VOTE: 007 Ministry of Justice and Constitutional Affairs

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	Reduce vulnerability and gender inequality along the lifecycle
Issue of Concern:	The war in Acholi, Lango and Teso lead to loss of property including cattle among others
Planned Interventions:	Compensate War Debt Claimants in Acholi, Lango and Teso sub Regions.
Budget Allocation (Billion):	80.000
Performance Indicators:	Total Amount of funds paid in compensation
Actual Expenditure By End Q4	38.214
Performance as of End of Q4	Out of the Approved budget of UGX 40Bn, UGX 38.214Bn (95.5%) was released and payments processed.
Reasons for Variations	
Objective:	Ensure gender equality in service delivery
Issue of Concern:	Ensure that the property of orphans, widows, widowers, missing persons and persons of unsound mind are administered in accordance to the succession laws
Planned Interventions:	Open 5,000 new files for properties of deceased persons, persons of unsound mind or missing persons Register and Inspect 200 Estates of deceased persons, persons of unsound mind or missing persons Conduct 200 mediation meetings
Budget Allocation (Billion):	0.700
Performance Indicators:	Number of files opened Number of family mediation meetings held Number of Estates Inspected
Actual Expenditure By End Q4	0.67
Performance as of End of Q4	5,494 new files for clients opened, 404 family mediations held, 395 Estates inspected, 108 land Searches, lodging and removal of caveats conducted,3,914 Certificates of no objection issued and 81 land transfers made.
Reasons for Variations	

ii) HIV/AIDS

Objective:	To improve population health, safety and management
Issue of Concern:	Complacence in dangers of HIV/AIDs
Planned Interventions:	Organise a medical camp to commemorate World AIDS day that will include Carrying out Voluntary Testing Counselling and Treatment (VCT) activities, Ensure Quarterly meetings of HIV/AIDS coordination meetings.
Budget Allocation (Billion):	0.115
Performance Indicators:	HIV/AIDs Testing Camp at the Ministry Conducted Number of World AIDS days commemorated No. of HIV/AIDS Committee meetings conducted
Actual Expenditure By End Q4	0.115
Performance as of End of Q4	The Medical Camp was held in June 2025 and on day one was sensitisation. Over 105 staff attended this sensitisation. A total of 190 HIV, 150 TB and 193 Diabetes and pressure tests were conducted
Reasons for Variations	7 regional offices visited and sensitized on HIV/AIDs and TB 7 boxes 10,000 of male condoms distributed and 28 condom dispensers installed in wash rooms

iii) Environment

VOTE: 007 Ministry of Justice and Constitutional Affairs

Quarter 4

Objective:	Climate Change mitigation measures
Issue of Concern:	Implementation of Climate Change Mitigation measures
Planned Interventions:	Monitor implementation of Environment Mitigation measures in the 2 constructions of the JLOS House and Soroti Regional Office. While reviewing MoUs and Agreements, ensure inclusion of climate change mitigation measures in areas where policies stipulate so
Budget Allocation (Billion):	0.050
Performance Indicators:	Number of sites where Environment mitigation measures are being implemented. Number of MoUs reviewed.
Actual Expenditure By End Q4	
Performance as of End of Q4	
Reasons for Variations	

iv) Covid

VOTE: 008 Ministry of Finance, Planning and Economic Development

Quarter 4

Performance highlights for the Quarter

Every PDM SACCO fully capitalized with Shs. 100 million for the FY2024/25 while Cumulative Parish Revolving Fund capitalisation stood at Shs. 3.26tn as at June 2025 with a cumulative disbursement of Shs. 2.699tn.
8,962 MSMEs engaged through digital platforms including National BDS Providers
Cumulatively, 6,810 Emyooga SACCOs and associations have been monitored in FY 2024/25, with savings had growing to UGX 94.32Bn.
During FY 2024/25, 544 client projects were supported with credit financing amounting to UGX 30.867Bn. UGX 23.429Bn financed 362 client projects under conventional financing whereas 182 Sharia compliant client projects were financed UGX 7.438Bn under Islamic financing.
UGX. 34.931 billion was disbursed in the FY 2024/25 as Government capitalization of the ACF, UGX. 7.74 billion was disbursed as government subsidy to the Uganda Agricultural Insurance Scheme, UGX. 3.064 billion was disbursed as government capitalization of Post Bank (U) Limited and UGX. 80.6 billion was disbursed as capitalization of Uganda Development Bank.
117 procurement practitioners sensitized on integration of the economic pillar in the procurement process through bid preparation and specification to support local providers
The UMEME buyout Financing Agreement worth EURO Equivalent of USD 118,385,603 was signed
The 1st and 2nd Budget Call Circulars for FY 2025/26 were prepared in line with the PFMA, Cap 171.
Ministerial Policy Statement and draft Budget estimates for FY 2025/26 were reviewed, approved submitted to Parliament
The National Budget estimates for FY 2025/26 were submitted to Parliament for approval on 27th March 2025 in line with the law
278 tax disputes worth 500.8 billion shillings were resolved
During July 2024/25, revenue collections amounted to UGX. 32078.62 billion, exceeding the projection of UGX. 31981.92 billion by UGX. 96.69 billion. A growth in revenue of 15.46% (UGX. 4296.31 billion) was recorded compared to the same period in FY 2023/24.

Variances and Challenges

The redesign of the subcomponent 1C affected the zero progress on the number of award committees' meetings held, service providers recruited and the number of women entrepreneurs recruited and trained.
The disbursement to the Emyooga SACCOs exceeded targets with UGX 15.25BN to 761 SACCOs, surpassing the target of 500 SACCOs by 261.
30 SMEs were selected for handhold instead of the planned 100 SMEs. This was due to limited resources.
Exchange loss between the SDR and USD, approximately USD 2.8 Million has been lost as a result of the SDR-USD exchange

Quarter 4

Quarter 4: Outputs and Expenditure in the Quarter

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Programme:03 Sustainable Petroleum Development		
SubProgramme:01 Upstream		
Sub SubProgramme:06 Macroeconomic Policy and Management		
Departments		
Department:002 Tax Policy		
Budget Output:080006 Oil and Gas Stakeholder Management		
PIAP Output: 03060601 EITI Medium term workplan implemented		
Programme Intervention: 030606 Strengthen governance and transparency in the oil and gas Sector.		
EITI recommendations produced and followed up with actions to strengthen governance and management in the Petroleum sector.	The Secretariat continued to strengthen the implementation of recommendations, with a focus on enhancing the strategic roles of the Office of the Auditor General (OAG) and the Department of Mines under the Ministry of Energy and Mineral Development. This was facilitated through two strategic workshops held in April and May 2025, respectively.	On course as planned.
Stakeholder Engagement Reports & Policy Proposals produced for purposes of strengthening management of the petroleum resources.	The Secretariat advanced stakeholder engagement through organizing two (2) key strategic workshops with the Office of the Auditor General (OAG) on 3rd April and another with the Directorate of Geological Survey and Mines (DGSM) and Uganda Revenue Authority (URA) on 7th May. The engagements focused on strengthening EITI implementation, alignment and timely collaboration.	Achieved as planned
Research reports on the performance of the mineral sector covering, among others economic, social, gender and environmental issues to improve extractive sector governance.	The Fourth UGEITI Scoping Report for FY 2022/2023 was published and approved by the Multi-Stakeholder Group (MSG), defining the scope, objectives, and methodology for the reconciliation exercise to assess the performance of Uganda's mineral sector for the reporting period.	On course as planned.
EITI recommendations produced and followed up with actions to strengthen governance and management in the Petroleum sector.	The 37th Multi-Stakeholder Group (MSG) meeting was held on 22nd May 2025, during which members reviewed and approved the Fourth UGEITI Scoping Report for FY 2022/2023, marking a key step in the preparation for the production of Uganda's next EITI Report.	Achieved as planned.
	The Secretariat engaged the Uganda Revenue Authority (URA) with the aim of discussing gold data for the preparation of the Fourth EITI Report. The engagement focused on harmonizing gold import and export data to enhance understanding of gold deposits within the country.	On course as planned

PIAP Output: 07030201 A short term development credit window for MSMEs set up

Programme Intervention: 070302 Strengthening system capacities to enable and harness benefits of coordinated private sector activities

Disburse seed capital to at least 600 Emyooga SACCOs.	325 Emyooga SACCOs were disbursed to UGX 6.5Billion	
	During the quarter, MSC made substantial progress in establishing new partnerships and formalizing collaboration through Memoranda of Understanding (MoUs). A finalized MoU was signed with the Uganda Industrial Research Institute (UIRI) to provide technical and advisory support to MSC clients. In addition, MSC engaged with other institutions, including Nakawa Vocational Training College to support training and certification of youth and women groups, and identified them as a service provider for vocational training and micro value-add equipment.	
Strengthen and increase membership with at least 40% Women, 25%Youth and 5%PWD client institutional membership	In Q4 FY 2024/25, client membership stood at 678,402 with 43% women, 16% youth and 1% PWDs	
	Developed Boda-Boda product and refined the Katale loan product during the quarter.	

PIAP Output: 07050201 A short term development credit window for MSMEs set up

Programme Intervention: 070502 Increase access to affordable credit largely targeting MSMEs

98% of Emyooga SACCOs monitored	2,051 Emyooga Institutions including 1,641 SACCOs and 410 parish-based associations were monitored.	
Increase savings by Emyooga SACCOs by at least 20%	Savings grew from UGX 93.19BN in Q3 to UGX 94.32BN in Q4 translating in a 1.2% growth. This is attributed to continuous sensitization and awareness, training in resource mobilization, Loan administration and mindset change.	

VOTE: 008 Ministry of Finance, Planning and Economic Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 07050201 A short term development credit window for MSMEs set up		
Programme Intervention: 070502 Increase access to affordable credit largely targeting MSMEs		
Support registration of at least 500 SACCOs.	439 SACCOs were supported for registration during the Quarter, with 353 SACCOs receiving their certificates during the period.	
At least 50 SACCOs digitalised and furnished.	A total of 20 SACCOs were supported with PCs, Printers, UPS and 7 have had their SACCO information updated under Jamii System.	
At least 350,000 employment opportunities created with representation of 62% Youth, Women and PWDs.	147 temporary employment opportunities were created in Q4 resulting in cumulative jobs of 472,172 of these 58.01% (273,906 jobs) are Youth, Women and PWDs.	
At least 1.2 million beneficiaries reached.	A total of 171,326 beneficiaries were reached during the Quarter.	
At least 10,500 SACCO leaders trained and 100,000 Association members trained with a representation of 50% Youth, Women and PWDs	2051 EMYOOGA institutions (1641 SACCOs and 410 parish-based associations) were trained in the quarter benefitting 25,189 SACCO/association leaders with 64.9% being women and 35.1% men. Further, 77,918 members also benefitted from the trainings with 65% being women and 35% being men.	
10 weak SACCOs/Unions strengthened.	During the quarter, 18 (Eighteen) out of the targeted 10 weak SACCOs received support through a tailored strategy aimed at boosting their functionality and sustainability. The approach involved reorienting members and leaders on cooperative values and providing specialized training in governance, credit management, bookkeeping, and Annual General Meetings. Additionally, operational policy manuals were developed, and management information systems were integrated to streamline operations. This support was implemented in partnership with key stakeholders, including RDCs, DCOs, and CAOs, to ensure a coordinated revival and strengthening of these cooperatives. During the quarter, a total of 6 (Six) cooperatives/unions were supported for revival across various MSC zones. These cooperatives/unions received support through various interventions, including member mobilization, capacity strengthening, and technical assistance, aimed at promoting their stability, growth, and long-term success.	
At least 10 SACCOs and Self-help Groups supported for digitalization	During the Quarter, 6 SACCOs received support through the implementation of the Management Information System (Jamii Systems) to enhance their operational efficiency. Additional efforts are ongoing to extend digitalization support to more SACCOs and self-help.	

VOTE: 008 Ministry of Finance, Planning and Economic Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 07050201 A short term development credit window for MSMEs set up		
Programme Intervention: 070502 Increase access to affordable credit largely targeting MSMEs		
Disburse credit funds to at least 200 qualifying client institutions under both Conventional and Islamic financing.	During the quarter, a total of 171 client institutions were supported with credit amounting to UGX 7.92Bn. Of these, 116 client institutions received affordable credit at an interest rate as low as 8% p.a. amounting to UGX 6.56Bn under conventional financing; while 55 sharia compliant projects were supported with Islamic financing of UGX 1.36Bn.	
Strengthen capacity of at least 600 client institutions benefiting 2500 staff and Board members and 10,000 individual members individuals with representation of 60% Women	A total of 522 client institutions, comprising 160 SACCOs, 313 groups, and 49 MFIs, received support, benefitting 3,714 board and management staff (40% male, 60% female) as well as 10,307 individual members (40.01% male, 59.98 female). This support aimed to enhance the capacity and sustainability of these institutions, equipping them with essential skills and knowledge in areas such as financial literacy, governance, and credit management.	
50% of constituencies in the country with at least one agency/demonstration SACCO, Group or MFI	As at end of the quarter, 81% of districts and 42% of constituencies in the country had at least one agency/ demonstration SACCO, Group or MFI against the quarterly target of 50% coverage at constituency level. MSC shall continue to expand agency/demonstration SACCO to district and constituency level through onsite Technical Assistance and community engagements. The agency/demonstration institutions support in information dissemination about MSC products and services, provide technical assistance and share good practice to support weaker institutions.	
At least 100 individuals who are artisans and slum dwellers supported	A total of 2,923 artisans were supported across various zones during the quarter, with considerable support provided through Emyooga SACCOs and VSLAs. These artisans specialize in various trades, such as handcrafting handbags and shoes, carpentry, mechanics, and welding. They received support through routine monitoring and supervision, technical assistance, structured training, and appraisal visits. Over 671 slum dwellers were trained and supported for funding under various enterprises during the quarter. The training programs equipped participants with essential skills in entrepreneurship, financial literacy, and specific vocational skills tailored to their chosen enterprises. The slum dwellers also received assistance in accessing funding opportunities to start or expand their businesses, empowering them to improve their livelihoods and economic stability.	
Maintain cost to income ratio of at most 1 to 1	During Q4 the Company cost to income ratio was 0.987:1,this remained within the target of 1 to 1.

Programme Intervention: 180201 Strengthen capacity for development planning at the sector, MDAs and local government levels		
	This activity was successfully implemented with a 3-week training in Data Science and Machine Learning conducted on 16 Data Analysts in April 2025. The training was done in phases with 3 Trainers taking on a week each. The 16 Data Analysts were sourced from different functions of URA that include Domestic Taxes, Information Technology Management, Strategy and Risk Management. Koenig Solutions was contracted to conduct this training with an ISO 9000 and ISO 14001 certified company carried out the training. Additially, KCCA trained 4 staff in Revenue Core Data Mining/International Computer Driving License (ICDL), Forecasting, revenue collection from South Africa and the knowledge acquired is being passed on to other staff.

Budget Output:560024 Management of ICT systems and infrastructure

PIAP Output: 18010201 Aligned budgets to the NDP priorities

Programme Intervention: 180102 Alignment of budgets to development plans at national and sub-national levels

	Licensing and permitting study completed, final report reviewed and approved by both MoFPED and Development Partners	
	Internal consultative meetings on the LG PIM guidelines were undertaken with Local Government to facilitate development of appraisal guidelines for pre-feasibility and feasibility studies. The draft revised guidelines have been submitted for review	

VOTE: 008 Ministry of Finance, Planning and Economic Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1521 Resource Enhancement and Accountability Programme (REAP)		
PIAP Output: 18010201 Aligned budgets to the NDP priorities		
Programme Intervention: 180102 Alignment of budgets to development plans at national and sub-national levels		
	Trained 64 participants drawn from both Central and Local Government trained in risk management, infrastructure project procurements and delivery	More staff trained than initially planned due to use of non residential training modality instead of earlier planned residential training. This saved more resources to cater for additional staff
	MoFPED Desk Officers were trained in the use of the Integrated Bank of projects at the MoFPED ITF and undertook training of Project Preparation Committee (PPC) members for upcountry votes in PIMS and IBP	
	Licensing and permitting study completed, final report reviewed and approved by both MoFPED and Development Partners	
	Internal consultative meetings on the LG PIM guidelines were undertaken with Local Government to facilitate development of appraisal guidelines for pre-feasibility and feasibility studies. The draft revised guidelines have been submitted for review

Closure and support of the EU audit function for the various EDF projects in preparation for closure.	All the grants under the Market Access Upgrade programme (MARKUP) have been successfully closed, following review of their reports, expenditure verification and disbursement of final payments. However closure of DINU is pending submission of their final report which includes handover of assets like the motor vehicle that NAO agreed to give to the Climate Finance Unit. OPM is yet to handover the vehicle. While final expenditure verification for the PRomoting Environmentally Sustainable Commercial Aquaculture (PESCA) project was concluded, the project can only be closed after the implementing Minstry (MAAIF) transfers the unspent balances to Brussels. The external audit declared refundable funds worth UGX 750M and MAAIF has 680M on the project account as unspent funds. NAO has written to MAAIF to transfer these funds, but they are yet to do so, putting the NAO in a situation where Brussels could deduct the money from the NAO.

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 18010802 Tax policy and legislative framework reviewed in line with priorities in DRM strategy		
Programme Intervention: 180108 Establish an appropriate, evidence-based tax expenditure "governance framework" to limit leakages and improve transparency		
Produce Ugandas fourth (4th) Extractive Industries Transparency Initiative (EITI) Report in preparation of the validation exercises.	The Secretariat commenced data collection following the approval of the Scoping Report. Additionally, official letters from the Ministry of Energy and Mineral Development (MEMD) were distributed to relevant entities to facilitate data submission and ensure compliance with EITI reporting requirements.	Delays in data submission from reporting entities have impacted the publication timeline. As a result, the report is now anticipated to be published in the next quarter.
Participation in conferences, meetings and training workshops related to EITI implementation.	The Secretariat participated in the EITI Africa and MENA Regional Workshop held on 13th May 2025, aimed at providing oversight and peer learning on EITI implementation across the continent. Additionally, the Secretariat engaged in a survey session launched by the EITI International Secretariat on 1st April 2025 to evaluate and enhance the quality of EITI implementation.	Achieved as planned.
Capacity building on issues related to Extractive Industries Transparency Initiative (EITI) implementation and extractive industries for the Multi-Stakeholder Group and the Uganda EITI Secretariat staff.	The Secretariat participated in multiple capacity-building initiatives during the quarter, including a field visit to the oil and gas operational areas in the Albertine region from 7th to 11th April 2025, covering the Kingfisher Oil Development Project, Kabaale International Airport, and the Hazardous Waste Management Facility of Luweero Industries Limited. Additionally, the Secretariat attended a regional capacity-building session organized by the EITI International Secretariat on 26th June 2025, aimed at strengthening collaboration and support among national secretariats. Staff also took part in the Office of the Auditor General's training workshop on auditing extractive industries held from 5th to 9th May 2025 and facilitated training for 23 selected reporting entities on 11th June 2025 to enhance their understanding of EITI reporting requirements.	Achieved as planned

PIAP Output: 03010507 Storage facilities and auxiliary terminals constructed	
Programme Intervention: 030105 Capitalize UNOC to execute its mandate as an investment arm of government in oil and gas industry.	
Feasibility study for Kampala Storage Terminal (KST) undertaken	Technical and design studies progressed with as below; -Site topographical studies and report completed. -Planned Site Layout completed and updated in FEED. -Geotechnical technical investigation concluded Economic studies for KST feasibility studies completed 20 boreholes drilled at the site and soil samples collected for soil testing
Front End Engineering Designs for KST undertaken.	KST Front End Engineering Design (FEED) was completed and approved by Management.
PIAP Output: 03010508 Establish QHSSE governance and assurance framework	
Programme Intervention: 030105 Capitalize UNOC to execute its mandate as an investment arm of government in oil and gas industry.	
QHSSE Audits conducted	Independent security audits were carried out at JST, Hoima and UNOC Headquarters with the purpose of identifying gaps and vulnerabilities in the current counter security measures and to recommend additional mitigation measures.
Protective Gear for Staff Secured	Continued to procure protective gear for staff and stakeholders for field operations. This ensures the safety and well-being of personnel involved in field activities, in compliance with occupational health and safety standards.
ESIA for UNOC led projects undertaken	Conducted a detailed ESIA baseline survey for the proposed 2D Seismic Survey in the Kasuruban Contract Area. Secured National Environmental Management Authority (NEMA) approval for the ESIA Scoping Report for Access Roads in Kabalega Industrial Park. Environmental and Social Impact Assessment (ESIA) Scoping Report for Water reticulation and wastewater treatment in Kabalega Industrial Park approved by NEMA. Secured NEMA Certificate of Approval for the Regional ESIA for Kabalega Industrial Park on 20th September 2024. Five Environmental and Social Impact Assessments (ESIAs) for the KIP and KSCA projects are underway to secure the necessary environmental permits for project implementation. These include: the KIP Access Roads ESIA (draft submitted for UNOC review), the Water Reticulation and Wastewater Treatment ESIA (under development), the Security Fence and IT Reticulation ESIA (submitted to NEMA), the UNOC Site Office ESIA (approved by NEMA) & 2D Seismic Survey for KSCA ESIA.
QHSSE Management System deployed	Procurement for consultancy services for Certification of UNOC's QHSSE Management System was awarded. Contracting process is ongoing.

VOTE: 008 Ministry of Finance, Planning and Economic Development

Quarter 4

Annual Planned Outputs	Cumulative Outputs Achieved by End of Quarter
PIAP Output: 03030507 New exploration activities undertaken	
Programme Intervention: 030302 Construct the Central Processing Facilities (CPFs) for Tilenga and Kingfisher projects;	
QHSSE Certification & Accreditation attained	Procurement for consultancy services for Certification of UNOC's QHSSE Management System was awarded. Contracting process is ongoing. Completed the IMS Internal Auditors training for selected UNOC employees on 5th April, 2025. Completed the IMS gap analysis for all applicable ISO Standards. Developed procedures for ISO Health Safety and Environment (HSE) implementation.
QHSSE policies and related documents reviewed, updated and developed	Sixteen procedures, guidelines and checklists have been developed or updated to support UNOC’s QHSSE Management System, covering key areas such as waste management, environmental compliance, oil spill response, wetlands management, ESIA processes, environmental procurement, and contractor requirements.
Annual UNOC's oil and gas reserves assessment and report compiled	The 2024 UNOC Annual Resources Report was approved by Management. Completed review of the proposal for the Kingfisher Oil Field Geological and Dynamic Model Update. Finalized reviews of the DST Well Test Program for JBR05-R16 and the Kingfisher Geological Sample Transport Plan to Uganda. Continued construction of the static models for KFDA and Waraga fields. Continued with the resource evaluation for Ngiri and Gunya fields in preparation for the 2025 UNOC report.
Work programmes for Tilenga and Kingfisher Projects evaluated and approved	Participated in the Tilenga and Kingfisher Power Stabilization Studies Update meeting on 17th June 2025, and the KFDA and LA2S 2025 TCM/ FTM meeting on 18th June 2025. Attended the KFDA and Tilenga LPG Storage Tank Modification meeting on 27th May 2025. Participated in the Tilenga DST Well Test operations at JBR05-R16 from 2nd to 11th June 2025, and the ongoing Tilenga Injectivity Test operations at GNA01, which began on 22nd June 2025. Conducted onsite validation of the proposed KFDA CPF Modifications related to LPG Storage Tank expansion on 30th June 2025. Continued with the resource evaluation for Ngiri and Gunya fields in preparation for the 2025 UNOC report. Attended the Tilenga RAP (Resettlement Action Plan) progress meeting, where it was reported that 100% of the land has been secured and 30 houses have been completed and handed over. Interalia

Quality programming, implementation and monitoring of the EU programmes is guaranteed.	The project carried out monitoring of the Uganda Small Scale Industries Association (USSIA) to gauge their preparedness to manage assets procured under the grant, before NAO and EU can approve their request to retain the assets. It was agreed that the assets be retained by USSIA to enable them to continue supporting the work that has been accomplished under the grant. The EU is yet to honor the MAAIF request for final payment worth UGX 3.6bn and as such, MAAIF is stuck with pending suppliers who will have to be paid by the Ministry.
NAO capacity is reinforced in its partnership with Donor Partners, in particular the EU. Database accessible to all stakeholders	Training of Trainers and users of the AMP was done. Development Partners are also updated on use of the AMP and readily get support from the NAO When they need it.
Quality programming, implementation and monitoring of the EU programmes is guaranteed.	Monitoring of all ongoing projects was done and is still ongoing. Projects monitored include DINU, MOBIP, PESCA, Atiak-Laropi, CoCoDev and MARKUP. The project is following up projects whose final reports are long overdue.
NAO capacity is reinforced in its partnership with Donor Partners, in particular the EU. Aid Management Database upgraded	Training of Trainers on the Aid Management Platform (AMP) was done and Development Partners are also receiving support on use of the AMP for timely reporting, to enable MoFPED produce reports.
Visibility and awareness of the Uganda-EU partnership is increased.	Through submission of the project end of year report, visibility was created. The project did not produce any articles for the print media since there was no funding for this in the quarter.

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To ensure equitable access to MIA services
Issue of Concern:	Unequitable access to MIA services
Planned Interventions:	Train department budget focal persons in carrying out gender and equity planning, budgeting and reporting
Budget Allocation (Billion):	0.020
Performance Indicators:	No. of department budget focal persons trained in gender and equity planning, budgeting and reporting-(30)
Actual Expenditure By End Q4	0.020
Performance as of End of Q4	30 budget focal point persons trained in gender and equity,planning,budgeting and reporting
Reasons for Variations	

ii) HIV/AIDS

Objective:	To reduce stigma among people living with HIV/AIDS
Issue of Concern:	High level of stigma among people living with HIV/AIDS leading to increased spread
Planned Interventions:	1) Provide support to staff living with HIV/AIDS & TB quarterly 2) Hold HIV/AIDS committee meetings 3) Conduct a Health camp to carryout sensitization, testing and counselling about HIV/AIDS and TB 4) Provide condoms in the Ministry restrooms
Budget Allocation (Billion):	0.023
Performance Indicators:	1) No. of staff living with HIV/AIDS & TB supported quarterly-(15) 2) No. of HIV/AIDS committee meetings held-(4) 3) No. of health camps conducted-(1)
Actual Expenditure By End Q4	0.0231898
Performance as of End of Q4	1)15 staff living with HIV supported. (2)4 HIV/AIDS committee meetings held(3)1 health camp conducted
Reasons for Variations	

iii) Environment

Objective:	To increase on the tree cover of the country to mitigate climate changes
Issue of Concern:	Adverse climatic conditions
Planned Interventions:	1) Train reporters and victims in agricultural and environmental best practices 2) Provide tree seedlings to reporters and victims 3) Distribute tree seedlings to public institutions
Budget Allocation (Billion):	0.315
Performance Indicators:	1) Number of reporters and victims trained in agricultural and environmental best practices-(400) 2) Number of tree seedlings provided to reporters and victims-(30,000) 3) Number of tree seedlings distributed to public institutions-(100,000)
Actual Expenditure By End Q4	0.315495
Performance as of End of Q4	1) 350 reporters and victims trained in Agricultural management and environmental best practices 2) 25,000 tree seedlings provided to reporters and victims 3) 36,261 tree seedlings distributed to public institutions
Reasons for Variations	some of the seedlings were not ready for distribution at the end of June 2025

iv) Covid

Quarter 4

Performance highlights for the Quarter

Cumulatively 48 Compliance Inspections for fish factories were conducted. Export and Import inspection and certifications was conducted in all the 12 border posts for the four quarters (FY2024/25); 4068 consignments of Nile Perch fillets, 284 Fish maws were inspected and certified for Export.
-A total volume of 11,855,489.83 kgs Nile Perch Fillets valued at $83,789,401.76 generated Fish Levy of Ugx 2,207,332,467.00.
-A total volume of 369,281.70 kgs Fish Maws valued at $36,927,902.70 generated Fish Levy of Ugx 10,776,013,038.00
-A total volume of 24,390,562.00 kgs EXPORT OF TILAPIA, FISH FRAMES AND OTHER PELAGIC FISH SPECIES INCLUDING SYNODONTIS valued at Ugx 126,963,266,161.00 generated Fish Levy of Ugx 4,167,248,265.00.
-A total volume of 55,078,982.00 kgs IMPORTS OF TILAPIA, FISH FRAMES AND OTHER PELAGIC FISH SPECIES valued at Ugx 35,036,551,820.00 generated Fish Levy of Ugx 9,545,857,728.00
-A total volume of 52,196.80 kgs SEA FOOD IMPORTS (SHARKS, SHRIMPS, TUNA, SALMON, MULLUSC AND OTHERS valued at Ugx 1,499,102,705.49 generated Fish Levy of Ugx 440,740,689.00
-91 inspections conducted on landing sites done
-Cumulative total hectares planted by small holder oil palm growers in Buvuma, Kalangala and Mayuge is 8378.86ha.
-Buvuma hub has 949 farmers who have planted 2183.84ha
-Mayuge hub (Bugiri, Namayingo, Mayuge) has 314 farmers who have planted 274.02ha.
-Kalangala has 5921 ha planted by 2064 farmers.
-Cumulative total of Oil Palm growers in all three hubs is now 3,327 farmers.
-ESIA for Kyotera was approved and planting will start in September 2025 during the next planting season.
-ESIA for Masaka district has also been approved and is currently under display.
-4,251 ha owned by 1,773 potential oil palm growers have been surveyed and mapped in Masaka Hub. Establishment of the smallholder oil palm scheme awaits IFAD approval of the ESIA.
-4982 milk handling premises and import/export consignments inspected

Variances and Challenges

•Endemic diseases like Foot and Mouth Disease and PPR that greatly affect export trade
•Inadequate staffing at the Central and District production offices coupled with unclear outcomes
•Limited access to improved breeds and breeding services; inadequate animal nutrition and feeding and inadequate access to water sources;
•Poor implementation of Sanitary and Phytosanitary (SPS) standards, thus hampering Uganda’s participation in the export market;
•invest in quality agro–inputs, water for production, machinery and modern technology leads this leads to low productivity here
•Road chokes impede the movement of goods from rural areas to processing facilities and markets
•Land tenure insecurity and fragmented land holdings hinder large-scale investment in agriculture.
•Invasive plant species (water weeds): Many of Uganda’s water bodies are currently affected by epidemic masses of water weeds.
•Climate change impacts: There are various manifestations of climate change impacts such as fluctuations in water levels, rising temperatures, altered rainfall patterns and others.
•Post-harvest losses of fish: Uganda suffers significant post-harvest loses due to bad post-harvest handling.
•Over-reliance on imported fish feed (More than 80% dependence): These are very expensive
•Insufficient data on fisheries sub-sector: There is a widely acknowledged lack of sufficient comprehensive information on fisheries along the value chain.

	No pre-season planning and review meeting held in the fourth quarter. Stationary, Fuel supply and one staff went a training in Malaysia during the quarter.	Lack of sufficient resources for implementation of the activity
Quarterly technical supervision of Agricultural Extension providers in 10 District Local Governments undertaken.	This was undertaken for the fourth quarter as planned involving MAAIF and District staff that took place in the Districts of Katakwi, Soroti, Kapalybyong, Amuria, Rwampara, Sheema, Bushenyi and Mitooma. Activity is targeted at assessing the adoption rate of technologies promoted by the different project in and about the Ministry in all value chains. To visit and assess the performance of technologies and provide on farm technical support and guidance. To identify challenges regarding the improved technologies and recommend strategies to address the challenges.	No funds received in the first quarter for implementation of this activity. Few districts were supervised because of limited resources.

Develoment Projects

Project:1323 The Project on Irrigation Scheme Development in Central and Eastern Uganda (PISD)-JICA Supported Project		
Budget Output:000017 Infrastructure Development and Management		
PIAP Output: 01040401 23 new irrigation schemes constructed.		
Programme Intervention: 010404 Increase access and use of water for agricultural production		
Land compensation for Atari Project Affected person undertaken	Compensation undertaken in Q4 worth 36.4m for 3.83 acres to 26 PAPS. Also undertook joint work supervision activities i.e. MAAIF, Districts, Consultant and Contractor plus beneficiaries farmer leaders worth 63.65m.	Delay of consent by PAPs has affected the timely compensation in addition to challenges in PAPs details required to effect payments. Some PAPS have contested the value approved by Chief Government Valuer (CGV), Other PAPs died which also affected the process of compensation.
Monitoring and supervision of construction works leading to the development of the Atari Irrigation Scheme undertaken	Monthly supervision and monitoring activity for the project was undertaken by MAAIF, the LGs Bulambuli and Kween (Both District and Sub County political and technical),	Inadequate resources to undertake comprehensive M&E activties.

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1323 The Project on Irrigation Scheme Development in Central and Eastern Uganda (PISD)-JICA Supported Project		
PIAP Output: 01040401 23 new irrigation schemes constructed.		
Programme Intervention: 010404 Increase access and use of water for agricultural production		
	Constructed some roads in Bulambuli, Surveyed, cleared and stripped around the road and canal footprint in addition to works on the dyke and head works done in Q4.	Delayed start of the construction works because land acquisition delays which affected the start of works of the project.

Project:1520 Building Resilient Communities, Wetland Ecosystems and Associated Catchments in Uganda

Budget Output:000017 Infrastructure Development and Management

PIAP Output: 01040404 Solar powered water supply and small-scale irrigation systems developed.

Programme Intervention: 010404 Increase access and use of water for agricultural production

Construction of fish ponds in all Project areas supervised to ensure adherence to designs and plans	Construction of fish ponds in all Project areas supervised to ensure adherence to designs and plans done in Q4 UGiFT PROGRESS Quarterly monitoring done in 135 LGs, ICT distributed to all LGs, supported Districts who undertook installation of irrigation equipment, trained 48 operators /technician in community irrigation on O&M knowledge to support communities, supported extension workers in carrying out environmental screening before installations are done,	Supervised as per plan UGiFT PROGRESS Project performed beyond planned target of 5000 at 5408 as per physical survey of June 2025. The figure of 4697 is as per MIS as at 30th June 2025. Challenges of maintenance, demand for rollout of the irrigation system is very high compared available resources, Limited after sales service support by the system suppliers, Limited number technicians and engineers support real time O&M needs, Delay in procurement especially at LG level, Lack of security for installed facilities at farm level especially the water pumps

Department:003 Crop Protection		
Budget Output:010047 Crop Pests and Disease control		
PIAP Output: 01041001 Disease diagnosis and control capacity and facilities		
Programme Intervention: 010410 Strengthen systems for management of pests, vectors and diseases:		
25 extension workers trained on appropriate technologies and general control of pests and diseases (FAW, AAW, Fruit flies,African Apple tree Moth, Golden Apple snail, BBTV, Banana Rust Thrip, Cassava Brown Streak Disease, quelea birds, black coffee twig.	Conducted field demonstrations on control of the FAW in Rukungiri, Ntungamo, Mbarara, Rwampara and Sheema. A total of 80 farmers were demonstrated too. 200 litres of pesticides were delivered for use by farmers in field demonstrations Conducted follow-up field demonstrations on control of the Apple Tree Moth Caterpillars in Manafwa Mbale, Bududa and neighbouring Districts. A total of 230 farmers and 10 AEOs were demonstrated too on control of the apple tree moth. The pest was reported to feed on coffee, albizia, avocado, mango among other crops. Also, 120litres of Profenofos 40% + Cypermethrin 4% EC were given to the districts to aid in pest control. Engaged 25 District production staff from the districts of Hoima, Kagadi, Buikwe, Mukono, Kayunga, Luwero on Joint Crop-Livestock clinics in bid to pave way for sustainable measures of implementing the approach of addressing both crop and livestock health challenges at one stop joint clinics.	Many outbreaks that required quick response. Also supported by CABI

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01041001 Disease diagnosis and control capacity and facilities		
Programme Intervention: 010410 Strengthen systems for management of pests, vectors and diseases:		
Surveillance for control of emerging, exotic and migratory crop pest diseases (snails, Banana Bunchy Top Virus, Banana Rust Thrips, Leaf Spot Diseases of fruits, Quelea birds, Fall Armyworm, AAW, Mealybugs, African Armyworm, Scales) conducted in Western region.	Conduct field assessment to detect/diagnose strange maize disease Bulambuli, Sironko, Nakapiripiriti-Namalu, Kween, Kapchorwa, Mbale. A total of 25 fields were sampled, samples from diseased farms. The disease was identified as Erwinia Spp. On maize and suspected to been introduced through seed. More samples of irrigation water, soil, diseased plants, foliar fertilizer were collected and delivered to the National Plant health Diagnostics laboratories in Namalere for further diagnosis. Only 3 fields out of 25 sampled had the disease. Farmers were also sensitized and guided on how to control the further spread of the bacterial disease.	Emergency that called for resource mobilization. Results from traps indicate a high alert of DCP for a potential outbreak. Conducted a field identifications, demonstrate on control of strange coffee pest in Nkoma subcounty, Kamwenge District. Pest was identified as Black Coffee Twig Borer and was at 60% incidence. 30 farmers were demonstrated to on how to control the pest. Conducted a follow-up field demo on control of the Stinging Nettle Caterpillars affecting the Oil Palm trees in Kalangala District; also assessed success of earlier interventions. Findings from the field indicated that the pest had reduced from 35% incidence to less than 5%.
Plant clinics operations monitored and guidance provided to plant doctors in 3 districts selected from all regions.	Not conducted	Limited resources
IEC Materials (8,000 brochures and 2,000 posters) on pests and diseases control (BCTB, CBSD, FAW, AAW, BBW, BBTV, Fruit flies, Citrus angular leaf spot,CBD) distributed in all the 135 Districts.	Developed IEC materials for pesticide poisoning in Bees to support world bee day celebrations	Printing was not conducted due to limited resources
National Control strategies for new Pests (thrips palmi, Mango mealbug, Banana bunchy top virus) developed.	National control strategy drafted for the control of Stinging nettle caterpillars on oil palm in Kalangala reviewed	Conducted in-house at Department level, awaits other stakeholder engagements which requires funds
Surveillance conducted for crop storage pests of grains and pulses provided in 7 major grain growing districts from all regions.	This has not been done due to limited funds	This has not been done due to limited funds
Agricultural police supported to carryout compliance enforcement on agricultural product marketing, agro-input handling and livestock movement standards, laws and regulations across the country.	Not conducted	Lack of resources

Budget Output:010019 Provision of cotton planting seed

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01041203 Farm level production increased		
Programme Intervention: 010412 Strengthen the agricultural inputs markets and distribution systems to adhere to quality standards and grades		
	- Marketing and ginning of seed crops commenced; 1,312 Mt of fuzzy certified seed were produced and transferred to 2 Seed Processing Stations. Over 150 seed growers and 6 Prison Farms were mobilized and trained on seed production in Rubilizi, Kitagwenda, Kasese, Adjumani, Kitgum, Abim and Pakwach Districts for the 2025 seed multiplication exercise. Approx. 16 Mt of seed have so far been distributed to seed growers for further multiplication in the 2025 season.	Late release of funds
Transfer of 350 Mt planting seed from Kasese and Pajule Seed Processing Stations	450 Mt planting seed from Kasese and Pajule Seed Processing Stations were transferred to Regional Inputs Bulking Centres in Gulu, Bukedea, Kitgum, Lira, Masindi, Iganga and Nebbi Districts.	Activities were implemented with support from UGCEA.
Deliver about 150 Mt seed to ginneries/field stores in Iganga, Tororo, Kachumbala, Lira, Kitgum, Gulu, Parombo and Masindi for distribution to farmers.	450 Mt planting seed from Kasese and Pajule Seed Processing Stations were transferred to Regional Inputs Bulking Centres in Gulu, Bukedea, Kitgum, Lira, Masindi, Iganga and Nebbi Districts	More seed was transferred in order to create more storage space at the seed processing stations
	- Classing/grading cotton was done and quality certificates were issued; by end of Q4, 43,571 bales of lint had been graded. 86% of the cotton was in the top 3 grades. - Cess payments and lint export documents were processed; 41,300 bales were exported. - Procurement of the Classing lab materials for Air Management System and servicing of the compressor were deferred to Q1 of FY 2025/25. - Spare parts (linter blower fan bearings, valveless peristaltic pump and delinter brushes) for the seed processing machinery at Pajule were delivered. - Maintenance of the generator and passenger lift at Cotton House was done. - Procured 464 bales of lint buffer stocks for Southern Range Nyanza Ltd.	Procurement of the Classing lab materials for Air Management System and servicing of the compressor were deferred to Q1 of FY 2025/26 due to insufficient funds.
Conduct 3 field trips to monitor distribution of cotton planting seed to farmers in Lango, Acholi, and West Nile Regions	Seed processing activities at Kasese Seed Processing Station was supervised; by end of Q4, 572 Mt of delinted, graded and packed seed were produced.	None, activities were implemented as planned. Activities were implemented with support from UGCEA

Two trainings on environmental and climate change adaptation for agricultural production in two hubs undertaken.	Two trainings on environmental and climate adaptation were conducted—one during the training of the 486 district extension staff in Jinja, and another during the orientation of the eight newly recruited private service providers in the Eastern Hub.	Action implemented as planned
Training of 203 Farmer groups (existing PDM and non PDM farmer groups) in all the six hubs conducted	203 farmer groups trained in good agronomic practices in collaboration with the district extension staff across the six hubs	Implemented as planned
30,000 farmers and farmer groups trained, mobilised and capacity strengthened on production, business and social issues.	Not done in Q4	Delays in recruitment of PSPs
Agricultural supplies i.e. DAP- 1,620 bags, NPK- 1620, Rhizobia- 1620 Sackets, Soil testing kits- 1620, Assorted chemicals , 810 spray kits, 1620 tarpaulins delivered.	The project in collaboration with NARO and Makerere University procured the agricultural supplies—DAP-A620 BAGS, npk-1620, Rhizobia sachets, assorted chemicals , 810 spray kits , 1620 tarpaulins—and supplied to 200 LSBs and lead farmers in the six hubs	Done as programmed
Monitoring and supervision of one demo field within one hub conducted.	The action was not implemented during the period as it was dependent on the distribution of the farm inputs and the setup of the demo fields by the Local Seed Business (LSB) and the farmer groups, which were delayed.	Delayed distribution affected activity implementation
Establishment and management of simsim, g.nuts and sunflower trials by NaSSARI supported.	NaSSARI was supported to establish the various trials for groundnuts, Sesame, and SUnflower in addition to opening up multiplication gardens for the foundation seed	Done as planned
One workshop for review, validation and release of new varieties convened.	Not done as it was not planned for this quarter	Awaiting release of new varieties
Makerere University facilitated to increase production of Organic fertilizer (Rhizobia) Supply Chain Schemes to increase productivity and to protect the environment.	Makerere University facilitated to increase production of organic fertilizer supply and opened up soybean trials in at least six locations —Nabuin, Nakabango, Bungiyanya ZARDI, Rwebitaba ZARDI, Kachwekano ZARDI, and Arua—to assess their performance and adaptability to the environment as well as their productivity	Done as planned

Programme Intervention: 010411 Strengthen the agricultural extension system		
Quarterly monitoring missions on the tractor operations undertaken in all the project districts	The monitoring missions were not conducted as planned, as they are dependent on both the procurement and delivery of the tractors, as well as the training of the operators.	The monitoring missions were not conducted as planned, as they are dependent on both the procurement and delivery of the tractors, as well as the training of the operators. This is expected to be carried out following the delivery of tractors and training of the operators
Climate risk and vulnerability assessment of all the project districts undertaken.	The project conducted environmental and social screening of the demonstration gardens in the project districts. This activity forms part of the climate risk and vulnerability assessment at the group level and ensures compliance with environmental and climate assessment procedures.	Implemented as planned
Two multi stakeholder platform hub level meetings in two hubs conducted.	Two multistakeholder platforms were conducted in Mid-Northern and Eastern Hubs	Action implemented as planned
Assorted farm inputs for the 2,400 acres of farms including 52 tons Soya bean, 20 tons]Sesame, G.nuts 14 tons and Sunflower 20 tons, soil test kits, spray kits, fertilizer and other agrochemicals deliered.	The project procured assorted farm inputs to support 2,400 acres of farmland. These included 52 tons of soybeans, 20 tons of sesame, 14 tons of groundnuts, 20 tons of sunflower, soil testing kits, spray kits, fertilizers, and other agrochemicals. The inputs were delivered to 200 Local Seed Businesses (LSBs) and 810 farmer groups across the project districts.	Action implemented as planned
A total of 50 nucleus farmers in the project districts (6 hubs) certified in liaison with MAAIF's seed certification department, ensuring that women, youth and PWDs benefit.	Fifty (50) Nucleus farmer fields were inspected by the MAAIF seed certification services department. However, the certification has not yet been issued.	The certification of nucleus farmers is yet to be concluded, as the required labels have not yet been issued by the responsible department to the respective farmers.
Training of trainers for all 142 District Extension staff in the project districts conducted.	The project conducted a Training of Trainers (ToT) for 142 district extension staff on Quality Declared Seed (QDS) production in Jinja, with the aim of enabling them to cascade the knowledge to farmers and Local Seed Businesses (LSBs).	The activity was implemented as planned; however, some district staff did not attend the training. Despite this, the project achieved an attendance rate of 84%.

PIAP Output: 01040601 Aquaculture production increased		
Programme Intervention: 010406 Promote sustainable land and environment management practices in line with the agroecological needs:		
Fisheries polices and legislation that govern the two lakes (2 national and 1 regional workshop) harmonised. This will comprose of consultations, stakeholder engagement, sensitisation and adoption of the fisheries, policies, strategies, management plans.	4 workshop held one for north kivu province, one for Ituri province for DRC and 1 national workshop for Uganda for all stakeholders from both lakes Edward and Albert	The regional workshop was not held due to insufficient funds and the lack of synthesis report which is being handled by a consultant and the report is not yet ready
Joint DRC/Uganda patrol operations on monitoring, control, survey through coordinated or joint measures, procedures and operations facilitated.	Two joint patrols meeting held for lake Albert in fort portal and for lake Edward in Lubiriha DRC side. This was precursor to joint patrols which will be held every quarter for two weeks. A permanent collaboration framework was established for Joint patrol mechanisms that is transboundary. During the meetings both parties exchanged impounded gears during previous patrols	The permanent framework established is beginning implementation in quarter one of the new financial year
Contributions to Lake Edward Albert Fisheries and Aquaculture Organization (LEA-FAO) on Bilateral Fisheries agreement paid.	A total of 140.000 USD with a balance of 60000 USD not remitted for Uganda's annual commitment	Reduced quarterly allocation leading to insufficient funds anticipated in a financial year

2 Million-60kg bags of coffee from 10 coffee-producing Regions Inspected, Analyzed & certified for export to meet international coffee quality standards	Inspected and certified a total of 2,502,262 (60 kgs) bags of Coffee (Arabica – 309,494 and Robusta- 2,192,771) for export to various global destinations. This represents 25% increase above the quarterly target of 2m 60kg bags attributed to good crop yield for Greater Masaka and South western Coffee regions. 12,102 export grade coffee samples (36,306 cups) were analysis -Total of 8,350 QCs were issued. The quality of FAQ deliveries on average; Greater Masaka 83.4%, South western 84.6%, Rwenzori 78.8, Central 81.8%, Elgon 85.1% and Busoga 72.8%. There is notable improvement of FAQ from central region due improved postharvest handling practices. Referred Coffees: 15,247 (60 kg) bags representing 0.6% of exported coffees referred for non-conformance to export-grade specification requirements (High % age of defects – 14.9%, High MC – 41.5%; Adulteration with EM (2.3 %) and Low screen retention – 25.0%, others 16.3%). NB: Moisture remains the main reason for reference at export level.	There was high performance compared to the target, attributed to good crop yield in Greater Masaka and South western Coffee growing regions.

PIAP Output: 01030501 Certification permits for products and firms issued.		
Programme Intervention: 010305 Strengthen enforcement and adherence to product quality requirements including; food safety, social and environmental standards, grades, etc.		
5,000 fishing vessels transporting trucks, processors traders and factories licensed and registered(40% women and youth)	Licenses issued QTR 4: 5575 fishing vessels on major, swamps, rivers, dams and minor lakes. 11791 fishing control permits. 606 fish mongers. 355 fish transport trucks and trucks.	The 20,000 captured in the annual output was an error, however, the department has a target of 48,000 Licenses and Permits. The following hindered performance of the department; The response for licensing is low due to the ban on the commonly used hurry-up method for fishing Mukene. The limited recurrent budget for qtr 4 could not fully support the execution of licensing. The e- licensing system had technical break down. The inadequacy of licensing tools and equipment led to variance in performance.
Fishing tools and equipment for 7 fisheries inspectors to facilitate inspection, surveillance and enforcement of fisheries quality assurance regulations procured and distributed	No fishing tools and equipment for 6 fisheries inspectors were procured in QTR 4	Limited budget for QTR 4.

Surveillance for monitoring invasive aquatic weed in 13 hot spots on lake-Victoria and L. Kyoga conducted	Surveillance of 4 hotspots at Kamuwunga, kikooge ,kagera and portbell, landing sites in Kalungu and Nakasongola Districts	Insufficient quarterly allocations required to maintain and operate the aquatic weed equipment
Data on fish production and marketing from 2 major water bodies collected.	Conducted catch assessment surveys for collecting fish production data on L. Albert in the Districts of Buliisa, Pakwach, Hoima, Kagadi, Kikuube, Ntoroko and Zombo	Standard procedure requires conducting CAS at least 10% of the landing sites. Due to limited finances, CAS was conducted at 16 landing sites instead of 20.
Breeding areas protected and training on protection of breeding areas conducted in 10 breeding areas.	Developed a tool and conducted community based validation of 6 FBAs. Trained 6 fishing communities around Fish breeding areas (FBAs) on management and benefits of protecting FBAs in the Districts of Buliisa, Pakwach, Ntoroko, Kikuube, Kagadi and Hoima.	Funding was not sufficient to cover the fish breeding trainings in the other 4 breeding areas. We will plan for the remaining Fish breeding areas in the subsequent Quarters.

Sub SubProgramme:02 Agriculture Infrastructure and Mechanization Development

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Annual Planned Outputs	Cumulative Outputs Achieved by End of Quarter
Departments	
Department:001 Agricultural Infrastructure, Mechanisation and Water for Agricultural Production	
Budget Output:010065 Support to agricultural mechanisation	
PIAP Output: 01040501 Assorted sets of Agric mechanization equipment acquired and deployed	
Programme Intervention: 010405 Increase access to and use of agricultural mechanisation	
5 sets of heavy earth moving equipment maintained (Major and Routine Maintenance)	5 sets of heavy earth moving equipment maintained.
Quarterly visits to Monitor and supervise civil works on Acomai and Atari irrigation schemes as well as small/micro-scale irrigation schemes under th UGiFT undertaken	Cumulatively undertook 4 quarterly monitoring of Monitored the Construction of 2 new irrigation schemes; Acomai and Atari to ensure conformity to designs as well as implementation of the ESMP in all the 4 quarters of the FY
10 Labour saving Agriculture Mechanisation Equipment tested, certified and Promoted in all regions	Cumulatively, the Ministry has undertaken testing, certification and Promotion of Labour saving Agriculture Mechanization Equipment in all 95 Districts in the first, second and third quarters of the FY2024/25. Less done than target because of resource challenges.

Cumulative Expenditures made by the End of the Quarter to Deliver Cumulative Outputs	*UShs Thousand*
Item	**Spent**
211106 Allowances (Incl. Casuals, Temporary, sitting allowances)	24,000.000
221009 Welfare and Entertainment	32,000.000
221011 Printing, Stationery, Photocopying and Binding	8,000.000
225204 Monitoring and Supervision of capital work	72,000.000
227001 Travel inland	32,000.000
228003 Maintenance-Machinery & Equipment Other than Transport Equipment	80,000.000

Budget Output:010073 Sustainable land and environment management	
PIAP Output: 01040602 Land, water and soil conservation practices strengthened	
Programme Intervention: 010406 Promote sustainable land and environment management practices in line with the agroecological needs:	
60 DLG extension workers selected from all regions trained in Farmland planning and soil and water management ensuring that youth and women benefit.	A total of 30 DLG extension workers trained in Farmland planning (FP) and Farming systems activities and technologies as by close of 4th quarter. This is because no activity was done in the first quarter because of no funds received.

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Annual Planned Outputs	Cumulative Outputs Achieved by End of Quarter
PIAP Output: 01040602 Land, water and soil conservation practices strengthened	
Programme Intervention: 010406 Promote sustainable land and environment management practices in line with the agroecological needs:	
World soil's day activities supported and used as an opportunity to sensitize all citizens on importance of good soil conservation practices and technologies	World soli day celebrated and World soil's day activities supported and used as an opportunity to sensitize all citizens on importance of good soil conservation practices and technologies during the second quarter which took place on 5th December 2025.

Cumulative Expenditures made by the End of the Quarter to Deliver Cumulative Outputs *UShs Thousand*

Development Projects

Project:1323 The Project on Irrigation Scheme Development in Central and Eastern Uganda (PISD)-JICA Supported Project	
Budget Output:000017 Infrastructure Development and Management	
PIAP Output: 01040401 23 new irrigation schemes constructed.	
Programme Intervention: 010404 Increase access and use of water for agricultural production	
Land acquisition through compensation of Project Affected Persons undertaken.	458 properties (land parcels) have been compensated worth 619,468,813/= for the Atari Project by close of Q2. Additional Compensation undertaken in Q4 worth 36.4m to 26 PAPS. Also undertook joint work supervision activities i.e. MAAIF, Districts, Consultant and Contractor plus beneficiaries farmer leaders worth 63.65m. Total project land is about 287 acres.
Quarterly visits for monitoring and supervision of preliminary construction works for the development of Atari Irrigation Scheme undertaken	Undertook monitoring and evaluation for project activities for all the 4 quarters of the FY2024/25.
Construction of Atari irrigation scheme undertaken.	Current Atari Irrigation Scheme project progress stands at 30 % i.e. Scheme roads worth 4.23KMs on Bulambuli side have been done, Dyke of 2.05km on Bulambuli side have been done as well plus excavation at the intake has been accomplished, The programmed completion date for the scheme is December 2026.

Project:1357 Improving Access and Use of Agricultural Equipment and Mechanisation through the use of labour saving technologies

Budget Output:000017 Infrastructure Development and Management

PIAP Output: 01040402 Multi-purpose water development schemes including valley dams, valley tanks developed

Programme Intervention: 010404 Increase access and use of water for agricultural production

5,000 acres of land bush opened/cleared, and 250 km of farm access and market linkage roads opened up/Rehabilitated.	6,980 km of farm access and market linkage roads opened up/ rehabilitated in FY2024/25. Bigger area cleared in the dry season during Q2 & Q3. 12,000 acres ploughed on a PPP arrangement. 212 Kms of farm access roads have been opened.
Construction of Kembogo aquaculture demonstration Centre with 15 one-acre ponds completed.	12 Fish ponds substantially completed in Kembogo (floods control structures need to be worked on before additional fish ponds constructed); Training school under construction on ground floor slab level; Retaining wall, fence, bridge and surveillance house substantially completed. 61 fish ponds with 312,515,000 litres have been constructed in various locations
Twenty(20) water facilities; Valley tanks, dams, ponds and on farm water Harvesting and storage infrastructure of capacity between 7,500 to 50,000 cubic meters in all the four regions constructed.	12 Valley tanks with support from MOBBIP holding 210,000,000 litres and 5 valley tanks constructed on a PPP arrangement with a total capacity of 413,000,000 litres harvested. Usake Valley Dam (1,800,000, 000 litres) in Kaabong District, Ongongoja Valley Dam (2,000,000,000 litres) in Katakwi District and Owiny Valley Dam (1,800,000,000 litres) in Serere District have been completed

Project:1661 Irrigation For Climate Resilience Project Profile		
Budget Output:010069 Support to irrigation schemes		
PIAP Output: 01040401 23 new irrigation schemes constructed.		
Programme Intervention: 010404 Increase access and use of water for agricultural production		
Quarterly Monitoring and supervision visits undertaken in seven project districts.	Monitored and supervised civil works of micro-scale and small scale irrigation schemes Construction works in the district local governments of Isingiro, Kanungu, Lira and Lamwo. Setting of demo sites for farmers being done in Isingiro, Farmer mobilization conducted in Kanungu, Farmer field schools training conducted in Lira and Lamwo. Only to dams to be constructed in Kanungu and Isingiro, while extension services strengthening is being done in Lira and Lamwo. Also farmers are being supported in marketing linkages. Stakeholder engagement with all the seven LGs of Tororo, Mukono, Wakiso, Mpigi, Rukungiri, Isingiro, and Kanungu for Farmer Led Irrigation Development (FLID). Over 4000 farmers have been registered using the IRRITRACK App in Isingiro District, All extension staff there have been trained in the use of irritrack and agro input supplies have been assessed for supply and distribution at scheme level.

Budget Output:000017 Infrastructure Development and Management	
PIAP Output: 01040402 Multi-purpose water development schemes including valley dams, valley tanks developed	
Programme Intervention: 010404 Increase access and use of water for agricultural production	
Eight (8) Regional Community Breeding Outreach satellite centres established and equipped to serve all regions	Not done
100 Deep production wells established in project districts	Not done
Community fish cage facilities on water bodies (L. Victoria and Albert) established	Not done
200 ponds constructed and stocked for beneficiaries in selected districts	Not yet done
4 Strategic and large multipurpose dams for drought proofing, irrigation, aquaculture and livestock watering developed.	Not done
Small scale irrigation schemes (5-10acres) in established in the 9 ZARDIs to support all year round seed production	Not done
Sixty(60) Agroclimatic weather stations procured and equipped	Not done
PIAP Output: 01040501 Assorted sets of Agric mechanization equipment acquired and deployed	
Programme Intervention: 010405 Increase access to and use of agricultural mechanisation	
Efficient National Animal laboratory system developed for disease detection, diagnosis and response.	Not done
Technical capacity of 300 MAAIF and extension staff built in agro-meteorological observation and forecasting and real-time delivery of weather information and advisories to target farmers in project districts including RHDs and refugee settlements	Built technical capacity of 300 MAAIF and extension staff built in agro-meteorological observation and forecasting and real-time delivery of weather information and advisories to target farmers in project districts including RHDs and refugee settlements
High processing specialized ICT equipment(2 servers, 2 supercomputers, 10 High Processing Computers) acquired to run Dynamical Models	Awaiting supply of equipment by the supplier
The National Seed Testing Labaratory at kawanda equiped with assorted laboratory equipment	Equipped the National Seed Testing Labaratory at kawanda with assorted laboratory equipment
16 Seed multiplication infrastructure facilities established in 16 stations (PARIs, satellite stations and NARO Holdings)	Not done
9 Mother gardens established to support production of early generation seed for priority value chains at the ZARDIs	Yet to be done
9 On farm small/micro-irrigation systems established for farmers and farmer groups to support climate smart Agriculture.	Yet to be done
40 Solar powered rain water harvesting/valley tanks developed for small scale irrigation, aquaculture and animal watering	Not done
38 feed conservation units (hay barns, standing hay fields, and silage banks) established	Not yet procured
10 pasture fields and/or fodder banks of 100 acres each established	Not yet done
397 Kms of Farm to market access Roads and choke points Rehabilitated in different Local Governments	Not done
Soil organic carbon monitoring, reporting and verification system established.	Not yet established

Budget Output:010039 Animals and Animal Products promotion

PIAP Output: 01041205 Quality inputs on the market

Programme Intervention: 010412 Strengthen the agricultural inputs markets and distribution systems to adhere to quality standards and grades

10 hatcheries and 30 breeder livestock farm establishments inspected in Central, Eastern, Western and South Western Districts of Uganda.	Biyinzika Poultry Hatchery Mpoma, SR Afrochicks and Ugachick Hatcheries, Uzima Breeder Farm – Katuugo, SR Afrochicks PS Brooder/ Growers and Laying Farms, 5 HMH Farms I – V and 3 Ugachick Farms Inspected and issued with establishment certificates. PNR pig breeder farm and Biyinzika poultry hatchery farm inspected and certified. Biyinzika Poultry Hatchery Kabembe, Kenchick Uganda Ltd hatchery Inspected and issued with establishment certificates.

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Annual Planned Outputs	Cumulative Outputs Achieved by End of Quarter
PIAP Output: 01041205 Quality inputs on the market	
Programme Intervention: 010412 Strengthen the agricultural inputs markets and distribution systems to adhere to quality standards and grades	
8 meat export grade abattoirs, and 5 animal product processing establishments inspected and certified to facilitate national and international trade.	Two (5) Animal Feed Production Facilities Inspected for Compliance Certification. 1. SR Afro Chicks and Breeders feed mill, Bombo, Luwero District. Recommended for establishment Certificate. 2. SR Afro Chicks and Breeders feed mill, Butuntumula S/County, Luwero District. Recommended for establishment Certificate 3. Biyinzika Feed mill, Katugo, Wakiso District. Issued establishment Certificate 4. Ugachick Feed Mill, Majije, Wakiso District. Recommended for establishment Certificate 5. Migani Dairy Cooperative Society fodder farms. Recommended for registration, improvements and technical followup.
Guidelines and plans of animal markets and products processing facilities for LGs' use developed and disseminated in all Local Governments	IGAD meetings on pasture conservation and production for feedlot handling and facilities done in Q2. Technical assessment of slaughter facilities and the utilization of distributed meat inspection kits in eastern Uganda
5 regulations and 15 standards for animal feeds developed for all feed producers	One (1) Animal Feed Regulation Covering All Sections of The Animal Feeds Act 2024 Drafted and Technically Validated by Staff from Livestock Sector Departments. Zero Draft Standard Proposal for Animal Feed Concentrates Drafted and Presented to UNBS For Consideration and Formulation. Five (5) Complementary Guidelines Developed Namely. 1. Guidelines On Good Agriculture Practices for Feed Production. 2. Guidelines For Animal Feed Export and Import 3. Specifications For Good Agricultural Practices for the Production of Animal Feed 4. Specifications For Operations and Safe Handling of Animal Feed 5. Guidelines On Establishment of Premises for Animal Feed Production, Storage, Distribution and Trade
Capacity building of 60 extension staff and farmers on the use of mechanised technologies in fodder conservation, bulking, distribution and trade (e.g. hay, conserved straws, and total mixed rations conducted in selected South Western Uganda districts	Undertook Technical scoping mission on forage handling practices in Western Uganda in Q2 not in Q3 & Q4

Annual Planned Outputs	Cumulative Outputs Achieved by End of Quarter
Budget Output:000063 Quality Assurance Systems	
PIAP Output: 01041205 Quality inputs on the market	
Programme Intervention: 010412 Strengthen the agricultural inputs markets and distribution systems to adhere to quality standards and grades	
Two (2) quarterly inspection, monitoring and certification exercises of Fumigation facilities, agro-chemical premises, dealers, seed companies and FFVs conducted.	16 export companies inspected and registered to access the Chinese market under GACC. Inspected and certified of 4,500 hectares of certified maize across the various regions in the country. Conducted seed sampling from different seed companies, stockists, and distributors as part of the final phase of the seed certification process. A total of approximately 3,100 metric tonnes (MT) were sampled and tested in the laboratory for certification purposes.
One Quarterly inspection and auditing of planting materials of fruits and vegetables conducted in all regions	Three (03) follow up inspection on non-compliance due to Maximum Residue Limits (MRLs) interception in fruits and vegetables (chilli). conducted. 16 farms totaling to 300 hectares of flowers inspected and certified. 1 hectare farm of flower was non-compliant and rejected.
85 Agricultural Inspectors to undertake 24 hour regulatory border controls on all the 11 major border posts facilitated	Inspected and Certified 696331.27MT of exports and 107187.584MT of imports at major border posts. Issued 16,440 Phytosanitary Certificates for plant products for export. Inspected and Certified 317,635.9 MT of exports and 374,366.336MT of imports at major border posts. Issued 17,106 Phytosanitary Certificates for plant products for export.
Four (4) quarterly inspections and enforcement for product adherence toregulatory requirements compliance in the major input markets conducted (targeting 2400 agro-input dealers of seed, fertilizers and pesticides from all regions)	One (01) compliance and enforcement inspection conducted in 41 Districts across the country covering 601 Agro-input shops. As result, 141.55kg/L of non-compliance agrochemicals and 134.6kg of non-compliance were seized
One (1) quarterly Agricultural Chemical Board and technical Committee meetings held to consider dealership premises and products registration.	One (1) ACB and ACTC meeting was held 67 candidate agrochemicals were presented, 57 were approved for registration. 45 dealers, 1 manufacturing facility (SR Afrochicks) and 2 fumigators were approved for registration
Four (4) National Seed Board and National Variety release technical Committee meetings held to consider release of new crop varieties and seed merchant registration to improve nutrition and food security.	Held National Variety release technical Committee meeting at which 3 foxtail varieties, 1 banana variety, 1 maize and 4 potato varieties were released. Twenty-one (21) trials for DUS testing for new varieties which is a pre-requisite for release of new crop varieties; are ongoing. The crops include maize (8), sesame (3) sunflower (7), soybean (3)
200 dealers of agrochemicals from all regions trained for purpose of ensuring safe use & administration and protection of the environment.	253 agricultural chemical dealers of agrochemicals trained (155 males and 98 females), for purpose of ensuring safe use & administration and protection of the environment in Wakiso, Lira, Mbarara, Kumi and Masindi. 197 (M=114, F=83) agro-dealers trained in pesticide safe use and handling in 4 districts
one quarterly pest monitoring of imported Agricultural Chemical products on the market for regulatory compliance undertaken. (collection and testing of 200 samples)	11 farms/farmers belonging to 06 export companies were audited following the interceptions due to exceedance in pesticide residues on capsicums.

Department:003 Crop Protection

Budget Output:010047 Crop Pests and Disease control

PIAP Output: 01041001 Disease diagnosis and control capacity and facilities

Programme Intervention: 010410 Strengthen systems for management of pests, vectors and diseases:

100 extension workers trained on appropriate technologies and general control of pests and diseases (FAW, AAW, Fruit flies,African Apple tree Moth, Golden Apple snail, BBTV, Banana Rust Thrip, Cassava Brown Streak Disease, quelea birds, black coffee twig	20 agricultural extension workers guided on control of FAW and Banana Rust Thrips The concept was introduced by CABI to address problems of farmers who in most communities of the country grow both crops as well as keep livestock. Additional comprehensive training of 40 farmers from the 9 villages of greater Kisoszi (Ssembabule and Gomba) under the greater Kisozi Poverty alleviation program was conducted. Farmers were taken to another model farmer (Hass coffee Farm) in Bukomansimbi District (Kikuuta Village) to learn best, practical and safe methods of controlling coffee pests/ diseases as well as agronomic practices to boost their coffee production in their farms Kyenjojo, Kyegegwa and neighbouring districts guided on control of Variegated grass hoppers in maize, banana and cassava. Pest damage by the pest was 100% reduced in the said districts.

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Annual Planned Outputs	Cumulative Outputs Achieved by End of Quarter
PIAP Output: 01041001 Disease diagnosis and control capacity and facilities	
Programme Intervention: 010410 Strengthen systems for management of pests, vectors and diseases:	
Surveillance for control of emerging, exotic and migratory crop pest diseases (snails, Banana Bunchy Top Virus, Banana Rust Thrips, Leaf Spot Diseases of fruits, Quelea birds, Fall Armyworm, AAW, Mealybugs, African Armyworm, Scales) conducted in all LGs	Field demos on control of Banana Rust Thrips in Rwampara, Mbarara, Ntungamo, Mityana, Mpigi and Kasanda conducted. Banana rust thrips was observed to be at 30% incidence by the time of the field demos. 400 farmers were demonstrated to on control of Banana Rust Thrips. 50 trap sites established in Luwero, kumi, Masindi, Kasese, Kiruhura and Kiryandongo.Conduct field assessment to detect/diagnose strange maize disease Bulambuli, Sironko, Nakapiripiriti-Namalu, Kween, apchorwa, Mbale. A total of 25 fields were sampled, samples from diseased farms. The disease was identified as Erwinia Spp. On maize and suspected to been introduced through seed. More samples of irrigation water, soil, diseased plants, foliar fertilizer were collected and delivered to the National Plant health Diagnostics laboratories in Namalere for further diagnosis. Only 3 fields out of 25 sampled had the disease. Farmers were also sensitized and guided on how to control the further spread of the bacterial disease.
Plant clinics operations monitored and guidance provided to plant doctors in 15 districts selected from all regions	Not conducted
IEC Materials (8,000 brochures and 2,000 posters) on pests and diseases control (BCTB, CBSD, FAW, AAW, BBW, BBTV, Fruit flies, Citrus angular leaf spot,CBD) developed ,printed and disseminated in all regions.	Developed and reviewed 18 Pest Management Decision Guides (PMDGs) to address IPM management gaps amongst extension workers and farmers. These were for: Banana Bunchy Top Virus Disease, Citrus Phyllid, Citrus Greening Disease, Mango Black Bacterial Spot, Fruit and leaf spot diseases in Citrus, Fruit splitting in Citrus and Mango, Banana Rust Thrips, Fruit Flies, Invasive weed species among others. Printing and dissemination has not yet been done. IEC materials reviewed for BCT, Citrus angular leaf and fruit spot disease, Stinging nettle beetle, Fruit Flies. Reviewed and printed 500 copies of the Banana Rust thrips poster Developed IEC materials for pesticide poisoning in Bees to support world bee day celebrations
National Control strategies for new Pests (thrips palmi, Mango mealbug, Banana bunchy top virus) developed.	National Control strategies for new Pests (thrips palmi, Mango mealbug, Banana bunchy top virus) Reviewed. Reviewed strategy for Fall Armyworm, evaluated national efforts guide further control actions of the pest. Key findings from the review indicate a need for continuous support to the Centralized procurement of pesticides and motorized spray pumps for use by districts to demonstrate on control of the pest National control strategy drafted for the control of Stinging nettle caterpillars on oil palm in Kalangala reviewed.
Surveillance conducted for crop storage pests of grains and pulses provided in 30 major grain growing districts from all regions.	This activity was not conducted for the first 4 quarters of the year due to lack of funds
Agricultural police supported to carryout compliance enforcement on agricultural product marketing, agro-input handling and livestock movement standards, laws and regulations across the country	This activity was not conducted for the first 4 quarters of the year because of resource challenges
National Integrated Pest management policy developed	This activity was not conducted for the first 4 quarters of the year because of resource challenges

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Budget Output:010016 Farmer mobilization & sensitization

PIAP Output: 01041204 Farmers sensitised on productivity enhancement technologies

Programme Intervention: 010412 Strengthen the agricultural inputs markets and distribution systems to adhere to quality standards and grades

NA	Three farmers' training sessions were conducted in Butaleja, Lira and Kitgum. In addition, farmer trainings were conducted at farmers' gardens in 1,986 parishes. Topics covered included planting, weed and pest management, soil fertility management, soil and water conservation, harvesting and post-harvest handling of cotton
NA	The ramp and entrance at the main gate at Pajule Cotton Planting Seed Processing Station were done. The rest of the works (metal grills and drainage culverts) were not done. - The ramp and entrance at the main gate at Pajule Cotton Planting Seed Processing Station were done. - The Lab Gin was installed at Serere. - The Contract for supply of one fork lift for Pajule Station was not signed.
NA	Farmers were mobilized and pre-existing 308 women groups and 186 youth groups participated in cotton growing in Eastern, Northern, West Nile and Kazinga Channel Regions
NA	Monitoring seed distribution was done by Senior Agricultural Officers in Bukedi, Teso, Lango, Acholi, and West Nile Regions. Production was affected by drop in prices in the previous season. The average cotton farm gate price dropped from Sh. 2,000 per Kg in FY 2022/23 to Sh. 1,800 per Kg in 2023/24. This demoralized farmers and reduced area planted to cotton in FY 2024/25. In addition, crop establishment was affected by intermittent drought especially in Eastern and Northern Uganda International lint prices dropped by about from an average of US$ 1.63 per Kg of lint in FY 2023/24 to US$ 1.54 in FY 2024/25. The quality of cotton improved due to increased planting of the BPA 2015 variety. Intensive efforts to multiply this variety resulted in increased availability of its seed. Low exports of locally made cotton garments due to loss of some markets e.g. AGOA and low domestic demand

Budget Output:010049 Crop production technology promotion		
PIAP Output: 01041203 Farm level production increased		
Programme Intervention: 010412 Strengthen the agricultural inputs markets and distribution systems to adhere to quality standards and grades		
Six (6) trainings on environmental and climate change adaptation for agricultural production in the six hubs undertaken	Six trainings on environmental and climate change adaptation were conducted across the project hubs. These included training of 111 Parish Development Road Committees, 486 district extension staff, and 8 private service providers, in collaboration with the rural finance specialist during credit clinics training for 367 farmer representatives. Additional trainings were conducted during the Gender Action Learning System (GALS) Training of Trainers (ToT) for 512 district staff in the Mid-Northern Hub (Lira), as well as with selected farmer groups in Amudat in the Karamoja Hub. The trainings aimed to enhance farmers' capacity for climate-resilient production and improved productivity.	
Training of 810 Farmer groups (existing PDM and non PDM farmer groups) in all the six hubs conducted	A total of 810 farmer groups were trained in the six hubs. this was implemented in collaboration with the district extension staff.	
120,000 Farmers and farmer groups trained, mobilised and capacity strengthened on production, business and social issues.	No activity implementation as it awaits the finalisation of the recruitment process of the PSPs	
Farmer demonstrations at Nucleus Farms and ZARDIs established (DAP-1,620 bags, NPK- 1620, Rhizobia- 1620 Sackets, Soil testing kits- 1620, Assorted chemicals , 810 spray kits, 1620 tarpaulins).	The project in collaboration with NARO and Makerere University procured the agricultural supplies—DAP-A620 BAGS, npk-1620, Rhizobia sachets, assorted chemicals , 810 spray kits , 1620 tarpaulins—and supplied to 200 LSBs and lead farmers in the six hubs	
Monitoring and supervision of a total of six (6) demo fields within the 6 hubs conducted.	The action was not implemented during the period as it was dependent on the distribution of the farm inputs and the setup of the demo fields by the Local Seed Business (LSB) and the farmer groups, which were delayed.	
Establishment and management of simsim, g.nuts and sunflower trials by NaSSARI supported.	NaSSARI was supported to establish the various trials for groundnuts, Sesame, and SUnflower in addition to opening up multiplication gardens for the foundation seed	
Two workshops for review, validation and release of new varieties convened	Not done as it was not planned for this quarter	

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Annual Planned Outputs	Cumulative Outputs Achieved by End of Quarter
Project:1772 National Oil Seeds Project	
PIAP Output: 01041203 Farm level production increased	
Programme Intervention: 010412 Strengthen the agricultural inputs markets and distribution systems to adhere to quality standards and grades	
Makerere University facilitated to increase production of Organic fertilizer (Rhizobia) Supply Chain Schemes to increase productivity and to protect the environment.	Makerere University facilitated to increase production of organic fertilizer supply and opened up soybean trials in at least six locations—Nabuin, Nakabango, Bungiyanya ZARDI, Rwebitaba ZARDI, Kachwekano ZARDI, and Arua—to assess their performance and adaptability to the environment as well as their productivity
Four farmer group Exchange visits for the Hubs undertaken	No action has been implemented as it was rescheduled for Q4 during the cropping period for better experience sharing and casing the best practices
A total of two hundred (200) farmer groups trained in VSLA governance and book keeping in the six hubs.	Two credit clinic and VSLA trainings conducted in the two hubs (Northern and Mid-Northern) the Acholi and Lango subregion for 367 farmer leaders to be ToTs from 50 farmer groups
Quarterly and annual review and planning meetings held.	Four quarterly (Q1, Q2, Q3 and Q4) review and planning meetings conducted to inform project progress
Monitoring and supervision of the construction of community access roads, (under the component of support to market linkage infrastructure) in the six hubs undertaken.	Quarterly and supervision Missions were conducted to assess the progress of construction of 1,034 km of community access roads under the project in the six hubs. This is done in collaboration with the district engineers and the parish development road committees to ensure ownership.
Visibility Materials(Branded Diaries, pull up banners, tear drops, drop down banners, Mugs and Bags) produced and distributed in all the 6 hubs	Visibility materials, thus Banners and transformational storybooks for the various exhibitions were procured
Grant for private investment	The action was not implemented as it was dependent on procurement of tractors and the private service providers (PSPs) to support the farming community in access to mechanization services for opening up the production land and also support value-addition activities. The investment model has been developed and approved by the ministry management for adoption by the value chain actors involved in the oilseed sub-sector.
PIAP Output: 01041101 Farm level production increased	
Programme Intervention: 010411 Strengthen the agricultural extension system	
A total of three hundred (300) assorted farm Tractors procured and distributed to selected farmers, farmer groups and organizations ensuring that 45% of women and youth benefit.	The procurement process for the tractors was initiated; however, by the close of the financial year, the service providers had not yet been contracted. The delays were due to the complex nature of the procurement process.
Training of five hundred (500) agriculture mechansiation technicians (farm equipmnet operators, technicians, mechanics and artisans) undertaken in all the hubs.	The training was not conducted as planned, as it is dependent on the procurement and delivery of the tractors
Quarterly monitoring missions on the tractor operations undertaken in all the project districts	The monitoring missions were not conducted as planned, as they are dependent on both the procurement and delivery of the tractors, as well as the training of the operators.
Climate risk and vulnerability assessment of all the project districts undertaken	The project conducted two seasonal environmental and social screenings of the demonstration gardens in the project districts. This activity forms part of the climate risk and vulnerability assessment at the group level and ensures compliance with environmental and climate assessment procedures.

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Annual Planned Outputs	Cumulative Outputs Achieved by End of Quarter
Project:1772 National Oil Seeds Project	
PIAP Output: 01041101 Farm level production increased	
Programme Intervention: 010411 Strengthen the agricultural extension system	
4 Multi Stakeholder Platform hub level meetings in the six hubs conducted	Four (4) Multi-stakeholder platforms were conducted in the Mid-Northern, Eastern, Northern, West Nile, and Mid-Western hubs.
Assorted farm inputs for the 2,400 acres of farms including 52 tons Soya bean, 20 tons Sesame, G.nuts 14 tons and Sunflower 20 tons, soil test kits, spray kits, fertilizer and other agrochemicals procured and distributed.	The project procured assorted farm inputs to support 2,400 acres of farmland. These included 52 tons of soybeans, 20 tons of sesame, 14 tons of groundnuts, 20 tons of sunflower, soil testing kits, spray kits, fertilizers, and other agrochemicals. The inputs were delivered to 200 Local Seed Businesses (LSBs) and 810 farmer groups across the project districts. These inputs were for the multiplication of the quality Declared Seed by the LSBs and certified seed by the farmer groups.
Certification of 200 Nucleus farmers in the project districts (6 hubs) in liaison with MAAIF's Seed Certification department supported ensuring that women ,youth and PWDs benefit.	200 nucleus farmers in the six hubs (81 project districts) have been inspected by the National Seed Certification services under MAAIF to ensure that they are able to multiply foundation seed and increase availability of quality seed on the market and ease access by the farmers.
Training of trainers for all 567 District Extension staff in the project districts conducted.	A total of 486 district extension staff (district and sub-county agricultural officers) were trained in the production of Quality Declared Seed (QDS) in collaboration with the National Seed Certification Services (NSCS). The trained staff are expected to guide farmers and Local Seed Businesses (LSBs) in producing quality and certified seed, thereby increasing the volume of quality seed available on the market.
A total of six (6) sensitization meetings of the small holder farmers within the 6 hubs on good agronomical practices conducted ensuring that women, youth and PWDs participate.	Six sensitization meetings targeting smallholder farmers were conducted across the six hubs: Eastern, Karamoja, Mid-Northern, Mid-Western, Northern, and West Nile. The meetings focused on farmer groups with representation of women, youth, and persons with disabilities (PWDs). A total of 810 farmer groups were sensitized on good agronomical practices, post-harvest handling, and the production of quality declared seed.
A total of two (2) implementation and support missions (IFAD) participated in.	Two IFAD Implementation Support Missions were conducted in the Northern, Mid-Northern, and Eastern Hubs, with active participation from the project team. The missions visited selected farmer groups in the districts of Lira, Oyam, Otuke, Kwania, Nwoya, Gulu, Omoro, Pader, Lamwo, Bukedea, Kapelebyong, Soroti, Sironko, Tororo, Namutumba, Bugiri, and Jinja. Meetings were held with District Local Government officials, farmer groups, cooperatives, and small-scale millers, including P'kwi Cooperative in Bukedea.

Programme Intervention: 010305 Strengthen enforcement and adherence to product quality requirements including; food safety, social and environmental standards, grades, etc.

Quarterly surveillance for monitoring invasive aquatic weed in 50 hot spots on lake-Victoria and L. Kyoga conducted	Surveillance of 4 hotspots at Kamuwunga, kikooge ,kagera and portbell, landing sites in Kalungu and Nakasongola Districts
Data on fish production and marketing collected from 5 major water bodies	Data collected on lake Victoria i.e. in Wakiso, Masaka, Kalangala, Kampala, Jinja, Buikwe and Kalungu. This in addition to the earlier one done in lake Kyoga. Data from fish production and marketing on Lake Kyoga in Kwania, Kayunga, Pallisa, Serere, Kumi, Apac, Amolatar in previous quarters. Conducted catch assessment surveys for collecting fish production data on L. Albert in the Districts of Buliisa, Pakwach, Hoima, Kagadi, Kikuube, Ntoroko and Zombo in Q4
Fish breeding areas protected and 40 fishing communities trained on protection of breeding areas	Fish breeding areas done in 5 breeding areas in 5 district protected and communities trained. Kalangala, Mukono, Buvuma, Wakiso and Mpigi. This is in addition to the earlier ones done in Buyende, Nakasongola, Serere, Amolator, Apac in the first half of the FY. Developed a tool and conducted community based validation of 6 FBAs. Trained 6 fishing communities around Fish breeding areas (FBAs) on management and benefits of protecting FBAs in the Districts of Buliisa, Pakwach, Ntoroko, Kikuube, Kagadi and Hoima in the 4th quarter.

Quarter 4

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To ensure the participation of women and youth in the various agriculture programs financed by Government
Issue of Concern:	Low uptake of Microscale irrigation equipment by women and youth
Planned Interventions:	Support Local Governments in undertaking sensitization on the Microscale Irrigation Programme
Budget Allocation (Billion):	1.000
Performance Indicators:	No. of Local Governments supported to undertake sensitization on Microscale Irrigation Programme(135 LGs) No. of women who express interest in participating in the Microscale Irrigation Programme
Actual Expenditure By End Q4	0.02
Performance as of End of Q4	Printed and shared gender information with Ministry stakeholders during quarter 4
Reasons for Variations	Done as planned

ii) HIV/AIDS

Objective:	To reduce HIV/AIDS spread and prevalence among Ministry staff the farming community in order to avert its likely effects on agricultural production.
Issue of Concern:	HIV Spread and prevalence amongst staff and Communities especially landing sites and around major fishing bodies
Planned Interventions:	Organize health camps and offer HIV testing services at the Ministry and support infected staff to start treatment Distribute condoms to both male and female staff Support the HIV infected and affected staff through Counselling
Budget Allocation (Billion):	0.650
Performance Indicators:	No of health Camps organized(Atleast 2 health camps organized) No. of male and female Condoms distributed-(30,000 Condoms) No. of staff Counselled -(Atleast 300 staff counselled)
Actual Expenditure By End Q4	0.1
Performance as of End of Q4	Offered counselling services to HIV affected and infected staff during the 4th quarter.
Reasons for Variations	

iii) Environment

Objective:	To ensure that the national objective of transforming agriculture from subsistence to commercial is attained in an environmentally sustainable manner.
Issue of Concern:	Due to the changes in the global environment patterns and the changes in population growth/pressures, the requirements to produce enough food is changing, there is declining soil fertility as well as declining fish catch
Planned Interventions:	Capacity of farmers developed on issues related to Sustainable Land Management (SLM) as well as sustainable water management; Local Government extension workers trained in Farmland planning (FP) and Farming systems activities and technologies.
Budget Allocation (Billion):	3.470
Performance Indicators:	No. of farmer groups trained on Sustainable Land Management and sustainable water management (20). No. of extension workers trained in farmland planning and farming systems(500)
Actual Expenditure By End Q4	1.2
Performance as of End of Q4	Sensitized the staff and stakeholders on climate smart actions and agricultural practices especially under the Climate smart agriculture project in the Ministry

Quarter 4

Performance highlights for the Quarter

During Quarter 4 of FY 2024/25, the Ministry of Local Government demonstrated strong performance in recurrent expenditure management. Wage and non-wage budgets were released at 100% of their annual allocations, with utilization rates of 98.8% overall. This reflects effective alignment between releases and expenditure commitments, ensuring smooth salary payments and operational continuity. However, projects continued to experience systemic issues under the Development budget including procurement delays, implementation lags, and limited capacity in managing large-scale initiatives.

Despite these financial challenges, the Ministry made commendable progress in service delivery and institutional strengthening. Key achievements included ongoing construction of water infrastructure in 6 districts under the LEGS projects; completion of designs for 154kms of Community Access Roads to be rehabilitated under RUDSEC; training of road committees in 81 participating DLGs under NOSP; support to women and youth graduates from the 19 Presidential Hubs to form SACCOs; Orientation of 5 LGs' Political Leaders on their roles and responsibilities; Finalisation of the Annual PDM Status report; One Regional engagement with LG Auditors and Planners on PDM implementation; Finalisation of the MoLG Strategic Plan for FY 2025/26- FY 2029/30 alongside ongoing reforms in waste management and legislative frameworks to improve local governance.

Variances and Challenges

The Ministry of Local Government faced a range of challenges in budget execution, which had significant implications for its ability to meet its objectives and deliver services effectively. These challenges included inadequate funding, procurement delays and difficulties in monitoring and supervision.
1. Inadequate Funding for the Ministry’s Mandate: The Ministry was confronted with a 57% reduction in the Non-Wage and GOU budget components. This funding shortfall severely limited the Ministry’s ability to carry out essential activities such as monitoring Local Governments, capacity building, and governance oversight. As a result, service delivery was compromised, governance structures were weakened, and the Ministry struggled to fulfill its responsibilities effectively.
2. Procurement Delays: Projects continued to experience delays in procurement processes. These delays hindered the Ministry's ability to meet its goals, including infrastructure development, road construction, and the effective implementation of the Parish Development Model (PDM).

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Programme:01 Agro-Industrialization		
SubProgramme:01 Institutional Strengthening and Coordination		
Sub SubProgramme:01 Local Government Administration and Development		
Departments		
Department:004 Local Economic Development		
Budget Output:000046 Local economic development support services		
PIAP Output: 01020401 Mobilize and coordinate the rehabilitation of existing non productive agro processing facilities		
Programme Intervention: 010204 Establish new and rehabilitate existing agro-processing industries to minimize negative environmental impacts for processing of key agricultural commodities		
Coordinate the Rehabilitation of Non-Functional Agro-processing Facilities (APFs) and provide support supervision and inspection in 4 LGs across the country	Conducted a meeting with district leaders and visited sites to assess on operationalisation of APFs in 4 lgs of Kasanda DLG (Kasarda Kiganda ,Manyogaseka) Mityana DLG (Bulera) Mubende DLG (Butorogo)and mubende Municipality find out how these APFs link to PDM Implementation The team found out that the Government established APFs are working below capacity due to limited supply of raw materials, but also affected by high cost of power ,other have resorted to use of diesel which is also expensive however the team noted that Most government established APFs in the region contribute to the realisation of PDM Objectives , you would greatly see the milling machines adding value to the raw material.	No Variation
Undertake Technical Support and supervision in the implementation of Catalytic Agri-Business projects under Agri-LED in 3 LGs (Rwenzori Sub Region	Conducted a follow up support supervision and had meeting with the district leaders and contractors on the Agri-LED Project implementation in 3 LGs of Bundibugyo, Kabarole fort portal city, The projects have stalled behind due to minimal supervision from Ministry of works , as NAADS is no more Contractors have been left on site alone There is minimal supervision from the Implementing districts them selves Out of 54 flagship projects only 3 have not yet been completed and these include Busunga border market, in Bundibugyo, Rwihamba market in Kabarole, Kicureta in Ft portal city The ministry is commited to coordinate key stakeholders and have these projects completed	No variation

VOTE: 011 Ministry of Local Government

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01020401 Mobilize and coordinate the rehabilitation of existing non productive agro processing facilities		
Programme Intervention: 010204 Establish new and rehabilitate existing agro-processing industries to minimize negative environmental impacts for processing of key agricultural commodities		
Under take technical backstopping and coordination of LGs in the operationalization and management of the developed 5 regional Presidential hubs for skilling, Value addition across the country	Mobilized women and youth to join the Presidential Industrial hubs SACCOs. Out of this mobilization drive, 176 LGs (Districts, Cites and Municipalities) presidential industrial Hubs SACCOS have been formed in different LGs to aid access to finance to fresh graduates from the regional Hubs. So far 5 members of each SACCO have been elected as interim leaders. These includes Chairperson, Vice chairperson, Secretary, treasurer, and mobiliser	The variation is as a result of the support from State house
PIAP Output: 01560101 Public -Private dialogue guidelines developed		
Programme Intervention: 010602 Strengthen linkages between public and private sector in agro-industry		
undertake Dissemination of Public Private Partnerships Guidelines to 07 LGs including cities, districts and Municipalities	Undertook training of 25 LGs of Oyam, Pakwach Nwoya , Gulu on PPPs and disseminated public private partnership guidelines in LGs With support from GIZ PRUDEV II, we disseminated PPP Guidelines to 21 LGs KiTgum , Kitgum MC, Lamwo, Agago, Pader, Gulu, Gulu GLG, amuru, Nwoya, Adjumani, Omoro , Oyam , Kole, Apach Apach mc, Amolatar, Dokolo, Lira city, Lira Dstrict , Alebetong, Emerging Issues across all LGs I. All LGs did not have any PPP project in place despite the fact that many sectors (health, education, water, roads, Tourism…etc.) in the chain of service delivery had challenges that required urgent intervention. II. All the visited LGs recognized that in light of financial limitations in the current funding arrangements, PPP model is an important one needed to drive locality growth. III. All LGs promised and committed to develop projects as guided. IV. Noted that that there are lands that are being unutilized yet these could be used as a contributing effort towards a	The variation of 18 is as a result of support from GIZ PRUDEVII

	Trained and built capacity of relevant 4 Local Governments of Mbale DLG, Tororo DLG, Busia DLG and Bugiri DLG in industrial park development- Key findings 2.1 Bugiri DLG The LG has not submitted land to Uganda Investment Authority for the formation of an industrial park. In 2019 the Uganda Free Zones Authority (UFZA) engaged Bugiri DLG to provide land for development of a Free Zone and signed an MOU however all stopped there. Outcomes 1. The LG will write to the Uganda Free Zones and Export Promotions Authority (UFZEPA) to check on how the issue can be re-initiated. 2. The LG would like to share information on the previous engagement to see if MOLG can support to engage UFZEPA on the issue of setting up a free zone. 2.2 Busia DLG LGs close to the boarder were given an opportunity to develop industrial parks for production of goods targeting the COMESA market and the council approved 300 acres where 130 acres are occupied by developments linked to the park including a Hospital,	No variation

Programme Intervention: 170402 Introduce community score cards of local government performance	
New policy directives disseminated and feedback on service delivery challenges from LG Accounting Officers discussed and addressed in the Quarterly Meetings.	3 quarterly meetings for 176 LG Accounting Officers held where the following among others were disseminated; Health supply chain in LGs, Regional mass business registration in local business and integrating climate change in Local Government planning and programming. The meeting facilitated the enhancement of Strategic Visioning, Ideological Orientation, Statement on Climate Justice and Service Delivery in Uganda, Performance Assessment tool for CAOs and TCs for FY 2025/26, Transforming Mindset and Culture. The Key to Eradicating Corruption in Local Governments, Strategic engagement on improving Coordination of Service Delivery through the District/City Integrity Promotion Forum (DIPFs/CIPFs) and Standard Operating Procedures and Guidelines during the mass enrollment and renewal exercise, Leadership Skills and Capacities of the Local Government Accounting Officers to improve of Service Delivery for Social Economic Transformation in the Local Governments
Performance Improvement Plans developed for 6 least performing Local Governments in the LGMSDA	Development of Performance Improvement Plans for least performing LGs in LGMSD Assessment was undertaken conjointly under the UgIFT Programme. Following the 2024 Local Government Management of Service Delivery results, MoLG identified 24 Local Governments (LGs) with the lowest performance, Performance Improvement Plans were developed for the LGs. LGs supported include; Kaliro, Luuka, Kamuli, Kamuli MC, Bugweri, Mayuge, Iganga MC, Tororo, Masaka, Masaka City, Lyantonde, Gomba, Bududa, Kapchorwa, Sironko, Karenga, Njeru MC, Kibuku, Butaleja, Butebo, Madi-Okollo, Buvuma, Ntoroko, Bundibugyo
ULGA supported to undertake its administrative activities	UGX. 20,000,000/= was transferred as subvention to ULGA used to: 1. Pay for an instalment of NSSF. 2. Prepare and present a position paper to the Parliamentary Committee of Education on Recruitment Process of Head Teachers and Deputies in Seed schools. 3. To prepare and present a position paper to Parliament regarding the Valuation Bill 2024. ULGA strongly recommended the prominence of Local Governments in the entire valuation function to reduce the bureaucratic inefficiencies and contribute to the social economic transformation of the Country.

Quarter 4

Performance highlights for the Quarter

These include;
I. LAND ADMINISTRATION & MANAGEMENT
-UGX 21.265 bn revenue generated.
-Guidelines for registration of customary land finalized.
-Draft Land Acquisition, Resettlement, & Rehabilitation policy developed & submitted to Cabinet Secretariat.
- 86,438 land titles issued to men and women.
-167 land titles issued in fragile ecosystems cancelled
-4 Parish Boundary maps for Tororo developed
-10Km of National (inter district) boundaries affirmed in Bukasa Luwero to reduce border disputes.
-1 Large Scale Town/City Map for Lira revised
-5 Map sheets digitized and revised for Lake Mburu National Park
-19,927 property valuations carried out and supervised
-391,490 Parcels for men and women adjudicated and demarcated
-RIA and Principles for the Land Act, Registration of Titles Act and Trustees Incorporation Act developed
-Land values collection software developed
-Draft Principles for the Trustee incorporation Act Developed for the amendment
-31 land acquisitions for Government infrastructure projects supervised
II. PHYSICAL PLANNING AND URBANIZATION
-Guidelines for preparation and implementation of PDPs finalized
- Action area plan to protect and preserve eco systems in Kitgum prepared
-Street naming and addressing guidelines have been developed
- Stakeholder engagements to onboard new Municipalities to the UCMID project undertaken
- Readiness assessment for UCMID conducted in the 10 cities, & 26 MCs
III. HOUSING
-Draft 3 of the Real Estate Bill was finalised and submitted to MoJCA
- 1 Affordable housing project proposal for industrial workers designed & developed.
-Land for housing projects identified in Kapelebyong, Alebtong, Amolatar & Dokolo districts
-Temogo Slum in Lira City profiled
IV. INSTITUTIONAL CORDINATION
-Client charter & Access to information manual prepared
-Draft Ministry Strategic Plan IV developed
-74 Land disputes on UGIFT sites on UGIFT sites profiled & 15 mediated
-Titles for 7 UGIFT HCIIIs processed & issued.

Variances and Challenges

The Ministry GoU budget performance stands at 100% as of Q4 and External financing of 118.2%.
