Performance highlights for the Quarter

NTR Performance:
1. A total of Ushs 162.578 billion was collected against an annual target of Ushs 176.435 billion translating into a progress of 92%.

Sub-programme: Marketing and Promotion
1. 1 Explore Uganda (Explore Kigezi) campaign organised to promote the Brand and create destination visibility.
2. Uganda represented at 2 regional meeting (7th Sharing of Tourism Best Practices Workshop in Eastern Cape Province & African Organization for Standardization Organization (ARSO) Technical Committee 88, African Culinary Arts, Gastronomy and Food Service Industry in Zanzibar) for tourism policy, promotion and visibility.
3. 9th Edition of the POATE 2025 held at the Speke Resortand Convention Centre in Munyonyo, Kampala with participation of over 250exhibitors, 120 Hosted buyers and over 4000 trade visitorsand seminar participants.
4. 2 international tourism expos (WTM Africa South Africa &Karibu Kilifair) attended to promote Uganda's leisure and MICE tourism

Sub-programme: Infrastructure, Product Development and Conservation
1. 14 Sites of Wadelai, Kapir, Nyero, Patiko, Barlonyo, Kakoro, Bigo, Mugaba, Dolwe, mutanda caves, mukongoro, Luba maintained
2. 119,048 tourists hosted in Wildlife Protected Areas
4. 33.98km of the electric fence constructed; (QENP-11.98kmand MFNP-22km)
5. 1,070.14ha of invasive species were cleared in all PAs
6. 3,717 patrols conducted across all PAs to detect and mitigate illegal wildlife activities
7. 22 protected areas (national parks and wildlife reserves) maintained and provided for the management of 5 community wildlife areas and 13 WS.

Sub-programme: Regulation and Skills Development
1. 80 new students were enrolled in the different programs at UWRTI
2. Admitted 121 Students for April intake at UHTTI
3. Apprenticeship program for 50 students in wildlife scouting conducted
4. 2 Field based studies for 355 students in and outside PAs conducted

Variances and Challenges

Variances:
1. 85% of the wage budget was spent due to a freeze in the recruitment process across Government MDAs. This hindered the Ministry from filling in the critical vacant positions.
2. 96.6% of the non-wage budget was spent due to delays in finalising the validation exercise of UWA & UWEC staff. This delayed payment of terminal and severance packages of the affected staff.

Challenges:
1. Human Wildlife Conflicts, Invasive species, encroachment in conservation areas and increased intensity of problem animals.
2. Invasive Species: A number of areas are clogged with invasive species such as dichrostachys cineria that require conscious effort to manage.
3. Land conflicts and encroachment of the cultural heritage sites such as Nyero, Bweyorere Capital site, Ntusi and Kasonko.
4. Negative travel advisories by countries affects the inflow of tourists in the country

Performance highlights for the Quarter

The Ministry Officially Launched GKMA project and completed detailed designs, environmental impact studies, and Resettlement Action Plans for upgrading 300km of 126 strategic roads, 08 drainages totaling to 35 km, five markets across the nine GKMA-UDP Implementing Entities i.e. KCCA, Districts of Wakiso, Mpigi and Mukono; and their urban Authorities of Mukono, Kira, Nansana, Entebbe and Makindye Ssabagabo. Together with the GKMA-UDP implementing entities, the Ministry signed contracts for civil works and started construction for 127.832km of roads from all the nine entities

The progress of contracted civil works in Kira MC is at 55.56% that is Time progress by 30/06/2025, 31.33% that is planned progress by 30/06/2025 and 21.12% that is Physical progress on 31/05/2025

The progress of contracted civil works in Mukono MC (Lot 2 Anthony-Kame, Kame Annex, Albert Cook-Cathedral Rise, Kame-Nabuti-Katosi Road, Admin Link, Access Road, and Link Road (8.68km) is at 43.20% that is Time progress by 30/06/2025, 25.00% that is planned progress by 30/06/2025 and 12.69% that is Physical progress on 31/05/2025

The progress of contracted civil works in Mukono MC (Lot 3 Nassuti-Nakabago-Ntawo, Ntawo-Bajjo-Seeta, Serado Link, and Kigunga Link (9.72km) is at 50.00% that is Time progress by 30/06/2025, 27.26% that is planned progress by 30/06/2025 and 23.26% that is Physical progress on 31/05/2025

Thus at the end of the FY, A total of 5.072km of roads in Kira and Mukono MCs are at the final stages (final asphalt layer added) and could be partially opened to the public, but they lack permanent signage, pedestrian walkways, road markings, landscaping, and streetlights; and even trees have not been planted.

Also Monitoring of compliance to physical development plans in GKMA with focus on inclusivity was conducted and Procured 2 station wagons for the Ministers and 4 pickups for operations, procured a consultancy to design over 131 km of roads and the work is ongoing.

Variances and Challenges

The Ministry has an approved GoU revised budget of 8.352bn (0.32bn wage, 4.218bn Non-Wage Recurrent and 3.812 Development) out of which 100% (8.352bn) was released by end of Q4. 98.3% of the total releases was spent that is 8.208bn of which 0.317bn wage, 4.200bn non-wage recurrent and 3.691bn development

Under external financing for Greater Kampala Metropolitan Area Urban Development program, a total of 444.402bn was approved and by end of 4 a total of 444.402bn (100%) was released of which 68.3% (303.321bn) was spent.

During the execution of the budget in the reporting period, the Ministry encountered the challenges of delayed procurement processes due to EGP system failures, Late release of the supplementary budget and the unfilled gaps in the approved staff structure

Variances and Challenges

In the period under review, the total budget release was 555.802bn representing 100% release of the total budget. Out of this 38.391bn was for wage and 452.002bn was for non-wage and 65.409 was for development and 100% was released, out which 93.3% was spent. For wage, 100% was released and 90.6% was spent. There was variance because some positions were vacant and the Commission lost some staff due to death
Non-wage, 452.002bn was release representing 100.0 % of the release, out which 82.8 % was spent. There was under expenditure due to a number of reasons and this include the lengthy procurement process leading to delays in contract signing , Some procurements had changes in specification which meant the procurement process had to be halted. Adjustments in the roadmap, thereby leading to some activities being pushed to the next Financial Year. Delays in submitting invoices for payment by some companies leading to cancellation of Local Purchase orders.
65.409 was for development and 100% was released. A total of 60.995bn was spent. There was a variance in expenditure because of price variations from the time of planning and actual expenditure. Secondly there were delays in the process particularly getting clearances for some procurements and delays in submitting invoices for payment by some companies leading to cancellation of Local Purchase orders
The main challenges the commission faced in the periods under review was majorly the lengthy procurement process.

Performance highlights for the Quarter

1. Concluded investigations of;

(i) 16 High profile cases, from which administration action was issued against 01 official and another official (01) recommended for prosecution.

(ii) 514 Other corruption cases, from which recommendations were made for prosecution of 12 public officials, Administrative actions against 49 implicated officials, and recovery of UGX 1,576,055,444.

(iii) 08 Investigations into the breaches of the leadership code, all of which were on false declarations.

(iv) 255 Investigations of Ombudsman complaints in MDAs (32) and LGs (223). Of these, 08 were resolved through Alternative Dispute Resolution mechanisms. Resultantly; a total of UGX 323,266,229 in form of unpaid employment benefits was subsequently paid to 40 individual complainants.

2. Concluded prosecution of 03 corruption cases at the Anti-Corruption Division (ACD) of high court resulting into; - 01 conviction and 02 withdrawals. The convicted person was ordered to refund the UGX 176,000,000.

3. Prosecuted and concluded 03 cases on breaches of the Leadership Code at the Leadership Code Tribunal (LCT). All the cases were about non-declaration resulted into convictions. The convicted persons were fined UGX 3,400,000 which was to be paid in the LCT collections account.

4. Recovered UGX 1,046,190,695 (UGX. 499,190,695 from IG/Court orders through the IG recovery account, and UGX 597,000,000 paid to the Development Response to Displacement Impacts Project (DRDIP) Account at Bank of Uganda as a result of IG recommendations issued under DRDIP closure activities)

5. Followed up implementation of IG recommendations, from which 619 out of the 1,942 available recommendations were implemented; representing an implementation rate of 32 %.

6. Conducted 673 verifications (73 physical and 600 e-verifications) of declarations of leaders' Incomes, Assets and Liabilities. In all the verifications, the leaders' assets were found to be commensurate with their known sources of income.

Variances and Challenges

1. The IG received 100% of its FY 2024/25 Approved Budget (UGX. 81.973 billion), disaggregated as follows; - Wage UGX. 27.682 billion, Non-Wage Recurrent UGX. 33.234 billion, and Development Budget UGX. 21.057 billion.

2. As at end of FY 2024/25, the released funds had been spent (99.6%) save for a significant balance on Wage amounting to UGX. 0.285 billion. This wage balance was meant for staff who had left the institution during the financial and were yet to be replaced.

Variances and Challenges

i) Inadequate Committee and Office Space for Members of Parliament as a result of slow progress of the Construction project of the new Chamber
ii) Delayed and/or inadequate responses from the cabinet/MDAs to the Questions and concerns raised by Members during plenary and Committee meetings.
iii) Lack of developed integrated data generation systems which caused delays in production of performance monitoring reports
IV) Low response of the public during bill consultation process
v) Inadequate ICT equipment and services to effectively and efficiently support business processing in Parliament and ease access to information by various stakeholders
vi) Lack of integrated ICT tool to ease Monitoring and Evaluation processes
Despite the above challenges, Parliament has registered improved attendance of MPs both in Plenary and Committees registered at 76% and 87% respectively and; improved attendance of Ministers in Plenary. Consequently, there has been progress in reducing the turnaround time for the enactment of legislation, as evidenced by an increase in the percentage of bills processed by Parliamentary Committees within 45 days to 76% in FY2024/25 from 64% in FY2023/24.

Performance highlights for the Quarter

During the reporting period, the ULRC upgraded the payment gateway to the online publishing app was developed. The transcription of the Employment Act into braille was done to extend the outreach of the law to the visually impaired. The Commission further undertook research proposals and produced 7th revised edition of the principal laws.

Variances and Challenges

The variance was largely due the high rate of staff attrition due to the looming threat of RAPEX. In addition, there are manpower gaps . Currently the staff in post are 43 with an approved structure 82 staff representing 52%.

One Joint staff evaluation and development conducted	A joint staff evaluation and development exercise was conducted across the Commission, resulting in the training of 193 staff members (89 male and 104 female). The training enhanced knowledge sharing, improved employee engagement and productivity, and strengthened talent management practices. Additionally, it fostered better teamwork and supported greater adaptability to change within the Commission.	
20 copies of the human resource manual printed	The Commission printed 200 copies of the human resource manual.	The number of printed copies exceeded the planned quantity due to a reduction in the manual's volume following its review, which lowered printing costs and allowed for additional copies within the original budget.
Capacity of staff in 3 regional offices built in records appraisal and archival inventory management.	The Commission conducted records management training in three regional offices of Kabale, Fort Portal, and Hoima. A total of 30 staff (12 male and 18 female) attended the training and equipped with essential records management skills aimed at enhancing productivity, improving information retrieval, and strengthening organizational efficiency, compliance, security of documents and informed decision-making due to ready available information	
Staff Performance Management training conducted in 5 regional offices	Staff performance management training conducted in five (5) Regional offices of Kabale, Soroti, Fort Portal, Jinja, and Central. A total of 56 staff (14 male and 22 female) acquired knowledge on the new performance Management tool (the Balance Scorecard) with emphasis on its alignment to the Commission's Vision and strategic objectives, and the four performance assessment perspectives	
Staff skill development in HCM (performance plan entries) in 6 regional offices and head office conducted	The Commission conducted staff performance management training on the Human Capital Management (HCM) system in six regional offices—Arua, Moroto, Fort Portal, Kabale, Mbarara, and the Central Regional Office—as well as at the Head Office. A total of 103 staff members (63 female and 40 male) were trained in accessing and navigating the HCM system, viewing and updating records, managing all types of leave (planning, applying, and rescheduling), and compiling and submitting reports.

NA	The Chairperson convened a stakeholder meeting attended by 26 participants (22 male, 4 female) to deliberate on critical human rights issues. Key discussions focused on reported human rights violations during the Kawempe by-election and the implications of the Supreme Court ruling on the prosecution of civilians in military courts. The engagement fostered constructive dialogue, strengthened collaboration among stakeholders, and enhanced awareness and understanding of legal frameworks and institutional responses to emerging human rights challenges.
NA	The Chairperson, one Commission Member, and technical staff conducted bench marking studies on electoral processes in the USA and UK. The team gained valuable insights into international best practices and the role of NHRIs in promoting transparency, accountability, and human rights in elections. These insights will inform the Commission’s strategy for the upcoming general elections in Uganda.

Performance highlights for the Quarter

Empowered over 170 trainees from different districts i.e. Isingiro, Kinkizi, Serere, Tooro Kingdom, Wakiso, in diverse areas of value addition (On site) in value addition.

Paid salaries and NSSF contributions of 371 staff paid gratuity of 368 staf

Offsite trainings of over 215 trainees in Mukono, Mbarara, Luweero and Kisoro on value addition.

Multiple training programs had strong women participation:
- Cosmetics: 400+ women trained
- Bakery: 80% women among 172 trained
- ICT & Entrepreneurship: 269 of 451 trainees were female
- Paper & chalk production: 20 women in chalk making; 12
women in ceramic design
- Targeted women-led SMEs (e.g., Red Shield Ltd, Annitex, Diva Cosmetics etc)
Research being conducted on 3 million samples in the development of sunscreen lotions for albinos in prevention of skin cancer

Supported 104 virtue and in-house incubatees in Diary, Textiles, Bakery, Engineering and cosmetics. This has improved the private sector business and created jobs.

Variances and Challenges

1. Budget shortfalls which impede critical UIRI activities.

2. Low technology absorption from communities.

3. Lack of funding for operationalization of Namanve project

Performance highlights for the Quarter

As at end of Q4, the Centre had received a total of UGX. 30.694 billion against the approved UGX. 23.1 billion representing 33 percent performance over projection. The lowest revenue performance was registered in Q1 by 21 percent (UGX. 1 billion) thereby affecting timely commencement of many interventions including
(a) the benchmarking studies to inform the Primary Curriculum;
(b) continuous Teacher support under the NLSC, stakeholder consultations and alignment as well as quality assurance of the A'level curriculum documents for Secondary Department;
(c) dissemination of curricula for the 10 reviewed community Polytechnic courses in the BTVET Department; and
(d) finalisation of the study report on local language as a medium of instruction at lower primary produced by the Research Department.

The funds received were used to: finalise and validate the Primary Curriculum Framework; develop, finalise and validate the scope and sequence of the Primary Curriculum, purchase office chairs and electronic gadgets.

Variances and Challenges

In the FY, the Centre received supplementary budget of UGX. 6 billion to support the timely finalisation and implementaion of the Upper Secondary Competence-based curriculum as well as start the review of the Primary Curriculum. The challenge is that the supplementary was received at the end of Q3. The Centre adopted strategies to expedite the production of curriculum materials for printing and distribution before training of the Teachers ahead of the commencement of Term 1 for S.5s.

Performance highlights for the Quarter

In the year 2024/25, the UCI inaugurated the Division of Molecular Imaging and Therapy (PET Center) Radio pharmacy hot labs after support from the MoFPED. The center is slated for functionality next financial year. The UCI also launched state of the art technologies aimed at improving ocular oncology care
The UCI conducted 254 Days of cancer awareness and screening clinics conducted at UCI screening unit with 7,850 clients screened (2,355 males and 4,495 females), VIA done were 423 of which 15 were positive, HPV-DNA tests done were 299 of which 37 were positive on HR-HPV, 269 pap smears
The UCI also conducted 48 Trainings of 40 VHT/CHEWS and 5 DHT members each per district (total trained were 1,516) on cancer prevention and early detection conducted in five Kitgum, Lamwoo, Pader, Agago and Otuke Districts Amolatar, Dokolo, Alebtong, Lira Districts and Lira City in support of the Northern Uganda cancer centre Gulu Kazo, Ibanda, Isingiro, Rwampara in support of the Western Uganda cancer centre Mbarara.

Variances and Challenges

The construction of the regional oncology centers was yet to commence owing to the delays in the approval of the project. By December 2024, the project was approved by the Top management of Ministry of Finance, awaiting approval by cabinet and subsequently Parliament. The additional financing facility for the establishment of multipurpose building for the center of excellence was approved by Cabinet and consequently Parliament, awaiting implementation in FY 2025/26

Quarter 4

Performance highlights for the Quarter

- In comparison with the previous Financial Year, the outpatient attendances increased by 19.5% in FY 2024/2025 due to the increasing burden of heart diseases leading to higher demand for heart care services.
- The cardiac interventions performed increased from 560 to 710 i.e., open heart surgeries, closed heart surgeries, vascular surgeries and catheterization procedures. This is attributed to more operating days and installation of a new cardiac catheterization laboratory.
- UHI further held 3 closed heart surgery camps in Mbarara, Lira and Jinja Referral Hospitals in which 32 children benefitted compared to the 15 from the previous financial year.

Variances and Challenges

- Untimely release of funds under capital development led to delays in the procurement process of some items such as the ECHO machines, ACT machine, among others.
- Delays in procurement process of the civil works contractor affected progress of the infrastructure project activities.

Performance highlights for the Quarter

Releases were 121.722 bn and expenditure amounted to 158.249 bn in Q4 of the FY 2024/25 (including the balance from Q3) resulting into 100% overall performance.

The release and expenditure was in accordance with the levels of care i.e. Health Center II Shs 2.806 bn, Health Center III Shs 5.139 bn, Health Center IV Shs 3.863 bn, General Hospitals 4.893 bn, Regional Referral Hospitals Shs 4.904 bn, National Referral Hospitals Shs 3.906 bn, Specialized units Shs 7.388 bn and Donated items and nutritional commodities Shs 1.699 bn, Laboratory items Shs. 33.294 bn, 5.08 bn and 11.638 bn for Administrative support and Corporate services respectively inclusive of HIV mainstreaming activities and climate change mitigation initiatives worth 0.222 billion and 0.489 billion respectively.

Shs. 8.494 billion was spent on Reproductive health items, family planning and MAMA KITS, to all women during child birth to the entire country including the hard to reach and hard to stay places like Kaboong, Abim, Ntoroko, Zombo and the islands of Kalangala and Namayingo.

Shs.52.919 billion was spent on ARVs that were equitably distributed to all government centers spread across the entire country ranging from health centers IIs, IIIs, and IVs up to the National Referral Hospitals. These were accessible to all categories of the population, including girls, boys, persons with disabilities, the poor, orphans, prisoners and minorities like the Batwa and Bamba in Bwindi and Ntoroko.

Anti-malarial medicines and Anti-TB items worth 1.653 billion were procured and equitably delivered to all public health facilities spread across the entire country including the hard to reach, hard to stay places and the rural residents.

Shs.4.585 billion was spent on vaccines and immunization supplies meant for children below the 5 years against the published list of killer diseases, 10 years for prevention of cervical cancer, women of child bearing ages for prevention against transmission.

Variances and Challenges

Inadequate support to facilitate warehousing and distribution of donated supplies.
Following the suspension of support for commodities considered ‘non-life saving’ like reproductive health supplies, the Corporation is stuck with supplies already received in the Country and those en-route with no funding to facilitate warehousing and distribution to health facilities.
Additionally, the U.S Government announced that its halting all future financial support to GAVI, the vaccines Alliance. Consequently, GAVI shall not be able to support the Corporation in its warehousing and distribution efforts aimed at ensuring these life-saving vaccines reach health facilities.

Long outstanding receivables from the Ministry of Health and Government of Uganda on account of service fees for handling donations from Partners with no MoUs and Covid-19 vaccines. The current amount outstanding is Ugx 82 billion.

Lack of last mile accountability for Essential Medicines and Health Supplies (EMHSs) delivered to the health facilities spread across the Country.

Non-adjustment of the Wage MTEF to align with the Corporation’s approved structure directly impacted on the staffing levels and processes that ensure timely delivery of EMHSs to health facilities.

Access challenges to some of the Islands like Kalangala, Buvuma and Namayingo and other hard to reach areas like Kisoro and Buvuma islands especially during the rainy seasons which causes delays in delivery of the essential medicines and health supplies.

Performance highlights for the Quarter

a) Registered 188 tour and travel enterprises and 77 tour guides
b) Inspected 334 tour and travel companies and 161 accommodation facilities
c) Licensed 662 tour and travel operators, 32 Tourist Guides and 141 Accommodation Facilities
d) Graded 33 accommodation facilities across Kampala, Jinja, Kaabong, Arua, Kalangala, Masaka, Mbarara, Kanungu, Kabale, Hoima and Kabarole
e) Tourism signage installed in Mbarara city for improved visitor experience
f) Completed signage works for the Uganda Martyrs Trail (Central Circuit) covering the sites of: St. Denis Ssebugwawo Martyrdom, St. Pontian Ngondwe Martyrdom, The Uganda Martyrs Catholic Shrine Munyonyo, The First Mosque to be built in Buganda, Maperera First Catholic Mission Church in Uganda, The Uganda Martyrs' Catholic Shrine Namugongo, The Uganda Martyrs Muslim site Namugongo and The Uganda Martyrs Anglican site Namugongo
g) Completed the installation of two gorilla sculptures at Entebbe International Airport to enhance visitor engagement and experience
h) Maintained the Explore Uganda digital promotional campaign on Expedia, targeting high-value market segments in the USA, Canada, and the United Kingdom, in partnership with the Embassy of Uganda in Washington, D.C.
i) Conducted three delegate surveys during: the 11th congress of the Commission of Africa and Indian Ocean CAOI of the international Federation of French Teachers; 43rd Annual AAPAM Roundtable Conference and the 2024 Rotaract Africa Summit
j) Conducted four site inspections of high-end incentive facilities within Murchison National Park, in preparation for hosting the 11th Africa Regional Forum on Sustainable Development, the African Union Extraordinary Summit on the CAADP 2026-2035 Draft Strategy and Action Plan, and the 49th ESAAMLG Task Force of Senior Officials Meeting
k) Conducted a familiarization tour across Eastern, Central, Northern, and Western Uganda for seven incentive buyers from key source markets of India, Canada, Mexico, Spain and USA

Variances and Challenges

a) Delayed adoption of the revised EAC Classification and Grading Criteria has placed Uganda at a competitive disadvantage, as neighboring countries have already implemented these standards, impacting the country's hospitality sector competitiveness and travel appeal.
b) Projected election violence ahead of the 2026 elections has prompted potential travel advisories from key source markets such as the USA countering marketing efforts
c) Limited facilitation and low awareness among Ministries, Departments, and Agencies (MDAs) regarding the hosting of key Meetings, Incentives, Conferences, and Events (MICE) have led to the withdrawal from bidding processes and missed opportunities to secure lucrative events in Uganda.
d) A shortage of certified hotel assessors (only nine) limits timely and comprehensive hotel classification and grading, affecting service quality and competitiveness
e) Insufficient development budget to replace the aging fleet used for domestic promotion and tourism facility inspections

PIAP Output: 05030401 Capacity building conducted for the actors in quality assurance of Tourism service standards.		
Programme Intervention: 050304 Strengthen inspection and enforcement of service standards for tourism facilities and tour operators		
Accommodation facilities reviewed for inventory exercise	Inventoried 63 accommodation facilities across Kampala, Entebbe, Wakiso, Mukono, Jinja, Hoima, Kiruhura, Masaka, Fort Portal and Masindi.	Increased awareness and appreciation of the economic benefits of facility grading by hotel owners and managers
Accommodation facilities reviewed for grading	Graded 33 accommodation facilities across Kampala, Jinja, Kaabong, Arua, Kalangala, Masaka, Mbarara, Kanungu, Kabale, Hoima and Kabarole	Accommodation facilities that expressed interest in star rating required additional time to adequately prepare for the assessment exercise
EAC Secretariat engagements coordinated	Quarterly EAC Secretariate engagements held on adoption of revised EAC Classification Criteria for Tourism Accommodation Facilities, Restaurants, and Convention Centres by member states	Delayed Adoption of Revised EAC Classification and Grading Criteria that places Uganda at a competitive disadvantage as other member states have already implemented these standards i.e. Kenya, Rwanda and Tanzania. The lag in alignment affects our competitiveness in the hospitality sector, a key determinant in destination competitiveness and travel decision-making.
Tourism actors sensitized on tourism regulations and minimum service standards	Trained 318 accommodation facility owners, managers, tour guides, and other stakeholders across Mubende, Kasese, Ishaka, and Kyenjojo districts on compliance with minimum service standards, quality assurance, and preparation for grading to enhance destination competitiveness	Support from District Local Governments facilitated the mobilization of stakeholders, allowing UTB to train more tourism actors

URSB was appropriated a budget of UGX 57.198 billion for FY 2024/25, comprising UGX 19.096 billion for wage, UGX 36.402 billion for non-wage, and UGX 1.70 billion for development expenditures. By the end of Quarter Four, UGX 55.383 billion had been released, representing a 96.6% release.

Out of the total wage budget of UGX 19.096 billion, UGX 18.772 billion was released, and UGX 17.983 billion was spent. In respect to non-wage budget of UGX 36.402 billion, UGX 34.752 billion was released, of which UGX 33.847 billion was spent. Under development budget a total of UGX 1.70 billion, UGX 1.859 billion was released, and UGX 1.858 billion was spent.

Under the Private Sector Development programme, a total of UGX 13.981 billion was appropriated, of which UGX 13.554 billion was released, representing 97% of the approved budget. 99.5% of the released funds had been spent.

Innovation, Technology Development and Transfer: A total of UGX 2.588 billion was appropriated for FY 2024/25. Of this, UGX 2.571 billion was released, representing a 99.3% release. 97.2% of the released funds had been spent by the end of the financial year.

Community Mobilization and Mindset Change: A total of UGX 6.044 billion was appropriated and fully released, representing 100% of the approved budget. By the end of the financial year, 96.2% of the released funds had been spent.

Governance and Security: A total of UGX 34.745 billion was appropriated, of which UGX 33.216 billion was released, representing a 95.6% budget release. 96% of the released funds had been spent by the end of the financial year.

The major reason for unspent balances was due to the transfer of the Civil mandate to NIRA effective 1st October 2024.

There were some expenditures in excess of the original approved budget due to supplementary budget received in FY 2024/25.

The Bureau requests for upward revision of the MTEF to facilitate the construction of the Archival Centre.
