Variances and Challenges

VOTE: 414 Mubende Regional Referral Hospital

Quarter 4

Vote challenges
• Medicines and health supplies: Although the lead time for the deliveries improved, overall stock availability decreased from 75% to 72% this can be attributed to higher proportion of undelivered cycles 5 &6 ordered items. Decrease in stock availability led to disruption in patient management, increased frustration among service providers and patients' as well among others.
• Decline in number of service providers (partner funded) and Slow integration of services following the pull out of some Partner funded programs
• Epidemic management: The hospital continued to manage cases of with no additional resources hence shortfall's in health supplies and demoralized staff

800 X-rays done quarterly.	1136 X-rays done quarterly.	
700 U-sound scans done quarterly.	585 U-sound scans done quarterly.	The quarterly U-sound scans reduced compared to q3 due to inadequate supplies.
27,000 lab tests done quarterly.	38,321 lab tests done quarterly.	Laboratory contacts increased due to resumption of the lab support from CPHL and other IPs, increased utilization of the gene expert machine, availability of CBC reagents, increased, and increased scope of the tests, lower facilities send tests to the regional hub using hub riders.
200 CT scans done for all clients.	179 CT scans done for all clients	The scans done in q4 were slightly lower than in q3 probably due to decline in need for the service or alternative imaging modalities which are less costly given that its financing is out of pocket

Variances and Challenges

High disease burden leading to Admissions, increased referrals; Overcrowding due to high admissions & slow turnover; Delayed diagnostics & discharge; Weak prevention, high transmission for TB/Malaria/HIV Incidence; Low screening, poor community awareness contributing to NCD Diagnoses; X-ray/ Ultrasound Equipment downtime and staff shortage; Inadequate blood supply & donor turnout for blood donations; Missed outreaches due to reliance on static outreach approach, caregiver hesitancy for children immunization services; Over estimation of pension due to the abolishment of office for the nursing assistants which Ministry of Health later reversed its position due to the lack of gratuity for the cadres.

Performance highlights for the Quarter

The Hospital attended to:
Inpatient Services
a) 5,188 Patient Admissions
b) 8,912 Major and Minor Operations including Caesarean Section

Diagnostics
a) 2,655 Ultrasound Scans
b) 1,073 X-rays Examinations Done
c) 47,242 Lab diagnostic packages offered and 849 blood transfusions

Immunization
a) 2,321 Tetanus immunizations Done
b) 7,138 Children immunized all Immunizations

Outpatient Services
a) 52,190 General OPD Attendances
b) 2,828 Trauma and emergency services provided
c) 154 Ambulance services provided
d) 283 Patients referred to the hospital
e) 39,847 Patients accessing specialized health care package

Variances and Challenges

Entire fleet of vehicles is due for Disposal, Including Ambulances.

A limited non-wage budget is still a challenge to the Hospital given the volume of patients and existing infrastructure
Human resource Vs Patient load.

Limited Work space.

High Power consumption by the New Oxygen Plant which exceeds the available funding
The Oxygen plant supplies Other nearby health facilities like Entebbe RRH, Butabika, among others.

80% of the assets are due for disposal (CT Scan, Orthopedics Equipment, X-Ray Machine, Furniture, Laundry machine, CSSD, Dental Equipment, e.t.c)

Performance highlights for the Quarter

During Q4 FY 2024/25, 100% of staff received salaries and pension on time and this was basically due to availability of funds
Records and Information are being managed electronically using the eAFYA system deployed across all the departments, ALIS in the laboratory and Uganda EMR in the chronic care clinic to capture ART patients' data. This was achieved through conducting Continuous Medical Education (CMEs) and one on one sessions with health workers. However, the interoperability of these systems still remains a priority.
The hospital has consistently Compiled and submitted the HMIS reports on time and this data has been used to plan the day to day running of activities on wards
Entebbe RRH tested 4,645 clients for HIV. Of these 87 (1.7%) were newly identified HIV positive and all were successfully linked to care. This performance was achieved through offering HIV testing services to people at the facility and also conducting targeted community outreaches.
During Q4 Fy2024/25, Entebbe RRH conducted 849 ultra sounds, 434 X-rays compared to the target of 300 and 200 respectively. This performance was through subsidized charges to patients who seek for these services.
16,062 laboratory tests were done during the quarter which represents 51% of patients who sought for services during the quarter, and this was achieved through availability of reagents to use in running tests. Entebbe RRH had 3,424 admissions compared to the target of 500.
Bed occupancy rate improved to 88.7% and this was due to improved documentation of discharge dates by using the eAFYA.
Entebbe RRH had 6,911 specialized Outpatient attendances; 31,502 General Outpatient attendances compared to the set target of 250 and 500 respectively. This was achieved through capturing data electronically using eAFYA that has reduced on the data loss.
During Q4 Fy2024/25, Entebbe RRH achieved 2,663 total antenatal attendances, 583 family planning users compared to the set target of 100 for both.

Variances and Challenges

308,000,000 million shillings was not spent during the Quarter because projections for Gratuity had been made before one of the senior consultants was given a transfer to Lira RRH. 87,000,000 Million shillings not spent on pension because one staff had a documentation gap in the date of birth, while other two had not been transitioned from IPPS to Human Capital Management System (HCMS)
Some of the challenges encountered during Q4 included the following;
- M-pox epidermic increased recurrent costs like power, water, fuel and building maintenance
- Inadequate staffing where by the hospital staffing level is at only 21.8% of the new structure
- Increased patient number by 13% compared to previous quarter
- Irregular water and power supply from the national grid affected service delivery at the hospital.
- Inadequate funds

Performance highlights for the Quarter

By the end of quarter four, the hospital had received a total of UGX 15.154 bn of which UGX 5.824 bn was wage for both medical & health workers, while UGX 8.330 bn was non-wage for recurrent activities. Of the funds received 93.0% was spent on wage while 97.6% of the money released was spent on non-wage recurrent activities. The hospital received a supplementary of 1.3bn which led to the
increase of the released funds from 100% to 120 % and the hospital is currently operating private wing services
Below were some of the achievement by the end of quarter three.
9,761 X-rays exams were done, 28,273 immunization doses given, 22,420 inpatient admissions, 139,004 general outpatients seen and 8,932 ultra sound scans done, 3 blood donations carried out, all above target. 4 laboratory Quality Management System Review
meetings held at the Referral Hospital. Routine medical equipment maintenance done.
Two CQI internal support supervision done.
Four integrated and specialized community outreaches and support supervision was conducted in lower facilities.
The hospital management board meeting took place, that guide on best hospital leadership. Held Medical and surgical camps.
The hospital continues to implement EMR Electronic medical records management system aimed at going paperless at different point of care.

Variances and Challenges

In terms of Wage, the hospital received 100% wage of its annual budget and managed to spend 93% . This is due to delayed clearance to recruit and delayed deployment of staff which led to un absorption of all the wage.
In terms of Non-Wage, the hospital received 120% of its annual budget (supplementary inclusive) and spent 117.2% of the funds released. The underperformance in terms of expenditure was majorly due to utilities which have been affected by the partial opening of some hospital units.
Some other challenges
The hospital was still operating at the staffing level of 15.8% which has affected timely implementation of some Hospital activities. The hospital currently serves approximately 300 outpatients/clients daily due to the increasing number of patients from within and outside the catchment area.
Lack of a CT scan led to increased referrals out. Un stable power which has led to disruption in service delivery for example EMR usage. Inadequate production of oxygen due to the limited capacity of the oxygen production plant.

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	To address issues that cause vulnerability and gender inequality at the work place through the following Gender mainstreaming in the hospital activities, committees and set rules that accommodate both men and women . To functionalize the youth friendly corner to strengthen youth and adolescents services in the region regarding matters that affect the young adolescents as well as create innovative ways to empower them Assign a gender focal person to coordinate planning and implementation of gender related issues in a health care setting. To Set up a clinic for the elderly persons that come to seek care from the hospital and Strengthen the mother baby care points through programming, equipment, infrastructure and staffing.
Issue of Concern:	Marginalization and exclusion in respect of social and health services still remains a matter of concern among the population due to such biases as gender, age and other other physical disadvantages
Planned Interventions:	Gender mainstreaming in the hospital activities committees and rules to accommodate men and women; Set a clinic for the elderly persons that come to seek care; Strengthen the mother-baby care points through programming and care, assign a gender focal pers
Budget Allocation (Billion):	0.100
Performance Indicators:	%ge representation of females on all committee, Weekly clinic for the youth and elderly in place at the OPD, Mother-baby point established, a gender focal person assigned Provision of free maternal child health services Provide delivery beds and toilet
Actual Expenditure By End Q4	0.1
Performance as of End of Q4	Youth and adolescent center strengthened. The buildings cater for the physically challenged people such as toilets and ramps
Reasons for Variations	NIL

ii) HIV/AIDS

Objective:	To support and strengthen efforts to reduce Low retention rate for clients in care and Poor identification of new positives by Scaling up index-testing, targeted testing and use the social networking strategy for testing. Differentiated care delivery package for purposes of refill for those clients in care and Tracking lost clients
Issue of Concern:	High HIV prevalence rate of 6.6% in Kayunga Region, but uptake of testing services is low as many people live far in the rural poorly linked communities in terms of road network
Planned Interventions:	Test and treat Safe male circumcision Retain clients under care Suppression of viral load to undetectable level Treatment of all HIV+ pregnant mothers to eliminate infection of mother to child in new born, community outreach, drug distribution to nearby
Budget Allocation (Billion):	0.710
Performance Indicators:	Number of clients tested and positive clients enrolled into care 100% pregnant HIV+ mothers initiated on ART Reduction of new infections by 15% Increase retention on treatment form 60% to 75%
Actual Expenditure By End Q4	0.60
Performance as of End of Q4	13073 people tested for HIV (206 were positive). Enrolled 121 pregnant mothers. Carried out 733 Safe Male circumcisions
Reasons for Variations	NIL

iii) Environment

Objective:	To improve Medical waste disposal by Adopting and customizing universal IPC protocols Training at least 80% of staff in Infection Prevention and Control Ensure at least 70% waste segregation from point of generation to point of disposal Implement the 5-s and Kaizen strategies of quality improvement in at least 70% of the hospital units.
Issue of Concern:	Its noted that practices and principles of environment management and protection are not effectively observed leading to environmental destruction that poses risks to the health of the people especially women, elderly and children
Planned Interventions:	Proper waste management through segregation Proper cleaning of wards and the compound Prevention of facility-based infection Support and strengthen the Infection prevention and Control Committees Planting trees around the hospital
Budget Allocation (Billion):	0.120
Performance Indicators:	Properly color coded waste bins in place Recommended observed waste segregation practices well cleaned Units and hospital compound Functional Hospital infection and prevention committee put in place with meeting minutes
Actual Expenditure By End Q4	0.11
Performance as of End of Q4	Practiced proper waste management through segregation & used Properly color coded waste bins. Recommended waste segregation practices, well cleaned Units and hospital compound Strengthened infection prevention & control committee which is functional. Planted 80 trees around the hospital compound
Reasons for Variations	NIL

iv) Covid

Objective:	To engage in efforts aimed at mitigating further spread of covid-19 among the community within the region by emphasizing standard operating procedures and supporting mass vaccination against covid
Issue of Concern:	Recognizing the devastations from rampant wide spread infections and critical illness that afflicted the population and eventually the economy, the need to plan mitigation measures to avoid further resurgence of the disease
Planned Interventions:	1. Strict observation of standard operating procedures as guided by Ministry of Health from time to time in the facility. 2. Ensure availability of personal protective equipment and infection control and prevention 3. support vaccination against covid-19
Budget Allocation (Billion):	0.100
Performance Indicators:	70% Number of clients tested for covid-19 100% of clients vaccinated
Actual Expenditure By End Q4	0.1
Performance as of End of Q4	Strict observation of standard operating procedures as guided by Ministry of health from time to time in the facility. Procured personal protective equipment

Performance highlights for the Quarter

By the end of FY 2024/25, the hospital received UGX 11.682 billion, slightly up from UGX 11.357 billion in FY 2023/24 and UGX 10.934 billion in FY 2022/23. Wage allocations rose to UGX 6.282 billion, with 98% (UGX 6.149 billion) spent, improving from 78% in FY 2023/24 (UGX 5.282 billion allocated, UGX 4.096 billion spent) and 84% in FY 2022/23. Non-wage funding (including NTR supplementary) was UGX 5.605 billion in FY 2024/25, UGX 6.075 billion in FY 2023/24, and UGX 5.652 billion in FY 2022/23, with a 100.3% absorption rate in FY 2024/25. Diagnostic services declined across all three years. Lab tests fell to 68,735 in FY 2024/25, from 71,615 in FY 2023/24 and 81,622 in FY 2022/23. Ultrasound scans dropped to 8,752 from 10,090 and 15,008, and X-rays decreased to 5,577 from 6,030 and 7,418, respectively. Immunization services improved for children and women. In FY 2024/25, 58,493 children were immunized, up from 57,067 in FY 2023/24 and 20,280 in FY 2022/23. Women immunized were 38,823, rising from 23,420 in FY 2023/24 but down from 44,338 in FY 2022/23. Inpatient admissions declined to 9,916 in FY 2024/25, from 15,395 and 11,335 in the prior two years. However, major operations increased sharply to 5,462 from 2,445 and 2,304, following the arrival of a specialist and surgical camps. Deliveries rose to 2,910, up from 2,662 and 1,282. Inpatient referrals in were 3,129, compared to 3,242 and 1,282, while referrals out increased to 185 from 92 and 106. Outpatient attendance declined to 46,881 from 52,727 and 57,974. Antenatal visits dropped to 5,081 from 7,408 and 6,837, and family planning contacts fell to 1,436 from 1,974 and 2,540.

Variances and Challenges

Unstable and slow Network for IFMS; The Hospital continues to use IFMS services of the District due to the unstable Network of IFMS Network
Lack of internet source for the Hospital. The Hospital doesn't have an internet source such as NITA
Muddy and dusty Roads affect the referrals by the Hospital and also the functionality of some sensitive machines in the Hospital
Few numbers of utility vehicles; The Hospital only has two Utility Vehicles with one staff mini van (14 Seat Capacity) which is currently broken down

Quarter 4

Performance highlights for the Quarter

The Permanent Mission of Uganda successfully negotiated the Budget for the Entebbe Regional Service Centre and the budget was successfully passed at USD 46,154,000.

The Permanent Mission participated in the negotiations and adoption of the Sevilla Commitment of the fourth International Conference on Financing for Development. The Sevilla Commitment a renewed global financing for development framework contains concrete actions that the Member States and as other relevant stakeholders agreed to implement, in line with national circumstances and needs to address the financing for sustainable development.

The Permanent Mission of Uganda in New York also successfully participated and negotiated the budget for the United Nations Peace Keeping Operations and this was passed at USD 5.38 billion.

The Mission negotiated and adopted resolutions of interest to Uganda and Africa during the Second Resumed Session of the United Nations General Assembly between May and June.

The Mission successfully tabled the draft covenant on the right to development before the Membership of the Non-Aligned Movement and adopted a proposal to table the covenant before the General assembly.

The Mission successfully spearheaded negotiations as the chair of the NAM on the draft ministerial declaration to be adopted at the Ministerial in October, 2025.

The Mission successfully lobbied and campaigned for the election of Dr. Emmanuel Luyirika to the United Nations International Narcotics Control Board defeating candidates from Germany, UK, Australia and Canada.

The Mission successfully participated in the Annual Twegaite and Banyankole Kweteerana Conventions, with these avenues the mission is able to interact with various Ugandans in the diasopra to invest at home and also various Ugandan products such as Coffee, Honey and Waragi are displayed which could also widen market for these Ugandan products.

Variances and Challenges

The Permanent Mission of Uganda faces a challenge of growing high costs of living in the City of New York. As a result, all bills related to the mission have almost doubled over the years.

The Permanent Mission also faces a challenge of disgruntled local staff this is due to the fact that the Mission cannot fully incorporate the high costs of living into their respective salary increments every year as the Mission has a constantly fixed wage MTEF.

The Permanent Mission also faces a challenge of maintaining the Chancery and the official residence structures. The costs associated with fixing the heating and cooling system including the plumbing systems at both these residences is very high. The Mission is constantly seeking a complete overhaul of the heating and cooling system at the chancery building but this is still a premature discussion as the cost of overhauling the entire system is anticipated to be extremely high so the Mission keeps repairing these systems as and when they break down.

The Mission is also lacking a utility Van for the various delegations that visit the mission from time to time. As a result the Mission is always forced to hire transport for Visitors. The Cost associated with getting a utility Van for the mission will require an additional driver and an increase in the wage MTEF to cater for the new driver.

Attended 50 diplomatic events with countries of accreditation and other friendly countries resident in India.	I was Invited by the High Commissioner of the Republic of Rwanda to attend their 31st Commemoration Ceremony of the 1994 Genocide against the Tutsi in Rwanda. On Monday, 07th April at Bharat Mandapam, Auditorium-1, New Delhi. I was accompanied by the Research Assistant. I was invited for the 75th Indian Council for Cultural Relations (ICCR) at the ICCR, Azad Bhawan, IP Estate, New Delhi, 110002. It was a good event which many diplomats attended. The Chief Guest of the event was the Hon. Minister of External Affairs, Dr. Jaishanker. He embraced the conservation of Cultural Heritage. I was accompanied by Mr. Baker Balunywa the Education Attache and the Research Assistant. It was a good function worth attending. I was invited at a Reception of Namibia's 35th Independence Anniversary for the Republic of Namibia by the High Commission at Eros Hotel Ne

Performance highlights for the Quarter

-The Mission resumed normal operations mid November following reporting of the newly posted officers upon recall of the previous officers.
-Amb .Philip Odida(CDA) attended 68th UN Tourism Regional Commission for Africa and Thematic Conference which was also attended by the Minister of Tourism ,Permanent secretary and Delegation from Uganda.
-Amb. Philip Odida(CDA) Meeting with the head of Biashara Africa ,President, Prof. Carl Osunde in Lagos whose purpose was to underscore the mutual interest in collaborating to enhance business connectivity between Uganda and Nigeria. The organization was planning a Business Forum in Lagos later in the year and the two sides resolved to coordinate in preparation for the event.
- Minister counsellor Dr Omara Meeting with the Chief Executives of Nigeria Association of Chambers of Commerce and Industry, Mines and Agriculture (NACCIMA) in Lagos to determine the nature of collaboration with the Mission and NACCIMA. The discussions included; Status of Trade between Uganda and Nigeria, Export of Uganda products to Nigeria and Vice versa, Market survey in Nigeria, Collaboration on trade matters between Uganda High Commission and NACCIMA among others.
-Minister counsellor Dr Omara Meeting at Lagos Chamber of Commerce and Industry (LCCI) CEO and Director General, Dr Chinyere Almona, FCA,Ms Idorenyin Ekong, PA to DG, Mr Sola Oluwadare, Head Trade Promotion and Ms Esther: Head of events.The DG informed that LCCI organizes an annual trade fair called Lagos International Trade Fair (LITF).LITF this year will be held in November 2025.The Fair provides a platform for countries to exhibit their products and also a Business Forum where countries can make presentations.. The meeting ended with a call for more engagements and coordination with the Chambers of Commerce in Uganda and Nigeria. to enable participation in trade and investment exhibitions.
-Consular support(welfare ,accommodation) to a Ugandan in Benin recently released from prison.

Variances and Challenges

-Lack of a development budget for example the Mission vehicles are old & due for disposal which does not portray a good image for the Country.
-The unprecedented economic situation in Nigeria and security challenges impacts on the morale of officers and their capacity to deliver on agreed targets.
-The Mission is underfunded in spite of it's wide area of accreditation i.e. 15 Countries of accreditation which makes it hard to achieve set objectives.
-The Mission resumed normal operations mid November following reporting of the newly posted officers upon recall of the previous officers followed by other investigations which had an impact on implementation of planned activities for the year(delays).

	Meeting at NACCIMA offices with the Director General, Mr Olusola Obadimu, FloD and his team recommended the following markets for the undertaking the activity of market survey. This is because these local markets account for 90% of trade within Nigeria and so it is important to be familiar with the type of products the traders deal in and how Ugandan products can be introduced in the Nigerian market. The focus of the survey was mainly in agricultural products because Uganda has advantage in that .three products of interest that Uganda may have comparative advantage on were identified which included Beans, Chilli and maize.it was recommended that Institutions in Uganda should be informed of the potential niche markets that exist in Nigeria so that they may take advantage of it. Performance highlights for the Quarter

Tourism Indaba in Durban was conducted in May 2025 which gave Ugandans a room to showcase their products.
consular assistances extended to Ugandans detained in prisons where some were supported in repatriation with air tickets and supporting documents to return to Uganda.
Staff trainings conducted especially on financial management systems used at the mission.
Business and investment meetings conducted in cape town and chamber of commerce in Johannesburg. consular outreaches to Ugandan groups in areas of accreditation.
The mission also secured 200 post graduate (P.hd) scholarships from the university of KwaZulu Natal for Ugandans as was approved by the institution's vice chancellor and dean academics.

Variances and Challenges

High costs of living, excessive loss on poundage, high energy consumption levels especially during winter seasons. The mission is also experiencing maintenance challenges to the chancery and official residence due its nature and period of existence. there is also limited office space at the chancery. therefore expansion of the chancery and proper renovations of the official residence should be given funding priority.

Performance highlights for the Quarter

Participated in the National Restaurant Association Show in Chicago, USA and Coffee, Tea, Vanilla and Cocoa were marketed .
Participated in the Specialty Coffee Expo in Texas Houston. The Embassy in partnership with the Ministry of Agriculture, Animal Industry and Fisheries partnered with 08 Ugandan firms to exhibit various specialty coffees from Uganda.
Organized a Science and Technology symposium on Esophageal Cancer prevention and treatment in Uganda where US specialists in Esophageal Cancer trained Ugandan doctors on the insertion of stem in cancer patients.
Engaged in the prestigious Embassy Adoption Program, organized by the Washington Performing Arts Association, which facilitated educational opportunities for young Americans to learn about Ugandan culture and tourism.
Coordinated a Uganda-US Business Breakfast at the Ritz-Carlton Hotel in Georgetown, Washington, D.C., attended by key US private sector stakeholders in the energy, tourism, and health sectors. The Embassy continued discussions with 03 companies interested in investing in Uganda.
Organized the Pan African Cultural Festival in Macon, Georgia, which served as a platform to highlight Uganda's cultural treasures appreciated by tourists.
93 Passports were issued.
14,803 Visas processed, approved and issued
23 National ID applicants enrolled
06 Certificates of Identity issued to Ugandans
07 documents were authenticated and mailed out to respective applicants
93 Applicants enrolled at the Embassy were granted Dual Citizenships
15 meetings held with the US Departments of State, Department of Defence, Department of Commerce, Tour operators, Religious Groups and Business executives to promote the good image of Uganda.
Familiarization trip organized and funded six (06) American luxury tour operators/firms to give them first hand experience with Uganda's tourist products with a view to marketing them in when preparing tour packages to Africa in US market.
Participated in the 04 diaspora conventions.

Variances and Challenges

The Mission faces several significant challenges that hinder its ability to provide services effectively.
1. Outdated National ID enrollment systems limit the Mission's ability to undertake outreach programs that would bring the services closer to Ugandans in the diaspora.
2. The Mission area of jurisdiction includes the USA and 13 other countries. This large geographical area, coupled with inadequate resources in terms of human capital and financial resources, makes it difficult to effectively cover the territory to achieve the Mission’s mandate. It is very difficult to provide comprehensive services across such a wide geographical area with the limited staff and funds available.
3. The high cost of living in the USA, and in other countries, results in high recurrent costs such as rent, utilities, and wages. These high costs can easily exhaust the budget allotted for specific missions. In addition, this factor has also limited our ability to attract and retain the necessary human capital needed to maintain operations and to effectively deliver our mission. This also makes it harder to effectively cover the territory and achieve our mandate.

	The new Administration disbanded the USAID and transferred all its functions to the State Department which led to the freezing of funding in the interim. The Embassy had been immersed in diplomatic engagements with the Departments of State, the Foreign Affairs Committee of Congress and the White House to preserve funding for the most critical areas as we find lasting solutions for other areas. Indeed the Administration accepted to continue funding for HIV AIDS prevention and treatment programs under PEPFAR and, limited but critical peace and security initiatives of the country. A new country funding program is under discussion between the World Bank and the IMF, spearheaded by the Ministry of Finance, Planning and Economic Development on the Ugandan side.

USD 940 million mobilized from Overseas Development Assistance, USD 740 million from USAID and USD 200 million from IMF/World Bank	The new Administration disbanded the USAID and transferred all its functions to the State Department which led to the freezing of funding in the interim. The Embassy had been immersed in diplomatic engagements with the Departments of State, the Foreign Affairs Committee of Congress and the White House to preserve funding for the most critical areas as we find lasting solutions for other areas. Indeed the Administration accepted to continue funding for HIV AIDS prevention and treatment programs under PEPFAR and, limited but critical peace and security initiatives of the country. A new country funding program is under discussion between the World Bank and the IMF, spearheaded by the Ministry of Finance, Planning and Economic Development on the Ugandan side.

Performance highlights for the Quarter

The Mission coordinated the signing of the Memorandum of Understanding (MOU) between Uganda Heart Institute and Egyptian African Heart Association on the side-lines of the African Trans-Cather Conference in Cairo on 29th May. The MOU is aimed at increased funding to the Uganda Heart Institute.

The Mission coordinated the visit of Hon. Col. Tom Butime, Minister of Tourism, Wildlife and Antiquities in line with promoting bilateral cooperation in tourism and attracting Egyptian tour operators to visit Uganda from 9-12 April 2025.

The Mission participated in the Focus Africa Trade and Investment Forum held on 15-16 April. The Mission lobbied for funding for Small Medium Enterprises (SMEs) during a meeting between East African Community (EAC) Ambassadors and representatives from the Dangote Group.

The Mission engaged with several representatives of the 32 companies which participated in the Egypt Energy Exhibition (EGYPES 2025) held on 17-20 February 2025, at Egypt International Exhibition Centre. After the opening ceremony, the Mission also held a bilateral meeting with H.E Eng. Karim Badawi, Minister of Petroleum and Mineral Resources. We discussed ways of promoting cooperation, investment and value addition in energy sector.

Consular assistance was extended to 26 Ugandans stranded in Israel from 15th June as a result of Israel closing its air space during its recent war with Iran. The Mission coordinated with Uganda’s Honorary Consul in Israel to obtain safe passage through Jordan.

The Mission held a performance review retreat and training aimed at appraisal, enhancing feedback and Human Capital Management (HCM) capacity building for both homebased and locally recruited staff from 27-29 May 2025.

Variances and Challenges

The Mission in Cairo is currently located in Maadi, an area that is 67km from the New Administrative Capital (NAC). The Mission delivers documents to the Ministry of Foreign Affairs which already relocated to the NAC at least thrice a week. This means coverage of at least 402km for return journeys. This is strenuous and has major financial implications on fuel, fleet maintenance and facilitation.
The Mission proposes that priority should be placed on acquiring land in the NAC as soon as possible. This is because the value of a square meter of land gains value of $100 per annum. This means a delay in land acquisition leads to higher acquisition costs. The value of an acre currently stands at $1.2 million which is approximately Ugx. 4,304,357,800. The Mission needs two acres, one for the Chancery and the other for the Official Residence (OR). The cost of two acres is approximately Ugx. 8,608,715,600.
Alternatively, the Mission could opt to rent property in New Cairo, a city that is closer to the NAC. New Cairo is a satellite city within the governorate of Cairo, Egypt, and the metropolitan area of Greater Cairo. The distance between the NAC and New Cairo is 39km, almost half of the distance covered from the Chancery to the NAC. The financial implication on the Mission’s rent budget is estimated at Ugx. 1,093,500,000.
The Mission has been set up on the Integrated Bank of Projects (IBP) system by MOFPED to initiate the evaluation and feasibility of this relocation. The Accounting Officer and the Financial Attaché will commence training on the IBP in the upcoming financial year.

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

Objective:	Ensure female full and effective participation and equal opportunities for leadership at all levels of decision making in political, economic and public life.
Issue of Concern:	Human Trafficking; Women and girls made up 60% of all victims in 2020. They're also three times more likely to experience extreme violence. The share of male victims has also been increasing.
Planned Interventions:	a) Developed schedule of Duties befitting health considerations, pregnant and breast-feeding mothers. b) Observed the granting of full maternity and paternity leave for officers. c) Ensured gender balance, in the recruitment of Local Staff.
Budget Allocation (Billion):	0.005
Performance Indicators:	a) Schedule of Duties befitting health considerations developed. b) Full maternity and paternity leave for officers observed and granted. c) Ensured gender balance, in the recruitment of Local Staff.
Actual Expenditure By End Q4	0.005
Performance as of End of Q4	The Mission observed full maternity and paternity leave for officers and also ensured gender balance in the recruitment of local staff.
Reasons for Variations	No variance.

ii) HIV/AIDS

Objective:	To provide a framework for prevention of further spread of HIV and mitigation of the socio-economic impact of HIV/AIDS within the world of work in Uganda.
Issue of Concern:	HIV/AIDS has an adverse impact on the domestic tax base, and thus on government revenue. High HIV prevalence external grants account for a large proportion of general health expenditure.
Planned Interventions:	1. Scaling up HIV/AIDs prevention, care and social support to staff. 2. Promoting a culture of living a responsible lifestyle.
Budget Allocation (Billion):	0.005
Performance Indicators:	Increased HIV/AIDs prevention, care and social support to staff. A culture of responsible living promoted.
Actual Expenditure By End Q4	0.005
Performance as of End of Q4	The Mission promoted a culture of responsible living through a multi-pronged approach focused on prevention, education, and support.
Reasons for Variations	No variance.

iii) Environment

Objective:	Integrate climate change measures into national policies, strategies and planning.
Issue of Concern:	Increased health risks; Climate change is the single biggest health threat facing humanity. Climate impacts are harming health, through air pollution, disease, extreme weather events, forced displacement, pressures on mental health, and increased hunger.
Planned Interventions:	Increased use of electronic communication as opposed to paper; maintaining a green environment around the Chancery and Official Residence; and ensuring proper waste disposal.
Budget Allocation (Billion):	0.005
Performance Indicators:	Reduced paper waste.
Actual Expenditure By End Q4	0.005

Variances and Challenges

* Extremely High Cost of Living in Addis Ababa being a diplomatic hub and also as a result of harsh fiscal policies.
* Non response to the numerous pleas to upgrade Mission Addis Ababa to Class A to help the FSO absorb the economic shock in Addis Ababa
* Loss on poundage that has from time affected the mission budget negatively
* Harsh Fiscal Policies that have become almost unbearable to stuff despite hard endurance. A case in point is the cost of repatriating our earnings back home. (A transfer of funds from a bank here costs 2% of the transaction amount plus a service charge of app $50and a tax of 15% thereon) This has proved traumatizing for the embassy staff.
* Non attendance by MDAs in Key Meetings
* Delayed Responses to correspondences
* Lack of Capacity Building budget allocation to hasten career development of the Embassy Staff
* Delayed settlement of mandatory subscription fees to respective organizations majorly the AU which has led to Uganda being put under sanctions that deprive the country of important voting rights and having the country's image put at stake
* Limited or no training to Embassy Tech, Staff given the ever changing dynamics in systems across government, thus leading to operational challenged
*Inadequate or no budget allocation especially on items like Travel abroad which affects the missions mandate to have our country not represented in important meetings
* Limited Human Resource given the Multilateral nature of Mission Addis Ababa

04 Engagements/meetings with Chinese institutions held to maximize benefits from FOCAC and Road & Belt initiative	1. The Embassy participated in the 9th Forum China-Africa Cooperation (FOCAC) held in Beijing China. During the forum, a number of outcomes to the benefit of African Countries including Uganda were achieved. Some of these benefits include; a. The Promise by Chinese President to provide USD 50 billion in financial support to Africa from 2024-2027. b. Pledge by China to give Africa USD 140.5 million of grants in military assistance. c. China to grant market access for agricultural products from 33 LDC`s in Africa at zero-tariff. 2. The Mission also subsequently participated in the consultation meeting between the Secretariat of the Chinese Follow-up Committee of FOCAC and African diplomatic envoys in China on February 26th, 2025. The meeting aimed to, among others, strengthen the communication and coordination with African diplomatic envoys in China and jointly promote the implementation of the outcomes of the 2024 Beijing FOCAC Summit.	
Negotiations undertaken to secure 02 financed projects/ lines of credit from EXIM Bank of China and other funding sources in China.	The Minister of ICT accompanied with other Ugandan officials including the Embassy staff held discussions with China Exim Bank on financing of the 5th phase of the National Data Transmission Backbone Infrastructure and e-Government Infrastructure project (NBI/EGI). The meeting agreed that the financing documents be amended with the consent of the Office of Attorney General and the MoFPED to reflect the concerns raised by China Exim Bank. This provision was to be worked out by the technical teams of the two parties before funds for the project are availed

Performance highlights for the Quarter

Participation in the Swiss African Business Forum

Participation at the World of Coffee Conference 26-28 June

Drafting of MOU between ZHAW and Busitema University on aquaculture collaboration.

Meeting with Hon Dr Kalibala (Swiss legislator) on April 8, on health infrastructure support to Uganda

Variances and Challenges

Uganda was unable to vote on pertinent issues due to non-payment of assessed contributions.

Parallel meetings in other organizations leading to conflicting schedules.

Poor preparedness of teams from the various line Ministries

Several competing critical committees that meet concurrently throughout the year making it impossible to participate in critical meetings to make critical inputs to defend and communicate Uganda’s positions on various issues hence the need to review the structure of the mission to ensure availability of staff to cover all critical committees.

Performance highlights for the Quarter

Uganda is participating in the Osaka World Trade Expo (13 Apr – 13 Oct 2025) to showcase her tourism and investment potential as well as promote her products to an average of 3,000-7,000 visitors who visit Uganda Pavilion on daily basis on normal days and 12,000-20,000 on peak days and outcomes from interactions made during the months of April to June are as follows:

Tourism
1. In addition to the main pavilion, Uganda Pavilion Management Team engaged the Osaka World Expo Team and secured a tourism booth to exclusively promote Uganda's tourism potential for one week, during which 22 leads on potential tourists were registered.

2. Two Japanese TV crews visited and interviewed the Pavilion Director on issues of culture and coffee from Uganda which was aired on their TV channels and awareness on Uganda's tourism and coffee industry enhanced.

Exhibition of Ugandan Products
1. Ugandan products including coffee, vanilla, tea, crafts, chocolates, dried fruits were and are still being exhibited at both Uganda Pavilion, Uganda Commercial Space and tangible outcomes/export opportunities, business partnerships and collaborations registered in the months of April to June 2025.

2. A strategic partnership with Overseas Prominent Brands China is set to boost Uganda's exports, especially agro-industrial and high-value products.
Key outcomes include:
-New export channels unlocked
-Increased brand visibility in East Asia
-Exporters equipped to meet Chinese market standards

An MoU will be signed by November 2025 to formalize the collaboration.

Variances and Challenges

1. Acquisition of Mission Property
The Mission efforts to acquire befitting owned premises for the Embassy of Uganda in Japan have not yielded results in the 2020/2021-2024/2025strategic plan period. The Mission continues to incur substantial amounts of public funds on rent that would have been used to acquire owned properties, which would subsequently lead to elimination of rent costs. It is recommended that efforts be made for the mission to acquire its own property.
2. Growing interest in Africa in countries of accreditation
Lack of robust coordination among Ugandan MDAs to take advantage of existing and emerging economic and commercial diplomacy opportunities in countries of accreditation. For instance, at the first Korea-Africa Summit held in Seoul, South Korea from 3rd -7th June, 2024, South Korea organized twelve sector-based sideline Business Forums to enable it engage extensively with individual participating countries on promoting bilateral economic and commercial cooperation. Although Ugandan line MDAs had been invited to participate, only five of them attended (ICT, Finance, Science and Technology, Foreign Affairs, and Works
and Transport).
3. Cooperation Frameworks: Lack of regular reviews of signed agreements and implementation of agreed-upon activities.
Korea: Although the MOU on Bilateral Cooperation and Policy Consultation between the Ministries of Foreign Affairs of Uganda and the Republic of Korea obliges the two ministries to hold consultations annually, this has not been done since the MOU was signed in May 2016. Since the Ministries of Foreign Affairs are supposed to coordinate other MDAs in the implementation of the agreed upon bilateral activities, this has slowed the implementation pace of bilateral activities between Uganda and Korea. Earliest revival of these consultative meetings is strongly recommended.

Variances and Challenges

VOTE: 516 Uganda Embassy in Saudi Arabia, Riyadh

Quarter 4

Critical but unplanned activities that need to be carried out during the budget execution
High fixed cost for example rent costs.
Limited human capital at the embassy to handle the ever-increasing number of distressed Ugandan migrant workers in Saudi Arabia and the countries of accreditation.
Centralization and consequent delays of issuing visas in the Ministry of Internal Affairs has negatively affected the mission effort to attract business travelers and tourists to Uganda.
Lack of vehicles to facilitate the embassy in execution of its mandate and duties.
Limited funding to enable the vote handle its mandate especially handling the issues of distressed Ugandan migrant workers
Lack of investment protection and promotion agreements and double taxation agreements with the countries of accreditation.
The mission is inadequately facilitated to handle all the distressed calls and yet pressure is usually mounted from different authorities to handle and resolve individual cases as and when communication is received.
Increased number of distressed Ugandans living in the countries of accreditation.
Due to the existing budget constraints, the mission is unable to secure more shelters in the major cities of Saudi Arabia where there is an increasing influx of Ugandan migrant workers.

1. Non Allied Movement (NAM) activities. Uganda is the current chair of NAM. The Mission is representing Uganda in delivering NAM statements on behalf of Uganda at Organisation for the Protection of Chemical Weapons (OPCW) in the Hague.
2. Participated in AU-EU ministerial meetings
3. Bilateral meetings with Dutch official to discuss immigration issues.
4. African policy bilateral meetings for African Ambassadors discussing with Dutch government.
5. participated in African Group meetings in the Hague on both bilateral and multilateral issues.
6. Rt. Hon. Deputy Speaker elected chair of the OACPS and Co-president of EU-Joint Parliamentary Assembly.
7. Participated in Anti Money Laundering meetings where Uganda is still on the Gray list.
8. Formulated, developed and submitted the Five Year strategic for the Mission.
The Mission regularly holds both the FCM and HBS meetings for the bitterness of smooth flow of activities.
9. Meetings with Koudijs Dutch investors who have established animal and poultry feeds factory in Jinja.
10. Attended rationalisation meeting with MOFA concerning all Missions Abroad.
11. Common Fund for Commodities. Uganda is the current chair for CFC. The Mission has conducted and chaired many meetings for CFC activities.

Variances and Challenges

1. Main and general issue is limited funding for recurrent expenditure to meet the rising costs due to high cost of living in Europe.
2. Indexations for local staff wage and rent for Home Based Staff.
3. High increase in costs for utilities e.g. electricity and maintenance services
4. Lack of budget for maintenance of buildings (chancery and official residence).
5. Lack of budget for disposal of obsolete items and other wastes .
6. Increases in social security costs as a result of wage indexation, thirteenth month benefits to local staff and bonuses.

Performance highlights for the Quarter

- Trade expo -Macfrut 2025, held from May 6–8 at the Rimini Expo Centre in Italy, which attracted over 1,400 exhibitors and 56,000 visitors, showcasing global innovations in fruits, vegetables, and sustainable agriculture. Ugandan exhibitors participated actively, presenting a variety of products with support from the Ugandan Embassy in Italy, which played a key role in facilitating their presence. This participation is expected to strengthen trade links, increase the visibility of Ugandan products in Europe, and boost foreign direct investment into Uganda's agricultural sector.

-One MOU Signed between Uganda's Agri-trade and Ital -Africa worth $1M of Agricultural exports from Uganda to Italy. Honored to formalize an MOU with Ital-Africa Centrale (presided by Eng. Alfredo Carmine Cestari), paving the way for stronger Uganda-Italy trade and investment ties. The Uganda Mission has facilitated the signing of this trade agreement that could see Agri- trade exporting goods worth 1M USD to Italy.

-The Mission has developed the 25-30 strategic plan. The strategic plan has been submitted to the National Planning authority for review

- Sourced 25 scholarships from Italian Government and candidate selection is underway as applications have been forwarded to Italy through the Ministry of Foreign Affairs

-Sourced for internships and short-term training for lawyers at IDLO, UNIDROIT and 3 Ugandans are undertaking training at UNIDROIT.

-Protocol duties carried during the visit of Minister of Agriculture Hon. Bwiino who had come to attend the FAO General meeting.

-3 trainings undertaken PBS training , Navision training done at the Mission and the training organized by the Bank of Uganda regarding cyber threats and new payment systems.

-Procurement of ICT equipment and Utility Van have been completed

Variances and Challenges

1.The budget cuts for Travel Abroad and Inland have constrained to finance travels to execute the objectives of the Mission in Italy and eleven countries of accreditation and three UN Agencies. This has affected our performance. As a mission we can be more impactful to Uganda when travels are made to areas of accreditation in order to promote our interests through linking business with agreed business delegations and mobilize FDI among others.

2.The current premises of the Chancery of the Embassy of the Republic of Uganda in Rome is located in a semi residential area, this continues to present challenges of;

- Lack of visibility to adequately project a positive image of Uganda as a country

-It does not promote a sense of accessibility

-Lack of proximity to host key government facilities, embassies of other countries and businesses and cultural centers

3. The sudden death and repatriation of a colleague-a former Third Secretary with Embassy greatly affected the budget of the Mission

4. The underutilization of the development budget allocated to ICT retooling was because the Mission procured all the ICT items that was needed.

7. Provided consular services to over 9 Ugandans seeking repatriation back to Uganda because of the ongoing war in the Sudan.

Variances and Challenges

the never ending war in Sudan affecting movement within and outside the country affecting the implementation of planned activities
Staggered release of funds leading to distorted implementation of planned activities
Lack of funds for travel abroad despite the continuous plans to have these funds reinstated
Lack of internet access in the country of accreditation thus affecting communication
critical but unplanned activities that come up during budget implementation

Performance highlights for the Quarter

Attended the meeting held by the Ministry for Europe and Foreign Affairs of France with diplomatic Missions in France in preparation for the September 2025 “La Fabrique de la Diplomatie” event.

Participated in the Eastern Africa Group Meeting which discussed UNESCO candidatures of the Group; and preparations for UNESCO Africa Week, Kiswahili day and the General Conference.

Participated in the 3rd Gathering of the African and Caribbean Women Ambassadors

Coordinated the annual Easter Diaspora get together on 20th April to strengthen the Embassy Diaspora relations

Participated in the 1st OECD Friends of Africa Group (FoAG) Meeting which has established a new mechanism through which OECD Member States’ Missions and Africa Member States’ Missions are expected to coordinate matters of mutual interest and dialogue towards a common understanding of the Africa-OECD relationship.
Attended the Uganda Martyrs’ Day celebrations at St. Joseph’s Church in Paris on 7th June

Attended the Pearl of Africa Tourism Expo (POATE) 2025 at Commonwealth Resort Munyonyo, Kampala from May 21 -24, 2025

Coordinated and participated in the Tourism Familiarization Trip to Uganda for 15 prominent travel influencers from Spain and Portugal, held from 18th to 28th May 2025. The initiative was aimed at showcasing Uganda’s top tourism attractions to new markets through immersive travel experiences, digital storytelling and high-impact influencer engagement.

Participated in the UNESCO activities among them attended the Fourth International Conference on Financing for Development (FFD4) in Seville, Kingdom of Spain where Hon. Kasaija Matia, Minister of Finance, Planning and Economic Development led the Ugandan delegation on June 26 -30, 2025

Held meetings with the Embassy Lawyer Michel Menant, Legal Officer from MoFA and officials from the Embassy regarding a legal case against Uganda by the Agency for the Safety of Air Navigation in Africa and Madagascar (ASECNA) on June 18 and 19, 2025

Variances and Challenges

Constant revisions in the rates provided by service providers because of policy revisions in France from time to time which in turn leads to high costs in the implementation of planned activities.

Staffing shortages in the Embassy to implement the activities in France and Countries of accreditation. This sometimes affects the quality and scope of activities.

High cost of living leading to increased payments especially in fixed costs like electricity, Rent and Water.

Variances and Challenges

1. High fixed costs such as rent, Medical and Allowances that exhausts all the funds that would be used to facilitate work.

2. Lack of Capital Development funds to procure capital assets such as Chancery building, Motor vehicles, furniture and Computers.

3. Insufficient budget allocations to cover 10 Countries of accreditation. Even the Mission was not among those considered for Commercial Diplomacy funds despite being the third largest economy in the World.

4. Low staffing levels both home based and local staffs to cover the wide area of Countries of accreditation including the 6 UN organizations.

5. High costs of living in Germany being a developed Country with high living standards.

6. Lack of funds to procure the online software and setting up a national ID registration portal.

Performance highlights for the Quarter

1. Coordinated the Vice President’s official visit to the Russian Federation. She held two engagements; one with chairperson of the Russian Senate (Duma) on cooperation and upcoming Africa-Russia Summit and with the special representative of the President of the Russian Federation for the Middle East and Africa on cooperation.
2. Participated in two (02) conferences to enhance cooperation with countries of accreditation; The Legal Forum held in St. Petersburg 2025 where the Minister of Justice participated and the St. Petersburg International Economic Forum where the Deputy Head of Mission Participated.
3. Held two (02) engagements to in countries of accreditation to source markets for Ugandan product, source technology, and attack investment from countries of accreditation; a meeting between the Minister of Justice and his counterpart on legal requirements for trade, a meeting between the Minister of Security and Cybrus Security LLC to establish cooperation in cyber security.
4. Hosted seven companies at the Chancery to review investment in Uganda; Topas FS LLC, Sky Connect LLC, Hemix LTD, A.M. Air Group, Komsomolskaya Pravda, NPO Consortium Gazprom and Cber Bank Russia.
5. Participated in a bilateral meeting between Foreign Affairs Ministers of Uganda and the Russian Federation to discuss the upcoming JPC.
6. Participated in the Ural Tour Expo to promote Ugandan culture and tourism where two Ugandan companies were represented.
7. Coordinated training of eight (8) security officers on fundamentals of counter intelligence in April.
8. Participated in the 13th International Meeting of High Level Security Officers strengthen cooperation with security agencies in Uganda.
9. Held 03 diaspora engagements; one with the Minister of Justice in St. Petersburg, one at the Chancery during the Easter period, and a meeting between the Vice President and the Student leadership.
10. Held an engagement with the Russian Institute of International Relations to source collaboration

Variances and Challenges

1. The Mission has initiated more than 14 MoUs in the areas of economic and political diplomacy as well as education and health care that are pending approval in Uganda. This frustrates the efforts to further develop the links between countries of accreditation and the regions in the Russian Federation.
2. The Mission maintains an aging fleet of vehicles with all the 4 cars purchased more than 6 years ago. 3 out of the 4 have reached their maximum vehicle utilization mileage. These vehicles ought to be replaced.
3. The Embassy currently rents the Chancery and Official Residence at UGX. 671,214,360 annually. Over 5 years this will cost the Mission a total of UGX. 3,356,071,800. The cost of rent will greatly reduce if the Embassy owns its Chancery and Official Residence. However, in the FY 2024/25, the Mission has not been allocated funds for acquisition of property.
4. The deactivation of the SWIFT system in the Russian Federation as a result of sanctions imposed due to the special operation in Ukraine increases cost of operation through additional costs in travel abroad and increased exchange losses due to high rates.
5. The increasing number of Ugandan citizens in the countries of accreditation has led to an increase in the number of distress citizens which puts a strain on the Mission resources.
6. The Mission has not participated in a Joint Permanent Commission in over five years which affects the resolution of issues recorded between Uganda and its countries of accreditation.

Performance highlights for the Quarter

During the Quarter the Mission was able to achieve the following:

Facilitated Seven Shillings Pty of Australia to invest in Commercial Agriculture in Uganda

Held engagements with investors to interest them to invest in Uganda as follows:
1. GLOSTA, investors in advanced Livestock improvement techniques to interest them to invest in Uganda
2. LIC officials as a follow up on the Dairy Improvement Technology transfer to Uganda initiative.
3. Investment Promoter Jury Mawarire based in Sydney on possibilities of engaging Chinese based companies to invest in National Housings projects and other construction ventures.
4. Energy, Mining and Telecommunications Investment Promoter Corey Philpott and connected him to Ugandan Business persons with whom he met in Uganda in May 2025.
5. CEO of VENUBOOKA on the possibilities of including Uganda's places of interest in his website

Registered 11,720 tourist arrivals from Australia and New Zealand
- Carried out a Consular Clinic in Auckland, New Zealand, Brisbane, Sydney and Melbourne
- 70 passport applications were completed.
- 20 dual citizenship applications were completed.
- 300 online visa application challenges were handled.
- 20 National I.D registrations were handled

Variances and Challenges

In implementing the planned activities the Mission faced the following challenges:
I. Insufficient Budget to undertake all the planned activities as per workplan.
II. The sheer size of the area to which the Mission is accredited.
III. A very high cost of living making it difficult for us to operate with limited resources.
IV. Lack of a clear Diaspora policy.
V. Time difference between Uganda and Australia.
VI. Under staffing, compared to the large area of accreditation.
