#### Revenue Performance in 2014/15

By end of the end of Second quarter 2014/15, Oyam District had a total receipt of U shs. 11,241,801,000 which stands at 42.3% of the total approved budget of shs.26,566,652,000 yet this should have been at 50%. This difference came as a result of poor performance of certain revenue sources like Local revenue which had realised only shs.271,255,000. This was only 26.3% of the expected total Local Revenue of shs.1,030,600,000. Discretionary transfers at shs. 908,488,000 (43.5%) of the approved annual expectation worth shs.2,087,738,000, conditional government transfers performed by 41.5% only because DLSP was only received for one quarter, while donor funds performance was at 29.3% only. This performance of donor funds is because NUDEIL funds were not disbursed and even the expected support from UNFPA was not received. The whole Cumulative receipt were disbursed to departments out of which shs.9,693,400,000 was spent in the various departments leaving shs. 1,548,401,000 as unspent balance meant for development projects which execution were underway.

#### Planned Revenues for 2015/16

In the Financial Year 2015/16, the District's Total Revenue is likely to drop by 5.2% from shs.26,566,651,000 To shs. 25,193,768,000 as per the following revenue fore cast; Local revenue projections is proposed to be reduced by 2% from shs. 1,030,600,000 that was planned in financial year 2014/2015 to shs.1,011,100,000 only in the financial year 2015/16. This is because the actual local revenue realised by end of second quarter 2014/15 was shs. 271,255,000 only as some sources like ,inspection fees, advertisements and bill boards and royalties from Uganda Wild Life Authority among others realised zero percent performance.; Estimated Donor funding to Oyam District is also forecasted to be reduced by 0.6% from shs.794,373,000 approved in Financial Year 2014/15 to shs. 789,373,000 only for Financial year 2015/16.Where as central government transfers is projected to experience a 4.4% cut from Uganda Shillingsfrom shs. 24,479,698,000 in 2014/15 to shillings 23,393,295,000 in the year 2015/16 , broken into Discretionary government transfers ofshs.1,941,857,000; Conditional government transfers of shs. 19,960,873,000; Other transfers from central government at shs.794,488,000; And Local Development grant worth shs.696,077,000

### Expenditure Performance in 2014/15

By end of Second quarter of the financial year 2014/2015, water department had the least percentage of expenditure of shs. 86,556,000 which was 10% of their approved annual budget of shs. 802,905,000. This was because Capital Investment Projects which formed a bigger proportion of their budget were on going and contractors would be paid on successful completion of tasks. Audit Department also performed poorly, spending only shillings 11,474,000 ie 21.2 % of their annual budget of shs.54,112,000 because there was only one Audit staff on Payroll as the Principal Internal Auditor was imprisoned and deleted from Payroll but was later acquitted by Court of Appeal and is yet to be reinstated. Education was the biggest spender with shs.5,999,977,000 though this was only 38% of their approved annual budget worth shs. 15,902,107,000; Health also spent only shs.1,534,510,000 ie 43.3% of their approved budget worth shs.3,540,041,000 , Statutory bodies spending shs.175,675,000 27.8% of their approved budget of shs. 632,911,000, Production and marketing also spent shs.161,428,000 17% of the approved departmental budget worth shs. 948,277,000. Generally, the Cumulative departmental expenditure performances by end of Second quarter of the financial year was very low with a total expenditure of shs. 9,693,400,000(36.5%) of the total budget of shs.26,566,651,000 since the procurement processes were delayed by expiry of contract committee term of office

### Planned Expenditures for 2015/16

The proposed expenditure plans for the financial year 2015/16 reflect a total of shs. 25,193,768,000 a reduction of 5.2 % from the previous year's budget of shs. 26,566,651,000. This disparity is because Local revenue projection has been reduced by 2% from shs.1,030,600,000 of last financial year to shs.1,011,100,000 as the previous year's projection could not be fully realised because source advertisement and bill boards could not realise any revenue Donor funding to Oyam District is also forecasted to be reduced by 0.6% from shs.794,373,000 approved in Financial Year 2014/15 to shs. 789,373,000 only for Financial year 2015/16. Where as central government transfers is projected to experience a 4.4% cut from Uganda Shillings from shs. 24,479,698,000 in 2014/15 to shillings 23,393,295,000 in the year 2015/16 , broken into Discretionary government transfers of shs.1,941,857,000; Conditional government transfers of shs. 19,960,873,000; Other transfers from central government at shs.794,488,000; And Local Development grant worth shs.696,077,000. Generally, all departments will experience budget cuts except Natural Resources which will have a 130.5% budget Increase from shs.188,494,000 In the previous financial year to shs.210,677,000 In the financial year 2015/16. Other sectors that will experience slight increment in resource allocation in 2015/16 will be Finance by 4.2%, Health by 1.2% and Audit by 15%.

### Challenges in Implementation

The major constraints in implementing future plans are inadequate staff in Departments. This is because the planning unit for example has no substantive officer, all Heads of Directorates are on acting basis, production extension staff at lower local governments are missing in most sub counties and this is worsened by termination of contract for Naads Staff who used to help at that level.

Another Challenge is failure to Meet the planned Local

### Planned Outputs for 2015/16

the department with resources allocated to it in the financial year 2015/16 is expected to produce the following outputs and physical performances; undertake six capacity building sessions, Local government established posts filled to 80%, two sets of computers, printers and office furnitures procured, one administrative block constructed.

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. INADEQUATE STAFF IN THE DEPARTMENT

The district still lacks critical administrative cadres in offices like; PPO Administration and DSC, Sub county chiefs are missing in four sub counties, the office of SAS ACAO is also vacant among others

#### 2. INADEQUATE FUNDING

The department is not able to achieve much due to low funding yet it has to coordinate all the other sectors. This is partly due to our low local revenue base.

#### 3. POOR OFFICE SPACE

Departments like Human Resource and ACAOs still share small rooms for office

(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

(iv) The three biggest challenges faced by the department in improving local government services

#### 1. INADEQUATE FUNDING

The sector incomes are greatly affected by the low local revenue performance in the previous financial year as council operations are tagged to 20% of the revenue realised in the previous financial year.

#### 2. INADEQUATE STAFF IN THE DEPARTMENT

The department also lacks staff to manage it. For example, it is the DCAO working for Clerk to council, Senior Lands management officer is vacant, secret

### ***Workplan 4: Production and Marketing***

#### *1. Inadequate staffing*

Very scanty staffing at both the District and Sub-county levels. At the district level there are only 3 officers instead of 13. The structure at district had been approved. Likewise, some Sub-counties do not have Agricultural extension worker/officers.

#### *2. Poor Transport*

transport for the traditional Agricultural Extension officers at sub county levels are very poor.

### Workplan 6: Education

inspected at least once a term and reports produced among other outputs.

**(iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors**

**(iv) The three biggest challenges faced by the department in improving local government services**

#### 1. Capacity of the Service Providers

Most of our local service providers (contractors) have inadequate capacity both in terms of Capital and expertise. Most of the works that have stalled is therefore a result of capacities of the service providers to execute and finish work in time.

#### 2. Reliance on Central Government Transfers.

The Departmental budget is over 98% supported by the Central Government. When the funds are not released as planned, implementation is grossly affected. The returns of the 2011/12 committed funds and unremitted q4 fund for 2012/13 affected performance.

#### 3. Bureaucracy in the Procurement processes.

Because of the procedures that has to be followed in sourcing of service providers, most often real implementation commences earliest in quarter two of the financial year
