The department is planning to spend resources on community barazes to increase public accountability and value for money, resources will be spent on the decentralized payroll management, operations and maintenance of vehicles and to continue supporting, back stopping, monitoring, supervision and administrative checking of lower local governments in order to improve effective and efficiency service delivery.

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Low levels of Locally raised revenue

The district is still collecting very little amounts of locally raised revenues to meet the overwhelming service delivery needs and to sustain the council

#### 2. Unexpected legal fees

The district is experiencing a lot of un expected legal fees because of the many unexpected court cases and this negatively affects the planned capital development expenditure from the locally raised revenue.

#### 3. Low staffing levels

The district is still lacking enough staffs in critical departments and sectors like parish chiefs to mobilise revenues, and other technical staffs

### Planned Outputs for 2015/16

This year the department expects to receive 800,000 outpatients, 700,000 out of whom will be from Government health facilities making 80% of the total. We expect to vaccinate 25,000 children with pentavalent vaccine. (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

#### 1. Staff Shortage

There are some critical cadres that are missing like the Anaesthetic officer, Anaesthetic Assistants that will impede the performance of the theatre at Kassanda HC IV hence affecting delivery of mothers at the facility.

#### 2. Lack of land Title for the Health Facilities

This threatens ownership of facilities which renders expansion of the units difficult.

#### 3. Lack of transport for outreaches

This affects mainly immunisation and family planning activities as many clients reside far from the health facilities.

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Incomplete road unit

The sector lacks a complete set of the required equipment to carry out the necessary activities. We rely on hiring which is expensive

#### 2. Lack of axle load control policy for feeder roads

over loading by trucks using the feeder roads accelerates damage especially for culvert structure.

# Vote: 541 Mubende District

## Workplan 7a: Roads and Engineering

### 3. Un protected road reserves

Road reserves where cheap gravel materials would be obtained are encroached on and people want to be compensated for it.

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Low functionality of water sources

Communities are reluctant to contribute to maintenance of facilities. This is attributed to the growing belief that facilities must be maintained by government. Vandalism of facilities is also on the increase

#### 2. Low funding

# Vote: 541 Mubende District

## Workplan 7b: Water

The sector receives little funds compared to the demands. The safe water coverage has stagnated at below 45% because each year the number of people served is balanced out by the increase in population

### 3. Encroachment of water catchments

Many catchments have been encroached on and this affects the quality and quantity of water in the water facilities. This has resulted into need for more sophisticated technologies that can tap into the deeper aquifers.

(iii) **Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors**

(iv) **The three biggest challenges faced by the department in improving local government services**

#### *1. Non Availability of Structural Plans*

The Physical Planning Act 2010 made whole of Uganda a Planning Area. However, the NPC did not avail the Structural plans per district. Guiding development is a nightmare. The structural plans for any upcoming centre is very expensive and over 80 Million

#### *2. lack of Vital Office tools.*

District Staff surveyor lacks a Leica Total Station and GPS to verify Private surveyors' works. We also need many more Control points to help stop overlapping surveys.

#### *3. Untimely releases of Funds*

The quarterly releases of funds to the departments has become very unpredictable. Vote control is now haphazard and misty. The good practise should be that Accounts be credited at beginning of the quarter and vote control is by department by workplan.

**(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors**

**(iv) The three biggest challenges faced by the department in improving local government services**

### *1. Lack of Adequate Facilities*

the community sector lacks office space yet it has several sections and therefore lack of privacy for probation cases both at the headquarters and LLGs. Other facilities like computers, motorcycle and vehicles are lacking at the LLGs

### *2. Inadequate funding*

Inadequate awareness and appreciation of the sector by the district and sub county leaders whose focus is on infrastructure development other than social transformation. While, Service demand is beyond the capacity of the sector resource facilitation.

### *3. Increase in the number OVCs and GBV cases*

The awareness which has been created on GBV has led to many cases being reported but there is no enough resources to cater and support such GBV survivors nor support for OVCs who are neglected due to parents death and poverty.

To compile & submit 4 quarterly workplans & reports, carry out internal audits of 18 S/Cs, 3 Counties, 218 UPE Schools, 29 USE Schools, 60 H/Jnits, various water sources & feeder roads. Procure furnitue, a desktop & laptop computer, small office equipment, stationery, computer cartridge etc. Maintain vehicles, cycles, furniture & others. Witnessing handovers of transferred staff. Attending workshops & seminars. Pay salaries for internal audit staff both at the district and lower local government that is town council.

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Lack of transport facilities

The vehicle we were allocated that is, Reg. No. UG 0718R is dilapidated and in dangerous mechanical condition though it is being used but needs frequent maintainance/servicing and major repairs..

#### 2. Inadequate & untimely funding

The budget for Internal audit unit is just 2% of the total district budget & yet the unit's work is more of field work, special audits etc but the budget is inadequate & so untimely for the performance of work.

#### 3. Lack of computer aided auditing technics

Most accounting work these days is computerised say, the Intergrated Financial management system (IFMS) which therefore requires computerised training in addition to obsolete computer facilities.
