Quarter 4

Performance highlights for the Quarter

Gender Mainstreaming services
Acquired a machine to use in production of sunscreen lotions. The outcome is positive and this financial year we are ready to commercialize waiting National Drug Authority's authorization. 2 prototypes developed

7 groups of marginalized women communities were trained(a total of 170 women). The communities include; Serere,Iganga, Kitgum, Singing, Kanungu, Katiba, Amuru, Agago(under ADRA). This training modules in textiles sectiontrainings that are delivered

Research and Development
119 samples were analyzed in chenistry in food products, cosmetics, beverages, soil.
82 samples were analyzed in microbiology in food products,water, beverages, cosmetics medical devices and herbal medicine.
5 samples were tested in the textiles, materials and polymer laboratory; woven fabric from cotton, banana fibers, cottonised and raw banana fibers, bio-plastic film from glycerin and honey. This makes a total of 206 samples

Provided engineering training to 318 informal artisans to enhance their technical skills, improve efficiency and effectiveness, and enable them to produce high-quality, competitive products

Supported 25 incubatees in the areas of bakery, fruit processing, meat processing, and dairy processing, resulting in the development and production of value-added products such as yoghurt, fruit juice, and bread.

Variances and Challenges

Lack of funding to fully operationalize production and apprenticeship operations at
Namanve Campus

Lack of entrepreneurial skills to facilitate business incubator efforts.

Inability to acquire additional priority technologies, tooling and accessories
for Namanve Campus operations due to under funding

Budget shortfalls where UIRI experienced a shortfall of ugx 1.958BN

Department:001 Headquarters		
Key Service Area:000034 Education and Skills Development		
PIAP Output: 04311102 Innovation and research initiatives supported		
Programme Intervention: 043111 Promote acquisition and use of appropriate technology in collaboration with research institutions and academia		
Fabricate post harvest handling technologies such as Grain seed cleaning and destoning equipment, maize sheller and multipurpose threshing and grading machines. These technologies will improve post-harvest handling of agricultural produce.	Machining of components for the multi-threser was done. 3 post-harvest machines were completed during FY 2025/26 (maize thresher, multi-grain cleaner, combined harvester).	N/A
Provide industrial skills to 29 MSMEs required to support industrial value addition. These include modern welding, machine operation & maintenance.	4 MSMEs received training support in engineering. The training received was in welding, machine operation, machining workshop, welding workshop, material testing laboratory, heat treatment workshop, embedded systems, electrical installations and others.	The number of MSMEs that came for training were less than expected.
Support 53 innovations and research initiatives in manufacturing sector. These innovations include fabrications of reverse engineered products.	16 research initiatives were carried out and 8 of the initiatives are currently still ongoing while 8 were completed. The research initiatives conducted are in different engineering technologies in the manufacturing sector.	Need for more advanced machinery.

Programme Intervention: 072412 Implement Digitalization strategies

Strengthen UIRI's business incubator by supporting 100 private sector businesses in incubation programme. This is aimed at increasing employment and creating wealth.	6 businesses were admitted into the UIRI incubator in dairy, juice, meat processing, fruits & vegetables and engineering sections.	The businesses that came for the training were less than what was planned for.
Provide hands on skilling to 75 MSMEs in areas of value addition and engineering . This is aimed at increasing import substitution and increased export earnings from value added products	All 6 newly admitted MSMEs in the UIRI incubator received value addition training as well as technical training on use of the technologies in the incubator sections and BDC support. 5 MSMEs in engineering received training in various fields of manufacturing during this period for example; machine operation, forklift training, scaffolding, electrical engineering. 4 MSMEs received skilling in agro-value addition.	Few MSMEs came for training than planned for.
Provide Business Development services for 39 SMES after incubation	6 businesses (that were newly admitted in the UIRI incubator received BDS incubator support, additionally one (1) bakery business that is already an incubatee received BDS support.	The SMES that came for training were less than that planned.

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 13020101 Specialised capacity development programmes for prioritised value-chains		
Programme Intervention: 132121 Accelerated Conversion of Ugandan workforce through specialized Industrial STI Capacity Development Programs		
Conduct R&D on sunscreen lotion. This is essential in the fight against skin cancer in the albino communities. 2 prototypes will be fabricated.	Acquired a machine to use in production of sunscreen lotions. The outcome is positive and this financial year we are ready to commercialize waiting National Drug Authority's authorization. 2 prototypes developed.	N/A
Conduct R&D and train at least 5 groups of marginalized women communities' on production of affordable sanitary wear.	7 groups of marginalized women communities were trained (a total of 170 women). The communities include; Serer, Iganga, Kitgum, Singing, Kanungu, Katiba, Amuru, Agago (under ADRA). This training modules in textiles section trainings that are delivered.	The number of marginalized women communities that came for training were more than expected.
Conduct out reach trainings to 45 youth and women in value addition in arears of Diary value addition, juice processing , briquettes making in order to improve their livelihoods.	In briquette making 10 youth including women received training, 56 women and youth received training in meat value addition, a totol of 26 people received training and 20 of these were women received training in food value addition, 23 women received training in bakery.	More youth and women came for the traing than planned for.

Programme Intervention: 132121 Accelerated Conversion of Ugandan workforce through specialized Industrial STI Capacity Development Programs		
Continue analyses of 500 products for quality assurance by microbiology, chemistry and Textile laboratories.	119 samples were analyzed in chenistry in food products, cosmetics, beverages, soil. 82 samples were analyzed in microbiology in food products, water, beverages, cosmetics medical devices and herbal medicine. 5 samples were tested in the textiles, materials and polymer laboratory; woven fabric from cotton, banana fibers, cottonised and raw banana fibers, bio-plastic film from glycerin and honey. This makes a total of 206 samples	The number of products availed for analysis were less than what was planned for.
Conduct demand-driven research in food processing and value addition on 5 products.	Conducted research in food processing and value addition in dairy and bakery products, resulting in the development of value-addition on 5 products.	N/A
	3 Concepts which include revitalizing Uganda's textiles sector, establishing a production and skills development facility for PPEs and extraction of palm oil have been developed.	N/A
Operationalization of MMIDC Namanve project that will result in production of machinery and equipment for use and foundry production of cast metal products.	9 staff were trained in modern machine maintenance, machine fabrication, production of cast metal products which is a step in operationalization of MMISDC namanve	N/A
Provide training to 60 informal artisans in molding, modern welding , carpentry.	Provided engineering training to 318 informal artisans to enhance their technical skills, improve efficiency and effectiveness, and enable them to produce high-quality, competitive products	Availability of enough technical expertise from our staff

Programme Intervention: 133133 Enhance international cooperation for technology development and market creation

Strengthen the capacity of UIRI's business incubator to accommodate 27 incubates. These are supported under bakery, fruits, meat and diary, engineering, textiles, carpentry, cosmetics, chemistry. A number of products such as pastries, solar generator	Supported 25 incubatees in the areas of bakery, fruit processing, meat processing, and dairy processing, resulting in the development and production of value-added products such as yoghurt, fruit juice, and bread.	Renovations and acquisition of machinery for the pilot plants.
Up-scale the Nakawa incubation center to accommodate the rising high demand of incubation services. This is through renovation of two pilot plants at Nakawa campus.	Up-scaled the Nakawa Incubation Centre by creating additional space to accommodate more incubatees and enhance its capacity to support enterprise development.	N/A

Quarter 4

Performance highlights for the Quarter

In the quarter, the following activities were achieved: Developed a Skills & Talent Development Framework, conducted class-room observation of delivery of the National Pre-primary Curriculum in 20 Learning Centres in the 5 sub regions of Uganda and Trained 52 lead facilitators on wisdom pedagogy handbooks for primary and secondary.

Variances and Challenges

During the FY, vote 111 received UGX 34,662bn against the approved budget of UGX. 38.135bn representing 90.89% revenue performance. Specifically, the vote received 97% of projected revenues in Q1, 98.40% in Q2, 44% in Q3 and 117% in Q4 which translated into a cumulative out-turn of 90.89%. The short of 9.1% affected implementation of the following key activities: Development, printing and distribution of P.1-3 curriculum materials and training of teachers on the reviewed P.1-3 curriculum; finalisation of the 0-3 years resource books (piloting and orientation of caregivers); the major review of the upper secondary curriculum, specifically the training of teachers.

Quarter 4

Performance highlights for the Quarter

- Consultation of key stakeholders in the fight against corruption continued. Draft NACS in place pending approval by Top Management .
-DIPF follow-ups and support supervision meetings were conducted in 30 district Local governments across the country namely; Bukwo, Kapchorwa, Kween, Amudat etc.
-One Task-force meeting on developing the Terms of Reference for operationalization of the ACCPPP Committee mandate was conducted.
-The Annual ACPPP performance review workshop was conducted at DEI Board room.
-DIPF capacity building workshops were conducted in Bushenyi, Soroti and Mbale sub-region centers.
-Nine capacity building trainings for Head Teachers/Deputies, Senior Women/ men teachers, Matrons and Patrons, House Masters on integrating NEVs in schools environment conducted in Kyotera, Masaka, Buvuma etc.
-Three sensitization meetings for leaders of Bugisu, Kumam and Buruli Cultural institutions on their roles in inculcating values among their subjects and the NEVP were conducted.
-Two regional stakeholders dissemination meetings on the NEVPs were conducted in Iganga for Busoga sub-region and Tororo for Bukedi sub-region.
-Five Task- force meetings to initiate the NEVPs Review process were conducted
-Two dissemination meetings of the Business Code of Ethics and the NEVPs with Private Sector/business community were conducted in Busia town and Jinja city.
-Held 2 Engagement Meetings with RFO leaders in the districts of Rakai and Masindi and empowered them on rebuilding morals among youth and families using the NEVPs.
-Data collection exercise was conducted on all RFOs in the Acholi sub-region and Mityana. Data has so far been received from 1361 RFOs and more is expected.
-A meeting of the Integrity Focal Persons and Internal Auditors was conducted, at which they were taken through the Simplified Uganda Integrity Assessment Scorecard, (UGIAS) to ensure its effective implementation in MDAs.
-2 meetings of the Inter Agency Forum (IAF) Legal Task Force were held

Variances and Challenges

-Limited funds due to small budget allocation for the entity
-Obsolete transport, furniture and IT equipment due to a limited retooling budget.
-Staffing gaps which directly affects performance
-Some key activities were affected as most of the stakeholders were heavily involved in political Campaigns.
-The LCT members were appointed mid financial year.
-Key provisions of the Anti-Pornography Act were declared null and void by the Constitutional Court, for inconsistency with the Constitution. This was in a Constitutional Petition which had been pending since 2014. This is an impediment to the PCC. However, the Attorney filed an appeal with the Supreme Court.

VOTE: 112 Directorate of Ethics and Integrity (DEI)

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 16211101 Policies developed for national socio-economic transformation		
Programme Intervention: 162111 Strengthen coordination of the policy and legislative-making processes		
-Disseminate the RFO Policy in 5 Religious Faith organizations in Busoga sub region	Not implemented	Season was not favorable and the funds were used for the Commemoration on Bishop Hannington day which was a cabinet directive.
PIAP Output: 16211103 Certainty of laws and regulations ensured		
Programme Intervention: 162111 Strengthen coordination of the policy and legislative-making processes		
-Conduct 1 regional consultative engagements with stakeholders on the draft Anti-Corruption (Confiscation and Recovery Orders) Rules	National Validation of the draft Anti-Corruption (Confiscation and Recovery Orders) Rules, 2026 was conducted at PPDA Hall in Kampala. Participants were from Uganda Law Society, Parliament, Uganda Police Force, Uganda Prisons Service, Government Valuers, Office of the Auditor General, Court Bailiffs, Insolvency Practitioners and Civil Society Organizations. The Rules have been finalized and have been submitted to the Principal Judge, for onward processing by the Judiciary Law Reform Committee, and the Rules Committee chaired by Chief Justice.	None
	A Workshop on dissemination of Anti-Corruption Laws was conducted in Kapchorwa District, to the District Integrity Promotion Forum (DIPF). The participants were District leaders, Religious Leaders, Uganda Police Force, Uganda Prisons Service and Civil Society Organizations. The members of the DIPF undertook to develop a concrete action plan for the promotion of integrity and the fight against corruption in Kapchorwa District.	None

VOTE: 112 Directorate of Ethics and Integrity (DEI)

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 16411203 Adherence to accountability standards and legal frameworks increased		
Programme Intervention: 164112 Enhance Compliance to anti-corruption and accountability rules and regulations		
i. Conduct 1 training of the Integrity Focal Persons. ii. Conduct 1 meeting of the steering committee to coordinate implementation of the ZTCP	A meeting of the Integrity Focal Persons and Internal Auditors was conducted, at which they were taken through the Simplified Uganda Integrity Assessment Scorecard, (UGIAS) to ensure its effective implementation in MDAs. The UGIAS is to be presented to the Head of Public Service/ Secretary to Cabinet and to the Forum of Permanent Secretaries, after which its implementation in MDAs will commence. A meeting of the Anti-Corruption Public Private partnership (ACPPP) was convened, at which its leadership was elected and its terms of reference emphasized.	None
-1 engagement on coordination of implementation of social accountability strategy in Central Uganda conducted	The ACPPP commenced working with DEI in implementing the Strategy for the promotion of Social Accountability. The Steering Committee was dissolved, and its members constituted into the ACPPP.	None
1 peer review session of UNCAC attended	Uganda participated in the 17th session of the implementation review group from 18th to 22nd May 2026 in Vienna Austria. Three progress statements on Uganda’s compliance with UNCAC obligations were presented under different thematic areas. These were: Preventive measures; Anti-Corruption measures for children and the youth; and Draft question flow of the self-assessment of the next phase of the Peer Review Mechanism	None

VOTE: 112 Directorate of Ethics and Integrity (DEI)

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 16413103 Asset Recovery Framework strengthened		
Programme Intervention: 164131 Strengthen prevention and detection of corruption and enforce Anti-corruption Measures		
-Conduct 1 meeting of the Legal Task Force to incorporate changes and prepare a final copy of the Anti Corruption (Confiscation and Recovery Orders) Rules	2 meetings of the Inter Agency Forum (IAF) Legal Task Force were held, to review and update the Simplified Version of Anti-Corruption Laws and the Ugandan Citizens Handbook on Anti-Corruption. A further meeting was held with Uganda Law Reform Commission, which is legally mandated to simplify laws. It was decided that we instead develop a comprehensive Guide to Anti-Corruption in Uganda, which contains in simple words, which acts constitute corruption, and where corruption should be reported.	
PIAP Output: 16211103 Certainty of laws and regulations ensured		
Programme Intervention: 162111 Strengthen coordination of the policy and legislative-making processes		
Conduct 4 meetings to review the citizens handbook

Department:007 Religious Affairs

Key Service Area:460124 Coordination and regulation of all religious and faith organisations

VOTE: 112 Directorate of Ethics and Integrity (DEI)

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 16411101 Increased citizen participation in governance-oversight and fight against corruption		
Programme Intervention: 164111 Enhance public demand for accountability		
Conduct 1 Engagement Meeting with 25 RFOs across the country, in rebuilding morals among youth and families.	Held 2 Engagement Meetings with RFO leaders in the districts of Rakai and Masindi and empowered them on rebuilding morals among youth and families using the National Ethical Values Policy of Uganda. 72 Leaders attended the Rakai Rakai district engagement meeting. 87 Leaders attended the Masindi district engagement meeting and agreed on coordinated campaigns to promote morality, peace building and National Cohesion. Registered improvement in the coordination of the Religious and Faith Organisations (RFOs) in the rebuilding of morals and fight against corruption in Key segments of our population (The Youth and families) which are central in rebuilding morals. Participation of RFOs in the fight against corruption and moral decadence was enhanced. Gained more support of RFO in promoting government programs and priorities.	None. The meeting which was planned for the second quarter was instead done in the fourth quarter.

VOTE: 112 Directorate of Ethics and Integrity (DEI)

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 16411101 Increased citizen participation in governance-oversight and fight against corruption		
Programme Intervention: 164111 Enhance public demand for accountability		
Collect data from 1,800 RFOs in 3 Sub-regions of Uganda. Process the date into information needed for the database.	Data collection exercise was conducted on all RFOs in the Acholi sub-region and Mityana. Data has so far been received from 1361 places of worship and more is expected. Data for 670 places of worship has been typed and is now ready to be included in the database development. This has Promoted unity by bringing together all the 6 major Religious denominations in Uganda, that is. Anglican (COU), Catholics, Pentecostals/Born Again, Muslims, Seventh Day Adventists and Orthodox. A contribution to the development of structured framework promotes coordination of RFO's role in uganda, ensures public safety, and streamlines social partnerships with government.	439 places of worship. There was a change in the data collection question on the eventual "Filter by Fields" data aspects. This delayed the whole process.

Quarter 4

Performance highlights for the Quarter

Radiotherapy Services
• Commissioned upgraded radiotherapy infrastructure equipped with TrueBeam Linear Accelerators, enabling delivery of highly precise radiation therapy while minimizing damage to healthy tissues.
• Expanded treatment efficiency and patient throughput, increasing capacity to approximately 300 patients daily.
• Completed installation of additional radiotherapy planning systems and bunker upgrades under Phase I of the Molecular Imaging and Therapy Project.
Bone Marrow Transplant and Cellular Therapy
• Successfully performed Uganda's first autologous bone marrow transplant, marking a major milestone in establishing the country's first comprehensive Bone Marrow Transplant (BMT) and Cellular Therapy Program.
• Enhanced national capacity to manage complex haematological cancers and blood disorders locally, reducing reliance on costly referrals abroad.
Radiation Safety and Compliance
• Conducted the decommissioning of the Terabalt-80 telecobalt unit in full compliance with national regulatory requirements and international radiation safety standards.

Variances and Challenges

Despite major achievements, the Institute experienced several operational challenges:
Rising Cancer Burden: Increasing incidence of cancer continues to strain existing capacity despite ongoing efforts to expand services both at the UCI and the regional centres.
Funding for medical supplies imaging consumables and lab reagents: The Current financing remains inadequate to meet demand for anticancer medicines, imaging consumables, and laboratory reagents.
Human Resource Constraints: The approved staffing structure is only filled to 50.2%, limiting service delivery. Additional funding is required to fully implement the structure.
Delayed Regional Oncology Centres: Establishment of centres in Mbarara and Arua was slowed by pending appraisal processes. While the IsDB loan was effected on 19 May 2026, funding for the Mbarara Centre is still awaiting Cabinet and Parliamentary approval.

Auxiliary building constructed to 65% civil works Interior walling for all levels completed	Internal finishes for Levels 2, 3, 4 and external plaster were done. Fabrication of the Level 7 steel structure was commenced. Modification of Radiotherapy Bunkers and Level 1 of the Auxiliary Building to Improve Patient Flow and Facilitate Commissioning of the Nuclear Medicine Unit; these works were completed and formally handed over on 14th April 2026 Commencement of the service building was constrained by the relocation of critical utilities, including the gas plant and cold-chain infrastructure Foundation work and the reinforced concrete frame of the extension of the auxiliary building were completed, while Level 1 superstructure is nearing complete. Overall civil works were approximately 31.94%.	Projected cash-in flows made it difficult to achieve completion within the anticipated completion period. The timely availability of funds remains critical to maintaining progress and meeting the projected timelines.
Assorted surgical equipment procured, delivered	2 Electronic warming blankets, 1 Nerve stimulator and 1 Electric dermatome were procured	No deviation

Quarter 4

Performance highlights for the Quarter

1. There is notable progress on the construction of the state of the art UHI facility at Naguru. Currently, the project is at 55% completion of civil works. This is attributed to availability of funding and a fully functioning project implementation unit which ensures smooth running of project activities.
2. There is a significant increase in the patient load at UHI both at outpatient and inpatient units. In comparison with the previous FY 2024/2025, the numbers of outpatient attendances and inpatient admissions have increased by 6% and 11% in FY 2025/2026 respectively. This high patient turn up is attributed to the growing burden of heart disease and the awareness talks/camps in the media, schools, communities and outreaches to regional referral hospitals. This has further led to an increase in the number of cardiac interventions performed from 710 in FY 2024/2025 to 790 in FY 2025/2026.
3. The UHI Act 2016 Regulations were gazette on 7th 2026 April by Ministry of Justice and Constitutional Affairs. With this process completed, the planned awareness sessions were conducted in Q4.

Variances and Challenges

1. Late release of funds for procurement of medical and non-medical equipment, machinery and furniture and fittings: Majority of the funds were released in Q4 which delayed the procurement process for some of the items such as the bedside nursing stations, high flow nasal cannula, medical refrigerator, washing machine, among others.
2. Frequent power outages led to breakdown of some equipment including the x-ray machine and air conditioners which interrupted service delivery.
3. Inadequate space affected outpatient services, teaching programs, theater operations and administration activities.
4. Increased outstanding debts and patient waivers impacting planned NTR collections.
5. The Ebola disease outbreak caused halting of some activities such as the research dissemination conference and support supervision visits to RRHs.

1. 2 technical sub committee meetings held. 2. Foundation works of all blocks completed and 75% of super structure done. 3. Equipment and machinery delivered on site for installation.	1. 3 technical sub-committee meetings held. 2. Mid-term review workshop held. 3. 54% of physical progress of civil works at Block A, 84% of physical progress at Block B, 87% of physical progress at Block C. 3. Procurement process for equipment & furniture ongoing (standard bidding documents prepared for approvals).	- Design reviews to the foundation of Block A and heavy rains in October and November 2025 slowed down the progress of civil works. The spillover effect of the aforementioned delay events has kept work behind schedule. - Delayed procurement of equipment and furniture due to the lengthy process of validating the final priority list and technical specifications by end users and acquiring approvals from the National Advisory Committee on Medical Equipment (NACME) and the UHI Board. The standard bidding documents were prepared for submission to the Funds for a vote of no objection.

Quarter 4

Performance highlights for the Quarter

Releases and expenditure amounted to Shs.348.752 bn and Shs.417.271 bn respectively in Q4 representing 120% overall performance.

The release and expenditure was in accordance with the levels of care i.e. Health Center II Shs 4.262bn, Health Center III Shs 11.7150 bn, Health Center IV Shs 9.199 bn, General Hospitals 7.174 bn, Regional Referral Hospitals Shs 6.290 bn, National Referral Hospitals Shs 8.219 bn, Specialized units Shs 4.0 bn and Donated items and nutritional commodities Shs 12.70 bn, Laboratory items Shs. 112.487 bn.

Shs. 16.343 billion was spent on Reproductive health items, family planning and MAMA KITS, to all women during child birth to the entire country including the hard to reach and hard to stay places like Kaboong, Abim, Ntoroko, Zombo and the islands of Kalangala and Namayingo.

Shs.106.206 billion was spent on ARVs that were equitably distributed to all government centers spread across the entire country ranging from health centers IIs, IIIs, and IVs up to the National Referral Hospitals. These were accessible to all categories of the population, including girls, boys, persons with disabilities, the poor, orphans, prisoners and minorities like the Batwa and Bamba in Bwindi and Ntoroko.

Anti-malarial medicines and Anti-TB items worth 34.392 bn and 21.649 billion respectively were procured and equitably delivered to all public health facilities spread across the entire country including the hard to reach, hard to stay places and the rural residents.

Shs.3.621 billion was spent on vaccines and immunization supplies meant for children below the 5 years against the published list of killer diseases, 10 years for prevention of cervical cancer, women of child bearing ages for prevention against transmission.

Administrative support and corporate services worth Shs 49.203bn and 9.859bn respectively were provided inclusive of of HIV mainstreaming and climate change mitigation initiatives worth 0.5 billion and 0.5 billion respectively.

Variances and Challenges

Lack of last mile accountability for Essential Medicines and Health Supplies (EMHSs) delivered to the health facilities spread across the Country.

The Government, through the Ministry of Health coordinates and receives in-kind donations from Partners which are warehoused and distributed by NMS. Like all other supplies, the Corporation expects service fees to facilitate warehousing and distribution to the health facilities, which is not the case for all supplies received. During the Covid-19 pandemic and Ebola outbreaks, the Ministry of Health received health supplies and commodities from Partners which were warehoused and distributed by NMS. However, to-date, the Corporation is yet to receive the balance of UGX 70.7billion.

Access challenges to some of the Islands like Kalangala, Buvuma and Namayingo and other hard to reach areas like Kisoro and Buvuma islands especially during the rainy seasons which causes delays in delivery of the essential medicines and health supplies

Quarter 4

Performance highlights for the Quarter

a) Secured CAF marketing and advertising rights to position and maximize Destination Uganda tourism marketing opportunities arising from the country's hosting of the AFCON 2027 tournament
b) Secured bid to host the 2027 Future Hospitality Summit (FHS) Africa
c) Showcased Uganda’s leisure tourism offerings at two major international tourism expos: the 2026 Kili Fair Expo in Arusha, Tanzania, and the 2026 Africa’s Travel Indaba in Durban, South Africa.
d) Showcased the destination at two international destination marketing roadshows: the Uganda–Germany Roadshow in Düsseldorf and Munich, implemented in collaboration with Uganda’s Embassy in Berlin and private sector partners; and the Uganda–Türkiye Roadshow in Istanbul and Gaziantep, conducted in partnership with Uganda’s Embassy in Ankara and selected private sector companies
e) Registered 120 tour and travel companies, 19 accommodation facilities and 16 Tourist Guides
f) Inspected 19 accommodation facilities and 120 tour and travel companies
g) Licensed 106 accommodation facilities, 96 tourist guides, 291 tour & travel companies
h) Eight accommodation facilities classified and graded in Kampala and Wakiso
i) Conducted enforcement of four policing regions Greater Masaka, Rwenzori East, Rwenzori West, and Rwizi regions that covered 561 accommodation facilities in 21 districts to enhance compliance with tourism regulatory requirements i.e. Masaka, Lwengo, Sembabule, Rakai, Kyotera, Kalangala, Kasese, Hima, Bwera, Katwe, Kabatoro, Bundibugyo, Bunyangabo, Kabarole, Kamwenge, Kyegegwa, Kyenjojo, Ibanda, Kiruhura, Bushenyi, Mbarara, and Ntungamo

Variances and Challenges

The Ebola outbreak in the Democratic Republic of Congo (DRC) triggered travel advisories against Uganda, resulting in the cancellation of planned market activation campaigns in North America and Asia.
The advisories also led to travel cancellations from key source markets, negatively impacting tourism arrivals, tourism business revenues, and potential foreign exchange earnings for the economy.

Quarter 4: Outputs and Expenditure in the Quarter

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Programme:05 Tourism Development		
Vote Function:01 Quality Assurance, Research and Planning		
Departments		
Department:001 Registration and Licensing		
Key Service Area:120006 Registration, Inspection and Licensing services		
PIAP Output: 05050202 Strengthened capacity for quality assurance of tourism service standards		
Programme Intervention: 050502 Enforce standards for tourism products and services		
175 tourism businesses registered	Registered 120 tour and travel companies, 19 accommodation facilities and 16 Tourist Guides	- Enhanced accessibility to registration services through the implementation of the eregistration system - Increased uptake of registration and licensing services due to the enforcement exercise, which brought regulatory services closer to tourism facilities and improved compliance - Expanded stakeholder sensitization through regional in-person trainings and the dissemination of registration and licensing information across digital, radio, print, and broadcast media channels - Collaboration with Local Government officers, including KCCA public health inspectors and the Tourism Police, enabled the quality assurance team to extend its coverage and reach a larger number of facilities and businesses

VOTE: 117 Uganda Tourism Board (UTB)

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 05050202 Strengthened capacity for quality assurance of tourism service standards		
Programme Intervention: 050502 Enforce standards for tourism products and services		
25 accommodation facilities and 25 tour and travel companies inspected	Inspected 19 accommodation facilities and 120 tour and travel companies	This is attributed to the support of nominated officers from AUTO, TUGATA, in conjunction with local government officers such public health inspectors, tourism officers and Tourism Police
25 accommodation facilities, 25 tour and travel companies and 10 tour guides licensed	- Licensed 106 accommodation facilities, 96 tourist guides, 291 tour & travel companies - Assessed 73 tourist guides for licensing	- Collaboration with Local Government officers, including KCCA public health inspectors and the Tourism Police, enabled the quality assurance team to extend its coverage and reach a larger number of facilities and businesses - Issuance of Tourist Guide licenses was temporarily suspended pending the completion of the DIT and UBTEB merger, which is required to facilitate the assessment of tourist guides, a prerequisite for license issuance
Enforcement exercise undertaken for 10 policing divisions in eight regions of Uganda	Conducted enforcement of four policing regions Greater Masaka, Rwenzori East, Rwenzori West, and Rwizi regions that covered 561 accommodation facilities in 21 districts to enhance compliance with tourism regulatory requirements i.e. Masaka, Lwengo, Sembabule, Rakai, Kyotera, Kalangala, Kasese, Hima, Bwera, Katwe, Kabatoro, Bundibugyo, Bunyangabo, Kabarole, Kamwenge, Kyegegwa, Kyenjojo, Ibanda, Kiruhura, Bushenyi, Mbarara, and Ntungamo	Change in the enforcement approach from policing division-based operations to a regional implementation model in order to facilitate wider geographical coverage

Table V1.3: High Unspent Balances and Over-Expenditure in the Approved Budget (Ushs Bn)

(i) Major unspent balances		
Departments , Projects		
Programme:16 Governance and Security		
Vote Function:01 General administration, planning, policy and support services		
0.286	Bn Shs	Department : 002 Finance and Administration
		Reason: -The balance represents gratuity that did not accrue and was therefore not payable due to newly recruited staff assuming duty later than initially projected, staff exits during the financial year, and the re-designation of two Commissioners, which affected the gratuity obligations. - The balance was earmarked for the payment of Guards and Security services at the Uganda Business Facilitation Centre (UBFC). However, this function is still being managed by the Ministry of Finance, Planning and Economic Development (MoFPED).
Items		
0.042	UShs	223004 Guard and Security services
		Reason: The balance was earmarked for the payment of Guards and Security services at the Uganda Business Facilitation Centre (UBFC). However, this function is still being managed by the Ministry of Finance, Planning and Economic Development (MoFPED).
0.006	Bn Shs	Department : 008 Records Unit
		Reason: The small balance on Pstage and courier arose because the services were utilised for a shorter period than initially planned.
Items		
0.005	UShs	222002 Postage and Courier
		Reason: The small balance on Pstage and courier arose because the services were utilised for a shorter period than initially planned.

Quarter 4

Performance highlights for the Quarter

URSB collected UGX 20.46 billion in Quarter 4, bringing the total NTR for FY 2025/26 to UGX 72.105 billion, representing a 0.41% increase compared to the NTR collected in FY 2024/25.

URSB registered 29,693 new companies, 21,926 business names, 132,996 legal documents, 377 debentures, 26,120 Security interest notices, 10,724 Searches on the SIMPO system, 1,525 Local trademarks, 1,686 foreign trademarks, 1,662 foreign trademark renewals, 714 local trademark renewals, 11 utility model grants, 2 Patent grants, 1 Geographical Indication, 524 Copyrights, 183 Declaration of solvency, 186 Insolvency resolutions and 104 Insolvency practitioners.

URSB conducted 22 business clinics in the following locations: Kaliro, Busia, Mayuge, Namayingo, Bugiri, Malaba, Iganga, Arua, Packwach, Kayunga, Nakifuma, Kalagi, Ngoma, Semuto, Jinja, Kamuli, Kasese, Mukono, Seeta, Mubende, Gulu, and Yumbe districts. This resulted in a cumulative total of 72 business clinics in the FY 2025/26

URSB conducted 6 Business Rescue and Aftercare trainings in Mbale, Masaka, Mbarara, Arua, Gulu & Hoima equipping 689 business owners with knowledge and skills on business rescue.

URSB established 2 new TISCs at Soroti University and Bishop Stuart University, bringing the total number of TISCs in Uganda to forty-one

URSB conducted 3 lender and borrower sensitisation workshops on SIMPO in Hoima, Masaka, and Mbarara, reaching over 237 participants

URSB established and rolled out the Non-Individual Register (NIR), a centralised repository for all non-individual entities operating in Uganda

URSB successfully commemorated World Intellectual Property Day 2026 under the theme “IP and Sports: Ready, Set, Innovate”

URSB conducted 2,354 mass media campaign activities comprising 2,300 radio spot adverts, 34 radio talkshows, 5 television talk shows, and 15 newspaper stories

URSB conducted stakeholder consultation meetings on the ratification of the Kampala Protocol and formulation of Copyright Regulations.

Variances and Challenges

VOTE: 119 Uganda Registration Services Bureau (URSB)

Quarter 4

URSB's development budget recorded a low release of 43%, which constrained implementation of planned procurement activities. Consequently, ICT equipment, including laptops, signature pads and a projector, was not procured; only two of the five planned motor vehicles were acquired; and the procurement of office furniture and fittings was not fully completed.

Of the Bureau’s total budget of UGX 66.503 bn for FY 2025/26. UGX 18.449bn was appropriated for Wage and fully released, of which UGX 18.243 bn was spent, representing an absorption rate of 98.9%. For Non-wage, UGX 42.464bn was fully released, of which UGX 42.168bn was spent, at an absorption rate of 99.4%. Under the development budget, UGX 3.9 bn was appropriated, of which UGX 1.676bn (43%) was released and UGX 1.67bn spent, representing an absorption rate of 99.6%.

Under Agro-Industrialization Programme, UGX 0.10bn was appropriated and fully released, representing 100% of the approved budget; all the released funds were spent.

Under Manufacturing Programme, UGX 0.20bn was appropriated and fully released, representing 100% of the approved budget; the entire release was utilised.

Under Private Sector Development Programme, UGX 9.479bn was appropriated and fully released, representing 100% of the approved budget. UGX 9.365bn was spent, reflecting an absorption rate of 98.8%.

Under Human Capital Development Programme, UGX 6.044bn was appropriated and fully released; and all the released funds were spent.

Under Innovation, Technology Development and Transfer Programme, UGX 2.096bn was appropriated and fully released, representing 100% of the approved budget; By the end of the financial year, 98.8% of the released funds had been spent.

Under Governance and Security Programme, UGX 48.584bn was appropriated. Of this UGX 46.008bn was released, representing 94.7% of the approved budget. UGX 45.639 bn had been spent, representing an absorption rate of 99.2%.

- 1 Monitoring and Evaluation exercises to the regional offices conducted. - 1 ISO Internal Audit for Regional Offices conducted. - One retreat with Senior Management on Budgeting was rescheduled to quarter four.	- One (1) Monitoring and Evaluation exercise was conducted to assess the Public Awareness Index and inform the improvement of URSB services. - 1 ISO Internal Audit for Regional Offices was conducted. -The retreat with Senior Management on Budgeting was conducted	No variation
- 8 National events & days attended to increase URSB visibility. - 1 Joint programming with key stakeholders in Mission and the JLOS at National, Regional and international platforms	URSB participated in 14 national events and commemorative days to enhance the Bureau's visibility, promote business formalisation, create awareness of URSB services, and strengthen stakeholder engagement. The events included business forums, innovation and IP platforms, national celebrations, professional conferences, and stakeholder exhibitions such as the National Women Entrepreneurs Conference, World IP Day, KACITA Women in Business Conference, Uganda One Festival, Buganda Business Forum, and the National Agricultural Show. URSB undertook 12 joint programming engagements with key stakeholders under the Mission and JLOS at national, regional, and international levels, aimed at strengthening intellectual property systems, promoting Alternative Dispute Resolution (ADR), and enhancing institutional collaboration. These engagements and collaborations strengthened URSB and Uganda's IP ecosystem, justice delivery mechanisms, stakeholder partnerships, and international cooperation.	URSB participated in additional strategic events related to its mandate.

Quarter 4

Performance highlights for the Quarter

Budget Performance:
a) Expenditure on Wage: UGX 1.029bn in wages remained unspent at end of the FY due to vacant positions; recruitment of new staff and promotions not started right at the beginning of the FY.
b) Expenditure on Non- Wage Recurrent: UGX 0.650bn remained unspent due to nonpayment of pension and gratuity due to no letters of administration, and non completion of procurements.
c) Development budget: UGX 0.130bn unspent balances on uncompleted procurements of furniture and balance on vehicles.
d) Non-Tax Revenue (NTR): The NTR projection by MoFPED for the FY 2025/26 is UGX 431.06bn. At the end of the FY, UGX 368.485bn in NTR was generated; this is 85.5% of the annual projection;
e) Other Physical Performance:
f) 18,700 immigrants investigated, 735 regularized their stay, 1,063 were removed/deported.
ii) 213 suspects were arraigned before court and 212 were successfully convicted and fined; 1 case was dismissed.
iii) 169 appeal cases were verified/investigated and processed for the attention of the Minister
iv) 100% clearance of all travelers at all gazette borders (a total of 5,018,498 travelers comprised of 2,556,837 arrivals & 2,461,661 departures.
v) 554 cluster operations were conducted whereby 2,205 illegal immigrants were intercepted and some forwarded to courts for prosecution and others returned to their countries.
vi) 1,353 border patrols (1,186 Land and 167 marine) conducted, and surveillance reports provided.
vii) 100% of applicants for immigration facilities processed for issuance including; (Work permits-19,793, Dependent passes-7,371 Student passes-14,826; certificate of residence - 943 granted).
viii) 80% of eligible applicants issued passports (191,685 citizens issued passports out of 238,836 applications received)
ix) 5,724 Conventional Travel Documents issued out of 6,968 applications received(82% performance)
x) 333,488 visas issued; comprised of Uganda ordinary -318,339, Multiple Entry - 1,566, EATV - 10,258; dip/transit -3,325

Variances and Challenges

1. NCIC received all its cash limits for recurrent budget for the Financial Year. However, only 40% of the development budget was released. This limited release curtailed implementation of planned activities such as procurement of e-gates for Katuna border and Entebbe Airport, procurement of critical ICT hardware components, systems integration such as PISCES, MIDAS, EDMS, the e-passport and the e-immigration system, deployment of e-passport system in Riyadh, digitalization of files among others.
2. Due to limited allocation of funds under staff induction training in the budget, some resources have been directed towards this compulsory training event, thus affecting some planned staff training initiatives.
However, with support from IOM and the Government of Netherlands, a number of training activities took place including training of 46 staff on transnational organized crime and immigration data management; 11 immigration officers received advanced training on document fraud, while 50 immigration officers trained on Hostmanship approach as opposed to traditional processing methods.
3. On cross border operations, collaborations and regular patrols, NCIC continued to experience difficulties in optimally performing its mandate due to the insecurity in the eastern DRC; i.e. the borders of Ishasha, Bunagana, Butogota and Busanza are the most affected.

VOTE: 120 National Citizenship and Immigration Control (NCIC)

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 16111501 Border Security and Control Strengthened		
Programme Intervention: 161115 Enhance regional and continental security		
30 Marine patrols carried by borders	48 marine patrols carried out to intercept and deter irregular entry.	Inter-agency collaborations and the good mechanical condition of he boats boosted patrols on the water bodies
450 land border Patrols carried out by borders	383 land patrols conducted where Patrols reduced irregular migration, identified common porous routes and movement patterns.	Insecurity on DRC borderline constrained land border patrols by immigration officers. However, most patrols were limited to UPDF. Also, bad roads, and limited transport constrained patrols by our immigration officers.
130 Snap checks carried out	334 snap checks conducted and a number of key motorable porous routes aiding migrant smuggling were identified; the communities have been sensitized to support the management of these illegal routes. Snap checks were intensified following multiple festive holidays ,Eid, Martyrs day and border closures due to Ebola to curb irregular entry. Consequently, 1,003 irregular migrants were intercepted and managed.	The nature of porous borders and the need to produce surveillance reports on irregular movements warranted more snap checks.
100% Border surveillance operations carried out	- 100%(227) border surveillance operations conducted, following the temporary closure of borders with DRC as a control measure against Ebola, to prevent further spread and watching illegal routes used. - Surveillance reports also established that the Fulani Nomads from Chad residing in South Sudan continue to target migration to Uganda without valid travel documents. - Surveillance reports further indicate that, many Chinese cross from Arua to DRC to work in mines, they neither have DRC permits nor Uganda's work permits.

Quarter 4

Performance highlights for the Quarter

The total budget for FY2025/26 is UGX 955.93 billion, and by the end of Quarter 4, UGX 788.310 billion (82.51%) was released, out of which the KCCA absorbed UGX 700.308 billion (88.83%). The low absorption was due to underperformance in KCRRP and GKMA (externally financed) projects.
Collected a total of UGX 30,208,045,145 of NTR.
The city road network improved by from 799.5 Km to 817.3 Km .
As at June 2026 67% of Solid waste management in the city was collected i.e. 527,629 Tonnes.
Maternal Death declined from 162 to 156 per 100,000 Deliveries.

Variances and Challenges

Challenges experienced during budget execution
1. Inadequate financing for key infrastructure and city maintenance programmes;
2. Poor waste management aggravated by a lack of appropriate disposal facilities and technologies and the high fuelprices
3. Old and dilapidated buildings, schools, and health infrastructure. In addition, the city has incomplete or inadequate facilities such as sports courts, tourism signage, and school libraries, which hamper effective service delivery.
4. Vandalism of public infrastructure – lights;
5. Misuse of public infrastructure like walkways and drainage structures, used for dumping of garbage, leading to high maintenance costs;
6. Lack of an efficient public transport system, which has led to an increase in the use of private cars and motorcycles (boda bodas) and hence traffic congestion.
7. Low absorption of external finance under KCRRP because of delays in the implementation of road contractual works and procurement challenges.

Key Service Area:320059 Emergency Care Services

PIAP Output: 12311302 Strengthen multi-sectoral & health sector capacity in NCDs & injury prevention and control		
Programme Intervention: 123113 Prevent and control Non-Communicable diseases with specific focus on cancer, cardiovascular, genetic, renal, endocrine, mental, trauma and malnutrition across all age groups.		
1,300 referrals initiated and completed with feedback response status	A total of 835 calls were handled by medical emergency Call and dispatch centre in the period of April to June 2026. Of these calls, 79% were Maternal and Newborn Health (MNH) cases (N= 666 cases) reflecting the growing burden of obstetric emergencies; and 11% were medical cases (N=96 cases) showing a higher burden of trauma and critical emergencies	The number of General inquiries remained low in Q4 (9% of the total calls received (N=77)) due to improved call filtering at the KCCA Medical call and dispatch centre and reduced seasonal demand due to the interruption to the known toll-free number

Performance highlights for the Quarter

During FY 2025/26, the Board strengthened institutional governance, regulatory oversight and service delivery through implementation of planned outputs. Legal and advisory services were enhanced through litigation management, prosecution, legal opinions, contracts, Memoranda of Understanding, institutional policies and governance frameworks. Quarterly strategic policy and technical advisory reports were submitted to Management and the Board, while amendments to the Lotteries and Gaming Act and Regulations progressed through the relevant Government processes.

Planning, budgeting and performance management were strengthened through preparation and submission of the Budget Framework Paper, Ministerial Policy Statement, Approved Budget Estimates, quarterly performance and monitoring reports. The e-Monitoring and Evaluation System was operationalised, and the Strategic Plan Operational Framework was implemented and cascaded to align departmental and individual work plans with strategic objectives.

Institutional capacity was strengthened through internal audit and risk management, financial management, payroll administration, procurement, staff recruitment and training, ICT service delivery, acquisition of ICT equipment, vehicles and office furniture, and maintenance of institutional facilities.

Regulatory compliance was strengthened through intelligence-led inspections, enforcement operations, post-enforcement monitoring and prosecution of gaming offences. Licensing services supported processing of principal and key employee licences, while responsible gaming interventions were expanded through nationwide sensitisation campaigns, self-exclusion and counselling initiatives, development of the Family Support Toolkit, and completion of the national socio-economic gambling impact study. The sector generated UGX 368.02 billion in Government revenue, comprising UGX 355.442 billion in Tax Revenue and UGX 12.583 billion in Non-Tax Revenue.

Variances and Challenges

Implementation of planned outputs during FY 2025/26 was affected by a number of operational and institutional challenges.
1. The amendment of the Lotteries and Gaming Act, Cap. 334 progressed slower than anticipated due to the lengthy Government legislative review and approval process, affecting timely completion of the legal reform agenda.
2. Some licensing processes experienced delays arising from applicants' failure to submit mandatory requirements, including bank guarantees, tax clearance certificates and other supporting documentation, resulting in deferred issuance of licences despite timely evaluation of applications.
3. The implementation of the Monitoring and Evaluation agenda was constrained by the rescheduling of production of some M&E reports following the rollout of the electronic Monitoring and Evaluation System, which required additional user onboarding and system operationalisation.
4. Delivery of responsible gaming interventions was affected by low uptake of counselling services, as some identified problem gamblers did not complete the counselling programme after referral, limiting the effectiveness of rehabilitation efforts.
5. Enforcement operations continued to face challenges associated with the dynamic nature of illegal gaming activities, requiring intelligence-led deployment of resources and continuous follow-up inspections to address emerging compliance risks and repeat offenders.
Despite these challenges, the Board implemented the majority of its planned outputs and maintained high budget absorption, enabling delivery of key regulatory, governance, planning and institutional development priorities during the financial year.

Q4 Sector Enforcement Report	Q4 Gaming Sector Enforcement Operations Conducted Where: Gaming sector enforcement operations conducted through intelligence-led inspections, compliance monitoring, joint enforcement operations, and confiscation of illegal gaming equipment to enhance compliance with the Lotteries and Gaming Act, deter illegal gaming activities, and protect the integrity of the regulated gaming sector.	No variation. Enforcement operations are incidental and intelligence-led, with the nature, timing and scale of operations determined by emerging compliance risks and reported illegal gaming activities. All planned enforcement operations were undertaken as scheduled, and enforcement actions were executed in accordance with operational requirements and regulatory priorities.
Q4 Sector Monitoring Report	Q4 Post-Enforcement Compliance Monitoring and Inspection Conducted Description: Post-enforcement compliance monitoring and follow-up inspections conducted to assess compliance with regulatory requirements, verify the implementation of enforcement directives, detect repeat violations, and promote sustained compliance with the Lotteries and Gaming Act.	No variation - All four (4) planned post-enforcement compliance monitoring and follow-up inspections were conducted as scheduled during the quarter. The planned monitoring activities were fully implemented in accordance with the approved work plan, enabling effective assessment of compliance levels and verification of enforcement outcomes.

Quarter 4

Performance highlights for the Quarter

The Commission also assessed 151 votes under the Equal Opportunities Compliance framework. All assessed votes passed, each scoring an average of50% and above. Overall performance improved from 68% in FY 2025/26 to 70% in FY 2026/27. Through this assessment, the Commission identified key government interventions aimed at equalising opportunities, including scaling up wealth creation initiatives through increased investment in enterprise financing, SME development, youth employment, and women's economic empowerment. The Commission also highlighted persistent national emerging issues that continue to hinder the realization of equal opportunities, undermining inclusive service delivery, vulnerability reduction, and equitable participation in national development

Spot checks on inclusive accessibility were conducted in 10 public institutions across the districts of Kole, Lira City, Amuru, Gulu City, Pakwach, and Nebbi. Key findings revealed inadequate sanitation facilities, limited accessibility infrastructure for Persons with Disabilities (PWDs), lack of sign language interpreters, inadequate maternity spaces, and weak complaint-handling mechanisms.

Under the theme "Beyond the Ballot; Now Opportunities," a youth engagement campaign was conducted with Hannah Arinaitwe as the key influencer. The campaign attracted at least 536 participants, with broad representation across gender and social groups, and featured 11 speakers. Emerging issues included low awareness of reporting mechanisms for discrimination, the digital divide, limited internet access in rural areas, youth disengagement beyond elections, the need for sustained civic education, misinformation risks, and accessibility gaps, particularly the need for more inclusive content for persons with disabilities.

Variances and Challenges

Transport and Logistics Constraints

Implementation during the quarter was further constrained by limited access to reliable transport. Challenges included an inadequate number of functional vehicles, delays in routine vehicle maintenance, and increasing fuel costs. These factors affected timely supervision, monitoring, and follow-up of field activities, particularly in hard-to-reach districts and Local Governments.

Inadequate Staffing Levels

Persistent staffing gaps in some departments and no regional offices continued to place excessive workload on the available officers. This affected the timely preparation of reports, data analysis, coordination of activities, and submission of planned deliverables within the prescribed Quarter Three reporting timelines.

Delayed Feedback from Stakeholders

Engagements with partner MDAs, Local Governments, and Civil Society Organizations (CSOs) were occasionally slowed by delayed responses to official correspondence and requests for information. This affected evidence gathering for reports, coordination of joint interventions, and timely follow-up on policy, compliance, and legislative matters during the quarter.

PIAP Output: 12512201 Gender and equity compliance assessments conducted		
Programme Intervention: 125122 Promote gender equality and equity responsive planning, budgeting and implementation		
	Assessment of four private sector plans was implemented. The selected bodies include; Presidential CEO forum, Uganda National Farmers federation, Uganda Chamber of mines, Tourism development Board. When assessing private sector plans for compliance with gender and equity requirements, a number of recurring gaps and issues are typically observed. Key areas to pay attention to include: i) Limited Gender and Equity Analysis showing absence of disaggregated data (sex, age, disability, location) ii) Inequitable Access to Opportunities. There is limited provisions for inclusive recruitment, retention, and career progression iii) Poor Monitoring and Accountability Mechanisms. There was lack of gender- and equity-sensitive indicators or targets.	Achieved
PIAP Output: 12512202 Gender and Equity in planning and budgeting enhanced		
Programme Intervention: 125122 Promote gender equality and equity responsive planning, budgeting and implementation		
Capacity building of 18 programme secretariats on Gender and Equity Planning and Budgeting conducted.		Achieved

Quarter 4

Performance highlights for the Quarter

1. The phased establishment of Teso Animal Breeding and Demonstration Centre (TABDEC) which was a flagship intervention for this FY year registered over 80% success. The agency's objective was to first establish infrastructure before introducing biological assets i.e cattle, poultry, fish and goats. Notable progress made include; establishment of two(2) silage bunkers, hay barn (100%), 1600m3 valley tank (100%), biosecurity gate (75%), administration block (78%), farm managers house (80%), farm staff housing units(93%), poultry rearing unit (83%), pig maternity sty (73%), a 1600m3 valley tank (82%), a 1.75km farm access road (80%), a 1.75km earthen trench (70%), a farm staff housing unit (89%), a cattle shed (70%), one goat pen (55%) , spray race (58%) , two semi-intensive cattle feed lots (56%), farm access road (70%), boundary earthen trench (80%). The centre will be operationalized in the FY2026/27.
2. To further address challenges associated with dry season and supplementary feeding and also reaffirm our commitment to animal feed production and processing on Government farms and ranches, two (2) hay barns were constructed in sanga and ruhengyere, a total of 10,715 acres were bush cleared for animal feed production on Government farms and ranches. A total of 458 MT of compounded animal feeds were processed at Kasolwe feed mill to cater for both internal and external feed demands. The agency also made over 2,828 hay bales and 932 MT of corn silage in Nshaara, Kasolwe, Sanga and Njeru.

3. In line with our strategic interventions of; breeding to avail farmer preferred high-performance livestock breeds at very subsidized prices for wealth creation in all regions and mass multiplication of the improved breeds, the agency restocked government farms (rubona, lusenke, ruhengyere and sanga) with 535 holstein fresian and jersey in calf heifers, forty (40) Ankole heads of cattle for Nshaara and Lusenke to facilitate mass crossbreeding and multiplication.

Variances and Challenges

VOTE: 125 National Animal Genetic Resource Centre and Data Bank (NAGRC&DB)

Quarter 4

1. Machinery and equipment breakdown highly affected animal feed production intervention across government farms and ranches. In addition to this, full farm mechanization is not being realized due to inadequate heavy-duty machinery and equipment for bush clearing and ploughing operations.

2. Encroachment on government farms and ranches is still a limiting factor to smooth livestock breeding and production on government farms and ranches

3. Infrastructure development at Teso Animal Breeding & Demonstration Centre was greatly affected by weather vagaries. On the worst days, contractors would find it very difficult to deliver materials due to heavy rains and this was worsened by the fact that the sites did not have clear access roads with in the farm

4. The agency urgently requires resources to replace the old liquid nitrogen plants that are always breaking down. The frequent breakdown of these plants in Entebbe, Mbarara and Buikwe has frustrated liquid nitrogen production and supply yet it is very essential in preserving the much-needed livestock semen for genetic improvement across the country

5. Inadequate budget to;
a) carry out mass livestock breeding to avail farmer preferred high-performance livestock breeds at very subsidized prices for wealth creation in all regions
b) intensify mass multiplication (generating sufficient livestock numbers) of the improved breeds mentioned above, for increased accessibility and affordability by Parish Development Model farmers
c) Implement new staff structure

Develoment Projects

Project:1325 NAGRC Strategic Intervention for Animal Genetics Improvement Project

Key Service Area:000002 Construction management

PIAP Output: 01112101 Agricultural research and genetics infrastructure constructed, rehabilitated and equipped

Programme Intervention: 011121 Undertake and support appropriate research and genetics improvement and uptake

1. Repair at least five (5) breeding paddocks on Government farms and ranches 2. Repair of feed troughs & water troughs on Government farms and ranches 3. Conducting physical technical inspection visits to construction project sites on NAGRC&DB farms and ranches 4. Construction of a spray race at Nshaara 5. Construction of temporary hay sheds at Bulago	1. Established livestock breeding and production support infrastructure on the new Teso Animal Breeding & Demonstration Centre(TABDEC);1600m3 capacity valley tank (100%), biosecurity gate (75%), admin block (78%), farm managers house (80%), farm staff housing units(93%), poultry rearing unit (83%), pig maternity sty (73%), excavation of a 1600m3 capacity valley tank (82%), a 1.75km farm access road (80%), a 1.75km boundary earthen trench (70%), a farm staff housing unit (89%), a high-capacity cattle shed (70%), one high-capacity goat pen (55%) , high-capacity spray race (58%) , two semi-intensive cattle feed lots (56%), farm access road (70%), boundary earthen trench (80%) 2. Other infrastructure established include; constructed cattle shed in Sanga, six (6) heavy duty water troughs at Kasolwe, two (2) cattle crushes at Ruhengyere, breeding paddocks at Kasolwe, repaired paddocks at Bulago 3. Conducted physical technical inspection visits across government farms and ranches	The infrastructure development at Teso Animal Breeding & Demonstration Centre (TABDEC) was phased. The agency intends to complete the establishment of the infrastructure and operationalize the centre in the subsequent financial year

Expenditures incurred in the Quarter to deliver outputs *UShs Thousand*

Key Service Area:000014 Administrative and Support Services

PIAP Output: 01611102 Human resource management strengthened

Programme Intervention: 016111 Improve administrative infrastructure and human resource

1. Pay project staff salaries and related costs 2. Procure office stationery 3. Service and maintenance of project fleet 4. Facilitate contracts and evaluation committees for project contracts 5. Monitor project contracts 6. Service project ICT equipment 7. Provide internet services for the project sites 8. Conduct audit of project activities 9. Produce project communication and agricultural educational materials 10. Participate in agriculture related events 11. Pay utility bills for project sites 12. Provide project staff welfare 13. Supervision of project personnel on government farms and ranches	1. Participated in World Veterinary Week 2026 in Bukedea District and the 32nd National Agricultural Show in Jinja to disseminate livestock production and breeding technologies to the communities 2. Developed one (1) AI Technician Handbook and also developed and standardized AI training chart boards 3. Paid project staff salaries and associated costs (NSSF and Gratuity) 4. Serviced and maintained farm machinery and equipment 5. Paid utility bills for project sites 6. Facilitated contracts and evaluation committees for project contracts processing and management 7. Provided internet services for the project sites 8. Conducted audit of project activities 9. Supervised project personnel on government farms and ranches 10. Monitored project contracts for improved project performance	There were no significant variations.

Key Service Area:010004 Animal Feeds Production

PIAP Output: 01111104 Quality seed and agricultural inputs accessed

Programme Intervention: 011111 Produce, multiply and distribute quality seed and inputs (particularly for priority commodities)

1. Production of animal feeds on 3,200 acres of Government farms and ranches; - bush clearing, tillage, procure seeds (maize, sorghum, chloris Gayana, lab lab) for planting, procure pesticides and herbicides, procure fertilisers, conduct weeding, harvesting of animal feeds, ploughing and harrowing 2. Hay and silage making on Government farms and ranches 3. Procure assorted animal feed processing ingredients for Kasolwe animal feed mill 4. Establish two (2) animal feed storage facilities on government farms and ranches	1. Bush cleared, planted and managed 2,957 acres of napier, bracharia grass, maize, soybean across government farms and ranches (Rubona, Kasolwe, Sanga, Bulago, Aswa, Nshaara, Njeru) 2. Produced 932 MT of corn silage in Nshaara, Kasolwe, Sanga and Njeru 3. Constructed a hay barn at Sanga 4. Constructed a hay barn at Ruhengyere 5. Procured assorted animal feed processing ingredients for the Kasolwe feed mill 6. A total of 92 MT of compounded animal feeds (for pigs, fish, dairy supplements) were processed at Kasolwe feed mill for the Government livestock 7. Constructed a hay barn and two high-capacity silage bunkers at TABDEC	Machinery and equipment breakdown affected animal feed production on Government farms and ranches.

Quarter 4

Performance highlights for the Quarter

Strategic Objective 1: Increase ICT Infrastructure Coverage and Utilization
Extended the National Backbone Infrastructure (NBI) by 986.8 km, increasing the network to 5,373.8 km.
Installed 16,379 concrete poles across 24 NBI routes and upgraded transmission capacity from 40 Gbps to 100 Gbps.
Connected 1,682 Government and target user sites to the NBI.
Successfully supported the 2025 African Nations Championship (CHAN) with ICT infrastructure, achieving 99.98% service availability.
Strategic Objective 2: Increase Access to Smart Digital Government Services
Supported five (5) Government entities to automate business processes.
Processed 44.9 million transactions through UGhub, increasing cumulative transactions to 230.8 million.
Expanded the Unified Messaging and Collaboration System (UMCS) to 166 Government entities.
Processed 96.6 million SMS messages through the Government SMS Gateway and resolved 97.7% of 5,646 ICT Service Desk tickets.
Continued expansion of UGPass, Government websites, and shared digital platforms.
Strategic Objective 3: Strengthen the Digital Economy, Cybersecurity and Regulatory Compliance
Supported eight (8) BPO centres with connectivity and technical support while progressing preparations for the National ICT Park.
Registered 7,040 data controllers and processors, increasing cumulative registrations to 13,458.
Conducted 41 cybersecurity awareness sessions, issued 110 cybersecurity advisories, and provided technical cybersecurity support to 30 Government entities.
Certified 200 IT Service Providers, conducted 287 inspections, 20 compliance assessments, and 30 sensitization engagements to strengthen compliance with ICT laws and standards.
Strategic Objective 4: Strengthen Institutional Performance and Organizational Excellence
Successfully launched the NITA-U Strategic Plan (FY2025/26–FY2029/30), Client Charter, and Service Delivery Standards.
Operationalized the Planning, Monitoring, and Reporting Management Information System (MIS).

Variances and Challenges

VOTE: 126 National Information Technologies Authority

Quarter 4

1. The inadequate budget allocated to ICT services under NITA-U, which is not sufficient to cater to the increasing ICT needs of government entities connected to the NBI.
2. For some of the MDAs, systems to be integrated into the Integration and Data Sharing Platform (UGhub) do not have Application Programming Interfaces (APIs) developed, which has hindered the rollout of the platform.
3. Fiber Damages
4. National Data Centre services recurring infrastructure-related incidents, Power blackouts at Statistics House following the damage to the power supply line to the DC
5. Lack of Applications Programming Interfaces (APIs) for some MDA systems continues to hinder integration.

Mitigations

1. Continue to engage MOFPED through the MoICT&NG to provide additional budget to match the ICT needs from the entities connected to the NBI.
2. Continue engaging MDAs to plan for the Application Programming Interfaces (APIs) for their respective systems for ease of integration onto the platform to share data.
3. Establish protected infrastructure corridors to safeguard critical assets, prioritizing underground cable deployments to reduce exposure to environmental and human risks.
4. Continued preventive and corrective maintenance ensured stability of critical systems, while 24/7 operational coverage enabled rapid incident handling and minimized service disruptions. Enhance power backup services to protect DC equipment
5. Continuous engagement of Entities to plan for the development of APIs in their respective budgets.

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 11511101 Entities compliant with ICT policy and legal framework		
Programme Intervention: 115111 Promote compliance to ICT policies, laws and regulations.		
Support provided towards the development of the bill.	In Q1, the office commenced work on the certification regulations. However, no progress was made in Q4 because management changes at UNBS delayed discussions required to finalize the regulations.	Change in leadership of UNBS and the rationalization of government agencies has, over time, affected the finalization and submission of the regulations to the minister.
Preparation of contracts, MOUs and related documents requested.	Four (4) government-funded contracts and 54 (One Hundred Eighty-Nine) MoUs were prepared to support the delivery of institutional functions, including the procurement of supplies and services.	Target achieved.
Manage cases for or against NITA-U.	Legal liability against NITA-U has been kept below 1 percent of NITA-U's annual budget.	Target achieved
(i) Procure requisite legal material i.e a) Laws of Uganda and Statutory Instruments b) Law textbooks c) Online legal material. d) Law library.	Legal clearance was obtained, and an application for approval of NITA-U Chambers was submitted to the Law Council, following which an initial inspection was conducted.	Performance on track.
conducting 30 audits and 25 inspections within 5 districts (Kampala, Wakiso, Mbarara, Jinja, Hoima)	A total of seventy-six (76) audit inspections of IT companies were conducted, primarily in Kampala, Mbale, and Mbarara. Additionally, fifty-six (56) new IT companies were certified in accordance with the certification regulations.	Target achieved.
Compliance Assessments conducted in the central region and one other selected region	Twenty-two (22) compliance assessments were undertaken across eighteen (18) MDAs and four (4) regulated entities to evaluate adherence to established standards.	Target achieved
Stakeholder Engagements and awaressness conducted	A total of thirty (30) sensitization sessions were conducted across eighteen (18) MDAs and twelve (12) regulated entities on IT Certification, cyber laws, and consumer protection	Target achieved
Monitoring of IT users/ providers interaction with NITA-U tools	Delivered capacity-building training for MDAs on ICT regulatory compliance and consumer protection, and supported a regional compliance assessment roadshow to strengthen adherence to ICT legal and regulatory requirements across public and private sector entities.	Target achieved.

PIAP Output: 11511201 Policies, strategies, standards and regulations developed/ reviewed		
Programme Intervention: 115112 Review, develop and implement appropriate policies, strategies, standards and regulations that respond to industry needs		
i). Develop relevant M&E tools ii). Conduct one field monitoring visits iii). Compile M&E report	One field monitoring visit was conducted to assess the progress of key NITA-U ongoing projects. Some of these activities were jointly conducted with other stakeholders like MoFPED and MoICT, targeting especially ongoing activities under Phase 5 and UDAP-GoVNet projects.	Annual target achieved
Q4 stakeholder sensitization concepts developed and implemented	Six (6) entities—Jinja, Mbarara, Ntungamo, Gulu, Mbale, and Soroti District Local Governments—were engaged through targeted sensitization sessions on the adoption and utilization of IT standards, aimed at strengthening compliance with established standards..	Annual target achieved.
Technical support provided to atleast one (1) MDA to adorpt and implement IT standards. Awareness sessions on IT standards conducted in two (2) MDAs.	Three (3) Local Governments, Jinja DLG, Wakiso DLG, and Kamuli DLG were supported in adopting IT standards	Annual Target achieved.
Staff trained and external stakeholders in standards and policy development	No training was conducted during this quarter due to a lack of funds.	Inadequate funds were available during the quarter to conduct the training.
Two (2) identified Standards developed and approved	Six (06) IT standards were developed i.e. Audio/video, information and communication technology equipment - Part 1: Safety requirements, Audio/video, information and communication technology equipment - Part 3: Safety aspects for DC power transfer through communication cables and ports, ISO 34000:2023 Date and Time - Vocabulary, ISO 7372:2005 Trade data interchange – Trade.	Target achieved.
PIAP Output: 11050202 Joint program initiatives implemented		
Programme Intervention: 115112 Review, develop and implement appropriate policies, strategies, standards and regulations that respond to industry needs		
Subscription to one M&E professional body	Subscription to the Evaluation Association of Uganda was maintained by participating in the periodic engagements of the association.	Target achieved.
1. Field monitoring visits conducted to aid evidence-based reporting	During the quarter, a field visit was conducted to verify progress on the Service Uganda Centre project, enhancing the accuracy and reliability of data used in the preparation of periodic performance reports.	Annual target achieved

Final strategic plan report approved. 2. Disseminate the approved five year NITA-U strategic plan FY 2025/26-2029/30.	The Strategic Plan was successfully developed and approved by Management and the National Planning Authority, and was subsequently launched and disseminated during the quarter to guide implementation.	Target achieved.
1. Training needs of staff identified. 2. Staff facilitated to participate in at least one(1) professional training.	No staff was trained during the quarter due to limited funds released.	Annual target achieved
Data collected in line with the identified surveys.	During the quarter, the User Satisfaction Survey was conducted between April and May 2026, reaching 229 public and private sector institutions across five service domains (82.5% response rate).	Target achieved.
Survey monkey deployed as a data collection tool for planned IT surveys	During the quarter, SurveyMonkey was used in the data collection and analysis of the customer satisfaction survey.	Target achieved.
Budget consultation findings incorporated in the Approved budget estimates.	Budget consultation inputs from the regional budget workshops were received, addressed, and incorporated into the institutional Ministerial policy statement for FY 2026/27.	Annual target achieved
Approved Budget estimated prepared.	During the quarter, approved budget estimates were prepared and submitted to the MoFPED for consolidation and approval, in line with the budget process timelines.	Annual target achieved

PIAP Output: 11211102 Digital shared services deployed across MDAs and LGs		
Programme Intervention: 112111 Digitalize government services		
1. initiate facilitation for local support of the product. 2. UMCS support subscription license fee(23,000 users) 1year	Local support was facilitated for the 83,000 licenses acquired for the operation of the solution. Additionally, UMCS was successfully upgraded to Zimbra Collaboration Suite version 10.1, introducing a modern user experience, enhanced productivity tools, and built-in collaboration capabilities. As a result, several functions previously supported through the Bitrix24 collaboration suite are now covered by these new features, and Bitrix24 is being decommissioned from the UMCS architecture.	Performance on track.
Quarterly SMS Gateway Services from Telcos paid with the additional e-services identified.	Payments were made for SMS gateway services provided by telecom companies, covering the additional e-services integrated from NWSC and NIRA. This enabled seamless transactions on the platform.	Performance on track.
1. Business requirements of three systems to be integrated documented. 2. Periodic training of resources on the utilization of the UG-hub platform conducted.	Business requirements for six APIs were documented to inform the integration of the respective solutions into UGHub. Additionally, personnel from four entities were trained on the utilization of UGHub to support adoption and uptake.	Target achieved
Change management and training of staff to utilise the e-service	During the financial year, five e-services were developed, including the Registration and Licensing of Industries System, the Animal Movement and Aquaculture Systems under the Ministry of Agriculture, Animal Industry and Fisheries, and the Complaints and Investigations System, among others. To ensure adoption of the solutions, change management engagements were conducted with the respective entities.	Annual target achieved

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 11211102 Digital shared services deployed across MDAs and LGs		
Programme Intervention: 112111 Digitalize government services		
Microsoft licenses acquired and distributed to the identified entities.	Within the FY2025/26, NITA-U enrolled one (01) additional entity (Standard Gauge Railway) into the Microsoft Business and Services Agreement (MBSA). Continued support was provided to the existing 40 MDAs to ensure effective utilization and management of two thousand nine hundred (2,900) licenses.	Annual target on track.
Periodic payment of SSL certificates for the maintenance of the 540 websites conducted	Payment for SSL certificates was effected during the quarter to support the maintenance of websites developed and hosted by NITA-U. Additionally, the Authority enrolled one (1) additional entity (the Standard Gauge Railway) into the Microsoft Business and Services Agreement (MBSA). Continued support was provided to the existing 40 MDAs to ensure effective utilization and management of 2,900 licenses.	No variation registered during the fiscal period.
Service desk tool acquired and implemented to resolve issues.	The IT service desk was established to provide a single point for handling incidents, client support requests, and complaints, among others. During the FY, a total of 5646 tickets were logged by clients through the Service Desk during this reporting period, of which 97.7% (5516 tickets) were successfully resolved, indicating a high-resolution rate and increased support and feedback mechanisms.	No variation registered
E-doc system customised and rolled out for one entity.	In a bid to roll out the electronic document application (E-Doc) across the government. The system has been developed for the Uganda Tourism Board (UTB), and a preliminary demo was conducted for adoption.	Target achieved. The extra entities were a result of the increased awareness of the system and also the holistic commitment of the Government to adopt online services.
1. UG-Pass solution rolled out with 4 additional applications. 2. User acceptance testing and issuance of completion certificate conducted.	Following the enhancement of the UGPass solution in the previous financial year, the UGPass solution onboarded four (04) additional entities, bringing the cumulative total number of entities onboarded to seventeen (17) of which thirteen (13) are in production as at the end of this financial year. For the adoption of the solution, ToTs were conducted and completion certificates were awarded to the participants.	Annual target achieved

Reports on Issue resolution, systems updates developed and approved.	Periodic system performance reports were developed and approved. To ensure optimal performance of the solution, close monitoring was conducted across the 83,000 licenses acquired for users.	Annual target achieved.
10 services added on UGHUB	An additional sixteen (16) entities (Public=3, Private=13) were integrated on the platform this financial year. Cumulatively, this brings the number of entities integrated on the UGhub to 176 (Public=70, Private=106)	Annual target achieved
Twenty five 25 persons of special interest groups trained.	As part of efforts to promote digital inclusion for Persons with Disabilities (PwDs), a week-long training was conducted at the Uganda Institute of Information and Communications Technology (UICT) PwDs Lab for 14 (Female= 6, Male =8) visually impaired participants from across the country.	The underperformance was mainly due to the low collaboration of some of the identified entities.
PIAP Output: 11311202 BPO/ITES industry strengthened		
Programme Intervention: 113112 Develop innovation and incubation Centers		
One BPO IT companies supported	Within this reporting period, the Authority supported seven (07) BPO centres through the provision of subsidised internet and technical support. To further roll out this support, two (02) additional BPO companies, including SLS Solutions and YAko Hub, were identified and surveyed within the quarter for connection under the NBI Phase 5 project.	Target achieved and exceeded due to the rollout of the NBI phase 5 project, which is connecting additional entities to the NBI.

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1615 Government Network (GOVNET) Project		
PIAP Output: 11111101 National Backbone infrastructure extended		
Programme Intervention: 111111 Extend broadband ICT infrastructure coverage countrywide		
1. Optical Fiber Cable deployed to connect (1000 sites)	Under the NBI phase 5 project, an additional eighteen (18) last-mile sites to the NBI, bringing the total number of sites connected this financial year to one hundred five (105)	Performance on track.
Seven (7) NBI Quality assessment audits conducted	A total of thirteen (13) National Backbone Infrastructure (NBI) quality audits were conducted in areas that hosted CHAN, as well as in the districts of Kayunga, Iganga, Kamuli, Buliisa, Ntungamo, Ibanda, Kagadi, Kiboga, Mubende, Mityana, Pakwach, Nakapiripirit, and Kisoro, where NBI infrastructure was deployed.	Target achieved
1.Deployment of Wi-Fi hotspots (414 sites)	To facilitate the expansion of the public Wi-Fi coverage through the NBI Phase 5 project, a total of seventy (70) potential Wi-Fi hotspots in strategic areas were surveyed in FY2025/26 across different regions of the country, including Central, Eastern, Western, and Northern	Performance on track.
Operational Acceptance for 20 Gbps Capacity and Distributed Denial of Service Satisfactory Service Utilization	Two contracts were signed on August 4, 2025, with Lot 1: IRU IPT Capacity of 7Gbps through the Kenyan Route from Mombasa and Lot 2: IRU IPT Capacity of 20Gbps through the Tanzanian Route from Dar es Salaam. The activity is at a physical performance of 100% and 80% for Lot 1 and Lot 2, respectively.	Performance is on track.
1. Set-up of towers continues 2. Supervision of contractors during tower set up	The output was put on hold following restructuring efforts by the World Bank.	No progress was registered due to the project restructuring efforts that resulted in putting the output on hold.
1. Conduct Site surveys and inspection of works for the selected sites for e-watse centres 3. Stakeholder engagements and change management activites	To support the establishment of e-waste management centres, Environmental and Social Impact Assessments (ESIAs) were conducted as part of the site surveys, alongside stakeholder engagement and change management activities.	Performance on track
1. 250 Km of optical fiber cable laid. 2. 3 refugee host districts connected. 3. Final Acceptance Certificate Issued.	A decision was made to put it on hold during the first restructuring.	The output was put on hold; therefore, no performance was registered.

VOTE: 126 National Information Technologies Authority

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1615 Government Network (GOVNET) Project		
PIAP Output: 11111101 National Backbone infrastructure extended		
Programme Intervention: 111111 Extend broadband ICT infrastructure coverage countrywide		
1.Five hundred sites connected by the deployed Optical Fiber Cable.	During the quarter, the project underwent final restructuring, resulting in a revised and reduced scope for the last-mile connectivity component.	The output was not achieved due to project restructuring, which resulted in a reduction in the scope of the project deliverables.
1.Eighty-six (86) wi-fi hotspots deployed.	The output was put on hold due to the project restructuring efforts.	Annual output not achieved due to project restructuring.
1. Handover of all completed telecenters in a phased manner as per the approved work plan. 2. Launch & operationalization	A concept note for the establishment of Regional ICT Innovation Hubs was developed and approved by the Technical Committee. In addition, an assessment of existing facilities in the Regional Hub Districts (RHDs) was conducted, and the findings were submitted to the World Bank. Based on the assessment, eight facilities were identified for retrofitting. Preparatory activities for the retrofitting commenced, including the procurement of furniture and ICT equipment for the selected sites. By the end of the reporting period, procurement of furniture had reached the contracting stage, while procurement of ICT equipment was at the bid evaluation stage.	No variation registered. Performance on track.
1. Operational Acceptance for Full Information Processes and Technology Capacity Delivery and Distributed Denial of Service attack Integration (After 12 months) conducted	The seven Gbps capacity was acquired, tested, and rolled out on the National Backbone Infrastructure (NBI) to enhance bandwidth availability and improve service utilization by connected entities.	Target achieved
Additional sports utility vehicle acquired to aid in transportation and supervision the project works.	No vehicle was acquired during the quarter, as two had already been acquired in Q2.	Target achieved
Field M&E and EHS activities facilitated	Conducted two joint project monitoring visits with officials from the Ministry of Finance, Planning and Economic Development (MoFPED) and the Ministry of Public Service (MoPS) to assess the implementation progress of project initiatives.	Target achieved.
National ICT Data Infrastructure Store delivered.	The Spatial Data Store study was completed during the quarter, and implementation of the Spatial Data Store was initiated.	No variation registered. Performance is on track.

VOTE: 126 National Information Technologies Authority

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1615 Government Network (GOVNET) Project		
PIAP Output: 11111101 National Backbone infrastructure extended		
Programme Intervention: 111111 Extend broadband ICT infrastructure coverage countrywide		
1000 laptops for the selected DLGs delivered	A total of 1,000 desktop computers were procured, delivered to NITA-U, and subsequently distributed to Local Governments, schools, and Ministries, Departments, and Agencies.	Target achieved
PIAP Output: 11111401 Additional National Data Centres established		
Programme Intervention: 111114 Establish and enhance national common core infrastructure (data centres, high power computing centers, specialized labs)		
1. Inception report produced and approved.	The Data centre market study was completed, and the report was disseminated to stakeholders. However, during the first restructuring of the project, the 3rd data Centre activity was dropped.	Implementation of the annual output was put on hold following the restructuring of the project.
PIAP Output: 11111402 Enhancement of usage of National Data Centre (NDC)		
Programme Intervention: 111114 Establish and enhance national common core infrastructure (data centres, high power computing centers, specialized labs)		
1. Integration installation and tasting of cloud infrastructure solution conducted. 2. Completion certificate conducted.	The contract was signed in February 2026, and implementation is in the initial stages.	Performance on track.
Change management conducted to ensure seemless adoption of the technology.	The contract was signed on 29 May 2026; implementation commenced, and progress stands at 10%.	The annual target was not achieved as planned due to project restructuring, which resulted in the output being put on hold.

Quarter 4

Performance highlights for the Quarter

ganda Virus Research Institute (UVRI) strengthened national disease surveillance, laboratory diagnostics, research, & institutional support systems. Vector surveillance for ticks & mosquitoes associated with viral diseases was conducted in Buikwe & Kapchorwa Districts, while seasonal profiling of arboviral & malaria vectors was undertaken across selected ecological zones. Surveillance for the invasive malaria vector Anopheles stephensi was enhanced in Kotido, Karenga, & Kaabong Districts. Laboratory surveillance continued through the Arua Regional Laboratory, where anthrax-positive samples were confirmed, and through the national influenza sentinel surveillance network covering Influenza-Like Illness (ILI) & Severe Acute Respiratory Infection (SARI) sites. Surveillance for vaccine-preventable diseases, including Acute Flaccid Paralysis (AFP), measles, & rubella, was maintained nationwide.
The Institute strengthened laboratory quality by preparing & distributing External Quality Assurance (EQA) panels to HIV rapid testing sites, CD4 laboratories, & regional blood banks. Laboratory evaluations of HIV, hepatitis B, & syphilis diagnostic test kits were completed, while the Central Reference Laboratory continued HIV confirmatory testing, HIV drug resistance testing, Limiting Antigen (LAg) assays, & resolution of discrepant HIV test results. Pathogen discovery & environmental surveillance were expanded through wastewater sampling at National Water and Sewerage Corporation treatment plants in Entebbe & Kampala. Research on SARS-CoV-2, Ebola, Marburg, & Mpox advanced through immunological studies & cryopreservation of peripheral blood mononuclear cells (PBMCs) for future analyses.
Sound governance was maintained, financial management, & administrative performance by producing statutory financial, PBS performance, & internal audit reports, preparing the BFP & MPS, managing HR, training, recruitment, procurement management, payments for salaries, pension, utility etc.

Variances and Challenges

By the end of Q4, the vote had received 8.853 billion, representing 94.8% of the institute's annual budget. These funds comprised of wages (29.29B Ugx) , and non-wage (5.924b Ugx).
Out of the received funds, the institute spent 7.812 billion (83.6%) of which 2.343 billion (60%) was wage and 5.469 (109%) billion as non wage . The biggest recipient was human resource mainly because of the budgets of salaries and pension, followed by Support services because operational activities like payment for utilities, O&M, including servicing the fleet and fuels for cars and generator. 16.2% was unabsorb and these were funds for recruitment (wage) and Pensions.

Department:002 Health Research Services

Key Service Area:320095 Arbovirology, Emerging and Remerging Disease Research

PIAP Output: 12317201 Health research institutions strengthened

Programme Intervention: 123172 Promote health research, innovation and technology uptake including improvement of traditional medicines.

1 Surveillance for ticks and mosquito vectors of viral diseases among public, targeting all age groups male and female carried out.	1 Surveillance for ticks and mosquito vectors that cause viral diseases among public of all age groups male and female carried out, in Buikwe District and another collection in Kapchorwa district.4038 and 5223 mosquitoes from the two districts respectively were collected.	
Viral disease outbreaks among the public of all ages across the country responded to.	The Department continued to receive and test samples in the Arua laboratory. 8 human samples were received. Of these samples 2 samples were positive for Anthrax from Kiruhura district. Isingiro, Kazo and Kamwenge districts sent samples, but they were negative.	
Influenza surveillance and other infectious respiratory diseases (RSV and COVID, etc) carried out	Influenza Surveillance was carried out in 14 ILI sites and 9 SARI including – Kiswa, Kitebi, Nsambya, Entebbe, Tororo, Fort Portal, Mukono, Kibuli, Ludara, Kiryandongo, Koboko, Arua, and Mbarara hospitals. Other samples were also referred from different hospitals. The sample received were 1058 of which 733 were ILI samples and 325 were SARI samples: The results were 43 samples being positive for COVID-19, 104 positives for Influenza A (H3), 12 samples were positive for Pandemic A(H1N1) 2009 influenza, and 20positives for Influenza B (Victoria). There were 104 RSV positives in children under 2 years. 794 Samples from older children and adults were not tested due to lack of reagents.

Quarter 4

Performance highlights for the Quarter

i) 915,614 PLE candidates registered by end of June 2026
ii) 490,817 UCE candidates registered by end of June 2026
iii) 199,070 UACE candidates registered by end of June 2026
iv) Validation of new examination centers ongoing at Primary, UCE and UACE levels
v) Report on Learners' achievement in mathematics, biology and English language at the lower secondary level in Uganda was published
vi) 8 new members of staff recruited

The Board collected UGX 81.91bn in the FY2025/26 and allocated UGX 76.486bn as per the approved budget.

Variances and Challenges

i) The Board is spending extra resources on SNE candidates due to the increasing number of candidates with different forms of disabilities yet the government transfers appear constrained

Quarter 4

Performance highlights for the Quarter

During the period under review, the Authority:
1) registered 36 Accountable Persons, bringing the total cumulative number of registrations to 1,925 entities and, 11,940 reports received through the goAML system.
2) finalized 09 risk-based onsite inspections to ascertain adequacy of internal controls, identify potential risks and vulnerabilities, and inform corrective action.
3) reviewed 65 Risk Assessment Reports and 157 Independent Audit Reports to identify vulnerabilities and control deficiencies highlighted therein.
4) conducted 10 targeted trainings for various accountable persons that enhanced capacity of 340 participants (181 male and 159 female) on their obligations and ML/TF/PF crimes.
5) responded to 56 of the 79 requests for information from different LEAs and Competent Authorities.
6) generated and disseminated 85 intelligence information reports (7 of these were related to TF).
7) finalized 3 of the 7 requests received for Financial Due Diligence (background and credibility checks).
8) enhanced capacity of 10 staff in pertinent technical areas across departments in line with the FIA Training plan.
9) sensitized 90 media practitioners and local leaders on Mandate of FIA, identifying red flags, reporting suspicious activity, etc
10) finalized the development of the web-based National AML/CFT Statistics Collection Tool, aimed at enhancing the quality, consistency, and comprehensiveness of ML/TF-related statistical data collected from competent authorities
11) drafted and launched the Financial Investigations Manual and training guide to strengthen Uganda's capacity to investigate financial crimes and support AML/CFT/CPF efforts.

Variances and Challenges

1) Gaps in the AML/CFT/CPF legal and regulatory framework limiting the sufficient execution of required regulatory and supervisory interventions.
2) Lack of prioritization of AML/CFT/CPF strategic actions by stakeholders in the AML/CFT/CPF value chain ranging from prevention, detection, investigation, prosecution, deterrence, and confiscation.
3) Limited AML/CFT/CPF knowledge and skills of Law Enforcement Agencies and Competent Authorities to investigate ML/TF/PF crimes given the complexities, and ever-evolving trends of financial crime.
4) Existence of a large informal sector/ cash-based economy making it hard to trace the financial transactions.
5) Existence of a long porous border causing significant challenges in the declaration of cash and bearer negotiable instruments.

PIAP Output: 16412101 Enhanced detection and prevention of money laundering, terrorism and proliferation financing

Programme Intervention: 164121 Strengthen Anti-Money Laundering Mechanisms

1) 100% of AML/CFT/CPF reports from regulatory bodies reviewed 2) meeting/awareness workshop with the accountable persons on AML/CFT/CPF Compliance conducted 3) 6 risk-based inspections conducted on Accountable Persons to inform corrective action	• 9 onsite inspections were concluded and proceeded to report preparation in Q4 •The Authority conducted 4 engagements with accountable persons (Banks, DPMS, Forex Bureaus and PSPs/Os)	The Authority did not receive any reports from regulatory bodies reviewed
1) 85% of annual compliance reports reviewed and feedback provided on a risk based approach 2) 85% of AML/CFT/ CPF independent Audit reports reviewed on a risk based approach 3) 85% of risk assessments reviewed and feedback given to accountable persons	• 135% of AML/CFT/CPF independent Audit reports reviewed on a risk-based approach • 157 risk assessments were reviewed and feedback given to accountable persons	The low performance is attributed to the learning curve associated with the newly recruited staff in the Division of Compliance. However, capacity has been built that is expected improve performance going forward.
1) 100% of non-compliant Accountable Persons sanctioned as a mechanism to enforce AML/CFT/CPF compliance among Accountable Persons	• No sanctions were issued in the quarter	Outputs achieved as planned

VOTE: 129 Financial Intelligence Authority (FIA)

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 16412101 Enhanced detection and prevention of money laundering, terrorism and proliferation financing		
Programme Intervention: 164121 Strengthen Anti-Money Laundering Mechanisms		
1) Registration of at least 85% of high risk Accountable Persons 2) A desk instruction manual developed to guide AML/CFT/CPF compliance initiatives among Accountable Persons	• 0.9% of estimated accountable persons in the high-risk sectors were registered • The Authority developed a compliance and inspection manual to guide Compliance initiatives at FIA pending approval from the FIA board	Real estate and legal sectors account for 90% of the high-risk accountable persons according to the National Risk Assessment. However, absence of a comprehensive database and licensing framework limits the Authority's ability to identify, track and enforce registration of all sector participants. The development of the desk instruction manual for Accountable Persons is awaiting approval of the compliance and inspection manual

1) A report on compliance of accountable persons (target 65% rated satisfactory)	•The draft framework to assess compliance of accountable persons was finalized to be operationalized in SupTech •A risk profiling template to be used for risk profiling was developed and circulated to accountable persons.	• While compliance reports were reviewed, the rating based on level of satisfaction was differed to FY 2026/27 when the guiding framework and system (Sup Tech) are in place. • A very low response rate was recorded from accountable persons in populating the risk profiling data collection questionnaire. To improve participation and ensure the completeness and reliability of the data, the response period was extended to 24th July 2026. Consequently, the risk profiling exercise has been rescheduled to be to be conducted in Q1 of FY 2026/27 upon receipt and consolidation of the required responses.

Quarter 4

Performance highlights for the Quarter

Prepared End of Year (FY 2024/25) and interim (FY 2025/26) financial statements for Treasury Operations (Vote 130) and the Contingencies Fund.

Generated monthly domestic stock and service reports on time throughout the Financial year.
These reports were used to facilitate preparation of the Debt report.

Coordinated with DARC and provided accurate budget figures to DB for inclusion in the National budget for FY 2026/27

Timely and accurately Updated the Government Debt obligations into the DMFAS to assist in monitoring performance of the loans, timely debt servicing and proper reconciliation with other stakeholders.

Liaised with AMD to ensure all debt obligations are given priority within the available resources.

Processed invoices for external debt payment (Principal, Interest, Commitment & Mgt fees) amounting to Ugx. 4.94tn.

Reconciled Domestic debt claims, projections, re-imbursements and outstanding stock with Bank of Uganda and other stakeholders.

Updated DMFAS with domestic debt redemptions and T-Bills and Bond Costs amounting to Ugx. 20.65tn

Strengthened financial oversight through maintenance and regular update of the SOE health check tool

Variances and Challenges

During FY 2025/26, the performance of the Debt Management and Financial Analysis System (DMFAS) was affected by several system-related challenges. The system frequently experienced difficulties in retrieving information, failed to generate reports and in some instances produced incomplete outputs. For example, certain reports excluded project data, resulting in only partial information. Consequently, some of the figures and statistics generated from DMFAS represented only about 50% of the expected data

Variance between creditor records and Government databases, which can arise due to timing differences and exchange rate variations.

Pressure in processing large volumes of manual withdrawal applications and debt service payments within tight timelines.

Unpredictable fiscal obligations such as court awards and direct charges on the Consolidated Fund pose planning challenges, as they can arise unexpectedly and require immediate settlement.

Quarter 4

Performance highlights for the Quarter

For the fourth quarter, the Office produced audit reports for: 5 MDAs, 4 statutory authorities, 1 fund, 2 projects, 261 Town councils, 248 schools and tertiary institutions, 3 specialized engineering audits, 1 international audit, 5 IT Audits and 5 special audits.
This brought the total number of completed audits for the FY 2025/26 to 3,944, covering 177 MDAs (including 16 regional referral hospitals), 173 Projects, 47 Statutory Authorities, 9 funds, 196 Higher Local Government entities, 2006 Lower Local Government Authorities, 933 schools/tertiary institutions, 24 Value For Money (VFM) studies, 54 Forensic Investigations/Special Audits, 7 Production Sharing Agreements (PSAs), 23 IT Audits, 271 treasury memoranda verifications, 13 Engineering audits on several public works projects, 8 audits of classified expenditure and 3 international audits of regional bodies. Additionally, 2 compliance thematic audit reports were produced
The Office also managed to clear backlogs in the audit of lower local governments and schools, bringing these audits up to date.

Variances and Challenges

During the quarter, planned activities particularly training undertakings and some ongoing audits relating to FY 2024/25 were put on hold due to the audit of lower local governments and schools.
In addition, the delayed release of funds under the non-wage recurrent and development budget adversely affected implementation of some planned activities.

Quarter 4

Performance highlights for the Quarter

1. Provided HIV/AIDs and TB care, Treatment and support services to 03 staff living with HIV/AIDs in quarter four. This was done by paying treatment allowances and providing psychosocial support to them during the quarter.
2. Organized 01 Committee meeting during quarter four.
3. Organized 02 meeting for the Committee in quarter four.
4. Organized 01 Workshop on climate change issues at the Commission.
5. Sensitized more done 2,000 candidates during recruitment at Kololo Secondary school.
6. Paid Salary, allowances to 74 staff and pensions to 44 pensioners for the month of April to June 2026.
7. Organised 16 meetings (04 FCM, 01 Finance and admin Department, 01 Finance Committee, 01 Senior Management Meeting,01 Appointment Committee, 02 HIV/AIDs Committee, 01 Audit Entry meeting,01 Meeting with Caretaker Headteachers, 03 Appeals Committee meeting, 01 training on Balance Score Card, 01 meeting for Boarding off)
8. Trained 07 staff in various institution of higher learning.
9. Prepared 01 procurement report for Q3 FY 2025-2026 to PPDA and MoFPED.
10. Paid gratuity to 02 member for the Commission and 02 staff who retired during quarter four FY 2025-2026.
11. Appointed 510 personnel, 346 male and 164 female
12. Confirmed 1,184 personnel, 766 male and 418 female
13. Granted study leave to 10 personnel, 8 male, 2 female
14. Regularized appointment of 12 personnel, 10 male, 2 female
15. Retired 1 personnel, 1 female on medical ground
16. Handled suitability cases of 250 personnel, 167 male, 83 female
17. Reinstated 2 personnel, 1 male, 1 female in service
18. Verified 453 personnel, 289 male, 164 female
19. Disciplined 12 personnel, 12 male.
20. Redesignated 1 personnel, 1 female.
21. Transferred within service 91 personnel, 61 male and 30 female.
22. Scanned 2,627 Minutes into the EDMS, 1,774 male and 883 female.
23. 6 Motor vehicles.
24. 2 motor cycles.
25. Prepared 01 performance report for Q3 FY 2025-2026.

Variances and Challenges

1. Most outputs depend on submission from relevant MDAs and all the submission made was handled by the Commission.
2. The Commission received supplementary 6.29Bn to recruit staff in the newly constructed schools under UGIFT program.
3. TVET Act of 2025 affected the Commission Output because it barred the Commission in handling any TVET related output.
4. There was adjustment in the number of vehicles procured due to variations in prices at the time of budgeting and time of purchase. Due to that the Commission procured additional 03 vehicles and 02 motor cycles.

Performance highlights for the Quarter

In the review period, ODPP performance was as follows;
Criminal Prosecutions Services
International Crimes prosecuted 27 Cyber-crime and 68 international crimes & TIP cases; Anti-Corruption prosecuted 487 Corruption related cases, 13 Money laundering related cases, 60 Investment crime cases and 28 medical related crime cases; Gender, Children & Sexual (GC & S) offences prosecuted 807 Child related criminal cases, 1,800 Sexual offence cases and gender based violence cases; Appeals & Miscellaneous Applications prosecuted 790 Criminal Appeal Cases and 52,256 Miscellaneous Applications; while General Casework prosecuted 203,546 criminal cases and 92 Human rights violations including conducting 98 Plea bargain sessions.

Inspection Research and Quality Assurance
Inspection and Quality Assurance inspected 152 ODPP stations and Agencies with a delegated prosecutorial function, undertaken Inspection exercise to track adherence to performance standards, Field visits to sample the quality of legal opinions and mentoring of staff undertaken while 606 staff were trained in short term courses by Research & Training.

General Administration and Support Services
Briefs on ODPP operations & emerging areas issued out to guide prosecutions. International Cooperation processed 27 In-coming and 11 Out-going Mutual Legal Assistance request. ICT conducted refresher training conducted in stations and maintained ICT equipment. Field Operations conducted field visit on prosecutors' performance and a report prepared.

Variances and Challenges

In execution of the 2025/2026 budget, the ODPP notes the following; the Office of Director of Public Prosecutions received Ugx. 91.792 billion which represents 93.5 %. Out of the received funds, Ugx. 85.862 billion was spent representing a budget absorption rate of 93.5%. The vote received suppressed funds under capital development.

The vote made a virement of shillings 515,204,945 (shillings five hundred fifteen million, two hundred four thousand nine hundred forty-five only) to cater for rent since ODPP had budgeted for the rent of two quarters in anticipation to shift to the JLOS House by end of December, 2025. However, based on the progress of completion of the JLOS House, ODPP could not be able to shift as had been planned since construction works were still on-going.

The budget suppression on Development on the work plans affected a number of outputs some of which are; renovation and construction of Regional Offices, supply of furniture to ODPP offices, procurement of transport and ICT equipment. These outputs were thus reported low performance.

The vote faces a challenge of staffing gap with no presence in 32 districts and thus there is a critical need for recruitment of prosecutors to enable adequate deployment in the districts to extend criminal prosecution services nearer to the people.

Performance highlights for the Quarter

1.Administrative support services provided.
2.37 Health workers at U1SE, HODs and Specialists recommended to H.E the President for appointment.
3.1189 Health Workers recruited based on the clearances and submissions received.
4.1435 Human Resource for health decisions made.
5.Q3 Quarterly performance report prepared and submitted to MoFPED.
6.Annual Performance report FY 2024/25 prepared and submitted to parliament.
7.Final Accounts for FY 2024/25 prepared and submitted.
8.Annual Procurement report consolidated and submitted.
9.Annual recruitment report for FY 2024/25 prepared.
10.eRS regional hubs monitored and assessment report prepared.
11.Support to HIV/AIDS affected/infected staff provided.
12.Updated Job Profiles on the eRS.
13.Carried out support supervision to 12 RRHs ,77DLGs and 2 Cities.
14.Conducted aptitude test for Advert No.1 of April 2025, Advert No.1 of February 2026 and applicants under Children's Surgical Hospital, Kasese, Adjumani,Kabale and Mukono DLGs.
15.Procured a Consultant to review and upgrade the Examinations and Skills Assessment System (ESA).
16.Procured IT Equipment for Entebbe RR Hospital.
17. Ran Advert No.1 of February 2026.
18.eRS mobile App was developed and used by applicants to access the eRS.
19.Completed the integration of the eRS with NITA-U , UMDPC and AHPC.
20. Aptitude tests for applicants under Bukomansimbi, Moyo and Yumbe DLGs were conducted.
21. Phase 1 of the upgrade of the eESAS was completed.
22.Prepared and submitted the MPS for FY 2026-27 to MoFPED.
23. Validated 8430 USG supported staff across the country.
24. Procured 3 station wagons and 1 double cabin.

Variances and Challenges

1.Inadequate office space especially due to the need for the Commission to obtain additional space for aptitude tests and social distancing while conducting oral interviews.
2.Inadequate wage to recruit staff to vacant positions in the newly approved structures with most Health Institutions having a staffing level of less than 35%.
3.High number of applicants for certain cadres e.g. Enrolled Nurse, Enrolled Midwife, Medical Laboratory Assistant that necessitates space for aptitude tests.
4.Failure to attract suitable applicants for some posts e.g. Anesthetic Officers, MOSG (ENT) and MOSG Radiology.

Table V1.3: High Unspent Balances and Over-Expenditure in the Approved Budget (Ushs Bn)

(i) Major unspent balances		
Departments , Projects		
Programme:16 Governance and Security		
Vote Function:01 Forensic and General Scientific Services		
0.755	Bn Shs	Department : 002 Administrative and Support Services
		Reason: The approved budget for pension and gratuity for FY 2025/2026 exceeded the actual funding requirements as reflected in the approved Pension and Gratuity Schedule for the financial year, resulting in a variance between the approved allocation and the amount required for payment.
Items		
0.596	UShs	273105 Gratuity
		Reason: The approved budget for pension and gratuity for FY 2025/2026 exceeded the actual funding requirements as reflected in the approved Pension and Gratuity Schedule for the financial year, resulting in a variance between the approved allocation and the amount required for payment.
0.158	UShs	273104 Pension
		Reason: The approved budget for pension and gratuity for FY 2025/2026 exceeded the actual funding requirements as reflected in the approved Pension and Gratuity Schedule for the financial year, resulting in a variance between the approved allocation and the amount required for payment.
Programme:19 Administration of Justice		
Vote Function:01 Forensic and General Scientific Services		
0.100	Bn Shs	Department : 001 Criminalistics and Laboratory Services
		Reason: The unspent balance of UGX 0.1 billion under the Administration of Justice Programme arose because court attendance and regional travel activities were financed under the Governance and Security Programme, where funds were more readily available during budget execution. This approach ensured uninterrupted implementation of planned activities and achievement of programme outputs but resulted in lower budget absorption under the Administration of Justice Programme and increased expenditure pressure on the Governance and Security Programme. Going forward, programme-specific planning and budget execution will be strengthened to ensure closer alignment between approved budget allocations and actual expenditure.
Items		
0.100	UShs	227001 Travel inland

Quarter 4

Performance highlights for the Quarter

• A total of 131 backlog forensic cases were analyzed and reported against a target of 225 cases.
• 374 new forensic cases were analyzed and reported against a target of 300 cases.
• Ninety percent of new cases were analyzed within 30 days, demonstrating improved turnaround time, enhanced laboratory efficiency, and timely delivery of results to support decision-making and public safety
• 19 backlog forensic monitoring cases supporting safeguards for public health, food, and environmental safety were analyzed and reported against a target of 25 cases.
• 620 new forensic monitoring cases supporting safeguards for public health, food, and environmental safety were analyzed and reported against a target of 75 cases.
• 674 new cases of commercial, consumer, and illicit products were analyzed and reported against a target of 80 cases.
• Five (05) Studies in forensic monitoring of contaminants in the environment conducted and results disseminated to improve public health and safety
• GAL generated UGX 174,275,000 against a quarterly revenue target of UGX 162,500,000 through the provision of scientific and analytical services to the private sector and the general public

Variances and Challenges

1. Inadequate Laboratory Reagents, Chemicals and Consumables; During preparation of the FY 2025/2026 Budget, DGAL’s approved budget was reduced by UGX 1.9 billion, particularly under Classified Expenditure and Allowances. This reduction constrained procurement of essential laboratory reagents, chemicals and consumables required for forensic and scientific analytical services. DGAL currently handles approximately 150 cases weekly, driven by increased demand for DNA analysis, pesticide residue testing to support agricultural exports and other specialized examinations. The increasing workload, coupled with DGAL’s accreditation and growing utilization of forensic services, requires sustained availability of critical laboratory inputs to maintain timely case processing, quality assurance and reliable service delivery.
2. Inadequate Funding for the National DNA Databank Infrastructure Building;The establishment of the National DNA Databank Infrastructure faces a funding gap of approximately UGX 25 billion. The project is a strategic national security intervention aimed at strengthening criminal identification, intelligence-led investigations and evidence-based crime management. Once operational, the Databank will enhance identification of offenders, reduce reliance on mass arrests and lower costs associated with detention, investigations, prosecution and case management.
3. Inadequate Staffing for Regional Forensic Laboratories; Regional Forensic Laboratories remain understaffed, limiting their capacity to handle increasing workloads, process exhibits, conduct timely analyses and provide decentralized forensic services. Delayed recruitment approvals have affected full operationalization of regional laboratories, impacting turnaround times, quality assurance processes and the Directorate’s ability to respond effectively to growing demand for forensic services nationwide.

PIAP Output: 16090101 Institutions retooled		
Programme Intervention: 160901 Strenghthen programme institutions for effective and efficient service delivery		
	Acquired specialized modern scientific and analytical equipment to enhance DGAL's forensic and scientific testing capacity. The procured equipment included a Nitrogen Generator for the Toxicology Laboratory's LC-MS/MS system, Gas Chromatography-FID/ECD Detectors for Toxicology analysis, UV-Visible Spectrophotometer for the Food and Drugs Laboratory, VSC 9000 for the Questioned Documents Laboratory, X-Ray Fluorescence/X-Ray Diffraction (XRF/XRD) Spectrometer for the Ballistics Laboratory, laboratory fume hoods for DGAL Headquarters and Mbarara Regional Laboratory, Ion Chromatography system and Water Purification System. The acquisition strengthened analytical accuracy, expanded testing capabilities, improved laboratory safety and enhanced delivery of quality-assured forensic and scientific services.	There was no variation
	Acquired ICT equipment, software and related infrastructure to enhance digital operations, data management, communication, security and efficiency of forensic and administrative services across DGAL. The procured ICT resources included 20 all-in-one desktop computers for the Forensic Biology Laboratory, Pesticide Residue Laboratory, Chemical Microbiology and Bioterrorism Laboratory, Policy and Planning Unit and other offices; 15 laptops; external hard disks; scanners; IFMS router; multifunction printers; intercom handsets; tablets; flash drives; extension cables with surge protection; macro UPS units for specialized analytical equipment; a shredder for the Quality Coordinator; a 75-inch display screen for the Ballistics Laboratory; heavy-duty printer and photocopier for the Planning Unit; and CCTV surveillance systems for Mbarara, Gulu and Mbale Regional Forensic Laboratories. The acquisition strengthened ICT-enabled service delivery, enhanced information security, improved workflow	There was no variation

VOTE: 137 National Identification and Registration Authority (NIRA)

Quarter 4

Performance highlights for the Quarter

Performance Highlights (FY 2025/26)
1) Financial Performance
Overall Budget Release: 307.851bn
The approved budget: 258.148bn
The revised budget 325.900bn
Budget Absorption: 99.9% of released funds from the revised budget was spent
Wage Absorption: 100% (Very High and stable)
Non-Wage Recurrent Absorption: 99.9% (very High)
Development Absorption: 99.9% (very High)

2) Mass Enrolment and Renewal (2025/26)
Total Registered assigned NINS: 34.49 (75.03%)
Renewal of 15.8m National ID Cards: 14.5m(92.3%)
Get First ids 832,938
Correction of Information 61,622
Update of Information 832,938
Biometric correction 16,726
Lost ID replacement 1,853
Total ID Cards Printed (includes CoP and replace)
Old system- 21,507,041
New System- 14,923,139
ID Cards issued to-date:
Old system- 18,448,332
New System- 7,429,202
Aliens Registered-1,442
Systems integrated with the National Identification Register for authentication and verification-107

3) Quarter 4 Civil Registration Performance
Birth notifications recorded: 218,858
Death notifications recorded: 16,706
Births registered: 307,210
Birth certificates issued: 43,606
Deaths registered: 13,814
Death certificates issued: 4,524
Marriages registered:2,423
Adoption Orders Registered:22

4) Cumulative Performance (FY 2025/26)
Birth notifications recorded: 847,359

VOTE: 137 National Identification and Registration Authority (NIRA)

Quarter 4

Birth notifications recorded: 247,259
Death notifications recorded: 39,868
Births registered: 421,372
Birth certificates issued: 136,796
Deaths registered: 17,999
Death certificates issued: 8,373
Marriages registered: 5,434
Adoption Orders Registered: 75

5) National Identification Register (NIR) Status (since 2014)
Total persons in the Register: 34,490,000
Total ID cards printed since inception: 36,430,180

Variances and Challenges

1). Inadequate Financing: Dependence on supplementary funding continues to constrain effective planning, timely implementation of programmes, and budget credibility. Limited financing also affects infrastructure development, recruitment, ICT investments, and the expansion of registration and civil registration services.
2). Human Resource Capacity Constraints: Human resource capacity remains constrained due to delays in operationalizing the approved RAPEX structure and inadequate wage provisions. The resulting staffing shortages have increased workloads, reduced service delivery efficiency, and necessitated reliance on temporary staff in several districts.
3). Issuance Bottlenecks: The issuance of National ID cards continues to lag behind registration and renewal due to funding constraints and operational limitations affecting card production, transportation, and distribution, delaying citizens' access to essential services.
4). Weak Civil Registration Outcomes: Death registration rates remain low because of delayed community notification, weak integration between registration systems and service delivery institutions, inadequate funding, and limited facilitation for outreach activities.
5). Operational and Geographic Cost Pressures: High operational costs associated with fuel, field supervision, logistics and warehousing continue to strain service delivery, particularly in remote, hard-to-reach, and border areas.
6). Limited Inter-System Integration: Inadequate integration between NIRA systems and partner institutions limits data sharing, authentication, operational efficiency, and seamless service delivery.
7). Low Public Awareness: Limited public awareness of registration requirements, processes, and the benefits of civil registration continues to affect the uptake.
8). Infrastructure ,Data Security Challenges: Absence of headquarters, secure facilities, underfunded Data Center, Disaster Recovery infrastructure and emerging cybersecurity threats affect operations

VOTE: 137 National Identification and Registration Authority (NIRA)

Key Service Area:460030 Registration Services

PIAP Output: 16030102 Equitable justice services provided

Programme Intervention: 160301 Enhance equitable access to justice for social economic development

150,000 birth certificates issued	43,606 Births were Certified in Q4	This is a demand driven service since it attracts fees. Many people demand for it only when the certificate is required to access another service.
25 adoption orders registered	22 adoption orders registered in Q4	The provision of this service is wholly dependent upon the issuance of court orders by the courts of Law. Consequently, service delivery levels are determined by the volume and timing of court orders granted as the institution can only act upon applications that have been duly authorized through the judicial process.

VOTE: 137 National Identification and Registration Authority (NIRA)

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 16030102 Equitable justice services provided		
Programme Intervention: 160301 Enhance equitable access to justice for social economic development		
200,000 births registered	307,210 births registered in Q4	There is still little motivation for birth registration unless there is a need for the child's NIN or birth certificate to access other services
Vital events of births, adoptions, marriages and death certified	43606 Births, 22 adoptions, 4524 deaths certified and 2423 marriages certified	No variance
salaries, Gratuity and NSSF paid	Payment of staff salaries in all the months in the quarter were paid by 28th of each month, NSSF for all staff remitted monthly, and gratuity for all qualifying staff were paid in Q4	No Variance
20,000 deaths registered	13,814 Deaths were registered in Q4	Death certification is largely demand-driven, with individuals typically seeking registration only when a death certificate is required to access another service or legal process
registration tools procured, publicity undertaken on radio, TV and print media, inspection visits done, staff welfare provided	i) 4 Regional Inspection visits covering 174 points of service ii) 2 news features , 2 TV shows, Live civil wedding at Bride & Groom Expo iii) Adverts conducted on Radio iv) Procured 103 branded items, 3,000 User manuals, 2,000 Brochures and 3,140 printed materials v) License for Onbase as part of the EDMS provided	No variance
PIAP Output: 16030207 Identification and Civil Registration services enhanced		
Programme Intervention: 160302 Strengthen the justice law and order and governance service delivery systems		
	307,210 Births Registered	There is little motivation for registration of Births unless there is need for the child's NIN or birth certificate to access other services
	43,606 Births Certificates issued in Q4	This is a demand driven service

VOTE: 137 National Identification and Registration Authority (NIRA)

Quarter 4

Performance highlights for the Quarter

Performance highlights for Quarter 4, 2025/26
The overall budget for FY 2025/26 was shs 334.532 billion; out of which shs 0.419 billion was arrears. By the end of the FY, the Authority had received shs 244.058 billion; representing 73.3% of its approved budget. Out of this release a total of shs 240.871 billion was spent, representing a 98.3% utilization.
The key achievements in the Q4 FY 2025/26 were as follows:
(i)1 Agro Industrial Sector profile updated, highlighting the sectoral capacity, economic and market analysis
(ii)7 companies licensed worth USD 5.7M to create 474 jobs (iii) Monitoring and support supervision of Mbale Kapeeka and KIBP-Namanve Parks conducted. (iv) One (1) Diaspora conference organised and participated in.
(v) Five (5) outward missions were facilitated (vi) Eleven (11) inward missions were received
(vii) 116 projects licensed worth a total investment of USD 646.87M expected to generate 11, 656.
(viii) One Bankable project booklet developed with 16 projects (ix) 4 Service Level Agreements of OSC-MDAs operationalised (x) The One Stop Centre Front Office Operations Manager (FOOM) was succcessfully implemented. (xi) Investment License Processing Time Reduced to 24 Hours (xii (xii) 8,701 Transactions were processed at the One-Stop-Centre (xiv) A total of 47 domestic investors were licensed. (xiii) Two (2) investment outreaches were held. (xiv) Critical vacant positions were filled and staff capacity built (xv) Quarter 4 Investment Abstract for FY 2025/26 prepared. (xvi) Quarter 4 FY 2025/26 Internal Audit Report prepared and submitted to the Board and MoFPED. (xvii) Ten (10) Contract Committee meetings for FY2025/26 were held and minutes produced. (xviii) 2 investment promotional videos were produced (xix) A total of 12 Board meetings were held. (xx) Three litigation matters were concluded in this quarter. (xxi) Road infrastructure for Kapeeka was developed and maintained. (xxii) Road infrastructure developed and maintained at Mbale IP.

Variances and Challenges

Variances were as follows:

Shillings 1.448 BN was not utilised because ot was supposed to be for payment of salaries and gratuity for newly recruited staff. However these staff were recuited late at the end of the financial year hence there were un-utilsed funds. There were also some staff who were not recruited at all.

	Four (4) agri-value chain investment profiles were developed and disseminated under the Acholi subregion investment profile. These include a cassava processing & starch plant to be located in Pader / Kitgum; a commercial ranch & meat processing facility to be located in Amuru / Nwoya; a commercial grain storage & warehouse hub to be located in Gulu City; and a sunflower oil processing plant to be located in Amuru / Pader Districts. The estimated value of the investment is USD 7.4 million	The target was exceeded due to collaboration with local governments and Operation Wealth Creation, which supported data collection and validation.

1 agricultural innovation value chain cluster developed with 60 farmers and linked to access affordable financing.	Two (2) clusters were formed, and these are the Rice Cluster under the Diners Group, an off-taker and processor of rice located in the Mbale Industrial Division, supporting around 3000 farmers from the districts of Budaka, Bukedea, Bulambuli, Kween, Sironko, Bugweri, and Butaleja. The focus areas were post-harvest handling training for farmers, supply chain digitalization, processing capacity expansion, and working capital for crop aggregation. The second cluster was established in Luwero in collaboration with A Pen For Africa (APFAF), focusing on providing market and agro-value addition of mainly banana juice processing and pineapple, supporting over 300 women.	Target met

Programme Intervention: 041111 Develop and maintain infrastructure in free zones and industrial parks		
Monitoring and support supervision of 10 Industrial Parks conducted (KIBP-Namanve, Luzira, Bweyogerere, Mbale, Soroti, Kasese, Mbarara, Masindi, Kapeeka and Jinja) to determine capital invested, jobs created and compliance to environmental standards.	Monitoring and support supervision of Mbale Kapeeka and KIBP-Namanve Parks conducted.	Target met
Standard Infrastructure developed in 6 Industrial Parks (Kapeeka, Mbale, Nebbi, Jinja, Kisoro and Kasese)	For Mbale Industrial Park, earthworks for roads were still on-going for lot 1 (20km) and physical progress was at 49%. Water supply for lot 2 was at 22%. For Kapeeka, physical progress was at 27%. The road sections were still at Sub-grade construction. There was no rehabilitation since there was no budget for this intervention.	Performance was on track.

PIAP Output: 04111101 Improved infrastructure in industrial parks and free zone		
Programme Intervention: 041111 Develop and maintain infrastructure in free zones and industrial parks		
Titling, surveying and installation of boarder markers for 2 Industrial Parks for purposes of security of tenure of UIA industrial land.	Titles for Lira IP and Kibaale were acquired and transfer forms of changing the title name from Lira DLG and Kibaale DLG to UIA's name were signed off by the UIA. The titles were assessed and the cost of stamp duty for the titles was completed and UIA intends to request for a waiver on payment of the stamp duty from Ministry of Finance. There were no funds for installing border markers however, some of the border markers in Kisoro IBP and Kasese IBP were beginning to wear out and required replacement. Titling was only done for the land belonging to Tororo Cement company, in Moroto.	Target not met due to lack of funds

Programme Intervention: 070211 Support MSMEs to attain certification, testing and calibration of services

1 domestic investment outreach on investment information access, competitiveness, compliance and business linkages coordinated and supported	Two (2) investment outreaches were held with 575 participating enterprises, creating 39 B2B investment and business opportunity leads, generating consensus on regional industrialisation, resolving regulatory bottlenecks through the One-Stop Centre (OSC), and publicising credit opportunities with the Bank of Uganda. These outreaches were the Acholi Sub-Region Investment Profile Launch (Gulu City): 190 participants. Generated 39 licensing and business linkage leads. b) Access to Finance in Busia District: 385 businesses sensitised on the Small Business Fund (SBF) and Agricultural Credit Fund (ACF).	The target was exceeded as a result of good collaboration with local governments, the Bank of Uganda and Operation Wealth Creation, who supported mobilisation and provided logical support.

Quarter 4

Performance highlights for the Quarter

By the end of FY2025/26, the Authority received its full approved budget of UGX 90.717 billion and spent UGX 90.122 billion, achieving a 99.3% budget absorption rate. The unspent balance of UGX 0.595 billion was for insuring assets, employee costs for staff recruited during the FY, and oil spill equipment not procured.

The Authority conducted Annual evaluation for FY 2025/26, achieving 88.2% implementation of its Annual Workplan where 157 out of 178 outputs were achieved. 7.9% (14 outputs) were partially achieved and 3.7% (7 outputs) were not achieved. Below are some of the key achievements.

1) Monitored the Tilenga and Kingfisher facilities construction, which progressed to 73.62% (Kingfisher – 78.0% and Tilenga – 72%). Cumulatively, 257 out of 189 wells targeted for First Oil (Tilenga – 235/170 wells and Kingfisher – 22/19 wells) were drilled.
2) Monitored the EACOP project, which progressed to 87.8%, with engineering at 98%, procurement at 95.9%, construction and pre-commissioning at 80.9%, and commissioning at 0.6%.
3) During the FY, a total of UGX 200.96 billion was generated from ongoing oil and gas activities, of which UGX 188.29 billion was derived from tax revenue, while UGX 12.67 billion was realized from non-tax revenue.
4) The total direct employment in the oil and gas industry stood at 22,234, of which 18,958 (85%) were Ugandans, and 7,128 employees were sourced from local communities.
5) In Q4, the Authority recorded 8 out of out of 15 (50%) contracts awarded to Ugandan companies at Tier 1. This brought the total number of contracts awarded to Ugandans in FY2025/26 to 44 out of 67 (65.67%).
6) Contracts (Tier 1) worth USD 8,748,416.81 out of USD 53,832,221.30 were awarded to Ugandan companies in Q4. This brings the total value of contracts to Ugandans within the FY to USD 82,011,358 out of USD 203,732,243 (40.25%).
7) The Refinery project schedule was revised, and the FID date for the project was extended from 29th March 2026 to 16th Feb 2027.

Variances and Challenges

VOTE: 139 Petroleum Authority of Uganda (PAU)

Quarter 4

During the implementation of the annual work plan, the Authority registered several challenges that hindered the achievement of some outcomes and outputs including,

1) Inadequate Funding: Although the Authority received 100% of its approved FY2025/26 budget, it was funded at only UGX 90.717 billion against a Strategic Plan requirement of UGX 125.08 billion, leaving a UGX 35.083 billion (27.5%) funding gap. This constrained key activities, including staff training, regulatory monitoring, and establishment of the Disaster Recovery Site.

2) Delays in Key Sector Projects: Delays persisted in implementing critical First Oil activities across Tilenga, KFDA, EACOP, and supporting infrastructure. Key readiness activities, including facilities commissioning, producer wells, contractor mobilisation, and laboratory and metering readiness, remain behind schedule.

3) Regulatory Non-Compliance: Cases of non-compliance with national content and health and safety regulations were observed, including undeclared personnel, unfair employment practices, delayed contractor payments, and two fatalities during the year.

4) Declining Staff Retention: Staff retention declined to 95.95% following 10 staff exits during the financial year, increasing the risk of knowledge loss and operational disruption.

5) Expiry of Exploration Licences: The expiry of exploration licences has left only one active exploration licence (Kasuruban Contract Area), posing risks to future exploration and investor confidence.
