PROPOSED STRUCTURE OF THE VOTE BFP

Vote Budget Framework Paper FY 2021/22

VOTE: 616 RUBANDA DISTRICT LOCAL GOVERNMENT

V1: VOTE OVERVIEW FOREWORD

The District emphasizes decentralized development planning process as provided for in the local government Act Cap 243 section 36(3) empowers local governments to develop their own work plans by incorporating Lower Local Councils plans and priorities. Section 35 (4) of the Local Government Act (Amended 210) now requires local governments planning period to be aligned to that of central government. Development planning provides a basis for identifying Development priority needs represents a framework in which development opportunities , objectives and targets are developed to realize intended outputs and setting appropriate policies and objectives within available resource envelop and is a process which requires participation of all stakeholders which normally done within the budget conference consultative meetings.

The Budget Framework paper for the financial year 2021/20 has been developed in accordance with the Third District Five-year Development Plans 2020/21-2024/25, National Development Plan III (2020/21-2024/25) Vision 2040, sustainable development goals and policy guidelines from the different line ministries. It is important to that as the country transitions to the development planning approach, the district Budget framework paper for financial year 2021/2022 is aligned to the program based approach. This BFP for financial year 2021/22 is an extract of the second year in from the DPP III. The process of developing this plan was participatory in nature ranging from the district budget conference which was conducted on the month of November at the district headquarters. Due to the COVID -19 Standard operating procedures, participation was limited however a number of stakeholders ranging from political leaders, technical staff, religious leaders and development partners contributed to the ideas which form this budget framework paper.

The preparation of this document had put into consideration the international protocols, Sustainable Development Goals (SDGs), and other international Agendas which Uganda Subscribed to. In addition to that paper is prepared based on Human Rights based approach with emphasis on equity, gender, environment, culture and religious inclusion.

The process of consultative meetings was done from the grassroots (village planning meetings, sub counties and town councils budget conferences and finally to the District Budget Conference which was held on 30th October 2020 at the District Headquarters. This process was further backed up by guidelines and resolutions from national budget consultative meetings held at Igongo Country Hotel.

Rubanda District Local Government has therefore formulated Budget Framework Paper by involving all the stakeholders and recognizes the importance of participatory budgeting and planning in Development process, human rights approach as well as equity by considering all stakeholders. The process further recognizes the importance of participatory budgeting that involves all ideas from Councillors, technocrats, civil society organizations and all other development partners and ensured equal opportunities of categories of people of Rubanda

I would like to appreciate the Government effort to transform Uganda social economic development through the decentralized programmes. Under decentralization all lower local governments are empowered to manage the financial resources and make their own work plans in accordance with priorities of people. The purpose of preparing this document is therefore to harmonize and align council work plans /budgets with national Development Plan/National Budget for ease and proper accountability.

The document will further guide the formulation of the draft budget that will be laid before the council by 31st March 2021. In production of this document council was guided by policies and priorities laid within Ruling Party System, the Public Financial Management reforms, Local Government Finance Commission, and several other sector policy guidelines issued by MDAs that have been availed to us from time to time.

Lastly I thank all stakeholders who were involved in the preparation of this document more especially the Planning Department of this district.

JOGO KENETH BIRYABAREMA RUBANDA DISTRICT CHAIRPERSON

Rubanda District Local government cumulatively received 24,983,315,000 Uganda shillings corresponding to 85% with poor performance in Locally Raised revenues at 15% of the annual budget. This was attributed to the failure to raise the funds appropriated the parliament which was extreme beyond the capacity of entity to collect and other government transfers at 76% of their annual budget which include among others UWA funds not well reported on as it was released in last Financial Year and external financing at 88% of its annual budget and other revenue sources over performed. On side of cumulative disbursement and cumulative expenditure, all Department had absorption capacity of 100% and departments spending as follows: Administration department spent 2,875,049,000 Uganda shillings corresponding 37% of annual departmental budget, Finance spent 572,686,000 Uganda shillings corresponding to 193%. This over performance was due to the payment of more salaries and transfer department to central government as local revenue returns Statutory bodies spent 724,021,000 Uganda shillings corresponding to 115%, Production and Marketing 1,398,268,000 Uganda shillings corresponding to 108% and increase was due mainly the COVID-19

Funds released to the department, Education department spent the sum of 13,373,454,000 Uganda shillings corresponding to 104% and slight over performance was due to salary enhancement by the Science secondary school teachers. Roads and engineering department the sum of 877,487,000 Uganda shillings corresponding to 87% and this due non release of 4th quarter Uganda Road Fund, for water department the sum of 451,524,000 Uganda shillings was released and spent corresponding to 113% and this performance was due to additional of Local revenue. Natural Resources department spent the sum of 118,761,000 Uganda shillings corresponding to 99%, community based services department spent the sum of 771,890,000 Uganda shillings corresponding to 63% non-release of UWA funds. Planning department the sum of 88,066,000 Uganda shillings corresponding to 85%. This underperformance was due to low Local revenue performance. Audit department spent the sum of 52,092,000 Uganda shillings corresponding 79%. This underperformance was due to low Local revenue performance. Trade, Industry and Local Development

department the sum of 42,443,000 Uganda shillings corresponding 94% Rubanda District Local Government spent 24,983,315,000 Uganda shillings with overall absorption capacity of 100% of which the sum of 15,115,817,000 shillings is wage with absorption capacity of 100%, shs. 7,172,904,000 is non-wage recurrent with absorption capacity of 100% and shs. 2,565,287,000 is Domestic Development with absorption capacity of 100% and shs. 129,307,000 as donor development with absorption capacity of 100%

Performance as of BFP FY2020/21 (Y0)

Rubanda District Local Government in the first quarter received UGX. 6,019,369,000 corresponding to 17% of the annual budget with local revenue performing at 20%, Discretionary Government Transfers performing at 26%, Conditional Government Transfers performing at 24%, other Government Transfers performing at 2% and external funding performing at 9%. The poor performance on other government transfers were attributed by non-receipt of UWA funds which was not yet received and the revenue source contributed the big portion of the other transfers was expected from it. The external funding never performed well and might have contributed by the Covid-19 pandemic.

On side of expenditure, Rubanda District Local Government all the funds received were released to the spending centres and UGX. 5,193,847,000 were spent corresponding to 15% of the annual expenditure corresponding to 86% absorption capacity. It was noted that production and marketing spent the poorest at 2% due to funds expected to the tune of 8 billion which is not released, followed by community based services at 4% and this is attributed by high budget of UWA funds which is not released, followed by water at 10% and then Roads and Engineering because most of projects were still under procurement.

The absorption capacity of water, roads and engineering and production and Marketing of 30%, 63% and 67% were attributed mainly by the procurement processes not concluded. Other departments' absorption capacities were above 80%.

Efficiency of Vote Budget Allocations

Efficiency in budget allocation is very key for purposes of realizing results. Budget allocation of the vote is done in a participatory manner, it also important to note that some grants supporting activities in the district are conditional in nature hence expected to be used on specified implementation areas and programmes. The Vote is also committed to attainment of results. The allocation next year

2021/2022almost the same as of this year and MTEF has limited changes. However with programme interventions the entity has so much requiems and the funding is wide. So far allocation made by the MoFPED in the first call circular is far less that budget requirements.

1. Sub Programme: Physical Planning and Urbanization

Interventions:

1.Improve urban safe water and waste management services and associated infrastructure for value addition and revenue generation 2.Improve the provision of quality social services to address the peculiar issues of urban settlements

3.Reform and improve business processes in cities and urban areas to facilitate private sector development

4. Conserve and restore urban natural resource assets and increase urban carbon sinks

5. Undertake waste to wealth initiatives which promote a circular economy

6. Develop green buildings, risk sensitive building codes and systems to promote energy efficient housing

7. Increase urban resilience by mitigating against risks of accidents, fires and flood flooding

8. Strengthen effective early warning systems

9. Develop and protect green belts

10.Establish and develop public open spaces

11.Develop and implement integrated physical and economic development plans in the new cities and other urban areas

V6: VOTE CROSS CUTTING ISSUES

iii) Gender and Equity

Issue of Concern:

Women and girls face gender-based discrimination including discrimination in social economic participation in development.

Planned Interventions

Involvement of women in urban sustainability practices, especially low-income women to be included in policies, projects and decisi making

When it comes to sustainable utilization and Housing.

Budget Allocation (Billion): 0.042505

iv) HIV/AIDS

Issue of Concern: Stigmatization and inequality of AIDS patients in decision making process when it comes to urbanization ,planning a housing related activities.

Planned Interventions

Sensitization

Creating a supportive enabling environment by addressing stigma and discrimination, applying human rights principles and promoting gene equity as well as by reforming laws and law enforcement to ensure that they adequately respond to the public health issues raised by HIV a AIDs.

Interventions based in communities including community based prevention, treatment preparedness and support for HIV, condom promotic provision of clean injecting equipments, HIV testing and counseling, Home based care and psychosocial support including peer support.

Budget Allocation (Billion) : 0.045

v) Environment

Issue of Concern:

Over exploitation of natural resources due to high population ie water, energy, fossil fuel and forest products

Development of slums and these lead to unplanned waste dumping places, contamination of water which causes diseases like typhoid, chole

| and others. | |

Budget Allocation (Billion): 0.07

vi) Covid 19

Issue of Concern :

Lack of treatment and sensitization about COVID 19 related challenges

Isolation from community members

Planned Interventions

Increased sensitization of masses on issues related to COVID 19 to reduce the rate of transmission.

The government should provide immune boosters to all health facilities for the communities to access them.

V6: VOTE CROSS CUTTING ISSUES

vii) Gender and Equity

Issue of Concern : • Imbalanced participation of men and women in natural resource management

Planned Interventions

• Involving both men and women in natural resource management interventions

• Periodic community mobilization and sensitization against gender inequalities in resource management and its associated effects

Budget allocation: 0.03

viii) HIV/AIDS

Issue of Concern: High rates of new HIV/Aids infections in the communities

Planned Interventions

• Continuous community mobilization and sensitization of communities against the pandemic

Budget allocation :0.021

ix) Environment

Issue of Concern:

- High environmental degradation as a result of poverty
- Community encroachment on swamps/wet lands
- Random dumping and disposal of domestic wastes
- Effects of climate change in the communities

Planned Interventions

- Mobilization and sensitization of communities on issues of environmental conservation and wetland restoration
- Training communities on the dangers of poor waste management
- Creating awareness on climate change issues and mitigation strategies

Budget Allocation: 0.045

x) Covid-19

Issue of Concern:

- High levels of the pandemic infections among communities
- Community Stigmatization and discrimination of those who were once victims of the Pandemic
- Economic breakdown resulting to poverty and unemployment amongst the communities
- Failure of community people to adhere and observe the set guidelines and measures by ministry of Health

Planned Interventions

• Continuous community mobilization and sensitization of communities against the pandemic

• Continuous monitoring community and institutions adherence to the set guidelines and SOPs set by the relevant authorities

• Lobbying for relief support especially to the marginalized poor like PWDS, Children, HIV/Aids clients for anything like food a drugs

Table V3.1: Sub Programme Intermediate Outcomes and Outcome Indicators

NDP III Programme Name: MINERAL RESOURCES

NDP III Programme Outcomes contributed to by the Intermediate Outcome_ Type

i) Increase the exploitation and value addition to selected resources for job rich industrialisation.

Sub Programme:

- 8. Establishment of Mineral Reserves
- 9. Sustainable Mining
- 10. Mineral Value Addition
- 11. Institutional Strengthening and Coordination

Sub Programme Objectives:

- 7. Increase exploration and quantification of priority minerals and geothermal resources across the country
- 8. Increase adoption and use of appropriate and affordable technology along the value chain
- 9. Increase investment in mining and value addition
- 10. Increase investment in mining and value addition
- 11. Expand mineral-based processing and marketing

V6: VOTE CROSS CUTTING ISSUES

xi) Gender and Equity

Issue of Concern : • Imbalanced participation of men and women in mining activities

Planned Interventions

• Involving both men and women in mining interventions

• Periodic community mobilization and sensitization against gender inequalities and its associated effects

Budget allocation: 0.031

xii) HIV/AIDS

Issue of Concern : High rates of new HIV/Aids infections in in the mining communities

Planned Interventions

• Continuous community mobilization and sensitization against the pandemic

Budget allocation : 0.031

xiii) Environment

Issue of Concern:

- High environmental degradation as a result of mining
- Community encroachment on swamps/wet lands
- Random dumping and disposal of mineral wastes
- EHS of workers

• Poor pit latrine coverage among mining communities

Planned Interventions

- Ensure land restoration after mining
- Wetland restoration
- Proper disposal of mineral wastes and other wastes generated by miners
- Ensure adequate latrine coverage in the mining areas
- Ensure maximum hygiene and availability of health facilities in areas next to mining sites
- Sensitization of mining communities in EHS

Budget Allocation: 0.0405

xiv) Covid-19

Issue of Concern:

- High levels of the pandemic infections among mining communities
- Community Stigmatization and discrimination of those who were once victims of the Pandemic
- Economic breakdown resulting to poverty and unemployment amongst the miming communities
- Failure of community people to adhere and observe the set guidelines and measures by ministry of Health

Planned Interventions

- Continuous community mobilization and sensitization of miners against the pandemic
- Employees and employers' arbitration especially those that were dismissed illegally due to COVID-19

• Continuous monitoring community and institutions adherence to the set guidelines and SOPs set by the relevant authorities

• Lobbying for relief support especially to the marginalized poor like PWDS, Children, HIV/Aids clients for anything like food a drugs

V6: VOTE CROSS CUTTING ISSUES

xv) Gender and Equity

Issue of Concern:

Women and girls face gender-based discrimination including discrimination in Sustainable Development Of Petroleum Resources.

Planned Interventions

Involvement of women in urban sustainability practices, especially low-income women to be included in policies, projects and decisi making

When it comes to Sustainable Development Of Petroleum Resources

Budget Allocation (Billion): 0.052

xvi) HIV/AIDS

Issue of Concern: Stigmatization and inequality of AIDS patients in decision making process when it comes to Sustainable Development Petroleum Resources

Planned Interventions

Sensitization

Creating a supportive enabling environment by addressing stigma and discrimination, applying human rights principles and promoting gene equity as well as by reforming laws and law enforcement to ensure that they adequately respond to the public health issues raised by HIV a AIDs.

Interventions based in communities including community based prevention, treatment preparedness and support for HIV, condom promotic provision of clean injecting equipments, HIV testing and counseling, Home based care and psychosocial support including peer support

Budget Allocation (Billion) : 0.045

xvii)Environment

| Issue of Concern: |
|---|
| Over exploitation of natural resources like energy and water |
| Climate change. |
| Waste management |
| Pollution of both air and water |
| Planned Interventions |
| 1. Increased awareness about Sustainable Development Of Petroleum Resources |
| 2. Construction of compost pits and put in place waste collection centers. |
| 3. Planting of trees to act as carbon sinks for the green house gases emitted during use of these petroleum resources |
| 4. Construction or major modification of installations or facilities of petroleum supply chain including fuel filling stations and fi service |
| Stations |
| 5. Develop and implement environmental and social management plan |
| Budget Allocation (Billion): 0.04 |
| xviii) Covid 19 |

Issue of Concern :

Lack of treatment and sensitization about COVID 19 related challenges

Isolation from community members e.g. Community members don't want to be near a covid patient even when he/she has recovered.

Planned Interventions

Increased sensitization of masses on issues related to COVID 19 to reduce the rate of transmission and how they can handle patients of Covid

The government should provide immune boosters to all health facilities for the communities to access them.

V3: SUB PROGRAMME INTERMEDIATE OUTCOMES AND OUTCOME INDICATORS

Table V3.1: Sub Programme Intermediate Outcomes and Outcome Indicators

NDP III Programme Name: INTEGRATED TRANSPORT INFRASTRUSTRUCTURE AND SERVICES

NDP III Programme Outcomes contributed to by the Intermediate Outcome

- 1. Increase Capacity of existing transport infrastructure and services.
- 2. Rehabilitate and maintain transport infrastructure.
- 3. Develop local construction hire pools.
- 4. Acquire infrastructure / utility corridors.
- 5. Develop and strengthen transport planning capacity.
- 6. Strengthen local construction capacity.
- 7. Promote research, Development and innovation.
- 8. Reduced average travel time (min per Km)

- 9. Reduced unit cost of building transport infrastructure, per Km
- 10. Increased stock of transport infrastructure
- 11. Increased average infrastructure life span
- 12. Reduced fatality and causality per mode of transport
- **13. Improved transport for field supervision.**

Sub Programme :

- **3.** Rehabilitation/Emergency intervention of the Roads
- 4. Routine Labour Maintenance of Roads
- 5. Routine Mechanized Maintenance of Roads
- 6. Vehicles and plant maintenance
- 7. Buildings maintenance.

Sub Programme Objectives:

- 13. **Optimization of transport infrastructure and services investment across all modes**
- 14. **Prioritize transport asset management**
- 15. **Promote integrated land use and transport planning**
- 16. **Reduce the cost of transport infrastructure and services**
- 17. Strengthen, and harmonize policy, legal, regulatory and institutional framework for infrastructure services
- 18. **Transport interconnectivity to promote inter and intra-regional trade and reduce poverty**
- 19. Increased stock of motorable vehicles and plants

Intermediate Outcome:

- 6. Reduced transport costs of goods
- 7. Reduced fare of transport of people/passengers
- 8. Reduced vehicle operating costs
- 9. Reduced accidents on the roads and on water
- **10. Improved access to protected /tourism areas**
- 11. Increased lifespan of the vehicles and plants

xix) Gender and Equity

Issue of Concern : Women not integrated/engaged in Roadworks

Planned Interventions:

Sensitization of women to be engaged into road works. The intervention shall target at least 30% of the engaged in roadworks manpower to women

Budget Allocation (Billion) : 0.010

xx) HIV/AIDS

Issue of Concern : Non engagement of the HIV/AIDS sufferers in roadworks

Planned Interventions

Sensitization of the HIV/AIDS affected persons to be part of the labour force in the roads.

To ensure that the condoms are made available and distributed free to all workers

Posting of awareness posters at the working sites

Budget Allocation (Billion) : 0.020

xxi) Environment

Issue of Concern : Non Restoration of the Disturbed environment during roads construction

Planned Interventions

Restoration of the disturbed environment by filling back, vegetation planting on the open/bare land after the roadwork intervention Control of erosion by constructing erosion checks along the storm drains.

Budget Allocation (Billion) : 0.016

xxii) Covid-19

Issue of Concern : Non availability of PPE's at working sites

Planned Interventions

Procure Face Masks, Temperature testing guns and ensure that they are put into use effectively

V3: SUB PROGRAMME INTERMEDIATE OUTCOMES AND OUTCOME INDICATORS

 Table V3.1: Sub Programme Intermediate Outcomes and Outcome Indicators

NDP III Programme Name: Sustainable Energy Development

NDP III Programme Outcomes contributed to by the Intermediate Outcome

- 1. Increased electricity access
- 2. Increased clean energy consumption
- 3. Increased consumption of alternative clean cooking energy
- 4. Efficient energy utilization
- 5. Rehabilitate the existing transmission network.
- 6. Expand and rehabilitate the distribution network (grid expansion and densification, last mile connections, excavation of small generation plants, quality of supply projects.
- 7. Develop renewable off grid energy solutions (construct 10,000 km of medium voltage networks and 15,000km of low voltage network).
- 8. Construct 200 off grid mini grids based on renewable energies.
- 9. Promote use of new renewable energy solutions (solar water heating, solar drying, solar cookers, wind water pumping

solutions, solar water pumping solutions).

- 10.Promote uptake of alternative and efficient cooking technologies (electric cooking, domestic and institutional biogas and LPG).
- 11. Promote use of energy efficient equipment for both industrial and residential consumers.

Sub Programme :

- 1. Promote utilization of energy efficient practices and technologies Step up transformers.
- 2. Electrical equipment eg. Poles, conductors.
- 3. Insertion of mini sub-stations.

Sub Programme Objectives:

- 1. To Increase access and utilization of electricity;
- 2. To Increase adoption and use of clean energy; and
- **3.** To Promote utilization of energy efficient practices and technologies
- 4. To increase Power availability.
- 5. To increase New customer connection.
- 6. To Strengthen, and harmonize policy, legal, regulatory and institutional framework for infrastructure services

Intermediate Outcome:

- 1. Clean energy access for socio-economic development
- 2. Increased in revenue.
- 3. Promotion of Growth of Small Medium Enterprises (SME).
- 4. **Promote Job creation.**
- 5. Improved performance of learners due to availability of energy.
- 6. Reduced deforestation.
- 7. Improved access to protected /tourism areas
- 8. Guaranteed security.

V6: VOTE CROSS CUTTING ISSUES

xxiii) Gender and Equity

Issue of Concern:

Women and girls face gender-based discrimination including discrimination in sustainable energy development.

Planned Interventions

Involvement of women in sustainable energy development, especially low-income women to be included in policies, projects and decisi making

When it comes to sustainable energy development

Budget Allocation (Billion): 0.043

xxiv) HIV/AIDS

Issue of Concern: Stigmatization and inequality of AIDS patients in decision making process when it comes to sustainable energy

Development related activities.

Planned Interventions

Sensitization

Creating a supportive enabling environment by addressing stigma and discrimination, applying human rights principles and promoting gene equity as well as by reforming laws and law enforcement to ensure that they adequately respond to the public health issues raised by HIV a AIDs.

Interventions based in communities including community based prevention, treatment preparedness and support for HIV, condom promotic provision of clean injecting equipments, HIV testing and counseling, Home based care and psychosocial support including peer support.

Budget Allocation (Billion) : 0.045

xxv)Environment

Issue of Concern:

- 1. Over exploitation of natural resources due to high population e.gwater, energy, fossil fuel and forest products
- 2. Environmental degradation
- 3. Climate change

Planned Interventions

(vi)Increased awareness about dangers of environmental degradation and climate change

- (vii) Preparation of nursery beds so that each member of the community gets access to tree seedlings.
- (viii) Re -afforestation and afforestation
- (ix)Promotion of improved cook stoves
- (x) Promotion of alternative energy sources like solar and Biogas

Budget Allocation (Billion): 0.03

xxvi) Covid 19

Issue of Concern :

Lack of treatment and sensitization about COVID 19 related challenges

Isolation from community members

Planned Interventions

Increased sensitization of masses on issues related to COVID 19 to reduce the rate of transmission.

The government should provide immune boosters to all health facilities for the communities to access them.

Budget Allocation (Billion) : 0.025

V3: SUB PROGRAMME INTERMEDIATE OUTCOMES AND OUTCOME INDICATORS

 Table V3.1: Sub Programme Intermediate Outcomes and Outcome Indicators

NDP III Programme Name: Digital Transformation

NDP III Programme Outcomes contributed to by the Intermediate Outcome

- i. Enhance usage of ICT in national development and service delivery
- ii. Promote ICT research, innovation and commercialization of indigenous knowledge products
- iii. Increase the ICT human resource capital
- iv. Strengthen the policy, legal and regulatory framework
- v. Increase the national ICT infrastructure coverage

Sub Programme:

ICT Infrastructure

Sub Programme Objectives:

1. Increase the ICT infrastructure coverage

Intermediate Outcomes

1. Increased access to ICTs

2. Increased coverage

Planned Interventions

Reduce the cost of service fees for media houses

Reduce the cost digital equipment such as TVs, Phones, computers etc

Increased sensitization on the digital transformation and technology

Increase pressure on NITA(U) and increase coverage of internet coverage

Budget Allocation (Billion) : 0.200

xxviii) HIV/AIDS

Issue of Concern : Increased Phonography

Planned Interventions

Banning photographic sites

Restricting pornography of any kind in the media houses

Budget Allocation (Billion) : 0.02

xxix) Environment

Issue of Concern : increased cyber crimes

Planned Interventions

Increase sensitization on cyber crimes

Increase masks and laid fibers which do not decompose affecting land use.

Budget Allocation (Billion) : 0.003

xxx) Covid 19

Issue of Concern : increased use of plastic digital equipments such as phones, computers, remote control, medical equipments and oth digital equipments which are shared

Planned Interventions

Increase sanitization of the digital equipments

Encouraging the use of online communications and interactions

Encourage financial digital transactions

Budget Allocation (Billion) : 0.004

V3: SUB PROGRAMME INTERMEDIATE OUTCOMES AND OUTCOME INDICATORS

Table V3.1: Sub Programme Intermediate Outcomes and Outcome Indicators

NDP III Programme Name: HUMAN CAPITAL DEVELOPMENT

Intermediate Outcome:

(i) Increased youth employment

(ii) Increased employer satisfaction with the TVET training

(iii)Increased ratio of STEI/STEM graduates to Humanities

(iv)Increased proportion of training institutions meeting the basic requirements and minimum standards

(v) Increased life expectancy

(vi)Reduced neonatal, infant, under 5 and maternal mortality rates

(vii) Reduced fertility rate

(viii) Increased primary and secondary school survival and transition rates

(ix)Increased quality adjusted years of schooling

(x) Increased literacy rate

(xi)Increased proportion of the population participating in sports and physical exercises

Sub Programme : Population Health, Safety and Management

Sub Programme Objectives: Improve population health, safety and management

Intermediate Outcome:

Reduced Morbidity and Mortality of the population

Improvement in the social determinants of health and safety

Reduced fertility and dependence ratio

Universal Health Coverage

Occupational safety and health management improved

V6: VOTE CROSS CUTTING ISSUES

xxxix) Gender and Equity

 Issue of Concern : imbalance in gender politics

 Planned Interventions

 Special position for women increased

 Improved access to resources by both sex

 Having specials programmes for youth, women, elderly and PWDs

Budget Allocation (Billion) : 0.030

xl) HIV/AIDS

Issue of Concern : increased expenditure on HIV/AIDS positive case

Frustrated population

Planned Interventions

Planning for funds to People living with HIV/AIDS

Availing counselling sessions to restore confidence

Enact bye laws to stop stigma.

Budget Allocation (Billion) : 0.040

xli) Environment

Issue of Concern : politicization of environmental degradation

Planned Interventions

Creation of awareness of the need to protect environment

Budget Allocation (Billion) : 0.030

xlii) Covid 19

Issue of Concern : council sittings affected

Planned Interventions

Follow SOPs

Use of teleconferencing to handle sittings

Budget Allocation (Billion) : 0.05

V3: SUB PROGRAMME INTERMEDIATE OUTCOMES AND OUTCOME INDICATORS

Table V3.1: Sub Programme Intermediate Outcomes and Outcome Indicators

NDP III Programme Name:

Agro-industrialization Programme:

NDP III Programme Outcomes contributed to by the Intermediate Outcome

- 3. Improved sustainable livelihoods and quality of life
- 4. Reduced hunger and nutritional related diseases
- 5. Reduced proportion of households in subsistence farming to money economy
- 6. Increased agricultural export earnings
- 7. Improved human health via consumption of contaminant-free agricultural products
- 8. Increased agricultural sector contribution to GDP from 24 to 40%

9. Increased class of skilled women and youth Agripreneurs for wealth creation and self-reliance

10. Reduced high crime rates associated with youth unemployment

11. Enhanced east African federation with increased movement of goods to boost interstate trade with a big market for agricultural products

Sub programmes

- 1. Agricultural Production and Productivity
- 2. Post-harvest handling and agro-Storage
- 3. Agro-Processing and Value addition
- 4. water for production
- 5. Agricultural Market Access, Linkage and Competitiveness
- 6. Agricultural Financing
- 7. Agro-Industrialisation programme coordination and management

Sub Programme Objectives:

1. Agricultural Production and Productivity

- 1.1 Increase agricultural production and productivity
- 1.2 Increase adoption of digital agriculture

2. Post-harvest handling and agro-Storage

- 2.1 Improve post-harvest handling and storage
- 2.2 Improve post-harvest management

3. Agro-Processing and Value addition

- 3.1 Improve agro-processing and value addition
- 3.2 Increase youth and women employment in value addition
- 3.3 Improve youth and women agro-processing skills

4. water for production

- 4.1 Increase water for production
- 4.2 Increase water for production storage and utilization

5. Agricultural Market Access, Linkage and Competitiveness

- 5.1 Increase market access and competitiveness of agricultural products in domestic and international markets
- 5.2 Increase in market linkage

6. Mobilization, access and utilization of Agricultural Finance

6.1 Increase the mobilization, access and utilization of agricultural finance

7. Agro-Industrialisation programme coordination and management

- 7.1 Strengthen the institutional capacity for agro-industrialization
- 7.2 Improve service delivery and effiency

Sub-programme Intermediate Outcome

1. Agricultural Production and Productivity

- 1.1 Increased production volumes of agro-enterprises
- 1.2 Increased water for production storage and utilization
- 1.3 Increased access of quality and affordable agro-inputs
- 1.4 Increased sustainable use of climate smart technologies
- 1.5 Increased food and nutritional security
- 1.6 Increased household income

1.7 Increased employment and labour productivity

1.8 Increased adoption of digital agriculture

2. Post-harvest handling and agro-Storage

- 2.1 Improved post-harvest management
- 2.2 Increased storage capacity and produce aggregation

3. Agro-Processing and Value addition

- 3.1 Increased processed agricultural products
- 3.2 Increased employment for youth and women
- 3.3 Enhanced skills for youth and women

4. Water for Production

- 4.1 Increased water for production storage and utilization
- 4.2 Increased water access for micro and small-scale irrigation

5. Agricultural Market Access, Linkage and Competitiveness

- 5.1 Increased sale volumes
- 5.2 Increased agricultural exports
- 5.3 Improved quality and standards of agricultural products

5.4 Improved market linkages

5.5 Increased produce bulky marketing

6. Agricultural Financing

6.1 Increased access and utilization of agricultural finance

7. Agro-Industrialization programme coordination and management

- 7.1 Strengthened the institutional capacity for agro-industrialization
- 7.2 Improved service delivery

V6: VOTE CROSS CUTTING ISSUES

xliii)Gender and Equity

Issue of Concern: Limited participation of marginalized and vulnerable population especially women and youth in farming as a business

Planned Interventions

1.0 Building the capacity of the farmers in household engagement and accountability model of agricultural production

2.0 Women and Youth in Agriculture

Budget Allocation (Billion): 18.274

xliv)HIV/AIDS

Issue of Concern: Limited quantity, nutritive and adequate food supplies within HIV affected rural based households or families

Planned Interventions

1.0 Promotion of community-based Bio-Intensive Gardening (BIG) to household with HIV/AIDS persons

Budget Allocation (Billion): 20.653

xlv) Environment

Issue of Concern: Environmental degradation by excessive and unmanaged methane gas from livestock wastes

Planned Interventions

1.0 Establishment of community-based biogas and production of locally made bio-slurry fertilizer from animal excreta for increased production raw materials for agro-industrialization

2.0 Promotion and popularization of deforestation-free enterprises such as coffee via hedge-row model

Budget Allocation (Billion): 22.478

Issue of Concern: Limited response capacity and Lack of planting materials among the COVID 19 affected vulnerable farmers

Planned Interventions

1.0 Support to smallholder farmers with COVID 19 response horticultural seed and other related agro-inputs for bulky production for agrindustrialization

2.0 Strengthening COVID 19 response capacity of vulnerable farmers

Budget Allocation (Billion): 26.839

V6: VOTE CROSS CUTTING ISSUES

II) Gender and Equity

Issue of Concern:

- Continuous marginalization of women/girls in manufacturing and participation
- High levels of poverty amongst women limiting their ability to finance their innovation

Planned Interventions

- Formation of women groups into cooperatives to stimulate skilling and education in manufacturing
- Link gender based cooperatives to SACCOs for financing
- Carry out sensitization programmes on radios and other media platforms to demystify the idea that manufacturing is for the rich.

- Provision of Probation and social welfare services like arbitration, reconciliation, mediation and counseling to affect person/families
- Gender sensitization and mainstreaming campaigns
- Continuous community mobilization and sensitization against gender inequalities and its dangers

Budget Allocation (in Billions) : 0.0200

iii. Environment

Issue of Concern : Poor management of waste disposal in markets and townships

Planned Interventions

- Sensitization on proper management of waste
- Promotion of cottage industries and innovation for waste products

Budget Allocation (Billion) : 0.0100

Iii: Covid 19

Issue of Concern : Covid 19 spread limiting capacity of business, markets and value chains to thrive

Planned Interventions

• Mass sensitization on MOH SOPs through Mass Media and mobilizing the Business Community to have more wash up areas Market places and Business areas.

V6: VOTE CROSS CUTTING ISSUES

III) Gender and Equity

Issue of Concern:

- Continuous marginalization of women/girls in Tourism development.
- Absence of organized women/girls groups involved in tourism as a business

Planned Interventions

- Formation of Gender Based Cooperatives involved in local tourism products around tourism sites in Rubanda District empowerment and support
- Continuous community mobilization and sensitization against gender inequalities and its dangers

Budget Allocation (in Billions) : 0.0100

iv. Environment

Issue of Concern : Degradation of the environment around tourism sites

Planned Interventions

- Sensitization on proper management of the environment on mass media and organized groupings
- Promotion of tree planting around tourism sites for alternative sources of energy and conservation of unique bird species

Budget Allocation (Billion) : 0.0200

Iii: Covid 19

Issue of Concern : Covid 19 spread limiting capacity of business, markets and value chains to thrive.

Planned Interventions

• Mass sensitization on MOH SOPs through Mass Media and mobilizing the Business Community to have more wash up areas Market places and Business areas.
