5 contracts committee Meetings organised, 14 Evaluation Committee reports produced, 3 monthly procurement reports approved and submitted, bid documents in place, 2 tender advertisements, Annual subscription paid to CIPs for two Officers, 2 staff facilitated to operate for 3 months (Stationery, welfare and air time).	6 contracts committee Meetings organised, 33 Evaluation Committee reports produced, 3 monthly procurement reports approved and submitted to PPDA, bid documents in place, Annual subscription paid to CIPs for two Officers, 2 staff facilitated to operate for 3 months (Stationery, welfare and air time).	Most of our tender Advertisements did not meet the threshold for open domestic bidding which is advertised in the print media. There was an increase in evaluation committee reports because we advertised for shortlisting of service providers for FY 2025/2026-2027/2026. Contracts Committee meetings reduced because of less submission from the user departments.

VOTE: 308 Soroti University

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	Increase gender and equity mainstreaming in core Activities of the University
Issue of Concern:	Gender and equity disparities /Limited gender and equity mainstreaming in core activities of the University
Planned Interventions:	-Implementation of the Gender, Equity and Disability policy -Sensitization workshops on Gender, Disability and Equity -Construction of ramps in all the University Buildings
Budget Allocation (Billion):	0.040
Performance Indicators:	-Gender, Equity and Disability policy in place -4 Sensitization workshops organised for Students and staff -Ramps constructed in Anatomy Block.
Actual Expenditure By End Q4	0.04
Performance as of End of Q4	4 disabled learners paid allowances, Gender, equity and disability policy under implementation, Psychosocial support given to 964 students and staff, ramps constructed and maintained in all the Buildings..
Reasons for Variations	Lack of a trained gender focal person.

ii) HIV/AIDS

Objective:	Increase HIV/AIDS activities within the University
Issue of Concern:	Low level of HIV/AIDS activities within the University
Planned Interventions:	- Implementation of the HIV/AIDS Policy - Continuous sensitization of students, staff and the community regarding HIV prevention -Treatment and support to those affected by HIV/AIDS in the University - Providing Voluntary Counseling and Testing
Budget Allocation (Billion):	0.030
Performance Indicators:	- 4counseling sessions organised -200 Students and staff tested -40 students and staff given medical support -4 sensitization workshops organised
Actual Expenditure By End Q4	0.030
Performance as of End of Q4	HCT carried out for 110 Students and staff.
Reasons for Variations	There is a lot of fear amongst students and staff to go for HIV testing.

iii) Environment

Objective:	Address the Decreasing green cover due to human activities on the environment and climate change
Issue of Concern:	Decreasing green cover due to human activities on the environment and climate change
Planned Interventions:	-Planting of tree seedlings around the University buildings and compound -Maintain the already planted trees and grass (application of manure etc.) -Environmental Education for Students and staff -Implementation of Environment policy
Budget Allocation (Billion):	0.060

VOTE: 308 Soroti University

Quarter 4

Performance Indicators:	-1500 tree seedlings planted -Application of manure and maintenance of tree seedlings -2 Sensitisation workshops on Environment for students and staff organised
Actual Expenditure By End Q4	0.06
Performance as of End of Q4	Compound maintained (weeding, prunning, slashing)
Reasons for Variations	Lack of a focal person to spear head Environmental activities

iv) Covid

Quarter 4

Performance highlights for the Quarter

Delivery of Tertiary Education
1. Enrolled 6,179 students out of which 5,340 were registered
2. Reviewed and examined 51 dissertations
3. Ran 2 adverts for direct entry scheme and 1 special advert
4. Conducted 7 sets of examinations (Recess term, mature age, semester II and Special Examinations) conducted.
5. Held 1 CODDAP, 1 QUATEC, 3 Admissions Board, 1 Senate, 1 EMIC, 2 Mature Age sub- committee, 2 Adhoc Committee and 1 departmental meeting(s)
6. Held 1 examination management workshop

General Administration and Support Services
1. Held 1 staff tribunal meeting
2. Prepared quarterly audit, procurement, performance and financial reports
3. Paid salary and 10% NSSF contribution to 611
4. Paid gratuity for 10 staff
5. Procured 15 projectors, 128 channel NVR installed and 2 ODELL Servers
6. Procured and assembled 10 executive chairs, 10 executive tables, 20 filing cabinets, 11No. 4 seater conference tables, 11 tea cabinets, 64 visitor’s chairs and 20 office book shelves
7. Completed 35% construction of the Business and Development Center
8. Completed 15% construction of the Senate building
9. Completed 21.5% construction of the multipurpose building at GUCCM

Cross Cutting Arears
1. Trained 100 Peer counselors trained
2. Distributed 2 cartons of condoms
3. Sensitized 500 students on HIV prevention
4. Conducted one (01) HIV and AIDS sensitization session in the community.
5. Maintained a 112-acre woodlot plantation in Latoro, Nwoya District
6. Admitted 10 students under the STEM programmes under the Affirmative action admission policy for persons with disability and for disadvantaged schools in the Acholi sub region
7. Supported 15 Disabled Students with welfare allowance
8. Supported 10 students supported under the Sports Scholarship Scheme

Variances and Challenges

The University received a supplementary wage allocation of UGX. 4.268bn implying that the revised wage budget is UGX. 45.698bn up from the initial approved budget of UShs. 41.430bn. This leaves a balance of UGX. 2.914bn to meet the required wage bill of the University.

Regarding Gratuity, the required supplementary budget of UGX. 4.675bn is yet to be approved to enable the University payout the beneficiaries.

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	Affirmative Action
Issue of Concern:	Gender and Equity discrimination, inadequate awareness of Disability issues
Planned Interventions:	1. Implementation of the STEM Affirmative Action Policy 2. Support students with disabilities by providing welfare allowance 3. Support talented students under the Sports Scholarship Scheme 4. Support female staff to undergo further training
Budget Allocation (Billion):	0.480
Performance Indicators:	1. 1,110 female students admitted under the STEM Affirmative Action Policy 2. 15 Disabled Students supported with welfare allowance 3. 4 students supported under the Sports Scholarship Scheme 4. 3 female staff sponsored to undergo further training
Actual Expenditure By End Q4	0.48
Performance as of End of Q4	1. 1,110 female students admitted under the STEM Affirmative Action Policy 2. 15 Disabled Students supported with welfare allowance 3. 4 students supported under the Sports Scholarship Scheme 4. 3 female staff sponsored to undergo further training
Reasons for Variations	No Variation

ii) HIV/AIDS

Objective:	HIV Prevention Interventions
Issue of Concern:	Prevention of New HIV Infections
Planned Interventions:	1. Training of Peer Counselors 2. Voluntary Counseling and Testing, 3. Condom education and distribution 4. Continuous sensitization of students especially year one girls
Budget Allocation (Billion):	0.026
Performance Indicators:	1. 100 Peer Counselors trained 2. Voluntary Counseling and Testing conducted for 250, 3. 12 cartons of condoms distributed 4. Continuous sensitization of 2,000 students especially year one girls
Actual Expenditure By End Q4	0.25593288
Performance as of End of Q4	1. 100 Peer Counselors trained 2. Voluntary Counseling and Testing conducted for 250, 3. 12 cartons of condoms distributed 4. Continuous sensitization of 2,000 students especially year one girls.
Reasons for Variations	No Variation
Objective:	HIV Social Support, Care and Treatment
Issue of Concern:	Stigmatization of People leaving with HIV/AIDS
Planned Interventions:	1. Training of medical staff on key populations care and support 2. HIV and AIDS sensitization in the community 3. Student sensitization on HIV/AIDS social support, care and treatment
Budget Allocation (Billion):	0.026
Performance Indicators:	1. 15 university medical staff trained on key populations care and support 2. Two (02) HIV and AIDS sensitization sessions conducted in the community 3. 1,000 students sensitized on HIV/AIDS social support, care and treatment

VOTE: 309 Gulu University

Quarter 4

Actual Expenditure By End Q4	0.025593288
Performance as of End of Q4	1. 15 university medical staff trained on key populations care and support 2. Two (02) HIV and AIDS sensitization sessions conducted in the community 3. 1,000 students sensitized on HIV/AIDS social support, care and treatment
Reasons for Variations	No Variation

iii) Environment

Objective:	Climate Change Adaptation
Issue of Concern:	Decreasing soil fertility
Planned Interventions:	1. Training of community members in management of tree nursery's and tree plantations 2. Dissemination of research on plant and crop resilient species 3. Training community members on conversion of organic materials to renewable energy
Budget Allocation (Billion):	0.013
Performance Indicators:	1. 250 community members trained in managing tree nursery's and plantations 2. 2 research on plant and crop resilient species disseminated 3. 100 community members trained on conversion of organic materials to renewable energy.
Actual Expenditure By End Q4	0.0125
Performance as of End of Q4	1. 250 community members trained in managing tree nursery's and plantations 2. 2 research on plant and crop resilient species disseminated 3. 100 community members trained on conversion of organic materials to renewable energy.
Reasons for Variations	
Objective:	Climate Change Mitigation
Issue of Concern:	Reducing Forest Cover
Planned Interventions:	1. Planting of 9,000 trees in Nwoya District. 2. Maintaining of a woodlot plantation
Budget Allocation (Billion):	0.040
Performance Indicators:	1. 9,000 trees planted in Latoro in Nwoya District. 2. 112 acres of woodlot plantation in latoro in Nwoya District maintained.
Actual Expenditure By End Q4	0.0395
Performance as of End of Q4	1. 9,000 trees planted in Latoro in Nwoya District. 2. 112 acres of woodlot plantation in latoro in Nwoya District maintained.

Quarter 4

Performance highlights for the Quarter

In terms of performance, Lira University achieved the following during Q4 of the FY 2024/25;
1) Administration block construction is 98.5% complete and will be handed over to the university. The master plan design and Geo-technical survey for the 344-acre land at Amolatar campus have been finalized, with 8 km of internal roads maintained and 6 km of new boundary roads at Amolatar campus opened.
2) 120 new staff were recruited, and salaries for all 419 staff (40.3% female) were fully paid during the quarter.
3) A total of 1,569 students (43% female) were taught and examinations administered during the quarter. 325 Government Sponsored students paid Living out allowance.
4) Lira university published a total of 18 articles in peer reviewed journals during the quarter and 5 research proposals developed, two won funding.
5) During Q4, 23 community engagement initiatives and outreach programs were executed.
6) Two(2) court cases were successfully handled and disposed off.
7) Lira University has successfully prepared, approved and submitted their FY 2025/26 Budget (performance contract), the five-year strategic plan for Lira University from 2025/26 to 2029/30 as well as the Q3 reports.
8) Q3 Internal Audit reports were prepared and submitted and Audit Committee held regular verification of deliveries for all the cost centers.
9) 1 Procurement plan prepared & submitted, 6 contract committee meetings, 3 monthly procurement reports prepared and submitted in Q4, 28 bidding documents prepared, 7 evaluation committee meetings held and 28 contract documents prepared.
10) 1 Council meeting held, 7 Committee meetings held, 3 management meetings held 2 policies approved (Council Charter and LU Staff Retirement Benefit Scheme).
12) Koha, Dspace, TISC, e library and Library websites updated and new resources uploaded as well as staff training conducted.

Variances and Challenges

Lira University allocated a total budget of USHS 39.281 billion for the fiscal year 2024/2025. By the conclusion of the fourth quarter, the total disbursement remained at USHS 39.281 billion, which composed of Wages (USHS 25.239 billion), Non-Wage expenditures (USHS 9.475 billion), and Government of Uganda Development funds (USHS 4.500 billion).
Of the total disbursed funds, USHS 37.147 billion was expended by the end of quarter4, comprising USHS 23.116 billion on Wages, USHS 9.464 billion on Non-Wage expenses, and USHS 4.500 billion on Government of Uganda Development initiatives.
In summary, 100.0% of the budget was disbursed, 94.6% of the budget was utilized, and 94.6% of the disbursements were expended by the quarter’s end.
Nevertheless, several challenges continue to impede effective budget execution:
1. Limited funds to facilitate capital investments, especially where there is a contractual obligation.
2. inadequate space for lectures and offices with respect to the growing number of students and staff.
3.Low staffing levels at 44% contributed to mainly by the narrow staff structure/establishment coupled with a limited wage bill.
4. Limited funds for research and innovation, for instance, the institution receives only UGX 500M annually for research.
5. Limited off-budget support to supplement the limited government funding in the areas of research and innovation.

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To capture the issue of inclusiveness based on the different roles and interests of women and men, girls and boys and fully taking care of equity issue during planning, budgeting, implementation, monitoring, evaluation, supervision and reporting of all development programs and interventions in the University, as well as utilization of the benefits accruing from established facilities.
Issue of Concern:	Gender and Equity requirements, inadequate awareness on Equality and Disability issues
Planned Interventions:	Produce gender-responsive plans & budgets, Construct ramps along all walkways; Install road signs on campus; Present gender-disaggregated data & reports at all levels; Sponsor 3 female staff for further training; Disseminate gender policies to actors.
Budget Allocation (Billion):	0.450
Performance Indicators:	80% Gender and Equity compliant policies and laws formulated, 600 stakeholders (staff and Students) sensitized on gender and equity, 30% female staff recruited and appointed into University service.
Actual Expenditure By End Q4	0.45
Performance as of End of Q4	80% Gender and Equity compliant policies and laws formulated, 600 stakeholders (staff and Students) sensitized on gender and equity, 30% female staff recruited and appointed into University service.
Reasons for Variations	No Variation registered

ii) HIV/AIDS

Objective:	To ensure that HIV/AIDS is fully mainstreamed and integrated into all the University programs, projects, interventions and activities for effective implementation.
Issue of Concern:	Low level of HIV/AIDs interventions in the University/awareness and implementation.
Planned Interventions:	Mainstream HIV/ AIDS in all University programmes and activities; Conduct voluntary HIV/AIDS counseling and testing for 200 staff, 700 students and 1,000 community members.
Budget Allocation (Billion):	0.152
Performance Indicators:	700 stakeholders sensitized and supported on HIV/ AIDS, 75% of university programmes and activities mainstreamed on HIV/AIDS, 100% policies on HIV/AIDS disseminated to all stakeholders.
Actual Expenditure By End Q4	0.150
Performance as of End of Q4	680 stakeholders sensitized and supported on HIV/ AIDS, 75% of university programmes and activities mainstreamed on HIV/AIDS, 100% policies on HIV/AIDS disseminated to all stakeholders.
Reasons for Variations	

iii) Environment

Objective:	To ensure sustainable utilization of the Environment and "Greening" of the entire University and the surrounding community' environmental issues should be fully integrated in all the activities of stakeholders within the University through numerous actions/ interventions.
Issue of Concern:	Decreasing green cover and Inadequate mainstreaming and poor solid waste management as an integral part of university programmes.
Planned Interventions:	Maintenance of the University compound; Plant 5 acres of trees at the University farm; Procure dustbins for proper waste disposal; Establish green areas at the University ("Greening the University" project), Promote electronic communication at all levels.
Budget Allocation (Billion):	0.040
Performance Indicators:	1,000 trees planted; 5 solid waste disposal points constructed within campus; 200 households sensitized.
Actual Expenditure By End Q4	0.04

VOTE: 310 Lira University

Quarter 4

Performance as of End of Q4	750 trees planted; 5 solid waste disposal points constructed within campus; 200 households sensitized.
Reasons for Variations	Inadequate funding

iv) Covid

Objective:	To execute a Covid-19, Ebola and other epidemic responsive budget through mainstreaming Covid-19 and other similar pandemics as a crosscutting issue whose interventions should be fully funded including comprehensive vaccination and adherence to the Standard Operating Procedures (SoPs) amidst other measures aimed at curbing the pandemic .
Issue of Concern:	The continued prevalence of Covid-19 pandemic and the emergence of other epidemics such as Ebola is a general health threat to the general population.
Planned Interventions:	Continuous observance of the Standard Operating Procedures (SOPs), embracing vaccination of all staff and students through the University Teaching Hospital and extensive outreaches, procurement and utilization of the Personal Protective Equipment (PPEs).
Budget Allocation (Billion):	0.060
Performance Indicators:	250 staff and 1,000 students vaccinated against Covid-19; 150 households sensitized on Covid-19 and Ebola; Assorted Personal Protective Equipment (PPEs) procured and distributed; Quarterly sensitization meetings held for staff and students.
Actual Expenditure By End Q4	0.06
Performance as of End of Q4	250 staff and 1,000 students vaccinated against Covid-19; 150 households sensitized on Covid-19 and Ebola; Assorted Personal Protective Equipment (PPEs) procured and distributed; Quarterly sensitization meetings held for staff and students.

Train 200 students in CLE	A Total of 112 Bar Course Students (55 female and 57 male) from Academic Year 2024/2025 participated in the CLE program. The students were issued with Students Practice Certificates to assist indigent and accused persons access justice. Total of 178 Bar Course students were trained in CLE 1443 Bar Course Students (689 female and 754 male)-Academic Year 2024/2025 were trained in CLE.	More students were supported under CLE because of the 2nd intake.

VOTE: 311 Law Development Centre

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 16050405 Functional legal aid clinics established		
Programme Intervention: 160504 Promote equitable access to justice through legal aid services		
Facilitate 10 social workers and 5 juvenile justice lawyers	Facilitated eight (8) social workers and five (12) legal assistants (juvenile justice lawyers) to provide child friendly legal aid services in the districts of Kampala, Wakiso, Jinja, Iganga, Mpigi, Lira, Mbarara, Jinja, Kabarole, Adjumani, Masindi and Mbale.	Received extra funding from Administrative of Justice (AJP) and Access to Justice Sub Program under the Governance and Security Program.
Conduct Monitoring and evaluation of LACs	Conducted quarterly monitoring and evaluation in Jinja, Mbarara ,Masindi, Mbale, Adjumani and Kabarole Legal Aid Clinics. Comprehensively assessed the clinics' operations, challenges, and overall impact on the justice system.	
Provide Legal Aid Service to 1500 walk in clients through counselling, court representation and alternative dispute resolution provided	Legal Aid Service provided to 4,278 (3,267 male and 1,011 female) walk in clients through counselling, court representation and alternative dispute resolution.	Higher-than-expected demand due to increased awareness through outreach, leading to more walk-ins and flexible service delivery (counseling, ADR, self-representation) enhanced access to legal aid services Additionally, with the closure of DGF, there are several Legal Aid Service providers that have closed shop leading to the influx at LAC. Increase in the number of staff in the Legal Aid Clinics. New lac in Mbale. Supplementary funding in January.
Conduct school outreaches targeting 2000 students in hard to reach districts through street law program in 10 schools	Conducted school outreaches and a total of 6,636 (4,327 male and 2,309 female) persons in Mbale, Lira, Kampala, Adjumani, Masindi, Mbarara, Jinja and Kabarole were sensitized about children's rights, legal information and violence against children.	The number of people reached through the legal outreaches exceeds the planned target due to the opening of Mbale Legal Aid Clinic and support from clerkship students. COOPERATION FROM SCHOOLS.

VOTE: 311 Law Development Centre

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 16050405 Functional legal aid clinics established		
Programme Intervention: 160504 Promote equitable access to justice through legal aid services		
Provide Legal Aid Service in Hard to Reach Districts	A total of Seven (7) Bar Course Students, 3 male and 4 female were posted in the Hard to Reach Districts of Moyo, Adjumani, Amuru, Namayingo, Kagadi, Buliisa and Nwoya. The above students were issued with Students Practice Certificates to enable them represent clients in courts. The students actively participated in interviewing and counseling clients, drafting pleadings, follow up on clients' cases, police and prisons visits and court representation. A total of 412 cases, 348 Males and 64 females were handled by the students on clerkship. 260 of these were criminal cases, 52 of these were civil cases,59 were family cases, 21 were land cases, 6 were succession matters,9 were employment matters and 5 were debt recovery matters. Ten clerkship students were deployed to provide legal aid services in ten hard-to-reach districts of Kitgum, Kagadi, Serere, Dokolo, Moroto, Amuru, Namayingo, Abim, Rakai, and Moyo.

Quarter 4

Performance highlights for the Quarter

Held 1 public policy dialogues, 6 research workshops, published 1 UMI journal and 3 publications, attended 1 local and 1 International conference, coordinated 50 business clinics in the Business Incubation hub, registered 696 students of all categories at all branches -Gulu, Mbale & Mbarara, procured 100% stationery for examinations, coordinated 3 senate & 3 committee meetings, attended 1 local conference, Coordinated 1 Graduation ceremony at all UMI branches. Facilitated 6 Governing Council meetings, held 6 TMT meetings, procured 100% instructional materials, maintained 100% the compound, attended 1 conference and 4 trainings, Provided 100% welfare to all staff, maintained 86% fleet, 100% equipped and operationalised the Baby Care Centre, Reviewed curriculum for 4 programs, Subscribed to 2 local and 3 International Associations, and Participated in 2 CSR activities, Attended 2 Governing Council meetings, Prepared and submitted 1 performance quarterly report, Supported 46 international participants to attend UMI programmes, Submitted 1 Institute output Performance report, Carried out 1 Monitoring visit at the branches, Finalised the development of a new Institute strategic plan 2025 - 2030, Renewed subscription to 1 evaluation association - UEA, Submitted 1 MPS and BFP for 2025/2026, Submitted 3 monthly reports and 1 quarterly report to PPDA, Renewed subscription to 1 procurement association, Attend 1 local conference, Held 11 Contract Committee and 17 Evaluation Committee meetings, Procured 100% all works, services and supplies of the procurement plan, Prepared and submitted 1 Institute Audit report and carried out follow up report on recommendations of the audit findings, Submitted 1 Budget Performance Reports, Attended 1 local conference and training, Held 1 2025/26 budget conference

Variances and Challenges

Lack of funding under the Capital development budget for Mbale, Kampala, Mbarara and ICT. This has greatly affected undertaking of TEL and ODEL and, reduced infrastructural development in the medium term; and Limited funding towards research and innovations to support the Institute strategic direction.

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To mainstream gender and equity interventions during planning and execution
Issue of Concern:	Entrenching gender and equity perspectives during decision making
Planned Interventions:	1. Operationalize the Child care Nursling Centre 2. Enhance welfare schemes to support gender and equity concerns
Budget Allocation (Billion):	0.910
Performance Indicators:	1. 100% operationalize the Child Care Nursling Centre 2. Procure and implement a medical insurance scheme for all UMI staff at all branches - Gulu, Mbale, Mbarara and Kampala.
Actual Expenditure By End Q4	0.902
Performance as of End of Q4	Operationalized the Child care Nursling Centre 2. Enhance welfare schemes to support gender and equity concerns
Reasons for Variations	

ii) HIV/AIDS

Objective:	To mainstream HIV/AIDs interventions in all UMI operations
Issue of Concern:	Insufficient counselling services at the Institute
Planned Interventions:	Operationalize the HIV and AIDS Policy of the Institute
Budget Allocation (Billion):	0.020
Performance Indicators:	1. Carry out 4 sensitization sessions for Staff and Participants at all UMI branches 2. Organise 4 Wellness Programmes for Staff living with HIV and AIDS
Actual Expenditure By End Q4	0.018
Performance as of End of Q4	Held 4 sensitization sessions for Staff and Participants at all UMI branches and 2 Wellness Programmes for Staff living with HIV and AIDS
Reasons for Variations	

iii) Environment

Objective:	To promote commendable hygiene and sanitation at all UMI branches
Issue of Concern:	Difficulty to access several places especially during rainy seasons
Planned Interventions:	Improve on hygiene and sanitation at all UMI branches
Budget Allocation (Billion):	0.720
Performance Indicators:	1. Procure and operationalize a cleaning and sanitation firm at all UMI branches 2. Promote use of ICT during delivery of UMI services
Actual Expenditure By End Q4	0.71
Performance as of End of Q4	Procured and operationalized a cleaning and sanitation firm at all UMI branches and promoted use of ICT during delivery of UMI services
Reasons for Variations	

iv) Covid

Quarter 4

Performance highlights for the Quarter

For financial year 2024/2025, The University;

Attained 123 publications in both national and International Journals and also operationalized three prototypes including the solar dryer and aquaponics unit by end of 2024/25 ;

Submitted and won six donor-funded projects;

Procured library books; provided newspapers and paid subscriptions to 5 e-resources;

Admitted 1,535 students for academic year 2024/25 out of which 614 were female and 921 male;

Registered, taught and trained 2,460 students (1,332 male and 1,308 female);

Maintained the upgraded bandwidth of 250 Mbps to facilitate the online teaching and learning;

Developed the e-Monitoring system (https://emonitor.mmu.ac.ug) With an aim of digitalization of university operations.

Conducted 03 Pedagogy trainings for faculty staff (119 male, 38 female) with focus on competence-based training;

Trained 300 Parish Development Model beneficiaries (215 female, 85 male) on personal financial management (budgeting), saving, debt and investment management, entrepreneurship skills, and risk management;

Trained 05 parish development model farmer groups on safe agricultural chemicals use and applications on crops and animals;

Conducted 03 sensitization workshops on Gender based Violence mitigation in communities with an aim of reducing reported incidents of gender-based violence;

Held 05 radio talk shows to sensitize the community on HIV awareness, MPOX outbreak, household sanitation, and how to improve sciences and innovation in the region;

Conducted 02 internal audits to ensure compliance with internal control systems

Organized 03 Health Camps and offered students and staff medical services;

Held Guild elections, Cultural gala, association tournament and Beauty contest;

Variances and Challenges

Vote 313 Mountains of the moon University faced the following Budget execution Challenges during the FY 2024/25;

Delayed recruitment to fill the planned vacant positions;

Delayed reporting of newly recruited staff; and

Staff attrition.

PIAP Output: 1202010401 ICT enabled teaching undertaken	
Programme Intervention: 12020104 Implement an integrated ICT enabled teaching	
University Operations digitized	The ODeL team created and submitted the terms of reference for developing a monitoring tool for the Learning Management System, aimed at overseeing teaching through ODeL. The eMonitoring system has been successfully deployed on our servers and is accessible at https://emonitor.mmu.ac.ug. Final testing was completed. The source code was uploaded to the git repository, and MMU was granted access.
CCTV Cameras procured and Installed around the University	The CCTV system was enhanced by installing four additional cameras in key areas on Block C: the Academic Registrar's Office, the DVC FA & AA Office, and the VC Boardroom reception areas. Another camera covers the pathways leading to Block C from the stores and HR blocks, while an additional camera monitors the pathway from Block C to the FAES area.
Network infrastructure improved and bandwidth upgraded to at least 180mbps up from 154mbps	Network infrastructure improved and bandwidth upgraded to 250mbps up from 154mbps
NA	Stakeholder Engagement and Communication undertaken
NA	NA
NA	Network infrastructure improved and band width upgraded to at least 250MBps

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To increase the proportion of female students, staff and community benefiting from the University outputs and activities.
Issue of Concern:	Inadequate awareness and mainstreaming of gender, equity and inclusivity issues. Limited development opportunities for vulnerable sub-group of people such as people living in poverty, women, people with disabilities.
Planned Interventions:	a. Increase % of females admitted at the university. b. Focus on retention on existing staff by improving the working environment for staff especially the female & disabled staff. c. Hold stakeholder trainings, with at least 30% female representation.
Budget Allocation (Billion):	0.146
Performance Indicators:	Ratio of female to male students admitted. Ratio of female to male staff in post. Number of students with disabilities. Number of staff with disabilities. Percentage of female stakeholders participating in community engagement activities
Actual Expenditure By End Q4	0.146
Performance as of End of Q4	Admitted female students and 40% of staff in the university are female.
Reasons for Variations	

ii) HIV/AIDS

Objective:	HIV/AIDS awareness increased amongst staff and students
Issue of Concern:	Inadequate awareness and sensitization activities on HIV/AIDS in the University
Planned Interventions:	a. Conduct HIVAIDS awareness workshop for students & staff. b. Organize 1 freshers orientation ceremony to include HIV/AIDS testing and counselling drive. c. Facilitate Health campaign on HIV/AIDS preventive measures.
Budget Allocation (Billion):	0.039
Performance Indicators:	a. 1 HIV/AIDS awareness workshops held. b. 1 Voluntary HIV testing drive held c. 1 Health campaign on HIV/AIDS prevention held
Actual Expenditure By End Q4	0.039
Performance as of End of Q4	Held a radio talk show and physical sensitization and testing on HIV/AIDS for staff, students, and the community for two days.
Reasons for Variations	

iii) Environment

Objective:	To strengthen the capacity of the University staff and the community to reduce diverse effects of climate change at the University and in the community.
Issue of Concern:	a. Clearing of forests to expand agricultural land, hence removing natural absorbers of CO2. b. Increasing impacts of Climate change, i.e. extreme temperatures, short yet extreme rainfall, pests and diseases, natural disasters.

VOTE: 313 Mountains of the Moon University

Quarter 4

Planned Interventions:	a. Support demonstration & practical training facilities. b. Disseminate the good agronomic practices & conditions among small-holder farmers. c. Train community to recycle wastes as fuel alternatives. d. support research in climate change tolerant crops
Budget Allocation (Billion):	0.046
Performance Indicators:	a. Staff trained in and exposed to biotechnology tissue culture technics. b. Biotechnology laboratory set up at MMU. c. Number of small holder farmers disseminated to biotechnology and agro-ecology research findings. d. Number of Community members trained
Actual Expenditure By End Q4	0.046
Performance as of End of Q4	Supported demonstration & practical training facilities, Disseminated the good agronomic practices & conditions among small-holder farmers, Trained communities sorrounding the university to recycle wastes as fuel alternatives, supported research in climate change tolerant crops
Reasons for Variations	

iv) Covid

VOTE: 401 Mulago National Referral Hospital

Quarter 4

Performance highlights for the Quarter

1. Utility bills (arrears for NWSC): Following extensive audit of the NWSC submission, a total of UGX 6bn arrears was verified, released as supplementary and paid.
2. Environmental Conservation. The Management launched a campaign dubbed "Plant and Nurture a Tree : Greening the Hospital" and planted 700 trees in Phase 1, targeting 1500 trees.
3. Contained the Ebola outbreak. The Hospital strengthened IPC through vibrant committee, intense trainings, sustained and consistent supply of IPC commodities, effective cleaning, fumigation and waste management system for safety, infection prevention and control.
4. The Hospital held a knee surgery camp from 5th to 15th May 2025 with 33 patients benefited from total knee replacement and 8 laparoscopic Surgeries.
5. The vote's absorption was at 100%.

Variances and Challenges

1. Demotivated support staff due to salary disparities (salary biases against the perceived nonscientists), all whom are exposed to same risks and are collectively working tirelessly to provide quality specialized services. Government should urgently enhance salaries of the rest of the staff.
2. Failure to attract staff in some highly specialised fields such as Nuclear Medicine, Psychiatry, Oncology, Pediatrics Surgery etc.
3. Inadequate and old fleet ranging from ambulances, pool vehicles as well as vehicles for entitled officers, including Senior Consultants, who by appointment are entitled to Chauffer driven cars, affecting service delivery.
4. Low budget ceiling for NTR despite increased revenue collection.
5. Staffing gaps i.e both number and skill mix for the intended specialization due to wage constraint. The Hospital requires a wage of Ug. Shs. 94.735bn to service the current structure but available is 50.136bn, a deficit of 43.598bn grossly affecting services especially critical care areas.
6. Constrained operations budget for most of the items i.e., specialized medical supplies, acquisition of medical equipment and furniture, servicing and maintenance of medical equipment, training in specialized health care, wage, utilities, gratuity, completion of staff houses and Lower Mulago.
7. Meagre allocation for Utilities accumulating arrears for utilities i.e for electricity, only 2.09bn allocated out of the required 4.4bn while water allocation is just 3bn out of the 11.6bn required
8. High Patient Load especially in Neuro, Accident & Emergency, Trauma, sickle cell and medical wards.
9. Overcrowding due to delayed completion of the renovations at Lower Mulago.
10. Limited coverage of the Integrated Hospital Management System (IHMS) due to budget constraint.
11. Delayed Completion of 150-staff-housing-units worsened the Inadequate accommodation for staff working in critical areas.
12. Encroachment on the Hospital’s land is a big threat. Fencing is urgen

Develoment Projects

Project:1637 Retooling of Mulago National Referral Hospital

Budget Output:000002 Construction Management

PIAP Output: 1203010512 Increased coverage of health workers accommodations

Programme Intervention: 12030105 Improve the functionality of the health system to deliver quality and affordable preventive, promotive, curative and palliative health care services focusing on:

. Complete the construction work on the 150 housing units at 70%. 2. Waste loading bay complete and commissioned 3. Setup the low-cost business centre and staff breastfeeding centre.	• The construction work on the 150 staff housing units at 49%.	1• The slow progress on the 150-staff housing units is due to underfunding and the revised scope of work (with expanded scope). 2• Waste loading bay is a component under KOICA (external finance) and not constructed due to delayed finalization of funding protocols between GoU and KOICA. 3. Staff breastfeeding Centre not setup due to insufficient (actual) budgets

VOTE: 401 Mulago National Referral Hospital

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	Improve access, participation and benefits of National Specialized Health Services for all.
Issue of Concern:	Access, participation and beneficial National Referral Health services to all irrespective gender, age, sex and sexual orientation, socio economic status
Planned Interventions:	• Accessible & affordable health care services • Gender specific wards and sanitary • Renovate children wards • Strengthen geriatric clinic • Service & maintain elevators for access • Staff clinic & breastfeeding center • Support orthopedic workshop
Budget Allocation (Billion):	2.100
Performance Indicators:	• Free services in general wing & waiver policy • 04 Open-days held • Gender specific wards and sanitary • Child-friendly wards • Increased uptake of geriatric services • Elevators in use • Staff breastfeeding center • Prosthesis & assistive devices
Actual Expenditure By End Q4	2.1
Performance as of End of Q4	• Strengthened Geriatric clinics and upscaled services for the elderly. • Free specialized services at general wing • 1,191 patients (780 males and 411 females) from the disadvantaged group benefitted from waiver system. • Held 02 Hospital's Open-days, 03 camps and supported 02 outreaches with free services for increased access to specialized services, early diagnosis and disease prevention. • Gender specific sanitary facilities. • 10 elevators serviced and functional. • Established a Digital display at Lower Mulago reception and implemented QR feedback system for enhanced customer service. • Created child friendly areas at all service points and the general hospital environment. • Remodeled 5C to accommodate Paediatric Heamatoncology. • Remodeled A&E casualty that increased bed capacity (58 surgical and 40 medical) and improved ambiance & privacy. • Provided wheelchairs, trolleys and rollaway beds at all service points. • 1,523 malnourished children benefitted from Intensive nutrition support and management of advanced syndromes under Mwanamugimu. • 2,199 Adolescents and youths benefitted from comprehensive youth friendly services • 15,795 Physiotherapies done • 3,970 Occupational therapies • 404 Speech therapies • 2,442 Prosthesis and other assistive devices fabricated, assembled or repaired under Orthopedic Workshops i.e wood, metal, leather, prosthetics & orthotics workshops services • 3,032 girls immunized against HPV • 673 children fully immunized by 1 year • 16,421 child immunizations • 11,936 dewormed (1st and 2nd doses) • 4,691 Vit A supplements administered • 3,368 TT shots administered. • 1,464 Yellow Fever Vaccinations. • 66.7% Cold chain refrigerators functional. Integrated palliative care services in the health system and provided;
Reasons for Variations	No variations

ii) HIV/AIDS

Objective:	Inclusiveness, HIV prevention, care, treatment and research.
Issue of Concern:	Workplace inclusiveness, HIV prevention, access, participation and benefit of persons living with HIV infection.

VOTE: 401 Mulago National Referral Hospital

Quarter 4

Planned Interventions:	• Strengthen collaboration with institutions that provide HIV care services (awareness, counselling, testing, treatment and care). • Strengthen MARP clinic. • Provide PEP services for exposed. • Strenthen HIV workplace policy guidelines and staff clinics
Budget Allocation (Billion):	0.077
Performance Indicators:	• MoUs with established institutions providing HIV services. • More supplies provided to MARP clinic • 100% exposed staff accesed PEP services. • HIV awareness campaigns • Voluntary testing and counselling undertaken. • Staff clinics functionalized
Actual Expenditure By End Q4	0.077
Performance as of End of Q4	• Procured supplies for MARP clinic. • Provided PEP services to 100% exposed staff • Embedded HIV awareness in the monthly staff wellness activities (for staff) and daily health talks at all service points (for patients and their attendants). • 6,246 HIV/AIDS tests conducted. • 13,683 Gene expert utilization in TB Laboratory (co-morbidity for HIV/AIDS) • 11,971 clients benefitted from different services under Skin and STD clinics; • 7,931 Patients managed for MDR TB (co-morbidity for HIV/AIDS) • Supported staff members affected/infected with HIV. • Procured protective supplies for staff in risky areas
Reasons for Variations	No variations

iii) Environment

Objective:	Promote a safe and climate smart environment by reducing use of biomass, proper management of hazards waste, reinforced walls for protection against radiation and mitigating the effects of climate change
Issue of Concern:	Safe and climate smart environment
Planned Interventions:	• Safe waste handling & disposal • Adopt smart technology (solar water heaters, solar street lighting, smart cooking) • Gazette green zones. • Strengthen emergency response to disasters. • Maintain plumbing lines, upgrade water & sewerage pipes with PVC
Budget Allocation (Billion):	2.806
Performance Indicators:	• Waste loading bay built • waste mgt contract in place • Radiation measures complied with. • Green zones gazette • Smart cooking • Solar lighting system. • Digitalized records and information • Emergency training & response plan • Upgrade to PVC pipes
Actual Expenditure By End Q4	2.806

VOTE: 401 Mulago National Referral Hospital

Quarter 4

Performance as of End of Q4	• Repaired, serviced and/or fueled Hospital fleet (ambulances, office and pool vehicles), equipment, machines, plants, generators, for enhanced efficiency and reduced emissions. • Procured assorted plumbing and electrical items for general use/replace faulty accessories. • Serviced HVAC & cold chain systems for temperature regulations. • Ventilation in all rooms for air quality and copying with extreme heat • Planted 700 trees, conserved tree shades, green zones, gardens and vegetation for ecosystem echo-system. • Serviced, repaired and/or fueled standby generators, transformers and power plants to cope with power outages. • Adopted energy-efficient appliances i.e LED light bulbs, most energy-efficient appliances and replaced externally generated steams for laundry, CSSD and Kitchen equipment with internally generated ones. • Water-efficient fixtures and water-saving practices (minimum water usage for the garden, dual flush OR low flow toilets, low flow shower heads in washrooms and hand wash press taps) for water quality & availability. • Water leaks, contamination and sewerage bursts monitored and fitted quickly. • Initiated rainwater harvesting • Flood barriers, drainage improvements for flood defense • Safe, efficient and effective waste management practices i.e contracts for both domestic and medical waste (hazardous & non hazardous wastes) including solid waste, radioactives, waste water, unserviceable equipment, electronic waste, etc for a conserved environment. • Climate-smart kitchens ie cooking with LPG and low-cost electricity in all kitchens. • Digital display screen (at Level 4 Reception) and signages installed. • IHMS coverage at 30% to digitalize the entire Hospital's processes, records and information • Trained and equipped emergency response team (first responders) to adverse effects of climate change i.e disease outbreak or injuries.
Reasons for Variations	No variations

iv) Covid

Objective:	Minimize cross-infections at work and wide-spread community infections
Issue of Concern:	Covid-19 spread and cross-infection
Planned Interventions:	Update and enforce SOPs. Acquire PPEs and IPC supplies. Conduct awareness campaigns on preventive measures. Carry-out Covid-19 immunization. Operationalize and maintain isolation unit
Budget Allocation (Billion):	0.450
Performance Indicators:	SOPs in place and observed IPC measures enforced. PPEs and IPC supplies availed. No. of times disinfection services undertaken No. of IPC training conducted. No. of Covid-19 Immunizations. Sensitization and awareness undertaken.
Actual Expenditure By End Q4	0.45
Performance as of End of Q4	• Strengthen Infection Prevention and Control through IPC training, and vibrant IPC committee. • Sustained supply of IPC commodities • Isolation Centre up-and running for all suspected and/or confirmed cases. • 22,809 total Covid tests done [22,654 representing 99.3% were negative and 155 representing 0.68% of the tests were positive] • Outsourced safe, efficient and effective waste management, cleaning, gardening, fumigation & disinfection services with monthly reports. • SOPs in place and enforced • Established a bronchoscopy unit with technology for the new disease trend.
Reasons for Variations	M-POX and EBOLA outbreak

VOTE: 402 Butabika Hospital

Quarter 4

Performance highlights for the Quarter

-The number of radiology investigations significantly increased to 626 investigations from the originally planned 568 investigations following the acquisition and operationalization of a new X-ray machine.
-During Quarter 4, the number of patients seen in outreach clinics increased significantly from the planned 881 patients to 2,228 patients. This improvement was driven by an increased budget for essential medicines and supplies, which enhanced drug availability for outreach activities. Additionally, deliberate referrals of stable patients to outreach clinics helped reduce congestion at the hospital while improving access to care within communities.

Variances and Challenges

Inadequate Human Resource yet the patient load is huge and growing.
Inadequate wage funds to allow for recruitment of additional staff.
High costs of fuel, food, non-medical sundries (Soap and detergent) and other commodities.
Overcrowding in wards and clinics due to poorly functioning referral system. (Currently with a Bed Occupancy Rate of 224%)
Very high cost of maintenance of buildings and equipment coupled with a high destruction rate by patients.
Very old fleet of vehicles that are costly to maintain and yet there is a ban on procurement of vehicles
Inadequate funds for resettlement of patients hence persistent overcrowding.
Lack of a development budget for construction has greatly affected construction works and yet there is a lot of congestion on the available infrastructure.

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To fight stigma against mentally ill female, children and disabled patients
Issue of Concern:	Stigmatization against mentally ill female, children and disabled patients leading to reduced access to care 2. Abuse of rights of women and child in the Hospital 3. Female discrimination at workplace
Planned Interventions:	1. Care for mental health of males, female, children and disabled mentally ill patients 2. Implementation of Hospital child protection and safeguarding policy for women and girls in the Hospital 3. Both gender employed and accommodated in the hospital
Budget Allocation (Billion):	0.100
Performance Indicators:	1. Percentage of female staff accommodated in staff quarters 2. Presence of a child and adolescent ward
Actual Expenditure By End Q4	0.1
Performance as of End of Q4	1 child and adolescent ward. 60% of female staff accommodated in staff quarters
Reasons for Variations	No variation

ii) HIV/AIDS

Objective:	To improve on HIV/AIDs mental patients
Issue of Concern:	HIV positive mental health patients are marginalized
Planned Interventions:	1. Provide treatment for all mental health patients with associated HIV infection 2. Provide care for staff with HIV/AIDS
Budget Allocation (Billion):	0.085
Performance Indicators:	Number of HIV/AIDs mentally ill patients treated
Actual Expenditure By End Q4	0.085
Performance as of End of Q4	All patients diagnosed with HIV/AIDS treated.
Reasons for Variations	No variation

iii) Environment

Objective:	To degrade areas surrounding Butabika Hospital
Issue of Concern:	Encroachment and degradation of the Hospital land and areas surrounding Butabika Hospital
Planned Interventions:	1. Planting more trees 2. Ensure a healthy internal and external enviroment 3. Rain Water harvesting 4. Installation of solar panels
Budget Allocation (Billion):	0.040
Performance Indicators:	Number of rain water harvesting tanks installed Number of trees planted Number of wards installed with solar systems
Actual Expenditure By End Q4	0.04
Performance as of End of Q4	-9 water harvesting tanks maintained
Reasons for Variations	

iv) Covid

VOTE: 402 Butabika Hospital

Quarter 4

Objective:	To manage critically ill patients and have a mortality of not exceeding 5%
Issue of Concern:	1. Inadequate space and over crowding 2. Health workers getting infected while at work 3. Inadequate Personal Protective Equipment (PPE)
Planned Interventions:	1. To ensure screening of patients at OPD and wards 2. Strict observation of standard operating procedures in the facility. 3. Ensure availability of personal protective equipment and infection control and prevention supplies.
Budget Allocation (Billion):	0.050
Performance Indicators:	1. Availability of personal protective equipment(PPE) and infection control supplies 2-CMEs on COVID-19 prevention
Actual Expenditure By End Q4	0.05
Performance as of End of Q4	-PPE procured. 2 CMEs Conducted.
Reasons for Variations	No variation

Quarter 4

Performance highlights for the Quarter

The following achievements were registerd in the quarter

Diagnostic services
2,048 x-rays done,
2,054 Ultra sound scans done,
148 CT scans done,
43,857 Laboratory examinations done,

Protection of childhood diseases provided by Immunizing
4,674 Children
1,381 Mothers,

Inpatient services
5,529 admissions,
5 days average length of stay,
65% Bed occupancy rate,
1,002 Surgical Operations,
1,970 deliveries,
1,568 Referrals in,

Essential medicine and supplies procured worth UGX 671,593,008,
1 Medicines and Therapeutic Committee meeting held.

General Outpatient Services,
20,948 General OPD attendance,
17,062 Specialized OPD attendance,
2,636 Referrals in,

Preventive services
312 Family Planning contacts,
1,342 Antenatal care attendance,

Internal Audit
1 stock and 1 audit report produced,

Human Resource
1 training committee meeting held,
1 Rewards and sanctions session held,

Records Management
3 HMIS Reports submitted,
1 HMIS Report submitted,
100% Outpatient and 95% Inpatient units using EMR system.
85% of staff trained and able to use the EMR.

Medical Equipment Maintenance
One Inventory report produced,
Medical equipment inventory updated,
One User Training session conducted,
One round of Medical Equipment Maintenance conducted

HIV/ TB care

97% New HIV Clients enrolled in care,
95% Viral load suppression rate,
Thirty Three Clients offered PEP,
HCT provided to 6,521 Clients,
PCR for EID done for 21 children,
Fifty New HIV positive Clients Identified,
One Hundred and seven TB patients registered,
100% TB patients started on treatment,
74% TB Treatment Success rate achieved,

Management and Support Services
Held 1 Quarterly performance review, 1 Hospital Management meeting, 10 Department Meetings, 1 Senior Staff Meeting held.
Retooling Project

Rehabilitation of One pond of the Hospital Lagoon completed
Fabrication of trolleys for EMR roll out completed, trolleys delivered and deployed to wards and units,
Renovation of Orthopaedic ward completed,

Variances and Challenges

The following challenges affected services delivery by the hospital.
1. Service delivery continued to be affected by inadequate staffing levels, a number of staff having retired, transferred or died and the process of recruitment to fill the gaps takes longer than expected.
2. The high number of refugees receiving medical services from the hospital: about 4% of the total inpatient admissions and total OPD attendance were non nationals and refugees. This has had implications on the hospital plan and budget.
3. Supply of medicines & supplies and specialist equipment could not match the demand most of the time in the quarter and this affected performance of hospital planned outputs like immunization, outpatient attendance, and diagnostics among others.
4. Power supply from the provider (WENRECO) was fairly stable in the quarter however a lot of arrears have been accumulated from electriicity and water suppliers.

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To have equal access to health services despite gender, age and social economic status.
Issue of Concern:	1. Incidents of maternal and neonatal mortality, 2. Undocumented domestic violence cases, 3. Low attendance to family planning, 4. Low male involvement in family planning. 5. Difficulty faced by People with disabilities accessing services.
Planned Interventions:	1. Improve patient care, access & early diagnosis, 2. Cancer screening, treatment & managing victims of SGBV & other forms of violence against women, 3. Run adolescent friendly services, 4. Support the deaf, the blind others i.e. use of interpreters etc.
Budget Allocation (Billion):	0.027
Performance Indicators:	1. No. of youth attending youth friendly services, 2. No. of Family Planning contacts including males, 3. No. of ANC attendance 4. No. of GBV cases treated. 5. No. of Women screened for Cancer, 6. No of Key populations accessing services.
Actual Expenditure By End Q4	0.027
Performance as of End of Q4	The Hospital provided Family Planning Service to 1,869 clients (old and new). The Hospital provided Antenatal Care to 14,697 Pregnant Mothers.Protection against childhood. diseases/ infections provided by Immunizing 19,703 Children. Protection against diseases/ infections provided by Immunizing 4,859 Mothers.
Reasons for Variations	There was inadequate supply of commodities that contributed to the low output. There were stock out of family planning methods including Depo, implants (Jadell Implanon) among others in quarter 2 to quarter 4. The was high turnout for antenatal care due to outreaches conducted in the month of August and appreciation of services at the clinic by mothers. The ministry of health + campaign contributed to the hight output of children immunized. A number of mothers came for services having had immunization from other facilities.

ii) HIV/AIDS

Objective:	To Provide comprehensive HIV/AIDs services.
Issue of Concern:	There is still high prevalence of HIV in the community and low adherence to HAART
Planned Interventions:	1. Proper patient care for opportunistic infections, early diagnosis, HIV counselling and testing, 2. Anti-retroviral treatment, eMTCT, post-exposure prophylaxis. 3. Health education of HIV/AID both in the hospital and community.
Budget Allocation (Billion):	0.000
Performance Indicators:	1. No. of Client Tested for HIV, 2. No. of HIV + Clients Identified, 3. No. of HIV + Client enrolled in HIV care, 4. 95% of HIV + Clients enrolled in care, 5. Leprosy Case Identification Rate in the Region, 6. TB Cure Rate in the Hospital & Region.
Actual Expenditure By End Q4	0

VOTE: 403 Arua Hospital

Quarter 4

Performance as of End of Q4	1). 96% of New HIV Positive Clients enrolled in care; 2). 95% Viral load suppression achieved; 3). Thirty Seven 121 Clients offered PEP; 4). Thirty Eight (38) Clients offered PREP 5). Counselling and Testing for HIV provided to 23,384 Clients. 6). Number of HIV Exposed Infants done PCR for EID done for 125 children and 2.4% HIV Positive identified. 7). Two Hundred Forty Six (246) New HIV positive Clients Identified. 8). Three Hundred Niety Seven (397) TB patients registered; 9). 100% TB patients started on treatment; 10). 82% Treatment Success rate for TB achieved; 11). Five Newly identified Leprosy patients identified and all enrolled on treatment
Reasons for Variations	No variation

iii) Environment

Objective:	To have a clean and safe working hospital environment. To minimize factors influencing climate change
Issue of Concern:	1. Facility based infections and Unsafe working environment. 2. Hospital Staff and patients involved in practices and activities that facilitate Climate change.
Planned Interventions:	1. Provision of safe and clean water, 2. Provision of power in the hospital, 3. 5S enforcement, 4. Occupational health and safety activities, 5. Tree planting on the compound, 6. Sewerage management and good waste segregation, collection and disposal.
Budget Allocation (Billion):	0.436
Performance Indicators:	1. 12 Support Supervision to unit/wards, 2. Holding Monthly (12) Meetings held. 3. 4 Quarterly regional Quality Improvement Committee Meetings. 4. Incinerator should be in good working condition. 5. All 35 units/departments/ wards should have waste bins.
Actual Expenditure By End Q4	0.4355
Performance as of End of Q4	1). Safe and clean water was available. 2). Power was available through the quarter in the hospital wards, units and departments. 3). Payments made for Utilities. 4). Incinerator was Functional 5). Waste bins were made in all 35 units/ wards 6). Four (4) Quality Improvement Committee Meetings Held. 7). Support Supervision to unit/wards done
Reasons for Variations	NoTrees monitored and maintained as the existing trees were uprooted by unknow people. There were periods of stockout of waste bins

iv) Covid

Quarter 4

Performance highlights for the Quarter

1. INPATIENT SERVICES
- 6,437 patients were admitted in the hospital.
- ALOS was 3.1 days.
- BOR was 69%.
- 19,784 were the number of inpatient days.

2. OUT PATIENT SERVICES.
- General OPD attendance was 29,171 patients.
- ANC attendance was 2,960 mothers.
- 1,201 patients were referred in to the hospital.

3 DIAGNOSTIC SERVICES.
- 41,062 laboratory tests were done.
- 2,966 Ultrasound scans were done.
- 1,600 x-ray investigations were done.
- 420 CT scans were done.
- 45 ECG investigations were done.

4, PREVENTION AND REHABILITATION.
8,616 children were immunized.
2,960 ANC attendance were recorded.

5. MEDICINES AND MEDICAL SUPPLIES
- NMS supplied medicines and medical supplies worth 668,881,450 UGX.
- Private wing procured medicines and medical supplies worth 39,981,500 UGX.

6. IMMUNIZATION.
- 8,616 children were immunized.

7.AUDIT AND RISK MANAGEMENT
- One audit report was made and submitted.
- Two stock taking exercises were carried.

8. HUMAN RESOURCE MANAGEMENT
- Staff salaries and pensions are always paid by the 28th of every month.
- One general staff meeting was held.
- One training committee meeting was held.

9. RECORDS MANAGEMENT
- There was continuous staff training in the new EMR system.
- More ICT hardware were received.

10. HOSPITAL MANAGEMENT AND SUPPORT
- One senior staff meeting was held and one general staff meeting.
- No hospital management board meeting was held as the constitution of the new board is in the offing.

11. EQUIPMENT MAINTENANCE
- One round of medical equipment maintenance in the region was conducted in all the targeted facilities.
- Medical equipment spares were requisitioned for and procured for use.
- The maintenance van was maintained and repaired to support equipment maintenance in the region.

VOTE: 404 Fort Portal Hospital

Quarter 4

Variances and Challenges

1. The is serious shortage of staff to adequately cover duties. It has been compounded by the recent massive transfers of staff to other entities. Some have not been replaced.
2. The hospital faces insufficient funding to meaningfully offer medical and support services. This has led to creation of arrears.
3. The non implementation of the patient referral system had created congestion in the hospital with cases meant to be handled by the lower level health facilities.
4. Dilapidated infrastructure for both patients and staff is affecting the morale of health workers and patients alike.
5. The hospital faces shortage of essential and specialized medicines to meet the demand of the patients. NMS delays to bring the supplies and there is inadequate budget for medicines and supplies as well.
6. Limited space in the wards to accommodate patients and their attendants.

VOTE: 404 Fort Portal Hospital

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To attain equity and fairness in accessing healthcare services in regard to gender and equal opportunities in the hospital. To promote all inclusive efforts that ensures gender equality and equity without discrimination against women, children, elderly, and the disabled. To provide a range of health services which benefit all clients without discrimination.
Issue of Concern:	Vulnerability and gender inequality and equity at the work place. Increasing incidents of maternal and neonatal mortality. Undocumented domestic violence cases. Low uptake of family planning. delayed services for women, adolescents. and the disabled.
Planned Interventions:	To set up adolescent centre to address matters affecting them. Train staff on GBV management. Set up a breast feeding corner for mother. Immunization of children. Appointing of a gender officer. Document GBV cases. Set up special clinics in the hospital.
Budget Allocation (Billion):	0.040
Performance Indicators:	Reduce the number of GBV from 90 to 50 cases a year. A breastfeeding corner for mothers created with appropriate facilities. Increase representation of women in committees from 5% to 10%. Adolescent centre operationalized. Hospital facilities accessible.
Actual Expenditure By End Q4	0.04
Performance as of End of Q4	The number of GBV reported were 105. Breast feeding corner was not set up due to lack of funding to renovate and equip the unit. The representation of women in committees remained at 5%. Hospital facilities are accessible to all without discrimination
Reasons for Variations	No significant variations

ii) HIV/AIDS

Objective:	To provide comprehensive HIV/AIDS care services including counselling, testing and treating all the people tested positive for HIV/AIDS without any form of discrimination. To strengthen HIV prevention messages through the media as well as community sensitization and work with development partners to provide appropriate care and treatment.
Issue of Concern:	There is still high prevalence of HIV/AIDs in the community and low adherence to HAART. There is low retention rate for clients in care. There is low identification of new positive cases. There is also poor access to HIV/AIDs services to the marginalized.
Planned Interventions:	Continued HIV/Aids education in the hospital and the community. Increased case identification of children, adolescents and men. Intensify follow up of clients in care. Strengthen referrals through third line committee. Treat opportunistic infections.
Budget Allocation (Billion):	0.040
Performance Indicators:	Number of clients tested for HIV. Number of HIV positive cases confirmed. The number of HIV positives enrolled in care. Retention rates in care to increase to 90%. Number of adolescent HIV clinics held. Percentage of pregnant mothers enrolled in PMTCT.
Actual Expenditure By End Q4	0.04
Performance as of End of Q4	1050 new clients tested for HIV. Retention rate in care was 90%. The number of adolescent HIV clinics held were 15. 100% of HIV pregnant mothers were enrolled in EMTCT for prevention of HIV transmission
Reasons for Variations	No significant variations.

VOTE: 404 Fort Portal Hospital

Quarter 4

iii) Environment

Objective:	To have a clean and safe working hospital environment, promote activities that will protect and improve our environment, and to ensure the environmental standards are upheld through dissemination of standards and community engagements. Also to ensure sustainable use of the environment resources to benefit future generation as well.
Issue of Concern:	There is poor medical and other waste management in the hospital. There is need to prevent infection among staff and patients. To have a clean and safe working environment. There are few tree covers in the hospital. Lacking sustainable environment.
Planned Interventions:	Train staff in IPC protocol. Ensure segregation of medical waste. Maintain the incinerator and Incinerate all medical waste. Planting trees. Training of staff and cleaners on waste management. Strengthen cleaning service. IPC education for patients.
Budget Allocation (Billion):	0.040
Performance Indicators:	100 staff trained on IPC protocols. Plant at least 30 trees in the hospital. Set up 40 medical waste segregation points. One Hospital IPC committee strengthened and functionalized. Two medical waste incinerators maintained. Wards cleaned professionally.
Actual Expenditure By End Q4	0.04
Performance as of End of Q4	90 staff have been trained in IPC. Twenty five trees have been planted in the hospital. 45 medical waste and domestic waste segregation points have been set up. One hospital IPC committee is formed and functional. Two medical waste incinerators have been maintained and functional. The hospital wards are professionally cleaned and maintained.
Reasons for Variations	No significant variations.

iv) Covid

Objective:	To prevent the spread of Covid 19 infections in the hospital and the community in order to reduce morbidity and mortality arising from pandemic. through appropriate treatment and provision of the necessary support care. and referral where necessary.
Issue of Concern:	Covid 19 pandemic affected national and international economies. Many people have died due to the pandemic. Livelihoods have been disrupted. Dependants (women, children and elderly) have been left vulnerable due to loss of loved ones.
Planned Interventions:	Continuous community sensitization on Covid 19. Promotion of IPC measures against Covid 19. Treating patients of Covid 19. Setting up and maintaining an isolation centre. Maintaining SOPs in the hospital. Lobbying for support from partners. Treatment done
Budget Allocation (Billion):	0.040
Performance Indicators:	Continuous community sensitization on Covid 19. Promotion of IPC measures against Covid 19. Treating patients of Covid 19. Setting up and maintaining an isolation centre. Maintaining SOPs in the hospital. Lobbying for support from partners.

VOTE: 404 Fort Portal Hospital

Quarter 4

Actual Expenditure By End Q4	0.04
Performance as of End of Q4	There is continious community sensitization about Covid 19. IPC measures are being preached in the hospital to reduce disease burden. No Covid 19 case was reported and or admitted in the hospital. Also SOPs are being encouraged in the hospital
Reasons for Variations	No significant variations. No Covid 19 case was reported.

Quarter 4

Performance highlights for the Quarter

The attendance of both inpatients and outpatients saw a noticeable rise due to the utisation of the EAFYA EMR in all units . In general, outreaches and scheduled activities were executed timely.
The commendable diagnostic performance was, in part, attributed to the sufficient availability of reagents, facilitating comprehensive investigations.
Incorporated community sensitization to support early ANC through radio discussion programs, religious events, community conversation meetings with stakeholders, and postsecondary institutions. Pregnancy screening at all hospital entry points (all OPDs and IPDs) for all women of childbearing age.
Despite delays in responsiveness from NMS, there was timely procurement of medicines and health supplies, coupled with vigilant monitoring of their usage through the EAFYA EMR.
Championed the integration of specialized vertical health programs (including HIV care care) into routine OPD workflows, aiming to provide more holistic patient care.
Quality Improvement initiatives were implemented, particularly in documentation, patient follow-up, monitoring, death notifications, and timely updates.
The 5S approach (Sorting, Setting, Shining, Standardizing, and Sustaining) is well observed. For example, the HDU is organized and equipped.
Regional performance review meetings were held in July 2024 (Pader) and February 2025 (Gulu City) in collaboration with health partners. These meetings provided a platform to assess district and regional progress and refine action plans.

Variances and Challenges

Pension funds exceeded the hospital's requirements, rendering them un absorbable.
The breakdown of the CT Scan due to power interruptions has caused under performance in the Radiology unit
Dilapidated and Inadequate Infrastructure: Many facilities (e.g. surgical ward, TB ward, private wing, main store) in a state of disrepair. Frequent lack of running water in key areas like the medical ward and A&E unit, compromising IPC. Poor drainage systems causing flooding in wards such as medical ward during heavy rainfall. Improvised/inadequate specialized areas like the ICU, A&E triage space, posing challenges, especially during rain seasons.
Inadequate development budget, hindering infrastructure and equipment upgrades.
Low overall allocation for the wage bill thereby lack of critical cadre such as senior consultants, intensivists, Intensive care nurses
Loss of major funding previously provided by the Trust Fund for Victims, G2G funding hence affecting the orthopedic rehabilitation services within the region and HIV services respectively
Critical Staffing Shortages: overall staffing levels (only 29% of established posts filled as per new staffing structure/73% for old structure), severely constraining service delivery. Inadequate staff housing partly due to the decade-long incompletion of a 54-unit construction project.

VOTE: 405 Gulu Hospital

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	Promote financial and geographical access to health services female, male, disabled and clients of all ages.
Issue of Concern:	There is a need for equitable access to health services for the elderly, children, women, boys and girls.
Planned Interventions:	1. Provision of equal opportunities to health service to all female, disabled, elderly, and children. 2. Provision of manpower to manage the marginalized eg: sign language for the deaf. 3. Improve infrastructure to cater for the marginalized. eg: ramps.
Budget Allocation (Billion):	0.008
Performance Indicators:	1. The proportion of buildings with gender-sensitive provisions (70%) 2. Proportion of staff knowledgeable about gender responsiveness in health care (70%) 3. No. of staff trained in the management of the disabled (50%)
Actual Expenditure By End Q4	0.008
Performance as of End of Q4	GBV & Adolescent clinic in place, Non-discriminatory health care delivery
Reasons for Variations	Targets Acheived

ii) HIV/AIDS

Objective:	- Promote 95-95-95 implementation strategy - Reduce HIV incidence in the region Increase access - Ensure HIV testing and treatment to all eligible male, female, children, elderly, disabled clients. - Ensure viral load suppression to all male, female, children, elderly, disabled clients infected by HIV
Issue of Concern:	Insufficient access to quality HIV/AIDs services that contributes to a high prevalence among women, men children and marginalized people in the subregion.
Planned Interventions:	1. Implement HIV/TB prevention, care and treatment programs 2. Sensitize the community on HIV/AIDs. 3. Promote facility and community-based care and treatment services for HIV among men, women, children and elderly. 4. Promote HIV counseling & testing.
Budget Allocation (Billion):	0.005
Performance Indicators:	1. 90% of people living with HIV know their status. 2. 95% of the patients are diagnosed and initiated on ART 3. 95% of the patients on ART are virologically suppressed.
Actual Expenditure By End Q4	0.005
Performance as of End of Q4	Increased awareness of HIV, Daily Routine HIV tests
Reasons for Variations	Targets Acheived

iii) Environment

Objective:	- Establish healthcare facilities that are environmentally sustainable and promote the health and well-being of female, male, disabled and clients of all age groups. - Raise awareness, educate, and advocate for environmentally friendly issues within the healthcare system and all female, male, disabled and clients of all age groups.
Issue of Concern:	There is low sustainable initiatives and awareness about environmental sustainability in health facilities
Planned Interventions:	1. Sensitize patients and health workers on appropriate waste management and environmental sustainability. 2. Ensure proper waste management including proper final waste disposal. 3. Promote Go-green initiatives with health facilities in the region.
Budget Allocation (Billion):	0.006

VOTE: 405 Gulu Hospital

Quarter 4

Performance Indicators:	1. Proportion of departments with waste disposal facilities (100%) 2. Number of functional incinerator (1)
Actual Expenditure By End Q4	0.006
Performance as of End of Q4	Checklist for environment Monitoring mechanisms available, Waste disposal CMEs conducted
Reasons for Variations	

iv) Covid

Objective:	Maintain a high standard of infection control measures, emergency preparedness, and response protocols to prevent and control the spread of COVID-19 among female, male, elderly and disabled people of all age groups
Issue of Concern:	There is low awareness and risk perception about COVID-19 and poor observation of the recommended preventive measures.
Planned Interventions:	1. Community sensitization and mobilization about Covid-19. 2. Promote observation of SOPs. 3. Continuous training of health workers. 4. Encourage vaccination against COVID19
Budget Allocation (Billion):	0.009
Performance Indicators:	1. Proportion of staff trained in COVID19 management (100%). 2. Proportion of community knowledgeable about COVID19 (80%).
Actual Expenditure By End Q4	0.009
Performance as of End of Q4	Available isolation unit for suspects &positive patients
Reasons for Variations	Targets Acheived

VOTE: 406 Hoima Hospital

Quarter 4

Performance highlights for the Quarter

Budget execution was at 96.3% performance. There was unspent balance on salary due to
1. Delayed verification of some new staff by Ministry of Public Service
2. Delayed process of replacing the retired and transferred staff
The facility admitted 28,402 patients cumulatively against a target of 27,500 with a Bed Occupancy Rate (BOR) of 91%, with 7,391 deliveries conducted,
Operations performed were 8,624 against a target of 5,160
93,943 General outpatients were attended to, 56,013 being specialized
90% Electronic Medical Records (EMR) system utilization
X-rays were not conducted due to the breakdown of the equipment
Staffing level still stands at 27.5%
Procurement of assorted medical equipment was done
Refurbishment of toilets (for maternity and patient attendants) was finished

Variances and Challenges

The hospital achieved most of its performance indicators, in areas of Inpatient admissions, antenatal services, immunisation services, surgical procedures and diagnostic services.
No X-rays done due to breakdown of the machine, low performance in family planning due to out of stock of some methods, there was a slight decline in outpatients seen
CHALLENGES
The Vote budget still low which affects service delivery and effective delivery of its mandate
Limited space leading to congestion and flow cases (some wards were demolished to pave way for Maternal and Child Health Complex which up to date has not started)
Increased bills for water and electricity following new developments of CT scan, Intensive Care Unit (ICU), new oxygen plant
Breakdown of X-ray machine which has not been worked on to date
Low staffing levels which stands at 27.5% caused by low wage yet the hospital has to functionalise new services like ICU and dialysis services
Inability to run some reports in the Electronic Medical Records (EMR) system and low Internet band width
Insecurity for the ICT equipment where there are no burglars on some units, others have weaker doors

VOTE: 406 Hoima Hospital

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	1. To increase access to Maternal and Child Health services. 2. To reduce Gender Based Violence due to inequalities existing among all vulnerable groups and disabled persons
Issue of Concern:	1. Low uptake of Maternal and Child Health (MCH) services, 2. Increased presence of Gender Based Violence (GBV), 3. Lack of equity and fairness in accessing health care services in regard to women, men, boys, girls, elderly and disabled persons
Planned Interventions:	1. Increase access to health care services by gender based violence victims 2. Increase in children and youth friendly services 3. Purchase of Obstetric equipment. 4. Reduce maternal mortality rate (less than 400/100,000 live births)
Budget Allocation (Billion):	0.009
Performance Indicators:	1. Number of children below the age of five accessing OPD services 2. Number of gender based violence victims served 3. Maternal Mortality Rates (less than 400/100000). 4. Proportion of budget spent on obstetric equipment
Actual Expenditure By End Q4	0.009
Performance as of End of Q4	1. 9,010 children below the age of five accessed OPD services 2. 283 gender based violence victims were served3.541/100,000 deliveries Maternal Mortality Rates
Reasons for Variations	

ii) HIV/AIDS

Objective:	1. To reduce the high burden of HIV/AIDS among all age groups 2. TO carry out and intensify counselling, testing and treatment of all people tested positive for HIV/AIDS 3. To strengthen the ABCD strategy and voluntary male medical circumcision (VMMC) 4. To reduce the high loss to follow-up of HIV positive men, women and children who have been in care
Issue of Concern:	High burden of HIV/AIDS infection rate among the population of Bunyoro region
Planned Interventions:	1. Provide HIV counselling and testing (HCT) services for children, men, women and elderly persons and among key population 2. To treat all HIV+ pregnant mothers for eMTCT 3. Conduct Routine monitoring of positive patients and keep them in care
Budget Allocation (Billion):	0.013
Performance Indicators:	1. Number of clients tested for HIV 2. Number of clients newly initiated on ART 3. Percentage of HIV+ pregnant mothers enrolled on treatment/care for eMTCT 4. 95% and above of clients on treatment have suppression
Actual Expenditure By End Q4	0.013
Performance as of End of Q4	1. 15,084 clients were tested for HIV 2. 356 clients were initiated on ART 3. 100% HIV+ pregnant mothers were enrolled on treatment/care for eMTCT 4. 92.9% suppression rate
Reasons for Variations	

iii) Environment

VOTE: 406 Hoima Hospital

Quarter 4

Objective:	1. To increase the tree cover and reduce environmental pollution and degradation through urbanization 2. To observe strict standard operating procedures in the hospital and health facilities in the region for waste management
Issue of Concern:	Reduced tree cover and increased environmental degradation and pollution, Poor hygiene, non-adherence to standard operating procedures in waste management and disposal and bad environmental practices leading to hospital acquired infections
Planned Interventions:	1. Plant more trees and maintaining those around the hospital 2. Strengthen waste segregation and disposal within the facility 3. Strengthen Infection Prevention and Control (IPC) and the IPC committees 4. Maintenance of the available incinerator
Budget Allocation (Billion):	0.013
Performance Indicators:	1. No. of trees planted around the hospital 2. No. of sepsis cases reported in the hospital 3. No. of Infection Prevention and Control (IPC) committee meetings held 4. No. of health education and promotion conducted 5. No. of functional incinerator availa
Actual Expenditure By End Q4	0.013
Performance as of End of Q4	1. More trees and grass were planted around the hospital 2. 181 sepsis cases were reported in the hospital 3. Twelve Infection Prevention and Control (IPC) committee meetings were held 4. Several health education and promotion sessions were conducted 5. One functional incinerator available
Reasons for Variations	

iv) Covid

Objective:	1. To prevent the spread of COVID-19 infections in the hospital and in the community in order to reduce morbidity and fatality rate to Zero (0%) arising from the COVID-19 pandemic.
Issue of Concern:	1. There is still COVID-19 cases presenting among the population where there is need to observe the recommended preventive measures against COVID-19 sickness and death and fear of the new wave 2. Finding alternative space for management of covid-19 cases
Planned Interventions:	1. Strict observation of SOPs in the facility and availability of personal protective equipment (PPEs) and IPC supplies. 2. Plan for an Isolation Unit in preparation for any pandemic or an epidemic 3. Continue screen and test for COVID-19 infection
Budget Allocation (Billion):	0.007
Performance Indicators:	1. Mortality rate reduce to zero (0%) 2. No of PPE procured and distributed to staff 3. No. of patients screened and tested 4. No. of Isolation units constructed
Actual Expenditure By End Q4	0.007
Performance as of End of Q4	1. Zero Mortality rate achieved 2. Assorted PPEs were procured and distributed to staff 3. 11 patients were screened and tested 4. No Isolation unit constructed
Reasons for Variations

Performance highlights for the Quarter

9,808 Admissions
1,175 Major Surgeries
84% Bed occupancy rate
4 Days Average length of stay
78,632 Laboratory tests
1,037 Ultra-sound scans
233 CT scans
116 ECG examinations
436 ECHO examinations
3,160 ANC visits
1,128 physiotherapy attendances
468 Family planning attendances
299 GBV Clients identified
85% ART retention
96% viral load suppression
96% TB success rate
85% TB cure rate
HIV Services integrated
-4BNs received from MoFPED as Supplementary funds to clear arrears for water bills and paid to NW&SC.
Cleaning services maintained
85% EMR Rollout
0.285 BN worth of EMHS received from NMS
34 Adverse drug reactions reported
Medical spare parts worth 9m procured, CT scan film procured worth 3 m, Private wing drugs and supplies, CBC Reagents procured, Stationery, Halogen lamp procured.
Equipment in lower facilities maintained
Users trained
Engagement of users on-going

Variances and Challenges

Two campuses 1.5 km apart being managed using the same resource as 1 RRH.
Need for more anesthetic machines to fully functionalize the 4 theatres.
Need better ultra-sound scan machines and X-ray equipment to march the demand.
Need for critical theatre staff.
The hospital needs proper fencing to reduce the rampant thefts.

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	Provide comprehensive and age appropriate clinical post GBV care that meets the expressed needs of survivors.
Issue of Concern:	Increasing GBV clients and poor data collection
Planned Interventions:	Training of health workers on GBV and documentation
Budget Allocation (Billion):	1.000
Performance Indicators:	Number of health workers trained on GBV 40 health workers trained
Actual Expenditure By End Q4	1
Performance as of End of Q4	Training to be done
Reasons for Variations	

ii) HIV/AIDS

Objective:	Use targeted tailored and evidence based approaches to find test and enroll HIV positive individuals in care focusing on men and women 15 above , children and adolescents not diagnosed. Intensify interventions and innovations that will enhance the provision of comprehensive prevention of mother to child transmission eMTCT SERVICES
Issue of Concern:	Increasing HIV incidence and prevalence rates
Planned Interventions:	integrate HIV services in all Health care services
Budget Allocation (Billion):	6.270
Performance Indicators:	1. Reduce incidence rates by 20% 2. More than 95% initiation of positive pregnant women
Actual Expenditure By End Q4	0.02
Performance as of End of Q4	HIV services integrated
Reasons for Variations	

iii) Environment

Objective:	Rehabilitate and maintain open storm water drainage channels to main sewer lines, to avoid environmental contamination with waste.
Issue of Concern:	Preserve environment
Planned Interventions:	Monitoring and evaluating functionality of lines
Budget Allocation (Billion):	1.000
Performance Indicators:	Assessments on lines done at least twice a year
Actual Expenditure By End Q4	1
Performance as of End of Q4	Achieved
Reasons for Variations	

iv) Covid

Objective:	Support and scale up interventions for COVID 19 infections prevention, control and management practices including awareness raising and mobilization for COVID 19 vaccination programs in hospital.
Issue of Concern:	Avoid spread of pandemic or endemic prone diseases like COVID 1, ebola

VOTE: 407 Jinja Hospital

Quarter 4

Planned Interventions:	Ensure IPC measures are in place Train staff
Budget Allocation (Billion):	1.000
Performance Indicators:	Number of units with IPC functionality Availability of IPC supplies -Target 90%
Actual Expenditure By End Q4	1
Performance as of End of Q4	IPC Implemented
Reasons for Variations	Achieved

Performance highlights for the Quarter

Human Resources & Capacity Building
All 253 staff maintained adequate skills and decent working conditions. Hospital in-charges were assigned KPIs for performance monitoring and improvement. Staff performance appraisals, biometric enrolment, and HRIS/HCM updates were completed, with minor gaps due to transfers, retirements, and name mismatches.
Following the PS MoH pronouncement earlier in the year, staff transfers occurred between Fort Portal and Kabale RRHs, resulting in a net loss of five staff. Replacement efforts are ongoing, and the hospital received a Consultant Gynaecologist. Contracts for 65 G2G staff and 5 other USAID-supported staff ended on 28th May 2025; several of these roles (IT, biostatistics, M&E, counselling) lack equivalents in the public service establishment.
Infrastructure, Equipment & Energy
The hospital licensed its CT scan and X-ray equipment, repaired oxygen supply points in the Obstetrics & Gynaecology and Surgical wards, fixed the patient sluice system, and procured office cabinets and shelves for patient records.
ICU Construction Update
MoH contracted Huso Engineering Company Ltd. (contractor) and Arch Design Ltd. (consultant) to construct the ICU at a cost of UGX 8,586,160,640 under the WB (IDA)–funded UCREPP project. Construction began on 10th July 2023, with a planned duration of 15 months plus a 12-month defect liability period. As of 12th May 2025, progress stood at 90% against a target of 100%, and another extension beyond the current 30th May 2025 deadline is anticipated. The project is centrally managed by MoH, with the hospital engaged as the end user. Monthly site meetings occur on the first Monday of each month.
Land Matters
The hospital successfully removed kiosks from in front of the main gate with support from security agencies and the municipal council. The cleared space has been designated for hospital parking.

Variances and Challenges

Oxygen Plant Update
The hospital has three oxygen plants: the old Silverbacks plant, a UNICEF-donated plant, and another under construction by MoH through the UPDF. The Silverbacks plant was repaired earlier and remains functional, saving the hospital the costly task of collecting oxygen from Kampala. Only medical gas, produced at Mbarara RRH, is occasionally collected. The UNICEF plant, after installation and transformer procurement, was repaired by UNICEF engineers but broke down again; it has high power consumption and requires stable UEDCL supply, which is costly. These increased costs should be shared with lower health facilities. The MoH plant is still under construction, with no clear management update.

Disease Surveillance, Epidemic and Emergency Response
The Mpox outbreak in the country, including Kigezi, was controlled and case management shifted to lower facilities. Measles outbreaks in Kisoro and Kanungu districts, linked to low immunization coverage, were rapidly contained through MoH and hospital teams with CHAI support. Anthrax outbreaks in Kanungu and Kabale were also controlled, thanks to the one-health approach and inter-ministerial collaboration. Uganda has again been declared Ebola/ Marburg-free.

Service Delivery
With the G2G project closing, service delivery has been reintegrated into hospital operations. The MoH continuous online client satisfaction survey remains active, providing valuable feedback from patients, attendants, and staff. Results show steady improvement, though complaints on inadequate medical supplies persist.

Laboratory Services
The hospital laboratory regained accreditation despite challenges, as confirmed by the received certification. However, more testing menus still require accreditation.

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To provide a gender perspective in hospital service delivery to both clients and health providers within the hospital and the region
Issue of Concern:	Gender and Equity requires to be promoted at all point of health service delivery in the hospital and during outreaches in the region.
Planned Interventions:	-Continue GBV & Adolescent clinic services to all -Integrate Gender in SOPs delivery points -Provide equal access to all service utilization -Accommodate & provide staff transport -Set up staff clinic to all hospital providers -A baby friendly corner
Budget Allocation (Billion):	0.020
Performance Indicators:	-% GBV & Adolescent clinic services to all -% Integrated Gender in SOPs delivery points -% equal access to all in services utilized -% staff Accommodated & transported - Staff clinic Set up for all hospital providers -Baby friendly & Breastfeed corner
Actual Expenditure By End Q4	0.02
Performance as of End of Q4	83% GBV & Adolescent clinic services to all 100% Integrated Gender in SOPs delivery points 100% equal access to all in services utilized 30% staff Accommodated & transported Staff clinic Set up for all hospital providers Baby friendly & Breastfeed corner Equal pay and equitable leadership opportunities HR ensure work-life balance (maternity, paternity leave)
Reasons for Variations	Achieved

ii) HIV/AIDS

Objective:	To prevent new HIV infections and prioritize the primary prevention efforts and treatment in the communities and region
Issue of Concern:	Prevention of new cases, and scaling up HIV care and treatment to all people in the region
Planned Interventions:	- Increase community awareness of HIV - Routine HIV tests - Case follow up in the region - Increase PrEP and nPEP use - Intergrated youth friendly HIV services in the hospital
Budget Allocation (Billion):	0.020
Performance Indicators:	- % Increased awareness of HIV - No. Routine HIV tests - No. Case follow up - % Increase PrEP and nPEP use - No of Intergrated youth friendly HIV services programs in the hospital
Actual Expenditure By End Q4	0.02
Performance as of End of Q4	- 2% Increased awareness of HIV - 716 No. Routine HIV tests conducted - 536 No. Case follow up - 2% Increase PrEP and nPEP use - 04 (entry points) No of Integrated youth friendly HIV services programs in the hospital
Reasons for Variations	Achieved

VOTE: 408 Kabale Hospital

Quarter 4

iii) Environment

Objective:	To promote environmentally friendly Health Care services through implementation of relevant population Health and Environment indicators in Human Capital Development by the hospital
Issue of Concern:	Sustaining and promoting an environmentally friendly healthcare service
Planned Interventions:	- Implement WASH to staff & clients - Sensitize clients & CME to Health workers - Promote environment friendly energy sources - SOPs for generation, management & transportation of wastes - Clean compound & inside buildings - Health education to community
Budget Allocation (Billion):	0.080
Performance Indicators:	-%Implement WASH to staff & clients -%Sensitized clients & CME to Health workers -#environment friendly energy sources: Solar -%SOPs for generation, management & transportation of wastes -%Clean compound & inside buildings -#Health education to community
Actual Expenditure By End Q4	0.08
Performance as of End of Q4	80 %Implement WASH to staff & clients 90%Sensitized clients & CME to Health workers 50% environment friendly energy sources: Solar not functional 100%SOPs for generation, management & transportation of wastes 85%Clean compound & inside buildings 80%Health education to community
Reasons for Variations	More funding needed to fully implement the targets

iv) Covid

VOTE: 409 Masaka Hospital

Quarter 4

Performance highlights for the Quarter

The entity was able to complete all the contracts and supplies of furniture, equipment and instruments delivered under retooling budget. These include patients monitor, wheelchairs, patient trolley, Anaesthesia GE 9100C CSB/ DSB sample Board and Oxygen sensor with its cable, Portable Welding Machine and Reusable Adult SpO2 sensors for patient monitors and Health commodities stocks continue to be stable following the budget increment and stock out gaps have tremendously reduced to about 20 to 30%. The set targets were largely achieved.

Variances and Challenges

The entity continues to experience challenge of lac of an ICU and dialysis services leading to an increase in our referrals putting pressure on fuel that requires attendants to sometimes buy fuel for the ambulance. The hospitals budget for civil maintenance is inadequate and repairs go on for long before they are handled which raises utility costs. The sewer system is also old, dilapidated and has become small for the volumes which creates sanitary challenges most of the time. we also continue to experience delays in delivery and non-delivery of some key health commodities. The incomplete capital development projects due to withdrawal of funding continue to be an eye sore in the hospital and can’t meet the intended benefits thus we continue to experience overcrowding of mothers and children.

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To ensure adequate health service delivery to disadvantaged groups like mothers, children, elderly and the disabled to ensure equity and equality.
Issue of Concern:	Inadequate equity and equality in service provision based on gender, age and ability.
Planned Interventions:	• Improving the quality of care for pregnant others to reduce maternal mortality rate. • Scaling up new born care to reduce neonatal mortality. • A fully functional independent HIV clinic for youth • Provide services for gender based violence victims
Budget Allocation (Billion):	0.000
Performance Indicators:	• 13,000 mothers antenatal attendances. • 1,500 new born admissions to NICU. • 4,000 youths attending HIV clinic • 300 victims accessing sexual gender based violence services.
Actual Expenditure By End Q4	0.05
Performance as of End of Q4	3,947 antenantal attendances, 508 NICU admissions, 974 youth attended to in ART clinic, 119 GBV victims attended to.
Reasons for Variations	No variation.

ii) HIV/AIDS

Objective:	To provide comprehensive care to HIV positive clients and link 95 percent of those found positive to treatmentpoints.
Issue of Concern:	High infection rate of 8.1% in greater Masaka region for the period 2021/2022.
Planned Interventions:	• Counseling and testing of clients • Enroll all positive new clients on treatment • Suppression of HIV of the clients on treatment • Initiate HIV+ pregnant mothers on ART
Budget Allocation (Billion):	0.150
Performance Indicators:	• To carry out counseling and testing of 30,000 clients. • Enroll 98% of all those found positive • To attain a 97% suppression rate • All pregnant HIV+ mothers put on treatment
Actual Expenditure By End Q4	0.0375
Performance as of End of Q4	17,203 VCT/RCT, 100% enrolment of positive cases, 97% supression rate and 100% of pregnant HIV+ mothewrs put on treatment.
Reasons for Variations	No variation.

iii) Environment

Objective:	To mitigate environmental issues by improving hygiene and sanitation standards and prevent facility acquired infections.
Issue of Concern:	Environment protection and infection prevention and control of facility based infections.
Planned Interventions:	• Daily cleaning of the hospital assessed every day and reported monthly. • A functional infection control and prevention committee. • Proper waste segregation and disposal.

VOTE: 409 Masaka Hospital

Quarter 4

Budget Allocation (Billion):	0.600
Performance Indicators:	• Cleaning checklist used daily to create good and healing environment in the hospital. • Monthly infection prevention and control committee meetings. • Use of color coded bins and bin liners on all wards and safe transportation to final disposal sites
Actual Expenditure By End Q4	0.15
Performance as of End of Q4	Daily cleaning creating a clean and healing environment, Three IPC meetings, color coded bins available, segregation of wastes done peoperly and safely transported to disposal sites.
Reasons for Variations	

iv) Covid

Performance highlights for the Quarter

Approved Budget 21.785 billion shillings and Released by End Q4 is 21.739 Bn. and Spent by End Q4 is 21.665 bn. % Budget Released 99.8 % and %Releases Spent 99.7 %
Medical Equipment worth 104 million procured, contractual obligations for security, hospital and health supplies and stationery paid to service provider, Water and electricity bills paid, Projects such as expansion and renovation of Neonatal intensive care unit, painting of pediatrics ward building, and expansion of obstetrics and gynecology unit were completed, staff salary, pension and gratuity paid. 97% newly transferred staffs from other facilities were accessed on HCM payroll.
support supervision was conducted in 23 lower health facilities in the catchment area.
Performance review for three quarter in FY 2024/2025 conducted.
Funds were audited for Q2,Q3 and Q4.
Quarterly hospital management board meetings conducted plus emergence board meeting. The out break of Ebola virus was successful managed within one and half months with support from MoH and partners.
Maintenance-Buildings and Structures worth 116,499.470 was spent and 20,928.593 shillings for Maintenance-Machinery & Equipment Other than Transport Equipment,
6457 less inpatients admitted
3days average length of stay
97% of bed occupancy rate
15888 more major and major
operations conducted
2189 more safe deliveries of mothers conducted
13954 less patients attended in the specialized clinics

Variances and Challenges

198206 more tests done
8944 more X-ray scans done
7517 more ultra sound scan
conducted
746 less Dialysis sessions
836 less SAFE male circumcised done
Conducted Quarter audit was not conducted as planned due lack of substantive auditor for Mbale RRH
CHALLENGES
High electricity bills and water bills
Lack of funds to resettle resettlement allowance for the large number of staffs (32) transferred and approved budget was only to cater for four staffs
Lack funds to complete the surgical complex to reduce congestion of patients in the ward
Inadequate Budget for repair and maintenance spare parts for medical equipment for the regional workshop
Too much time of the management is taken the by very many audits by ministries and agencies in the Financial year.
Lack of timely support to the hospital management to guide on the development of strategic plan by the ministry of health and NPA

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To reduce incidence of maternal and neonatal mortality , and documented domestic violence cases , Low attendance to family planning and low male involvement in family planning. screening and identification To provide assorted services e.g. Family planning, ANC. - KPS
Issue of Concern:	To attain equality and fairness in accessing health care services
Planned Interventions:	To encourage couple attendance of ANC Family and planning
Budget Allocation (Billion):	0.001
Performance Indicators:	Numbers of couples attending ANC and family planning services.
Actual Expenditure By End Q4	0.001
Performance as of End of Q4	Data validation
Reasons for Variations	

ii) HIV/AIDS

Objective:	To reduce morbidity and motility due to HIV/AIDS. To Identification of HIV positive cases To Enroll positive clients into care. To Achieving viral load suppression To Retain positive clients in care.
Issue of Concern:	High HIV prevalence rate of 6.6% in catchment area Region 0f 17 Districts
Planned Interventions:	1. Test and treat. 2. Safe male circumcision. 3. Retain clients under care
Budget Allocation (Billion):	0.031
Performance Indicators:	Numbers of patients attending HIV/AIDs clinic. Target is to ensure that all positive patients are enrolled into care
Actual Expenditure By End Q4	0.03
Performance as of End of Q4	Integration of testers and clinicians, provision of HIV/AIDS care to the clients
Reasons for Variations	

iii) Environment

Objective:	To reduce facility based infections, clean and promote safe working environment . - Water , sanitation and hygiene interventions - Management of expired medical products
Issue of Concern:	1)Poor segregation of waste in the wards. 2) Broken down toilets in the facility/hospital
Planned Interventions:	1. Proper waste management. 2. Proper cleaning of units and compound. 3. Prevention of facility-based infection. 4. To support and strengthen the Infection Prevention and Control Committee

VOTE: 410 Mbale Hospital

Quarter 4

Budget Allocation (Billion):	0.050
Performance Indicators:	Improved clean working environment
Actual Expenditure By End Q4	0.05
Performance as of End of Q4	Waste collection and disposal hospital wards were fumigated and clients sensitized on hygiene practices
Reasons for Variations	

iv) Covid

Objective:	To regulate rate of acquisition of Covid 19 among Hospital staff. Client awareness on Covid -19 - prevention e.g.. social distancing , use of masks, vaccination
Issue of Concern:	The ICU is not yet complete
Planned Interventions:	Completion of the ICU Enforce Covid 19 standard operating procedures
Budget Allocation (Billion):	0.001
Performance Indicators:	ICU completed
Actual Expenditure By End Q4	0.001
Performance as of End of Q4	
Reasons for Variations

Performance highlights for the Quarter

1. Diagnostic Output
35,618 laboratory test conducted of the planned 35000
1,217 Ultrasound test conducted of the planned 125
1,157 Blood transfusion administered of planned 2500.
93 CT scan conducted of planned 175 CT.
1,577 X-rays done of the planned 500
variations: High numbers of X-ray due to new digital x-ray installed.
2. Immunization output.
684 Children immunized against diseases of planned 2500
978 Mothers immunized against TT of planned 1500.
135 Girls above 10 years and women of productive age immunized of planned 125.
3. Inpatients output:
4723 Admission recorded of planned 5500.
1048 Deliveries recorded of planned 1000
681 Major surgeries conducted of planned 625
248 VMMC recorded of planned 1250
Variations: maternal child health improvement milestone and dedicated medical teams.
4. Outpatients Outputs:
10,614 Outpatients seen of planned 8750.
2109 Surgical Outpatients seen of planned 1500.
798 Pediatrics Outpatients seen of planned 875.
2732 Orthopedics cases seen of planned 5000.
Prevention and Rehabilitation Output:
1992 ANC services seen of planned 1125
407 Family planning cases recorded of planned 500
Variation: maternal health is key priority in service delivery.
5. Audit and Risk management.
0 risk management register developed
Variation: Shared Internal auditor and transferred without replacement.
6. Human Resource Management
All salaries are paid by 28th day of calendar month.
HIV Mainstreaming
0 Babies born with HIV initiated into ART.
4319 client tested for HIV of planned 500.
06 mothers tested positive initiated into ART
variation: HIV care has been integrated in main health care in anticipation of continued donor drop and all children born to HIV pregnant mothers prevented from contracting HIV.
7. FY 2025-2026 finalized and approved.
8. Servicing and maintenance of vehicle and machinery done with available resources.
9. Indoor and Outdoor services provided. gratuity paid.
10 Integration of EMR AT 85%.

Variances and Challenges

Low operational budget with increasing cost.
High utility cost with underfunded priorities
cost overran due to old dilapidated buildings creating high cost of maintenance.
Integration of EMR still being affected by Hardware installation.

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	Affirmative action in regard to equal access of health care services irrespective of gender, age and other disadvantaged groups of people.
Issue of Concern:	Empowerment i.e making choices that make people live better.
Planned Interventions:	1.Drawing of gender policies. 2. Strengthened Sexual harassments policy 3.Establish Child care Corners and improve on duty rooms. 4. Improve on Ramps and PWD friendly Toilets.
Budget Allocation (Billion):	0.015
Performance Indicators:	1. Number of Ramps-01. 2. Number of sexual harassments cases handles-20. 3. Number of Child care centres established-01 4.Renovate and improve on Duty rooms-04 5.Number PWD Toilets provided -01
Actual Expenditure By End Q4	0.01
Performance as of End of Q4	Number of child care centres established..01 sickle center established.
Reasons for Variations	most activities done in quarter 2 and 3.

ii) HIV/AIDS

Objective:	High HIV prevalence rate in Teso sub- Region and employee High rate of absenteeism due illhealth., Low productivity. Stigmatizations, Fear and secrecy by employees
Issue of Concern:	There is high prevalence of HIV in workplace and stigmatization and Low Adherence to HAART within the community
Planned Interventions:	proper patient care for opportunistic infections. HIV counselling Workplace policy on non discriminations. Post-exposure prophylaxis for health workers. Health Education
Budget Allocation (Billion):	0.002
Performance Indicators:	1. No. of clients tested for HIV.....300. 2. No. of clients identified.....300. 3. No. of babies initiated on ART...100. 4. No. of HIV pregnant mothers started on ART..100%
Actual Expenditure By End Q4	0.002
Performance as of End of Q4	pregnant mothers tested positive initiated on ART...100%.
Reasons for Variations	Most of the activities now under integration

iii) Environment

Objective:	Clean, safe healing working environment Old trees threatening the buildings. Inadequacy in the management of domestic waste being Generated.
Issue of Concern:	1.Climate impact and vulnerability of the environment to floods and pollution. 2.Environmental adaptation and Mitigation

VOTE: 411 Soroti Hospital

Quarter 4

Planned Interventions:	Mainstream Climate Impact and vulnerability 1. Reduce Flooding by planting more trees and landscaping. 2.Awareness creation on adaptation and how to mitigate. 2. Reduce on pollution and reduce emission by 1.5 c.
Budget Allocation (Billion):	0.005
Performance Indicators:	1. No. of waste disposal bins procured-50 Bin 2. No. draught resistant Trees planted-20. 3. 500 Square meters area of hospital landscaped- 3
Actual Expenditure By End Q4	0.005
Performance as of End of Q4	NO.trees planted ...05,Planted paspallum with weed removed and replanted.
Reasons for Variations	No variations.

iv) Covid

Objective:	1. To establish long time Covid complications Clinic 2. Integrate Covid-19 into mainstream care 3. Establish an isolation because it remains infectious diseases
Issue of Concern:	1. Long term complication of covid 2. Reduce on stigma about Covid-19 and its treatment. 3. Integrate the treatment to normal care hence need for TOT. 4. lack of Isolation area/rooms
Planned Interventions:	1. Building Capacity to regional referral hospital and lower health facility through staff training 2. Providing normal vaccination under the normal vaccination program. 3. Provide Isolation rooms within the ward for infectious disease.
Budget Allocation (Billion):	0.005
Performance Indicators:	1. Number of isolation rooms provided-04 2. Number staff trained in Long term covid-19 effects-10. 3. Number of outreaches conducted-11
Actual Expenditure By End Q4	0.005
Performance as of End of Q4	Management of covid-19 integrated into normal care
Reasons for Variations	no variations.

Quarter 4

Performance highlights for the Quarter

1)Management continues to improve on data management through digitalization and use of the EAFYA system however, staff have not yet fully adapted the system due to skill gaps and negative attitude, Key to note is that the EAFYA developers are still working on MNCH modules, reporting system and the developers are frequently giving system support to the health facility remotely using any Desk application

2)The third and fourth Medicines cycles deliveries were received but still stock outs occur due to the limited medicines budget with order fulfilment rate of 78%. This calls for redistribution and emergency ordering to fill the gaps. However, the private wing pharmacy supports patients.

3) Internet connectivity occasionally interferes with full implementation of EAFYA. But this is being addressed through the installation of a new server.

4)The main causes of morbidity and mortality in the hospital include Malaria, Anemia, Septicemia,hypertension and sickle cell. Maternal mortality has been reduced with only 2 cases in the quarter. However, there are many cases of admission especially in Paediatrics causing high bed occupancy and long stay of patients in the hospital.

5)The hospital is challenged with lack of a proper medicines storage space. However, extension of stores on the old staff houses is under renovation

6)The hospital has undertaken expansion of NICU which is ongoing in the main theater and the old laboratory building

Variances and Challenges

1)Whereas management has adopted EAFYA, there was a notable delay in Q4 reporting due to inaccurate data extraction. This was also coupled with the closure for upgrade of the DHIS2. and the reporting modles.

2)Management has adapted EAFYA replacing Clinic Master for data digitalization. All departments except Mental Health have been transitioned to the new application working towards becoming paper less. Data management has greatly improved. However, the transition process is quite challenging. There is internet connectivity challenge and staff still have skill gaps

3)Support supervision activities were conducted by specialists and integrated support supervision was done. MCH, Local Maternal and Neonatal services and
HIV/TB contact tracing and mentorship to staff support lower health facilities. Malaria Vaccination was launched by the Hon Minister

4)Comprehensive renovation of the main operating theater is ongoing with support from Seed Global. Other ongoing projects include completion of the Ambulance Dispatch center. In plan is to improve on the parking area.

5)The New Oxygen plant is fully functional with no major challenges and the hospital supports other health facilities with Oxygen.

6)Private wing services continue running for revenue generation to supplement the hospital budget.

7)The dedicated power line has greatly improved power stability. No more Power black outs, there is reduced fuel consumption and safety of medical equipment.

8)EAFYA connectivity is unstable due to lack of power back up in the server room. We have prioritized power back up using solar batteries a space in the server for EAFYA program

9)The hospital support to lower level HF was majorly funded by partners under USAID. This very important activity has been affected by funding gap
