**Quarter 3****Summary of Cumulative Receipts, disbursements and expenditure for FY 2023/24**

By the end of the third Quarter of the FY 2023/24, Mubende Municipal Council had received a total of UGX 29,390,268,000 out of the total revised Budget of UGX 33,974,815,000 representing 90% of the Budget performance. The Budget performance is above the average because of USMID grant which form the biggest portion of the budget and released at 100%. This pulled the entire revenue performance above the quarter average. Locally raised revenues generated a total of UGX 1,259,429,000 representing 80% of the Budget. This was above the average because the Highest yielding sources like Business Licences and Property tax usually perform in third Quarter of January to March which has now been collected. The Central Government transfers especially Discretionary and Conditional Transfers both performed above average at 99% and 79% respectively. However, Transfers from other Government agencies yielded only 32%. This was because some sources have not yet yielded but also URF was cut down unexpectedly. Funds from external donors have been received but below the budget since the project approval had been just finalized in December 2023.

Out of the total receipt, UGX 20,088,310,000 were spent representing 61% of the Budget. Money for USMID mostly remained unspent because of works are not yet certified.

**Quarter 3****Cumulative Performance for Locally Raised Revenues**

By the end of the third quarter of the FY, the council had cumulatively collected a total of UGX 1,259,429,000 out of the Total annual Budget of UGX 1,569,609,000. The collection so far done represent 80% of the budget. this is because, the peak of Municipal collections are always realized in the third quarter of the FY where most trading Licenses and Property tax are collected and which are the biggest sources to the Municipal budget.

**Cumulative Performance for Central Government Transfers**

By the end of the third quarter of the FY, the Council had received a total of UGX 7,506,030,000 as conditional grant representing 79% of the Budget and UGX 20,309,388,000 as Discretionary transfers performing at 99%. Generally, the Central Government's Commitment to the Municipal budget performed above average. This is because of USMID and other development funding which is received in the first three quarters of the Year was fully released.

**Cumulative Performance for Other Government Transfers**

By the end of the third quarter of the FY, the council had received only UGX 244,111,000. This was only 32% of the Annual Budget. Source like UWEP and URF yielded below the target due to unexpected budget cut. These contributed to that poor budget outturn.

**Cumulative Performance for External Financing**

Total of UGX 80,309,000 were released from the development partners meant for implementing a biogas project at Kasenyi SS. This is below the budget because the project approval was made in December last year and funding started this quarter
