## Workplan 5: Health

### Plans for 2014/15

Construction of a 10 bed maternity ward at Mukono Health Centre IV, Towncleaning and garbage collection, Treeplanting and beautification of the town, HIV/AIDS mainstreaming, premise inspection and schools.

### Medium Term Plans and Links to the Development Plan

Increase HIV/AIDS awareness to the community, Promotion of Health standards.

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

Medical Male circumcision done by Makerere University Walter Reed Project and HIV Mainstreaming by AMICAAL.

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Inadequate Funds

Funding for the sector has not significantly increased yet there's high level of inflation and yet increased demand for service delivery. This situation makes it difficult to sustain delivery of quality services to the expectations of the community.

#### 2. Inadequate infrastructure at Mukono HCIV.

Mukono HC IV is a very busy health centre for example it attends to 600- 800 ante natal mothers and delivers between 250- 300 mothers monthly. Elevation of the HC to hospital status will solve the problem of staff and infrastructure.

#### 3. No Ambulance

The HC is along the busy Kampala Jinja high way .it receives many accident victims and many patients that it cannot manage who need referral
