### Summary of Cumulative Receipts, disbursements and Expenditure for FY 2016/17

In FY 2016/17 Sheema Municipal Council had an approved budget of 7,848,011,000/= but by 31st December 2016 it had received Shs. 4,149,221,000/= indicating 53 percent performance. The over performance was because most of the Discretionary Government Transfers and Conditional Transfers Performed above 55 Percent. Local revenue performed at 43 percent because most of the revenue sources were affected by different diseases for example BBW, Fluctuation of agricultural prices and un favorable weather conditions even revenues are collected based on calendar year not Financial year. However as Municipal Council we expect collections to increase in 3rd quarter and fourth quarter.

Out of the planned budget of Shs. 7,848,011,000/= which was planned to be spent through the departments to the same tune. By end of 31st December 2016, 53 percent of the budget [Shs.

### **Summary: Overview of Revenues and Expenditures**

4,149,221,000/=] was already received by the Municipal Council but only Shs. 3,931,411,000/= had been released to the departments indicating 50% percent released, the remaining balance of Shs. 217,810,000/= was on Development account and Transitional account. It was still on account. The probable reason was that there was general delay in awarding of tenders which would necessitate transferring funds to the beneficiary sector accounts and the other balance was for the construction of Municipal Administration block. Good practice demands that these funds should be timely disbursed to departments to promptly plan for their utilization. By the end of December 2016, out of the cumulative releases to the departments of shs.

By the end of December 2016, out of the cumulative releases to the departments of shs. 3,931,411,000/=, Shs. 3,715,404,000/= had been spent by the departments accounting for 95 percent performance. The performance in terms of the overall budget released to the departments was 50% and out of which only 47% of the budget was spent which was in harmony with the 95% of the budget release spent. According to this budget of Shs. 7,848,011,000/=, Shs.

5,036,192,000/=, accounting for 64.17 % will be spent on wages/salaries for various sectors. In quarter two [October-December 2016], out of the cumulative release of Shs. 4,149,221,000/=, Shs. 2,973,777,000/= was spent on salaries accounting for 59%. In general terms more than a half of the annual salaries was released by quarter two and the actual Received is the actual expenditure which stood at 59% of the salaries budget, the over performance was a result of the supplementary budget of Shs. 920,000,000/= that was requested and advanced. However this comes on Quarterly basis. The rest of the revenues were for non wage recurrent, Transitional development and domestic development as can be observed in the table for Overall Expenditure Performance.

It is worth noting that Shs. 3,931411,000/= was transferred from the General Fund Account to the departmental Accounts which accounted for 50% performance. Out of this release to the departments Shs. 3,715,404,000/= was the cumulative expenditure by all the departments which accounted for 47% performance of the budget spent.

The probable reason for unspent balances in some departments was as a result of delays in procurement processes. The other un spent balances were for projects under works, education and Administration which had been awarded but could not be paid because contractors had not completed their certificates.

In FY 2016/17, the Production and Marketing department prepared a budget of Shs. 80,353,000/= out of which Sh 23,761,000/= was cumulative released to the department by end of 31th December 2016, accounting for 30% of the budge. For this quarter it indicates that the actual expenditure was only 22,566,000/= which accounts for 28% of the total budget. This indicates that by end of 31th December 2016, Shs. 22,566,000/=had been spent leaving Shs. 1,195,000/= as unspent balances meant for agriculture supplies under sector conditional Grant Non wage. It should be note that the spent balance is higher than received because the production sector had un spent balance in quarter one amounting to Shs.3,674,000/= which was spent in quarter two.

Reasons that led to the department to remain with unspent balances in section C above

The Sector had Shs.1,195,000/= as unspent balances meant for agriculture supplies and bank charges under sector conditional Grant Non wage.

In FY 2016/17 the department planned for annual budget of Shs. 4,856,138,000/= and quarter two the sector had a budget of Shs. 1,214,035,000/= but by the end of quarter two it had received Shs.2,735,674,000/= Cumulatively indicating 56 percent performance and 107 percent Quarterly Performance. It can be observed that under the recurrent revenues the education department received more funds than it had planned to receive in quarter two as reflected in the education table for revenue and expenditure above, this was because the department received all UPE grants, secondary grants and Tertiary grants. Under development revenues, the cumulative revenue out turn for Development Grant that was received was higher than planned which performed at 67%. The good performance of the Sector could be attributed to sector conditional Grant – Wage which was planned at Shs.981,981,000/= quarterly but received Shs.1,242,192,000/, and Development Grant which was received 167 percent. The balance on the account of Shs. 61,926,000/= is for Development projects which they had not started and could not be paid before completion and the parable reason could be delayed procurement process.

Reasons that led to the department to remain with unspent balances in section C above

The balance on the account of Shs. 61,926,000/= is for Development projects which they had not started and could not be paid before completion and the parable reason could be delayed procurement process.

In FY 2016/2017, the Roads and Engineering department budgeted for Shs. 337,110,000/= and planned to spend Shs. 84,277,000/= in quarter two and by end of quarter two [31 December 2016], Shs. 123,591,000/= had been released to the department cumulatively making a 37% of the total budget and stood at 80% of the quarterly budget. Significant to note, is that by the end of the quarter the department had spent Shs. 85,222,000/= which accounted for 25% of the planned expenditure budget of Shs. 337,110,000/=. This expenditure however, was 84% of the released funds to the department in quarter two. It should be noted that the quarterly expenditure is higher than quarterly received because the department had unspent balances in quarter one.

By the end of the quarter, the department had unspent balances of shs. 38,369,000/= with un presented cheque of Shs. 795,000/=. The remaining unspent balance of Shs. 37,738,777/= according to cash book is meant for light grading of Municipal roads. It should be noted that one of the biggest challenge under works department is sharing of Gradder with the District and its because of this that the department remained with un spent balances at the end of the uarter. Works and water department share one account but water is managed by National Water and Sewerage Cooperation thus the Municipal Council did not have any expenditure under water section.

Reasons that led to the department to remain with unspent balances in section C above

In FY 2016/2017, the water department prepared an annual budget of Shs. 24,804,000/= but planned to spend in quarter one Shs. 6,201,000/=. By the end of Quarter two the department had not received any release and in turn there was poor performance of the department . This poor performance is because water in Municipal Councils is managed by National Water and Sewerage Cooperation thus the Municipal Council did not have any expenditure under water section.

Reasons that led to the department to remain with unspent balances in section C above

The Sector did not get any release in quarter two, therefore no unspent balances.
