

Vote Budget Framework Paper FY 2021/22

VOTE: 599LWENGO DISTRICT LOCAL GOVERNMENT

V1: VOTE OVERVIEW

Foreword

Lwengo District Budget Framework paper(BFP) for the financial year 2021/20 has been developed in sync with the Third District Five-year Development Plan 2020/21-2024/25, National Development Plan III (2020/21-2024/25) Vision 2040, sustainable development goals and policy guidelines from the different line ministries and agencies. It is worthy to that as the country shifts to the development planning approach, the district Budget framework paper for financial year 2021/2022 is aligned to the program based approach. The BFP for financial year 2021/22 is extracted from the second year in the DPP III. Developing this plan was participatory in nature ranging from the district budget conference which was conducted on the month of November at the district headquarters however due to the COVID -19 Standard operating procedures, participation was limited, however a number of stakeholders ranging from political leaders, technical staff, religious leaders and development partners contributed to the ideas which form this budget framework paper.

Funding for this BFP is expected from different Central Government grants which include among others District Discretionary, Sector Development grants, Sector Non-wage, District unconditional grant wage and non-wage and other government transfers. More funding is expected from donors like RHSP, GAVI, World health Organization, GIZ among others both under on budget and off budget support. The development direction for the district is improving the quality of both primary and secondary education, Infrastructural Development under Roads, Water, Education, Health, enhancing agricultural production and environmental protection and management.

The district continues to face a number of challenges including Limited wage bill, disasters which have continuously destroyed Crops in communities, facilities like, health facilities, and water sources, bridges and roads, hard terrain making costs of constructing facilities in such areas very expensive hence consuming much of the already limited resource envelope. We hope to work hard to ensure that the funds are utilized as per the stipulated guides to meet all the targets for the financial year 2021/22

V2: PAST VOTE PERFORMANCE AND MEDIUM TERM PLANS

Performance for Previous Year FY2019/20 (Y-1)

By the end of the FY2019/2020 the District had realized 94% (shs. 25,863,435,000) of the approved annual Budget of shs. 27,557,239,000. This slightly low Performance (94% instead of 100%) was due covid-19 impacts that disrupted the Financial Year from March 2020 onwards, there was noted poor performance of Locally Raised Revenues at 36% due to failure to get Q2 and Q3 expenditure limits from Ministry of Finance because of failure to remit the funds disbursed in Q1, there were also very low receipts from External Financing was at 20%, 000 implying a shortfall of 55% of the targeted 70%. This was due non realization of funds from UNICEF, Global Fund, I much as there was 19% from IRBD, 45% from GAVI and 44% from GIZ.

However, there was good performance of; Other Government Transfers at 113% more by 113% due to Micro Projects Under Luweero at 259% because it was received as a lump sum and URF at 106% due to some emergency funds for some roads though there was poor performance of support to PLE at 18% and non-receipt of funds from ATAAS, this was also boosted by Central Government Transfers of shs. 18,711,784,000(99%) where 2,094,788,000 and 16,616,996,000 are Discretionary Government Transfers(DGT) and Conditional Government Transfers (CGT) respectively against an Annual budget of 21,225,950,000 which is 100%(DGT;99% and CGT 101%) implying a 1% over the expected 100% this high performance is basically as a result of result of receiving 100% of the Development Grant by Quarter 3 and 100% realization of Areas for both pension and salary.

Out of the cumulative release of shs. 25,863,435,000, the District had spent cumulatively shs. 25,289,361,000 which is 94% of the Budget released, 92% of the Budget spent and 98% of the Budget released spent leaving 24% Unspent.

Community had the highest % Budget released at 113% because of the 259% release of the Micro Project under Luwero Rwenzori Program and Internal had the least release at 81% because of not realizing much of the Local Revenue component in the work plan since the District had not received Local Revenue to spend in Quarter 2,3 and very little in Quarter 4.

Community Departments had the highest Budget spent at 112% and due receipt of the bulk of funds in Q4 and Audit at 69% had the lowest since a large percentage of funds mainly for micro Projects in the Luweero Rwenzori Programme were received at the end of the Quarter and thus could not be spent in the Quarter.

Audit had the least % Releases Spent at due to system errors. The overall 2% unspent balance was mainly as a result of late release of funds since Lwengo had just joined tier one IFMS and the process of loading budgets and getting warrants from the MoFPED delayed the process, then in Departments with Projects that required procurement of contractors a process that was still ongoing by the end of the Quarter.

The District's main expenditures in the FY were mainly on the District Administration Block, salary and Pension arrears, Councilors' honorarium, immunization of measles and rubella, Accounting Stationery, salaries for the staff the lion's share being that of Primary school teachers.

The unspent balance was mainly for Projects that required procurement of contractors which could not be complete due to late receipt of funds and delay in procurement processes, since there was the IFMS.

Performance as of BFP FY2020/21 (Y0)

By the end of the 1st Quarter (FY2020/2021) the District had realized 23% (shs. 7,007,576,000) of the approved annual Budget of shs. 30,811,199,000. This average Performance was due to high performance of Discretionary Government Transfers at 26% instead of the expected 25% as a result of receipt of 33% of all Development Grants anticipated from the Central Government as they are sent thrice, plus 100% realization of General Public Service Pension Arrears(Budgeting) and Salary arrears(Budgeting), 26% performance of Discretionary Government Transfers as a results of receiving 33% of both Urban and District Development Equalization Grants in the Quarter, However there was noted poor performance of Locally Raised Revenues at 11% due to 1% in registration fees, no Park fees, Quarry charges, local hotel tax fees much as there was noted good Performance of; miscellaneous was at 43%, Occupational Permits rose to 26646% as a result of a concerted effort by the District through sensitization of the masses on its importance, the poor performance was compounded by creation of new town councils, abolition of revenue sources like taxi parks and non-remittances as a result of poor economic situation of the community. However, the Ministry of Finance topped up the Local Revenue by warranting 25% of the Total Local Revenue to the Department to the tune of Shs.118, 128,750. External Financing was at a low of 6% implying a shortfall of 19%of the targeted 25%. This was due non realization of funds from UNICEF, GIZ, GAVI, Global Fund, however there were funds gotten from RHSP at 18%, AHF AT 35% and COVID-19 Funds from Government. The Other Government Transfers Performed well at 30% implying 10% more than the expected 25% this high performance was due to receipt of URF at 29% and PCA funds at 37%, however there was noted poor performance of UWEP at only 8% and no support to PLE since it was planned for Q2 and it is a one off. Out of the cumulative release of shs.7,007,576,000, the District had 23% of the Budget released,17% of the Budget spent and 74% of the Budget released spent leaving 26% Unspent, mainly due to non-payment of contractors for the Projects that were not yet complete. Water had the highest % Budget released at32% because of the Development funds which are released at a rate of 33% constituted the bulk of its Budget and Statutory had the least release at 17% because of it is Budget being reliant on Locally raised revenue that was not well realized by the District. Community Department had the highest Budget spent at 30% due disbursement of all the PCA Funds to beneficiaries and Water at5% had the lowest since most of the Funds to the Department, are Development in nature and have projects which were not started on as contracts were not tendered in time and payment is also based on completion. Water also had the least % Releases Spent at16% basically due to Procurement delays involved in Water projects, Community had the highest %Releases spent due to payment of PCA funds to beneficiaries and it was constituting a big chunk of the Budgeted funds. The overall 26% unspent balance was mainly as a result of delayed receipt of funds from Ministry of Finance since first Quarter involves loading of Budgets on IFMSwhich takes time, then some Departments also delayed to requisition for funds and delays in processing of requisitioned funds, thenin Departments with Projects that required procurement of contractors a process that was still ongoing by the end of the Quarter. The Districts expenditure in the Quarter was mainly on advance to the contractor for the District Administration Block, completion of Kakoma HC III, salary and Pension arrears, Councilors' honorarium and fuel, Accounting Stationery, salaries for the staff the lions share being that of Primary school teachers. The unspent balance was mainly for Projects that required procurement of contractors which could not be complete due to late receipt of funds and delay in procurement processes, since there was the IFMS.

Planned Revenue for 2021/22 (Y1)

In the FY 2021/22, Lwengo district expects to receive a total of shillings 30,804,767,152 compared to 30,811,199,000 for financial year 2020/21. This shows a slight reduction of less than 1% in the funding because the indicative planning figures for 2021/22 do not include gratuity and UGIFT funding for upgrading health facilities and construction of seed schools in the district plus the Local Revenue has been cut due to covid-19 that reduced the outlook.

Planned Outputs for FY 2021/22 (Y1)

Routine maintenance of 230 km roads using road gangs, 80km under mechanized routine maintenance and Construction, Review the District Budget, monitor and evaluate Projects for the District

Efficiency of Vote Budget Allocations

Efficiency in budget allocation is very key for purposes of realizing results. Budget allocation of the vote is done in a participatory manner, it also important to note that some grants supporting activities in the district are conditional in nature hence expected to be used on specified implementation areas and programmes. The Vote is also committed to attainment of results.
