Quarter 4

Performance highlights for the Quarter

1. Twenty-seven thousand one hundred and eight (27,108) students enrolled (Year One: 9,187; Continuing: 17,921) enrolled, 25,916 students registered.
2. Forty-three thousand seven hundred thirty-nine (43,739) applications were received and 22,655 students admitted (Semester I intake, Academic Year 2026/2027)
3. 26,519 students examined
4. 14,959 first-year students oriented
5. Forty-seven (47) publications published in reputable journals
6. 92 students supervisors appointed
7. Six (6) outreaches conducted; 167 clients (82M, 85F) received HIV counselling and testing, two (2) tested HIV- positive and were transferred into care; 15 clients (9M, 6F) accessed HIV post-exposure prophylaxis (PEP); 10,000 condoms distributed.
8. Two policies reviewed (Signed Policy Guidelines on the management of Examinations and processing of Results Students Examination Regulations for the Award of Degrees, Diplomas & Certificates and Revised Graduate Guidelines the Revised Research and Graduate Guidelines,)
9. The 5th Edition of the Science Technology, Engineering, Agriculture and Mathematics (STEAM)
Festival under the theme "Demystifying Science, Technology and Innovation for Community Development held
10. Appointed 12 (8M, 4F) teaching staff ,9 (4M,5F) non-teaching staff, 8(6M,2F) on contract, 44 (31M.13F) promoted and 65 (39M,26F) confirmed

Variances and Challenges

Challenges

1. Late student registration remains a persistent pattern, with most continuing students registering shortly before examinations, resulting in low registration levels during the semester.
2. Several halls of residence have deteriorated to a point where major structural rehabilitation is required, as routine maintenance is no longer sufficient.

Performance highlights for the Quarter

During FY 2025 26 Busitema University implemented an approved budget of Ugx 73 146Bn comprising Ugx 37 556Bn wage Ugx 24 133Bn non wage recurrent and Ugx 11 405Bn Government development with 99 4 percent of the released funds utilized by the end of Quarter Four

The University registered strong performance in teaching training research innovation and community engagement It admitted 6183 students from 12413 applications and assessed 7239 students during Semester Two examinations while successfully conducting pre entry and end of semester examinations across all campuses Academic quality was enhanced through alignment of all programmes to Competency Based Education establishment of the TVET Directorate accreditation processes for Kabwangasi Campus engagement of external examiners continuous quality assurance and strengthened student support services including orientation career guidance counselling healthcare and disability support Digital learning was improved through enhanced internet connectivity subscriptions to 158 electronic journals and ebooks and strengthened library services

Community engagement was strengthened through 14 outreach programmes practical training for 813 agriculture students four plant clinics and fabrication of innovative engineering prototypes by 219 students Student practical learning was enhanced through clinical placements career fairs competitions and professional exhibitions while international partnerships expanded through ERASMUS staff and student exchanges National Science Week exhibitions stakeholder engagements and media outreach increased the visibility of graduate programmes and innovations

Research and innovation performance remained strong with publication of 91 peer reviewed journal articles implementation of competitive research projects in climate resilience aquaculture sustainable agriculture and public health registration of eight trademarks with URSB advancement of commercialization of innovations including the HERiCOP

Variances and Challenges

Inadequate teaching and research infrastructure including limited teaching space insufficient functional laboratories inadequate laboratory equipment and shortages of laboratory technicians constrained practical training research and innovation activities

Low staffing levels continued to result in shortages of academic and technical staff leading to heavy teaching workloads limited time for research and publication and inadequate support for online teaching and learning

Inadequate funding constrained implementation of planned activities expansion of academic programmes research community outreach international collaborations and maintenance of infrastructure

Delays in procurement processes affected timely implementation of projects acquisition of equipment and delivery of planned activities

Increasing operational and security costs required deployment of additional security personnel while the high cost of international conferences and exhibitions limited participation in strategic academic and research engagements

Limited support for international engagement due to inadequate funding for international travel constrained staff participation in global research collaborations knowledge exchange and enhanced international visibility of the University

Performance highlights for the Quarter

33 academic programmes advertised. Overall, 2,815 applicants (1792 males and 1023 females) were admitted-2026/2027 AY; of which, 115 Government and 2,700 Private.
16 new programmes cleared for Certificate of Financial Implication by MoFPED and submitted National Council for High Education.
3 Council meeting held
6 Council Committee meetings were conducted
3 Top Management meeting held
All the 3 months Council Retainer was paid
1 Council performance evaluation was conducted
3 all-inclusive policies developed and approved (Investment Policy, Intellectual Property Rights Policy and Records and Information Management Policy)
3 months security services were provided and paid to the private security services provider
Three (3) months NSSF Staff contribution was paid
3 Partnerships created – National Housing, PPP
305 Staff (82 Females & 223 Males) Salaries paid.
555 Contract Staff (22 Females and 23 Males) paid
Two (2) Infrastructural Project concepts developed and submitted to Human Capital Working Group.
One (1) Project Preparation Committee meeting held
MPS prepared and Submitted
Approved budget for FY 2026/2027 prepared and submitted
Two (2) station wagon vehicles procured and delivered.
Completion of Health Science Laboratory Building at 92%
Construction of Administration Block Annex at 64%
Construction of Administration Block Extension at 53%
Construction of the Mechanical workshop at 82%
Renovation work at the Okollo campus at 100%

Variances and Challenges

Inadequate development funds to support completion of infrastructure projects
Inadequate wage to support recruitment of full-time staff

Quarter 4

Performance highlights for the Quarter

1. Non-Tax Revenue (NTR) collections for FY 2025/26 amounted to UGX 21,248,939,778, exceeding both the MoFPED allocation of UGX 16.825 billion by UGX 4.424 billion (26.3%) and the University projection of UGX 19.260 billion by UGX 1.989 billion (10.3%).
2. Human resource capacity enhanced through the training of 56 staff (36 males & 20 females), support for 54 staff (33 males & 21 females) pursuing PhD studies and 17 staff (10 males & 7 females) pursuing Masters studies, recruitment of 30 replacement staff (22 males & 8 females), and timely payment of monthly salaries to 515 staff (339 males & 176 females) by the 28th day of each month for 12 months.
3. Biological Staff Child Education Scheme implemented, attracting 21 applicants (14 males & 7 females), of whom 18 (13 males & 5 females) met all eligibility requirements.
4. Phase II construction of a four-storeyed Engineering Block at Kabale University, Nyabikoni Campus, implemented.
5. Library and research information resources enhanced through the acquisition of 218 titles (586 copies), digitization & upload of 1,400 items onto the Kabale University Digital Repository(KABDR), comprising 131 research articles, 847 dissertations and reports, 420 library archive materials, 1 university publication, and 1 policy brief. A total of 10,152 users from 192 countries accessed KABDR worldwide.
6. A total of 7,675 students (4,649 males & 3,026 females) enrolled, registered, taught and examined across academic programes, comprising 4,599 STEM students (3,251 males & 1,348 females) and 3,076 Humanities students (1,398 males & 1,678 females). A total of 1,673 students (985 males and 688 females) successfully graduated on 31st October 2025.
7. A total of 345 Government-sponsored students (113 females and 232 males) received accommodation, meal and faculty allowances.

Variances and Challenges

a) Only 70.0% of the approved development budget (UGX 2.056 billion) was released, with significant delays in the fourth quarter, affecting the timely implementation and completion of planned development activities.
b) Challenges with the Human Capital Management (HCM) system, particularly the frequent omission of contract staff from the payroll, affected effective human resource management.
c) Persistent discrepancies between PBS and IFMS quarterly financial reports hindered timely and accurate financial reconciliation and reporting.
d) Irregular electricity supply increased reliance on generators, resulting in higher operational and maintenance costs.
e) Rapid technological advancements accelerated the obsolescence of ICT equipment, systems, and staff skills, necessitating continuous investment in technology upgrades and staff capacity building.

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 12090101 laws, Policies and regulatory reforms developed and implemented for Education		
Programme Intervention: 120901 Support education service delivery and quality through legal, policy and regulatory reforms		
	A total of 43 publication articles produced in refereed journals and uploaded to KABDIR.	Originated from the previous quarter
One grant writing training session for 50 staff (30 males, 20 females) conducted. Capital sources for commercializing innovation projects identified and approached.	A total of 24 participants (8 female and 16 male) attended a training course on grant writing. An innovation expert recruited through a collaborative agreement between Kabale University and the Africa Agribusiness Incubation Network (AAIN) and deployed at KABBIC to mobilise innovation and commercialisation funding.	There was only funds to support one output
Space and resources in the innovation/incubation hub to develop two prototypes allocated.	One innovation bootcamp conducted, resulting in 13 projects developing innovation business canvases. A total of 2 patent registration inquiries received. A collaborative agreement between Kabale University and the Africa Agribusiness Incubation Network (AAIN) formalized, and an innovations management expert hired to support activities at the Kabale University Business Incubation Centre (KABBIC). The KABBIC Centre provided incubation space and facilities to support innovation development, and one innovation bootcamp was conducted, enabling 13 innovation projects to develop business model canvases.	Had backlog from previous quarters
Implementation of new and ongoing research projects funded by the University monitored.	Research grant management strengthened through the award of 5 new research grants to Principal Investigators from the Faculty of Science, Faculty of Agriculture and Environmental Sciences, Institute of Tourism and Hospitality Management and Kabale University School of Medicine, and the successful monitoring, completion and closure of 30 research projects funded in previous years.	Three innovation projects were dropped due to failure to successfully complete the innovations bootcamp.

PIAP Output: 12131501 Increased Adoption of ICT in Teaching, Learning and decision making through the Digital Agenda Strategy		
Programme Intervention: 121315 Implement ICT integrated teaching, learning and decision making		
A total of 350,000 library users (165,000 female and 185,000 male) accessed library services	A total of 57,527 users accessed library services, comprising 19,694 females (13,344 day and 6,350 night) and 37,833 males (25,123 day and 12,710 night). A total of 9 library titles comprising 33 copies procured and delivered to enhance learning, teaching and research.	Library usage was lower than projected because all students reside off campus, resulting in reduced physical library attendance.
	A total of 524 information resources digitized and uploaded to the Kabale University Digital Repository (KABDR), comprising 39 published articles, 100 students' dissertations and reports and 384 library archives and University publications.	The variance was attributed to inadequate alignment of planned activities with the implementation schedule.
Subscription and membership fees paid to 6 library related bodies: ULIA, IFLA, CUUL, UPPC, AFLIA and Law database	A total of three library-related professional bodies subscribed to: the International Federation of Library Associations and Institutions (IFLA), the African Library and Information Associations and Institutions (AfLIA) and the Uganda Printing and Publishing Corporation (UPPC).	Implemented as planned
	A total of two laptop computers procured and delivered to support teaching, learning and research.	The variance was attributed to inadequate alignment of planned activities with the implementation schedule.

Performance highlights for the Quarter

8 New Programmes developed,
41 staff trained on Competence-based Education and Training (CBET) (5F, 36M),
7 programmes reviewed to incorporate CBET,
779 (510M, 269F) students taught and assessed at SET, SHS and SASSE,
156 (48M, 108F) HEAC students taught and assessed,
14 Research papers developed and published at SET and SHS,
Quarter three Internal Audit report submitted to OIAG & OAG,
14 new staff recruited (2 F, 12 M),
3 monthly procurement reports submitted to PPDA,
1 Council Meeting held attended by 29members (22M, 7F),
7 Council Committee meetings held (F, P&D, AB (2), QA, A&R, SA&D, Estates and Works, Senate),
3 Policies developed (Soroti University Council Charter, Counselling and Students' Protection Policy),
9 months financial statements for FY 2025/26 produced,
Quarter 3 progress report for FY 2025/2026 prepared and submitted to MoFPED and line Ministries,
Approved Budget Estimates for FY 2026/2027 prepared and submitted to MoFPED and line Ministries,
Soroti University Holdings fully registered and incorporated,
2,741(1810M, 931F) Library users served,
Anatomy block construction works supervised and certified,
Building designs and BOQs prepared (Central Teaching facility and SET building),
Construction of the main gate completed.

Variances and Challenges

Soroti University by the end of quarter four received a total of UGX. 49.509 Billion Out of approved budget of UGX. 52.920 Billion Including arrears and spent 45.710 Billion, representing 93.7% of the budget released, 86.5% of the budget spent and 92.3% of the releases spent.
For Development funds, Soroti University received a total of UGX. 7.588 Billion and spent UGX. 7.587 Billion representing 69.1% of the budget released, 69.1% of the budget spent and 100% of the releases spent.
Under Wage category UGX. 24.649 Billion was released and UGX 21.398 Billion was spent representing 100% of the budget released 87.0% of the budget spent and 86.8% of the releases spent.
For Non-wage, UGX. 17.179 billion was released and UGX. 16.632 Billion was spent representing 101.0% of the Budget released, 97.4% of the budget spent and 96.8% of the releases spent.
Important to note is that Soroti University did not receive most of the Institutional funding for the FY 2025/2026 leading to the non-implementation of the Planned activities.

Performance highlights for the Quarter

VOTE: 309 Gulu University

Quarter 4

Delivery of Tertiary Education

1) Enrolled 7,255 students and registered 6,550 students

2) Paid NCHE fees for 3 revised academic programmes and 4 academic programmes under design

3) Conducted 2 sets of examinations (Semester 2 and Pre-Entry)

4) Undertook a study on the effectiveness of Mature Age and Higher Education Access Certificate Entry Schemes

5) Reviewed and examined 92 dissertations

6) Held 1 Board of Research and Graduate Training meeting

7) Conducted 1 eLearning access training

8)Uploaded 13 articles onto the Institutional Repository

9) Digitized 51 library Books and dissertations.

General Administration and Support Services

1) Held 01 full Council and 10 Council committee meetings

2) Held 09 Senate committee meetings

3) Run an advert for direct entry scheme and a special advert

4) Held 6 meeting of management held

5) Procured 193 library books

8) Paid Salary and 10% NSSF contribution to 654 staff

9) Paid 11 staff gratuity

Capital Development

1) Completed 58.5% construction of the Business and Development Center

2) Completed 60% construction of the Senate Building

3) Completed 92% construction of the Pioneer block and 60% of the multipurpose building at GUCCM

4) Constructed 400 linear meters' portion of wall fence at forest campus

5) Received supply of one (01) station wagon for the DVC and two (02) 4x4 double cabin pickups

Research and Innovation

1) Conducted 1 Grant Writing workshop

2) Validated 2 new rapid point of care test kits test kits

3) Analysed 200 herbal medicines products

4) Supported 1 new research project supported.

Cross Cutting Arrears

1) Maintained 01 tree nursery behind Multifunctional Lab

2) Conducted 1 staff training on community on climate adaptation

3) Carried out Bee keeping at Latoro farm

4) Conducted voluntary Counselling and Testing for 39 students

5) Distributed 5 cartons of condoms

6) Sensitized of 114 students on HIV prevention

VOTE: 309 Gulu University

Quarter 4

Variances and Challenges

While the Vote received funds under the Wage, Subvention and Non-Wage Recurrent Components, not all funds were release under the Domestic Arrears Component. The None release of the domestic arrears approved funds affected the payment of creditors who have been waiting for settlement following supply and provision of goods and services.

Performance highlights for the Quarter

In terms of the physical performance, Lira University achieved the following during 4th quarter of FY 2025/26:
1.Construction of the Administration Block is ongoing, with physical progress at 93% and financial progress at 70.2%.
2.A total of 7 km of internal roads & 6 km of roads at the Amolatar Campus were maintained.
3.80% of facilities maintained for building structures and utility services at the Faculties of Mgt Science, Education, Midwifery &Nursing &the Teaching Hospital.
4.Monthly NSSF contributions paid 436 staff, and gratuity to 18 contract staff
5.Held 4 council, 24 committees of the Council and 12 Top Mgt meetings
6.Human resource records for 454 staff were updated in the HCM system, 450 staff were appraised, 34 staff were confirmed in service, & 56 part-time appointments were ratified.
7.Prepared and submitted Physical performance and Financial Statements for FY 2025/26, Audits done on above Accounts by OAG.
8.22 Contracts Committee meetings were held, resulting in the award of 21 contracts, preparation of 77 bid documents, completion of 22 evaluation exercises, and submission of 12 monthly procurement reports to PPDA.
9.4 quarterly Budget Performance Reports were prepared and submitted, the FY 2026/27 Performance Contract was finalized, and the Service Delivery Standards and Strategic Plan were submitted, reviewed, & approved by NPA.
10.4 Quarterly Internal Audit Report prepared & submitted to mgt for their response.
11.32 academic programmes were advertised, 2,095 new students admitted, & 970 reported and registered. Overall, 2,100 students sat examinations, & 448 students graduated.
12.2 innovation exhibitions were held at Gulu and Lira Universities, showcasing a total of 37 innovations.
13.56 publications submitted on peer reviewed journals
14. 97 book titles & 243 copies were procured
15.Medical equipment procured, including Ophthalmology equipment &Laboratory reagents
16.25 desktops UPS & procured, 5 vehicles procured;

Variances and Challenges

Lira University budgeted for a total of UShs. 46.149 billion only during FY 2025/2026. By the end of quarter four however, the total release was UShs. 45.867 billion only, comprising of Wages (UShs. 28.775 billion), non-wage (UShs. 12.887 billion) and GoU Development (UShs 4.129 billion). Out of the total released, UShs. 45.867 billion was spent by the end of the quarter (comprising UShs 28.775 billion on Wages, UShs. 12.887 billion on nonwage and UShs 4.129 on GoU Development).
In a nutshell therefore, 99.4 % of the Budget was Released, 99.4 % of the Budget was Spent and 100% of the Releases was Spent by the end of the quarter.
The following challenges should however be noted since they affected budget execution:
1. The funding is still low in respect to the growing number of academic programmes and student population
2. Lira University still has a low staffing level of 22% only. The University continues to experience a low number of Academic staff and technicians, which does not match with the increasing number of academic programmes driven by the ever-increasing demand for quality higher education. This low staffing affects the effective delivery of services.
3. Low release of the development fund to fund the approved successor projects
4. Limited funding for prototype scaling, time constraints for innovators, and inadequate commercialisation pathways.

VOTE: 310 Lira University

Quarter 4

Performance highlights for the Quarter

1. Oral examinations were successfully conducted for all Bar Coure students for 5 subjects
2. Processed and issued academic documents to 2,173 successful graduates
3. 14 mediators/reconciliators facilitated to conduct court annexed mediation and reconciliaton monthly. The reconciliators/mediators received and handled a total of 1,062 cases, 701 male and 361 female in both mediations and reconciliations
4. LAC deployed 20 clerkship students in hard-to-reach districts handled a total of 325 legal aid cases, demonstrating substantial contribution to access to justice in underserved areas.
5. LAC successfully conducted two criminal court sessions, reaching a total of 178 students participated in this program, 120 were male and 58 were female.
6. During the reporting period provided a wide range of legal aid services to indigent persons across the eight operational districts of Kampala, Masindi, Kabarole, Adjumani, Mbarara, Lira, Mbale, Jinja, and through reconciliators. A total of 4,832 cases were handled comprising of 3,262 males and 1,570 females.
7. the Legal Aid Clinic (LAC) conducted two Monitoring and Support Supervision exercises involving five (5) Senior Staff and ten (10) Community Advisory Board (CAB) members in Mbale, Jinja, Adjumani and Lira.
8. Bi-annual performance monitoring and evaluation of LDC interventions for FY 2025/26 conducted in the three regional campuses and Kampala Campus.
9. 1 quarterly procurement report prepared and submitted
10. Production machine spare parts and small work tools required in operation of the machines purchased – WIN564 and Vickers Armstrong Stitching machine
11. Conducted an internal stakeholders' consultative engagement on 28th May 2026 to gather views and recommendations on the review of the Diploma in Law Course in line with the Competence-Based Education and Training (CBET) framework.
12. The Uganda Law Focus Journal (ULFJ) edition 3 published
13. Conducted the ULFJ Summit

Variances and Challenges

1. The withdrawal of funding by the Justice, Law and Order Sector (JLOS), the principal sponsor of the Diploma in Human Rights programme, resulted in a significant decline in student enrolment, rendering the programme financially unsustainable and necessitating its suspension.
2. Escalation in market prices between the planning and implementation stages resulted in higher-than-anticipated costs.
3. High staff turnover resulted in vacancies in critical positions
4. The transition of the Centre from the Governance and Security Program to the Administration of Justice Program (AJP) affected the alignment and capture of Program Implementation Action Plan (PIAP) indicators within the Program Budgeting System (PBS). The migration to the new program structure resulted in delays and inconsistencies in mapping performance indicators, which affected accurate reporting on performance indicators

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 19113101 Legal Aid and State brief services provided		
Programme Intervention: 191131 Strengthen provision of legal aid services and state brief scheme.		
Legal Aid Service to 1250 walk in clients and accused persons provided.	During the reporting period provided a wide range of legal aid services to indigent persons across the eight operational districts of Kampala, Masindi, Kabarole, Adjumani, Mbarara, Lira, Mbale, Jinja, and through reconciliators. A total of 4,832 cases were handled comprising of 3,262 males and 1,570 females.	High performance is attributed to increased public sensitisation during the Legal Aid Clinic's 25th anniversary celebrations and the closure of other legal aid service providers, which led to increased demand for the LDC legal aid Clinic's services. In addition, the Law Development Centre's Service Delivery Standards require the Legal Aid Clinic to provide legal aid services to a broad range of beneficiaries, including indigent persons, children in need of care and protection, accused persons and suspects, juvenile offenders, members of the community, school children. This broad service mandate contributed to the high demand for the Clinic's services and the resulting high performance.
Monitoring and supervision for LAC by senior staff and CAB members (5 Staff and10 CAB members) conducted	During the reporting period, the Legal Aid Clinic (LAC) conducted two Monitoring and Support Supervision exercises involving five (5) Senior Staff and ten (10) Community Advisory Board (CAB) members in Mbale, Jinja, Adjumani and Lira. The exercise was undertaken to assess the quality, effectiveness, and compliance of legal aid service delivery across the monitored locations, while strengthening accountability and institutional performance.

	2 staff trained in Pre-press, Press and Post-Press (3 Months Short Course) (On-premise or Offsite Options) - DIT certification	The variation arose because the actual market cost of the training at the time of implementation differed from the estimated cost used during the planning and budgeting process. In addition, the training programme, which commenced in March 2026 and is scheduled to run until October 2026, is being conducted on a rotational basis to ensure continuity of operations at the Printing Press. Consequently, only two (2) of the three (3) staff members have undertaken the training to date, with the remaining staff member scheduled to participate during the subsequent rotation before the programme concludes. The activity is therefore on track for completion within the planned implementation period.

Programme Intervention: 193211 Strengthen government institutions for effective and efficient service delivery		
	In-house skill-sharing sessions with senior operators; WIN564, Kord 64, QM46-2 for 2 staff conducted	Although four (4) of the six (6) machine operators initially scheduled to participate in the in-house training were transferred to other departments before the training was conducted, this did not result in any cost savings. The training was delivered as a fixed-cost group session, with the service provider charging a lump-sum fee that was not dependent on the number of participants. Consequently, the training proceeded as planned with the remaining staff, and the total training cost remained unchanged despite the reduction in attendance.

	The Management Committee (9 Members) resolved to carry out a benchmarking visit to learn best practices in legal education and training.	The development of the National Examinations Centre Bill, 2025 progressed significantly during the reporting period. Following Cabinet's approval of the drafting process, the First Parliamentary Counsel completed drafting the Bill in July 2025. The draft Bill was circulated by the Hon. Attorney General in August 2025, necessitating a benchmarking visit to India by Members of Council to study the operations and governance of a national legal examinations centre. The benchmarking findings were presented at a stakeholder validation meeting in November 2025, where the draft Bill was reviewed and approved. Subsequently, the Hon. Attorney General submitted the draft Bill to Cabinet for consideration in December 2025.

Programme Intervention: 190111 Strengthen human resources in the justice service delivery		
450 students Diploma in Law trained	A total of 411 students are currently undergoing training in the Diploma in Law program	The variance is attributed to student attrition during the course of training and the fact that some admitted students do not complete the registration process or report for the course
400 students in Special courses at Kampala campus trained	Trained 97 students for the Administrative Officers Law course- April may intake	Response to the call for application was adversely affected by the general election cycle, as many prospective applicants were actively engaged in election-related activities, reducing demand for the programme.

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 19011101 Capacity of justice service delivery duty bearers strengthened		
Programme Intervention: 190111 Strengthen human resources in the justice service delivery		
300 Students trained on Adminstrative Law Course for Lira, Mbarara and Mbale	Trained 49 students on Administrative Law Course in Mbarara and Mbale	The Law Development Centre does not have a monopoly on the provision of the Administrative Law Course. Student enrolment was affected by competition from both public and private universities, which capitalize on gaps in the Centre's Administrative Law Course offerings to attract prospective applicants. In addition, response to the call for applications during the year was adversely affected by the general election cycle, as many prospective applicants were actively engaged in election-related activities, reducing demand for the Administrative Law Course
Curriculum review for 2 courses conducted	Conducted an internal stakeholders' consultative engagement on 28th May 2026 to gather views and recommendations on the review of the Diploma in Law Course in line with the Competence-Based Education and Training (CBET) framework. Draft curriculum in place awaiting for approval by NCHE	The Centre suspended the Diploma in Human Rights programme following the withdrawal of funding by the Justice, Law and Order Sector (JLOS), which had been the programme's principal sponsor. As a result, enrolment in the programme declined significantly, making it unsustainable to continue offering the course.

Accreditation fees for 2 diploma courses (DIL,DHR) by NCHE undertaken	Accreditation fees for diploma courses (DIL) by NCHE to be paid subject to clearance and issuance of a payment advice by NCHE.	The Centre suspended the Diploma in Human Rights programme following the withdrawal of funding by the Justice, Law and Order Sector (JLOS), which had been the programme's principal sponsor. As a result, enrolment in the programme declined significantly, making it unsustainable to continue offering the course. In addition, the Centre is still pursuing accreditation for the Diploma in Law (DIL) programme. Consultants developed a draft curriculum, which is awaiting validation by the National Council for Higher Education (NCHE). A validation meeting with NCHE is scheduled to consider and approve the curriculum. Upon approval, clearance, and issuance of a payment advice by NCHE, the Centre will pay the prescribed accreditation fees to facilitate completion of the accreditation process.

Quarter 4

Performance highlights for the Quarter

Coordinated 2 PhD proposal defenses, held 1 public policy dialogue, 8 research workshops & 3 BIC clinics, 1 proposal defense. Submitted 100% tests & examinations results and participated 100% in teaching and training of UMI participants of all categories and branches. Engaged 100% in community activities. Facilitated 2 Governing Council & 8 TMT meetings, procured 100% instructional materials, coordinated 100% Alumni activities, maintained 100% compound, provided 100% staff welfare, managed 82% fleet, subscribed to 3 professional bodies, participated in 3 CSR activities, facilitated 100% Chancellor activities, supervised UMI branches, marketed 100% UMI services and submitted 1 quality report, paid 100% utilities and monitored 4 branches. Submitted 1 quarterly Budget Performance Report and facilitated 100% UMI operations. Held 1 guild meeting, participated 100% in graduation activities, monitored all UMI branches and participated 100% in Governing Council meetings. Reviewed and operationalized HIV/AIDS policy, paid 100% salaries and gratuity, renewed staff contracts and medical insurance, held 1 team building event, implemented HR manual, paid 100% NSSF. Purchased 100% essential drugs, conducted 3 environmental audits, procured 100% examination stationery, coordinated 2 senate & 4 committee meetings, submitted 1 Institute Audit report and conducted follow-up audits. Repaired 205 volumes, submitted 1 quarterly performance report, conducted 1 monitoring session. Operationalized Climate Change Hub and ensured 100% green cover. Submitted 3 PPDA reports, held 6 Contract & 8 Evaluation Committee meetings, procured 70% procurement plan requirements, executed 6 consultancies, 1 blended short course. Settled 100% utility bills, provided 100% sanitary services, maintained machinery and equipment, secured premises, carried out branch inspections. Maintained 85% ICT equipment, renewed 100% internet subscription and facilitated 100% virtual teaching.

Variances and Challenges

i. Delays in the implementation of the phase II of the Estates Master Plan due to lack of capital development budget
ii. Understaffing in some departments which affects implementation of some strategic actions of the Institute
iii. Inadequate funding to support the Institute strategic direction and research agenda

Quarter 4

Performance highlights for the Quarter

Attained 85 publications in both national and International Journals and also operationalized three prototypes including the solar dryer and aquaponics unit by end of 2025/26;

Submitted and won five donor-funded projects;

Held the 3rd MMU annual research dissemination conference 2026 which brought together researchers, partners, students and stakeholders;

Procured 266 library books; provided newspapers and paid subscriptions to 5 e-resources;

Admitted 1,437 students for academic year 2025/26 out of which 698 were female and 739 male;

Registered, taught and trained 2,572 students (1,409 male and 1,163 female);
Graduated 520 students (271 male, 249 female) during the 18th graduation ceremony;

Maintained the upgraded bandwidth of 512 Mbps to facilitate the online teaching and learning;

The University participated in the 16th annual higher education exhibition and emerged as second best performing institution at national level;

Trained 40 Classroom teachers (23 female, 17 male) on contemporary pedagogical skills;

Held 01 radio talk show to sensitize the community on awareness of communicable and non-communicable diseases and household sanitation;

Conducted two trainings on fortifying cereal porridge with fruits and vegetables to 300 women of reproductive age;

12 sports teams Participated in both intra mural and Extra mural Sports activities and won bronze medals in Scrabble for Men;

Variances and Challenges

Delayed recruitment to replace staff who left the university affected funds absorption under wage with the corresponding NSSF;

Quarter 4

Performance highlights for the Quarter

1. Generated and remitted UGX 2.862 billion in Non-Tax Revenue, exceeding the quarterly target of UGX 2.5 billion.
2. Developed and secured approval of the Hospital Client Charter.
3. Prepared and submitted the FY 2026/27 Approved Annual Work Plan and Budget within the Ministry of Finance deadline.
4. Human Resource Management
• Recruited and deployed 17 clinical staff, including Nursing Officers and Laboratory Technologists.
• Facilitated career development for 61 nursing staff and specialized training, including liver transplantation, for 10 staff.
• Rolled-out and fully implemented Biometric time and attendance system, replacing the manual system.
5. Significant investments were made in infrastructure and equipment:
• Lower Mulago renovation progressed to 27% completion.
• The 150-unit staff housing work reached 51% completion.
• Procured 03 vehicles i.e. 01station wagon and 02 double cabin pickups
• Procured modern operating theatre equipment, laboratory equipment, hospital furniture, ICT equipment and transport vehicles to improve service delivery.
• Installed 42 integrated solar street lights and ensured uninterrupted utility, security, maintenance, waste management and inpatient feeding services.
• Constructed 02 new toilet stances, improving sanitation infrastructure and access to hygiene facilities.
6. Conducted 02 super-specialized surgical camps i.e. Knee Replacement and Plastic & Reconstructive Camps
6. Specialized clinical services remained strong across departments with 69,556 outpatients, 17,158 inpatients, and 3,898 medical emergencies managed, while maintaining a 61.1% ICU survival rate. The Hospital performed 3,867 specialized surgeries, 1,018 emergency surgeries, 3,032 haemodialysis sessions, 406,381 Clinical Chemistry tests, 40,091 Haematology investigations, 37,887 Microbiology investigations, 7,880 Blood transfusions, 4,917 Histo- and Cyto-pathology investigations, 2,675 CT scans, 610 MRI scans and 707 Interventional Radiology procedures.

Variances and Challenges

VOTE: 401 Mulago National Referral Hospital

Quarter 4

1. Budget inadequacies for utilities, security, waste management and dialysis consumables continued to generate unavoidable arrears.
2. Staffing gaps and skill mix constrains for specialization. Arising from the wage bill limitations, the overall staffing levels at 56.6% reflects a constrained but functional workforce. Also, inadequate training budget, continue to constrain optimal service delivery in highly specialized areas.
3. Worn-out equipment. A significant portion of equipment procured under the African Development Bank (ADB) loan and front-loaded in 2014 has reached end-of-life, resulting in frequent breakdowns, service interruptions, and escalating maintenance costs.
4. Inadequate and aging fleet. The hospital operates with inadequate and old vehicle fleet, including ambulances, general-purpose vehicles, staff vans and vehicles for entitled officers. Limited vehicles, frequent breakdowns and high maintenance costs have negatively affected emergency response capacity, outreach services, supervision, and in-service operations.
5. Low staff morale among non-scientific support staff. Wage disparities affecting non-scientific support staff have contributed to reduced morale, despite their exposure to comparable occupational health risks and critical contribution to specialized service delivery.
6. Insufficient housing for staff in critical service areas remains a challenge. Completion of the 150-unit staff housing project has been delayed due to funding constraints and the project is being repackaged,
7. Heavy patient load in high-demand units, including Neurosurgery, Accident & Emergency, Sickle Cell, and Medical Wards, continue to exert pressure on infrastructure, staff, and available resources.
8. Lower Mulago renovation works at 27% completion (Vs 38% target), due to delay in fulfilling contractual advance payment requirements.
9. Only UGX 11.838bn released towards completion of renovation of lower Mulago against the approved budget of UGX 15.212.

Key Service Area:000089 Climate Change Mitigation

VOTE: 401 Mulago National Referral Hospital

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 12311103 Climate resilient health system built		
Programme Intervention: 123111 Increase community ownership, access and utilization of health promotion, environmental health and community health services including persons with disabilities		
1. Implement contracts for effective and safe waste management (solid waste, radioactive, wastewater, unserviceable equipment, electronic waste) 2. Water leaks, contamination and sewerage bursts monitored and fitted quickly. 3. Water-efficient fixtures and water-saving practices for water quality & availability. 4. Climate-smart kitchens ie cooking with LPG and low-cost electricity in all kitchens. 5. Extend solar water heater and solar security lighting. 6. Prioritized local manufacturers when choosing suppliers to reduce transportation and shipping distance. 7. Switch incandescent light bulbs for compact fluorescents and LEDs 8. Utilize design components including day lighting, natural ventilation, and green roofs to reduce facility's energy needs. 9. Service equipment, machines, plants, vehicles and standby generators for enhanced efficiency and reduced emission.	• Maintained contracts for safe healthcare waste management, with monthly implementation reports produced. • Sustained 100% functionality of waste segregation and disposal points across all hospital departments. • Installed 42 integrated solar street lights. • Planted 100 trees and maintained over 1,200 trees under the Plant and Nurture a Tree campaign. • Ensured hospital-wide access to safe and clean water through NWSC. • Implemented climate-smart cooking (LPG and electricity) in all hospital kitchens. • Achieved 100% compliance with Atomic Energy Council radiation safety standards, including radioactive waste management, use of personal dosimeters, and equipment safety.	No variations

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 12311103 Climate resilient health system built		
Programme Intervention: 123111 Increase community ownership, access and utilization of health promotion, environmental health and community health services including persons with disabilities		
1. Functional Heating, Ventilation, Air Conditioning (HVAC) and cold chain system maintained. 2. 07standby generators functional and well serviced. 3. Water-efficient fixtures and water-saving practices (minimum water usage for the garden, dual flush or low flow toilets, low flow shower heads in washrooms) for water quality & availability. 4. Shade trees, green zones, gardens and vegetation maintained for eco-system protection. 5. Training and Capacity Building for staff to handle emergencies due to the adverse effects of climate change (disasters, disease outbreaks, malnutrition, …) 6. Implement guidelines for monitoring usage and disposal of radioactive substances. 7. Implement guidelines/ SOPs for infection prevention and control 8. Health and Safety Committee functional. • Complete 02 public toilets at Unipot (Dra) and Kibaawo Staff Quarters in Upper Mulago to improve sanitation and staff welfare.	• Serviced and maintained air conditioning and HVAC systems in Upper and Lower Mulago. • Maintained the Upper Mulago Oxygen Plant and serviced the 70m³ Oxygen Plant to ensure uninterrupted oxygen supply. • Serviced power generators in Lower Mulago to enhance power reliability. • Implemented water-efficient fixtures and practices, including dual-flush toilets and low-flow showers. • Implemented climate-smart cooking (LPG and electricity) in all hospital kitchens. • Implemented guidelines for the monitoring, use, and safe disposal of radioactive materials. • Implemented Infection Prevention and Control (IPC) guidelines and Standard Operating Procedures (SOPs). • Maintained a functional Infection Prevention and Control (IPC) Committee. • Conducted a four-day Critical Care training, facilitated by a Critical Care Nurse Specialist from Seattle, USA, to strengthen staff capacity in critical care and disaster response.	No variations

Quarter 4

Performance highlights for the Quarter

During Quarter Four (April–June 2026), the Hospital registered strong performance exceeding most service delivery targets. Admissions reached 2,299 patients, while 15,557 laboratory investigations, 604 radiology investigations, and 4,163 rehabilitation sessions were conducted. Outpatient adult Mental Health, Child Mental Health, Alcohol and Drug Use, and community outreach services all surpassed planned targets.

The Hospital continued to experience severe overcrowding, with a 230% bed occupancy rate against the planned 95%.

During the quarter, the Hospital received supplementary funding of UGX 2.47 billion, comprising UGX 1.57 billion for wage, UGX 121.68 million for pension, and UGX 777.34 million for gratuity, which covered the deficits of wage, Pension and gratuity obligations.

The Hospital has also upgraded its Call Centre into an Enhanced Digital Mental Health Service, providing virtual therapeutic interventions through an online platform. This innovation strengthens access to mental health care nationwide by enabling remote consultations and follow-up care. The initiative is anticipated to increase service coverage, improve continuity of care, reduce travel costs for patients, and ease pressure on outpatient services by reducing unnecessary physical visits to the Hospital.

Variances and Challenges

1. Low staffing levels (49%) yet the patient load is huge and growing.
2. Inadequate wage and inability to recruit additional staff including those recently laid off due to American government executive orders.
3. Inadequate Non-wage budget for
a) fuel, food, non-medical sundries (Soap and detergent) and other commodities.
b) maintenance of buildings and equipment coupled with a high destruction rate by patients.
c) Support supervision to the regions and outreach activities.
d) training of super specialists to match the mandate and the intended level of service at Butabika Hospital
e) Specialized medicines required for the Medically Assisted Therapy for injection drug users which were previously being provided by the American Government.
4. Overcrowding in wards (Bed Occupancy Rate of 230%) and clinics due to a dysfunctional referral system.
5. Very old fleet of vehicles that are costly to maintain (ages between 15-20 years) and yet there is a ban on procurement of vehicles.
6. Inadequate infrastructure to accommodate and contain the many patients coupled with lack of an infrastructure development funds to expand the congested patient spaces/wards and complete the hospital Perimeter wall.

Quarter 4

Performance highlights for the Quarter

The following were achieved

Diagnostic services
1,827 x-rays,
2,143 Ultra sound scans,
100 CT scans,
45,469 Laboratory tests done,
850 units of blood products transfused.

Immunization services
22% Vitamin A second dose coverage for U5s,
25% DPT1 coverage,
81% of women received Iron and Folic Acid at 1st ANC,

Inpatient services
5,237 admissions
6 days Average length of stay,
72% Bed occupancy rate,
4,128 Surgical Operation done,
1,288 Inpatient Referrals in,
Essential medicine and supplies procured worth UGX 646,686,180

Outpatient services
6% patients assessed for malnutrition
67 women screened for cancer of cervix
25 patients benefitted from appliances
2,304 emergency patient attendance.

Preventive services
30% IPT for Malaria in Pregnancy 3rd dose coverage
634 mothers given ITNs
1,014 mothers attended Family planning services

Records and Information Management
30% of births and deaths registered, 15% of deaths notified and certified.

HIV mainstreaming
Offered health care and psychosocial support to 7 victims of GBV

VOTE: 403 Arua Hospital

Quarter 4

100% of New HIV Positive Clients enrolled in care,
96% Viral load suppression.
26 Clients offered PEP
6,967 Clients Counselling and Testing for HIV
32 Exposed Infants done PCR for EID and 0% HIV Positive,
85 New HIV positive clients identified and all enrolled in care

Medical Equipment Maintenance
1 round of equipment maintenance outreach conducted in West Nile region,
91.7% of the equipment in working condition in the region.
Conducted one on-the-spot user training
Medical equipment spare parts procured worth UGX 20,382,000

Management and support services
Held 1 hospital management board, 1 senior staff, 10 monthly unit, 1 general staff meetings,
Conduct Quarterly Client satisfaction survey,
Ugx 87699700 Non tax revenue collection,

Hospital Development
One Lagoon pond desilted,
Orthopaedic ward(female wing) rehabilitation completed,
1 piece of Orthopaedic Medical Equipment procured,
The construction of 7-storeyed 21-unit staff completed

Variances and Challenges

The following challenges affected services delivery by the hospital.
1. Service delivery continued to be affected by inadequate staffing levels, a number of staff having retired, transferred or died and the process of recruitment to fill the gaps takes longer than expected.
2. The high number of refugees receiving medical services from the hospital: about 4% of the total inpatient admissions and total OPD attendance were non nationals and refugees. This has had implications on the hospital plan and budget.
3. Supply of medicines & supplies and specialist equipment could not match the demand most of the time in the quarter and this affected performance of hospital planned outputs like immunization, outpatient attendance, and diagnostics among others.
4. Power and water supply from the providers was fairly stable in the quarter however a lot of arrears have accumulated. The providers continually keep demanding payments with threats of disconnection.

Quarter 4

Performance highlights for the Quarter

1) Clinical Service Delivery & Public Health
The hospital demonstrated strong performance against key national health indicators, often exceeding its targets.
a) Disease Control & Prevention:
o 100% of malaria cases were laboratory-confirmed, ensuring accurate diagnosis and treatment.
o Achieved 98% HIV viral load suppression among people living with HIV (PLHA), surpassing the 95% target.
o Surpassed HPV vaccination targets for 10-year-old girls, achieving 93.23% coverage against a 78% target.
o Exceeded its target for deworming under-5 children, achieving 61% against a 36% target.
b) Maternal & Child Health:
o Hospital deliveries rose to 76.8%, exceeding the 69% target and showing improved utilization of maternity services.
o Achieved 100% ART initiation for HIV-positive pregnant women, showcasing a strong PMTCT program.
o Reported a very low institutional perinatal mortality rate of 2.8 per 1,000 births, significantly better than the 16.5 target.
c) Non-Communicable Diseases & Specialized Care:
o Achieved 81% cervical cancer screening coverage for women aged 25-49, vastly exceeding the 28% target.
o Maintained a 100% availability of safe blood and blood products.
d) Quality of Care & Patient Safety:
o All chronic care clinics were successfully integrated, and lower-level facilities were functionalized to decentralize care.
2. Operational Capacity and Systems
• Service Delivery: The hospital handled 177,043 OPD attendances, representing 5.3% of the regional population.
• Governance: All hospital wards were equipped with functional sanitation facilities, and a functional Client Feedback System is in place.
• Digital Health: Facility deaths were notified in DHIS2, and key systems like iHRIS are functional for human resource management.
3. Community Engagement and Accountability
• The hospital proactively conducted Community Barazas and strengthened QR-code feedback mechanisms to improve client satisfaction and accountability, which currently stands at 75% client sati

Variances and Challenges

VOTE: 404 Fort Portal Hospital

Quarter 4

Financial Variances

Financial & Resource Management

1)Government Budget Absorption: The hospital achieved an overall absorption rate of 83% for its Government of Uganda (GoU) budget. Notably, the development budget (GoU) was 100% utilised.

2)High Non-Wage Absorption: A significant 91.3% of the non-wage recurrent budget was utilized, demonstrating effective use of operational funds.

3)Exceptional Internal Revenue Generation: The hospital far exceeded its target for Non-Tax Revenue (NTR) of 650M, by 125% , which amounted to UGX 814 Million in collections.

Challenges

1) Inadequate staffing in some critical cadres and specialties; increasing patient volumes and referral burden;

2) Limited infrastructure relative to the growing catchment population;

3) Equipment breakdown and maintenance challenges of the oxygen old plant and decommissioning the old x-ray machine;

4) Intermittent internet connectivity and system downtime; fragmentation of electronic health information systems; data quality and reporting challenges;

5) Increasing burden of non-communicable diseases;

6) Delayed referrals and late presentation of patients;

7) Medicines, and supplies stock outs.

Quarter 4

Performance highlights for the Quarter

Budget performance was strong: 100% of the revised budget was released and UShs 16.984Bn spent, equivalent to 99.8% of the approved budget, with UShs 5.613Bn spent in Quarter 4 alone. Development funds (UShs 0.108Bn) and pension and gratuity arrears (UShs 0.075Bn) were fully absorbed. Non-Tax Revenue collections reached UShs 0.379Bn against an annual target of UShs 0.240Bn (158%).

The hospital sustained its regional stewardship role over nine districts and 351 DHIS2-reporting facilities. The third Acholi Regional Integrated Performance Review was convened from 10th to 12th June 2026 with MoH, district health teams and partners, and quarterly integrated technical support supervision, regional JRM and performance review meetings were all held (100%).

Clinical and programme results improved: cervical cancer screening reached 93% of the quarterly target (164/177); PrEP_NEW achieved 218% (589 clients); PMTCT_ART_New 112% and PMTCT_STAT New Positive 122%, with all positive mothers linked to ART; TX_CURR rose from 3,428 to 4,191; viral load coverage improved from 15% to 31%; mother-to-child transmission was 1.6%; paediatric viral load suppression 94%; TB molecular testing 86%; and EID/VL sample turnaround time 2 days. All maternal (1/1) and perinatal (31/31) deaths were audited.

Systems performance was equally sound: 100% functional EMRs at the RRH, general hospitals and HC IVs, with 100% data concordance between EMR and HMIS and 100% EMR timeliness and completeness; eleven active eAFYA sites sustained; 99% last-mile tablet delivery and 106 of 225 sites trained on the e-Register; and a data quality assessment of 5,583 inpatient records completed with a costed action plan. The hospital scored 85.6% (Advanced) on IPC, up from 83%, conducted IPC and EVD preparedness assessments in nine facilities and mentored 46 frontline health workers. Timely NMS ordering was sustained at 100% across 93 facilities, and equipment repairs were completed within two weeks (15/15).

Variances and Challenges

The approved budget of UShs 17.011Bn was revised to UShs 19.481Bn following supplementary provisions for wage (UShs 2.062Bn) and gratuity (UShs 0.408Bn). All revised funds were released (114.5% of approved), but only UShs 16.984Bn was spent, being 87.2% of releases and leaving UShs 2.497Bn unabsorbed.

The largest variance was under Support Services (UShs 1.028Bn), driven by Pension which absorbed only 50.7%, leaving UShs 0.831Bn unspent due to ongoing verification and validation of pensioners' files and late submission of documents to MoPS/MoFPED. Wage absorbed 90.0% of releases because of the high vacancy rate: only 372 of 1,304 approved posts (29%) are filled, leaving salaries for unfilled posts unutilised. Under Hospital Services (UShs 0.223Bn unspent), Social Security Contributions absorbed 2.4%, Employee Gratuity 0%, Insurances 0% and Beddings/Clothing 75.2%, mainly due to delayed NSSF remittances, pending payroll validation of contract staff, and procurements concluded late in the closing quarter.

Service delivery was constrained by a critical human resource gap, concurrent measles outbreaks in eight of nine districts and cholera in three, alongside national Ebola preparedness, which stretched regional surveillance resources; data quality gaps, with 37.2% of inpatient records lacking ICD codes.

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 12030708 Promote digitalization of the health information system		
Programme Intervention: 123121 Improve the functionality of the health system to deliver quality and affordable preventive, promotive, curative and palliative healthcare services.		
Achieve 100% functional HMIS systems across all hospitals and Health Center IVs 100% of Units are fully utilising the Electronic Medical Records system	100% functional Electronic Medical Record (EMR) systems achieved across all hospitals and Health Center IVs. During Q4, all 10 HC IVs were successfully utilising eAFYA, with HC IIIs and HC IIs enrolled on eRegisters. Weekly virtual support and on-site mentorship were conducted to enhance the capacity of EMR users, including new and transferred staff at Gulu RRH, and an eAFYA EMR data quality assessment was successfully completed. 100% eAFYA EMR functionality was attained in all units at Gulu RRH, improving patient care quality and data management.	No variation
PIAP Output: 12317401 Birth and death registration scale up		
Programme Intervention: 123174 Strengthen population planning and development along the life cycle approach including civil registration, vital statistics and national population data bank		
Provide refresher training for registration staff Implement standardized registration protocols across all units Implement quality control measures for data accuracy Conduct year-end unit performance assessment Prepare annual statistical report	Refresher training conducted for registration staff on birth registration and death notification procedures. Standardized registration protocols implemented across all units, with 100% of departments successfully utilising eAFYA. Quality control measures for data accuracy applied, achieving 90% of births at the Regional Referral Hospital successfully notified. Year-end unit performance assessment conducted across registering units. April, May and June HMIS Inpatient and Outpatient reports prepared and submitted.	No variation

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Key Service Area:000089 Climate Change Mitigation		
PIAP Output: 12311103 Climate resilient health system built		
Programme Intervention: 123111 Increase community ownership, access and utilization of health promotion, environmental health and community health services including persons with disabilities		
1.25% reduction in energy consumption and cost savings, 80% Improved waste segregation and disposal practices	Energy consumption reduction at 3% against the 1.25% target. Improved waste segregation and disposal practices: IPC and Healthcare Waste Management (HCWM) assessments conducted in five high-volume health facilities (Kitgum General Hospital, Anaka General Hospital, Atiak HC IV, Lalogi HC IV, and Palabek Kal HC IV), and IPC preparedness assessments conducted in four high-risk facilities in Lamwo District (Madi Opei HC IV, Padibe HC IV, Palabek Kal HC IV, and Paluda HC III). Assessment findings informed targeted mentorship on segregation at source, colour-coded binning, and safe disposal practices.	The shortfall against target is attributed to inadequate waste treatment and storage infrastructure, which remains the binding constraint; incinerator capacity and lined storage areas require capital investment beyond the scope of mentorship.

PIAP Output: 12311605 Medical Laboratory and diagnostic imaging services strengthened		
Programme Intervention: 123116 Improve curative, palliative, rehabilitative and geriatric care services		
25000 Laboratory investigations done 1375 imaging done 875 Ultrasound done 200 CT Scan done	32,167 Laboratory Investigations done 1,329 imaging done 1,920 Ultrasound done 482 CT Scan done	Positive variation was recorded across three of four indicators. Laboratory investigations exceeded the Q4 target by 29% (32,167 against 25,000), ultrasound by 119% (1,920 against 875) and CT Scan by 141% (482 against 200). Over-performance is attributed to: (i) sustained 100% functionality of imaging equipment throughout the quarter following implementation of preventive maintenance schedules, which eliminated the downtime that constrained earlier planning assumptions; (ii) increased referrals from lower-level facilities across the nine Acholi districts, as CT and ultrasound services are not available at HC IV level and below; (iii) rising demand for diagnostic confirmation driven by expanded clinical service volumes at the Regional Referral Hospital; and (iv) conservative target-setting at planning stage, as targets were based on periods of partial equipment functionality.

Quarter 4

Performance highlights for the Quarter

Budget execution was at 83.2% performance. There was some unspent balance on wage caused by late release of wage supplementary
29,188 clients were seen under outpatient out of which 19,441 were specialised attendances
414 dialysis sessions were performed in the quarter
The facility admitted 7,117 patients with a Bed Occupancy Rate (BOR) of 99%, with 1,669 deliveries conducted
2,101 surgeries were conducted in the quarter (both major and minor)
95% Electronic Medical Records (EMR) system utilization
X-rays services available after the equipment repair
Staffing level still stands at 27.5%
A 54 bed capacity ward constructed and at 98%
Reduction in stock out levels for Essential Medicines and Health Supplies (EMHS)
Improved neonatal care services after relocation to the ICU building

Variances and Challenges

The hospital was able to achieve most of its performance indicators as targeted, in areas of Inpatient admissions, antenatal services, immunisation services, surgical procedures and diagnostic services and the new services like CT-scan and dialysis.
X-rays services are fully available after repair of the machine and installation of a new one
Low performance in Family Planning due to out of stock of frequently preferred methods
There was an improvement in outpatients seen and specialized outpatients
Dialysis services now fully available
Approved staff salary arrears and other domestic arrears were released
CHALLENGES
The Vote budget still low which affects service delivery and effective delivery of its mandate within the region
Limited space leading to congestion and flow cases; space for general wards, laboratory and some specilized clinics
Insecurity due to incomplete perimeter wall around the hospital premises
Increased bills for water and electricity and cleaning expenses following new developments of CT scan, Intensive Care Unit (ICU), new oxygen plant, dialysis unit
Low staffing levels which stands at 27.5% caused by low wage bill yet the hospital has to functionalise new services like ICU and dialysis services andother specialities
Late release of supplementary wage affected budget execution to 78.3%

Performance highlights for the Quarter

10,001 Admissions
84.4% Bed Occupancy Rate
3 Days 21 Hours Average Length of stay
1,013 Major surgeries
2,671 ANC contacts
62,899 Laboratory tests
701 ultrasound scans
203 Xray
253 CT Scans
0.332 Bn worth of EMHS received from NMS
Audit report prepared
Quarterly performance reports compiled, prepared and submitted
Medical equipment of Hospital and region
Establishment of Parking Area and Access Road-141m
Construction of Patient Shade, Walkways and renovations on Orthopedic Ward-114m
Renovation of Administration Block and Expansion of Hospital board room-161m
Fencing of Eastern Hospital Wing, Remodelling and renovation on Staff House and works on Perimeter wall Fence at Nalufenya campus (Consolidated project works)-125m
Procurement of essential Medical Equipment-53m
Procurement of assorted Medical Spares fo Regional workshop-12m

Variances and Challenges

Unfilled critical positions
Inadequate staff accommodation
Intermediate Inadequate Medicines and supplies budget
High utility bills

Departments , Projects		
Programme:12 Human Capital Development		
Vote Function:01 Regional Referral Hospital Services		
0.136	Bn Shs	Department : 001 Hospital Services
		Reason: This was NSSF contribution for the 76 USAID supported staff who were terminated by the US Government during the stop work order while the budget execution was ongoing. Their NSSF contribution could not be paid/remitted since their contracts were terminated. This funds could not be spent yet it was budgeted for.
Items		
0.105	UShs	212101 Social Security Contributions
		Reason: This was NSSF contribution for the 76 USAID supported staff who were terminated by the US Government during the stop work order during the budget execution. Their NSSF contribution could not be paid/remitted since their contracts were terminated.
0.522	Bn Shs	Department : 002 Support Services
		Reason: Some two staff were not paid their gratuity due to the mismatch in their personal details. These mismatches had to be corrected first before payments and this could not be done on time. There was over budgeting for pensions coupled with the delay in accessing some two staff on the pensions payroll. These funds could not be spent.
Items		
0.289	UShs	273105 Gratuity
		Reason: Some two staff were not paid their gratuity due to the mismatch in their personal details. These mismatches had to be corrected first before payments and this could not be done on time.
0.232	UShs	273104 Pension
		Reason: There was over budgeting for pensions coupled with the delay in accessing some two staff on the pensions payroll.

Quarter 4

Performance highlights for the Quarter

The following are performance highlights for quarter 4 FY 2025-2026. They are:
a) HOSPITAL SERVICES
1. Diagnostic Services
No X-rays were done.
1,990 Ultra-sound scans were done.
75,249 laboratory tests were done, and
237 CT-Scans were done.

2. Inpatient services
164 neonates were admitted in the NICU.
201 mothers were admitted in the gynaecology ward.
4,007 patients admitted in the wards.
75% BOR.
5 days was the ALOS of patients.
738 major operations conducted including CS.

3. Outpatient services
24,892 patients attended to in the OPD.
16,194 patients attended to in the OPD special clinics.
472 patients referred in to the hospital.
109 patients referred out to higher level facilities in Ambulance.

4. Prevention and rehabilitation services.
1,638 ANC (all attendance) recorded in the hospital.
504 family planning contacts made.
38 screened for cervical cancer.

5. HIV/AIDS research, Healthcare, and Outreach Services.
1,132 tested for HIV.
157 HIV positive women screened for cervical cancer.
4 males were circumcised under VMMC program
3,427 HIV positive clients retained in care.

4. Immunization services
6,731 Static immunizations conducted.
One integrated childhood immunization done.

5. Prevention and Rehabilitation

VOTE: 408 Kabale Hospital

Quarter 4

1,638 ANC (all attendances) recorded in the hospital.
504 family planning contacts made.
696 ANC (all visits) in the hospital recorded.

b) SUPPORT SERVICES
1. Internal Audit
One internal Audit report produced and submitted to Accounting Officer and IAG.
Internal controls developed and implemented.

2. Hospital management and support services.
310 job cards for medical equipment raised.
341 pieces of medical equipment repaired and or serviced.
One hospital management board meeting held.
3 top management meetings held.
One financial performance report produced and submitted to MoFPED.

3. Human Resource Management
256 staff paid salary by the 28th of every month.
64 pensioners on payroll paid by 28th.
287 staff enrolled on biometric machine.

Variances and Challenges

A number of challenges were faced:
1) Inadequate staffing to provide the much needed care to patients. The hospital lacks critical cadre of staff e.g. Orthopaedic surgeons, ENT Surgeons, Phyciatrists, ICU Nurses, Anaesthesologists, Eye specialists among others. This has increased the number of referrals out.
2) Inadequate funding for NWR, wage, and retooling. This has affected the service delivery. There is also no funding for capital development thus the hospital is unable to expand and or construct needed wards, renovate the existing ones and build the much needed staff accommodation.
3) There is limitation in the available space for patient care. Most wards were constructed in the 1930s to 1960s when the population was still very low. There is shortage of space for patients in wards.
4) The hospital experiences overwhelming patient numbers due to the non or partial functionality of the referral systems. Patients prefer to come to the regional hospital not the lower facilities nearer to them.
5) Service providers sometimes delay to supply goods, services and supplies ordered from them thus delaying expenditure of the already released funds.
6) Poor attendance to duty by some staff cause delay in service provision. Management is strengthening duty attendance mechanisms and its enforcement.
7) Poos pay for support staff and this has affected their motivation to work.
8) Inadequate supply of medicines and medical supplies due to inadequate budget. Medicines get over as soon as it is delivered thus not lasting for two months. This leads to patient frustration.

VOTE: 409 Masaka Hospital

Quarter 4

Performance highlights for the Quarter

In Quarter 4, Masaka Regional Referral Hospital delivered outstanding performance, surpassing most service targets through strategic infrastructure investments, robust community outreach, and sound financial management. The hospital exceeded diagnostic goals with 79,150 laboratory examinations against a target of 59,125, 4,824 ultrasound scans surpassing 3,750, 3,285 X-rays against 2,000, and 1,534 blood transfusions against 1,325. Under HIV services, the hospital achieved a 97% viral load suppression rate, exceeding the national target of 95%, while maternal and child health services registered 3,356 ANC attendances, facilitated 8,641 deliveries, and managed 441 neonates with a 4% reduction in neonatal mortality. With support of 1.2 billion UGX, the hospital completed and occupied the new MCH complex housing maternity, pediatric, NICU, and a newly established nutrition ward, which has eased congestion and improved patient flow in a clean working environment. Community outreach was bolstered by a TB mobile van from the Ministry of Health, equipped with an in-built X-ray machine and GeneXpert 6 module, enabling active case finding and on-site screening in hard-to-reach areas. Quality assurance was reinforced by receiving a certificate for service delivery standards, alongside progress in finalizing the hospital's strategic plan. Financially, the hospital received full funding as per planning figures and utilized 88.3% of its non-wage budget, while also fully clearing outstanding pension and gratuity arrears. The end-of-quarter client satisfaction survey indicated 71% satisfaction, providing valuable insights that enabled the hospital to identify and address areas for improvement within its means. Overall, the report depicts a hospital underscoring a holistic approach combining infrastructure development, mobile outreach, specialized services, and robust financial oversight to deliver transformative service to clients across the greater Masaka region.

Variances and Challenges

Despite strong overall performance, Masaka Regional Referral Hospital encountered several notable shortfalls and systemic challenges during the quarter. Pension and gratuity funds were not fully utilized because of overestimation and unfinished pension files by the Health Service Commission due to technical issues. They promised to address these issues and beneficiaries get their funds next quarter. The CT scans machine broke down and this affected diagnostic services in the hospital; we recorded 340 against a target of 400 clients planned to access the service. The quality of hospital data is compromised due to the hospital using both an electronic system and registers; this is because the eAFYA system could not generate complete HMIS-compatible data needed for reporting. Infrastructure challenges persist, including old, dilapidated buildings and an outdated sewerage system; the ICU is incomplete due to missing pendants; stalled senior staff quarters with no capital development budget; and an ageing ambulance fleet with limited fuel constraining emergency referrals. The hospital has a critically low staffing level of only 25% of approved posts, affecting duty coverage and contributing to staff burnout. The lack of an internal auditor has weakened internal controls, and accumulated domestic arrears for service providers have strained supplier relationships and delayed maintenance. Despite these multifaceted challenges, the hospital remains steadfast in its commitment to improving service delivery and addressing systemic gaps to better serve the community

Programme:12 Human Capital Development

Vote Function:01 Regional Referral Hospital Services

Department:002 Support Services

Key Service Area: 320021 Hospital management and support services

PIAP Output: 12030707 Develop and monitor implementation of the health service and service delivery standards

Programme Intervention: 123121 Improve the functionality of the health system to deliver quality and affordable preventive, promotive, curative and palliative healthcare services.

PIAP Output Indicators	Indicator Measure	Planned 2025/26	Actuals By END Q 4
Number of standards and guidelines developed / reviewed	Number	2	2
Number of Harmonized Health Facility Assessments conducted	Number	12	11
Number of Quarterly supervisory visits conducted	Number	4	13
Client satisfaction level (%)	Percentage	85%	56%
% of health workers expressing satisfaction with their jobs	Percentage	85%	66%
% of Private for profit health facilites enrolled on the SQIS	Percentage	35%	0

Project:1964 Institutional Development of Mbale Regional Referral Hospital

Key Service Area: 000003 Facilities and Equipment Management

PIAP Output: 12090203 Ministry of Health human resources and capacity strengthened

Programme Intervention: 129112 Capacitate institutions to deliver Human Capital Development Programme

PIAP Output Indicators	Indicator Measure	Planned 2025/26	Actuals By END Q 4
Number of audit reports prepared and disseminated	Number	4	25
Number of Contracts Committee meetings conducted	Number	12	13
Number of political monitoring and oversight reports on MoH activities prepared	Number	0	12
Report on implementation status of Cabinet decisions/ directives and Sectoral public policies in the MDA monitored and evaluated	Number	0	3
Policy briefs and position papers on topical sectoral public policy issues developed	Number	0	0
% of approved posts filled in public health facilities	Percentage	35%	30
% salaries paid	Percentage	100%	100
% pension and gratuity paid	Percentage	100%	92%
Human Resource for Health Development Plan 2025/26 - 2029/30 developed	Number	1	1

VOTE: 410 Mbale Hospital

Quarter 4

Performance highlights for the Quarter

1. 100% planned funds received and 98% absorbed
2. Obstetrics and gynecology theatre renovated and expanded
3. Paediatric theatre renovated, equipped and operationalized
4. community baraze organized and feedback on service delivery received and responses were given.
5. All contractual obligations were paid
6. internal audits were done and management responses were given
7. Maintenance of civil, transport and plants was done
8. Planned utility bills were paid 100%
9. Health services delivery monitored and supervised in the lower health facilities

Variances and Challenges

1. Irregular water supply supply, 2. irregular electricity supply, 3. High electricity bill for oxygen plant, 4. Failure to upload newly deployed staffs on payroll due system challenges, 5. Lack of internal auditors delays timely payment of gratuity and pension of the newly retired 6. Delays on timely processing of funds due to IFMS system failure
7. Planned medical equipment and accessories for procurements were not received by Mbale RRH due to sub- standards and incomplete supplies
8. Break down of CT-scan.

Performance highlights for the Quarter

VOTE: 411 Soroti Hospital

Quarter 4

1.Diagnostic Output:
58,629 laboratory test conducted of the planned 45000
1, 474Ultrasound test conducted of planned 125
1,646 Blood transfusion administered of planned 2500.
120 CT scan conducted of planned 175 CT.
Variation: Malfunctioned CT scan
1,393 X-rays done of the planned 250
2. Immunization output:
2,490Children immunized against diseases of planned 2000
1,030 Mothers immunized against TT of planned 1500.
30 Girls above 10 years and women of productive age immunized of planned 125.
variation: Poor uptake of message on cervical cancer especially among young ones.
3. Inpatients output:
5,377 Admission recorded of planned 5500.
948 Deliveries recorded of planned 1000
723 Major surgeries conducted of planned 625
28 VMMC recorded of planned 1250
Variations: Lower health facilities encouraged to take up services.
4. Outpatients Outputs:
11,081 Outpatients seen of planned 8750.
607 Surgical Outpatients seen of planned 1500.
1,174 Pediatrics Outpatients seen of planned 875.
3.067 Orthopedics cases seen of planned 1250.
1697 Gynae patients seen of planned 625.
5. Prevention and Rehabilitation Output:
2,070 ANC services seen of planned 500
464 Family planning cases recorded of planned 150.
Variation: maternal health is key priority in service delivery.
6. Implementation of TIFA PROJECT
02 construction projects initiated.
TIFA reviews done
7. Human Resource Management
All salaries are paid by 28th day of calendar month.
8.HIV Mainstreaming
0 Babies born with HIV initiated into ART turned positive.
89% of HIV exposed infants with 2nd DNA/PCR within 9 month
7. Strategic plan development at 95%.
8. Servicing and maintenance of vehicle and machinery done with available resources and one ambulance repaired.
9. Indoor and Outdoor services provided.
10. 00 Staff gratuity paid.

VOTE: 411 Soroti Hospital

Quarter 4

Variances and Challenges

High utility cost with underfunded priorities
Low operation budget with no increment in last 6 years.
cost overran due to old dilapidated buildings creating high cost of maintenance.
Integration of EMR still being affected by Hardware installation.
High cost of full digitalization with soaring data cost by NITA yet hospital operation budget is stagnant unable to meet its needs

VOTE: 411 Soroti Hospital

Quarter 4

Performance highlights for the Quarter

1) Management adapted EAFYA replacing Clinic Master for data digitalization. All departments except Mental Health have been transitioned to the new application working towards becoming paper less. Data management has greatly improved. However, the transition process is quite challenging. There is internet connectivity challenge and staff still have skill gaps. Also notable was delay in reporting due to challenges in system data extraction arising from power up surge that destroyed some of the computers.

2) Renovation works on the hospital portion of the police hospital road have been completed due for hand over. Renovation of the Eye unit already done and handed over and is already in use. The walk ways canopy works and paving also completed.

3) EAFYA connectivity is unstable due to lack of power back up in the server room. Management prioritized power back up using solar batteries. The dedicated power line has greatly improved power availability. There is reduced fuel consumption and safety of medical equipment registered.

4) Ongoing locally sourced projects include construction of the gyne ward supported by Seed Global. Construction of the Fistula ward with support from Mbarara University.

5) Works on the private wing waiting area expansion completed and private wing services continue running for revenue generation.

6) Integration of health services has taken off with the Hospital running a chronic care clinics handling other Non-Communicable diseases. Support to lower level Health facilities continues to be done to ensure their functionality.

7. Greening of the hospital compound is ongoing and street lighting done.

8. Upcoming construction of the Pediatric complex by the Muslim community under the sickle Cell partnership. BoQs already being developed. The procurement process already initiated for works to commence.

Variances and Challenges

VOTE: 412 Lira Hospital

Quarter 4

1) Management has continued to improve on data management through digitalization and use of the EAFYA system however, staff have not yet fully adapted the system due to skill gaps and negative attitude, Key to note is that the EAFYA developers have supported the hospital on modules, reporting system and giving system support to the hospital using Desk applications.

2) Internet connectivity occasionally interferes with full implementation and functionality of EAFYA. But this was addressed through the installation of a new server. Also Paper based back up is still being maintained to avoid total loss of vital data.

3) The hospital has undertaken expansion of ICU which is ongoing in the main theater and the old laboratory building. Staffing is still a challenge but more wage bill has been allocated more staff will be recruited starting new financial year. Management has continued working with volunteers and promoting service integration with various clinics.

4) The hospital is challenged with old dilapidated buildings with limited provision of rams and walk ways for people with disabilities. However, the old buildings are being renovated and repurposed for various activities.

5) The first and second Medicines cycles deliveries were received but still stock outs occur due to the limited medicines budget with order fulfilment rate of 80%. This led to redistribution and emergency ordering to fill the gaps. However, the private wing pharmacy supports patients especially at late hours of the night.
