PIAP Output: 01421102 National commodity Traceability Systems developed and maintained		
Programme Intervention: 014211 Establish and maintain appropriate market infrastructure		
The livestock identification and traceability system finalised and rolled out in 5 districts	The system roll-out was paused pending the completion of the NIFAMIS. It will be treated as a module.	Dedicated financing for national digital tracking was deferred till an approved national architecture, animal-identification specifications, and interoperability under NIFAMIS are completed
Quarterly Inspection and Quality assurance of drugs; chemicals; vaccines; devices undertaken in line with the required standards.	Two Quarterly quality-assurance activities were undertaken for veterinary vaccines and related cold-chain operations, including receipt inspection, batch and expiry tracking, storage-temperature monitoring, stock accountability, central-store supervision and checks during distribution to 156 districts	The output was substantially achieved,
Use of quality and safe drugs and vaccines in the country supervised and promoted.	Use of quality-assured vaccines was promoted through technical guidance to DVOs, stock reconciliation, authorised administration, farmer sensitisation and campaign monitoring. By 30 June 2026, 3,827,950 FMD vaccine doses had been utilised	Uptake was slower than available stock because the scheme required farmer registration, payment verification, district micro-planning, field facilitation and system reconciliation before vaccination. Misinformation and uneven district readiness also affected utilisation.

	AIA	0.000
Key Service Area:010074 Vector and disease control		
PIAP Output: 01115101 Antimicrobial resistance and disease surveillance enhanced		
Programme Intervention: 011151 Strengthen pest, vector, disease management and control		
2 Vaccination campaigns against Foot and Mouth Disease, CBPP, Rabies and Lumpy Skin Disease coordinated and supervised.	Two major vaccination workstreams were coordinated and supervised: the national FMD vaccination/cost-recovery rollout in high-risk districts and strategic district vaccination activities for other priority diseases, including CCPP, CBPP, PPR and Lumpy Skin Disease.	The planned coordination function was achieved, but coverage varied by disease and district. FMD dominated operational attention.
25 Samples collected for disease confirmation by laboratory for gauging the health status of animal populations as a purposive or random sampling procedure	2899 samples in April and 344 samples in May 2026 and 1214 samples in June 2026 collected for disease confirmation	Limited laboratory consumables Lengthy procurement process
Quarterly investigation on reported animal disease outbreaks confirmed by laboratory means carried out.	Anthrax Outbreak Investigation in Kiruhura District- in April 2026	Limited funds hence some outbreaks were not confirmed
Surveillance and prompt collection, collation and dissemination of epidemiological data conducted in 5 disease hot spots.	Passive surveillance done in 22 districts using the EMA-I tool Passive surveillance done in approximately 22 districts using Monthly macro enabled tool.	Abattoir surveillance limited by funds Dissemination of epidemiological information limited by trade bans Reporting rates at 15% below average of 80% due to limited training in surveillance and lack of dedicated DLG surveillance funds Human resource gaps at DLG to carry out routine surveillance
Field visits for Antimicrobial use and consumption, Antimicrobial resistance data collection and antimicrobial stewardship activities undertaken in 4 Local Governments	AMR surveillance and stewardship activities were initiated in cattle and poultry production systems in Wakiso, Luwero, Mukono, Masaka and Nakaseke	The output was partially achieved.

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01115101 Antimicrobial resistance and disease surveillance enhanced		
Programme Intervention: 011151 Strengthen pest, vector, disease management and control		
Disease outbreaks and prevalence of diseases in 4 Local Governments as well as in neighbouring countries monitored.	Disease occurrence was monitored in at least four Local Governments through field reporting, surveillance, quarantine/movement-control information and laboratory liaison. Regional and neighbouring-country animal-health intelligence, including FMD and HPAI risks, was also reviewed to inform import controls and preparedness.	The target was met, but the quality and timeliness of regional intelligence depended on partner notifications, district reporting and laboratory confirmation.
Sensitization, harmonization, coordination, monitoring and control of epidemic, sporadic, endemic, new and upcoming animal and zoonotic diseases in 1 zone undertaken.	FMD cost-recovery sensitisation and disease-control coordination were conducted in over 40 districts across the Country cattle corridor and adjoining zones, supported by 20 radio talk shows, 3 radio talk shows and 5 newspaper articles.	Coverage exceeded the one-zone plan because nationwide readiness for compulsory biannual FMD vaccination required accelerated communication. Some districts nevertheless recorded lower farmer understanding and onboarding.
PIAP Output: 01115102 Pest, vector and disease diagnosis and control capacity enhanced		
Programme Intervention: 011151 Strengthen pest, vector, disease management and control		
5 Local Governments and the Private Sector supervised in their activities geared control of epidemic, sporadic, endemic, new and upcoming animal and zoonotic diseases in the zones;	Technical supervision and stakeholder engagement were undertaken in more than 10 Local Governments. Documented priority districts included Nakaseke, Ntungamo, Rukungiri, Lyantonde, Kazo, Isingiro, Kiruhura, Rakai, Mbarara, Ibanda, Kassanda, Buikwe, Mukono, Mpigi, Kiboga, Kyegegwa, Gomba and Mubende, alongside engagement of farmer organisations and livestock-value-chain actors.	The target was exceeded because of the scale of the FMD rollout. However, depth of supervision differed across districts owing to transport, staffing, facilitation and competing outbreak-response demands.

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01115102 Pest, vector and disease diagnosis and control capacity enhanced		
Programme Intervention: 011151 Strengthen pest, vector, disease management and control		
The cost recovery scheme (Revolving fund for vaccines-one off for 2025/26) for provision of vaccines for economic importance i.e Foot and Mouth Disease (FMD) rolled out	The scheme was rolled out in 146 districts. Government procured 53.6 million FMD doses;	The strategic output was achieved, but implementation was below desired speed. Constraints included delayed farmer onboarding and payments, uneven system integration and mindset challenges among farmers who are still demanding free FMD vaccines.
Farmer education for the control of swine fever across the country	Partially achieved. ASF messages on early reporting, farm biosecurity, control of animal and pork movements, safe carcass disposal and avoidance of risky feeding practices were incorporated into veterinary extension and disease-response communication in the Districts of Wakiso, Luwero, Nakaseke, Masaka and Mukono	Communication resources were heavily concentrated on the FMD cost-recovery rollout. Dedicated ASF materials, campaign schedules and district reporting were not uniformly documented, limiting evidence of full nationwide coverage.

PIAP Output: 01411201 Agro-industry standards, certification and accreditation enhanced		
Programme Intervention: 014112 Strengthen compliance to product quality requirements and standards (National, Regional and International)		
12 Commercial farms, animal product processing establishments and animal feed processing establishments inspected and certified	Routine inspection, registration and compliance support continued for the 21 animal-feed manufacturers/producers and 15 commercial poultry farms inspected/registered;	Inspection and accreditation for feed manufacturing and animal breeding facilities are partly voluntary because key animal-feed and breeding regulations have not been finalised.
Build capacity of 25 veterinary inspectors at MAAIF and other institutions to meet international standards (WTO, SPS, OIE, FAO, Food Safety, HACCP, ISO etc	Partially achieved. Technical orientation and on-the-job capacity building were undertaken through import/export certification, biosecurity assessment, food-safety inspection, disease-control and SPS assignments for 25 veterinary inspectors	Limited dedicated training funds;
Agricultural exports and imports inspected and certified at 8 border posts	Routine veterinary inspection and certification were maintained at the targeted entry/exit points.	The output was achieved through continuous regulatory functions.
Compliance to food safety standards supported across the food systems for market access for 6 priority commodities	Food-safety and sanitary-compliance support was provided across six practical animal-resource commodity groups: live animals, meat, milk, poultry/eggs, animal feeds and hides/ skins. Support included inspection, certification, slaughter/ meat hygiene, biosecurity, permit controls and technical guidance to establishments and Local Governments.	The output was achieved despite limited funding

PIAP Output: 01010201 Agricultural inputs on the market quality assured		
Programme Intervention: 011111 Produce, multiply and distribute quality seed and inputs (particularly for priority commodities)		
Agro-chemicals in livestock inspected and certified in 5 Local Governments	Inspection and compliance support for veterinary drugs, chemicals and other livestock-use products continued in selected Local Governments.	Overlap between MAAIF and other regulatory mandates, together with incomplete district inspection returns, limited consolidation.
Capacity building of 10 extension staff and 25 farmers on the use of mechanised technologies in fodder conservation, bulking, distribution and trade (e.g. hay, conserved straws, and total mixed rations conducted in selected Western Uganda districts	Training and technical support on pasture/fodder production and conservation continued through wider livestock-productivity programmes. A separate signed Q4 attendance list confirming exactly 10 extension staff and 25 farmers was not available in the records reviewed.	The routine target was absorbed into a larger project intervention,
National surveys to register and or evaluate for bio-security and bio-safety compliance of the potential and actual enterprises / premises involved in local /importer / exportation of live animals and or their products conducted;	One survey undertaken for risk-assessment, registration and compliance work d for importers, hatcheries, breeder farms, commercial poultry enterprises and animal-product premises.	The output was achieved as an ongoing regulatory function, but the national enterprise/premises register remains fragmented.
15 hatcheries and 40 breeder livestock farm establishments inspected in South Western Uganda	Partially achieved. 10 chicken hatcheries, 13 breeder livestock farms and 15 commercial poultry farms inspected/ registered.	Underperformance was mainly associated with voluntary registration/ inspection because animal-breeding regulations have not been approved, as well as limited inspector numbers, transport and field facilitation.
Guidelines and plans of animal markets and products processing facilities for LGs' use developed and disseminated in all Local Governments	Partially achieved in Q4	Competing outbreak-response priorities, legal/ technical review requirements and limited printing and dissemination resources delayed full national rollout.

PIAP Output: 01111401 Production capacity of large scale commercial farmers expanded		
Programme Intervention: 011114 Support to large scale commercial farming entities		
60 milk quality assistants trained at cooperative level at Entebbe Dairy Training School in milk quality testing and hygienic milk handling.	15 milk handlers were trained in milk quality testing and hygienic milk handling	Good response from the stakeholders towards the training call.
20 youths and women trained, skilled and or incubated at Entebbe Dairy Training School	240 dairy stakeholders were skilled in milk quality assurance dairy value addition in Midwest, Southwest and Central regions	Good response from the public towards the training call.
National and regional laboratories equipped	National Dairy Analytical laboratory is fully equipped	Achieved as planned
10 market surveilance activities for dairy products undertaken	5 market surveillance activities for dairy products were undertaken in 18 supermarkets.Three market surveillance visits in 18 supermarket; 4 in Tororo district, 10 in South west, and 4 in Busia district, to assess the quality and safety of dairy products.	Activity was prioritized by the ministry to ensure compliance .
200 samples of dairy products and carryout quality analysis procured	596 samples of dairy products procured from different sales points for quality analysis	Underestimated the sample product prices.
Dairy staff participated in the Pilot of school milk feeding programme in schools	Preparatory engagements are ongoing to offset implementation of the programme	Insufficient funding
National Dairy Analytical Laboratory accreditation maintained	The NDL was assessed for ISO 17025 accreditation by KENAS and was successfully recommended for an accreditation	Achieved as planned
Milk and milk products analysed and tested to ensure quality and safety	A total of 353milk and milk product samples were analyzed to assess compositional quality and safety in terms using freshness test with 80% alcohol concentration & automatic milk analyzer.	Achieved as planned
Inspect 2900 milk handling premises/consignments/ equipment	A total of 2,432 inspections were conducted in Q4 contributing to improved market access of dairy products and overall compliance to dairy standards & regulations A total of 1,366 dairy import & export Consignments were inspected at Entebbe& Mutukula & Busia-Malaba OSBPs and 1,066 premises inspected	Insufficient funds

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01111401 Production capacity of large scale commercial farmers expanded		
Programme Intervention: 011114 Support to large scale commercial farming entities		
200 dairy stakeholders registed	A total of 382 milk handling premises, dairy equipment was registered& certified to handle milk & milk products in Q4	Insufficient funding
Quality stickers for road milk tankers procured	150 quality stickers and certificates procured and utilized for printing of certificates for licensing of dairy business.	Achieved as planned
Seals procured	100 security bolt seals and security bolt seal cutters were procured	Achieved as planned
20 enforcement activities undertaken	20 enforcement exercises were conducted in Sembabula, Gomba, Kazo, and Kiruhura, Kampala, Mubende, Kyankwanzi, Nakaseke, Mbale and Soroti districts. twenty enforcement exercises were conducted against marketing of adulterated milk with added water, spoilt milk (raw milk that fails 75% alcohol test) and skim milk (raw milk with fat content below 3.25%) and use of non – food grade equipment.	Achieved as planned.
Standards development,review and harmonization activities participated in	One standards review meeting was attended for generating national comments on six East African draft standards which were subsequently harmonized in Kigali Rwanda in May 2026	Achieved as planned
Land titles for DDA properties in the different regions processed	Following the RAPEX ,the department is currently transferring all the land title names from Dairy Development Authority to MAAIF names before processing any other new titles	On track
Staff mentored ,trained and or coached	Not done in Q4	No variation
Dairy activities and projects supervised and monitored	4 monitoring and supervision visits of dairy activities and projects have been conducted in Midwest, Southwest, Northern and Northeastern regions	Achieved as planned.
PIAP Output: 01114101 Functionality and sustainability of farmer groups, MSMEs and cooperatives improved		
Programme Intervention: 011141 Strengthen farmer organizations and cooperatives ecosystems		
10 dairy farmers trained in commercial dairy production, good leadership and accountability	10 Dairy farmer cooperatives from Mbale, Sembabule, Kaliro and Bukedea were trained in commercial dairy production,good leadership and accountability. These included 763 (487M and 276F) farmers	Delayed release of funds which affected implementation.
4 new dairy farmer groups mobilised and supported to form and operationalize	4 new dairy farmer groups supported in the Eastern and North eastern milk sheds formed	Insufficient funding

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01116101 Agricultural extension system digitalized		
Programme Intervention: 011161 Strengthen the agricultural extension system		
50 dairy farmers followed up on adoption of different new dairy technologies to enhance production	Not done	Unfunded activity
Motorised chuff cutters acquired and distributed to dairy farmers	A total of 25 chuff cutters to be procured. Contract signed delivery expected in Q1 FY 2026/27	Payment secured in LC
PIAP Output: 01116102 Capacity of extension workers enhanced		
Programme Intervention: 011161 Strengthen the agricultural extension system		
Support to private sector organisations by developing Memoranda of Understanding (MoUs)done	Not undertaken in Q4	Achieved as planned
June Dairy month celebrations supported	Not done	No funds released for the activity
3 Multi-stakeholder dairy platform regional and national meetings supported	4 Multi-stakeholder meetings conducted in Mbarara, Gulu,Soroti and Kiboga	Achieved as planned
Gender across agro-industrialization mainstreamed	Gender balanced trainings and support mainstreamed in the dairy activities	Achieved as planned
HIV/AIDS prevention and control in agro-Industrialization activities mainstreamed and HIV/ AIDS affected staff supported	HIV/AIDS information transmitted during stakeholder trainings to ensure prevention, control and support	Achieved as planned
Data collection, management , analyis and dissemination actvities conducted	7 Data collection activities were conducted in Central, Southwest, Eastern,Northeast,Midwest and Northern uganda. Data was collected on milk volumes, quality, prices and markets.	As planned.
Agro-Industrialization Management Information System developed, rolled out and maintained	Not done	Unfunded activity
Quarterly statistical committee meeting conducted	One statistical committee meeting was conducted at the dairy department	Insufficient funds released.
Professional Associations (USS, UEA & IDEAS) subscribed to	20 Dairy Staff subscribed to professional bodies such as the Uganda Veterinary board	Achieved as planned
Programme, project and PDM activity monitoring and evaluation of dairy activities undertaken	4 Programme, project activity monitoring activities have been undertaken to ensure smooth progress	Achieved as planned
Joint Agro-Industrialization programme Annual Review (JAPAR) conducted	Not done in Q4	Achieved as planned
BFP, MPS, Quarterly reports prepared	BFP,MPS and Quarterly reports prepared and submitted to the ministry for consolidation	Achieved as planned

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01116102 Capacity of extension workers enhanced		
Programme Intervention: 011161 Strengthen the agricultural extension system		
Technical working group activities (M&E, UBOS,Agro-Industrialisation) and regular meetings attended	Regular Technical working groups of Agro-Industrialisation programme were attended	Achieved as planned
PIAP Output: 01117101 Climate smart agricultural practices undertaken		
Programme Intervention: 011171 Promote climate adaptation and mitigation practices		
2000 dairy farmers trained in animal waste, utilisation and management (biogas & composting), pasture feed production and conservation and set up pasture demonstration gardens	Trained a total of 763 (487M and 276F) farmers in the 6 milk sheds	Positive response from the farmers towards the training call
30 dairy farmers sensitized to access green financing services	A total of 23 dairy farmers sensitized on green financing and how to access it in eastern region	Achieved as planned
35 water tanks procured and distributed to dairy stakeholders	A total of 40 plastic water tanks to be procured. Procurement process initiated and approved for bidding.	Delayed procurement processes
3 Demonstration biogas plants constructed	A total of 3 bio gas plants with its accessories to be constructed and installed. Procurement process initiated and approved for bidding.	Insufficient funding
6 social demonstration enterprises on fodder production and conservation by the youth groups set up	A total of 6000kgs of seeds and seedlings to be procured. Procurement process initiated and approved for bidding.	Bidding process ongoing, Rolled over to FY2026/27
PIAP Output: 01020401 Agro-processing and value addition standards developed and adhered to		
Programme Intervention: 010204 Establish and ensure compliance to requisite standards		
60 Agro processors trained in quality management systems (HACCP, ISO), Guide acquisition of Q mark	15 SME’s processing cheese, ghee and yoghurt who routinely have been failing to meet regulatory requirements were trained in HACCP, GMP and taken through certification requirements for attainment of Q mark for dairy products they are currently producing.	Insufficient funding
inspection and certification of 700 milk handling facilities in 6 milk shade across the country undertaken	1,066 facilities were inspected across the country	Inadequate funds received

PIAP Output: 01020401 Agro-processing and value addition standards developed and adhered to		
Programme Intervention: 010204 Establish and ensure compliance to requisite standards		
Support regulations and operations by Crop Inspection and Certification and Agriculture Police to Strengthen inspection, certification and regulation to control key agricultural inputs on the market	A total of 293 agro input shops were inspected for compliance to agrochemical and seed regulation, a total of 10263L/kg of Counterfeit and substandard products were confiscated from the market in 5 zonal inspection areas the districts of Kamuli, Bugiri, Iganga, Busia Mitooma, Sheema, Isingiro, Kazo and Kiruhura Masaka city, Masaka DLG, Lwengo, Kalungu and Kyotera Kakumiro, Kibale, Kagadi, Kikuube, Kiryandongo, Masindi, Hoima City, and Hoima. Two (02) radio talk show held on 92.9 Equator F.M, in Iganga district to sensitize masses on safe use and handling of agrochemicals and detection of counterfeits was held. A total of 487 (of whom 121 were females) stakeholders sensitized and trained on the detection, prevention, and reporting of counterfeit agro-inputs in Bugiri, Tororo, Butaleja, Namayengo, Mayuge, Iganga, Luuka, Jinja, Kamuli, Buyende and Kaliro Lwengo, Masaka, Kalungu, Kyotera and Bukomansimbi.	The annual target was exceeded because of intensified zonal inspections, joint enforcement with Agriculture Police, increased reports of counterfeit inputs and expanded sensitization of dealers, farmers and other stakeholders.

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01111201 Fertilizer access and application increased		
Programme Intervention: 011112 Increase the uptake of fertilizers		
Establish a fertilizer subsidy program to increase production and productivity through support to the Kampirigisa- Mpigi Intracom fertiliser factory.	348,017 bags of fertilizers procured awaiting Distribution to the beneficiary farmers from Intracom fertiliser factory and Dei Biopharma increase production and productivity	The procurement component was completed, but full delivery to beneficiary farmers was delayed by beneficiary verification, distribution planning and logistical arrangements.
PIAP Output: 01010201 Agricultural inputs on the market quality assured		
Programme Intervention: 011111 Produce, multiply and distribute quality seed and inputs (particularly for priority commodities)		
quarterly inspection, monitoring and certification exercises of Fumigation facilities, agro-chemical premises, dealers, seed	Sanitary and Phytosanitary (SPS) audits of 122 grain aggregation centers and storage facilities for grain and pulses conducted in the Districts of Tororo, Iganga, Jinja, Kaliro, Mayuge, Butaleja, of Ibanda, Mbarara, Rukungiri, Kisoro and Kabale and Two (2) radio talk show was held on 94.6 Eye F.M in Iganga district and on 89.7 Rwenzori F.M, Ibanda to sensitize masses on best practices of grain store management. A Monitoring compliance inspection was conducted for Kyebe General Enterprises Limited formulation and Repackaging facility and Bukoola Chemical Industries Limited Repackaging facility	Implementation accelerated in Q3 and Q4 after limited activity during the first half of the year. Expanded SPS compliance requirements for grain and pulses resulted in broader facility coverage than initially planned.
Quarterly inspection and auditing of planting materials of fruits and vegetables conducted in all regions	Ginger Farmers inspected and audited for compliance with the UK market requirements for Ralstonia Pest in 13 districts of Mpigi, Butambala, Masaka, Kalungu, Lwengo, Luwero, Luuka, Mukono, Kayunga, Kyotera, Gomba, Wakiso, Rakai	Inspection coverage expanded in response to export-market requirements for flowers, fresh fruits, vegetables and ginger. Different commodities and measurement units were reported across quarters; therefore, achievements are presented cumulatively by activity rather than combined into one figure.

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01010201 Agricultural inputs on the market quality assured		
Programme Intervention: 011111 Produce, multiply and distribute quality seed and inputs (particularly for priority commodities)		
Agricultural Inspectors to undertake 24 hour regulatory border controls on all the 11 major border posts facilitated	Maintained 24-hour regulatory border controls on all the 13 major border posts of Entebbe International Airport, Busia, Lwakhakha, Suam, Malaba, Elegu, Mpondwe, Cyanika, Katuna, Mutukula, Portbell, Lugogo and Nakawa to facilitate inspection and certification of imports of agricultural commodities. 18,447phytosanitary certificates issued	Coverage exceeded the plan because additional strategic border and inland clearance points required continuous inspection services to facilitate trade and maintain phytosanitary compliance.
quarterly inspections and enforcement for product adherence to regulatory requirements compliance in the major input	One national wide enforcement for product adherence to regulatory requirements compliance in the major input was conducted and 2MT of assorted non compliant products were confiscated and seized.	Enforcement was intensified in response to continued circulation of non-compliant agricultural inputs and the need to strengthen awareness among traders, clearing agents, women cross-border traders and persons with disabilities.
National Seed Board and National Variety release technical Committee meetings held to consider release of new crop varieties and seed merchant registration to improve nutrition and food security.	DUS trials for five candidate varieties of sunflower, two candidate varieties of rice, three candidate varieties of yam, two candidates of potato and 7 candidates of maize established and data collected in Wakiso, Mukono, Hoima, Lira, Bulambuli, Kabarole, Arua, Mayuge and Masaka One visit to NPT sites in the districts of Kabarole, Kasese, Arua, Lira, Mayuge, Bulambuli, Soroti, Masaka, Kabale, Kisoro and Mukono	The number and mix of candidate varieties depended on submissions received from breeders and seed companies. Trial establishment and data collection progressed according to crop seasons and availability of suitable trial sites.
100 dealers of agrochemicals from all regions trained for purpose of ensuring safe use & administration and protection of the	Four hundred one (401) agrochemical dealers (190 Females and 211) Males) were trained on safe pesticide handling and application in Gulu, Lira, Kasese, Kassanda, Mbarara and Wakiso Districts.	The annual target of 400 dealers was exceeded because of increased demand for registration training and expanded delivery across Gulu, Lira, Kasese, Kassanda, Mbarara, Wakiso, Kagadi, Fort Portal and Mayuge.

PIAP Output: 01115102 Pest, vector and disease diagnosis and control capacity enhanced		
Programme Intervention: 011151 Strengthen pest, vector, disease management and control		
Demonstration of appropriate technologies and innovations for control of Fruitflies, Striga,Nettle caterpillar, Tuta absoluta & Black Coffee Twig bore in Eastern, Western and Central districts to 60% youth, Women & elderly.	Demonstrated on control of Banana Rust Thips were conducted in the districts of Ibanda, Sheema, Rukungiri, Mitooma, Mbarara, Rwampara, Kamwenge, Ntungamo, Mityana, Mpigi, Masaka and Gomba. A total of 275 farmers and 76 Agricultural extension workers were demonstrated to on best and effective control measures of the Banana Rust Thrips. During the demonstrations, neem oil was observed to reduce thrip populations by 90% 2 days after spraying; the yellow sticky traps had the highest trapping ability then followed by the blue traps. Farmers and agricultural extension workers appreciated the timeliness of these demonstrations and promised to cascade the knowledge to the other stakeholders	Done as planned

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01115102 Pest, vector and disease diagnosis and control capacity enhanced		
Programme Intervention: 011151 Strengthen pest, vector, disease management and control		
Guidelines for community action for control of pests and disease reviewed/ developed e.g. BBTV, BXW, Golden Dodder and African Armyworm	2 guidelines; Guideline on control of Banana Rust Thrips, reviewed, updated and disseminated electronically, Draft Rapid Response Plan concept for migratory pests in Uganda done, first presentation to senior sector management meeting done and is in review process for further approval process	On track
Participate in the National Agricultural show at Jinja to ensure increased production and agroprocessing awareness among the farming communities	Participated in 2 national events; the world food day on 16th October 2025 at Rwebitaba ZARDI in Kabarole and the Vision Group agricultural Trade show at Kololo in February 2026. A total of 652 Farmers, 400 students were guided on sustainable crop pests and disease control measures for enhanced food security and household income	Done as planned
Agricultural extension workers trained in use of ICT based crop pest and disease data collection management through plant clinics in local governments.	350 Agricultural extension workers from districts of Hoima, Kagadi, Kasese, Mukono, Luwero, Buikwe, Ibanda, Ntungamo, Masaka, Mitooma, Iganga, Tororo, Kayunga, Soroti, Serere, Kumi, Ngora, Moroto, Abima and Kaberamaido were trained on CABI digital tools (Plantwise factsheet library, Cabi academy and Plantwise knowledge bank) to be able to utilize the tools when operating/ running plant clinics in their subcounties. Some districts pledged to use the certificates generated by CABI academy as way of assessing performance for their staff at the end of the financial year	Done as programmed

Expenditures incurred in the Quarter to deliver outputs *UShs Thousand*

PIAP Output: 01115102 Pest, vector and disease diagnosis and control capacity enhanced		
Programme Intervention: 011151 Strengthen pest, vector, disease management and control		
Plant clinics operations monitored and guidance provided to plant doctors in 30 districts selected from all regions	Monitored plant clinic operations in Sheema, Luwero, Kween, Kagadi, Hoima, Kasese, Ntungamo, Luwero, Kayunga, Mukono, Iganga, Tororo, Buikwe, Mitooma, Masaka, Ibanda, Soroti, Abim, Moroto, Serere, Kaberamaido, Ngora and Kumi. Performance of the clinics was observed to be at less than 60% in all districts except Hoima, Kagadi and Luwero. Extension workers cited lack of facilitation and therefore requested MAAIF to write to CAOs indicating a percentage of the agricultural extension grant that should be set aside for the clinics. They also cited lack of support by MAAIF interms of refresher trainings since there are new staff and other trained staff retire or left service. Moreso, they cited challenge of lack of plant clinic uniforms and kits to enable them execute the plant clinics effectively. All districts appreciated that the plant clinics are very helpful in addressing farmers' plant health issues as well as help districts generate pests and disease data for use in planning and decis	On track as programmed
375 manual spray pumps for pest control procured and distributed in all regions.	Draft National strategy on outbreak of crop pests and diseases in the country reviewed by multi-stakeholders and is due for final presentation to the Senior Sector Management Committee for Approval	Being done as planned

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

1. Evaluate the performance of the climate mitigation and adaptation practices at the on-farm trials and incorporate them in the Cotton Training Manuals for extension workers & Cotton Production Guides. 2. Disseminate quarterly rainfall outlook obtained from Ministry of Water and Environment.	Conducted training sessions on water and soil conservation practices at 50 demonstration plots in Lango, Acholi and West Nile, Bunyoro and Busoga Regions. Establish 2 on-farm trials in Teso and West Nile Regions on flood and drought mitigation practices (ridges, grass bands, mulching, etc). The Department's climate-resilience strategies for the 2026/27 planting season were updated and incorporated into the Cotton Training Manual for extension workers and the farmers' Cotton Production Guides. Monthly rainfall forecasts from the Department of Meteorological Services (DMS) were disseminated to extension workers and Uganda Ginners and Cotton Exporters' Association (UGCEA) to facilitate seasonal planning.	Done as programmed, team also disseminated to extension officers and farmers to guide them on field activities. Established 2 on-farm trials in Teso and West Nile Regions on flood and drought mitigation practices (ridges, grass bands, mulching, etc). The Department's climate-resilience strategies for the 2026/27 planting season were updated and incorporated into the Cotton Training Manual for extension workers and the farmers' Cotton Production Guides. Six new lead farmers were identified to host climate mitigation demonstration plots in West Nile, Bunyoro and Kazinga Channel Regions for the 2026 cotton planting season. Compilation of end of season report on the on-farm trials on flood and drought mitigation practices in Eastern, Lango, Acholi, West Nile, Mid-West & Central

PIAP Output: 01116102 Capacity of extension workers enhanced		
Programme Intervention: 011161 Strengthen the agricultural extension system		
1. Review and update Cotton Training Manuals for extension workers & Cotton Production Guides for farmers based on emerging issues. 2. Organize 4 regional meetings with Ginners' and District extension workers to plan and prepare for the 2026 cotton planting season.	Held 6 meetings with Ginners' extension workers in Busoga, Teso, Lango, Acholi, West Nile and Bukedi Regions to assess extension capacity gaps and trained the extension workers on cotton production technologies. Distributed 200 copies of the Cotton Production Guide to farmers and extension workers during the 2026 Agriculture Show in Jinja. Conducted field visits in West Nile, Acholi, Bukedi, Busoga, Bunyoro and Teso Regions to establish numbers of extension workers retained by Ginners and to sensitize ginners' agents on basic cotton production technologies. Collected data on crop establishment and performance; by end of Q4, an estimated 5,000 acres had been planted in Lango, Acholi and West Nile Regions. The Cotton Training Manual for extension workers and Cotton Production Guides for farmers were updated to effectively address emerging cotton production issues.	Late release of Q4 funds, but end of season done in West Nile, Mid-West & Central and Kazinga Channel Regions. Data on number of farmers trained and training sessions conducted was consolidated for compilation of end of season report. Finalized the consolidation of crop performance data from Ginners' extension workers in Bugisu, Teso, Lango, Acholi, West Nile, Mid-West & Central and Kazinga Channel Regions for compilation of end-of-season report, identifying key production milestones. The Cotton Production Guide was updated and 200 copies were distributed to farmers and extension workers during the 2026 Agriculture Show in Jinja

Key Service Area:010016 Farmer mobilisation and sensitisation

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01116104 Farmers mobilised, sensitised and trained		
Programme Intervention: 011161 Strengthen the agricultural extension system		
1. Broadcast one radio message in 10 local languages to sensitize farmers in Busoga, Bukedi, Bugisu, Teso, Lango, Acholi, West Nile, Mid-West & Central and Kazinga Channel Regions on registering for cotton growing for the 2026. 2. Prepare and present Uganda's quality standards to the International Cotton Association (ICA) & Bremen Cotton Exchange for approval and adoption as the official quality grades. 3. Undertake classing/grading of about 400 lint samples and issue quality certificates to ginners. 4. Commence identification of Lead farmers who will host the demonstration plots during the 2026 season.	In preparation for the 2026 cotton planting season, farmers including women and youth in Busoga, Bukedi, Bugisu, Teso, Lango, Acholi, West Nile and Bunyoro Regions were sensitized on availability cotton planting seed, planting windows for each region based on weather forecasts and land preparation. Two hundred and thirty-one Lead farmers were selected to host demonstration plots in Busoga, Bukedi, Bugisu, Teso, Lango, Acholi, West Nile and Bunyoro Regions. 95 demonstration plots were established in Busoga, Bukedi, Bugisu, Teso, Lango, Acholi, West Nile, Mid-West & Central and Kazinga Channel Regions and used to train farmers of cotton production technologies. Extension message on availability of seed, crop establishment and management, and soil & water conservation were broadcast on local radios in local languages. Collected data from Ginners' Extension workers on cotton establishment and performance; estimated 5,000 acres had been planted in Lango, Acholi and West Nile Regions.	Done as planned, also undertook the Cotton Classing Lab standardization of the 2 High Volume Instrument Testing machines using lint samples from United States Department of Agriculture. Mobilization and sensitization of farmers for the 2026 cotton planting season commenced in Eastern, Northern, West Nile and Bunyoro Regions. 231 Lead farmers were selected to host demonstration plots in Busoga, Bukedi, Bugisu, Teso, Lango, Acholi, West Nile and Bunyoro Regions. 95 demonstration plots were established in Busoga, Bukedi, Bugisu, Teso, Lango, Acholi, West Nile, Mid-West & Central and Kazinga Channel Regions and used to train farmers of cotton production technologies. Prepared Uganda's quality standards for presentation to the International Cotton Association (ICA) and the Bremen Cotton Exchange in August 2026 for official approval and adoption.

1. Initiate procurement of production inputs (pesticides and spray pumps) for the 2026/27 cotton production season. 2. Review and up-date input distribution procedures and mechanisms. 3. Broadcast extension messages to sensitize farmers and extension workers on production inputs for the 2026 cotton planting season.	The contract for supply and delivery of 13,728 units of pesticides was signed. Delivery is expected in September, 2026. A total of 15,108 units of pesticides were delivered to the 9 Regional Bulking Centres in Iganga, Tororo, Bukedea, Lira, Kitgum, Gulu, Nebbi and Masindi Extension messages were broadcast on local radios to sensitize farmers and extension workers on availability of pesticides. Undertook 2 field trips to Lango and Acholi Regions to monitor pesticide distribution and sale and trained farmers including women and youth on proper pesticide usage and on-farm storage Collected data from extension workers on pesticides sold and used by farmers.	Late release of funds, however the end-of-season reporting on input distribution, sales, and utilization commenced. To date, five of the nine regions, namely Bukedi, Teso, Bugisu, Lango and Acholi have finalized their reports, and the consolidation of this data has already commenced.

1. Organize transport services to deliver an additional 500 Mt of fuzzy seed and continue delinting, grading and packaging of the cotton planting seed at the 2 Stations in Pader & Kasese. 2. Conduct 2 visits to the 2 Seed Processing Stations to monitor seed processing activities and seed quality control measures. 3. Undertake 2 field trips to inspect the 8 Regional Inputs Bulking Stores in Iganga, Tororo, Bukedea, Lira, Kitgum, Gulu, Nebbi and Masindi to verify compliance to the required seed storage standards. 4. Organize haul transport services to deliver about 1,500 Mt seed to the 8 Regional Inputs Bulking Centers. 5. Broadcast radio massages in 10 local languages to sensitize cotton farmers on availability of seed and the seed collection points in preparation for seed distribution for the 2026 season.	Transferred 400 Mt of cotton planting seed from Pajule and Kasese Seed Processing Stations to Nakivumbi ginnery in Iganga District, Nyakesi ginnery in Tororo District, Kachumbala in Bukedea, Lira, Kitgum, Coroom in Gulu, Parombo in Nebbi and Masindi. Radio messages sensitizing farmers on availability of seed and the seed collection points in preparation for the 2026 cotton planting season were aired on local radios across Busoga, Bukedi, Bugisu, Teso, Lango, Acholi, West Nile, and Bunyoro Regions. Distributed 78 Mt of cotton planting seed to farmers in Busoga, Bukedi, Bugisu, Teso, Lango, Acholi, West Nile and Mid-West & Central Regions. Distributed 1.5 Mt of seed to farmers in the 10 hard-to-reach districts of Amuria, Katakwi, Abim, Napak, Koboko, Karenga, Adjumani, Moyo, Yumbe & Obongi Districts. Ginning Outturn Tests (GOT) were conducted at the 13 ginneries in Eastern, Northern, West Nile and Kazinga Channel Regions. 13 ginneries were licensed to gin in the 2025/26 season	Monitoring seed distribution to farmers and crop establishment was conducted in Bukedi, Teso, Lango, Acholi and West Nile Regions by the Regional Senior Agriculture Officers and head office staff from the Division of Cotton Production. Preparations for processing of seed for the 2026/27 season commenced with inspection of seed processing machinery and equipment at Pader and Kasese Stations. Spare parts required by the 2 Stations were identified. Spare parts for the seed processing machinery were delivered, the contract for supply and delivery of 4,000 litres of seed dressing chemical was signed and the procurement of seed packaging bags was retendered. Data collection on seed distribution to farmers, crop establishment and performance was undertaken in Eastern, Northern, West Nile, Bunyoro and Kazinga Channel Regions. Inspection of 13 ginneries as part of the registration requirement was conducted in Eastern, Northern, West Nile and

PIAP Output: 01111303 Quality assurance for aquaculture and capture fisheries

Programme Intervention: 011113 Strategically invest in the fisheries sub-sector and aquaculture development

One quarterly Monitoring Control (MCS) and Surveillance enforcement operation to ensure compliance of fishing practices with fisheries laws and regulations undertaken	216 Monitoring Control and Surveillance enforcement operations to ensure compliance of fishing practices with fisheries laws and regulations conducted on 5 major water bodies.	H.E directive to dissolve the FPU, Landing Site Committees and Formation of 155 Marine Battalion and modalities of Operations led to a variation in performance.
120,000 fishers and other operators registered and licensed in different regions	1359 fisheries activities along the value chain licensed.	The Licensing process of fishing boats/vessels was delayed by H.E directive on the formation of Landing Site Management Committees and reduction of Capacity on water bodies. And also, the directive of the Hon. MoSF to halt licensing of fishing vessels until the Marine UPDF Battalion 155 finalizes formation of Landing Site Management Committees.

VOTE: 010 Ministry of Agriculture, Animal Industry and Fisheries

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01111303 Quality assurance for aquaculture and capture fisheries		
Programme Intervention: 011113 Strategically invest in the fisheries sub-sector and aquaculture development		
Quarterly supervision and coordination of the review of fisheries regulations (SOPs, SIs for fisheries licensing and enforcement)	One meeting between Fisheries Resources, MAAF and the representatives from the First Parliamentary Counsel was held in Q4 to provide missing information on outstanding issues for the 8 revised technical draft Fisheries Regulations namely; The Fishing Capacity Management Regulations, 2026; The Fish Quality Assurance Regulations, 2026; The Fish Maw and fish maw trade regulations, 2026 The Aquaculture Regulations, 2026; The Closed Fishing Regulations, 2026; The Fisheries and Aquaculture Co-management. 2026; The Fisheries Breeding Areas Regulation. 2026; The Restocking and Stocking Regulation, 2026)	The Regulations follow a standard procedure provided for in the Principal Law.
Establish, regularly update and keep custody a registers for different categories fisheries stakeholders;	An updated partial register was established in Q4 for different categories fisheries stakeholders, however, not complete for some districts.	Finalization of registers has been delayed by H.E directive on the formation of Landing Site Management Committees and reduction of Capacity on water bodies.

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 01111303 Quality assurance for aquaculture and capture fisheries		
Programme Intervention: 011113 Strategically invest in the fisheries sub-sector and aquaculture development		
Fisheries licensing tools (Books, VIPs etc.) procured and issued, and their proper utilization ensured.	Procurement of out-board engines, life jackets, 6 Fibre glass vessels/boats and 6 vessel/boat consoles pending clearance from Solicitor General, however, Letters of Credit were issued for those items above. Procurement of Licensing tools; Generators, Printers, Computers was not successful. Procurement of Electronic Surveillance Drone was not successful	The Process was delayed by Procedural clearance from MoWT as a requirement of PPDA. The procurement of licensing tools, generators, printers, and computers was unsuccessful due to a technical issue with the Electronic Government Procurement (eGP) system, which did not accept the second bid documents submitted by the bidders. The procurement of the electronic surveillance drone was delayed due to the requirement for clearance from the Chief of Defence Forces and the Civil Aviation Authority before the procurement process could proceed.
The fisheries quarterly licensing program in the country coordinated and supervised.	Coordination and Supervision for fisheries Licensing program was conducted in Buvuma, Buikwe, Mukono, Namayingo, Mayuge, Busia, Bugiri, Kalangala, Masaka, Kalungu Buliisa and Hoima	Coordination and Supervision for fisheries Licensing program is conducted quarterly in selected districts as per available funds in the Budget.

Quarter 4

Performance highlights for the Quarter

During Q4, the Ministry made significant progress in coordinating the Parish Development Model (PDM), strengthening Local Government oversight and implementing development programmes. Under PDM, 8 stakeholder engagements were conducted Nationwide; Presidential Directives and the functionality of PDM structures were monitored in 64 Local Governments; Parish Development Committees were trained in Busoga, Ankole, Masaka and Kigezi; and an Annual PDM Status Report was prepared. Comprehensive inspections and supervision were also conducted in 41 Local Governments.

To strengthen Compliance, Accountability and institutional performance, 33 Local Governments were supported to develop Performance Improvement Plans, 40 urban Local Governments were inspected for compliance with laws and guidelines, and 31 Local Government development plans were confirmed to be aligned with NDP IV. Procurement inspections and capacity-building were conducted in 20 Local Governments, while Contracts Committees in another 20 were monitored and supported.

Under infrastructure development, the National Oil Seeds Project completed 981.62 km of Community Access Roads against an annual target of 1,034 km, representing about 95% achievement. The LEGS Project constructed 150 km of roads and completed 4 Agro-processing facilities against a target of 1, Capital works were monitored in 60 Local Governments, while 4 Development projects were monitored in 45 selected Local Governments.

Local revenue mobilization also improved, with 1,032 new taxpayers registered against a target of 1,000 and reported local revenue reaching 132 against a target of 20. The Ministry supported 10 cities and 26 municipalities, including 15 newly enrolled municipalities, to prepare for UCMID, focusing on staffing, infrastructure, market management and physical planning.
By the end of Q4, the Ministry had spent UGX 180.328 billion, representing 92.1% of the approved Budget and 75.9% of released funds.

Variances and Challenges

VOTE: 011 Ministry of Local Government

Quarter 4

Despite strong overall performance, some outputs remained below target. External financing recorded an absorption rate of 63.1%, compared with 97.2% for GoU Counterpart resources. This was mainly due to the multi-year nature of Infrastructure Projects, where expenditure depends on completing designs, Environmental and social assessments, civil works, certification and approval of payment claims. As a result, some activities were still ongoing at the close of the financial year.

Under RUDSEC, the planned 9 local markets and 324 km of Community Access Roads were not completed by the end of Q4. However, expenditure was incurred on consultancy services, environmental assessments, supervision and other preparatory activities required for the construction. The National Oil Seeds Project completed 981.62 km against a target of 1,034 km, leaving 52.38 km at different stages of implementation.

Some institutional and Capacity-building outputs were partially achieved. The Ministry supported 45 of the Planned 100 Local Governments and institutions to implement the Balanced Scorecard; trained 20 of the planned 30 Local Governments to operationalise LEDICs; developed LED strategies in 25% of Local Governments against a target of 60%; prepared 2 of 4 planned Cabinet Memoranda; and convened 2 of 9 planned RDP leadership, Programme Working Group and Technical Working Group meetings. The shortfalls resulted from prioritization of urgent activities, consolidation of related engagements and delays in coordinating participating institutions and Local Governments.

Under Project 1894, UGX 50 million remained unspent because items were delivered on 29 June 2026, after the payment system had closed, and the supplier had not submitted a valid tax invoice. The funds were returned to the Treasury. The Ministry will strengthen procurement planning, contract monitoring, documentation and timely certification to ensure activities and payments are completed before year end.

Quarter 4

Performance highlights for the Quarter

LAND MANAGEMENT
-17.717bn revenue collected
-LAVMIS integrated with URA System
-47,902 titles issued to men & women
-District & City Administrative boundaries revised for draft printing of the National Atlas
-1 Parish map for Lujjehe Ward developed
-2 combined blocks reports separated for Mukono MZO
-23,549 property Valuations carried & supervised
-64 land acquisition for Government Infrastructure projects supervised
-Land market research conducted in Mukono
-Land Valuation Management Information System pilot continued in 6 MZOs
-11 DLBs were vetted & only 3 were approved
-161 land titles in fragile ecosystems investigated for cancellation
-15km of KE-UG border surveyed & demarcated
-2 Large scale Town/City Maps produced for Mbale & Masaka
-Regional Tourist Map revised & produced for Lake Mburo National Park
-SLAAC for Ibanda, Kiruhura and Kazo undertaken

HOUSING DEVELOPMENT
-8 condominium plans vetted
-2 meetings held to review the revised draft real estate bill
-2 Communities i.e., Hope saving group & Tweimukye women group were identified & trained on formulation & development of Housing Cooperatives in Hoima
-Slum profiling exercise undertaken in Hoima City

URBAN DEVELOPMENT
-Physical planners & enforcement officers in Urban Councils of Rukiga & Rubanda DLGs trained in compliance & enforcement of PDPs
-Technical support and supervision of the preparation of PDPs undertaken in 2 DLGs of Bukwo & Kween.
- 1 Slum profiled and mapped in Kikinjagi, Soroti City
In-house feasibility studies for local economic infrastructure subprojects identified in 15 municipalities are ongoing at the stage of review and discussions with respective MCs.
-Technical support was provided to 8 UCMID MCs to prepare PDPs.
-Key UCMID Program Management activities completed, including strategic reviews of the; Operational Implementation Manual, Operation Appraisal Document, Financing Agreement, Performance Assessment tools, workplans and budgets, & engineering designs for subprojects.

Variances and Challenges

VOTE: 012 Ministry of Lands, Housing & Urban Development

Quarter 4

i. The Ministry received supplementary budget under;
- External financing for USMID II - UGX. 24.412 billion to facilitate preparation activities for the UCMID project.
- Non-wage recurrent budget for Compensation of 3rd parties - UGX. 20.8billion.

ii. The low budget performance under Ext. financing (28.2%) is due to the unutilized planned funds under the UCMID project due to lack of a financing agreement.

iii. The 80.9% Wage performance is due to the delayed clearance by MoPS for recruitment of Staff. The recruitment process is still ongoing.

iv. The 18.8% unspent balance of the released Non-Wage Recurrent budget is largely attributed to the delayed payment of third-party compensation, pension, and gratuity pending the completion of due diligence and verification exercises.

v. The partial release of funds constrained the full implementation of the Ministry’s approved workplan. In particular, only 58.5% of the GoU development budget was released, which significantly affected the timely implementation of planned project activities. In addition, delays in the procurement process also contributed substantially to the unspent balances under the GoU Development budget.

VOTE: 012 Ministry of Lands, Housing & Urban Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1514 Uganda Support to Municipal Infrastructure Development (USMID II)		
PIAP Output: 10010101 Urban infrastructure constructed i.e roads, markets		
Programme Intervention: 101112 Invest in GKMA, Cities and other strategic Urban areas as Uganda's gateway to the world		
-Consultancy services undertaken for engineering designs (5 Lots) for; Design update of existing designs in 10 cities, 11 MCs; Design of new climate-smart infrastructure in 10 cities & 11 MCs; Design of climate -smart infrastructure in 15 New MCs.	-In-house feasibility studies for local economic infrastructure subprojects (taxi parks, lorry parks, markets, leisure parks) identified in 15 municipalities are ongoing at the stage of review and discussions with respective municipalities. These subprojects include: Taxi Park in Masindi MC, Taxi Park and bus parks in Nebbi, Koboko, Kotido, Kapchorwa, Kumi; Trailer Park in Bugiri MC; Taxi Park and central market in Mityana MC; Kyorora-Soweto food market in Ibanda MC; Taxi, bus park, and the mayor's garden in Kisoro; Lorry Park and leisure park in Rukungiri; Ishaka central market in Busheny-Ishaka MC; and Sheema Central market in Sheema MC.	The design update of existing designs in 10 cities and 11 municipalities was pended following guidance from the World Bank. These will be done when the UCMID Operation becomes effective, after all effectiveness conditions are met.
-Technical support provided to 8 MCs to prepare Physical Development Plans (PDPs)	-Technical support was provided to 8 municipalities to prepare Physical Development Plans.	
-10 cities, 26 MCs, and 11 Districts supported to develop institutional strengthening and investment plans for green, low-carbon, and climate-resilient infrastructure	-Technical support provided to 10 cities, 26MCs and 13RHD in development of Institutional strengthening plans for implementation in FY 2026/27; and Infrastructure investment plans for implementation in FY 2026/27 prepared by 10 cities and 11 municipalities Capital investment plans (2026-2032).	
- 32LGs supported in transparency and public accountability by citizen engagement through formation, training, and provision of technical support to Development forums.	-10 cities and 26 municipalities provided training and technical support to ensure functionality of the development forums (a minimum access condition for the urban development grants).	
-Strategic communications and public outreach (media relations, awareness, brand and visibility, digital and social media, internal and external communications, event communication support, crisis communication and reputation management) undertaken	Conducted 4 virtual awareness-raising meetings on the UCMID operation with representatives of 10 cities, 26 municipalities, and 13 refugee-hosting districts.	
- Value for money audits for infrastructure investments undertaken in 10 cities, 11 MCs, and 13 Districts	Terms of reference for the value for money audit have been prepared.	The VFM audits will commence when the UCMID project Operations are declared effective.

Table V1.3: High Unspent Balances and Over-Expenditure in the Approved Budget (Ushs Bn)

(i) Major unspent balances		
Departments , Projects		
Programme:12 Human Capital Development		
Vote Function:02 Higher Education		
0.021	Bn Shs	Department : 003 Teacher Education Training and Development
		Reason: The unspent balances are for Maintenance-Transport Equipment
Items		
0.018	UShs	228002 Maintenance-Transport Equipment
		Reason:
0.192	Bn Shs	Department : 004 Secretariat for Higher Education Student Financing
		Reason: The unspent balances are for Bank Charges and other Bank related costs, Maintenance-Machinery & Equipment Other than Transport Equipment, Information and Communication Technology Supplies.
Items		
0.017	UShs	228003 Maintenance-Machinery & Equipment Other than Transport Equipment
		Reason: Following REPAX, the Loan Scheme became a department. Funds secured and held at the Bank of Uganda (BoU) in FY 2024/25 were carried forward and utilized by the department in FY 2025/26, resulting in unspent balances.
0.005	UShs	221014 Bank Charges and other Bank related costs
		Reason: Following REPAX, the Loan Scheme became a department. Funds secured and held at the Bank of Uganda (BoU) in FY 2024/25 were carried forward and utilized by the department in FY 2025/26, resulting in unspent balances.
0.042	UShs	221008 Information and Communication Technology Supplies.
		Reason: Following REPAX, the Loan Scheme became a department. Funds secured and held at the Bank of Uganda (BoU) in FY 2024/25 were carried forward and utilized by the department in FY 2025/26, resulting in unspent balances.
Vote Function:04 Policy, Planning and Support Services		
3.414	Bn Shs	Department : 002 Human Resource Management Department
		Reason: The unspent balances are for Employee Gratuity and Transfer to Other Government Units.
Items		
0.775	UShs	211104 Employee Gratuity
		Reason: The funds remained unspent because some retired personnel did not submit the required documentation within the stipulated timeframe, resulting in delays in processing and disbursement.
0.125	UShs	263402 Transfer to Other Government Units

VOTE: 013 Ministry of Education and Sports

Quarter 4

Performance highlights for the Quarter

1) Procured and distributed 3,441 metallic cabinets to selected UPE schools.
2) Procured and distributed 234,630 language textbooks (125,440 junior dictionaries and 109,190 local languages).
3) Procured and distributed English (105,535) and Mathematics (105,535) Textbooks to all Government Secondary Schools across the country at a ratio of 2:1.
4) Completed the expansion works at St. Kizito–Kitovu (Masaka) and Lutunku Technical Institutes (Sembabule), while works at seven other institutes reached an average completion of 92%, up from 84.2% in Q3.
5) The construction of the Skills Development Headquarters (SD HQs) was estimated at 69% up from 62% in Q3.
6) Continued the construction of the administration block at Wapakhabulo Memorial College of Nursing and Midwifery, which is estimated at 70% up from 50% in Q3.
7) Issued a contract offer to the UPDF Engineering Brigade for the university's construction. The offer is awaiting acceptance by the Ministry of Defence and Veterans Affairs (MODVA).
8) Completed the construction of a Multipurpose Science Lab at Bishop Stuart.
9) Sponsored 263 students in oil and gas for improved and increased quality of skilled personnel in the oil and gas sector.
10) Completed and submitted the Ministerial Policy Statement (MPS) along with the final Budget Estimates for FY 2026/27.
11) Completed one feasibility study for the Digital Education Modernization of the Uganda TVET System by Ardent Services Int. Ltd, and a report has been submitted to the Development Committee at MoFPED.
12) Revised existing EGR materials, including Kiswahili, Uganda Sign Language, and Remedial education.

Variances and Challenges

The Ministry received Ushs. 278.73 billion, comprising Ushs. 197.54 billion in domestic funding and Ushs. 81.19 billion in external financing. Despite full provision for some budget components, significant shortfalls remained in Non-Wage Recurrent expenditure, Subventions and Domestic Arrears, which affected the Ministry's ability to meet obligations related to instructional materials, financing of civil works at Mandela National Stadium and settlement of outstanding arrears. The memo recommended prioritizing available resources through the Finance Committee based on previous fund utilization and critical interventions, requesting additional expenditure limits, and preparing the warrant for submission to the Ministry of Finance, Planning and Economic Development through IFMS.

Programme:12 Human Capital Development		
Vote Function:01 Career Guidance, Counselling and Placement		
Departments		
Department:001 Guidance and Counselling		
Key Service Area:000030 Career Guidance		
PIAP Output: 12131401 Schools provided with existing support services (guidance and counselling, child protection, school health, nutrition services) to ensure holistic development of learners at all levels		
Programme Intervention: 121314 Strengthen support services (guidance and counselling, child protection, school health, nutrition services) to enable retention and completion at all levels		
Salaries for 11 Department staff paid	Salaries for 11 department staff were paid.	Staff remuneration was affected as planned, ensuring continuity of departmental operations. Procurement process was completed, and the guides are ready for dissemination.
	3,000 copies of information guides were printed and distribution was completed to facilitate Mental health and psychosocial support for 1500 secondary schools across the country.	These guides provide practical tools and structured approaches for educators, counselors, and community workers to identify, respond to, and support individuals experiencing psychological distress.
25 education institutions support supervised focusing on career, educational, psychosocial aspects of guidance	Supported and supervised 100 education institutions on career, educational, and psychosocial guidance	This enhanced learners' access to guidance interventions, promoted informed career and education choices, and improved psychosocial well-being within the institutions.

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 12131401 Schools provided with existing support services (guidance and counselling, child protection, school health, nutrition services) to ensure holistic development of learners at all levels		
Programme Intervention: 121314 Strengthen support services (guidance and counselling, child protection, school health, nutrition services) to enable retention and completion at all levels		
	A total of 657,000 Senior One (S.1) and 284,620 Senior Five (S.5) learners were successfully placed. 3,000 information guides were printed, with more than half disseminated and distributed to support the placement process.	S.1 placement was below target, indicating transition gaps, while S.5 placement exceeded target, suggesting improved retention and possible inclusion of backlog learners. Review of the Placement Information Guide for Senior Four (S.4) leavers was conducted prior to printing and dissemination, ensuring accuracy, relevance, and quality of information provided.

Training subvention grants for 196 learners in UPIK provided. Busoga and Bunyoro Universities established	Sponsored 196 learners in UPIK. Established Busoga University. Established Bunyoro University. Supported the Karamoja University of Science and Peace.	Fifteen (15) admitted students did not report. Although the government meets 80% of the tuition costs, the 20% student contribution remains relatively high, which continues to discourage many from taking up the scholarships. The Taskforce has commenced the process of preparing the Cabinet Memorandum for its establishment. The Memorandum is awaiting the Certificate of Financial Implications. Renovation works at the Iganga Campus have been completed. The proposed change of name to Busoga National University is awaiting cabinet and gazettement. A contract offer for the construction of Bunyoro University has been issued to the UPDF Engineering Brigade for the construction of the university and is awaiting acceptance by the Ministry of Defence and Veterans Affairs (MODVA). A total pledge of UGX 30

One monitoring exercise for learners in 4 universities and 5 other higher education institutions conducted Spot check verification visits for 70 prospective loan beneficiaries conducted	Monitored learners in 16 universities and 20 other higher education institutions. Below are the institutions that were visited: Mulago School of Nursing and Midwifery, MUK, KIU, Ndejje, Kampala University, Bugema, Museta I Royal University, Masaka COHES, Uganda Institute of Allied Health and Management Science, Kabale University, GULU COHES, BSU, Nakawa Vocational College, International University of East Africa, Nkumba University, Conducted spot check verification visits for 280 prospective loan beneficiaries.	The monitoring was done to reconcile, sensitize and orient the Higher Education Institutions' students and Administrations on the current institutional framework. Conducted a verification exercise for the newly identified beneficiaries with disabilities to confirm their eligibility, validate supporting documentation, and ensure that the assistance is appropriately targeted to their specific needs.
	Procured assorted computer supplies and IT services, including software and anti-virus licenses, to support the Integrated Loan Management Information System (ILMS). Conducted a head count for 5,481 (3,444M and 2,037F) beneficiary students at Higher Education Institutions.	The head count of beneficiary students was conducted to verify the enrolment and eligibility of beneficiaries, ensure accurate records, prevent fraudulent claims, and promote accountability in the management of government-funded scholarships and student loan programmes.

Salaries for 28 staff paid Operational cost of the department facilitated 2 print and broadcast media messages on loan repayment executed. 3 full page newspaper adverts on call for loan applications executed.	Paid salaries for 28 staff. Facilitate the operational cost of the department. Executed 8 print and broadcast media messages on loan repayment. Executed 3 full-page newspaper adverts in New Vision and Monitor newspapers on call for loan applications.	This enhances employee morale, productivity, and job satisfaction by reducing financial strain. The payment of operational costs is essential for enhancing the department's communication and operational efficiency. Loan repayment was promoted through weekly SMS reminders to 11,668 beneficiaries, talk shows were held on Radio Paidha, Voice of Lango (Lira), Arua One, Rupiny FM (Gulu), a legal notice and an ultimatum to defaulters. Regional meetings were conducted with beneficiaries due for repayment in the Northern and West Nile regions. Three public notices were issued to support the administration of the Higher Education Students' Loan Scheme. These included an extension of the loan application period to enable eligible UNITE students to access the scheme, a regret notice to 1,881 unsuccessful loan appeal applicants for FY 2025/26 due to funding constraints, and a call for loan applications for the 2026 academic year.

Annual procurement and disposal plans for FY2025/26 on the e-GP prepared and published. Quarterly Contracts Committee meetings facilitated.	Prepared and published the annual procurement plan for FY2025/26 and uploaded it on the e-GP, enhancing procurement efficiency by minimising delays and disruptions. Facilitated 57 Contracts Committee meetings to ensure adherence of Ministry procurements to the legal and regulatory requirements of the Public Procurement and Disposal of Public Assets Act, 2003 (PPDA Act). No petition for an administrative review was submitted.	This is a strategic document that outlines what the Ministry will procure and/or dispose-off in the Fiscal Year. Facilitation involved preparation, photocopying, and transporting documents to the committee members' offices, as well as providing meals and refreshments during the meetings. Reviews are conducted solely when the need arises.

	Established a filing system for Ministry staff, school teachers, and pensioners. Appraised 760 files, weeded out 89 inactive ones. Filled and dispatched documents to relevant officers and the appropriate offices, ensuring timely access to essential information for informed decision-making.	A well-organized registry ensures that documents can be quickly located when needed, reducing delays and wasted effort. This entailed analyzing all existing records of tertiary and secondary schools' teaching staff files and the Annual Confidential Report (ACR) folder to establish those still in service and those not. Documents include appointments, postings, transfers, confirmations, and all other letters provided for in the ESC minute books.

PIAP Output: 12090101 laws, Policies and regulatory reforms developed and implemented for Education		
Programme Intervention: 120901 Support education service delivery and quality through legal, policy and regulatory reforms		
Ministerial and Interministerial consultation and coordination activities conducted. Ministers Political Assistants facilitated	Coordinated fifteen inter-ministerial meetings and related coordination activities involving the Ministry of Justice, Ministry of Lands, Ministry of Gender, Ministry of Finance, the Uganda National Teachers' Union (UNATU), and the Uganda Professional Humanities Teachers' Union (UPHTU). Paid duty facilitation allowances to three (03) Ministers' Political Assistants to handle correspondence and follow up on important matters.	These covered issues of institutional land ownership and salary enhancements for Arts teachers and TVET instructors. A duty facilitating allowance is a financial incentive provided for performing additional duties and working under special conditions that go beyond their normal job responsibilities.
Political Representation at regional and International Fora facilitated. National functions and special assignments for Minsters facilitated. Security meetings and guards for office and personal safety of Ministers and Officers facilitated	Facilitated Ministers to attend six (06) regional and international events. Facilitated 9 Ministers' special assignments. Facilitated Security on the Ministry premises.	This involved coordinating with the Ministers' offices to align travel with their availability and official duties, prepare and allocate budget for travel and ensure necessary clearances and approvals. This promoted collaboration with stakeholders, development partners, and institutions during national functions. Paid duty facilitating allowances for 38 security personnel.

Department retreat held to review performance and devise strategies for improvement. Implementation of Presidential Pledges under Primary and Secondary education sub sub programme in Local Governments monitored Quarterly Subprogramme financial analysis	Department retreat held to review performance and devise strategies for improvement was not done. Monitored implementation status of presidential pledges in 16 schools (7 primary and 9 secondary), across seven selected Local Governments , and presented a report to the heads of the Planning and Internal Audit departments. Conducted FY2025/26 quarterly sub-program financial analysis, and reports were presented to Senior Management.	Delay in the procurement of the retreat venue led the financial year to close before the process had been finalized. The activity aimed to establish the progress on the fulfilment of the president's agenda, draw lessons from both successes and shortcomings in order to enhance future implementation strategies. The analysis provided management with timely insights into sub-program financial performance, supported informed decision-making, and strengthened financial oversight and accountability.
Quarterly release advice schedules for Local Government Grants Transfers prepared Local Government Grants transfers monitored quarterly to inform expenditure trend analysis	Prepared the FY2025/26 release schedules for both Vote 013 and LGs/KCCA transfers. Conducted analysis of key cost drivers influencing capitation grant allocation and utilization in primary and secondary schools in selected local governments.	These entailed wage and non-wage conditional grant transfers. This provided Insights that will inform reforms in grant allocation formulas and disbursement schedules.

3 Budget section meetings	Prepared Budget Framework Paper (BFP) and draft budget estimates for FY 2026/27 and submitted to MoFPED. Completed and submitted the Ministerial Policy Statement (MPS) along with the final Budget Estimates for FY 2026/27, and printed 100 copies to support the budget debate. Held 6 budget section meetings, 2 BFP meetings, and 2 MPS preparatory meetings.	The Prepared BFP and Draft Budget Estimates for FY 2026/27 provide a basis for engagement with MoFPED and subsequent budget discussions, subject to incorporation of feedback and final adjustments during the budget approval process. The MPS outlines the Ministry's priorities, planned programs, and expected outcomes, helping legislators understand the direction of the ministry. These were crucial for aligning resources with the Ministry's strategic objective and determining allocations across different departments.
Quarterly budget monitoring and support supervision in Sampled Local Governments. Education Skills and Sports subprogramme policy priorities disseminated at the Local Government Budget consultative meetings.	Took part in the Local Government budget consultative workshops with MoFPED for FY 2026/27, held from 15th September to 3rd October 2025, and conducted budget monitoring in 20 selected Local Governments. Disseminated the Education Skills and Sports sub-programme guidelines/policy priorities to 177 Local Government Budget consultative meetings.	This is intended to offer guidance to local government officials to improve financial management and program implementation. This enhanced consistency in planning, budgeting, reporting, and accountability, contributing to the achievement of national education sector objectives and the targets of the National Development Plan (NDP IV).

Tri-annual Departments Performance Report (Vote 013) FY 2025/26 prepared. Third quarter monitoring report on the performance of Education and Sports projects FY 2025/26 prepared.	Prepared, disseminated, and uploaded to the PBS the annual performance report for FY 2024/25 and the Tri-annual FY 2025/26 (Vote 013) Departmental Performance Report. Compiled the fourth-quarter FY 2024/25 report, as well as the first- and third-quarter (Vote 013) FY 2025/26 monitoring reports on the performance of Education and Sports projects.	The report provided progress on departmental performance and progress in achieving goals and objectives as described in the FY 2024/25 work plan. The report provides a measure of progress against project objectives, timelines, budgets, and deliverables.
NDP IV first-year annual implementation Progress Report Prepared and Submitted. Quinquennial Education and Sports performance report prepared. Progress report on the NRM Presidential Commitments (2021-2026) in Education prepared.	Prepared and uploaded the NDP IV FY 2024/25 first-year annual implementation Progress Report. In lieu of the planned activity, the Section undertook an evaluation of the Ministry's FY2019/20–FY2023/24 Strategic Plan to assess its performance prior to the implementation of the new Strategic Plan. Updated the NRM manifesto report (2021-2026).	This assessed whether planned targets, outputs, and outcomes in the first year of NDP IV are being achieved. This is a strategic review document that takes stock of what the Education and Sports Sub-program has achieved over a five-year period, relative to its policies, plans, and targets. The report provided a comprehensive overview of the advancements achieved regarding the educational goals outlined in the manifesto.

Tri-annual departments performance Report Card FY 2025/26 prepared. Third quarter projects dashboards FY 2025/26 prepared	Prepared the FY2024/25 fourth quarter and the FY2025/26 Tri-annual departments' performance report cards. Prepared the FY2024/25 fourth quarter and the FY2025/26 first, second and third quarters project dashboards.	These reports serve as a communication tool to share progress, and keep officers informed and engaged in the Ministry's activities, enabling proactive adjustments to strategies and operations. A project dashboard is a management and communication tool that visually presents key information about a project in one place (i.e progress, milestones, budgets, timelines, and risks).
Tri-annual District Education Profiles report FY 2025/26 prepared	Updated the Education District Profiles for the entire Country, categorized by sub-region. Prepared the Education, Sports and Skills Development Sub Programme Annual Performance Report (ESSDSAPR) FY 2024/25.	The District Education Profiles contain information on the state of education regarding the number of institutions, enrollment, and funding in each Local Government. The report demonstrates how resources were utilized and what results were achieved in education, sports, and skills development.
Education and Sports contribution to the State of the Nation Address submitted to the Office of the President. Progress report on the implementation of the SDG 4/CESA prepared.	SDG4/CESA Progress Report was not prepared. Commenced preparation of a completion report for the African Centers of Excellence Project, and a draft is currently under internal review.	Preparation of the report is pending the completion of the comprehensive Ministry statistical abstract and fact sheet. This report is a tool for learning, accountability, improvement, and strategic planning.

OFID Funded Vocational Project Phase II evaluation report produced. Third quarter Budget Performance Report for Vote 013 (MoES) FY 2025/26 submitted to OPM and MoFPED.	Commenced preparation of a completion report for the African Centers of Excellence Project, and a draft is currently under internal review. Prepared and submitted the Annual Budget Performance Report for Vote 013 (MoES) for FY 2024/25, along with the Quarter One, Two and Three reports for FY 2025/26, using the PBS, to OPM and MoFPED.	This report is a tool for learning, accountability, improvement, and strategic planning. This was to show progress in implementing government programmes, projects, and activities as outlined in the approved budget and meet statutory obligations for accountability and transparency in public financial management.
3 monthly milestone reports published.	Prepared twelve-monthly Milestones reports on Education, Skills & Sports Development Sub-Programme.	A milestone report is a management, accountability, and learning tool that ensures the Ministry stays results-focused and responsive throughout the year.

Second half of Human Capital Development Programme interventions monitored	Coordinated joint monitoring and assessment missions for the Rural Water and Sanitation Project in eight Local Governments , monitored works in two TVET institutions in refugee-hosting communities under the Uganda Skills Development Project and three Centres of Excellence under ACE II	This involved a hands-on approach to verifying the actual progress of the projects against the reported status by conducting field visits, reviewing on-site records, and preparing detailed post-field visit reports.
3 HCD Programme coordination meetings held Quarterly HCD Programme performance reports prepared	Conducted Ten program coordination meetings, including Programme Working Group (PWG) meetings and the Annual Programme Review Meeting held on 10–11 September 2025 to assess FY 2024/25 performance. In addition, a PWG meeting on vote ceilings for FY 2026/27 was held following MoFPED's First Budget Call Circular, alongside Data Management Task Force coordination meetings with OPM, NPA, UBOS, MOES, MOH, MGLSD, and MWE. Prepared the FY 2024/25 programme annual report, subsequently endorsed by the working group, which covered the Ministry of Education and Sports, the Ministry of Gender, Labour and Social Development, the Ministry of Water, and the Ministry of Health. Held four (04) quarterly Local Education Group meetings with the British High Commission, UNICEF, Enabel, Irish Aid, and the Education Advocacy Network.	The leadership committee meeting is pending the completion of the program report. The FY 2025/26 quarterly reports have not yet been prepared, as they are awaiting the complete rollout of the M&E online. reporting system by OPM. This is to strengthen collaboration and coordination and ensure alignment between government priorities, DP support, and CSO interventions.

Secretariat operational costs facilitated. HCDP Performance reviews held	Held one data management task force meeting, to review terms of reference for the task force and validate and adopt the Sub-Programme Annual Reports for FY 2024/25 for compilation into the programme report. Organized and supported a two-day review session at Fairway Hotel to assess the HCDP performance for FY 2024/25, featuring presentations from all four sub-programmes: MoES, MoH, MWE, and MoGLSD. Facilitated the secretariat's operational costs in form of stationery, small office equipment, and imprest.	The task force is comprised of members nominated from 11 MDAs. The session served as a platform to evaluate progress, address challenges, and generate evidence-based recommendations for improved HCDP implementation in future financial years. A well-equipped and facilitated secretariat is better positioned to support programme implementation and oversight.
	Completed the pre-feasibility and feasibility studies for the Digital Education Modernization of the Uganda TVET System Project, with the contracted consultant, Ardent Services Int. Ltd, having submitted the reports to the Ministry. In addition, ZMOWE UG LTD has been contracted to undertake similar studies for the Digital Education Infrastructure Enhancement and Capacity Building Project, for which firms are currently being solicited to submit proposals through the e-GP system. Collected baseline data and technical parameters for the engineering component of the feasibility study on the Expansion, Rehabilitation, and Equipping of TVET Institutions. Conduct a needs assessment to inform project concept note development.	These studies analyze projects' viability, determine their success potential, and identify potential issues that could arise while pursuing them. The collected baseline data is to provide a starting point against which the impact of the project will be measured. The exercise was to highlight the most critical areas for intervention in order to avoid wasting effort on less impactful activities.

600 copies of Statistical Abstract, Fact Sheets and Fact Booklets produced A national level dissemination of Statistical Abstract, Fact Sheets and Fact Booklets conducted	Conducted and supported a one-week training workshop in Mbale for all 52 EMIS assistants on other Ministry online systems that complement the EMIS system. Prepared Volume One of the 2025 Education Statistical Abstract. Produced and published Volume I of the Statistical Abstract on the Ministry's website for public access.	This was meant to improve data integration and consistency across systems. This statistical abstract gives the state of the Education and Sports sector as of 2025. A National-level dissemination ensured that critical education information reaches all relevant stakeholders to guide planning, oversight, and sector improvement.
Quarterly statistical coordination meetings held	Held six (06) statistical coordination meetings. Conducted quarterly monitoring of EMIS functionality at the District and School levels.	These involved verifying data, handling its processing, and evaluating ESO’s performance and redeployment.
Operational costs facilitated including office imprest, stationery, fuel etc. EMIS System regularly maintained. Validation/verification of EMIS data undertaken in 44 Local Governments.	Facilitate operational costs, including office imprest, stationery, and fuel for 14 section staff. Maintained the EMIS system through regular data backups, system updates, antivirus scans, and security audits to safeguard sensitive education data (e.g., student records, teacher data, infrastructure reports) from loss, theft, or manipulation. Undertook the verification of parishes without government primary schools in all 177 local governments in the Country, and a report was presented to senior management.	Facilitating these costs ensures the section operates effectively and staff can fulfill their duties efficiently. Regular maintenance ensures EMIS remains a dependable tool for managing and improving educational programs and resources. The verification ensures that education planning is data-driven and that no community is left without access to government primary schooling.

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 12131501 Increased Adoption of ICT in Teaching, Learning and decision making through the Digital Agenda Strategy		
Programme Intervention: 121315 Implement ICT integrated teaching, learning and decision making		
Newsletters and Information Education Communication (IEC)materials developed. E-learning and e-waste management sensitization conducted in 15 secondary schools.	Developed a newsletter covering the period of July, August, and September. Conducted E-learning and e-waste sensitization in 45 secondary schools from Eastern, Central, and Northern Uganda.	The electronic newsletter has been published and uploaded to the Ministry website, as funds to facilitate printing were not availed. The sensitization helps secondary schools embrace e-learning while managing electronic waste responsibly for sustainable education development.
20 secondary schools monitored and support supervised on implementation of e-learning and cyber school software technologies	Monitored and support supervised teaching and learning of ICT in 40 secondary schools. Verified the installation of digital science and virtual laboratory software in 40 government-aided secondary schools across the Central, Eastern, and Western Regions.	Emphasis was placed on the availability of ICT-trained teachers, infrastructure, and internet connectivity in line with the National ICT Policy. The installation of digital science and virtual laboratory software was successfully verified, confirming that the schools are now equipped with the required digital tools to support effective science teaching and learning.
	Held four press conferences, centered on the CHAN tournament and media coverage for sub-program activities. A draft communication strategy and a costed work plan have been developed and submitted to Top Management, where they await approval.	These press conferences were held at the media center and were budget-neutral. The communication strategy is to facilitate the effective, consistent, and strategic communication of MoES to achieve its mission and objectives.

Ministry website maintained and updated with relevant information and documents uploaded	Regularly updated and maintained the Ministry website with up-to-date information on scholarships, circulars, budgets, and events. Plans are in progress to upgrade the website, with procurement of a service provider currently at the evaluation stage. Meanwhile, the digital repository is pending the upload of relevant materials before it becomes fully operational. Held initial consultative meetings between the LEIT and EPAR departments on 27th March 2026, to kick start the Digital Advancement Policy process, reviewing its rationale, scope, and roadmap. A joint coordination committee from both departments was also formed to lead the policy's development.	This has ensured that the Ministry communicates effectively, transparently, and efficiently with all its stakeholders. The policy development process is funded by the World Bank, and a letter of no objection was submitted to facilitate timely access to the funds.

PIAP Output: 12131502 Uganda's documented heritage preserved, and public library services access improved		
Programme Intervention: 121315 Implement ICT integrated teaching, learning and decision making		
Salaries for 14 staff paid	Paid salaries for 08 staff.	The division has a deficit of 06 staff.
32 library staff of public libraries and public schools trained in library management.	Commenced tailoring the draft policy to align with the education sub-program and address the needs of schools. Prepared a needs assessment report on the state of library services in 60. 30 library staff of public libraries and public schools trained in library management.	The Regulatory Impact Assessment (RIA) was originally developed before RAPEX using a community-based approach, which has since necessitated adaptation to a school-based context. This was to evaluate the current conditions, determine the availability, quality, and accessibility of library resources, facilities, and services in the schools. Only 30 librarians have been scheduled for training due to insufficient funds, which could not support the initially planned number.
86 public/community libraries inspected and support supervised. 17,500 copies of Book Aid International book donations cleared and acquired for distribution to 50 libraries.	Conducted sensitization initiatives in 14 universities to emphasize the importance of obtaining ISBNs for their publications. Cleared and acquired 43,117 copies of Book Aid International book donations for distribution to 25 libraries.	The workplan was revised to include Institutions of Higher Learning because the UCC Open Access Centers had already been extensively inspected in the previous FY 2024/25. This has ensured that books are properly cleared, catalogued, and distributed for effective use.

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 12131502 Uganda's documented heritage preserved, and public library services access improved		
Programme Intervention: 121315 Implement ICT integrated teaching, learning and decision making		
250 Uganda documented heritage publications standardized by assigning ISBNs. 14 department staff facilitated to execute department activities. 250 copies of published books collected in line with the National Libraries Act.	Issued 1,176 ISBNs to publishers, with each serving as a unique identifier for a specific book, edition, or format, ensuring clear distinction from other publications. Facilitated 8 staff with imprest, lunch, and transport allowances. Collected 1,297 Legal deposits (copies of published books in line with the National Libraries Act).	ISBNs are globally standardized, helping local publications to be recognized and sold in both domestic and international markets. The division remains short of five (06) staff. This also entails awareness-raising initiatives, as several publishers are still unaware of their statutory obligation to deposit their publications with the National Library of Uganda (NLU).
	Paid subscription fees to the International Federation of Library and Information Institution, the International Federation of African Library and Information Association, the International ISBN Agency Ltd, the Uganda Library and Information Association Ltd, and X.	Here, the NLU page gets the verified checkmark beside its username, which helps with credibility and visibility.
National Bibliography of Uganda Volume 20 (2025) disseminated.	Printed and disseminated 100 copies of Volumes 18 and 19 (2025) National Bibliography of Uganda, while Volume 20 is still under preparation.	The printing and dissemination of Volumes 18 and 19 were deferred from FY 2024/25 to FY 2025/26 due to the unavailability of funds in the previous financial year.

2 Library management information systems maintained. 1 advert ran in print media on library services and reading promotion.	Published an advertisement for International Literacy Day in the New Vision newspaper on 8th September 2025. Initiated the procurement process, and specifications have been uploaded on the e-GP. Maintained the KOHA library and the ISBN library systems.	The theme focused on literacy in the digital landscape, exploring how reading, writing, and comprehension skills are evolving in the context of technology. Procurement is under evaluation. This involved entering and updating bibliographic records for books, journals, and other materials as well as classifying materials using standardized systems.
	Compiled and bound 130 Volumes of documented heritage.	This is to preserve historical and cultural records by safeguarding valuable information, traditions, and knowledge for future generations.

	Developed a mapping concept paper that was approved by UNESCO. In addition, conducted a periodic review of one (1) Biosphere Reserve attended by 90 participants, with both the report and nomination dossier submitted to UNESCO.	These are multi-sectoral initiatives involving stakeholders from various MDAs (MoES, MTWA, MoWE, MoEMD, UWA, Museum, Geological Mines & Surveys, NFA, NEMA, UNATCOM, and other IGCP/ IGGP teams).
	Held an online Planning meeting to facilitate the targeting and selection Processes.	Consultations are ongoing, with plans to align efforts with the STEM Education Taskforce established by the MoES in collaboration with the UNESCO Antenna Office in Kampala.
	Water education in institutions has not been strengthened to build cadres as water stewards, planners, and practitioners to address complex interconnected water challenges as a contribution to achieving SDG 6.	Funds to facilitate the programme were not sufficient as priority was given to supporting officers to represent the Country at the UNESCO general conference in Uzbekistan and the conference on culture in India.

	35 institutions already assessed in the Eastern Region districts of Bududa, Bulambuli, Butaleja and Sironko and the Central Region (Kampala). 10 more Schools to be assessed in the Western Region districts of Ntoroko and Kaseses by mid-July. Findings suggest serious gaps that need intervention.	Top-up funds got from ecosystems mapping. This intervention had been planned for IEC materials development but due to lack of a baseline data, a field-based assessment had to be made to enable development of relevant IEC materials. Hence the need to top-up the funds to enable implementation of the activity which is still on-going.
	Conducted two dissemination workshops: the first was physical and held on 18th December 2025 at the Directorate of Education Standards offices, and the second was held online on 22nd December 2025.	This is a multi-sectoral and multi-disciplinary activity involving various MDAs like: MGLSD, MoLG, MoUD, OPM (Peace & Disaster, MoIA & IRCU.
	Building the capacity of 80 local governments, schools, and other stakeholders to implement the 2015 UNESCO recommendation on the role of museums was not done.	Funds for the activity were not released, and it is not budget-neutral.
a one-week IFCD pre-selection Panel organized	50 stakeholders and schools trained to promote Arts Education, intercultural learning, the creative/cultural industries and creative skills for sustainable not development.	No funds.
Take part in the national Culture Day, International Museums Day, World African Heritage Day, Jazz Day Celebrations 2026	3 Culture Institutions of Busoga, Tieng Adhola and Umukuuka Wa Bugishu were monitored and based on the issues discussed were advised to work with the District Local governments to embed work plans for cultural heritage in their plans, integrate mapped heritage assets into city plans and mobilise local industry and diaspora support for documentation of their heritage to ensure preservation.	Implemented as planned.

50 UPE schools in the 5 least performing DLGs of Nakasongola, Ssembabule, Kyankwanzi, Ntoroko and Kasese monitored and support supervised to improve performance	Monitored and support supervised 120 primary schools in the districts of Arua,Koboko, Dokolo, Amolatar, Alebtong, Nwoya,Manafwa ,Bulambuli and Kitgum, to assess compliance with policies and regulations.	Target number of districts was not met due to inadequate fund release.
152 P.3 teachers in Kiryandongo Local Government trained in the EGRA & EGMA methodologies	Trained 152 Primary One teachers,100 P.2 Teachers and 152 headteachers of Kiryandongo in EGRA methodologies to enhance the literacy levels of children. Monitored and support supervised 120 primary schools in the districts of Arua,Koboko, Dokolo, Amolatar, Alebtong, Nwoya,Manafwa ,Bulambuli and Kitgum, to assess compliance with policies and regulations.	52 primary two teachers could not be trained due to limited resources released for this activity. Target number of districts was not met due to inadequate fund release.
A validation meeting held to finalize the National Action Plan for climate change in schools.	The National Action plan on climate change in schools was not developed.	Output not realized due to unavailability of resources however, a concept has been developed to lobby for funding from partners.
PIAP Output: 12131303 Improved access to primary education in Karamoja		
Programme Intervention: 121313 Improve the inclusivity in teaching and learning environments		
Key stakeholders and parents in Karamoja regions engaged to provide a mid day meal to school going children to enhance retention and completion of education.	Procured and distributed Agricultural supplies and seedlings to 309 primary schools in Karamoja to enhance school feeding programs. Conducted Stakeholders' meeting for all District Local Governments (DLGs) in Karamoja, resulting in commitments towards Programme ownership, integration, and improved management of school-level food resource.	Dissemination was not done in Kaabong District due to unforeseen logistical challenges. No funds received from Government for these activities. Meeting at Moroto funded by WFP under the Karamoja School feeding Programme.

30 Site meetings held 1 supervision and monitoring visits in 60 project sites conducted	Held 30 site meetings. Conducted 1 supervision & monitoring visits conducted in 60 project sites.	This facilitated informed decision-making by identifying risks, proposing mitigation measures, and ensuring regulatory compliance. The site meetings enhanced monitoring, coordination, accountability, and adherence to timelines and quality standards.
3 Monthly support supervision and monitoring of civil works and other project activities conducted	Conducted 3 monthly support supervision and monitoring exercises for civil works and other project activities.	This ensured continuous follow-up, timely guidance, and corrective actions for improved project implementation.
	Sensitized 32 recruited clerks of works to effectively execute their roles in line with set construction, environment and social safeguards standards.	The sensitization strengthened site-level supervision capacity and compliance with construction, environmental, and social safeguards. Recruitment of other Clerks of works awaits contracting for new sites which is expected in Q4 FY 2025/26.

Civil works in 5 schools completed	Completed Civil works in 2 schools.	Civil works were completed in two schools against the target of five. The shortfall was attributed to delays in procurement, site handover, and contractor mobilization at the remaining three schools. Construction commenced in only 32 out of 60 new schools due to procurement delays, following a shift in the implementation modality from centralized to community-managed procurement.

	Institutional Management capacity training for 352 Institution managers at the 8 Technical Institutes of Lokopio Hills, Kilak Corner, Ogolai, Lwengo, Sasiira, Buhimba, Nawanyago and Basoga Nsadhu was not conducted.	This training was planned for Board members of TVET Institutions; nevertheless, these boards were dissolved due to the provisions in the new TVET Act that became effective in March 2025. However, the project ceased operations on 31st December 2025 effectively rendering this activity unimplementable.
5 PHD and 28 Masters scholars to upgrade at relevant international institutions supported	16 of the 27 Masters scholars have finished their studies - GITAM University (3), Parul University (1), ADITYA University (1), Dar-es-salaam university (2), PANDIT University (2), Eldoret University (2), Sokoine University (1), Egerton University (1). Project Management Professional Training for the 8 Project Technical staff commenced on 2nd March 2026 and is ongoing.	Out of the 5 PHD scholars, 3 have had their thesis proposals approved for their research and are on course, 1 has graduated and 1 awaits graduation. Project Management Professional training helps project staff work more efficiently, manage risks better, and deliver successful projects.

Quarter 4

Performance highlights for the Quarter

1. 1794 Medical Interns facilitated and assessed on adherence to standard clinical practice.
2. 512 Senior House Officers verified for attendance on duty.
3. 45,600 blood donors recruited
4. Responded to 611 cases (392 road traffic injuries, 171 Ebola Bundibugyo Virus Disease (BVD) cases, and 48 other emergencies.
5. Pre-hospital emergency medical services were provided to 8,650 emergency patients.
6. 270 assorted medical equipment were maintained to good functional condition in 53HFs (5GHs, 9HCIVs & 39HCIIIs) in central region.
7. 11 oxygen plants maintained - Upper Mulago NRH (5)
6 oxygen plants maintained at RRHs Moroto, Kayunga,
Masaka, mubende, Soroti and Kabale.
8. 25 solar systems maintained in selected health centres in Mayuge Buvuma and Namayingo districts.
9. 78% Medical Equipment procured, supplied and installed for selected beneficiary health facilities.
10. Staff Houses at Busolwe Hospital Completed 100%.
11. Annual Health Sector Performance Report for FY 2024/25 Prepared, Printed and Disseminated in Q2.
12. 99% of People Living with HIV (PLHIV) were on Anti-Retroviral Therapy. A 1% improvement from last year.
13. 95% of people living with HIV were aware of their HIV.
14. 96% of People Living with HIV (PLHIV), and on ART had a suppressed viral load. A 1% increment from last year.
15. 68% pregnant women are protected with quality malaria chemoprevention (IPTp).
16. 96.3% confirmed malaria cases accessed quality malaria treatment as per national treatment guidelines.

17. Responded to Bundibugyo Ebola Virus Disease Outbreak in Kampala and Wakiso with total number of 20 BVD cases, 2 deaths were reported with 9000 cumulative cases.
18. Responded to National Mpox pandemic in 50 districts, Anthrax in 5 districts, CCHF in 4 districts and RVF in 3 district.
19. 4 regional referral hospitals and 2 GHs supervised and mentored in radiology and imaging services in quality aspects of service delivery.

Variances and Challenges

VOTE: 014 Ministry of Health

Quarter 4

a. Wage: The wage absorption by end of Q4 was at 95.7% of the budget released (100%). The absorption rate was affected by delayed staff recruitments, staff transfers and movements, and contract staff salaries surplus attributed to absorption of some officers into the mainstream.
b. Non-wage: The non-wage absorption rate was at 99.5% of the budget released (123%). The budget release performance was due the supplementary budget that was released in Quarter 2 and Q3 to cater for laboratory operations, Health management information system, Waste Management and procurement of HIV/AIDS commodities after the withdraw of US Government funding.
c. GoU-Dev: The development budget absorption rate was at 99.3% of the budget release (61.9%). However, (38.1%) of GoU dev. budget was not released during the period under review. This affected project implementation of the work plans under GoU dev. for FY 2025/26 (i.e. renovation and upgrade of Health facilities in Local Government).
d. External financing: The absorption of external financing was at 51.3%. The primary reason for the low performance under Global Fund project was due to reprioritization undertaken during project implementation. As a result, the budget execution reports generated from IFMS continued to compare expenditure against the original approved budget, thereby creating apparent underperformance across a number of budget lines.
The low absorption under Rehabilitation and Construction was due to delayed procurement process for the contractor for Bigiri general hospital which affected the commencement of the works within the FY 2025/26.
Also, the low absorption under GAVI was due to low disbursement of funds from the Development Partners which affected the absorption rate.

e. Overall, the absorption by end of Q4 was at 59.9% of the budget released (98.4%). The overall performance was result of low absorption on external financing due delays in procurement processes under donor funded projects.

Project:0220 Global Fund for AIDS, TB and Malaria		
PIAP Output: 12311203 Access to prevention, treatment and control of TB and leprosy services improved.		
Programme Intervention: 123112 Reduce the burden of communicable diseases with focus on high burden diseases (Malaria, HIV/AIDS, TB, Neglected Tropical diseases, Hepatitis), epidemic prone diseases across all age groups emphasizing Primary Health Care Approach		
20,658 (93%) TB patients successfully treated of the 22,213 TB patients enrolled into care during the quarter	20,393 (92%) TB patients successfully treated of the 22,213 TB patients enrolled into treatment cohort for the reporting period	No variation
56,041 (90%) of 62,268 eligible contacts, prisoners & PLHIVs initiated on TB Preventive Treatment	83% (51,682) of 62,268 eligible contacts, prisoners & PLHIVs initiated on TB Preventive Treatment	The performance was due a national stockout of 3HP during that period, and reluctancy to revert to IPT (short-shelf-life paediatric isonaizid 100mgs) due to high pill burden among eligible PLHIV. Relatedly, the program is adapting to the policy guidance to prioritize the use of rifampicin/isoniazid 75mg/50mg for eligible close contacts of PBC TB patients five years and older

VOTE: 015 Ministry of Trade, Industry and Co-operatives

Quarter 4

Performance highlights for the Quarter

The following were notable achievements of the Ministry in the Quarter:
1.120 selected Tobacco gardens/fields verified for existence and plants assessed in all the Tobacco growing Districts in Bunyoro, West Nile and Middle North.
2.Engaged the 5 Tobacco growing Companies and 12 selected District Tobacco Inspectors (DCOs) in review of the Tobacco Seedbed Verification/ inspection report for 2026 Crop Season.
3.10 selected rice Growers Cooperatives and 10 selected Seedoil (Sunflower, soya bean, sesame) were inspected for compliance and sustainability prospects in Butaleja,
Namutumba and Pallisa Districts (Eastern Uganda) and Dokolo, Apac and Lira Districts (Northern Uganda)respectively.
4.10 cocoa farmer groups mobilized and 25 selected Cooperatives supported in governance issues and in commercialization of agriculture in Mukono District-Kasawo and Seeta Namuganga Sub counties.
5.The Ministry under ware house department engaged DTB Bank, Centenary Bank, Pearl Bank and key regional SACCOs to promote inventory credit.
6.100 MSMEs were provided with one virtual meeting guidance on food safety, regulatory changes, and certification the central region.
7.All the institutional meetings at the AfCFTA attended in Abuja, Nigeria. These included, Committee of Trade in Services, Dispute Settlement Body, the sub-committee on
rules of origin, Committee on Trade in Goods, Sectoral Council on Trade Facilitation and customs, NIC focal persons, Committee of Senior Trade Officials and the Council of Ministers hence Uganda well represented.
8.The Ministry conducted Market screening in the fastfoods (KFC, Star,Café Javas, etc) sub-sector to understand the market structure and service provision dynamics.
Undertook market screening in the rice sub-sector to understand the market structure (distributors,Manufacturers, importers, exporters).
9.25 Cooperatives/farmer groups involved in Agro processing(Irish potatoes) in Kapchorwa and Bulambuli districts were mobilized and profiled in Eastern.

Variances and Challenges

VOTE: 015 Ministry of Trade, Industry and Co-operatives

Quarter 4

1.Critical Staffing Gaps:The Ministry faces human resource gaps, especially in technical and specialized areas such as trade policy analysis, investment facilitation, economic diplomacy, and market intelligence.
2.Delayed procurement was another challenge faced in the quarter however staff are still undergoing training on EGP to ease the procurement processes.
3.The MSMEs in Uganda are largely informal therefore missing out on certain government programmes that target registered enterprises. The Ministry remains committed to training MSMEs in business formalization amidst the financial constraints.
4.Limited Participation in Regional and Global Trade Negotiations:Due to financial and logistical constraints, Uganda’s representation in key traden negotiation forums and meetings has been limited. As a result, Uganda has had reduced influence in shaping regional and international trade policies, protocols, and dispute resolution outcomes.
5.Persistent Trade Barriers and Protectionist Policies:Despite commitments under the EAC and COMESA, Ugandan exports continue to face non-tariff barriers (NTBs) such as delays in border clearance, arbitrary tariff impositions, and Sanitary and Phytosanitary restrictions particularly in Kenya,Tanzania, and Rwanda. These barriers have disrupted trade flows for products such as milk, maize, poultry, and sugar, undermining regional trade integration goals and hurting local producers.
5.Inadequate office space due to the on-going renovations therefore, coordination made hard.
6.Ineffective coordination among MTIC and the agencies arising out of scattered offices of the Ministry and its agencies.
7.The district commercial officers is are not well facilitated and yet they are the focal business development personnel at the district level.
8.Inadequate budgetary provisions (MTEF). The budget shortfalls hinder implementation of programme activities. However, the Ministry ensured achievement of key priorities with the limited funds available.

Department:001 Industry and Technology		
Key Service Area:000015 Monitoring and Evaluation		
PIAP Output: 04411102 Expand the range of and enforce manufacturing standards, specifications, guidelines and codes of practice		
Programme Intervention: 044111 Facilitate access of manufactured goods to regional and continental markets prioritizing EAC, COMESA and AfCFTA		
5 manufacturing laboratory facilities assessed for accreditation 1 Uganda National Accreditation Services Committee meetings Held 1 Training of assessors and technical experts, lead auditors and accreditation committees on various standards	No new laboratory facilities were assessed in Q4. 3 UGANAS Technical Committee meetings held in Q4: (i) Management Review Meeting, 7-10 April 2026, Nakawa to review Quality Managmenent system against ISO/IEC 17011; (ii) Technical Working Group meeting, 13-17 April 2026, Jinja - 19 accreditation documents reviewed, revised and finalised for AFRAC peer evaluation; (iii) Technical Advisory Committee (TAC) inaugural meeting and training, 11-15 May 2026, Nakawa - TAC constituted and trained on ISO/IEC 17011:2017. 2 trainings conducted in Q4: (i) 5-day Training Workshop for Technical Committee Members on ISO/IEC 17011:2017, 11-15 May 2026, Jinja - covering committee roles, ethics and impartiality, decision-making, stakeholder mapping and review of scheme documents; (ii) 5-day Effivity Document Management System (DMS) training for UGANAS staff by KENAS experts, 25-29 May 2026, Nakawa - covering document control, workflows, version and records management, and system administration.	Assessment of the full 20 facilities was constrained because UGANAS is still building assessor capacity and finalising scheme documents . 11 meetings instead of 7. Additional meetings were required to prepare for AFRAC peer evaluation and to operationalise the UGANAS technical committees under the KENAS twinning arrangement 4 trainings conducted against a target of 5 due to time constraint given that UGANAS is still in the establishment stage.
30% of industries across all regions of the country registered in the industries database		

VOTE: 015 Ministry of Trade, Industry and Co-operatives

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 04512101 Improved regulation of the manufacturing subsector/ Competitive		
Programme Intervention: 045121 Implement existing Laws and Policies that support Manufacturing (Industrial Licensing Act, Competition Law, Trade Marks Law, Consumer Protection Law.)		
50 Industries monitored and guided inline with Implementation of Industrial Licensing Act, Sugar Act and National Industrial Policy	Q4 monitoring: 6 timber processing enterprises assessed (May 2026) plus completion of the field assessment of 14 wood-processing groups and 2 enterprises across 18 districts of Kigezi/Ankole; 4th Sugar Industry Stakeholders Council meeting (19 May 2026; 14 mills; 4 new licence applications); EASIA AGM (Arusha) attended; monitoring of Soleil Power, Kiira Motors, Standard Waves Automotive, Oranagate, Dei Biopharma, Yuti Breweries, Nanvy Distillers and Victoria Nile Plastics; Terra Industrial (Liaoshen park and pig iron plant) engaged; Simplified Industrial Park Guidelines disseminated (Lira; 60+ stakeholders).	Target met/exceeded (213). Strong stakeholder demand and licensing/weighbridge enforcement under the Sugar (Amendment) Act 2025 drove monitoring above the annual target.
	No new DIT staff certifications were recorded in Q4	5 of 12 staff trained and certified - 42%, though each officer completed multiple certified courses. 50% percent of the funds were released too close to the end of the financial year and could not be spent.
	Output achieved in Q2 2025/26	No variation
Value chain study on Industrial and Pharmaceutical-Grade Starch Production in Uganda	Industrial Diagnostic Study undertaken covering nine value chains: Iron and Steel; Copper and Allied Metals; Textiles and Garments; Pharmaceuticals; Petrochemicals and Fertilizers; Sugar and Confectionery; Automotive; Plastics and Packaging; and Cement and Building Materials.	Target met and scope expanded from 3 to 9 priority value chains to align with NDP IV.
Participation in 1 regional, continental, and global industrial policy meetings undertaken resulting in documented policy recommendations for integration into the National Industrial Policy and legal framework.	Participated in 3 engagements Including; (i) Codeway Cooperation Development Expo, Rome, 13-15 May 2026 - UNIDO ITPO Italy panel showcasing Uganda; a compendium of 50 industries presented; (ii) 13th Sectoral Committee on Industrialisation, Arusha, 11-12 May 2026; (iii) high-level engagement with the Tanzania National Defence College delegation, 23 April 2026. A brief was also prepared for the National Industrial Review Conference 2026.	Participated in 6 regional, continental, and global industrial policy meetings.

VOTE: 015 Ministry of Trade, Industry and Co-operatives

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 04512101 Improved regulation of the manufacturing subsector/ Competitive		
Programme Intervention: 045121 Implement existing Laws and Policies that support Manufacturing (Industrial Licensing Act, Competition Law, Trade Marks Law, Consumer Protection Law.)		
	National Industries Register for FY 2025/26 compiled, printed and disseminated, comprising 7,154 manufacturing industries across 21 subsectors and 89 product types, of which 1,601 are geo-referenced with verified GPS coordinates.	Target achieved/exceeded. Coverage across all regions attained and the register exceeded expectations in both the number of industries and geo-referencing. Continuous data verification is ongoing.
	3 engagements in Q4: (i) Codeway Cooperation Development Expo, Rome, 13-15 May 2026 - UNIDO ITPO Italy panel showcasing Uganda; a compendium of 50 industries presented; (ii) 13th Sectoral Committee on Industrialisation, Arusha, 11-12 May 2026; (iii) high-level engagement with the Tanzania National Defence College delegation, 23 April 2026. A brief was also prepared for the National Industrial Review Conference 2026.	Over-performance (7+ vs 4). Regional and continental demand and Uganda's raised profile after hosting Africa Industrialization Week 2025 expanded participation beyond the target.

Quarter 4

Performance highlights for the Quarter

A. National Roads:
• Upgrading of 26 road development projects covering a total distance of 1,383.76km continued
• Road Upgrading:
o 172.64km equivalents were upgraded to paved bituminous standards in FY 2025/26 against a target of 200.93 km equivalents.
o Upgrading of Kayunga-Bbaale-Galiraya Road (87 Km) commenced on 11 February 2026.
o Upgrading of 142.1Km along National Roads was substantially completed and are under DLP. The substantially completed roads include
ð§ Moroto-Lokitanyala road (42km) and
ð§ Apac-Lira-Puranga (100.1km).
• Road Rehabilitation:
o 178.62Km equivalents were rehabilitated in FY 2025/26 against a target of 136 km-equivalents.
o Rehabilitation of 265.9Km along National Roads was substantially completed and are under DLP. The substantially completed roads include
ð§ Rehabilitation of Alwii – Nebbi (33Km) and Upgrading of Pakwach and Nebbi Town Roads was substantially completed and is under DLP.
ð§ Rehabilitation of Soroti – Dokolo – Lira - Kamdini road (189.4Km) was substantially completed, and
ð§ Rehabilitation of Karuma-Olwiyo (43.5 km) was also substantially completed.
• National Road Maintenance: The following road maintenance interventions were undertaken along national roads during the quarter
o 4,954.42km of paved National roads were maintained through use of LBC Contracts (Manual Maintenance) against a target of 5,254.70
o 13,478.44km of unpaved National roads were maintained through use of LBC Contracts (Manual Maintenance) against a target of 13,779.60
o 1,285.31Km of Paved National Roads maintained under Routine Mechanized
DUCAR BRIDGES
3no. disability and pedestrian-friendly Bridges completed (Aleles bridge (Pallisa), Karujumba (Kasese) and Bugibuni - Bunadasa (Sironko)); Commissioning of the Bridges done.
ðØ 100% Cumulative construction of Osudan-Abarila swamp crossing; 100% Cumulative construction of Funguwe Muwafu swamp crossing (Tororo) and Kadokolene in Budaka completed. Defects Liability Period (DLP) completed.

Variances and Challenges

a) The flooding cuased by heavy rains has affected transport infrastructure for national roads and the DUCAR network which has further increased maintenance demands on the vote.
b) Failure to conclude financing agreements with Development Partners for a number of externally funded projects has affeceted overall perfromance of the vote since projects with huge budget allocations for external financing such as construction of the standard gauge railway are not disbursing funds.
c) Failure to release,in full, the supplementary budget issued under schedule 2 and 3 for the Development and Non wage recurrent budget affected planned activities especially under ferries and DUCAR transfers for road maintenance.
d) Failure to release the arrears budget in full affected payment of outstanding certificates on a number of national road projects affecting performance
e) The delayed finalisation of recruitment by PSC for staff affected by RAPEX resulted in low absorption of wage for the vote.

Key Service Area:260006 National Road Maintenance		
PIAP Output: 09211101 Road Transport infrastructure Maintained		
Programme Intervention: 092111 Rehabilitate and maintain transport infrastructure		
1)263.3km of Paved National Roads maintained under Routine Manual Maintenance 2)399.6km of Unpaved National Roads maintained under Routine Manual Maintenance	1) 192.9 km of paved National roads were maintained through use of LBC Contracts during the quarter. Roads worked on include 55.0km along Busega-Lwera, 40km along Busega-Mityana, 4km along Buddo-Nakasozi, 1.5km along Mpigi loop, 1.5km along Nabingo Access road, 2.5km along Mpigi Loop 2, 45km along Mpigi-Kanoni, 24km along Kanoni-Maddu, 8km along Maddu-Kisoozi-River Katonga, 2.1km along Kyabadaza-Kibibi, 4.2km along Kabasanda-Kakindu-Zigoti, 2.1km along Kanoni-Misigi-Mityana and 3km along Kayabwe-Nkonzi-Kabulasoke roads. 2) 300.5 km of unpaved National roads were maintained through use of LBC Contracts during the quarter. Roads worked on include Maddu-Kyayi-R. Nabakazi(34.6Km), Maddu-Musozi(20km), Kyayi-Kasambya Railway Access(8km), Bujjuko Railway Access(2km), Kawalongojjo Railway Access(3km), Buwama-Katebo Port(10km), Katonga-Ggolo(8.5km), Nakawuka-Katende-Kakiri(12.2km), Kayabwe-Nkonzi-Kabulasoke(27.9km), Kyabadaza-Kibibi(11.9km), Nakatoke-Nkinga-Kayenje(10.5km), among others.	Performance was affected by insufficient equipment relative to the scope of works, compounded by the diversion of funds to emergency interventions, which disrupted the work plan. Delayed receipt of funds and some materials like culverts also affected performance.

Programme Intervention: 092111 Rehabilitate and maintain transport infrastructure		
1)269.78km of Paved National Roads maintained under Routine Manual Maintenance 2)407.25km of Unpaved National Roads maintained under Routine Manual Maintenance	1) 179.62 km of paved National roads maintained through use of LBC Contracts during quarter four. Maintainance works were undertaken along Kiganda loop, Mubende-Lubaale, Mubende-Kakumiro-Kibaale, Kakumiro-Kikwaya, Kikwaya-Kafu, and Mubende-Biwanga roads. 2) 407.15 km of unpaved National roads maintained through use of LBC Contracts during quarter four. Maintainance works were undertaken along Myanzi Loop, Kasambya-Nabingoola, Kitenga-Musozi, Myanzi-Kassanda-Bukuya-Kiboga, Kassanda-Madudu-Kiyuya, Kasambya-Nabakazi, Wakitundu-Bulera-Bukuya-Kayindiyindi, Kakumiro-Nkooko, Nkondo-Nalweyo, Kabamba-Kalama, Mityana railway access, Kitenga-Ikula-Kanyogoga, and Rwebituti - Gold Mine Spur roads.	Performance was affected by insufficient equipment relative to the scope of works, compounded by the diversion of funds to emergency interventions, which disrupted the work plan. Delayed receipt of funds and some materials like culverts also affected performance.

1)305.66km of Paved National Roads maintained under Routine Manual Maintenance 2)488.75km of Unpaved National Roads maintained under Routine Manual Maintenance	1)305.66km of paved National roads were maintained through use of LBC Contracts during the quarter. Roads maintained include Tirinyi-Budaka-Kamonkoli, Namunsi-Sironko, Sironko-Muyembe, Muyembe-Kaserem, Kaserem-Kapchorwa-Suam, Tirinyi-Pallisa, Pallisa-Ladot, Kamonkoli-Pallisa, Bumbobi-Bubulo, and Bubulo-Busumbu. 2)453.07km of unpaved National roads maintained through use of LBC Contracts during the quarter. Roads maintained include Pallisa-Saaka, Mbale-Nkokonjeru, Bugema-Busano, Bubulo-Bududa Circle road, Simu corner-Kaserem, Budaka-Kaderuna, Kaderuna-Butebo, Nabiganda-Kaiti, Kaiti-Naboa, Bugema army barracks Access, Nabiganda-Kamoto-Malukhu, Kamonkoli-Nakaloke, Kabwangasi-Butebo, Butebo-Kadoto, Mbale-Bufumbo, Bugusege-Buteza, Korir-Sironko, Nalugugu-Elgon, Buyaga-Buluganya, Bulugeni-Bumwambu, Bumwambu-Gimadu, Kapenguria-Kwoti, Chepsikunya-Girik, Girik-Bukwo, Kufu-Magale, Bukwo-Kapnandi-Suam, Kachumbala-Kidongole, Kachumbala-Korir, and Korir-Malera-Kumi among others.	Performance was affected by insufficient equipment (Need for specialized plant and equipment for the mountainous terrain) relative to the scope of works, compounded by the diversion of funds to emergency interventions, which disrupted the work plan. Delayed receipt of funds and some materials like culverts also affected performance. The stations mountainous section is also prone to landslides, which is a challenge to maintenance

1)372.9km of Paved National Roads maintained under Routine Manual Maintenance 2)632.5km of Unpaved National Roads maintained under Routine Manual Maintenance	1) 348.4Km of Paved National Roads were Maintained under Routine Manual Maintenance. Roads maintained include Hoima-Kaiso-Tonya, Kyehooro Link I, Kituti - Buhuka, Kagadi – Kibaale, Biiso town Link, Parajwoki-Biiso, Hoima – Kisalizi, Hoima-Kiziranfumbi, Kiziranfumbi-Kabwoya-Kagadi, Kagadi-Muzizi, and Buhimba-Kabaale Swamp. 2) 594.5km of unpaved National Roads were maintained under Routine Manual Maintenance. Roads maintained include Bukwiri-Kyankwanzi, Sebagoro Link , Mairirwe-Bugambe, Katasiha-Bugambe Tea Estate Gate, Katasiha-Waaki, Bugambe-Buseruka, Masodde-Nkooko-Nalweyo, Kibaale-Kyebando-Pacwa, Buseruka-Kigorobya, Isunga-Bugwara-Kikwaya, Kyenzige-Rugashali-Mabaale, Muhooro-Ndaiga, Rwera-Kaseeta, Kyehooro Link 2, Bulera PTC Access, Buseruka-Tonya, Bukomero-Dwaniro-Kyankwanzi, Kidoma-Bugambe, Bukwiri - Ntwetwe -Kitumbi bridge, Kyenda-Mpongo Bridge-Kisita, Bukwiri-Byerima-Kikuya, and Kyenda-Banda-River Mayanja roads.	Performance was affected by insufficient equipment relative to the scope of works, compounded by the delayed receipt of funds and under staffing of some units disrupted the work plan and affected performance. Low rates for local materials and very low rates of labour base contracts per km affected performance too.

Key Service Area:260006 National Road Maintenance

VOTE: 016 Ministry of Works and Transport

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 09211101 Road Transport infrastructure Maintained		
Programme Intervention: 092111 Rehabilitate and maintain transport infrastructure		
1)135.3km of Paved National Roads maintained under Routine Manual Maintenance 2)296.5km of Unpaved National Roads maintained under Routine Manual Maintenance	1) 97km of paved National Roads were maintained under Routine Manual Maintenance. Works were undertaken along Katunguru-Rugazi (18Km), Kasese-Rwimi (29.4Km), Kasese-Kikorongo (Equator Rd Jctn) (22Km), Kikorongo-Rwentare-Katunguru (15.1Km), and Kasese-Kilembe (12.5Km). Kikorongo-Bwera-Mpondwe (38.3Km) is under rehabilitation project by Dott Services Ltd. 2) 296.5 Km of unpaved National Roads were maintained under Routine Manual Maintenance. Works were undertaken along Katunguru-Ishasha (87Km), L.George-Rwentare (16.40Km), Rwentare-Katwe-Katojo (38.80Km), Katojo-Mundongo-Bwera (8.0Km), Kabirizi-Kyarumba-Kisinga (26.4Km), Kinyamaseke-Kisinga (12.7Km), Nsenyi-Kisinga-Kiburara (10.1Km), Rugendabara-Kaswamba-Kasangali (24.7Km), Muruseghe-Ihandiro (6.8Km), Nkenda-Bugoye-Nyakalingijo (17.5Km), Bwera-Kithoma-Kiraro (13.5Km), Mubuku-Maliba-NUYO Institute (13.9Km), Nchwera-Rwenshama (7.0Km), Accesses to Ibuga and Rwimi Prisons (10Km), and Hima Army Barracks off Kasese Fort Portal (3.7Km).	Performance was affected by insufficient equipment relative to the scope of works, compounded by the delayed receipt of funds and under staffing of some units disrupted the work plan and affected performance.
3)4km of Paved National Roads maintained under Routine Mechanized Maintenance 4)23.9km of Unpaved National Roads maintained under Routine Mechanized Maintenance	3) 17km of Paved National Roads were maintained under Routine Mechanised Maintenance. Pothole patching and desilting works along Kasese-Kilembe road were undertaken. 4)116.9km of Unpaved National Roads were maintained under Routine Mechanised Maintenance. Grading works were undertaken along Kisinga-Kyarumba-Kabirizi (16.4Km), Rwentale-Lake George (12Km), Katunguru-Ishasha (87Km), Rwentare-Katwe-Katojo (38.8Km) and Katojo-mudongo-Bwera (8Km), Gabion works completed at CH 14+200 along Nkenda-Bugoye-Nyakalingijo (17.5Km) tourism road to Mt.Rwenzori peak.	The additional works resulted from a supplementary budget allocation, which provided the additional resources required to facilitate payment of pending certificates for framework contractors and hence resulted in accelerated works.
5)23(No) of National Roads Plant and Equipment Maintained	5) 23(no) of National Roads Plant and Equipment were maintained. Minor and preventive repairs were done on a Grader, Roller Excavator, Tipper MAN and two pickups

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1176 Hoima- Wanseko Road		
Key Service Area:260007 Road construction and upgrade		
PIAP Output: 09111101 Strategic road transport infrastructure constructed and upgraded		
Programme Intervention: 091111 Construct and upgrade strategic transport infrastructure;		
1)1.25km equivalents constructed on Package 4- Lusalira-Nkonge-Lumegere-Sembabule Road (97Km)	Overall, 14.571 km-equivalents were attained, for Oil roads packages 4, 5 and 6, during quarter four of FY 2025/26. 1)Package 4 - Critical Oil Roads: Design and Build for the Upgrading of Lusalira-Nkonge-Lumegere-Sembabule (97km): 9.0% physical progress was attained during quarter four of FY 2025/26, representing 8.73km-equivalents. The contractor is undertaking final detailed designs and has prepared the final detail design for section km 24+000 to 30+000. Bush clearing and earthworks for that section are being carried out.	Lusalira-Nkonge-Lumegere-Sembabule (97km): Delayed Land Acquisition which has led to the lack of 30% of Continuous section of Right of way, and Delayed finalisation of the final Detailed Design.
2)DLP including restoration of borrow pits and the environment for Package 5- Masindi-Biiso, Hohwa-Nyairongo-Kyarusheesha-Butoole, And Kabaale-Kiziranfumbi Roads (97km) on Kinyara sugar factory roads (8km).	2)Package 5 - Critical Oil Roads: Design and Build of Masindi-Biiso, Hohwa-Nyairongo-Kyarusheesha-Butoole, And Kabaale-Kiziranfumbi Roads Upgrading Project (97km): DLP for Masindi-Biiso, Hohwa-Nyairongo-Kyarusheesha-Butoole, And Kabaale-Kiziranfumbi Roads (97km) was not undertaken since civil works were still ongoing during the financial year. 1.13% physical progress was attained during quarter four of FY 2025/26, representing 1.10 km-equivalents. Kinyara Sugar Factory Access Road (8km): 19.26% physical progress was attained during quarter four of FY 2025/26, representing 1.54 km-equivalents. Access Road to Kabaale International Airport: 20.44% physical progress was attained during quarter four of FY 2025/26, representing 0.654 km-equivalents.	Masindi-Biiso, Hohwa-Nyairongo-Kyarusheesha-Butoole, And Kabaale-Kiziranfumbi Roads (97km): Pending land acquisition (at km 0+000 to Km 0+510 along Masindi-Biiso, and at Km 25 at Kiziranfumbi, and Suspension of works by the contractor due to delayed payment (From November 2024 to August 2025). Kinyara Sugar Factory Access Road (8km): Works were suspended by the Contractor from 12 February 2025 to 17 April 2026 as a result of delayed payment

Project:1785 Proposed upgrading of kyenjojo (Kihura)-Bwizi-Rwamwanja-Kahunge (68km)/Mpara-Bwizi (37km)		
PIAP Output: 09111101 Strategic road transport infrastructure constructed and upgraded		
Programme Intervention: 091111 Construct and upgrade strategic transport infrastructure;		
2)1.5km equivalents constructed on Kyenjojo (Kihura)-Bwizi-Rwamwanja-Kahunge and Mpara-Bwizi (105km)	2)Upgrading of Kyenjojo (Kihura)-Bwizi-Rwamwanja-Kahunge (68km) and Mpara-Bwizi (37km): 2.78% physical progress was attained during quarter four of FY 2025/26, representing 3.50km-equivalents. The Contractor is undertaking clearing, grubbing and removal of topsoil, common excavation to spoil in the section of 0+000 – 31+500 on the Kihura – Kahunge Road link and backfilling activities with suitable materials in fill sections. The Contractor is also finalizing setting up the crusher and asphalt plant at the Camp Site as well as mobilization of more equipment, personnel and specific materials.	Delayed land acquisition due to inadequate funds. The Contract required handover of 30% Right of Way at the start, 50% by the 6th month and 100% by the 12th month. However, by the end of June 2026 (9th month), less than 50% of continuous RoW had been acquired. Lack of G30 gravel material requiring higher percentage of CRR in the subbase mix of 40% against 30% planned at design.

Project:1820 Rehabilitation of Karuma-Packwach Road (106km)

Key Service Area:260010 Road Rehabilitation

VOTE: 016 Ministry of Works and Transport

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1820 Rehabilitation of Karuma-Packwach Road (106km)		
PIAP Output: 09211102 Road Transport infrastructure Rehabilitated		
Programme Intervention: 092111 Rehabilitate and maintain transport infrastructure		
1)2.5km equivalents rehabilitated on Olwiyo-Pakwach Road (62.5 km)	Overall, 9.21km-equivalents were attained, for Karuma-Olwiyo (43.5 km) and Olwiyo-Pakwach Roads, during quarter four of FY 2025/26. 1)Rehabilitation of Olwiyo - Pakwach Road (62.5km): 9.87% physical progress was attained during quarter four of FY 2025/26, representing 6.17 km-equivalents.	The global increasing scarcity of fuel is greatly affecting the Contractor by reducing on the work fronts.
3)2.5km equivalents rehabilitated on Karuma-Olwiyo road (52km)	3)Karuma-Olwiyo (43.5 km): 7.0% physical progress was attained during quarter four of FY 2025/26, representing 3.04km-equivalents. The Project was substantially completed on 20th April 2026 and is currently in DLP. The Contractor continued to attend to snags which include rigid pavement for T-junction at Km 0+000 and culvert embankment protection along Juma River.	Change of scope between Km 0+000 and Km 12+000 due to severe pavement distresses resulting from prolonged exposure of the section, mainly resulting from continuous works suspension and/or reduced work.
2)3No of Monitoring and supervision reports produced	2)3 (No.) of Monitoring and Supervision reports were prepared during the quarter

5No trained or supported to undertake further studies and / or short course locally or internationally.	7No staff undertake further studies and / or short courses locally or internationally: 1) Eng. Betty Nabbosa (AC/SCE); Master's Degree in Management Studies (Project Planning and Management) @ UMI self-sponsored 2) Eng. Ivan Gombya (SCE); Master of Science in Civil Engineering @ MUK, self-sponsored 3) Ms. Margaret Kabasinguzi (PAEO/E); Post Graduate Diploma in Project Management @ UMI, self-sponsored 4) Ms. Natasha Lunkuse (EE); Master of Science in Building Science @ Toronto Metropolitan University, Canada, Scholarship 5) Arch. Tom Moli Atikoro (S.Arch); Masters of Construction Engineering Management @ University of East London, England; self – sponsored online 6) Ms. Sherly Ankunda (QS); Master of Science in Construction Management @ MUK, self-sponsored 7) Mr. Barnabas Nandala and Ms. Sherly Ankunda, Quantity Surveyors, Global Luban Workshop Young Faculty Professional Capacity Enhancement, Ningbo Polytechnic University, Zheijang, China (China-Aid)	Met Target
Piloting of consultancy model for engaging testing of buidlings In-House is conducted in one district and model reviewed.	Consultancy for testing of Buildings for earthquake resistance not started due to lack of funding. Activity is now planned for next FY.	Lack of funding
Workplan and Implementation are approved by TMT and MoFPED approves budget for Task Force for preparedness and response to occurrence of earthquakes in Uganda.	Activity did not get funding this FY but we engaged Science and Technology Innovations Secretariat-Office of the President (STI-OP) to support refining the Cabinet Memo on activities for preparedness and response to the occurrence of earthquakes in Uganda. However, STI -OP did not get back to us on the funding requests so activity slated for next FY.	Lack of funding

Quarter 4

Performance highlights for the Quarter

The Ministry of Energy and Mineral Development (MEMD) registered notable progress in implementing priority interventions under the Sustainable Energy Development and Sustainable Extractives Industry Development programmes during FY 2025/26.

Energy Development
• Expanded electricity access through the construction of 170.35 km of distribution lines and installation of additional transformer capacity.
• Connected 166,078 new on-grid electricity consumers through the Electricity Access Scale-Up Programme.
• Continued implementation of the Karuma Hydroelectric Power Project, achieving the planned annual rehabilitation target.
• Advanced development of the Centre for Nuclear Science and Technology, including completion of conceptual designs and progress on the Gamma Irradiator Facility.
• Supported clean energy initiatives by facilitating 27 SMEs, exceeding the annual target of 10.
• Strengthened energy planning, coordination, and policy implementation through programme performance reviews and development of key policy instruments.
Extractives Industry Development
• Continued geological mapping and mineral exploration under the Support to Uganda Mineral-based Industrialisation Project (SUMIP).
• Strengthened mineral regulation and monitoring systems to improve governance of the mining sector.
• Continued implementation of geothermal resource development activities.
• Enhanced petroleum sector regulation through gazetting petroleum regulations, licensing and monitoring petroleum outlets, and advancing petroleum infrastructure planning.
• Continued supervision of the Tilenga and Kingfisher oil development projects, alongside petroleum exploration, licensing, local content promotion, and investment facilitation

Variances and Challenges

The key challenges faced by all the two programmes led by the Ministry include:
i) Land acquisition for government projects that is taking a long time and a considerable budget. The major constraints have been contestation of valuation rates approved by Chief Government Valuer by project affected persons and limited funding for compensation.
ii) Vandalism on the transmission lines and other installations. This causes financial and social loses to government hence affecting manufacturers, the health system and education system, among others.
iii) Illegal mining activities and operations affecting the environment and revenues generated from mining operations. The Ministry continues to implement the Mining and Minerals Act of 2022 to ensure efficient regulation of the mineral sub-sector.
iv) Inability to meet investment requirements in energy and minerals due to limited funding. These investments range from generation, transmission, and electricity distribution, affordable clean energy alternatives, mining investments among others. obligations, commitments and critical activities that require financing far above the budget ceiling provided.
v) late release in Q4 that has led to low service delivery and most of the ministry’s mandate not to be met
vi) Increase in domestic arrears because of unpaid invoices in Q4 due to inadequate releases to the Ministry

Quarter 4

Quarter 4: Outputs and Expenditure in the Quarter

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Programme:08 Sustainable Energy Development		
Vote Function:02 Energy Planning, Management & Infrastructure Dev't		
Departments		
Department:001 Electrical Power Department		
Key Service Area:240004 Power plant Development		
PIAP Output: 08111101 Hydro Power Plants rehabilitated		
Programme Intervention: 081111 Rehabilitate energy generation infrastructure		
Undertake monitoring and supervision of the implementation of the ESMP and RAP	Draft ESIA Report for rehabilitation of the Nalubaale Kiira Hydropower Complex submitted and reviewed. Final ESIA Report submitted to NEMA for consideration	Implementation of ESMP expected to commence upon approval of the ESIA Report by NEMA
Supervision and monitoring of the development of a hydropower master plan conducted, stakeholder engagements and field visits to collect, validate and review data undertaken.	Consultative stakeholder engagements undertaken with NPA, UEGCL, and MWE to inform finalization of Terms of Reference. Review of the Terms of Reference finalized and submitted.	Inadequate funds to commence the procurement process.
PIAP Output: 08111102 Existing Power Plants hybridized		
Programme Intervention: 081111 Rehabilitate energy generation infrastructure		
Stakeholder engagements with key stakeholders undertaken, Monitoring and supervision of installation works conducted.	Stakeholder engagements with UEGCL and UETCL to finalize the project profile undertaken. Project Profile for the 20 MW floating solar submitted to the Development Committee.	Negotiations to secure financing for EPC works are still ongoing.
PIAP Output: 08112104 Kiba HPP constructed		
Programme Intervention: 081121 Develop new utility scale energy generation infrastructure		
Stakeholder engagement to review and finalize Prefeasibility studies undertaken, Pre Feasibility report submitted, Terms of Reference for Feasibility Studies prepared.	Stakeholder engagements to inform Phase two works (conversion to natural gas) undertaken. Phase one of works for complete engine overhaul of the seven units undertaken (Full overhaul of four units undertaken at the Namanve Thermal Power Plant; Crankshaft bearings and compression shaft blades for the other three units replaced.)	

VOTE: 017 Ministry of Energy and Mineral Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 08112104 Kiba HPP constructed		
Programme Intervention: 081121 Develop new utility scale energy generation infrastructure		
Monitoring and supervision of the Feasibility Study and ESIA undertaken, Stakeholder engagements to review progress of the ESIA and Feasibility studies undertaken, Site visits and stakeholder engagements to collect and validate technical, social and environmental data undertaken.	Kick-off meeting for the Feasibility study and ESIA conducted; Reconnaissance site visit to Kiba undertaken; inception report submitted, reviewed and approved; consultative stakeholder engagements with UWA, ERA, MWE, UEGCL to collect and validate data undertaken. Prefeasibility report submitted.	N/A
PIAP Output: 08112201 Smart power plant management and optimization technologies deployed		
Programme Intervention: 081122 Deploy smart power plant management and optimization technology		
Dissemination of the National Electricity Strategy undertaken.	Stakeholder engagements with NPA, UEGCL, ERA undertaken to review the draft National Generation Strategy	N/A
Stakeholder engagements to collect technical, social and environmental data to inform preparartion of the draft ToRs undertaken, Draft Terms of Reference for consultancy services to undertake a feasibility study for the Project prepared, Stakeholder engagements to review and finalize the draft Terms of Reference undertaken, Final and approved ToRs for Feasibility Studies prepared and submitted.	Stakeholder engagements to review and finalize ToRs undertaken, Final and approved ToRs for feasibility studies prepared and submitted.	
Dissemination of the National Electricity Strategy undertaken.		
PIAP Output: 08112303 Large hydros project readiness activities finalised		
Programme Intervention: 081123 De-risk and promote the development of nascent renewable energy technologies		
Monitoring, supervision and technical inspection of operational electricity generation facilities conducted, Monitoring, supervision and technical inspection of ongoing construction of generation facilities undertaken.	Monitoring, supervision, and technical inspection of power generation facilities in eastern and northern Uganda undertaken (Karuma, Isimba, Kiira Nalubaale, Achwa I&II, Ituka Solar PV, Nyagak I & III, Electro-Maxx).	
Stakeholder engagements to review and finalize Terms of Reference for procurement of a consultant to undertake a feasibility study for the development of the Project undertaken	Stakeholder engagements with UEGCL to finalize ToRs for procurement of a consultant to undertake the feasibility study and ESIA for development of Maziba HPP undertaken.	
Implementation of the EDF supported, Approved EDF Guidelines disseminated.	Stakeholder engagements with Ministry of Finance, Planning and Economic Development towards operationalization of the Fund conducted.	Engagements with MoFPED are ongoing on operationalization of the Fund.

VOTE: 017 Ministry of Energy and Mineral Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 08112303 Large hydros project readiness activities finalised		
Programme Intervention: 081123 De-risk and promote the development of nascent renewable energy technologies		
Joint Project Steering and technical Committee meetings supported, Joint Project negotiation meetings supported, Monitoring, supervision and technical inspection of the 16MW Kikagati undertaken, Monitoring and supervision of the Feasibility Study for the 39MW Nshongezi undertaken.	5th PSC meeting for the Kikagati HPP conducted from 1st to 5th June 2026 at the Golden Tulip Hotel in Kampala. Technical person nominated to the project technical committee for the feasibility study for the Nsongezi Hydropower Project.	
Procurement of consultant to undertake the assessment and study undertaken, Monitoring and supervision of the development National Hydro Resource assessment and study conducted.	Terms of Reference for the procurement of a consultant to undertake the study finalised and submitted.	
Dissemination of the National Electricity Strategy undertaken.		

Expenditures incurred in the Quarter to deliver outputs		*UShs Thousand*

VOTE: 017 Ministry of Energy and Mineral Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 08212101 Electricity transmission infrastructure expanded		
Programme Intervention: 082121 Expand the energy transmission infrastructure		
Assessment of progress of the Industrial parks phase II, Kabaale Industrial Park project	The Power supply to Kabalega Industrial park substation project is 80% complete with all design and procurement activities finished and nearly all equipment delivered. Installation works are progressing well, particularly for the electrical systems, while civil works continue toward completion. The primary risks to achieving timely completion are tax-related import delays and late release of project funding, both of which continue to affect contractor payments and the overall construction schedule.	
Performance monitoring and risk assessment involving evaluating the impact of implemented upgrades on the MV and LV power quality and system stability to ensure improved network reliability		
Regional stakeholder engagements to operationalise the NES-Northern Region		
Quarterly Assessment of progress of RAP implementation for Uganda-Tanzania Transmission line		
Undertake Distributed Energy Integration Study		
Q4 Joint Technical Committee meeting for Umeme held		
Quarterly assessment progress of RAP implementation for Olwiyo-Juba Transmission line

Department:004 Renewable Energy Department		
Key Service Area:240010 Renewable Energy Technology Development		
PIAP Output: 08020202 Electricity distribution infrastructure expanded		
Programme Intervention: 082121 Expand the energy transmission infrastructure		
Standards, guideline, strategies on renewable energy (solar PV, solar water heaters,bio energy technologies) technologies reviewed and updated	The department participated in Technical Committee (TC) engagements to advance key renewable energy standards. The draft standard for Institutional Biomass Stoves is currently under public review, while the Institutional Biogas standard has been submitted to the Standards Council for final approval. Additionally, TC meetings were held to harmonize Biofuels standards across the East African Community (EAC).	
Market-Based Promotion of Productive Use Renewable Energy Systems in Uganda		
PIAP Output: 08311401 Green jobs created		
Programme Intervention: 083114 Create connections between people, green jobs and services		
Mini and Pico hydro resources developed	-Inventory of potential mini and pico hydropower sites reviewed and updated using existing data. -Technical guidance provided to stakeholders and prospective developers on mini and pico hydropower development. -Technical reports and project documentation reviewed to inform future interventions.	

VOTE: 017 Ministry of Energy and Mineral Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 08311401 Green jobs created		
Programme Intervention: 083114 Create connections between people, green jobs and services		
Monitor the operation of the wind energy systems installed - conduct studies on the wind regime to develop a wind map	Monitoring of f hybrid solar-wind powered water pumping systems in Moroto District was undertaken at Katikekile SEED Secondary School, Kadonyo Health Centre II, Rupa SEED Secondary School, and Nakiloro SEED Secondary School. The exercise assessed the operational status, functionality, and performance of the installed wind energy systems. The monitoring established that all sites experienced operational challenges associated with the wind energy component, including wind turbine failures, hybrid system configuration issues, and vandalism of battery storage systems, resulting in reduced or non-functional water pumping services at three sites. Technical recommendations were developed to restore system functionality through repair of wind turbines, replacement of vandalized components, optimization of hybrid system configuration, and strengthening of operation and maintenance practices.	
4MW solar plant at Busitema operationalized	-Routine operation and maintenance of the 4 MW Busitema University Solar Power Plant were undertaken to ensure continued optimal performance and reliability of the facility. -Discussions on the governance framework for the management and sustainable operation of the solar power plant were held with key stakeholders. -The Joint Development Agreement (JDA) was finalized and submitted to the Solicitor General for legal clearance to facilitate the operationalization of the agreed institutional management framework. -The solar power plant remained operational throughout the quarter, continuously generating renewable electricity for Busitema University and exporting surplus energy to the national grid.	
Research and development in the new emerging renewable technologies conducted		

VOTE: 017 Ministry of Energy and Mineral Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 08311401 Green jobs created		
Programme Intervention: 083114 Create connections between people, green jobs and services		
Awareness created for the Renewable Energy Technologies	Enhanced public awareness on renewable energy technologies through targeted clean cooking campaigns, exhibitions, and stakeholder engagements at outreach platforms, notably the Jinja National Agricultural Show. Conducted targeted awareness and sensitization campaigns on biofuels blending for local stakeholders, fuel distributors, and motorists across Eastern Uganda and the Malaba border region. Sensitized local communities and municipal officials in Busowa (Bugiri), Kumi, and Alebtong on the sustainable operation, maintenance, and community management of installed solar street lighting systems. Commissioned and launched 25 solar-powered water pumping systems in Luweero District, demonstrating the practical socio-economic benefits of productive-use renewable energy. Strengthened stakeholder participation and accelerated the adoption of renewable energy solutions through structured public outreach that promoted long-term system ownership and operational sustainability.	
Monitoring of the performance of the installed Renewable Energy systems supported by the Ministry and other actors	Solar & Hybrid Systems Monitoring: Conducted field monitoring of solar street lighting, solar water pumping, and hybrid solar-wind systems across Bugiri, Alebtong, Moroto, and Kumi Districts to assess operational status, technical performance, and long-term sustainability. Biofuels Inspections (Q4: April–June): Executed field inspections and technical monitoring of biofuels production facilities and fuel blending works. Stakeholder & Technical Engagement: Consulted with project beneficiaries and district technical teams to identify operational challenges and establish local operation and maintenance (O&M) mechanisms. Actionable Findings & Strategic Impact: Generated targeted recommendations for corrective maintenance and system optimization, providing crucial baseline evidence to enhance the reliability and sustainability of Ministry-supported renewable energy investments.

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 08311401 Green jobs created		
Programme Intervention: 083114 Create connections between people, green jobs and services		
Petrol blended with Biofuels at 1% blend	In accordance with the Biofuels Act (2020), the Ministry operationalized the mandatory 1% bio-ethanol blend (E1) with Petroleum Motor Spirit (PMS / Petrol) effective February 2026. Under this framework, all imported PMS is systematically blended across key national depots and entry points, including Malaba, Busia, Mutukula, and Kawuku. During the fourth quarter (Q4), approximately 3.0 million liters of bio-ethanol were successfully blended into the national PMS supply, significantly advancing renewable fuel integration in the transport sector.	
Demonstrational Renewable Energy systems established including (Biogas, Cookstoves and solar systems)	uring the fourth quarter (Q4), the department supported the installation of four (4) demonstration units featuring Liquefied Petroleum Gas (LPG) and Electric Pressure Cooker (EPC) technologies across two selected institutions. Furthermore, contracts were awarded during the period for the supply and installation of institutional improved cookstoves (IICS) and biogas systems.	
	Two renewable energy capacity-building training sessions were conducted at the Solar Training and Research Centre (STAR-C), Busitema University, benefiting over 100 participants, including university students and renewable energy technicians. The trainings enhanced participants' knowledge and practical skills in renewable energy technologies, installation, operation and maintenance of solar PV systems, thereby strengthening local technical capacity to support the deployment and sustainability of renewable energy systems.

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Expenditures incurred in the Quarter to deliver outputs		*UShs Thousand*
Item		**Spent**
221012 Small Office Equipment		13,667.658
225101 Consultancy Services		136,144.877
227001 Travel inland		52,813.143
227004 Fuel, Lubricants and Oils		8,025.463
228002 Maintenance-Transport Equipment		79,219.715
228003 Maintenance-Machinery & Equipment Other than Transport Equipment		116,188.915
262101 Contributions to International Organisations-Current		2,090.264
	Total For Budget Output	**824,488.395**
	Wage Recurrent	234,949.574
	Non Wage Recurrent	589,538.821
	Arrears	0.000
	AIA	0.000
	Total For Department	**824,488.395**
	Wage Recurrent	234,949.574
	Non Wage Recurrent	589,538.821
	Arrears	0.000
	AIA	0.000
Department:005 Nuclear Energy Department		
Key Service Area:000029 Capacity Building		
PIAP Output: 08112101 Nuclear Power plant constructed		
Programme Intervention: 081121 Develop new utility scale energy generation infrastructure		
Capacity on nuclear fuel resources exploration and production built.	Support for two (02) members of staff to pursue a Master of Science in Nuclear Power Plant Engineering at KEPCO International Nuclear Graduate School (KINGS), Busan, South Korea continued.	
PIAP Output: 08112102 National Nuclear Fuel Resources production and process infrastructure developed		
Programme Intervention: 081121 Develop new utility scale energy generation infrastructure		
Capacity on nuclear fuel resources exploration and production built.	Support for one (01) member of staff to pursue a Master of Science in Nuclear Engineering at IMT Atlantique University in Nantes, France continued.	

VOTE: 017 Ministry of Energy and Mineral Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 08411101 National Centralized Radioactive Waste Management Facilities constructed and equiped		
Programme Intervention: 084111 Enhance nuclear safety, security and safeguards		
Technical capacity on spent fuel and radioactive waste management built.	One (01) member of staff participated in IAEA interregional meeting on disposal options for Disused Sealed Radioactive Sources (DSRS) in Ankara, Türkiye from 8 to 12 June 2026,	
Two (2) Scientific visits on projects related to nuclear science applications.		
PIAP Output: 08421201 Centre for Nuclear Science and Technology constructed		
Programme Intervention: 084212 Strengthen the energy research and innovation eco system		
Capacity on nuclear power infrastructure development built.	Support for two (02) members of staff to pursue a Master of Science in Nuclear Engineering at Tsinghua University, Beijing, China continued.	
PIAP Output: 08421202 Gamma Irradiator Facility constructed		
Programme Intervention: 084212 Strengthen the energy research and innovation eco system		
Two (2) Scientific visits on projects related to nuclear science applications.	Preparations for the expert mission and scientific visit to support the gamma irradiator project were undertaken.	

Expenditures incurred in the Quarter to deliver outputs *UShs Thousand*

Item	Spent
221003 Staff Training	68,657.086
221008 Information and Communication Technology Supplies.	10,562.629
Total For Budget Output	**79,219.715**
Wage Recurrent	0.000
Non Wage Recurrent	79,219.715
Arrears	0.000
AIA	0.000

Key Service Area:000058 Stakeholder Management		
PIAP Output: 08112101 Nuclear Power plant constructed		
Programme Intervention: 081121 Develop new utility scale energy generation infrastructure		
Stakeholders for Buyende Nuclear Power Project engaged.	PAPs for Buyende Nuclear Power Project were engaged in June 2026	
Nuclear Industry Local Content Strategy for Uganda finalised.	Draft local content strategy and standards for the nuclear industry were reviewed.	

VOTE: 017 Ministry of Energy and Mineral Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 08112101 Nuclear Power plant constructed		
Programme Intervention: 081121 Develop new utility scale energy generation infrastructure		
National participation database updated.	Terms of Reference for the National Participation database were updated	
PIAP Output: 08112102 National Nuclear Fuel Resources production and process infrastructure developed		
Programme Intervention: 081121 Develop new utility scale energy generation infrastructure		
Strategies, plans, and guidelines for nuclear fuel resources production finalized.	The Nuclear Fuel Supply Strategy for Uganda was updated.	
Nuclear Energy Conference and Exhibition conducted.	Joint MEMD-UCEM Preparatory meetings for Nuclear Energy Conference and Exhibition were undertaken.	
PIAP Output: 08411101 National Centralized Radioactive Waste Management Facilities constructed and equiped		
Programme Intervention: 084111 Enhance nuclear safety, security and safeguards		
Radioactive waste management facilities monitored.	Technical meetings on decommissioning the Cobalt-60 teletherapy machine at Uganda Cancer Institute were held with participation from MEMD, IAEA, UCI and AEC.	
Strategies, plans, and guidelines for radioactive waste management finalized.	The Spent Fuel and Radioactive Waste Management Strategy for Uganda was updated.	
PIAP Output: 08421201 Centre for Nuclear Science and Technology constructed		
Programme Intervention: 084212 Strengthen the energy research and innovation eco system		
1. Stakeholder consultations on CNST 2. Consultations on reports relevant to CNST project	Stakeholder consultations were conducted with Soroti University, local government leaders, and technical institutions to review progress on CNST preparatory activities.	
	Preparatory meetings for the public hearing for the CNST project were conducted jointly by MEMD, Soroti University, and NEMA	
1. Conduct Awareness campaigns on nuclear Science and technology 2. Design and disseminate awareness materials.	Awareness campaigns were conducted to enhance public understanding of nuclear science and technology applications in Soroti City and Soroti District University. Awareness materials were designed and distributed through workshops.	
PIAP Output: 08421202 Gamma Irradiator Facility constructed		
Programme Intervention: 084212 Strengthen the energy research and innovation eco system		
	Stakeholder engagements and awareness on GIF project undertaken.	

VOTE: 017 Ministry of Energy and Mineral Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance

Expenditures incurred in the Quarter to deliver outputs *UShs Thousand*

Item	Spent
211106 Allowances (Incl. Casuals, Temporary, sitting allowances)	17,428.338
221001 Advertising and Public Relations	3,168.789
221002 Workshops, Meetings and Seminars	42,050.370
221011 Printing, Stationery, Photocopying and Binding	2,270.966
227001 Travel inland	17,394.642
227004 Fuel, Lubricants and Oils	7,098.086
228002 Maintenance-Transport Equipment	3,876.000

Key Service Area:240003 Nuclear Energy Infrastructure

PIAP Output: 08112102 National Nuclear Fuel Resources production and process infrastructure developed

Programme Intervention: 081121 Develop new utility scale energy generation infrastructure

Environmental and Social Impact Assessment (ESIA) for the NFRAL undertaken.	Request for proposal for Environmental and Social Impact Assessment (ESIA) for the NFRAL was jointly reviewed by MEMD and MUST team.	
Feasibility studies and detailed designs National Nuclear Fuel Resources Analytical Laboratory (NFRAL) finalised.	Request for proposal for Feasibility studies and detailed designs for the National Nuclear Fuel Resources Analytical Laboratory (NFRAL) was jointly reviewed by MEMD and MUST team.	
Nuclear fuel resources exploration and evaluation undertaken.	IAEA Integrated Uranium Production Cycle Review (IUPCR) report was disseminated.	

PIAP Output: 08411101 National Centralized Radioactive Waste Management Facilities constructed and equiped

Programme Intervention: 084111 Enhance nuclear safety, security and safeguards

Bilateral cooperations on nuclear energy monitored and coordinated.		
Development partners on nuclear fuel resources exploration and production engaged.		
Amendment of the Atomic Energy Bill completed.		

VOTE: 017 Ministry of Energy and Mineral Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 08411101 National Centralized Radioactive Waste Management Facilities constructed and equiped		
Programme Intervention: 084111 Enhance nuclear safety, security and safeguards		
Nuclear Power Technology vendor acquired..		
ESIA for the Centralised Radioactive Waste Management Facility undertaken.	Request for proposals for ESIA for the Centralised Radioactive Waste Management Facility was updated.	
Feasibility studies and development of detailed designs undertaken.	Preparations to issue the Request for proposal for feasibility studies and detailed designs for Centralized Radioactive Waste Management Facility was finalised.	
PIAP Output: 08421201 Centre for Nuclear Science and Technology constructed		
Programme Intervention: 084212 Strengthen the energy research and innovation eco system		
Finalise the Environmental and Social Impact Assessment for the Centre for Nuclear Science and Technology (CNST).	Environmental and Social Impact Assessment for the Centre for Nuclear Science and Technology (CNST) updated.	
Finalise feasibility studies, site evaluation and preliminary design of CNST.	Site evaluation studies for the CNST and development of designs continued.	
1. Collect data to support development of the site assessment reports 2. Collect data to support development of the ESIA. 3. Technical Meetings with Soroti University to review, harmonize and approve the ESIA.	Data to support the development of CNST was collected.	
PIAP Output: 08421202 Gamma Irradiator Facility constructed		
Programme Intervention: 084212 Strengthen the energy research and innovation eco system		
Prefeasibility and feasibility studies for the gamma Irradiation Facility Project undertaken.	Pre-feasibility study report for the Gamma Irradiator Facility (GIF) project was reviewed. Needs Assessment for the gamma irradiator facility conducted. Preliminary siting activities for the gamma irradiator facility conducted.	
PIAP Output: 08421901 Local, regional and international partnerships strengthened		
Programme Intervention: 084219 Foster and leverage local, regional and international partnerships		
	Reviewed the response by ROSATOM (Russian Technology Vendor) on the Roadmap and Terms of Reference for the Joint Working Group for the development of Nakasongola Nuclear Power Project	

VOTE: 017 Ministry of Energy and Mineral Development
