual releases.

The actual releases to Internal Audit do not adequately facilitate audit activities - all auditable areas are not adequately covered.

#### 3. Under staffing

The department is understaffed when compared to the workload it undertakes
