VOTE: 413 Mbarara Regional Hospital

Quarter 4

Performance highlights for the Quarter

MOST SOUGHT SERVICES WHERE
Laboratory with 271,572 investigations done
Outpatient services with 112,245 attendances

DIAGNOSTICS
271,572 Laboratory tests were done compared to 134,501 in FY2024/25
2,210 X-ray were done and yet no were done in the last FY because the hospital had no x-ray machine.
9,368 Ultrasound scans carried out on patients
3,028 CT scans done
2,552 Renal Dialysis sessions carried out in the dialysis unit.
468 ECHOs done
410 ECGs done
407 Endoscopies were done

HIV/AIDS, RESEARCH & HEALTHCARE & OUTREACHES
9,074 Clients given HIV testing services compared to 14,126 in FY25/26
199 HIV positives identified and linked to care.
1,605 Individual HIV self-test kits distributed.
777 Pregnant women with known HIV Positive status at 1st antenatal care handled.
9,743 ART patients screened for TB in the semiannual reporting period who start TB treatment.

IMMUNIZATION
24,356 Children Immunized.
27,425 Immunization contacts done including hepatitis B and yellow fever.

INPATIENTS
3,390 Neonates managed in the Neonatal Intensive Care Unit of the hospital.
255 Children treated at the Natasha Nutrition ward.
39,544 Patient admissions were handled.
9 Days Average Length of Stay expected.
134% Bed Occupancy Rate registered.
15,536 Operations done

OUTPATIENTS
112,245 Patients' nutritional status assessed at outpatients' department (OPD) 1,312 Clients managed in Occupational Therapy clinic.
4,604 Physiotherapy and rehabilitation clinic
634 Clients attended to in the orthopaedic (Orthotics and Prosthetics) workshop.
12,622 Patients attended to in the emergency ward.

VOTE: 413 Mbarara Regional Hospital

Quarter 4

2 Ambulances used to respond to emergencies.
3,607 Referrals in attended to.
222 Patients referred out.

PREVENTION AND REHABILITATION
2,789 Adolescents attended to in their clinic
2,046 Family Planning clients attended to
7,546 Antenatal care mothers attended to (Pregnant women)
613 Mothers attended to in the Private Wing antenatal care clinic
7,386 Postnatal mothers attended to
4,919 Pregnant women

Variances and Challenges

Challenges still remain the same. That is;
1. High utility bills especially for water and yet there are 2 new big structures being constructed. These include a three storied neonatal intensive care unit and the call and dispatch center.
2. Low staffing levels (26%) in the hospital hence over work for the existing staff.
3. Incomplete staff housing block. No funds were given.

VOTE: 413 Mbarara Regional Hospital

Key Service Area:320022 Immunisation Services

PIAP Output: 12121301 Increase access to immunization against childhood diseases

Programme Intervention: 121213 Increase access to immunization against childhood diseases

4,290 Children immunized against all childhood diseases. 1,050 Immunization contacts done including Hepatitis B and yellow fever.	1. 6,991 Children Immunized. 2. 7,731 Immunization contacts done including hepatitis B and yellow fever.	ever. The high achievements compared to the target were attributed to outreaches conducted and also shortage of vaccines in other health facilities, which led to more people coming for immunization services in the hospital. But also increase in awareness campaigns.

Quarter 4

Performance highlights for the Quarter

1.Retooling performed well this quarter.
2.PIAP outputs and outputs indicators were performed to 87% - 100% mostly affected by limited funds for outreaches.
3.Purchase of new x-ray and ultra sound machines was not done due to no funds.
4.This Vote has the least budget allocation for non-wage re-current among all regional referral hospitals.
5.Utilization/occupying of the new complex by the planned units was accomplished.

Variances and Challenges

1.Renovations and shifting of units and wards affected service delivery as some patients were misplaced.
2.Inadequate funds for digitization(Eafya) as it was not budgeted for hence affecting implementation and sustainability.
3.Incomplete infrastructure due to non allocation of capital development funds leading to dilapidated buildings and congesions due to lack of space for provision of quality services.
4.Inadequate budget allocation causing operational budget shortfalls e.g water,electricity ,fuel,Minor repairs and ,internet services among others.
5.Untimely maintenance of medical equipment to inadequate funding.
6.Continuous Unstable power supply from the National grid causing blowing up of most medical equipment and affecting service delivery.

Quarter 4

Performance highlights for the Quarter

95% of the Hospital budget was utilized, with 92% non-wage utilized, which has
strengthened the patient-centered care approach, resulting in better performance in hospital services and also support services; 100% salaries paid, 4 quarterly audits conducted.

Inpatient services: 97% bed occupancy rate, reflecting increased access to inpatient services and improved utilization of hospital infrastructure.

94% Viral Suppression: Viral suppression improved to 94%, approaching the national target of 95%. In addition, over 95% of people diagnosed with HIV were successfully linked to care and treatment, demonstrating the resilience of the HIV programme and the effectiveness of community-facility collaboration in maintaining continuity of HIV services despite funding constraints

The region further strengthened tuberculosis control following MoH deployment of a TB Mobile Digital X-ray Van in the region in December 2025. Over the past six months, the Regional Radiology team has deployed the mobile unit across Karamoja, conducting more than 2,250 chest X-ray examinations, thereby improving access to TB screening and early diagnosis, particularly in hard-to-reach communities

Variances and Challenges

Low HIV retention coverage: HIV retention coverage remained below the target of 95%. This may be attributed to challenges related to treatment adherence, stigma, and other barriers that affect patients' continued engagement with HIV care services. The hospital will strengthen adherence counselling, patient follow-up, tracing of missed appointments, and stigma-reduction interventions to improve retention.

Low immunization service coverage: The hospital recorded low performance in selected immunization indicators, particularly deworming, malaria vaccination, and measles vaccination, which remained below the set targets. This may partly be attributed to the hospital's reliance on static immunization services. Strengthening immunization outreaches, community mobilization, defaulter tracing, and coordination with lower-level health facilities will be important in improving coverage.

Critical staffing gap: The hospital continues to experience a significant staffing shortage, with the current staffing level estimated at only 27% of the approved establishment. However, the planned increase in the wage bill in the next financial year is expected to provide an opportunity for recruitment and filling of critical staffing gaps, subject to the availability of approved positions and recruitment processes.

Number of Ultrasound scans procured and installed	Number	1	1

VOTE: 416 Naguru National Referral Hospital

Quarter 4

Performance highlights for the Quarter

Diagnostics
a) During the quarter (April-June 2026), X ray examinations fell short of the target by 103 cases.
b) Ultrasound scans conducted exceeded the target by 116 procedures, attributed to the procurement of a new ultrasound machine capable of handling scans.
c) To strengthen Diagnostic capacity of the radiology unit, we have renovated and equipped the unit with a new CT scan.
d) Laboratory diagnostic services surpassed the target in the quarter by 36,521 tests, facilitated by the availability of reagents and newly procured laboratory equipment capable of processing multiple samples.
e) Pathology services delivered exceeded the target by 284 cases in the quarter, primarily due to the increased receipt of biopsy samples for cytology and histology from other health facilities, which enhanced overall performance. In addition, the Mortuary Unit has been renovated and equipped with a new fridge offering greater accommodation capacity.

Immunization
The outstanding performance under Immunization was largely driven by active participation in Integrated Child Health Days conducted across communities and schools.

Inpatient Services.
a) Inpatient admissions exceeded the target by 2,855 cases, driven by increased health seeking behavior and improved service delivery.
b) The bed occupancy rate reached 132% in the quarter, surpassing the target which reflected the high patient load.
c) Major operations exceeded the target by 1,602 procedures. This achievement was attributed to the strengthened theatre unit, supported by the procurement of a new operating table, theatre instruments, operating lights, and anesthetic machines.

Out Patient Services
a) Trauma and emergency services surpassed the set target, achieving 3,977 cases during the quarter. This improvement was attributed to the renovated and newly equipped Accidents & Emergency Unit.

Variances and Challenges

Limited Work space evidenced by the bed occupancy rate of 132%

High Patient load VS a limited budget for essential medicines. The needs analysis for essential medicines amounts to UGX 3.801 billion as per FY2025/26.

Human resource Vs Patient load. The hospital has 286 staff in post, representing approximately 23.7% of the approved establishment of 1,206.

a) 250 patients active on ART b) 1,250 Patients Counselled and Tested c) 250 patients accessing medicines and health supplies d) 250 patients accessing psychosocial support e) 5 staff trained f) 50 PREP clients	a) 6,690 patients active on ART b) 4,738 Patients Counselled and Tested c) 6,690 patients accessing medicines and health supplies d) 4,723 patients accessing psychosocial support e) 15 staff trained f) 126 PREP clients	Performance under HIV/ AIDS mainstreaming was achieved through the implementation of point-of-care systems, which enabled real-time data capture. Lost clients were actively followed up through phone calls and home visits. Health education talks were conducted at all entry points to identify clients eligible for HIV testing services. Targeted testing was carried out, complemented by community outreaches to reach biological children of HIV-positive individuals. Weekly data reviews were conducted to ensure accountability for all HIV-positive individuals identified. Capacity was built for health workers on PrEP commodities and on capturing data in the HIV Prevention Tracker.

Quarter 4

Performance highlights for the Quarter

There was an increase in the NTR collection in the FY 24/25 from UGX 969,160,953 to UGX 1,179,273,105. All service points are digitized up to 90%. There was an over performance of 185% of patients in OPD general clinic who received prescribed medicines and 177% of patients received medicines in the specialist clinics. This is attributed to availability of medicines and health workers. Under inpatient, (151%) of cardiovascular patients were treated, (121%) patients treated in Nephrology ward and (175%) surgical admissions. This was attributed to increased awareness; late detection and long-term poor management. Under Diagnostics, the Renal functional tests conducted were 145%, Other laboratory investigations carried out were at 148%. The culture and sensitivity tests conducted were 152%.This was attributed to routine machine maintenance and availability of supplies. The Burns Unit performance was 136% because of increased number of referrals in from other health facilities. We achieved the targets under X-ray (101%) examinations carried out, ultra-sound examination (114%), ECG/ECHO examinations (114%) carried out. No CT scan was carried out because the CT scan broke down awaiting repair. Palliative care (52%), Spirometry examinations (87%), occupational therapy sessions (89%) were affected by the very limited Human Resource in those areas. Support supervision of dialysis satellite centers was carried out including Hoima, Mbale, Lira, and Mbarara RRH and centers were supported with dialysis consumables. The Main laboratory was assessed by SANAS and retained the accreditation status. The outbreak of Ebola affected immunization because outreaches could not be held and limited gatherings prohibiting the trainings from taking place. The Laparoscopic Tower was procured and installed, and this is already boasting the NTR. The Network for the backup system for Eafya was procured and installed. Staff attendance to duty improved because of the use of the Biometric system.

Variances and Challenges

There was a lot of patient congestion in the hospital due to high numbers of patients tuning up for the services. The staffing level was at 35% and as a result, there was a lot of burnout. The CT machine broke down at the beginning of the Quarter which inconvenienced patients and this greatly affected our NTR. The budget for nonwage recurrent was inadequate and this limited our performance in areas like repair of medical equipment and other equipment. Due to the stop work order from USA Gov’t, screening community members for TB stopped and this also affected the performance of HIV services. We could not complete the procurement of land on time because the landlord still had a court case with the previous owners of the health facility (KCCA). This now awaits a court decision before we can conclude this procurement. The land money has been kept on in BOU. Many of the Hospital beds are broken and need to be replaced with new ones but the funding for this was not available. The hospital does not have adequate Accounts staff to participate in the collection of NTR at the moment, we await deployment of accounts staff from MoFPED. The long procurement process and the war from the Middle East delayed the delivery of the staff van and as a result we had to secure the money for the van using a letter of credit. The Hospital is sitting on a very small piece of land and all the available space has been used up. There is need for a deliberate effort to buy land for expansion from neighbors. Wage to enable us recruit is not adequate. We need more wage to bring more staff on board to handle the high numbers. It should also be noted that we tried to use the little wage balance that was available to recruit more staff however the recruitment process could not be completed by the end of the FY. The Hospital had a very small budget for retooling. We could therefore not procure a number of equipment required for efficient service delivery.

Quarter 4

Performance highlights for the Quarter

INPATIENT SERVICES
The hospital attended to:
a) 1,362 GYN emergency admissions
b) 5,172 Deliveries including 2,594 C-Sections
c) 12,137Inpatient Admissions
d) 1,904 Admissions to NICU
e) 1,121 Paediatric Admissions

OUTPATIENT SERVICES
The hospital undertook:
a) 29,585 Outpatients seen
b) 7,820 ANC Mothers attended to
c) 2,128 Family Planning Clients attended to
d) 9,085 Nutrition clinic attendance
f) 659 Physiotherapy patients seen
g) 638 Occupational therapy patients seen
h) 10,893 child Immunizations done
i) 1,979 Tetanus immunizations done

DIAGNOSTICS
The hospital undertook:
a) 151,380 Laboratory tests done
b) 4,594 units of blood transfused
c) 61 CT scans done
d) 388 X-ray images done
e) 3,950 Ultrasound scans done

ADMINISTRATION AND SUPPORT SERVICES
The hospital undertook:
a) Quarter Four Internal Audit Report prepared and submitted to the Internal Auditor General
b) Quarter Four Budget Performance Report prepared
c) Quarter Four Monitoring and Evaluation Report prepared
d) Quarter Four Board and Top Management Report prepared
e) Quarter Four Facilities Maintenance and Management Report prepared
f) Quarter Four Equipment Maintenance and Management Report prepared
g) Quarter Four Procurement Plans and Report prepared
h) Ministerial Policy Statement and Approved Estimates FY26-27 prepared

VOTE: 418 Kawempe National Referral Hospital

Quarter 4

Variances and Challenges

a) Inadequate staffing (47%)
b) High utility bills
c) No space for possible expansion
d) High frequency of equipment and machinery breakdown
e) Ageing Equipment, Plants and Machinery
f) Overwhelming numbers of patients leading to congestion
g) Late & uncoordinated/erratic referrals

VOTE: 418 Kawempe National Referral Hospital

Quarter 4

Performance highlights for the Quarter

SUPPORT SERVICES

Internal Audit Services
One audit report made and submitted as planned during the quarter.

Human Resource management
100% salaries and pension paid on time compared to a target of 100%

Health Information System:
3 Monthly HMIS reports compiled and submitted as planned for during the quarter.
6 Quarterly reports (3 HMIS 106a Quarterly report & 3 HMIS 097b VHT report) compared to a target of 6 Quarterly HMIS reports
Twelve (12) HMIS 033b the weekly epidemiological surveillance reports submitted Compared to a target of 12 HMIS 033b the weekly epidemiological surveillance reports

Hospital Management Services
One Board meeting held held during the quarter as planned.
12 Top management meetings held during the quarter as had been planned.
One Performance Review meeting held as had been planned for during the quarter.

HOSPITAL SERVICES
Diagnostics
857 ultrasounds done compared to the quarterly target of 602
647 X-rays compared to the quarterly target of 544
20,418 laboratory tests done Compared to the target of 13,596

Immunization Services
4,130 children immunized compared to the quarterly target of 2,110

Inpatient services
Admissions were 3,912 compared to the quarterly target of 539
Bed occupancy rate was 110.7% vs the quarterly target of 72%.

Outpatient services
8,024 Specialized Outpatient attendances compared to quarter target of 1,632
45,508 General Outpatient attendances compared to the target of 14,849

Prevention and Treatment services
3,800 total ANC attendances compared to the quarterly target of 1,933

VOTE: 419 Entebbe Regional Referral Hospital

Quarter 4

637 family planning users compared to the set target of 466

HIV SERVICES
4,508 clients were tested compared to the target of 3914
113 newly tested positives compared to the target of 59
100% (113/113) successfully linked to care compared to the target of 100%
11 HIV positive pregnant women identified compared to the target of 15
100% (23/23) HIV positive pregnant women linked to care compared to the target of 100%

Variances and Challenges

Pension Variance - There was some unpent pension because the amount released exceeded the actual payments during the period.

Challenge
There was rushed execution of planned procurements thus more activities occured at the same time in a bid to complete the planned projects.

VOTE: 419 Entebbe Regional Referral Hospital

Quarter 4

Performance highlights for the Quarter

Specialised Inpatient admissions were 4022 against target of 3600 (111.7%) by increased referrals, demand & capacity to manage complex maternal neonatal cases. 98% ICU & NICU survival rate sustained contributing to improved survival of critically ill mothers & neonates. Specialized training for 4staff in dialysis, CME in advanced cardiac resuscitation, neonatal care resuscitation & critical care. Hospital sponsored 2 specialists in maternal fetal medicine & ultrasonography. Neonatology conference in Arusha attended by 6 midwives & One had case presentation of a neonate born with 480gms now living. Hospital mentored NICU nurses & midwives from 11 hospitals in Uganda, support supervision. Mentored 24interns, 10midwives & 14nurses.18Nurses & Midwives & 6 specialists were promoted

Specialised OPD utilization was 46900 specialized visits against target of 46158 (1.6% increase), reinforcing role as national referral center. Women seeking infertility management were 10.8% among specialized OPD attendance. Held Oncology & Uro gynae camps, medical camp in partnership with NMS, staff cervical cancer screening

Radiology had 18175 against target 18419 due to breakdown of machines fluoroscopy, X-ray & CT scans while Lab services were 11219 against 98653. Immunisation got a brand new fridge for vaccines, with 16231 vaccinations against target 15000 (8.21% increase)

Hospital Management & Support included 14Board meetings, 4Senior & 31core mgt meetings held strengthening governance & oversight. Cumulative NTR performance 13.67bn against 13.69bn (99.9% achieved). 4Internal Audit reports & special audit by the Internal Auditor General

Procured furniture, laparoscopic accessories, patient & neonatal monitors, ICT equipment & PACs system. Maintenance of CT scan, oxygen plant, laundry machine, IVF, ICU, NICU, HVAC etc. Part repair of roof top, compound repair, plumbing & electrical system, Generators & automatic changeover system repair

Variances and Challenges

VOTE: 420 Mulago Specialized Women and Neonatal Hospital

Quarter 4

Medicines & Medical Supplies require 2.914bn/= annually for non-NMS supplies against allocation of 1.395bn/= leaving 1.519bn/= shortfall. The funding gap constrain procurement of specialized fertility, imaging & intensive care consumables required for new & high end services as IVF & neonatal care. While 5.455bn/= required annually for NMS supplies against allocation of 2.5bn/= leaving 2.955bn/= shortfall. This led to partial NMS deliveries, recurrent stockouts of essential obstetric, anaesthesia & emergency medicines, while the Hospital hadn’t yet accessed malaria vaccine

Services expanding as Pediatrics require more funding. High demand for the preferred Gold level Package led to limited availability of rooms. Inadequate maintenance funding for diagnostic equipment. Delayed/partial NMS deliveries caused equipment downtime & shortages of essential supplies

Power outages & surges damaged equipment while reliance on generators increased fuel costs & disrupted services. Leaking roof forced transfer of NICU babies into unsuitable space affecting care, space utilisation & causing water damage to equipment & infrastructure

High equipment maintenance costs require 6.8bn/= annually against allocation of 1.31bn/= leaving 5.5bn/= shortfall & limiting timely preventive maintenance & repairs of critical equipment

High utility costs exceed available allocations: water require 1.380bn/= against 0.257bn/=, while electricity require 0.900bn/= against 0.539bn/=. Increased patient numbers & use of advanced medical equipment drive higher consumption, resulting in accumulated arrears. Aged computers and unreliable NITA-U internet connectivity slowed digital services causing delays in clinical work

428 staff against approved structure of 1,078 represent 60.3% gap. Additional staff in priority areas include Paediatrics, NICU, ICU, Labour Ward & OPD as services expand. Staff sought rent accommodation in far places which affected attendance to duty, unable to deliver and abcentism

Key Service Area:320022 Immunisation Services

PIAP Output: 12121301 Increase access to immunization against childhood diseases

Programme Intervention: 121213 Increase access to immunization against childhood diseases

3750 immunizations carried out.	4,602 clients received Immunizations services representing 122.72 % of the target. The Immunization services conducted include; BCG 967, Hep. B 880, Polio 2,226, DPT 1,298, PCV 1,298, IPV 900, Rota 1,298, MR 428, Yellow Fever 295, T.D 1,698, HPV 21,.	The increase in immunisation services was mainly due to more mothers and newborns accessing MSWNH services and seen from the increased deliveries, better integration of immunisation into care, increased caregiver awareness, and improved availability of vaccines.

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 12121204 Dietary diversification promoted		
Programme Intervention: 121212 Promote optimal Maternal, Infant, Young child, Adolescent and Elderly Nutrition Practices		
PIAP Output: 12311201 Access to malaria prevention and treatment services improved		
Programme Intervention: 123112 Reduce the burden of communicable diseases with focus on high burden diseases (Malaria, HIV/AIDS, TB, Neglected Tropical diseases, Hepatitis), epidemic prone diseases across all age groups emphasizing Primary Health Care Approach		
Intermittent presumptive treatment for malaria in pregnancy offered.	Intermittent presumptive treatment for malaria in pregnancy offered to 4,240 clients.	This high number was attributed to routine provision of IPT during ANC visits, availability of medicines, and adherence to recommended malaria prevention guidelines by staff.
PIAP Output: 12311205 Hepatitis Prevention and control strategy implemented		
Programme Intervention: 123112 Reduce the burden of communicable diseases with focus on high burden diseases (Malaria, HIV/AIDS, TB, Neglected Tropical diseases, Hepatitis), epidemic prone diseases across all age groups emphasizing Primary Health Care Approach		
Viral Hepatis B vaccine administered.	Viral Hepatis B vaccine administered to 880 Clients.	The number being relatively low uptake was attributed to client hesitancy, concerns related to comorbidities of clients, limited awareness, and missed opportunities for vaccination among eligible clients.
PIAP Output: 12311301 Centres of excellency in provision of onchology, cardiovascular and trauma services at both National and Regional Levels and foster regional integration established		
Programme Intervention: 123113 Prevent and control Non-Communicable diseases with specific focus on cancer, cardiovascular, genetic, renal, endocrine, mental, trauma and malnutrition across all age groups.		
Women between 25 - 49 screened for cervical cancer,	Pap smear 50 and VIA 53 tests carried out.	The low uptake was partly due to some women having already undergone cervical cancer screening before coming to the hospital.

Quarter 4

Performance highlights for the Quarter

By the end of quarter four, the hospital had received a total of UGX 18.031 bn. Of the funds received 98% was spent on wage while 97.1% of the money released was spent on non-wage recurrent activities.
Below were some of the achievement by the end of quarter four
7,037 X-rays exams were done which was an increase by 3.8% from Financial Year 2024/25, 441,726 laboratory tests done implying an increase of 64% from last financial year , 27,109 inpatient admissions signifying a 20.9% increase from the previous Financial Year , 11,302 Ultra sound examinations done in the Hospital, 162,619 general outpatients seen which is a 16.9% increase from the last financial year and 5,330 blood units transfused, 19,428 children immunized 4 laboratory Quality Management System Review meetings held at the Referral
Hospital. Routine medical equipment maintenance done.
Two internal support supervision and two client satisfaction survey done.
several integrated and specialized community outreaches and 4 support supervision was conducted in lower facilities.
The hospital management board meeting took place, that guide on best hospital leadership. Held Medical and surgical camps.
The hospital continues to implement Electronic medical records management system aimed at going paperless at different point of care.

Variances and Challenges

The hospital was still operating at the staffing level of 19% which has affected timely implementation of some Hospital activities.
The hospital currently serves approximately 450 outpatients/clients daily due to the increasing number of patients from within and outside the catchment area.
Lack of a CT scan led to increased referrals out.
Un stable power which has led to disruption in service delivery for example EMR usage.
Inadequate production of oxygen due to the limited capacity of the oxygen production plant.

Quarter 4

Performance highlights for the Quarter

In diagnostic services, the hospital exceeded the annual blood collection target by collecting 1,269 units of blood against the planned 900 units (141%), while maintaining 100% availability of safe blood and blood products. However, the annual blood collection rate achieved was 56% against the target of 80%. In immunization services, performance was generally satisfactory. The hospital achieved 98% availability of essential medicines, 90% availability of tracer emergency commodities, 81% deworming coverage among children under five, and 78% of static EPI facilities conducting outreaches. Although these remained below the annual target of 100%, they demonstrate substantial progress in service delivery. The hospital achieved and surpassed several curative care targets. Bed occupancy reached 87% against the planned 85%, while 100% of health facilities provided Integrated Management of Acute Malnutrition (IMAM). Diagnostics for Hepatitis were available in 83% of eligible health facilities against a target of 80%, exceeding the annual target. The prevalence of wasting (2% against 10%) and obesity among women (2% against 8%) remained below national thresholds, indicating improved nutrition outcomes. Institutional performance also remained strong. The hospital produced all four quarterly audit reports, paid 99% of staff salaries, 100% of pension and gratuity obligations, developed all statutory planning documents, conducted all four quarterly supervision visits, and executed 89% of the health budget. In addition, 34 health workers were trained against a target of 20, while 210 staff were trained in Electronic Medical Records (EMR) against the planned 150, exceeding annual targets. Climate-resilient infrastructure reached 94% against a target of 100%. Financially, the hospital received 121.1% of the revised budget due to supplementary funding and utilized 88.6% of the approved budget, with an overall absorption of 73.2% of released funds by the end of the financial year

Variances and Challenges

Despite notable achievements, several annual targets were not attained. The blood collection rate reached 56% against the planned 80%, while Measles-Rubella second dose coverage (55%), full immunization coverage (70%), Hepatitis B birth dose coverage (66%), and health workers trained in viral hepatitis management (66%) remained below the annual target of 100%. Nutrition indicators also underperformed. Only 23% of children under five were screened for malnutrition against the target of 100%, while 61 health workers were trained in malnutrition screening compared to the planned 150. In addition, only 14% of OPD clients received nutritional assessment against the planned 100%. Preventive and community health interventions recorded low performance. Only 25% of the planned NTD mass drug administration was implemented, no health workers were oriented on NTD management, and only 6 health workers were trained in disability-friendly service delivery against the target of 90. Handwashing awareness campaigns in rural and refugee settlements were largely not conducted, while Emergency Medical Services trained only 5 cadres against the planned 40. Health information and civil registration indicators also remained below target. Only 39% of hospitals and HC IVs had functional Electronic Medical Record systems. Registration of vital events remained low, with 52% of facility births, 75% of facility deaths, 19% of community deaths and 7% of community births notified and registered. Client satisfaction reached 71% against the target of 80%. Financial performance was constrained by delayed utilization of released funds. Unspent balances resulted from delayed requisitions by departmental users, late invoicing by service providers, and unutilized pension and gratuity allocations due to the absence of eligible beneficiaries. Consequently, the hospital achieved an overall budget absorption rate of 73.2% of released funds despite full budget release.

Quarter 4

Performance highlights for the Quarter

1- The Permanent Mission of Uganda to the United Nations in New York successfully Participated in the ECOSOC Youth Forum from 14- 16, April 2026. Uganda delegation led by Hon.Barugahara the outcome of the president's summary document focused on actions to transform the youth on the road to 2030 a bilateral meeting with the Russian delegation was also held.

2- The Permanent Mission of Uganda to the United Nations in New York successfully Participated in the 59th Session of the United Nations Commission on Population and Development, from 13-17 April 2026 reviewing the implementation of the CPD programme of action at national, regional and international level which considered global demographic trends and policies.

3- The Permanent Mission of Uganda to the United Nations in New York successfully participated in the 11th Multi-stakeholder Forum on Science, Technology and Innovation (STI) for Sustainable Development Goals held from 6th -7th May 2026. Uganda was able to secure commitment from UNDP to provide financial and technical support towards the implementation of STI interventions to accelerate the achievement of the SDGs

4- The Permanent Mission of Uganda to the United Nations in New York negotiated and adopted budgets for Entebbe Regional Service Centre and the UN Peacekeeping Operations respectively. Uganda will receive total of $62.9 million funding for UN Operations to support peace keeping in Somalia and the Regional Service Centre in Entebbe.

5- The Permanent Mission of Uganda to the United Nations in New York Coordinated and supported the election and engagement of Uganda's representatives and positions within United Nations. This was very visible with the appointment of Dr. Brenda Akia for re-election to the Committee on Elimination of all forms of Discrimination Against Women (CEDAW) for the term 2027-2030.

6- The Permanent Mission of Uganda successfully negotiated and closed the bankruptcy case of Artemus and recovered $101,805 for Uganda.

Variances and Challenges

VOTE: 501 Uganda Mission at the United Nations, New York

Quarter 4

1- The Permanent Mission of Uganda to the United Nations in New York continues to face escalating costs of living in New York City increasing all costs relating to having two buildings in this expensive city. As a result the Mission has outstanding bills relating to these properties.

2- The Permanent Mission of Uganda to the United Nations in New York faces a challenge of disgruntled contract staff due to payment of a fixed wage as the MTEF prevents the mandated annual wage increases, causing staff dissatisfaction and a risk of future litigation costs as staff may seek legal action against the Mission.

3- The chancery and official residence require extensive maintenance: recurring repairs to heating, cooling and plumbing systems, and regular expensive upgrades to meet New York State inspection recommendations.

4- The Permanent Mission of Uganda to the United Nations in New York lacks a dedicated utility van, resulting in repeated hire costs; acquiring a van requires funding for the vehicle plus an extra driver (wage & benefits).

5- The Permanent Mission of Uganda to the United Nations in New York also faces a challenge of the growing medical related bills such as health insurance and medical co-pay for staff, as a result it is difficult to estimate the total cost of health related expenditure for a given financial year.

Quarter 4

Performance highlights for the Quarter

Tourism promotion strengthened:
Organised a familiarization (FAM) trip for nine UK-based tour operators and media representatives to Uganda to promote the country's tourism attractions.

Rolled out Explore Uganda promotional branding materials at the Chancery and official events.

Mobilised tour operators to participate in POATE and strengthened partnerships with the Africa Tour and Travel Association.

Conducted tourism engagements and promotional activities targeting the UK and Ireland market.

Diaspora engagement enhanced:
Successfully organised the First Uganda–UK–Ireland Diaspora Convention, bringing together Government institutions, the private sector and over 200 members of the Ugandan diaspora.

Discussed investment, property rights, taxation, citizenship, immigration, skills transfer and business opportunities.

Supported fundraising initiatives for the Uganda Red Cross Society and strengthened partnerships with diaspora organisations.

Representation in international fora:
Participated in technical meetings of the International Maritime Organization (IMO), contributing to discussions on maritime safety, environmental protection and global shipping regulations.

Attended Commonwealth Board of Governors meetings and other Commonwealth engagements to advance Uganda's interests.

Investment and trade promotion:
Facilitated Uganda's participation in a Fresh Produce Exhibition to promote agricultural exports.

Supported the signing of a EUR 192 million UK Export Finance facility for the Enhancing Agricultural Production, Quality and Standards for Market Access Project.

Organised an Energy and Mining Roundtable at the UK House of Lords and an Investment Conference attended by over 120 participants, generating interest from international investors.

Commissioned market research to support promotion of Ugandan coffee in the UK market.

Variances and Challenges

VOTE: 502 Uganda High Commission in the United Kingdom

Quarter 4

1. Limited budget allocations constrained the Mission's ability to fully implement all planned and emerging priority activities.

2. Rising operational costs, including utilities, transport, and service delivery expenses, increased pressure on available resources.

3. Unplanned official engagements and emerging priorities required additional expenditure beyond the approved work plan, stretching the Mission's budget.

4. Delays in the release of funds affected the timely implementation of some planned activities.

5. Foreign exchange fluctuations increased the cost of operations, given that the Mission expenditures are incurred in foreign currency while budget allocations are approved in Uganda Shillings.

Quarter 4

Performance highlights for the Quarter

Branded and launched Destination Uganda tourism Bus to capture the eyes of more than one million Canadians and visitors in order to attract them to visit Uganda.
Showcased the Rwenzori Marathon during the Ottawa Run and Fitness Expo and participated in Ottawa Marathon to create more awareness to the Rwenzori Marathon and Uganda destination as a whole.
Sourced, engaged and have a draft agreement with a licenced trader in alcohol, willing to distribute Uganda Waragi in Canada and the North America.
We have established partnerships with CTV Television, The Hilltimes Newspaper, Imagine Uganda Canada, The Diplomat Magazine to publicise Uganda's tourism potential to over 10 million Canadian viewers and also feature the High Commission's tourism and trade activities to increase Uganda’s visibility.
Completed the construction of the Official Residence at 235 Mariposa Avenue in Ottawa.
Co-organised the Matryrs Day celebrations in Ottawa attracting more than 5,000 Ugandans in Canada, showcasing religious tourism through pilgrimage through the media attention attracted.

Variances and Challenges

From the market survey carried out, high transport costs limits importation and thus inability to satisfy market for Uganda products which is huge.
Stringent standards and trade restriction from the Canadian government discourage the would be importers of Ugandan products to the Canadian market.
Staffing level is low for the Mission.
Branding materials not easily sourced from local market and high transportation and taxation costs sourcing them from Uganda
Follow up mechanisms with complimenting institutions in Uganda to close off deals is hard.
Negative publicity from some Ugandans who claim asylum in Canada.
Some discussions are held informally, making follow up hard.
Political divisions among the Uganda diaspora in Canada, results into general mistrust of government programs. This constrains uniting efforts

Quarter 4

Performance highlights for the Quarter

Tourism arrivals to Uganda from area of accreditation arose from 42,000 to 52,946.
Attracted two major hosted buyers (Thomas Cook and Trav Green) to participate in the Pearl of Africa Tourism Expo (POATE) held in May 2026.
Secured pre-financing from the Mohan Mutha Group in Chennai for the proposed Nile Port development in Jinja following the joint engagement.
Organized a multi-city Trade and Business Opportunity Roadshow in India (Ahmedabad, Mumbai, Chennai) generating 533 total business leads.
Partnered with US50Bn Jindal Steel and Power to explore investment in Uganda's mineral sector.
30 Government Scholarships were sourced.
200 Private Scholarships were sourced.
100 ITEC India Technical and Education Cooperation were sourced.

Variances and Challenges

Despite successfully attracting key hosted buyers to the Pearl of Africa Tourism Expo (POATE), a subsequent Ebola outbreak reversed the expected tourism gains.
Certain trade and investment negotiations are multi-year initiatives, preventing some planned deliverables from being fully realized within a single quarter or year.
Although suitable land, property, and consultants were identified, the Mission was unable to formally commit or proceed due to pending Ministry approvals and funding.

Profiling Markets, Profiling Products	The Market Survey was done and Shared. Uganda's Export Diversification India, The data from International Trade Centre(product diversification toll) indicates that Uganda has potential to diversify its exports to India in products such as crude palm oil, diammonium phosphate, and cloves, which exhibit strong demand prospects in the Indian market. Additionally, products such as cashew nuts (in shell) are identified as relatively "closer" to Uganda's existing export capabilities, suggesting lower barriers to entry and ease of expansion. Among these, crude palm oil emerges as a product with particularly strong demand potential in India, indicating opportunities for scaling exports subject to competitiveness Organized a joint meeting between Uganda Investment Authority, Uganda Chamber of Energy and Mines, Private Sector Foundation, and Ministry of Finance with the consultant for Africa from Jindal, Steel and Power, US$50bn worth establishment, to invest in Uganda's mineral sector	No Variation
Participate in Business Promotional Events	Organised a multi-city India-Uganda Trade and Business Opportunity Roadshow in conjunction with CII in Ahmedabad; Mumbai and Chennai from 13th to 17 April 2026. Key stakeholders that participated from Uganda included: MAAIF; MoFPED, MoFA; MTIC; UIA; PSFU; and Uganda Chamber of Energy and Minerals. Acquired 106 in Ahmedabad; 354 in Mumbai and 73 in Chennai leads. Conversion of the same is ongoing through on-going discussions between the Uganda stakeholders and Indian counterparts.	Negations are still ongoing and the fact is, some activities are malt-year hence cannot be achieved with in quarter or a year

VOTE: 505 Uganda High Commission in Kenya, Nairobi

Quarter 4

Performance highlights for the Quarter

The Mission coordinated and participated in the state and official visits of the President to Kenya.
• The Mission attended POATE in Uganda
• The mission had trainings on the preparation of the Standard service delivery, the use of the Integrated Foreign Affairs system (IFAS)
• Attended World Urban Forum in Baku
• Attended and participated in UNEP and UN HABITANT meetings for resources mobilization.
• Restored Uganda house
• Organized the activation of Rwenzori marathon during the tusker lite marathon.
• Participated in Africa day commemoration at the Egyptian Embassy.
• Attended the cultural day in Mombasa.
• Participated in 11th oil and Gas convention
• Held diaspora engagement to mobilize and encourage them to invest home
• Provided protocol services to entitled persons.
• Renewed and issued national IDs for Ugandans living in Kenya

Variances and Challenges

Lack Substantive Head of Mission deters representation
• Unplanned activities which were not budgeted for but the Mission has to perform
• Static budget on Governance and Security which caters for the fixed costs of the Mission.
• Rising cost of living in Nairobi which is not catered for in the budget.
• Small and dilapidated Chancery which is not fit for purpose.
• Protests in Nairobi (Mandamanos) which creates unfavorable working conditions in Nairobi

Performance highlights for the Quarter

Organised 01 tourism expo in Tanzania. Key outcomes included business linkages between Tour operators and industry player. 2 MoUs signed between Uganda Tourism Association and Tanzania Association of Tour Operators and Zanzibar Association of Tour Operators.

Identified markets for 02 Ugandan products in Tanzania namely; cosmetics and agro-processed goods.

Mobilised $0.25 million worth of bilateral and multilateral resources.

Held 02 meetings with Dychem Ltd and Incredible Holidays Ltd from Mauritius and the Pan Africa Tourism Board meeting to link potential business enterprises with Ugandan businesses.

Coordinated a meeting on Transportation and Tariff Agreement (TTA) to undertake Joint Feasibility studies on development of a Gas Pipeline between URT and the Republic of Uganda.

Organized a business meeting with Tanzania Petrochemical Energy Company to discuss opportunities in the upstream oil and gas industry.

Organised 01 Private Sector Symposia on Oil and Gas on the sidelines of the 11th Oil and Gas Convention.

Facilitated a familiarization tour of 09 Tanzania companies to get first-hand the progress and opportunities in the oil and gas industry in the Albertine Region.

Participated in the Pearl of Africa Tourism Exhibition in Kampala. 10 companies from Tanzania tourism industry enabled to attend and engage with counterparts.

Organized 01 Diaspora Convention in Malawi where Ugandans registered for National Identity cards.

Participated in the groundbreaking ceremony for the Zambi Petrochemical Energy Company Refinery in Ndola.

Mobilized 70 Ugandans in the diaspora to invest in bonds and securities.

Issued 18 Certificates of identity.

Issued 02 letters of recommendation for acquisition and renewal of passports.

Renewed/registered 108 National IDs.

Construction of the Chancery building in Dodoma ongoing with 60% progress on implementation of the planned schedule of work.

Procured the Representation Car for Uganda’s Consul General in Arusha.

VOTE: 506 Uganda High Commission in Tanzania, Dar es Salaam

Quarter 4

Variances and Challenges

VARIANCES

• By the end of the quarter, the Contractor had not submitted Interim Payment Certificate No. 5 for payment.

CHALLENGES

• Post-election violence in the United Republic of Tanzania, and the Ebola outbreak in Uganda affected implementation of some planned activities.

• Inadequate physical, financial and human resources to cover seven countries of accreditation, two Regional Organizations and the Consulate in Arusha.

• Increasing Tariff and Non-Tariff barriers against Ugandan exports within URT and countries of accreditation.

• Difficulty in mobilizing the Ugandans in diaspora, many of whom prefer to remain private.

• High expectation from distressed Ugandans in countries of accreditation who request for facilitation from the Mission to return to Uganda.

VOTE: 506 Uganda High Commission in Tanzania, Dar es Salaam

Performance highlights for the Quarter

-The Mission together with the Parliamentary Committee on National Economy delegation from Kampala undertook a benchmarking visit to Ondo state on Palm Oil growing and Management best practices 16th-18th April 2026.The delegation met with the Commissioner of Agriculture and Director responsible for Palm Oil in Ondo State the potential of having Ugandans trained at the Palm Oil Research Institute in Akure was discussed to support the Government efforts in increasing Palm Oil production in Uganda as well as technological transfer. Furthermore, a field tour to Palm Oil plantation in Ijebu-Owo was undertaken were the delegation was taken through Palm Oil tree management from nursery beds to palm trees. In addition, a visit to a Palm Oil and Palm Kernel Oil Miller to study the Machinery and how such can be introduced in Uganda.
-The Charge de Affairs together with the Minister Counsellor held a meeting with Mr Tony Eumelu, founder of UBA Bank and Tony Elumelu Foundation in April 2026, Lagos in relation to the Uganda-Nigeria JPC and other areas of bilateral cooperation. A mutual cooperation was formed with the Mission;confimed participation in the Uganda-Nigeria JPC sheduled for June 2026.
-The Mission participated in the 11th Annual Oil & Gas convention in April 2026 in Kampala. Baywood Group of Companies, an Oil and Gas company engaged by the Mission expressed interest in investing in the Sector and participated in the Convention. Engagements are ongoing.
-The Mission held meetings with the relevant Authorities in Countries of accreditation i.e. Senegal and Liberia with the view of having discussions on the following i.e. establishment of JPCs, discussions on Bilateral Air Service Agreements between Senegal & Uganda, meetings with the Chambers of Commerce and Diaspora. Engagements with diaspora in those countries were held and bilateral partnerships established.
-The CDA a.i participated in the World Economic Forum meetings attended by the Permanent Secretary in Ghana.

Variances and Challenges

-Large geographical coverage with multiple accreditation ie 15 countries of accreditation hinders the Mission ability to deliver its mandate.
-Limited staffing at the Mission given the wide geographical coverage ECD implementation efforts.
-Lack of a developmental budget for furnishing/equipping New Chancery and residential blocks.
-Poor interagency coordination between MDAs, private sector which hinders ECD Efforts for example delayed feedback on investor queries and requests for information.
- Governance and operational challenges in key sectors such as aviation. Uganda Airline flights to Abuja reduced and eventually stopped making its promotion difficult.
-Inefficiencies in supply chains in Uganda. This weakened trust and business cooperation and in turn made it hard to secure investment opportunities. Case in point, the supply of powdered milk to the Nigerian market where the Country failed to meet the required quantity.
-Limited /non participation of Ugandan private sector companies at international trade exhibitions limited opportunities for direct Business-to-Business (B2B) engagements, immediate commercial negotiations and response to inquiries & queries on products.

Quarter 4

Performance highlights for the Quarter

1. Mobilized and facilitated participation of eight Southern African Destination Management Companies (DMCs) in POATE 2026 and a familiarization tour of Uganda's tourism attractions, leading to the development of new Uganda tourism packages.

2. Participated in the World Travel Market (WTM) Africa and World Travel Indaba, promoting Destination Uganda and engaging investors in tourism infrastructure, hospitality and luxury transport.

3. Conducted Rwenzori Marathon activation campaigns in Pretoria and promoted Uganda's sports tourism during the Two Oceans and Comrades Marathons.

4. Coordinated a non-deal roadshow with South African financial institutions to mobilize financing for Uganda's Standard Gauge Railway (SGR) project.

5. Participated in the 11th Uganda Oil and Gas Convention, promoting investment opportunities in Uganda's oil, gas and renewable energy sectors.

6. Participated in the Government Performance Review Conference to assess implementation of Government priorities and the Ten-Fold Growth Strategy.

7. Coordinated protocol support for several high-level Ugandan delegations and strengthened bilateral engagements across countries of accreditation.

8. Enhanced consular service delivery by conducting National ID and passport enrolment across Southern Africa, supporting Ugandans affected by anti-migrant violence in South Africa, undertaking prison visits, repatriating vulnerable nationals and human remains, and processing over 2,000 visas and numerous travel and citizenship documents during the quarter.

9. Held diaspora engagements in Botswana, Durban and Cape Town to address immigration challenges and mobilize Ugandans for national development.

Variances and Challenges

1. The anti-migrant violence in South Africa continues to pose a significant security risk to Ugandans. This has led to an increasing number of requests for repatriation assistance yet the Mission lacks a dedicated budget to respond effectively to these emergencies.

2. Ebola outbreak and travel advisories negatively affected tourism promotion efforts, with the Ebola outbreak in the DRC and exported cases to Uganda, together with the U.S. Level 4 travel advisory, leading to reduced participation in the Rwenzori Marathon promotional campaign.

3. The Official Residence continues to deteriorate, resulting in frequent and costly repairs and maintenance. Comprehensive renovation is required to reduce recurring maintenance costs.

Host 4 top South African athletes for the Rwenzori Marathon Conduct familiarisation tours of major Ugandan attractions, including gorilla tracking Produce professional photography and video content Secure media coverage in South African sports and	Rwenzori marathon activation run in Pretoria, South Africa on 12th June 2026 to promote Uganda's sports tourism, especially the annual Rwenzori marathon run. The activation run was to popularize the August 22nd 2026 event in Kasese for South African marathon and athletic enthusiasts to consider participating in. The Mission also participated in 2 most famous Southern African marathons, namely: The Two-Oceans Marathon in cape Town in April 2026, and the Comrades Marathon in Durban, South Africa, in June 2026. The Mission, working with the organizers of the Rwenzori marathon, set up exhibition stalls at these facilities that attracted hundreds of interested participants from across the region. Organise 4 roadshows (3 in South Africa, 1 in Namibia) Invite and host 15 top tour and travel agents from each location Facilitate B2B meetings between Ugandan and Southern African operators Showcase Ugandan cultural performances and cuisine	The Mission organized a pre-POATE 2026 tourism roadshow and hosted eight Destination Management Companies (DMCs) from South Africa, Namibia, Botswana, and Zimbabwe. The hosted buyers undertook familiarization visits to Kibale and Bwindi Impenetrable National Parks to experience Uganda's tourism products and identify opportunities for tour packaging. The roadshow facilitated business linkages between the hosted buyers and Ugandan tour operators, promoting joint destination marketing and future collaborations. By July 2026, four of the participating DMCs had already introduced Uganda tour packages, while the remaining four were finalizing theirs. The exercise also highlighted key challenges affecting Uganda's tourism competitiveness, including high destination costs, inadequate tourism facilities, and poor access roads, requiring follow-up with relevant stakeholders.	No variation
-Create digital assets for social media and online promotion -Develop and Produce Quarterly Magazines	Updated social media and online platforms for continuous promotion Prepared the Quarterly Magazine for publication in the Annual Magazine	No variation
Host a Southern African tour operator familiarization trip. Organize media and influencer familiarization trip Showcase key tourism circuits including wildlife, adventure and cultural experiences. Facilitate meetings with Ugandan tourism stakeholder.	Mobilized and secured full sponsorship for the participation of eight key Destination Management Companies (DMCs) from South Africa, Namibia, Botswana, and Zimbabwe in a familiarisation trip to Uganda and a tourism roadshow held in May 2026. The DMC representatives visited key tourism attractions, including Kibale and Bwindi Impenetrable National Parks, where they experienced chimpanzee and gorilla trekking to assess Uganda's tourism products and develop new travel packages for both outbound African tourists and international visitors. The engagements also facilitated business to business discussions between the hosted buyers and Ugandan tour operators, fostering partnerships in joint destination marketing, package development, and exchange visits.	No variation

Key Service Area:460056 Consulars services

PIAP Output: 16712202 Ugandans and Foreigners provided with consular services

Programme Intervention: 167122 Provide diplomatic, protocol and consular services both at home and abroad

25 certificates of identity issued to Ugandans with emergency travels	Issued 240 Certificates of Identity to Ugandan nationals to facilitate emergency travel.	Issuance is demand driven
25 Ugandans in distress supported to return home	Facilitated the return of 36 Ugandan nationals in distress through the issuance of gratis Certificates of Identity.	The service is demand driven
2 Prison visits undertaken	Undertook 2 prison visits to Ugandan nationals incarcerated in South Africa (April and June 2026) and Botswana (Francistown, April 2026) to provide consular assistance and assess their welfare. The visits facilitated verification of nationality, engagement with prison authorities and legal representatives to safeguard prisoners' rights, communication with families in Uganda, and support for eligible prisoners seeking repatriation after prolonged detention. The Mission also provided modest financial and material assistance to vulnerable inmates, while facilitating the repatriation of a mentally ill Ugandan national from Botswana to Uganda.	The variation was on account of increased incidents of xenophobia, which necessitated additional consular interventions and welfare support for affected Ugandan nationals.
375 Passports processed and issued during the year	Processed 97 and issued 257 passports, enhancing access to passport services for Ugandan nationals.	This service is based on the demand
125 National ID applications captured	227 National ID applications captured	There was increased demand for the National IDs by the Ugandan Nationals
10 Dual citizenship confirmation and renunciation letters issued	Issued 10 dual citizenship confirmation and renunciation letters to eligible applicants.	No variation
1 Consular outreach mission undertaken	1 Consular outreach mission undertaken in South Africa and areas of accreditation	No variation

Quarter 4

Performance highlights for the Quarter

Participated in the Tusker Lite Rwenzori Marathon 2025 and mobilized participants and tourists from Rwanda to visit Uganda in August 2025

Organized a FAM trip of members of the Rotary Club of Kigali Virunga to visit Queen Elizabeth National Park and other tourist sites in Kasese district in August 2025. Established partnership with the Rotary Club of Kigali Virunga to promote Tourism between Uganda and Rwanda

Collaborated with NSSF Uganda and organized a diaspora conference for Ugandans living in Rwanda to sensitize members of the diaspora on the various investments and saving opportunities in NSSF Uganda in September 2025. Enabled Ugandans in the diaspora to sign up for the voluntary saving scheme NSSF Smartlife application.

Participated in the Kwiti Izina 2025 tourism and wildlife conservation festival in Musanze district, Rwanda and established partnerships with tourism and wildlife conservation agencies in Rwanda specifically in Gorilla tourism and conservation in the Greater Virunga Transboundary Cooperation area.

Consular Visits to Rwandan Correctional Facilities and Rwanda Investigation Bureau (RIB) Stations were organized i.e. 2 prison visits and 05 for RIB Stations

Facilitated and Coordinated continuous National ID registration for Ugandans living and working in Rwanda by mission staff

Coordinated and facilitated a team of pilgrims from Uganda to Kibeho Rwanda for pilgrimage i.e. Old Kampala Catholic Parish and two teams from Kasese Cathedral Parish and Nyakahya Catholic Parish

Provided protocol services to the eight visiting Ugandan delegations

Coordinated and participated in the Regional meeting (EAC) for the development of a regional member states owned communication satellite under the Northern Corridor Integration Project

Participated in a diplomatic briefing held at the Ministry of Foreign Affairs and International Cooperation on 4th February 2026 for the Diplomatic Corps by Hon. Olivier J.P. Nduhungire

Variances and Challenges

VOTE: 509 Uganda High Commission in Rwanda, Kigali

Quarter 4

Persistent increase in rental costs. The Mission incurs high rental costs due to renting the Official Residence for the Ambassador and for other five diplomats. In FY 2025/26, 18.46% of the total budget was expensed on rent. The acquisition of Official residence will go a long way to reduce this burden. The estimated outright purchase is estimated Ugx 5.5 Billion

Inadequate FSA. Kigali Mission is categorized as Group B and this was the basis for setting its FSA. This has been in force for over 10 years and yet the cost of living has been consistently increasing. The monthly consumer price index (CPI) as issued by National institute of statistics of Rwanda has shown increase in CPI over the years. FSOs are constrained by the applicable service rates which negatively affects their livelihood. The Ministry should reconsider reclassifying Kigali Mission and thus revise applicable FSA rates to reflect the current cost of living

Old utility vehicles. Kigali Mission receives a big number of VIPs every year. There are two utility vehicles that have been recommended for board off because their maintenance costs have been increasing over the years because they are over 10 years old. An additional new utility vehicle would be useful to remedy this challenge. The estimated cost is Ugx: 400 Million

Lack of medical insurance for medical staff. In Rwanda if an individual has no medical insurance and is an outpatient, they are required to make a down payment of RWF 100,000 equivalent to Ugx 266,000 before they can receive treatment and RWF 200,000 equivalent Ugx: 532,000 if they are going to be inpatient. This is called cautio or caution fee to protect the hospitals. This has made it difficult for the local staff to receive treatment whenever there is need. The amount required to relieve the staff of this burden is Ugx:55 Million

VOTE: 510 Uganda Embassy in the United States, Washington

Quarter 4

Performance highlights for the Quarter

1. Organized the second World bank Uganda-United States investment Forum on April 13, 2026 which was attended by over 40 companies interested in investment in energy, mining, agriculture, health and technologies. The meeting generated investment leads of approximately US$100M that are being followed up
2. Facilitated and participated in the negotiations with the Bretton Woods institutions (World Bank and IMF) from April 13th – 18th, 2026 that resulted in commitments of development assistance to Uganda in various sectors of approximately USD2Billions from World Bank and IMF USD1Billion
3. Linked over 25 Ugandan exporters to their counterparts in the United States and Trinidad and Tobago by providing them platforms to engage including booth spaces at six different events initiated and held by the Mission.
4. Facilitated a Brazilian business delegation’s visit to Uganda to explore investment opportunities in the Oil and Gas sector by participating in the 11th Oil and Gas Convention (27th – 29th April 2026).
5. Conducted two market intelligence surveys in the United States for Ugandan shea butter and cocoa and identified potential market of over USD2M for Ugandan Shea butter and USD45M for Ugandan cocoa
6. Linked over 15 Ugandan tour operators to their counterparts in the United States through a Tourism Roadshow that was organized and attended by 40 American tour companies, in San Francisco in California on 23rd July 2026
7. Mobilized and facilitated the donation of four (04) neonatal/infant incubators each valued at over USD27,000 (before transport and charges) to three government health facilities namely; Jinja Hospital (one incubator), Bweyale Health Centre IV (02 incubators) and Aduku Health Centre IV (01 incubator).
8. Mobilized over 130 Ugandans working in the IMF and World Bank at a networking dinner hosted at the official residence, to invest in various sectors in Uganda especially government bonds

Variances and Challenges

• Low human resources (only 07 diplomats) relative to the large area of accreditation of 12 countries located on two different continents (North and South America), with a geographical area equivalent to approximately three-quarters of Africa, with roughly 12 distinct time zones, ranging from UTC-10 in Hawaii to UTC-2 in eastern Brazil, as well as a combined population of over 900M and a combined GDP of over USD35 Trillions.
• Ever evolving policies of the host government such tariffs, travel advisories and punitive trade measures (including termination of Uganda’s AGOA eligibility), result in constant changes to strategies which is time consuming
• Price escalations for services and goods needed by the Embassy to execute its mandate leads to distortion of the work plans
• Limited coordination and delayed feedback from MDAs on Mission’s communications lead to abeyance of investor and export leads

Performance highlights for the Quarter

Prepared investor profiles to identify suitable investment and partnership opportunities for Uganda and undertook a market intelligence survey to assess demand for Ugandan products in the countries of accreditation. Organised and participated in an investment promotion forum showcasing Uganda's agricultural products, while facilitating an investment delegation to Uganda to explore business opportunities.

Strengthened tourism promotion by engaging five tour operators, participating in two major tourism exhibitions, and holding engagements to organise a familiarisation tour highlighting Uganda's unique tourism experiences, including the Ankole cultural heritage. Discussions were also initiated with Hon. Mustafa El-Gandy on introducing boat cruise tourism on Lake Victoria.

Promoted bilateral cooperation through meetings on Science, Technology and Innovation and by organising one Joint Permanent Commission (JPC) meeting. The Mission also participated in three high-level diplomatic events, including the State Visit during which H.E. Abdel Fattah El-Sisi, President of the Arab Republic of Egypt, was honoured by H.E. Yoweri Kaguta Museveni, President of the Republic of Uganda, in May 2026, further strengthening bilateral relations.

Facilitated engagements between Sensor Tec, represented by Eng. Bassem Khalil and Dr. Salley Atef, and Uganda's security leadership to explore potential collaboration in security technologies and solutions.

Promoted investment in the extractive sector by facilitating a familiarisation visit for potential investors and participating in a capacity-building initiative to showcase Uganda's mineral and petroleum investment opportunities.

Strengthened internal governance by holding a Management and Finance Committee meeting to review the Mission's operations and financial performance, and conducted two Annual Economic and Commercial Diplomacy (ECD) retreats to assess performance and set strategic priorities for FY 2026/27.

Variances and Challenges

VOTE: 511 Uganda Embassy in Egypt, Cairo

Quarter 4

1. Inadequate Transport for Official Guests

The Embassy has faced challenges transporting official guests attending conferences and meetings, including airport transfers and movement between venues. To address this, the Embassy has been allocated funds in FY 2026/27 to procure a utility van, which will improve the efficiency and coordination of official guest transportation.

2. Budget Allocation Visibility

Budget allocations were initially spread across different budget lines, making it difficult to clearly identify funding for Economic and Commercial Diplomacy (ECD) and Governance activities. This issue was resolved during the Budget Team's hands-on training at the Embassy, where the budget structure was clarified and the allocations were appropriately aligned for FY 2026/27.

3. Inadequate Funding for Asset Replacement

Limited funding has constrained the Embassy's ability to replace aging furniture, ICT equipment, and security scanner equipment, much of which has been in use for over five years.

4. Deteriorating Embassy Infrastructure

The Embassy premises are in a deteriorating state and require urgent renovation. A well maintained and appropriately branded Embassy is essential for projecting Uganda's image and creating a conducive environment for attracting investors and promoting economic and commercial diplomacy.

Multilateral resource mobilization engagements for national development coordinated and participated in.	Multilateral resource mobilization engagements for national development coordinated and participated in. The Embassy did coordinate the visit of H.E the President of Uganda in August 2025. the two presidents were able to adress investment forum and encourage the investors to go and invest in Uganda which has great different opportunities that they can take advantage of. The President of Uganda equally invited the President of Arab Republic of Egypt H.E Sisi and he honored the invitation in May, 2026. as result of the 2 Heads of State exchange Visits, there has been an increase of potential investors wanting to go to Uganda asking for visas, as visa is on line, the embassy can not confirm how many have gone to Uganda.

Quarter 4

Performance highlights for the Quarter

Participation in the 39th Ordinary Session of the AU with Uganda's delegation headed by the H.E the Vice President.

Facilitated Repatriation of distressed Ugandans and prisoners

Uganda's Ranchers Finest Ltd dispatched the country’s first consignment of processed beef to the Diamond
Hotel and Restaurant Group in Ethiopia.

Facilitated a group of ten (10) Ethiopians including Tour operators, media personalities, writers and social media influencers to a successful Pearl of African Tourism Expo at Munyonyo, from 21-23 May and thereafter to Familiarization trip to some of the biggest tourist sites of the Pearl of Africa including the Kasubi Tombs which is a UNESCO Heritage site, the Namugongo Uganda Martyrs shrine, the Source of the River Nile at Jinja, Ziwa Rhino Sanctuary, Murchison Falls National Park, Kibale National Park, Bwindi Impenetrable forest for the chimpanzee tracking, Lake Mburo National Park, Africa Coffee Park in Ntungamo and Tourist sites around Entebbe Municipality. This was widely publicized on Ethiopia media platforms and it has led to many engagements of potential partnerships from different stakeholders in our areas of accreditation.

Promoted a number of Ugandan Agricultural and Tourism Products at different fora in our areas of accreditation. For example Matooke, Pineapple, fresh peas, avocado, coffee, Uganda Waragi and the Big five under the tourism sector among others.
Facilitated with protocol services a number of Ugandan VIPS on official engagements in Addis Ababa and Airport Transits

Uganda was voted to Chair the Peace and Security Council for the 3rd consecutive 2year-term

Facilitated high level engagements of the Board and Top Management of Uganda Investment Authority to Ethiopia with Ethiopian Investment Authority, Ethiopian Industrial Parks Development Cooperation, the Ethiopian Chamber of Commerce, and Bole-Lemi Industrial Park in efforts to forge Investment Partnerships in line with the ATMS development strategy

Variances and Challenges

VOTE: 512 Uganda Embassy in Ethiopia, Addis Ababa

Quarter 4

Restrictive trade policies of the host government still affecting our ECD penetration
Delays in Release of funds
Delayed payment of Compulsory AU Regular budget subscription fees leading to embarrassing cautions
Rising number of distressed Ugandans arriving in Ethiopia through Kenya and drug traffickers influenced by Drug cartels present in Uganda

Ugandans including 09 females and 07 males remain incarcerated mainly on the common charge of drug trafficking. Majority of the Ugandan convicts have confessed to be victims of Nigerian drug cartels that are active in Uganda, Ethiopia and other drug destination countries.

Limited Human Personnel given the Multilateral nature of the Mission

High cost of Living in Addis Ababa that necessitates upgrade of Mission Addis Ababa to grade A mission. Staff are grappling with lack of motivation

Limited Resource Envelope which hinders optimal delivery of our mandate

Tight restrictive trade and fiscal policies of the Host that discourage open trade and investment since the host majorly operates a closed economy which hinders market penetration and trade opportunities

Immigration challenges for Ugandan ordinary passport holders coming into Ethiopia

VOTE: 512 Uganda Embassy in Ethiopia, Addis Ababa

Quarter 4

Performance highlights for the Quarter

TOURISM PROMOTION

(i) The Embassy's Social Media WeChat account is regularly updated and currently boasts of 3,874 followers, a strong and growing community that reflects increasing engagement with our initiatives, events, and services. This growing number of followers represents increased visibility of Uganda to Chinese audience.

(ii) A documentary was produced on Uganda-China Coffee Investment and Destination Tour 2026 which significantly boosted Uganda tourism profiles in China. The documentary moves beyond famous landmarks (like the source of the Nile) to showcase Ugandan daily life, cuisine, music, and community interactions. This provides Chinese audiences with an authentic, unfiltered look at Ugandan society—countering stereotypes and fostering genuine cross-cultural appreciation.

(iii) China Travel Service Group issued a Uganda Tourism edition in their traveler magazine focused on key tourism and cultural sites and have since shared with Chinese market in a bid to raise publicity about Uganda.

(iv) A memorandum of understanding was signed between Uganda and Xihu district Tourism Bureau to formalize cooperation framework in tourism cultural exchange and business collaboration.

STRATEGIC TRADE AND INVESTMENT ENGAGEMENTS

(i) Volcafe China Ltd procured 5,102 Arabica, 5,896 Robusta, 10,998 bags in total from Uganda.

(ii) Guangdong Elgon coffee company Ltd has opened a factory in Buloba valued at USD 100 million, they start operating in course of 2026

HUMAN CAPITAL COOPERATION ASSISTANCE

(i) 131 Ugandan students from Uganda Martyrs University and Mountains of the Moon University trained in the Huawei ICT Global Competition, in Shenzhen.

CONSULAR SERVICES

(i) Made a consular visit to attend Ugandans in Shanghai Male and Female Prison

(ii) Assisted 5 Ugandans to return after detention

(iii) Facilitated 6 Ugandans, who had lost or expired passports, with temporary travel documents

(iv) Facilitated the processing of 10,728 visas; generating 546,700 USD In NTR.

Variances and Challenges

The Embassy continues to face the following challenges;-

(i) Inadequate volume, quality, and range of products to market including lack of detailed export product profiles or information

(ii) Chinese calendar hinders performance within specific quarters in the year due to the closure of government offices

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Programme:05 Tourism Development		
Vote Function:01 Overseas Mission Services		
Departments		
Department:001 Embassy in Beijing, China		
Key Service Area:120009 Tourism Promotion		
PIAP Output: 05111101 Destination Uganda promoted in key source markets		
Programme Intervention: 051111 Market and promote Uganda's tourist attractions in domestic and key source markets (America, Europe, Africa, China, Japan and Asia)		
04 Tourism exhibitions participated in.	Participated in 04 tourism Expos to show case and promote Uganda as a must-visit destination for the Chinese market. The events included; 1. The 2026 Henan Cultural and Tourism Industry Expo (CTIE), which took place in Sanmenxia city, Henan province, from 19th to 24th may 2026. 2. International travel expo (ITE), Hong Kong, 11th -14th June 2026. As a first-time attendee, Uganda successfully introduced its brand to the Hong Kong outbound tourism market, which was previously untapped for them. This lays the foundational "brand awareness" needed to compete in Asia. 3. The Beijing International Tourism and culture Consumption Expo held 5th -7th June 2026. Leaders from the Ministry of Culture and Tourism and Beijing Municipal Bureau of Culture and Tourism paid a special visit to Uganda's pavilion, fully recognizing Uganda's integrated development model of "ecotourism + specialty consumer goods". 4. ITB Shanghai international travel trade show, 26th-28th May 2026	No variation.

PIAP Output: 05111101 Destination Uganda promoted in key source markets		
Programme Intervention: 051111 Market and promote Uganda's tourist attractions in domestic and key source markets (America, Europe, Africa, China, Japan and Asia)		
01 Tourism familiarization tour for major tourist companies from China to Uganda organized.	Together with Uganda Consulate in Guangzhou, the Mission organized the Uganda-China Coffee Investment and Destination Tour 2026 in collaboration with the Ministry of Agriculture, Animal Industry and Fisheries, Uganda Tourism Board, and other stakeholders. The tour took place from 12th to 23rd April 2026, during which A documentary was produced which significantly boosted Uganda tourism profiles in China. The documentary moves beyond famous landmarks (like the source of the Nile) to showcase Ugandan daily life, cuisine, music, and community interactions. This provides Chinese audiences with an authentic, unfiltered look at Ugandan society—countering stereotypes and fostering genuine cross-cultural appreciation.	No variation.
04 social active media accounts maintained to Scale up digital and online marketing and presence of Uganda's tourist products	Maintained 04 active social media accounts (WeChat, Twitter, Weibo, and Red Note) to scale up digital and online marketing and presence of Uganda's tourism products.	No variation.
01 Verified Wechat Channel created and updated regularly by a professional media company, with information promoting Uganda as a preferred destination.	Maintained a verified WeChat Account running Uganda promotional activities, with increase in viewership on live streams at 15,000 and current following at 3,874.	No variation

Value of bilateral and multilateral resources ($Million)	Value	200	214

VOTE: 514 Uganda Embassy in Switzerland, Geneva

Quarter 4

Performance highlights for the Quarter

1. Increased engagements on the roadmap to Uganda's graduation from Least Developed Countries (LDCs)
2. Increased multilateral engagements that feed into the ECD agenda e.g Enhanced Integrated Framework (EIF)
1. Following an initial meeting with Dr. Sebastian Opitz on 29th May at ZHAW coffee research centre, a follow-up meeting was set up and held with MAAIF coffee commissioner where the opportunity for collaborative research on green coffee was discussed and agreed upon.
Contracts were signed with advertising partners (Private Safaris and Dreamtime travels) and activities have commenced with social media posts and adverts.

Facilitating Swiss/European tour operators for POATE familiarization trip and fair

Engaging with Swiss Sports marketing company on promoting Uganda tourism using the medium of sport

Worked collaboratively with the Uganda Mission in Brussels on Uganda's participation in the World of Coffee Brussels 2026

Secured 01 training offer from Norway under Article X- BWC training in Biotechnology innovation and Biosecurity from 12-16 October 2026 in New Delhi India

Variances and Challenges

Parallel meetings coinciding with other sessions

Nonparticipation of URSB in this highly technical WIPO sessions

The attraction of development projects and job opportunities continued to be affected by the funding constraints facing the UN system
Funding reductions, restructuring and competing global health priorities affected the availability of new projects, sponsored opportunities and job placements

The current war in the middle East specifically in Iran that has spilled to the Gulf countries affected consensus on statements to be delivered. Only one was agreed upon.

Many multilateral meetings concurrently occur but human capital is limited to attend all

Financial constraints at the UN and WTO affecting number of training and capacity building activities that we are able to send to Capital.

Capital based stakeholders do not respond to requests in a timely manner

Quarter 4

Performance highlights for the Quarter

1. Development financing and infrastructure: Advanced JBIC–MoFPED cooperation and negotiations for proposed USD 200 million financing for the Western Uganda Power Supply and Stabilization Project, while Toyota Tsusho progressed Kampala Metropolitan Power Transmission works and water infrastructure opportunities.

2. Trade and investment: Generated 10 business linkages and 40 B2B meetings, including coffee export negotiations of approximately USD 499,000 per container, and investment opportunities in vanilla, dairy, LPG, EV assembly, EdTech, batteries, sustainable leather, healthcare and agro-processing.

3. Technology transfer and skills: NARO–Ac-Planta cooperation culminated in the national launch of Skeepon technology on 30 June 2026, advancing climate-smart agriculture and Uganda–Japan technology transfer. Kaiho–NVTC cooperation also resulted in 100 Ugandans trained in end-of-life vehicle recycling.

4. Market access and export promotion: Participation in Expo Osaka, SCAJ, TICAD9 Business Expo, FOODEX and the Yeongdo Coffee Festival expanded market visibility and buyer linkages for Ugandan products, with Ugandan coffee promoted to over 120,000 visitors from 15 countries at Yeongdo.

5. Tourism development: Conducted a Japan Tourism FAM Trip to Uganda, engaging Kumba Co. Ltd. and Japan Travel K.K. to strengthen destination marketing and develop Uganda tour products for the Japanese market. Wider tourism promotion generated hundreds of tourism leads and strengthened Uganda’s destination visibility.

6. Diaspora contribution: Expanded diaspora-led distribution and promotion of Ugandan products, registered four diaspora trade agents, and mobilized JPY 6.7 million for Komorebi Primary School.

7. Bilateral cooperation: High-level engagements strengthened cooperation with Japan and South Korea in infrastructure, investment, energy, education, technology transfer, skills development and development assistance.

Variances and Challenges

VOTE: 515 Uganda Embassy in Japan, Tokyo

Quarter 4

1. Coordination gaps: Delayed information-sharing and follow-up among the Mission, Headquarters, MDAs, and partners affected timely implementation.
2. Weak national branding: Limited market-specific and multilingual promotional materials reduced Uganda’s visibility and consistent presentation.
3. Limited technical ECD capacity: As this was the first financial year of implementation, the Mission encountered difficulties in achieving some targets due to limited implementation experience and insufficient baseline information.
4. Ebola-related travel and Visa restrictions: The Ebola outbreak in Uganda led to travel and visa restrictions in some countries, disrupting planned delegations and causing the postponement of key ECD activities, including the Uganda–Korea Investment Forum.

Mitigation Measures:
1. Coordination gaps: Strengthen coordination with Headquarters, MDAs, and partners through designated focal persons, regular meetings, timely information-sharing, and action tracking.
2. Weak national branding: Develop standardized, market-specific promotional materials in Japanese and Korean and improve the Mission’s physical and digital branding.
3. Limited technical ECD capacity: Seek technical guidance from MOFA through the ECD Hub and provide staff training in market intelligence, investment facilitation, export promotion, target-setting, and results tracking.
4. Ebola-related travel and Visa restrictions: The Mission maintained stakeholder engagement, rescheduled affected activities, and will strengthen contingency planning, virtual engagement, and timely communication with host-country authorities and partners.

All staff engaged in capacity-building activities, ensuring equitable access for all	1. Workshop to Review the Performance of Economic and Commercial Diplomacy by Uganda's Missions Abroad and Validate Work Plans for FY 2026/27: 6-9 January 2026 2. Half-Year Evaluation Retreat on the Implementation of Economic and Commercial Diplomacy (ECD) for Uganda Missions in Asia and the Pacific: 14-19 March 2026 3. Workshop to Harmonize NDPIV PIAPs in PBS Architecture: 23-25 June 2026 4. Board of Survey Sensitization for FY 2025/26: 29 June 2026	
1 trade or investment forum organized to attract investors in Japan and South Korea in Ugandas key economic sectors	Uganda Business Seminar: Co-organised with UNIDO-ITPO Tokyo, featuring 40 B2B meetings. Outcomes: Initiated vanilla trade discussions with Marubeni and Sojitz and agricultural technology engagements. Follow-ups with UIA involved Saisan (LPG), Dolta (EV assembly), SPRIX (EdTech), Jin-Pro Energy (battery technology) and Peel Lab (leather from agricultural waste).	
	Engaged KUMBA Co., Ltd. and Japan Travel KK as tourism promotion partners to strengthen Uganda’s tourism promotion in Japan. The engagements contributed to the Japan Tourism FAM Trip to Uganda 2026, generating approximately 5.68 million documented views of Uganda-related content and promoting Uganda’s wildlife, adventure, cultural and community tourism products. The initiative strengthened destination confidence, generated reusable promotional content and opened opportunities for Uganda-specific travel packages. Post-FAM engagements further expanded tourism cooperation through Kinki University, promoting education and youth tourism opportunities, and Higashi Osaka City, which opened a pathway for city-supported tourism promotion, roadshows, cultural exchange and SME linkages.

	Organized the Japan Tourism FAM Trip to Uganda strengthened Uganda's visibility and destination confidence in the Japanese market, generating approximately 5.68 million documented cumulative views from Japanese creator content. The initiative showcased Uganda's wildlife, adventure, cultural, community and conservation tourism products; helped counter Ebola-related destination concerns; generated reusable digital and documentary promotional assets; and stimulated development of Uganda-specific travel products. It further opened follow-up cooperation with Japan Travel KK, Kinki University and Higashi Osaka City, while strengthening public-private-diaspora collaboration and creating opportunities to integrate tourism promotion with Ugandan product exports and the proposed Uganda Product and Tourism Roadshow in Japan.

Quarter 4

Performance highlights for the Quarter

Provided shelter, medical care and other basic needs to 945 distressed Ugandans and 8 babies at the Embassy shelters in Riyadh and Jeddah.
Aided repatriation of more than 809 distressed Ugandans and issued 4,424 Emergency Travel Documents.
Visited 281 prisoners and 429 deportees to provide consular support and facilitate repatriation.
Inspected, vetted and accredited 150 foreign recruitment offices and agencies deploying Ugandan migrant workers in Saudi Arabia.
Provided consular support to 1,546 Ugandan pilgrims who performed Hajj in Mecca and Madina.
Conducted 30 diaspora skills profiles and established a database to support investment, labour mobility and knowledge transfer.
Conducted 3 diaspora stakeholder engagements with community leaders to strengthen leadership on economic activities.
Developed 5 AI monitoring concepts, established a framework for AI-supported market and investment intelligence, designed 6 performance dashboards, and developed 8 digital workflow concepts for Embassy programmes.
Conducted 6 product analyses with Ugandan exporters to improve product competitiveness and export readiness.
Facilitated 3 Business-to-Business engagements to strengthen commercial partnerships and export linkages for Ugandan products.
Facilitated a meeting between Saudi Rail Polytechnic and Uganda Railway Corporation to foster collaboration in training and technology transfer.
Conducted 8 community outreach and economic meetings relating to investment back home and 402 digital registration and mobilisation campaigns for Ugandans in the diaspora.
Supported 7 staff training placements.

Variances and Challenges

Political unrest within the Gulf countries.
No Legal advisors to provide legal advice to the embassy, the ambassador, and deal with legal matters relating to citizens, immigration, detention, labour disputes, and consular cases.
Limited resources to enable the Mission to open shelters in other cities within the kingdom for immigrant workers.

Quarter 4

Performance highlights for the Quarter

During Quarter Four, the Mission intensified promotion of Destination Uganda by participating in key tourism promotion events, engaging tour operators and travel partners, and showcasing Uganda's tourism potential at the Pearl of Africa Tourism Expo. Mission staff also enhanced their capacity in tourism promotion and economic diplomacy.

The Mission strengthened bilateral relations by coordinating high-level engagements between Uganda and the host country, facilitating a familiarization visit for refugee response partners, and fulfilling statutory financial and budget reporting requirements, including submission of the Approved Budget Estimates for FY 2026/27.

Consular and diaspora services were enhanced through diaspora engagement activities across the Nordic countries, provision of visa and consular services, and protection and assistance to distressed Ugandans.

The Mission also advanced development cooperation by establishing a Danish/Nordic–Ugandan TVET partnership to strengthen vocational skills development and mobilizing the Ugandan diaspora to contribute to national development.

Variances and Challenges

Delayed procurement for the Chancery renovation due to inconsistencies between the Host Government's procurement laws and the PPDA Act, 2003.

Increased operational expenditure arising from the relocation of the Chancery in August 2025.

High maintenance and repair costs for Government assets, particularly the utility van, highlighting the need for its replacement.

The need for comprehensive renovation of the Official Residence (former Chancery), including the removal of asbestos from the basement to ensure compliance with health and safety standards.

Quarter 4

Performance highlights for the Quarter

The Mission succeeded in organising, preparation and participation in the following events and activities within the BENELUX region
i) Agri-Horticulture mission to the Netherlands. This attracted many delegations from Uganda MAAIF, MOFA and the mission staff.
ii) Amsterdam Coffee festival. MAAIF, private sector coffee companies and the Mission participated. Uganda coffee showcased(promoted and tasted). One thousand two visitors attended.
iii) World of coffee Brussels, participated in by 40 private sector companies, MAAIF, MOFA? MoFPED at PS level, Embassies of Geneva and Brussels plus several high level participants. Visited Sucafina Roastery in Antwerp, the biggest Roastery in Europe.
iv) Gorilla road show events in the BENELUX region. 26 tour operators from Luxembourg, 64 tour operators from Ghent-Belgium, 90 tour operators from Utrect -Netherlands, 30 tour and travel companies from Uganda including UTB and UWA. The Mission worked with THX company in this.
v) The Mission participated in the retreat on Midterm review of the ECD implementation for Europe and American Missions in Frankfurt, Germany.
vi) The Mission participated in POATE in Kampala (Pearl of Africa Tourism Expo).
vii) Mission coordinated and chaired OPCW/NAM executive council meetings in the Hague and read NAM statements on behalf of the 128 member states.
viii) Mission provided consular services to the Ugandans in the diaspora in the BENELUX region by registering people for National IDs, Passport renewals and new ones, visiting detained Ugandans, proving emergency travel documents, coordinating and organising the Uganda Independence Day.
ix) Organised , coordinated and supported the Annual euro Crane tournament in Amsterdam which attracted 10 Ugandan teams and promoted sports diplomacy.
x) Progress of the construction of the official residence is ahead of schedule, having laid the foundation stone in October 2025. Both super structures are roofed and progressing steadily.

Variances and Challenges

Challenges:
1. Lack of funds to cater for maintenance of buildings. This is mainly the chancery(The building wall, the AC, Elevator, Fire) and the current official residence.
2. Aging of the representation car. The car has made six recommended years, however Kampala has not yet provided funds despite numerous reminders.
3. Annual indexation on all utilities and services, hence rising the costs which negatively impacts on the operations budget yet the Mission budget ceiling is always fixed.

Performance highlights for the Quarter

The Mission registered a number of key achievements, including:

•The Mission coordinated diaspora meetings with Ugandans in Greece, Milan, and Rome, which resulted in the registration and renewal of National Identity Cards. With the support of NIRA and the Embassy, over 500 Ugandans registered for or renewed their National IDs.

•The Mission also conducted large-scale National ID registration exercises in its areas of accreditation, including Serbia and Croatia.

•The Mission mobilized and facilitated the participation of a Ugandan team in Greece (Euro Greek Cranes) in the Euro Cranes Tournament, which featured 10 other Euro Cranes teams.

•Under the Mission's guidance, the Ugandan diaspora in Greece successfully formed and officially registered its Association.

•The Mission coordinated and participated in Macfrut 2026 in Rimini. The three-day event, held at the Rimini Expo Centre, attracted participants from more than 80 countries. Uganda showcased its production of mangoes, pineapples, passion fruits, and avocados.

•The Mission attended the 10th edition of the Pearl of Africa Tourism Expo (POATE), held in Munyonyo. The multi-day expo marked a significant milestone in Uganda's tourism calendar, attracting both local and international stakeholders. Delegates and exhibitors from over 30 countries participated, showcasing Uganda's mountain gorillas, rich biodiversity, and growing tourism sector.

Variances and Challenges

VOTE: 519 Uganda Embassy in Italy, Rome

Quarter 4

The Mission faced the following challenges;

•The budget cuts for Travel Abroad and Inland have constrained to finance travels to execute the objectives of the Mission in Italy and ten countries of accreditation and three UN Agencies. This has affected our performance. As a mission we can be more impactful to Uganda when travels are made to areas of accreditation in order to promote our interests through linking business with agreed business delegations and mobilize FDI among others.

•The current premises of the Chancery of the Embassy of the Republic of Uganda in Rome is located in a semi-residential area. This continues to present challenges of;
- Lack of visibility to adequately project a positive image of Uganda as a country
- It does not promote a sense of accessibility
- Lack of proximity to host key government facilities, embassies of other countries and businesses and cultural centres

During FY 2025/26, the Mission planned to relocate the Chancery to more suitable premises. Accordingly, the designated Embassy team conducted five property viewing exercises. However, although several properties met the Mission's operational requirements, all were available for sale rather than lease, and the Mission's approved budget could not support their acquisition. Consequently, the planned relocation could not be undertaken.
The relocation of the Chancery remains a priority, as it would enhance the Mission's visibility ,accessibility and improve its proximity to key Government institutions.

•The Ebola outbreak in Uganda during the reporting period adversely affected the implementation of the Mission's planned activities. Heightened public health measures, increased travel advisories and screening requirements, and reduced willingness of stakeholders to travel resulted in the postponement or scaling down of planned engagements, thereby affecting the Mission's outreach, tourism promotion, trade and investment activities, and other diplomatic engagements.

14 Staff emoluments paid. 22 Chancery and Official residence suppliers paid. 4 Quarterly Embassy procurements undertaken and service providers paid. 3 Embassy vehicles and machinery maintained. 14 Staff welfare maintained.	Fourteen (14) Staff emoluments paid. Twenty two (22) Chancery and Official residence suppliers paid. Four (4) Quarterly Embassy procurements undertaken and service providers paid. Three (3) Embassy vehicles and machinery maintained. Fourteen(14) Staff welfare maintained	No Variation. All the quarterly targets were fully achieved as planned
PIAP Output: 16911103 Management and Administrative Services coordinated		
Programme Intervention: 169111 Strengthen programme institutions for effective and efficient service delivery		
Relocation to new chancery premises completed	One(1) property viewing exercise was carried out for the new chancery space , unfortunately the mission was unable to secure a suitable premise for the chancery as most available options were for sale rather than lease.	The planned relocation to the new chancery premises was not achieved because the mission was unable to secure suitable premises. Most of the properties were for sale rather than lease despite conducting several property viewing exercises

PIAP Output: 16712202 Ugandans and Foreigners provided with consular services		
Programme Intervention: 167122 Provide diplomatic, protocol and consular services both at home and abroad		
30legal, academic and notary documents of Ugandans in Italy and all 11 countries of accreditation certified. 5 Interviews and recommendations for passport renewals and emergency travel documents conducted,	Nineteen (19) legal, academic and notary documents of Ugandans in Italy and all 11 countries of accreditation certified. Two(2)Interviews and recommendations for passport renewals and emergency travel documents conducted,	The performance was below the planned due to the reduced demand for consular services,partly as a result of travel disruptions associated with Ebola outbreak in Uganda which led to fewer requests for document certifications , passport renewals as well as emergency travel documents requests.
1 Diplomatic services handled including, diplomatic correspondences in Italy and areas of accreditation. 3 Protocol services provided on courtesy visits 2 Ugandans in distress in Italy and areas in accreditation visited	Thirty two (32) Diplomatic notes issued by the embassy to Italy and the countries of accreditation. Two(2) embassy Officers offered support in the Presidential inaugration ceremony in Kampala upon the request of MOFA-Kampala. One (1) Ugandan in distress visited by the embassy in the prison in Malta	Performance fell short of the planned since the number of protocol and diplomatic engagements depended on scheduled official visits and requests received during the quarter and also there were fewer distress cases that required embassy intervention

Table V1.3: High Unspent Balances and Over-Expenditure in the Approved Budget (Ushs Bn)

(i) Major unspent balances		
Departments , Projects		
Programme:16 Governance and Security		
Vote Function:01 Overseas Mission Services		
0.010	Bn Shs	Department : 001 Embassy in Kinshasa, DRC
		Reason: The unspent balance under the Social Security Contributions was a result of the lay off of some Embassy Contract Staff which resulted from the Jan 2025 roit that left the Embassy Chancery building and cars distroyed and several property looted. so the Embassy had to identify a rental property to accomodate the Chancery works temprally. So for that reasion some contract staff were laid off due to limited space that was acquired. So that also affected the Contact staff salaries. which at the end of the F/Yr 2025/26 were remittied back to the UCF (The Remitted unspent balances amounted to Ugx 896,360,999.00 broken down into two i.e Contract Staff Salaries amonuted to Ugx 885,829,752.52 while the Social Security Contributions amounted to Ugx 10,531,246.48)

Quarter 4

Performance highlights for the Quarter

- Coordinated and hosted the 9th Uganda–DRC Joint Permanent Commission, concluding six Memoranda of Understanding on trade, ICT, tourism, health, public administration, export promotion and transport, while securing reciprocal DRC visa waivers for Ugandan nationals and advancing cross-border trade facilitation through elimination of Non-Tariff Barriers.

- Strengthened regional peace, security and health cooperation by coordinating cross-border Ebola response initiatives, concluding the Uganda–DRC Health Cooperation MoU, supporting the Tripartite Health Ministers' Meeting, advancing the Ituri Peace Roadmap, and continued implementation of Operation Shujaa.

- Promoted Uganda's trade, investment, tourism and energy sectors through Uganda–DRC Investment Summit preparations, participation in Expo Beto Trade Fair, Pearl of Africa Tourism Expo and the Oil and Gas Convention, while securing profiling of two Ugandan projects for climate financing under the Congo Basin Climate Commission.

- Coordinated high-level diplomatic and protocol engagements, including two Presidential State Visits, facilitation of 13 DRC Ministers during the JPC, five other high-level visits, Uganda's representation at the inauguration of the President of the Republic of Congo, diplomatic functions, aircraft clearances, diaspora engagements, consular services, and enhanced Mission visibility.

- Strengthened Mission management through preparation and submission of the FY2026/27 Approved Budget, BFP, MPS, financial statements and parliamentary responses; settlement of all Q4 obligations; staff training in PBS, Navision and IBP; participation in the BoU Banking Workshop and CPA Economic Forum; supervision of Uganda House and Chancery maintenance; increased Non-Tax Revenue collections to USD 67,119.

- Continued follow-up on presentation of credentials in Brazzaville, Cameroon and the Central African Republic.

Variances and Challenges

VOTE: 520 Uganda Embassy in DRC, Kinshasa

Quarter 4

- The Mission faces operational and strategic challenges affecting its performance and impleamentation of the Economic and Commercial Diplomacy (ECD) such as The Mission operations from a smail rented apartment.

- Additionally, the Mission operates from a small rented apartment, limiting efficiency, while official vehicles were destroyed during the February 2025 attack, constraining staff mobility.

- Human resource capacity is inadequate, with only the Ambassador and three Foreign Service Officers covering multiple countries, leading to overstretch.

- Staff in Kinshasa and Goma also lack risk allowance despite operating in high-risk areas, necessitating urgent intervention. Bureaucratic delays in accreditation countries and slow responses from stakeholders and MDAs further hinder timely execution of planned activities, including business forums.

- Political and security challenges in the Democratic Republic of Congo (DRC), particularly in the eastern region, continue to affect engagement, as government focus remains on security rather than economic programs.

- ECD implementation is further constrained by non-tariff barriers such as complex and inconsistent tax regimes, high import charges, delayed clearances, roadblocks, and multiple levies on goods in transit.

- Infrastructure bottlenecks result in high transport costs, while insecurity in eastern DRC disrupts trade through border closures. A hostile business environment, highlighted by the January 2025 demonstrations that damaged Embassy property, has created fear among Ugandan traders operating in DRC.

- The breakout of the Ebola Virus in the Eastern part of DRC led to a disruption of planned activites in Ituri and led to low turn up of partictants in the ExpoBeton event in the Kelemie.

VOTE: 521 Uganda Embassy in Sudan, Khartoum

Quarter 4

Performance highlights for the Quarter

1. Embassy facilitated a meeting on 29th May, 2026 in Kampala between DAL Group, a Sudanese food processing and exporting conglomerate, and officials from Uganda’s Free Zones Authority and Export Promotion Board.
2.Embassy HIV/AIDS Policy developed and provided for staff and dependents, and designated the Medical Focal Person to oversee implementation, confidentiality, and referral of Ugandan nationals to available voluntary counseling, testing and treatment services.
3.Two(2) diplomatic briefings attended; one at Sudanese General Intelligence Services Headquarters in Port Sudan on security situation in Sudan on 6th May, 2026, and another one at World Food Programe Coordinator's Office by the UN Secretary General Personal envoy on Sudan, Mr. Pekka Haavisto, on 4th June, 2026.
4.Bilateral meeting on bilateral relations, Uganda's role in peace mediation in Sudan and Embassy reopening held between H.E Amb . Dr. Rashid Yahya Ssemuddu and Sudanese Foreign Minister, Amb. Muhi Al-Din Salem Ahmed on 9th June, 2026 in Khartoum.
5.Inspection of the former Embassy chancery building and Official Residence was conducted in Khartoum on 8th June 2026 to assess structural condition and security status. The team documented areas requiring rehabilitation and noted items remaining on the premises.
6.A meeting with Ugandan nationals residing in Khartoum was held on 10th June, 2026 to update them on consular services and Embassy reopening plans. Nationals raised concerns on documentation, welfare, and access to medical services.
7.The Embassy hosted Ugandan community members for belated EDI celebrations in Port Sudan on 12th June, 2026. The event provided a platform to update nationals on consular services and Embassy reopening plans while fostering community cohesion.
8.The Embassy participated in a workshop on Current Banking Payment Controls, organised by Bank of Uganda in Mbarara on 14th-15th May, 2026.
9. The Embassy participated in the 10th Edition of POATE 2026 held 21st

Variances and Challenges

Limited Resource Envelop
Hyper inflation in Sudan affecting the Budget performance
Over lapping activities and commitments
Insecurity and Poor connectivity in Sudan and Chad affecting movements
language Barrier

Quarter 4

Performance highlights for the Quarter

The Mission advanced Uganda's economic and commercial diplomacy agenda through tourism promotion, investment attraction, diaspora engagement, multilateral representation, and institutional development.

Under Tourism Development, the Mission increased Destination Uganda's visibility in the European market through strategic partnerships with leading cultural groups, media houses, and tourism promoters. Religious tourism was promoted through awareness campaigns on Easter celebrations and Uganda Martyrs Day among the Ugandan diaspora in France, while diaspora forums encouraged the promotion of Ugandan products and businesses. Uganda's tourism brand was further enhanced through a public transport branding campaign in France, participation in POATE 2026, a Gastronomy, Culture and Nature farm trip with TANKE, and representation at key multilateral forums, including BIE, UNESCO, OECD Seed Schemes, and WOAH.

Under Private Sector Development, the Mission strengthened investment promotion through engagements with Sangencom, Total, AICEP, and the France Chamber of Commerce Uganda. It also organised a preview screening of the Échappées Belles Uganda episode in Paris and convened Investment and Business Breakfast Meetings on infrastructure, mineral development, water and sanitation, electricity, and gas. Additional strategic engagements with delegations from Malaysia, Ethiopia, Portugal, and Mexico, together with participation in the G7 Partnership dialogue on Women's Financial Inclusion, further enhanced investment and bilateral cooperation.

Under Institutional Development, the Mission progressed the Chancery renovation through regular coordination with consultants and contractors and procured some furniture and fittings for the official residence, improving the functionality of the Mission and its capacity to support official engagements.

Variances and Challenges

VOTE: 522 Uganda Embassy in France, Paris

Quarter 4

Annual increments in rent and salaries for locally recruited staff are not provided for within the approved budget, creating funding gaps in the Mission's operational expenditure.

The Mission continues to incur unforeseen operational costs, including legal fees, court charges and penalties, which are not catered for in the approved budget.

The welfare and emoluments of officers remain inadequate and are not commensurate with the high cost of living in France, despite Uganda's diplomats being among the least facilitated in the country.

Paris remains one of the world's most expensive cities, yet officers' emoluments have not been adjusted to match the rising cost of living, affecting their welfare and productivity.

Education allowances provided to officers are inadequate to meet the high cost of international schooling in France, compelling some officers to enroll their children in public schools or send them back to Uganda.

Human resource constraints: The Mission is understaffed compared to similar bilateral missions, with existing staff simultaneously covering Uganda's representation to UNESCO and UN Tourism, increasing workload and affecting service delivery.

Delayed approval of renovation works by the Solicitor General significantly affected implementation of the Chancery renovation, resulting in low absorption of the development budget and postponement of planned infrastructure improvements.

The development expenditure therefore, remained substantially below expectations, with only about 12.6% of released development funds spent under the Institutional Development Project due to procurement and approval delays.

Quarter 4

Performance highlights for the Quarter

1. The Mission organised a Uganda - Germany cultural festival in Munich, which culminated in the launch of the Federation of Ugandans in Germany
2. Mission participated in ITB Berlin Tourism and Trade Show 3 – 5 March 2026
3. The Mission together with the Diaspora Department at MoFA held diaspora strategic engagement programs in Berlin, Nurnberg and Munich during which Ugandans registered for National IDs, NSSF and were sensitized on their Contribution to Ugandan’s social-Economic development
4. Organized regional ECD half-year evaluation retreat in Frankfurt with 9 other Missions in Europe and Americas
5. The Mission supported and coordinated the process leading to MOU signed between Law Development Centre and Austrian Development Agency in Kampala for a project to equip Bar students practical skills
6. The Mission supported and coordinated the process leading to 3 MOUs signed between Sklodowska University in Poland and Kabale University, UCU and Clarke International University
7. Mission organized a familiarization trip to Uganda of 11 German tour operators and writers
8. The Mission organised a Joint staff Retreat held in Warsaw, Poland together with Vienna and Copenhagen
9. The Mission organised a coffee origin Familiarisation trip to Uganda where Germany coffee roasters were exposed to Uganda coffee business potential

1. Diaspora mobilization and engagement through sports, culture and tourism to strengthen trust, cooperation and push for investment into Uganda's economy

2. Tourism engagement to promote destination Uganda that resulted in signing of agreements with Germany tour operators

3. Honorary consuls engaged in Munich, Slovakia, Poland and Austria to source for investments in tourism, water systems and management, and IT and software solutions.

Variances and Challenges

. High fixed costs such as rent, Medical and Allowances that exhausts all the funds that would be used to facilitate work
2. Lack of Capital Development funds to procure capital assets such as Chancery building, Official Residence, Motor vehicles, furniture and Computers
3. Insufficient budget allocations to cover 10 Countries of accreditation
4. Low staffing levels to cover the wide area of Countries of accreditation including the 6 UN organizations
5. High costs of living in Germany being a developed Country with high living standards

Quarter 4

Performance highlights for the Quarter

1. Participated in two tourism expos and held one B2B conference; Ural Expo in April 2026 where 6 tour companies participated, Let’s Travel Expo in June with 12 Ugandan tour companies and a B2B conference in June.
2. Participated in 5 conferences on economics; SPIEF, 14th Legal Forum, 17th International Economic Forum, Russia Islamic World Kazan Forum, Conference of Information Technologies in Nizhny Novgorod and Caucasus Investment Forum.
3. Initiated a MoU between the Kazan Chamber of Commerce and the Uganda National Chamber of Commerce.
4. Initiated an MOU with the Chamber of Commerce and industries of Chelyabinsk Region for cooperation.
5. Sourced 16 training for security officers; 8 from Internal security organization and 8 from external security organization
6. Held engagements with two academic institutions; Chelyabinsk State University and South Ural State University to review collaboration in education and research.
7. Held two fact finding engagements on trade and technological transfers in Chelyabinsk region where the Embassy met with the Ministers of Economics and Industries, and held a meeting with the Chamber of commerce for market search for Ugandan products.
8. Participated in two security forums; 1st International Security Forum, and A security meeting organized by the Russian Ministry of Foreign Affairs on the regions security.
9. Participated in an Economic Commercial Diplomacy training and review workshop in April in Frankfurt.
10. Participated in a Ugandan Cultural event in Munich to enhance the nation’s image.
11. Published 6 articles in the New Vision and Monitor publicizing embassy activities and promotion of tourism in Russia during the Let’s Travel Expo.
12. Held a staff retreat in April to review mission performance, work plans and plan for the forthcoming financial year.
13. 8 distressed Ugandans attended to in countries of accreditation.

Variances and Challenges

1. The Mission has initiated more than 7 MoUs in the areas of economic and political diplomacy, as well as education and health care, that are at various stages of approval. This frustrates efforts to develop links between the countries of accreditation and the regions of the Russian Federation.
2. The Embassy currently rents the Chancery and Official Residence at UGX. 671,214,360 annually. Over 5 years this will cost the Mission a total of UGX. 3,356,071,800. The cost of rent will be greatly reduced if the Embassy owns its Chancery and Official Residence. However, in the FY 2026/27, the Mission has not been allocated funds for acquisition of property.
3. The deactivation of the SWIFT system in the Russian Federation as a result of sanctions imposed due to the special operation in Ukraine continues to increase the cost of operation through additional costs for travel abroad and increased exchange losses due to high rates.
4. The increasing number of Ugandan citizens in the countries of accreditation has led to an increase in the number of distressed citizens, which puts a strain on the Mission’s resources.
5. The Ministry suspended issuance of visa at the Embassy which has negatively affected the tourist visits to Uganda. Due to the sanctions imposed on the Russian Federation, many potential travelers are unable to use the swift system to apply for visas.

Quarter 4

Performance highlights for the Quarter

During Quarter 4, FY 2025/26, the following were performance highlights for the Mission

• Carried out five (5) consular clinics (Adelaide, Melbourne, Brisbane Canberra and Sydney), Processed Twenty (20) passport applications and Ten (10) dual citizenship applications, handled Three hundred (300) online visa application challenges, and processed One hundred thirty (130) National Identification Document registrations applications;

• Amb. Dorothy Samali Hyuha presented letters of credence to His HighnessTuimaleali'ifano Va'aletoa Sualavu II the Head of State of the Independent State of Samoa,

• Participated and coordinated the Uganda Diaspora Interstate Easter Games

The Mission attended and celebrated the national days of the republic of Russia, South Africa,world Portuguese day and celebrate Europe day

Attended preparatory meetings for the Australasia Uganda Convention and Business forum in Melbourne.

• Held a meeting with Department of Foreign Affairs and Trade (DFAT) Officials Ag High Commissioner Designate to Uganda, Mr. Andrew Bernes and Tom Curran, 25th June 2026 to strengthen diplomatic engagement, and cooperative ties including in the field of investment.

• Registered 3,742 Tourist arrivals from Australia

• The Mission successful orgnised a Fam trip for a delegation of (08) Australian Hosted buyer in tourism sector from 12th may to 24 may 2026.

• Facilitated (08) Australian Tour/travel agents and media representative to participate in the FAM trip and attend POATE.

• Organised two(2) exhibition booths (on Africa day and during Pearl of Africa expo 2026(POATE)

• Attended EKONOMOS Australian Business Summit in Sydney on 29th May 2026.

• Held follow-up meetings in Sydney with Mining Investors and Hon. Consul.

• Held various meetings including with; IBEX Global's Stuart Raymond Kasule, on Solar Irrigation Projects (8th April 2026), Investor Tina Sayatwe on attracting Infrastructure Development and Road Construction Companies to Uganda 14th April.

Variances and Challenges

The Mission continues to encounter the following challenges during implementation of planned activities

1. High logistical and travel costs associated with covering multiple Australian cities and facilitation of expert participation
2. Limited funds to fully implement the Mission interventions under promotion of commercial and economic diplomacy as well as other priority activities given the large geographical area of coverage for the Mission.
3. Harsh weather conditions characterised by bush fires and floods, affecting planned activities in the affected areas thus causing delays or non execution of these activities.
4. Expensive & prohibitive child care policy of the host country that makes it difficult for staff with children. This is exacerbated by the general high cost of living in Australia.
5. Time difference between Uganda and Australia leading to delays in communication and decision making.
6. Poor working condition of the utility vehicle which breaks down frequently affecting mobility of staff for field activities thus delays in implementation of activities due to lack of transport.
7. Negative media reports and social media posts that impact negatively on the image of the country.

Quarter 4

Performance highlights for the Quarter

1. Attracted Equiline Finance LLC to invest in UG which specializes in project finance, and is prepared to invest and provide financing for sustainable projects
2. Attracted FLY 6 to invest at EBB airport to enhance passenger services, airport operations, and aviation growth in UG.
3. Attracted FAMINAS Investment Group interested in partnering with the GoU to establish Regional Post- Harvest Management Facilities across UG.
4. Met the leadership of Fujairah Airport and discussed air and cargo logistics, with keen focus on utilizing the airport as an entry point for UG's exports
5. Met leadership of Fujairah Creative City and discussed initiatives aimed at supporting UG businesses to establish business in Fujairah
6.Met with the Undersecretary Abu Dhabi Department of Education and Knowledge and presented the proposal for the establishment of a Ugandan sch in Abu Dhabi
7.Met Abu Dhabi Chamber of Commerce and Industry to be guided on the establishment of a Uganda Business Council for purpose of mobilizing UG SMEs registered in Abu Dhabi.
8. Met Eco Yield interested in reducing post-harvest losses while creating sustainable market access for East African farmers and facilitated a business introduction with the National Organic Agricultural Movement of Uganda
9. Met Fresh Box one of the UAE's leading organic food producers, distributors, and retailers, operating advanced farming facilities across the Emirates and the CO is interested in sourcing high-quality organic fruits and vegetables from UG
10. Attended the diplomatic briefing of the Africa Group by the Minister of State for Foreign Affairs, he provided an update on the regional security in the UAE
11.Attended a diplomatic briefing organized by MoFA UAE about the upcoming UN Water Conference scheduled to take place from 8-10 December 2026 in Abu Dhabi, ADNEC
12. Attended Briefing of Dip Corp & Military Attachés attended by the Ministry of Defence of UAE about the upcoming 46th World Congress of Military Medicine

Variances and Challenges

VOTE: 528 Uganda Embassy in United Arab Emirates, Abudhabi

Quarter 4

1. Insufficient funds required to offer labor and Consular services six emirates.
2. Lack of a dedicated Labor attaché to handle labor issues.
3. Increase of forged documents presented for attestation
4. Reluctance of Ugandans in the UAE to register with the embassy.
5. The Embassy does not have its own Chancery premises and therefore incurs high costs on rent.
6. High operational costs for the rescue accommodations in Dubai and Abu Dhabi. These requires operational funds to cater for utilities like water,electricity for cooling, lighting and cooking, welfare while at the facility to include meals, sanitary supplies and medical care. The facility also requiresa full-time staff to cook, clean and manage the admission and exit of the distressed domestic workers from the facility.
7. Medical expenses- It is required in UAE that staff are covered under the National Health Medical Insurance Scheme. Currently the embassy can onlyafford a basic package for local staff which is doesn’t provide 100% coverage.
8. Uganda Embassy in Abu Dhabi and the Consulate in Dubai experiences extremely hot conditions which increases the cost of cooling residentialaccommodation and offices, exposes staff to adverse health conditions arising from extreme heat and increases the cost of living.
9. The Consulate requires an executive utility van to support the Consular services especially going to prisons, and hospitals and executing rescueoperations. It can also be used to facilitate transits, and airport pick ups.
10. Insufficient funds to facilitate the transit of VVIPs Dubai.
11. The Mission does not have funds to Furnish the Official Residence of Head of Mission-Residence will remain not properly operational, inability tohost high level engagements and reduced diplomatic presence
12. Insufficient wage budget to cater for salary enhancement for staff who were confirmed in appointment to match with the high cost of living in UAE

The Bi-Annual Newsletter highlighting the Mission ECD,Protocol and Consular activities will be released in October 2026
4 Companies with potential to invest in Uganda profiled	1. Attracted FAMINAS Investment Group (FAMINAS) with interest in supporting commercially viable agriculture projects specifically establishing Regional Post-Harvest Management Facilities across Uganda. The proposed partnership is intended to support the Government of Uganda’s Parish Development Model by improving both the qualitative and quantitative outcomes of agricultural production at community level. The company submitted a Letter of Intent which has been transmitted to the relevant MDAs for their review and consideration. 2. Met the leadership of Fujairah Airport and held discussions focused on air and cargo logistics, with keen interest in utilizing the airport as an entry point for Uganda’s exports, institutional cooperation with UCCA, opportunities for warehousing and cold storage facilities for Uganda’s exports	The Mission could not profile more because these companies are always identified during the Trade EXPOs and Exhibitions which did not take place due to the security situtation

Quarter 4

Performance highlights for the Quarter

Promoted Uganda Tourism potential during the Cultural day on 15th January 2026 at the Senior Command and Staff College Kinanira. The event brings together participants from East Africa and Uganda Embassy show cased the Uganda as number one tourist destination.
-The Mission participated in the National tourism event oragnised by Visit Burundi on 9th March 2026 at Zion Beach Bujumbura. The embassy was able to show case Uganda tourism potential and marketed Uganda as number one tourism destination.
The event was attended by diplomats accredited to Burundi
Conducted market survey on milk supply. Burundi is a net importer of most products, including milk. It is therefore a potential market for Ugandan milk products
The dairy sector, it is relatively underdeveloped in Burundi. A study undertaken by International Livestock Research Institute (ILRI) in 2020 painted a grim picture of the sector, pointing to many challenges and value chain constraints. These included production, processing, marketing related constraints.
Jesa milk is in Burundi market and sellers indicated that it vis better that inyange milk from Rwanda the major competitor. And also Jesa milk is a bit expensive. However the market is not saturated.
The embassy conducted a market survey on sugar. The ban on Uganda sugar to enter Burundi market was lifted in 2024. BMC started supplying sugar. This was after several engagements with the government. However the embassy has visited several supermarkets and sellers of sugar in Burundi and indicated that the supply has reduced significantly The owner of BCM Mr Biko Heaven has indicated that there are being frustrated by OBR and government officials to supply Uganda sugar in Burundi. This is an indication that there is need for a JPC between Uganda and Burundi
-Provided consular services to David Moller the Managing Director of JITMAT company that grows sweet sorghum to produce sugar in Burundi

Carry out routine market surveys and write reports. Participate in the trade exhibitions organized by the host government. Liaise with government regarding non-tariff barriers that hinder smooth entry of Ugandan products into Burundi Facilitation of safe gateway of Ugandan products to the South Kivu Initiate the process of acquiring a ware house for Ugandan products.	-Mobilized the Ministry of Infrastructure, Social Housing, Transport and Equipment to visit Kiira Motor Cooperation in Uganda for e-buses -carried out a market survey to ascertain the Uganda new products that have accessed the Burundi market in June 2026. This was done to assess the impact of ECD promotion within one year. It was discovered that Uganda breweries products such as Nile Special, EAGLE, Tusker have entered the Burundi market this year. This increase the volume and value of trade between Uganda and Burundi. To enhance trade between Burundi and Uganda, there is need to hold a 3rd JPC and sign an MOU on trade between the two countries. Carried out the market survey in Muyinga province near the border of Kobero on 30 April 2026. The survey was intended to establish the products sold in this province since it is near the border. The common products established include, maize flour, sugar, pepsi cola products, iron and steel, movit products among others. -Bought the televisio

Quarter 4

Performance highlights for the Quarter

Chinese tourist arrivals to Uganda grew by approximately 220%, from 10,961 in 2024 to 35,047 in 2025, driven by high-impact destination-marketing engagements and Uganda's Pavilion winning the Best Organiser Award for the second consecutive year at the China International Tourism Industry Expo (CITIE), Guangzhou.

Uganda’s coffee exports to China increased significantly from 113 ,020 bags (60kgs) in 2024 to 226,000 bags (60kgs) in 2025. From January to May 2026 alone, 126,429 bags (60kgs) have already been exported indicating that the coffee exports for 2026 shall surpass the 2025 quantities. Guangdong Elgon Coffee company Ltd has established a factory in Buloba and will start operations in the course of 2026. Cotti Coffee, one of China’s largest coffee retail chains with over 18000 outlets in 33 countries has invested more than USD 5 million in establishing a Coffee Processing Facility in Wakiso District and has purchased 17 containers of coffee green beans.

Built a strong FDI and technology pipeline including GlobeLink’s commitment to invest in a 200 MW Solar and Wind Power Project (A Joint Development Agreement-JDA has since been cleared by the Solicitor General.

Organised and coordinated two high-level investment promotion forums in Uganda and China during the financial year, showcasing Uganda’s investment climate and opportunities in key sectors including coffee, tourism and the private sector. The Consulate delivered strategic presentations to prospective Chinese investors, promoting Uganda as a competitive investment destination. The Consulate also actively participated in two major investment promotion events the China International Fair for Investment and Trade (CIFIT) in Xiamen and the Shenzhen Oufeiyan E-Commerce Launch where presentations were delivered on Uganda’s economic potential and opportunities for e-commerce collaboration. These engagements generated three strategic cooperation leads for follow-up and potential investment partners

Variances and Challenges

VOTE: 530 Uganda Consulate in China, Guangzhou

Quarter 4

Variances

The Variance in Approved and Revised Budget is as a result of Project funds retained from the previous Financial Year for the ongoing construction of the Chancery and Official Residence . The Consulate received authorization to retain and utilize these funds in FY 2025-2026 and were uploaded on the PBS system as a supplementary. This explains the 323.8 % budget released amount in the Vote expenditure overview .

Additionally, the project for Construction of the Chancery and Official Residence is still ongoing. Funds shall be paid and utilized in accordance to completion milestones and the Workplan according to the contract . This explains the % Releases amount spent of 64.9% in the Vote Expenditures overview.

Challenges

i. Limited market data access and low consumer awareness (especially for Uganda tourism) constrained the speed and scale of market uptake.

ii. Failure by most Ugandan exporters to register on the General Administration of Customs of China (GACC), leaving some duty-free and quota-free provisions on Ugandan products underutilized.

iii. Low response and participation of the private sector and relevant MDAs in investment promotion forums and expos for meaningful B2B arrangements.

iv. Lack of direct aviation connectivity between Uganda and China increases logistics costs, reduces supply-chain efficiency and limits the business exchanges required to convert commercial leads into investments and export contracts.

v. Insufficient Mandarin-language capacity within Uganda's export ecosystem limits exporters' ability to access market information, negotiate contracts and build sustainable relationships with Chinese partners.

Atleast 4 Chinese tour and travel companies mobilized and buyers hosted to participate in the 2026 POATE	The Consulate General played a leading role at the 2026 Pearl of Africa Tourism Expo (POATE), delivering one of the event's most dynamic international showcases and operating one of the busiest exhibition booths throughout the Expo. Through the high-level panel discussion, "Promoting Uganda to Chinese Travellers: Market Trends, Partnerships and High-Value Tourism," the Consul General highlighted opportunities to position Uganda as a premier destination for the Chinese outbound tourism market. The Consulate engaged Chinese tour operators, investors, and tourism stakeholders, generating strong commercial interest in Uganda's tourism sector while facilitating discussions on strategic partnerships, destination marketing, and investment opportunities. The exhibition booth served as a focal point for networking and business engagement, significantly raising Uganda's profile among domestic and international tourism stakeholders.	No Variation

12 companies/factories with potential to invest in Uganda followed up and engaged to invest in Uganda	Carried out a total of 15 48 high-level investment promotion engagements with targeted investors, enterprises, and business support institutions across the Consulate's jurisdiction, including Xiamen, Donnguan, Yunnan and Qingyuan. These strategic field missions were undertaken to position Uganda as a competitive investment destination and actively mobilize Chinese investment into priority sectors, particularly agriculture and agro-processing, manufacturing, and mining. Comprehensive information on Uganda's investment opportunities, competitive advantages, and fiscal incentives, including available tax incentives, was presented to prospective investors to facilitate informed investment decisions. Companies visited include Shanying paper Co.Ltd, China Star Co.Ltd and Henan industrial Development Co.Ltd among others	No Variation
01 Outbound trade and investment delegations to Uganda organized	Successfully organized and led a Chinese delegation on the Uganda China Coffee, Investment and Destination Immersion Tour, promoting opportunities in agro-industrialisation, tourism, mineral-based industrial development, and science, technology and innovation (ATMs). The mission showcased Uganda's competitive investment opportunities, facilitated strategic engagements with key public and private sector stakeholders, strengthened bilateral commercial partnerships, and enhanced Uganda's profile as a premier destination for trade, investment, tourism, and sustainable economic cooperation.	No Variation
01 video filmed and publicized exposing Ugandans to the existing affordable machinery in China	Produced and published a promotional film during the China Import and Export Fair (Canton Fair) to showcase affordable, high-quality machinery available in China. The promotional film enhanced awareness among Ugandan small and medium-sized enterprises (SMEs) and traders, highlighting opportunities to access cost-effective technologies that support industrialisation, value addition, and business growth.	No Variation

Quarter 4

Performance highlights for the Quarter

1. Coordinated the participation of the Hon. Minister of Foreign Affairs at the Antalya Diplomacy Forum in April 2026, facilitating high-level bilateral engagements and advancing Uganda's foreign policy priorities on regional and global issues.

2. Coordinated an investment mission by Ugandan stakeholders from 7 - 15 April 2026 to attract investment in the LPG energy value chain and advance implementation of the Uganda - Türkiye Bilateral Agreement on Energy and Hydrocarbons.

3. Organized, in collaboration with the Uganda Tourism Board (UTB) and Turkish Airlines, a familiarization trip for Turkish tour operators from 25 April–2 May 2026, followed by tourism roadshows in Gaziantep and Istanbul in June 2026 to market Destination Uganda, strengthen partnerships with Turkish tour operators, and promote trade and investment through engagements with the Gaziantep Chamber of Commerce.

4. Facilitated the participation of Ugandan coffee exporters and MAAIF at the COFFEX Fair in Istanbul and organized a Uganda Coffee Market Activation event in Ankara in May 2026, bringing together producers, importers, roasters, coffee experts, and other industry stakeholders.

5. Promoted collaboration in vaccine research and development, culminating in the signing of a Memorandum of Understanding on 27 April 2026 between Hacettepe University and the Vaccine Access Initiative of Kampala.

6. Facilitated investment engagements between the First Deputy Prime Minister, the Hon. Minister of State for Animal Industry, the Türkiye Africa Business Association, and the Konya Exporters Association, generating investment interest in water transport, glass manufacturing, livestock, and agro-industrial value chains.

7. Provided Certificates of Identity to 17 Ugandans, issued passport recommendation letters to 10 Ugandans, and provided services of document attestation to 18 people. Also conducted 4 consular visits to Ugandans in distress in Detention Centres of Kayseri, Nigde, Cankiri and Hamdari.

Variances and Challenges

1. The Mission experienced exchange rate variations that generated foreign exchange losses and gains, thereby affecting the spending levels.

2. The continued depreciation of the Turkish Lira against the US Dollar has resulted in significant foreign exchange fluctuations, exposing the Mission to exchange rate losses and escalating the cost of procuring goods and services.

3. Delays in concluding bilateral agreements such as the avoidance of double taxation and reciprocal promotion and protection of investments. The Turkish side consider the agreements important in attracting FDI.

4. Inactive bilateral frameworks such as the Joint Economic Commission (JEC) and non-implementation of some signed MoU's.

VOTE: 531 Uganda Embassy in Turkey, Ankara

Department:001 Embassy in Ankara, Turkey		
Key Service Area:120009 Tourism Promotion		
PIAP Output: 05111101 Destination Uganda promoted in key source markets		
Programme Intervention: 051111 Market and promote Uganda's tourist attractions in domestic and key source markets (America, Europe, Africa, China, Japan and Asia)		
Linking of Uganda tour operators with counterparts in Turkey facilitated	- Organized with support of UTB and Turkish Airlines a familiarization trip from 25th April-2nd May 2026 for Turkish tour operators to witness first hand Ugandas tourism offerings and develop travel packages for travelers from Turkiye. Through this facilitated Business-to-Business (B2B) engagements between nine (9) Turkish tour operators and their Ugandan counterparts initiating solid business partnerships. Furthermore, strengthened collaboration with strategic partners, including Turkish Airlines and the Uganda Tourism Board, to support destination promotion and market development. - Organized tourism promotion road shows in Gaziantep (16/6/26) and Istanbul (19/6/26) to market the destination and promote business linkages between Uganda and Turkish tour operators. These efforts have led to positive growth trends in visitor arrivals which increased by 142%, from 1,419 in 2024 to 3,431 in 2025.

Performance highlights for the Quarter

Secured broadcasting rights of Uganda’s trade and tourism potentials on airport screens and billboards at Mogadishu Aden Adde International Airport.

Undertook market surveys on product prices in Somalia as follows;

a) Under Beverages; A 50kg bag of Sugar, Supplied by Brazil and China costed $46, 1 packet of Tea bags, with 25 sachets of from Kenya costed between $5-$10, 1kg Sachet/packet of Coffee from Kenya, UAE and Ethiopia costed $6, while bottled Coffee from UAE costs $8.

b) Under Diary products; 5kgs of Powdered Milk from Denmark costed between $15-$18, while 01 litre of fresh milk from Somalia costed $1.5 to $3.

c) Under Fruits; 1 fruit of Avocado from Kenya costed $0.75 to $1, 01 Pineapple fruit from Egypt and Kenya costed between $3 to $6, while 01 Mango fruit from Somalia costed between $0.3 and $1.

d) Other food items, include; 50kgs of Maize flour from Kenya and UAE costed $28, 50kgs wheat flour costed $30, 01 tray of Eggs from Somalia and Egypt costed $5 to $6, among others.

Secured a supply deal of the Ugandan Tea worth $ 250,000.

Held 02 meetings with Somalia, which secured a reduction costs of money transfer to Uganda from $2 per $100 to $1 per $100.

Resolved 16 trade disputes between Ugandans and Somalis. The Ugandan traders were successfully compensated funds amounting to $85,486.

Engaged the Immigration Officials at Mogadishu International Airport resulting into reciprocal issuance of visas on arrival for those with diplomatic and official passports.

Processed complaints of 63 aggrieved Ugandans with 04 Private Security Companies in Somalia.

Registered 65 Ugandans living and working in Somalia

Facilitated issuance of over 15,000 National IDs for Ugandans /UPDF working in Somalia.

Fast-tracked 07 delayed visa applications, which were successfully issued.

Facilitated over 20 Overflight and Landing clearance of a UPDF/
AUSSOM flights for operations in Somalia.

Construction of the Chancery building under defects liability.

VOTE: 532 Uganda Embassy in Somalia, Mogadishu

Quarter 4

Variances and Challenges

CHALLENGES

1. Shortage in wage for local staff
2. Security threat from extremists/terrorists.
3. The salinity and corrosive nature of the environment in Somalia that requires a lot of funds on maintenance costs of Mission properties.
4. Limited data on tourism, trade and investment to support negotiations with the host country.
5. Low response of Ugandans to trade fares due to past political instabilities.
6. Lack of harmonized trade policy frameworks.
7. Inadequate institutional capacity to provide consular services for distressed Ugandans in countries of accreditation.
8. Increasing tariff and non-tariff barriers against Uganda exports within Somalia.
9. Difficulty in mobilizing the Ugandans in the Somalia Diaspora, many of whom prefer to remain covered (in Somalia).
10. Shortage of basic needs, such as the internet, making accessibility and communication very hard.
11. Inadequate funding for most mission activities, as approximately 80% of the funds released from the Treasury are spent on fixed costs such as rent and staff salaries; thereafter, leaving very limited resources to fund planned activities.
12. Inadequate physical, financial and human resources to cover the vast area of Somalia.
13. Late release of funds, which has affected the timely implementation of planned activities of the Mission to effectively execute its mandate.
14. Inadequate Foreign Service Allowance and Education Allowance of children of Foreign Service Officers.

Performance highlights for the Quarter

Organized the Pearl of Africa Business Forum in Bangkok, Thailand, attracting over 300 participants to showcase Uganda's tourism and investment opportunities and facilitate investor engagements.

Organized Uganda Tourism Day – Penang Chapter, promoting Uganda's tourism potential and facilitating B2B engagements with tour operators and investors.

Advanced preparations for the Pearl of Africa Business Forum in Vietnam, expected to host over 300 government and private sector participants for G2G and B2B engagements.

Launched the "Explore Uganda" indoor advertising campaign in Malaysia targeting urban residential and office spaces.

Assisted over 700 Ugandan victims of human trafficking in Cambodia and Myanmar with travel documentation and repatriation through engagements with host governments.

Initiated collaboration between the Banana Industrial Research & Development Centre (BIRDC) and NUOCO Malaysia Sdn. Bhd. to introduce Tooke Flour to Malaysia and the ASEAN market.

Facilitated partnerships between Ugandan exporters and Malaysian companies to promote Ugandan coffee distribution through Penang and regional exhibitions.

Participated in the Pahang Tourism and Culture Exchange involving African Missions in Malaysia.

Prepared and submitted the Budget Framework Paper, Ministerial Policy Statement, Final Budget Estimates for FY 2026/27, and presentations to Parliamentary Committees.

Prepared and submitted the FY 2024/25 Final Audited Accounts and FY 2025/26 interim financial reports to the Accountant General.

Participated in the Economic and Commercial Diplomacy Conference in China organized by the Ministries of Foreign Affairs and Finance.

Continued to link coffee and cocoa buyers in Malaysia, Brunei and Singapore, while pursuing partnerships with ZUS Coffee and MUAZ Coffee to expand Ugandan coffee consumption in Malaysia.

Procured a new Representative Vehicle for the Head of Mission (BMW 2026 Sedan 530i) and 04 Computers.

Variances and Challenges

VOTE: 533 Uganda Embassy in Malaysia, Kuala Lumpur

Quarter 4

The planned familiarization/trade mission from Malaysia was postponed to September 2026 after the USA–Iran conflict disrupted Middle East air travel. As the delegation preferred to travel with Emirates, the mission was rescheduled.

Further, the war in the Middle East has led to a sharp increase in costs of the Air tickets and fuel, this continues to affect the budget and is being monitored.

Ebola Outbreak in the DRC with some cases in Uganda Impacted Tourism and other ECD initiatives, hindering promotion of the ECD Strategy

Human trafficking of Ugandan nationals to scam compounds across ASEAN countries continues to pose a significant challenge. The Mission has devoted considerable time and resources to providing consular assistance, engaging host authorities, and facilitating the rescue and repatriation of affected Ugandans, which has strained its limited human and financial resources.

6.512	Bn Shs	Project : 1949 Institutional Development of Uganda Consulate in Mombasa
		Reason: The variance arose due to delays in the implementation of the Chancery Building and Staff Apartments project. The Contractor experienced challenges, including exchange rate volatility, procurement delays, and disruptions in the supply of construction materials following the Government directive on the closure of quarries. As a result, planned works were not completed within the financial year, leading to lower expenditure than budgeted.

Quarter 4

Performance highlights for the Quarter

1. Held one (01) meeting Mr. George Omunga, Managing Director, East African Tea Traders Association (EATTA) on 18th June 2026 to discuss how to state of Ugandan tea sold at the Mombasa tea auction.
2. The Consulate showcased Uganda Culture at the Cultural day at Light International School Malindi. The Consulate showcased coffee, tea, gnut paste, honey, shea butter, Cuisine, etc… The Consulate received several inquiries on the Ugandan coffee. The Consulate is following up on the inquiries.
3. One (01) opportunity identified for a Sudanese national who wants to invest in the Ugandan agricultural sector. The investor would like to lease 50 acres of land preferably in Eastern Uganda where to grow products such as Hass Avocado as well as value addition and rear goats for export. This opportunity will create jobs for Uganda as well as contributing to Uganda's forex earnings. The Consulate forwarded this opportunity to Uganda Investment Authority which is working with other stakeholders to identify the land.
4. The Consulate attended the 2nd Policy Conference on the Nexus between Peace, Security and Development (Tangier Process) held in Mombasa, Kenya, from 11th–12th July 2025, where it represented Uganda, strengthened engagement with regional and international stakeholders, promoted Uganda's interests, and identified opportunities for collaboration on peace, security, youth innovation, and sustainable development initiatives.
5. Processed the renewal and issuance of forty-two (42) National Identity Cards.
6. Facilitated the acquisition of two (02) Singlehood certificates from NIRA for Ugandans who contracted marriages in Kenya.
7. Coordinated the successful repatriation of the remains of a Ugandan national from Diani, Kwale County to Uganda for burial.
8. Facilitated the repatriation of one (01) distressed Ugandan who was resident in Mtopanga, Kisauni, Mombasa since 2006.
9. Continues engagements with Kenya authorities (Immigration and Police) over regular immigrati

Variances and Challenges

1. Inadequate budgetary resources: Limited funding continues to affect the Consulate's ability to effectively implement planned activities and respond to emerging needs.
2. Limited resources for consular services: The increasing demand for services such as National Identity Cards, certificates, repatriation assistance and support to distressed Ugandans places additional pressure on the available human and financial resources.
3. Delays in coordination with relevant authorities: Some consular cases require coordination with Kenyan authorities and other institutions, which can sometimes result in delays in resolving immigration, repatriation and other cases.
4. Limited resources for trade and investment promotion: The Consulate identifies investment and business opportunities for Uganda, but limited resources can constrain follow-up, market promotion and facilitation of potential investors.
5. Logistical and operational constraints: Participation in cultural, trade, tourism and diplomatic engagements require adequate logistical and operational support, which may not always be available within the existing budget.
6.Need for enhanced stakeholder engagement: Continued engagement with Ugandan and Kenyan government institutions, private-sector players and other stakeholders is necessary to effectively deliver on the Consulate's mandate.

Quarter 4

Performance highlights for the Quarter

Intra-African Trade Fair (IATF 2025)

1. Facilitated two Uganda–Algeria commercial agreements worth US$400 million.
2. Secured a US$200 million investment agreement between AGROLOG Group (Algeria) and Abassi Group (Uganda) to establish a coffee and cocoa processing plant in Algeria with a projected capacity of 60,000 tonnes annually.
3. Facilitated a US$200 million trade agreement between LaBelle Group (Algeria) and Jaber Company (Uganda) to expand Algerian food exports into East Africa.
4. Promoted Uganda's priority export products, including coffee, cocoa, tea, vanilla, dairy products and sesame, and facilitated B2B engagements between Ugandan exporters and Algerian businesses.

7th International Chocolate and Coffee Exhibition (CHOCAF 2026)

1. Showcased Uganda's coffee and cocoa industries to international buyers, processors, traders and investors.
2. Promoted investment opportunities across the coffee value chain and Uganda's competitiveness in coffee production, quality and value addition.
3. Established business contacts with importers, processors and industry stakeholders for follow-up by relevant Ugandan institutions and the private sector.

57th Algiers International Fair (FIA 2026)

1. Promoted Uganda's trade, tourism and investment opportunities at Algeria's premier international trade exhibition.
2. Marketed Uganda's key export products, including coffee, tea, vanilla, cocoa and dairy products, to importers, investors, government officials and the public.
3. Received H.E. Sid Ali Zerrouki, Minister of Post and Telecommunications, at the Uganda Pavilion and held follow-up engagements with prospective investors and business partners to advance trade and investment opportunities.

Variances and Challenges

VOTE: 535 Uganda Embassy in Algeria, Algiers

Quarter 4

1. Limited financial resources constrained the Mission's ability to participate in additional regional trade exhibitions, organize dedicated Uganda trade and investment promotion events, and undertake follow up engagements with prospective investors and buyers.

2. Inadequate availability of promotional materials and export product samples limited the Mission's ability to effectively showcase Uganda's export products, tourism potential, and investment opportunities during trade exhibitions and business engagements.

3. Lengthy decision-making processes and delayed feedback from prospective investors and business partners slowed the conversion of investment leads and business engagements into tangible trade and investment outcomes.

4. Limited participation of Ugandan private sector companies at some international trade exhibitions reduced opportunities for direct Business-to-Business (B2B) engagements, product demonstrations, and immediate commercial negotiations.

5. Low awareness of Uganda's investment opportunities, export products, and tourism potential among sections of the Algerian and Mauritanian business communities required sustained sensitization and promotional efforts before meaningful commercial engagements could be realized.

6. Language barriers arising from the use of English, French, and Arabic occasionally affected technical business discussions and necessitated interpretation services and additional follow-up communication.

Quarter 4

Performance highlights for the Quarter

1. Successfully organized the 2nd Uganda Tourism and Cultural Expo on 8 June 2026 at the JW Marriott Marquis City Centre, Doha, under the theme “The Soul of Uganda: A Northern Story.” The Expo showcased Uganda's tourism attractions, cultural heritage, cuisine, crafts, and investment opportunities through an immersive Northern Uganda Cultural Village experience featuring traditional artifacts, food, cultural displays, and performances by the Watson Cultural Troupe. The event attracted over 150 participants, including 46 Qatar-based travel agents and tour operators, 15 Ugandan tourism exhibitors, investors, media representatives, influencers, Ugandan diaspora, and Embassy staff. Structured B2B engagements were held between Ugandan tourism operators and Qatar travel trade stakeholders to promote tourism partnerships and destination sales. The event received extensive media coverage from Ugandan and Qatari media houses, significantly amplifying Uganda’s tourism brand visibility in the Gulf region.

2. Facilitated the visit of a Qatari investor to Uganda and arranged a meeting with H.E the President of the Republic of Uganda to discuss investment opportunities in agriculture and real estate.

3. Initiated cooperation on STIs between Qatar University, and Makerere Islamic Universities of Uganda.

4. Initiated the twining of KCCA and Doha municipality.

5. Issued 161 temporary certificates of identity to Ugandans to facilitate their travel back home.

6. Issued 76 Ugandans with letters of confirmation of residence in Qatar to facilitate renewal/replacement of passports.

7. Made 36 consular visits to jails, deportation camps, accommodation facilities, and hospitals to attend to Ugandans who need consular support

8. Handled 24 cases of distress, including, among others, assistance in registering labor complaints with the Ministry of Labor, repatriations, and assistance to return to Uganda.

9. The Mission also facilitated registration of 351 Ugandans for NIRA services.

Variances and Challenges

1. During the financial year, the Mission received a supplementary funding amounting to UGX 172 million to cover wage shortfall for locally recruited staff.

2. Also to note is that the Mission continued to face challenges of; -
a) Labor-related cases: Increase in contract substitution and delayed payment of salaries for some Ugandan workers.
b) Visa processing delays for official delegations and investors traveling to Uganda.

Tourism branded promotional materials procured and distributed.	Procured and distributed various Tourism branded promotional materials	No variation.
02 joint activities agreed or implemented with Qatar Airways in collaborative marketing and tourism facilitation efforts..	A strategic engagement was held between the Mission, the Uganda Tourism Board (UTB) and Qatar Airways. During the engagement, Qatar Airways accepted to partner with Uganda in joint tourism promotion, capacity building for Uganda Airlines, the introduction of inland charter flight connections to Uganda's iconic tourism destinations, and the review of high cargo transportation costs affecting trade competitiveness. Qatar Airways promised to assemble a team of influencers with global appeal selected from different parts of the world and sponsor their travel to Uganda as the Mission meets their inland expenses. The Mission initiated and prepared a draft Memorandum of Understanding (MoU) to formalize cooperation in the above identified areas. The draft MoU was submitted to Headquarters for stakeholders input, guidance and clearance from the Office of the Attorney General. Qatar tourism also requested UTB to initiate draft MoU on tourism cooperation.	Headquarters delayed response on the draft proposal submitted by the Mission for partnership with Qatar Airways has delayed execution of the proposed partnership.

125 documents attested for foreign use	Attested 155 documents (6 Marriage and 3 Birth Certificates, 111 Interpol letters of Good Conduct, and 6 academic certificates), for foreign use.	All requests received for attestation are handled since the activity is budget neutral
05 Inspections of offices for employers of Ugandans and visits to accommodation facilities to verify compliance with labor requirements conducted.	Inspections were not conducted	Limited activities due to the instabilities in the Gulf region
05 national days and diplomatic dinners attended	Participated in 4 national day celebrations of friendly countries to strengthen bilateral ties.	Limited activities due to the instabilities in the Gulf region
06 requests for visa applications for Government officials facilitated.	Provided necessary assistance to 41 Ugandans (09 Government officials on official duty in/through Qatar, and 32 participants of the June 2026 tourism & cultural expo) in securing visas to Qatar	Activity is budget neutral thus all requests received were handled.
50 letters of residence issued to Ugandans to facilitate the renewal their passports.	Issued 76 Ugandans with letters of confirmation of residence in Qatar to facilitate renewal/replacement of passports.	All received requests for temporarily certificates of identity are handled. Activity is budget neutral
24 Consular visits made to jails, deportation camps, accommodation facilities, and hospitals to attend to Ugandans who need consular support.	Made 36 consular visits to; Search and Follow-up Department (20), Umm Salal Detention Centre (06), Capital Security Detention Facility (02), Central Prison (01), Death repatriation (02), and Times Mesaied hospital (05) to attend to Ugandans who needed consular assistance.	Many of the facilities visited were close to the Mission, and thus involved less costs
01 training conducted for 09 staff	The Mission attended a half term retreat on the implementation of Economic and Commercial Diplomacy (ECD) for Uganda Missions in the Middle East organized by the Ministry of Foreign Affairs and the Ministry of Finance, Planning and Economic Development in Istanbul, Turkiye. The retreat also entailed building capacity of diplomats and other stakeholders in the implementation of Economic and Commercial Diplomacy.	No variation.

Performance highlights for the Quarter

1. Held Staff Retreat to finalize and validate the Client Charter from 20th - 23rd May 2025 which was submitted to Ministry of Foreign affairs
2.Organized training of the staff in Portuguese and English in the months of February, March and April
3.Held Staff retreat to validate Strategic Plan FY2025/26-2029/30 For Luanda Mission 29TH March – 02ND April 2026, which was submitted to National Planning Authority
4. Familiarization visit to Kwanze Norte to participate in the Trade Expo from 27th May to 31st May 2026 to identify and engage businesses
5. A follow up field visit to the Coffee project in Camabatela Malanje (01st and 02nd June)
6. Hosted the Minister of State for Gender and Culture Peace Mutuzo and Participated in The Pan-African Women Organization (PAWO) Meeting from 08th - 09th May 2026
7. Attended the African Day Ceremony held on 26th May, 2026
8. Participated in the 8TH ISPEKA Scientific And Technical Conference at the Instituto Superior Politécnico Kalandula de Angola (ISPEKA) facilities in Luanda on 16, 17, and 18 June 2026
9. Completed and Submitted Nine Months Accounts Financial Statements for FY 2025/26
10. Q4 Finance Committee meeting held on 07th April 2026
11. Organized a meeting with Ugandans Living and Working in Angola on 27th June 2026
12. Participated in the 11th Annual Oil and Gas Convention on 28th to 02nd May 2026

Variances and Challenges

1. High cost of living in Angola
2. Language barrier (Portuguese)
3. Slow and bureaucratic procedures
4. Poor connectivity between Angola and Uganda

VOTE: 538 Uganda Mission in Luanda, Angola

Quarter 4

Performance highlights for the Quarter

1. Undertook vaccination of animals against Foot and Mouth Disease, especially in the districts in the cattle corridor and across the country.
2. Establishment of animal check-points at the different district borders to control the spread of animal diseases
3. Constructed animal health infrastructures like slaughter slabs and livestock markets
4. collected and analysed agriculture statistics,
5. Renovated community access roads for transporting agriculture products

Variances and Challenges

In the FY 2025/26, the Agriculture Sector at the Local Government Level faced the following challenges;
1. Emerging crop pest and disease especially in the strategic commodities of coffee (coffee wilt disease and leaf rust) and livestock pests and diseases reported cases of anthrax and Foot and Mouth Disease
2. Prolonged rains that affected the crops in the different Local Governments and increased the spread of diseases in the animals
3. Low staffing levels at the Local Government level, leading to poor service delivery
4. Insufficient transport facilities for the staff at the Local Government level
5. Low funding of the production sector at the Local Government level

Quarter 4

Performance highlights for the Quarter

1.SACCOS including Emyooga,PDM SACCOs were inspected and evaluated on credit Management.
2. Traders and Farmers were suppoted to file their 2025 annnual returns to ROCs and these among others from Lwengo district,Paidha,Zombo etc.
3.Various groups were mobilized and assisted to be registered as cooperatives
4.Supported the process of disbursement of PDM Funds to SACCOs.
5.Training of Group members and leaders of Cooperative Societies in Financial literacy and governance hence the growth in these SACCOs.
6.Monitoring and Follow up on the utilization of the Parish Revolving funds by the beneficiary households hence acccountability enhanced and minimization of diversion of funds.
7.Market linkages of farmers to international markets has been increased this was through linking Producers to the Uganda Export Promotion Board so that they can access the international market
8.Collecting and Profiling manufacturing data on small scale industries/factories
9.In conjuction with URSB,MSMEs were registered and trained in different town councils and local government districts.
10. Worked with UNBS ,DCOs supported the verification of weights and measure
11.Monitored various value addition facilities in the local governments.
12.With UCA,Sensitization talk shows conducted with support from RDCs on trade policies and regulations to the bussiness community.
13.DCOs Participated in the general meeting of cooperatives,technical support on governance was rendered to different cooperatives
14.With support from UCA ,Arbitration cases were handled.

Variances and Challenges

1.Late release of Funds — Local governments depend mostly on central government grants, which are often delayed and hence delay in service delivery
2.Inadequate staffing — Shortage of qualified personnel that is only depend on DCOs and CAOs and high workload for existing staff.
3.Poor infrastructure — Bad roads, lack of health centers, schools, and clean water in rural areas and hence this affects service delivery and trade
4.Inadequate capacities of the PDM SACCO- leaders continue to affect effective implementation of the PDM and EMYOOGA programs in the districts.
5.Poor mindset -about Government programs continue to affect the success of the existing programs.
6.Lack of basic equipment's/facilities- to support financial management in the PDM SACCOs.
7.Poor saving and loan repayment culture among the culture among the community/SACCO members hence weak SACCOs in the district
8.Logistical Challenges/lack of transport to undertake field activities
9.Political interference — Conflict between councilors, MPs, and technical staff affects decision making.
10. Limited community participation — Citizens are often not involved in planning and monitoring projects.

Performance highlights for the Quarter

a) 8,100 km of District and Community Access Roads in all districts in Uganda maintained;

b) 2,460km of City and Municipal Council roads upgraded and maintained;

c) 770 trees planted along the roads in the 27 Districts of North and North-Eastern Uganda. i.e Apac, Oyam, Gulu,Amuru,Katakwi, Alebtong, Kole, Lamwo, Ngora, Nwoya, Otuke, Serere, Kumi, Dokolo, Kaberamaido, Bukedea, Amuria, Soroti and Amolatar

d) 380Km of District Roads Rehabilitated in Ntungamo MC, Agago,Bulambuli,Bundibugyo Butaleja, Butambala, Gomba,Jinja,Kakumi,ro, Kamuli Kanungu, Katakwi, Kibaale,Kiboga,Kisoro, Kotido, Kyankwanzi, mitooma, Ntungamo, mpigi,Rakai,, Rubanda, Rubirizi, Rwampara

e) 17.2Km of District Roads Sealed using Low Cost Sealing Technology in Apac, Oyam, Gulu, Amuru, Katakwi, Alebtong, Kole, Lamwo, Ngora, Nwoya, Otuke, Serere, Kumi, Dokolo, Kaberamaido, Bukedea, Amuria, Soroti, Amolatar, Kitgum, Agago, Lira, Pader and Kapelebyong;

f) 22.0Km of District Roads Sealed using Low-Cost Sealing Technology in cities of Jinja, Masaka, Mbarara, Soroti & Municipal councils of Entebbe, Kira, Kotido, Makindye-Ssabagabo Mukono and Nansana

Variances and Challenges

The Ministry monitoring teams recorded the following challenges at DLGS;

a) Equipment Availability and Reliability: Frequent breakdowns of graders, rollers, and tippers, often due to age (many units over 15 years old) and lack of preventive maintenance; and Limited or no access to backup equipment in several LGs, especially in remote or island districts;

b) Human Resource Constraints: Critical staffing gaps in engineering departments, including shortages of qualified works supervisors and machine operators; and High staff turnover in some LGs, leading to loss of institutional memory and disruption of project continuity;

c) Material Sourcing Challenges: Inaccessibility of approved gravel sources due to environmental restrictions, land ownership disputes, or long haulage distances; and Rising costs of fuel and haulage, reducing the scope of works within budget limits;

d) Inadequate Planning and Target Setting: Some LGs set targets without adequate consideration of weather patterns, equipment status, or available resources, leading to over- or under-performance

Programme:17 Regional Balanced Development			
Vote Function:09 District and Urban Administration			
Department:001 Administration			
Key Service Area: 000014 Administrative and Support Services			
PIAP Output: 17010701 Local revenue mobilized and generated			
Programme Intervention: 170107 Implementation of Local Government Revenue Mobilisation Strategy			
PIAP Output Indicators	**Indicator Measure**	**Planned 2025/26**	**Actuals By END Q 4**
Amount of Local Revenue collected	Number	333	328.667
PIAP Output: 17010802 Improved utilisation of discretionary funds to LGs			
Programme Intervention: 170108 Strengthen the implementation of the legal frameworks for Local Government funding			
PIAP Output Indicators	**Indicator Measure**	**Planned 2025/26**	**Actuals By END Q 4**
Number of Advocacy engagements held for discretionary funding	Number	4	4
Number of LG workplans adhering to the DDEG guidelines	Number	176	176
PIAP Output: 17040103 Service delivery in Local Governments coordinated			
Programme Intervention: 170401 Functionalize LG structures			
PIAP Output Indicators	**Indicator Measure**	**Planned 2025/26**	**Actuals By END Q 4**
Number of LGs with functional HIV/AIDS committees	Number	50	50
Proportion of LGs with functional Nutrition Committees	Percentage	30%	30%
Project:9998 Local Government Development Programmes			
Key Service Area: 000014 Administrative and Support Services			
PIAP Output: 17040103 Service delivery in Local Governments coordinated			
Programme Intervention: 170401 Functionalize LG structures			
PIAP Output Indicators	**Indicator Measure**	**Planned 2025/26**	**Actuals By END Q 4**
Proportion of LGs implementing Local Climate Adaptive Living (LoCAL) initiatives	Percentage	5%	5%

VOTE: 617 Local Governments 17

Quarter 4

Performance highlights for the Quarter

i. Operationalization of the Parish Development Model supported;
ii. Enhanced Local Revenue mobilization and generation;
iii. Agriculture extension services provided;
iv. Rehabilitation & Construction of Community Access Roads & Feeder Roads;
v. Health Centers & Seed Secondary Schools renovated; and
vi. Performance Reports submitted.

Variances and Challenges

i. Non-functionality of newly created LGs due to lack of operational funds;
ii. Staffing Gaps for Critical Staff;
iii. Inadequate and late Budget releases; and
iv. Inadequate Transport Equipment.
