Quarter 2

## Summary of Cumulative Receipts, disbursements and expenditure for FY 2025/26

By the end of the second Quarter, of the FY, Mubende Municipal Council had cumulatively received a Total of UGX 8,175,164,000 representing 44% of the annual budget. This is slightly below the target because of low performance of Locally raised Revenues and low release of Donor funds. The funds received were disbursed in departments and expenditure effected to the tune of 83%. The funds that remained unspent were part of Local revenue of the Month of December which was returned back by the Ministry in the mid of January after the end of the month. Other funds were those meant for specific activities like gratuity where verification were still going on, and Development projects which started in Q2, after receipt of the funds and had not yet been certified.

Quarter 2

## Cumulative Performance for Locally Raised Revenues

second quarter of the FY, the Municipality had cumulatively received a total of UGX 595,982,000 representing 26%. This is below the target, and this low collection is attributed to political interference during the intense political season that resulted into stopping vendors of the Central Market and Taxi Park, not paying their rent obligations. Also, Business Licence collection usually picks in Third Quarter. Those sources form the biggest percentage of the Municipal Revenue.

## Cumulative Performance for Central Government Transfers

By the end of quarter 2 of the FY 2025/26 Mubende Municipal Council had received a Total of UGX 6,740,448,000 out of the total Budget of Conditional and discretionary grant of UGX 14,093,994,000 representing 48% of budget outturn. This is slightly below the 50% target of the half year performance because, the Agriculture grant is released on an agricultural season, so in quarter 2, there was no such release and also education grant follows termly calendar, which equally was not released in Quarter2. Generally, the Central Government grants were released as per schedules.

## Cumulative Performance for Other Government Transfers

By the end of the second quarter of the FY, the Municipality had received cumulatively UGX 134,582,000 from other Central Government Transfers representing only 25% budget of funds expected from other Government transfers.

## Cumulative Performance for External Financing

By the end of the second Quarter of the FY, the Municipality had cumulatively UGX 704,153,000 from the donor community representing 39% of the budget. The project schedules are expected to yield much in the second half of the FY. The Project of Biogas will yield much from January 2025, then that of Probation and welfare expert for teenage mothers follow the same schedule. That of Makerspace will start in May almost at the tail of the FY.
