**Quarter 2****Summary of Cumulative Receipts, disbursements and expenditure for FY 2025/26**

By the end of 2nd quarter, the district collected a total of UGX. 11,873.274 billion, i.e., 50% of approved annual budget and 47% of revised annual budget of FY 2025/26. Local revenue cumulatively performed at 28% of the approved Local revenue budget. The Local revenue contributed 0.7% to the total cumulative collection in the two (02) quarters. Central Government Transfers cumulative collection was 49% of planned annual collection, and 46% of the revised annual budget from Central Government. This was 92% contribution to the total district cumulative revenue collection by end of Q2. This performance was good and it came as a result of release of dev't grants beyond what was planned for the quarter. The district had other government transfers receipt cumulatively amounting to UGX. 216.753 million, i.e., 39% of approved annual collection from other government transfers. This contributed 1.8% to the overall cumulative revenue collection. The poor performance in OGT was because some of the OGT sources like UWEP, GROW Project, National Oil Seeds Project, Climate SMART Project, and Support to PLE did not realize revenues as planned.

External Financing cumulatively performed at 90% and contributed 5.8% to the cumulative total revenue collection by end of Q2. This was due to response from most donors in fulfilling their pledges. The district disbursed 100% of what it received to the implementing departments. Human Capital Dev't Programme received the highest amount of the total revenues whereas Tourism Dev't was the least funded. In terms of cumulative release spent, the district had a total expenditure of UGX. 9,098.212 billion out of the total cumulative release of UGX. 11,873.274 billion i.e., 77% of the total release spent, and overall, 38% of the annual approved budget and 36% of the revised annual budget spent.

**Quarter 2****Cumulative Performance for Locally Raised Revenues**

The district cumulative local revenue out-turn by second quarter was UGXs. 87.728 million, which was 28% of the approved annual local revenue.

The Local revenue performance by end of Q2 was attributed to low collections realized in the following sources; Animal & Crop husbandry related levies, market/gate charges, and property related duties. This was because of poor mobilization, non-declaration and continuous migration of livestock.

**Cumulative Performance for Central Government Transfers**

By end of second quarter of FY 2025/26, the district had cumulative revenue collection of 10,884.282 billion from Central Government grants, which was 49% of planned annual collection, and 46% of the revised annual budget from Central Government.

This performance was good and it was attributed to Central Government fulfillment of its pledges, and release of development grants beyond what was planned in the quarter.

**Cumulative Performance for Other Government Transfers**

By end of second quarter of FY 2025/26, the district cumulatively collected UGX. 216.753 million, i.e., 39% of approved annual collection from other government transfers. This performance was because some of the OGT sources like UWEP, GROW Project, National Oil Seeds Project, Climate SMART Project, and Support to PLE did not realize what was planned in the two quarters.

**Cumulative Performance for External Financing**

By the end of December of FY 2025/2026, the district managed to cumulatively collect UGX. 684.511 million from external financing, which was 90% of expected annual collection from this source. This performance was poor and it was attributed to fulfillment of most pledges by the donors as planned in the work plans for quarter two (02).
