Project:1851 Hoima-Kinyara-Kafu 220KV Transmission Line and Associated Substations		
Key Service Area:240012 Transmission Network Development and rehabilitation		
PIAP Output: 08212101 Electricity transmission infrastructure expanded		
Programme Intervention: 082121 Expand the energy transmission infrastructure		
EPC works at 2%, 100% CDAP for Entebbe-Mutundwe & GERP, 80% completion of Kabaale substation	Kabaale substation is 80% complete with all design and procurement activities finished and nearly all equipment delivered. Installation works are progressing well, particularly for the electrical systems, while civil works continue toward completion. The primary risks to achieving timely completion are tax-related import delays and late release of project funding, both of which continue to affect contractor payments and the overall construction schedule.

	The Technical Feasibility Study is 30% complete. Preparation of the detailed Environmental and Social Impact Assessment (ESIA) report is ongoing and has reached approximately 40% completion. The RAP Survey and Valuation Methodology was submitted to the Chief Government Valuer (CGV) for approval on 29 December 2025. On 3 March 2026, the CGV provided comments on the RAP Survey and Valuation Methodology. The Consultant addressed the comments and resubmitted the revised methodology, together with the Resettlement Action Plan (RAP) and valuation reports, for approval. The draft RAP report was also submitted to UETCL for review, and comments have been provided to the Consultant for incorporation. UETCL has completed its review of the draft ESIA report and issued comments to the Consultant. The project is awaiting submission of the revised final draft ESIA report for onward submission to NEMA for approval.

PIAP Output: 08421101 Energy policy and regulatory framework stregthened

Programme Intervention: 084211 Strengthen the energy policy and regulatory framework

Implementation of energy policies, regulations and standards monitored	Monitoring and Evaluation of Mining and Mineral policy for Uganda, 2018 was undertaken and a report is in place	
staff capacity built regarding formulation of energy policies, regulations and standards	Departments were provided with technical support on policy process. The Geological survey department was provided with technical support in development of the Strategy on Acquisition, Management, Dissemination and Use of Geoscientific Data (2025/26–2029/2030). The Upstream department was provided with technical support in development of the National petroleum policy 2025. Technical support was also provided to departments in writing Cabinet submissions on Earth Scientists Registration Board Bill ,Building Substances Bill and Atomic Energy Bill .	
Advices rendered to the minister regarding energy laws, policies and regulatory frameworks	A draft Cabinet Memorandum has been prepared and the Bill will be presented to Cabinet in 1st Quarter of FY 2026/27.	

VOTE: 017 Ministry of Energy and Mineral Development

	The Geological Survey Department (GSD) and PanAfGeo+ UCW team conducted detailed geological mapping of the Bukusu and Bududa carbonatite complexes following a week-long community sensitization campaign in Bududa, Manafwa and Mbale. Sensitization was delivered through barazas, radio talk shows, church visits, and appointment of community focal persons to enhance information dissemination and community ownership. Key outputs include: subsurface geological data from the Namekhara Vermiculite Mine, documentation of mineralized zones, rock sampling, and surface mapping of outcrops including joint/ fracture measurements and lithological logging. During community engagements, awareness was created on health and safety practices in mining areas, environmental degradation risks, and responsible land use. Courtesy engagement with Manafwa District was undertaken and community outreach continued throughout the field exercise. These data will inform production of accurate geological maps to guide fu	
	i) The services of M/s. Green Ives Trading Limited were successfully procured for the supply and delivery of personal protective equipment (PPE) and protective wear for GSML ii) The Waste Management Plan for the Geological Surveys and Mineral Laboratory in Entebbe was drafted and submitted to the Environment, Safety and Social Safeguards Unit for review. This was undertaken to meet the requirements of ISO/IEC 17025:2017, which require laboratories to establish, approve, implement, and maintain an effective waste management process.

Key Service Area:060003 Mineral exploration and development

PIAP Output: 21111101 Extractive resources quantified

Programme Intervention: 211111 Enhance the country's extractive resources potential (Exploration and quantification of the oil and gas frontier basins, priority minerals and geothermal resources).

Mineral and geological information for investiment promotions prepared and disseminated	Conducted out iron ore mapping in Buhara Rwene and Butogota, with objectives to delineate iron bearing formations, determine grade and establish structural controls. Geological mapping at 1:10,000 scale was conducted, supported by systematic rock chip and channel sampling, structural measurements, and ore body delineation. The work confirmed mineralisation hosted within quartzites and quartzitic sandstones of the Karagwe–Ankolean Belt, with intercalated phyllitic units influencing deformation and weathering Conducted a specialised Radon Emanometry Survey at the Katara Uranium Prospect in Buhweju District. This programme followed earlier geological mapping and radiometric surveys which had revealed exceptionally strong anomalies but returned low uranium concentrations in laboratory analyses, suggesting radon migration from concealed mineralisation at depth. The survey was therefore designed to measure soil gas radon concentrations, discriminate between radon and thoron signals, and corr

PIAP Output: 21111101 Extractive resources quantified		
Programme Intervention: 211111 Enhance the country's extractive resources potential (Exploration and quantification of the oil and gas frontier basins, priority minerals and geothermal resources).		
Geological, Geophysical and Geochemical data acquired including samples for analysis and further research	Carried out training on using envimag system and progressive gravity and magnetic surveys over a nicckle chromium pge iron ore potential occurrence in katulikire, kiryandongo district. Carried out training on using the trimble geoxt differential gps system to acquire precise positions for gravimetric surveys for manganese exploration on kyenjojo district	
Geological information generated and interpreted	Participated in detailed geological mapping programme of the Bukusu and Bududa Carbonatite Complexes in Manafwa and Bududa Districts under PanAfGeo+CWU. Preparatory activities included extensive community sensitisation and stakeholder engagements, followed by a three week field campaign involving Ugandan and European geoscientists. Approximately 220 km² were systematically mapped, delineating carbonatite boundaries, breccias, and metasomatic halos. Investigations included outcrop mapping, structural measurements, mineral occurrence documentation, and sampling, with significant observations made at the Namekhara Vermiculite Mine. Collected samples were transported to Europe for advanced laboratory analysis, with results expected to refine geological maps, strengthen Uganda's geological database, and support future mineral exploration and capacity building initiatives.	
Technical geological report prepared		
Hardware and software for data storage and processing procured	Not done	Not a non wage recurrent item
Furniture and fittings procured

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 21111203 Exploration and production activities regulated and monitored		
Programme Intervention: 211112 Undertake licensing, regulation and monitoring of the operations in the extractives industry		
One (1) workshop for creating awareness on mining legislation, and mainstreaming cross-cutting issues (EITI, gender, equal opportunities, HIV/AIDS, etc).	Participants were sensitized on mining legislation, and mainstreaming cross-cutting issues (EITI, gender, equal opportunities, HIV/AIDS, etc) during the 3 countrywide Mineral Market regulation stakeholder consultative workshops. Sensitization was also undertaken during inspections and ASM Registration to raise awareness on mining legislation and mainstreaming cross-cutting issues (EITI, gender, equal opportunities, HIV/AIDS, etc).	Limited funds released to host workshops
Mineral production statistics compiled monthly and desseminated quarterly.	Mineral production statistics compiled monthly and disseminated.	No variation
Revamping of Kilembe Mines supervised. The gold mining development project in Busia by Wagagai Mining (U) Limited supervised. The Rare Earth Elements mining development project in Makuutu by Rwenzori Rare Metals Limited supervised.	Supervised mine development and mining projects all over the country. Busia Wagagai gold project supervised - gold production ongoing, Above 300 Kg gold produced, refined and exported this quarter. Revamping of Kilembe Mines supervised- procurement of equipment, site maintenance and pre-feasibilty study on the mineral deposit (exploration and deskwork studies) ongoing. The Makuutu Rare Earth Elements mining project supervised- developer applied for suspension of working obligation due to current REE global market & price dynamics, currently minesite and plant under care & maintenance	No variation
100% of licensed mineral beneficiation facilities monitored.	75% of licensed mineral beneficiation facilities monitored.	Limited and late release of funds to facilitate 100% inspection and monitoring, limited fleet of inspection vehicles
Collaboration with at least one (1) international organization strengthened through subscription	Collaboration with ICGLR AND AMGC strengthened through subscription, participation in workshops and other engagements.	No variation
80% of Mineral prospecting and exploration, mining, and mineral trade in Uganda monitored.	36% of Mineral prospecting and exploration, mining, and mineral trade in Uganda monitored.	Late release of funds facilitate inspection and monitoring, limited fleet of inspection vehicles

VOTE: 017 Ministry of Energy and Mineral Development

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 21111203 Exploration and production activities regulated and monitored		
Programme Intervention: 211112 Undertake licensing, regulation and monitoring of the operations in the extractives industry		
Final drafts for two (2) Regulations to enforce the Mining and Minerals Act, 2022 submitted.	Countrywide stakeholder Consultative workshops held on the Mineral Markets Regulation, views collected and incorporated in draft sent to Attorney General. Instruction to draft National Content Regulation sent to Attorney General	Limited number of Legal staff to help in drafting of regulations
Non-Tax Revenues (NTR) generated to the tune of UGX. 5 billion.	Non-Tax Revenues (NTR) to the tune of UGX. 8.723 billion generated.	No variation
35 staff trained on cross-cutting issues i.e. EITI, HSE, gender & equal opportunities mainstreaming, and HIV/ AIDS.	Personal Protective Equipment (PPEs) procured for 60 staff delivered. 1 staff currently undertaking PhD in Mining & Minerals Engineering field and in-house training for 30 new staff conducted in weighbridge operations, Mineral analysis and metallurgy.	No variation
2 designated minerals sites inspected and validated under the Regional Certification Mechanism	Nyamuliro Wolfram Mine and AUC gold Mine sites inspected and validated under the Regional Certification Mechanism	Late and Limited release of funds to facilitate 100% inspection and monitoring, limited fleet of inspection vehicles
Mineral Production data and Investment in mineral sector verified in Eastern Region	Production volume assessment for all active mining licenses undertaken. Mineral Production data verified in Nyamuliro wolfram mine MML/ML/4478 -Rubanda district and Investment in mineral sector verified in Eastern Region	No variation

Programme Intervention: 211111 Enhance the country's extractive resources potential (Exploration and quantification of the oil and gas frontier basins, priority minerals and geothermal resources).		
Regional geochemical survey of four topographic sheets conducted	". conducted Sensitisation for National geochemical survey for topographic 50/2 iis on arsenic anamay that indicates gold mineralisation of Mubende Kasanda gold (Nakasongola Districts) The sheetss 71/2 is on arsenic showing continuation of Jinja gold mineralistion. This involved sensitisation of community leaders about SUMIP. acivities, 2. Sample preparation for SUMIP "	caused by underfunding the budget for FY 2025/26 was 5bn and 3.466306bn was released. The project received funds only in Q2 and Q4. The funds The Q4 funds were were released in two batches. The Quater 4 additional funding was released late and out of two submitted loose minutes, one was paid. Another variation is was caused by mineral laboratory at GSD unable to analyse the geochemical samples. The National/ Regional geochemical survey samples are to be analysed for mult element by using AAs and ICP-OES to zone out different mineral targets. These samples have low concertrations. over 1200 samples already collected waiting analysis.The priority is given to mineral targets to for base metals and uranium that be analysed by portable XRF to generate targets for drilling. 342 samples submitted on 28/8/2025 not yet analysed. The project has planned for a framework with international ISO labaratory to carry out

VOTE: 017 Ministry of Energy and Mineral Development

	analysis and is budgeted for in FY 2026/27	
Data analyzed, evaluated, and a comprehensive technical report compiled.	Carried out the following activities 1.Evaluation of Affected land and property for compensation to be affected by access roads and drilling pads in 4 mineral targets being undertaken .2.Terms of reference for Environmental Impact Assessment completed 3, Terms of reference for Engineering contractor for Diamond core drilling in four mineral targets completed. $. Awareness campaigns, identifying of Project affected persons (PAP) and assessment for construction/repair of access roads being conducted conducted	Prospects ready for drilling. drilling not yet conducted because of funding and failure to get money in other quarters(in this Fy 2025/26) the Project got money in two quarters,. Even with limited funding activities cant be done on schedule as planned.
Training of staff in the relevant disciplines of mapping, exploration, information management, mineral processing and material design and fabrication conducted.	Training of laboratory technical staff on analytical equipment including auto titrator. This covers calibration and operation of equipment; Currently the laboratory is unfunctional and but are undergoing trainings in analytical technique geared at making the laboratory functional.	other training like fabrication not yet undertaken due funding and failure to receive funds in two quarters
Procurement of geological, geochemical, and geophysical equipment and software completed.	carried the following procurements 1. Procurement five(5)field double cabin pickups. 2. The procurement of three soft wares Igpet, for petrological, ioGAS geochemical analysis and and Leapfrog modelling of data from drilling to quantify minerals. The process of procurement was completed but not acquired due to funding.	The project got funds in Q2 and Q4 with limited funds on software

VOTE: 017 Ministry of Energy and Mineral Development

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1833 Support Uganda Mineral-based Industrialisation Project (SUMIP)		
PIAP Output: 21040201 A national geological specimen repository established.		
Programme Intervention: 210402 Strengthen the extractives industry research and innovation eco system		
Procurement of supplies for laboratory analysis of samples, packaging and storage of CRMs completed.	?Collected samples for certified reference materials for sheets71/2 and 50/2 for ISO certification. and prepare CRMS	Currently the lab is not operational and reagents have to be bought when it working to avoid expirely. The sample for CRM being collected and will be sent to different ISO certified labaratrory to get a CRM
Procurement for a designer for the repository and and support infrastructure and other engineering studies completed.	The project identified six(6) areas in a radius of 15 to 20km for a construction of the repository. The team consisting of land surveys, land valuers and MEMD technical staff ranked the areas and selected the best location for repository basing on location, geology. surroundings, infrastructure and distance from Entebbe offices. The report was submitted a report to GV for approval. The Ministry of works have conducted preliminary designs and technical investigations of a sample preparation and storage facility and Offices and Finalising the designs for sample preparation facility for approval	The Project has not yet procured contract for designs of the repository, still in the process of land acquisition. During approval of SUMIP project land component was removed. Land was to be acquired through Land acquisition Project. Limited funding under land project has led to delayed land procurement. The funds for the land has been included in F/Y 2026/27 budget under Land acquisition project.

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1833 Support Uganda Mineral-based Industrialisation Project (SUMIP)		
PIAP Output: 21040201 A national geological specimen repository established.		
Programme Intervention: 210402 Strengthen the extractives industry research and innovation eco system		
Pitting and trenching on a mineral target conducted	1. conducted Follow-up soil geochemical surveys of Kaliro-Ivukula gold mineral target in Namutumba District. 2. conducted Measurement of radiation (Radeye survey) in the Boma and lwensankala uranium target. This is to increase finish up radeye survey and delineate anomaly that will be integrated with geophysics, geochemical and structures to to define drilling sites 3.Geological mapping of iron ore in Buhara(Kabale) and Butogota Kanungu District being undertaken 4.Geophysical surveys of Isandra Manganese target in Kyejojo undertaken 5.Geochemical survey of Karuma falls gold geochemical anomaly undertaken. 6.Reviewed Licensing status of 18 mineral targets 7. Radon Survey of Katara uranium prospect. prepared base maps and ready for field.	The activity was pitting and trenching of one mineral target. Boma and Lwensakala where pitting and trenching had been done required additional techniques, This include Radeye surveys and additional detailed ground geophysics to define the shape of the anomaly. Also after pitting in Katara in areas of high high radiation of over 5000 counts, Analysis showed no uranium in the samples. Radon being conducted to confirm the source of radiation. if found to be radon, then the deposit could be interpreted to be deep seated. More targets were samples because the soil samples from targets are easily analysed with portable XRF since target elements are already defines and concentrations are slightly higher compared to portable XRF

Development of Kingfisher and Tilenga projects supervised.	During the quarter, the department continued to undertake routine supervision of the Kingfisher and Tilenga projects in preparation for First Oil.	
RAP activities for Kingfisher and Tilenga Development Projects undertaken.	The department continued deploying staff to monitor the Resettlement Action Plan (RAP) implementation activities for the Tilenga project, including oversight of stakeholder engagements, participation in livelihood restoration entitlement disclosures, and signing of compensation agreements during the quarter.	
Feasibility study for conversion of gas produced from Tilenga and Kingfisher to Ammonium Niitrate undertaken.	Feasibility study for conversion of gas produced from Tilenga and Kingfisher to Ammonium Niitrate was postponed pending development of the national gas utilization strategy. Priority was given to the development of LPG Agreements for the Tilenga and Kingfisher projects.

Programme Intervention: 210201 Construct, regulate and monitor development of extractives infrastructure		
Development of support infrastructure for the KIP undertaken and supervised.	Following approval of financing by cabinet, KIP infrastructure development commenced and the study phase is completed. Procurements have commenced for the enabling infrastructure that includes; power substations, roads, security, waste etc. The onboarding activities of the first batch of investors also commenced and EOIs were submitted and assessment completed. Allotment of land to follow.	
	Refinery configuration study completed and final configuration selected by Cabinet. Drafting and engagements with the private sector investor ongoing on the; tolling agreement, crude supply agreement, refinery Act and the shareholders' agreement. Refinery ESIA study is currently on-going and expected to be completed before end of Q1 of FY 2026/27. Refinery FEED commenced and has progressed to 15%. The incorporation of the Refinery company was done and a certificate of registration obtained.	
LPG Purchase and supply Agreement with Global Gases Group implemented. Distribution strategy of the cylinders developed, approved and implemented.	Continued to engage with the MoFPED on the availability of funds to undertake purchase of land for the LPG filling and cylinder manufacturing plant. Engagements were also held with NHCC on the early land access as GOU arranges to make payment.	
Refinery FID achieved and early EPC activities commenced and supervised	Process of onboarding the project management consultant commenced and contract is being reviewed by the parties. Basic engineering commenced in February 2026 and the GOU continued to engage with and supervise the consultant.

The theme for the expo was “From Oil and Gas to the Wider Economy: Transferrable Skills Driving Sustainable Growth”	
Strategies to ensure standardization and accreditation of Uganda local goods and services to ensure increased competition and consumption in the oil and gas sector implemented.	Implementation of strategies to ensure standardization and accreditation of Uganda local goods and services for increased competition and consumption in the oil and gas sector was deferred.	
The Local Content Development Fund established and adequately managed.	By the end of the reporting period, the Local Content Development Fund Bill was gazette and submitted to Parliament. In addition, the Department submitted the Statement of Financial Implication (SFI) to the Ministry of Finance, Planning and Economic Development for consideration and was awaiting the Certificate of Financial Implication.	
The Industry Enhancement Centre managed.	The Department made preparations to hold an initial engagement with TotalEnergies EP Uganda (TEPU) to discuss the handover of the Industry Enhancement Centre (IEC) back to the Government of Uganda. The Department commenced the preparation of the Terms of Reference (ToRs) for the Transition, Management and Operationalisation of the Industry Enhancement Centre.	
Linkages, partnerships and joint ventures of oil and gas with other sub sectors developed and promoted	By the end of the reporting period, the Department was awaiting the approval of the roadmap for sectoral linkages by the Ministry’s top management.

	Progressed negotiations over their Direct Application for a Petroleum Exploration License over the Pelican and Crane Blocks with a technical alignment meeting held with the Petroleum Authority of Uganda (PAU) on 20th April 2026 to discuss Government counter-proposals on the technical work programme commitments and fiscal terms in preparation for the next negotiation meeting with CNOOC. The Government counter-proposal package was then submitted to CNOOC, which was then requested to provide their detailed work programme and budget estimates for review. In addition, the Department formally received the Direct Application for Licenses over the Kanywataba and Turaco Blocks from Delta International Co. Ltd. This was then reviewed and comments generated and submitted to Delta for their consideration.

Programme Intervention: 210201 Construct, regulate and monitor development of extractives infrastructure		
Pending RAP activities for Hoima-Mpigi pipeline undertaken and supervised, including; construction of houses and community infrastructure, payments to all pending PAPs, titling of corridor, handover and livelihood restoration.	Of a total of 4,337 PAPs, 3,210 have been paid, representing 74% of the total PAPs. 3,461 PAPs have so far consented and those paid represent 80% of these.	The major Reasons for delayed completion of the RAP are; -Aggrieved PAPs that had initially rejected the compensation packages and a supplementary valuation had to be done hence requiring additional time. -PAPs missing some required documentation/information including TINs. Many of these still remain absent despite numerous attempts to locate them. -Inactive bank accounts of PAPs hence bounced payments of compensation money which requires that the monies are re-entered and in most cases leading to roll-over to a new FY whose resource envelop had already been planned for. -Lengthy approval process by relevant MDAs such as CGV. -Inadequate quarterly release of funds to MEMD for compensation purposes.
EPCm for the Mpigi storage terminal undertaken and supervised. Additional land for the storage terminal acquired	The works for the storage terminal have been bundled together with other refinery project works to be undertaken by the refinery contractor. The FEED is on-going and is currently at 15% while ESIA also ongoing and expected to be completed in Q1 of FY 2026-27.

Hoima Regional office construction undertaken and supervised to at least 20%. Detailed designs for EACOP regional office in Tanga undertaken and completed to 100%.	The designs for the Hoima office were completed and the BOQs developed in preparation for commencement of procurement of the EPC contractor. The detailed engineering report for the regional Tanga office was done following rigorous reviews and engagements with the consultant. The Tanga regional office is being developed as part of investment promotion and oversight of the marketing activities of Uganda's crude at the coast.	
Strategy for development and integration of petrochemicals industries nationally undertaken as part of investment promotion in line with the updated configuration of the refinery	As part of investment promotion, the feasibility study for petrochemicals was planned and the TORs developed following reviews by the GOU. Due to failure to attract convincing bids, the procurement was slated for re-tendering. The re-initiation of the procurement is currently ongoing.	Failure to obtain convincing bids led to re-tendering and amendment of the procurement plan which led to delays.

Quarter 4

Performance highlights for the Quarter

The overall approved Budget of the Ministry for FY2025/2026 is Shs441.404Billion. By the fourth quarter, the Ministry realized a release of Shs409.829Billion representing 92.8% of the Budget. Further, the Ministry spent a total Shs342.740 Billion by the fourth quarter, FY 2025/2026 representing 83.6% of its releases.

Additionally, the Ministry achieved the following by the fourth Quarter FY2025/2026:

i. Regular and Predicable Senior Citizens Grant provided to 318,649 eligible older persons in 146 districts and cities.

ii. 900 Older Persons enterprises funded countrywide benefiting 5,182 older persons (2,496 males and 2,686 females).

iii. 2,407 enterprises for Persons with Disabilities funded countrywide reaching 14,237 Persons with Disabilities (7,293 males and 6,944 females).

iv. Six (6) specialized Vocational Rehabilitation Centres of Ocoko, Mpumudde, Lweza, Kireka, Ruti, and the Jinja Sheltered provided food and non-food items benefiting 523 youth with disabilities (282 males and 241 females) undergoing rehabilitative and vocational skills training.

v. 2,669 workplaces inspected for compliance with Occupational Safety and Health Standards; safe handling and management of chemicals; safe labour migration standards; accreditation and training of migrant workers; employment regulations; and adherence to labour standards countrywide.

vi. 1,857 workplaces registered in compliance with the provision of the OSH Act, Cap 231 and Shs2,173,772,090 as NTR.

vii. Renovation of two (2) Community Learning Centers in the LGs of Kaliro and Zombo completed.

viii. 1,588 women enterprises funded countrywide reaching 11,309 women.

ix. 900 youth enterprises funded countrywide reaching 5,442 youth.

x. 109 Jua-kali groups provided with 1,992 business toolkits and equipment in 25 LGs.

Variances and Challenges

The Ministry not withstanding the key achievements realised by end Quarter four, it experienced a number of challenges;

i. Delays in appointment of Judges at the Industrial Court so as to clear the increase case backlogs related to labour disputes.

ii. Delays in approval of Grant Agreement by the World Bank, thereby leaving released funds under external financing unspent.

Quarter 4

Performance highlights for the Quarter

HUMAN CAPITAL DEVELOPMENT
Ala Ora Water supply system (60%), Nankondo RGC WSS (95%), Bitsya WSS (93%), Nyamugasani Gravity Flow Scheme (97%), Isingiro Piped WSS (70%) 15No. WSS have been completed. Gaspa and Nyakabaale RGCs WSS at 95% and Mutundwa RGC WSS at 94% in Kiryandongo district, Gulinya and Arinyapi RGCs WSS in Adjumani district at 98%, Lobe and Lomunga RGCs WSS at 95% and Goboro RGC WSS at 85% in Yumbe district, Akoro, Pangila and Padible West RGCs WSS in Lamwo district at 76%, and Laropi and Lefori RGCs WSS in Moyo district at 33%.

Construction works in Manafwa TC (88%), Busaale (95%) and Bulangira (58%). Construction of public toilets in the town of Manafwa TC is at (20%), Karago Phase -II (100%), Rubaya WSS (42%), Nyakashaka WSS (04%), Bethlehem – Nabigasa Phase 01(05%), MWESW Regional Office Perimeter wall and Gate (100%). 09 Public water-borne /Institutional VIPs; Bukuku Primary School (100%), Kinyansano Girls High School (95%), Water-borne toilet for Rubaya Water Office (100%), 03 Primary Schools in Nyakashaka (Nyakashaka P/s, Kyakuhanda P/s, Kiramira Cope P/s) to 20%.

AGRO INDUSTRIALISATION
Six surface water storage reservoirs at 100% completion providing water for livestock. Kabuyanda Irrigation scheme at 80%, Kabuyanda off Farm Irrigation Net Work up to the Block at 90%, Kabuyanda Dam for multipurpose use at 21.6%. Sipi Irrigation Scheme stands at 31.2% completion. Wadelai irrigation scheme at 77%.

NRECCLWM
15,808 ha of degraded landscape were restored with 6,400,002 seedlings that were supplied to 18,302 farmers. 2,935 ha of woodlot (small scale commercial forestry) established by 692 farmers in the western and northern. 100 tree nurseries were assessed for certification in the three catchment areas of Sipi, Unyama,Namalu. 116 Km of wetland boundaries were demarcated. 140km of River banks/Lake shores demarcated in Namavundu Nile bank and Kalagala.2553 TAFs, 85 SIGMETS; 65,700 METARs and 35570 flight folders
provided.

Variances and Challenges

Challenges
•Limited release of funds greatly affected implementation of the planned activities.
• Declining quantity and quality of water resources due to increased encroachment in Lake shores, River banks
• Delayed procurement and delivery of imported plant and equipment due to cash flow constraints.
• Increased shipment costs of imported construction materials.
• Limited enforcement due to the inadequate number of Environment Protection Police affected effective enforcement of environment laws and policies countrywide.
• Low staffing levels of environment protection police and inadequate resources such as vehicles to be used to prevent re-entry of wetland degraders into already restored wetland system need to be addressed to achieve
• Re-entry of wetland users after ecological restoration greatly affects the regeneration and restoration process. Thus hinders the final results recorded

PIAP Output: 01113104 Water infrastructure for multipurpose use and irrigation developed

Programme Intervention: 011131 Increase access to and use of water for agricultural production

Continue construction of 01 Gravity-fed Irrigation scheme infrastructure and facilities for Sipi constructed to 50% progress.	Construction of the Sipi Irrigation Scheme progressed to 31.2% physical completion during the reporting period, with civil works continuing on accessible sections of the project.	Progress remained below the quarterly target due to delayed compensation of Project Affected Persons (PAPs), which restricted contractor access to worksites in Namalu and Unyama. Construction is expected to accelerate once compensation is completed in FY 2026/27.
12No. off-farm Irrigation Infrastructure and facilities for solar powered irrigation systems in 4 regions (Northern, Western, central and eastern regions) constructed.	Civil works contracts for all three lots covering 96 solar-powered irrigation schemes across the Northern, Central, Western, Eastern and Karamoja regions were signed. Contractors completed pre-commencement requirements and mobilization is expected to begin upon release of advance payments.	Procurement took longer than anticipated, delaying contract award. Although advance payment guarantees and payment certificates have been submitted, commencement is awaiting processing of advance payments by the Ministry of Finance.

VOTE: 019 Ministry of Water and Environment

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1417 Farm Income Enhancement and Forestry Conservation Programme Phase II		
PIAP Output: 01113104 Water infrastructure for multipurpose use and irrigation developed		
Programme Intervention: 011131 Increase access to and use of water for agricultural production		
Mobilization and sensitization of the of stake holders including local leadership (political and technical) and beneficiary communities conducted	Procurement for consultancy services to undertake stakeholder mobilization and sensitization remained ongoing during the reporting period.	Activity could not commence because the procurement process for the consultant had not been finalized.
Supervision of the Construction of Sipi, Unyama and Namalu Irrigation Schemes Infrastructure and Facilities commenced.	Consultancy services for supervision of Sipi Irrigation Scheme were ongoing. Consultants for Namalu and Unyama were procured; however, field supervision had not commenced.	Commencement of supervision for Namalu and Unyama was delayed due to restricted site access arising from outstanding PAP compensation.
Construction of off-farm irrigation infrastructure and facilities for small scale irrigation schemes in northern, central, western and eastern regions supervised and reports prepared	Procurement of consultancy services for design review and supervision of construction 96 solar powered irrigation schemes was concluded in June 2026	The long procurement process affected the start of the consultancy however all the bidders have submitted their advance payment guarantees and payment certificates to MFPED waiting for payments..
Stake holder engagement participation and mind set change for establishment of Sustainable Farmer Based Management Organizations for each of the 3 irrigation schemes (Namalu Unyama and Sipi) conducted	Inception reports for the establishment of Sustainable Farmer Based Management Organizations (FBMOs) for each of the 3 irrigation schemes (Namalu Unyama and Sipi) completed and situation analysis is ongoing for all the three schemes	Output ongoing as planned
Stake holder engagement participation and mind set change for establishment of Sustainable Farmer Based Management Organizations for Solar Powered Irrigation schemes in northern, central, western and eastern regions conducted	Inception reports for establishment of FBMOs were completed for all three irrigation schemes. Situation analysis and stakeholder consultations are ongoing.	Activity is progressing according to the implementation schedule and remains on track.

VOTE: 019 Ministry of Water and Environment

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1417 Farm Income Enhancement and Forestry Conservation Programme Phase II		
PIAP Output: 01113104 Water infrastructure for multipurpose use and irrigation developed		
Programme Intervention: 011131 Increase access to and use of water for agricultural production		
Training of farmers on agronomy and farming systems undertaken	Farmer training was not undertaken during the reporting period.	The activity was scheduled to commence after substantial completion of irrigation infrastructure. Procurement for the consultancy is planned for the first quarter of FY 2026/27.
Monthly site inspection and meetings for construction of Sipi irrigation scheme conducted and minutes prepared	Monthly site inspections and progress review meetings were successfully conducted in May and June 2026, and inspection reports and meeting minutes were prepared.	Achieved as planned following commencement of construction works
PAPs compensated	Validation of 84 out of 104 targeted Project Affected Persons in the Unyama project area was completed, providing the basis for subsequent compensation.	Progress was constrained by available funding. Validation of the remaining PAPs and compensation payments are planned under FY 2026/27.
Regional and local technical supervision of the 03 irrigation schemes and off farm infrastructure for the solar powered irrigation systems in Northern, Western, Eastern and Central region conducted.	The planned technical supervision activity was not undertaken during the reporting period.	The activity is scheduled for implementation during the third year of the project in accordance with the approved implementation plan.
Monitoring and supervision of implementation of ESMPS conducted	Three District and Sub-county Grievance Redress Committees (GRCs) and four Parish GRCs were established and trained under the Sipi Irrigation Scheme. Seven advocacy meetings were conducted to strengthen grievance management.	Formation of GRCs in Namalu and Unyama was delayed because land acquisition and PAP compensation processes are still ongoing. Consequently, ESMP monitoring was only undertaken in Sipi.
	07 advocacy meetings were held with GRCs in Sipi Irrigation Scheme.	Output only conducted in Sipi irrigation scheme since Unyama and Namely GRCs are not yet fully constituted

Project:1417 Farm Income Enhancement and Forestry Conservation Programme Phase II		
PIAP Output: 01113104 Water infrastructure for multipurpose use and irrigation developed		
Programme Intervention: 011131 Increase access to and use of water for agricultural production		
ESIA report approved, and certificate of approval obtained	Stakeholder consultant and disclosure of the Environmental and Social Impact Assessment and Resettlement Action Plan (RAP) reports was done in all the 03 irrigation schemes of Unyama, Sipi and Namalu. 3 RAP reports were approved.	Output achieved as planned
	The ToR were prepared awaiting for finishing of expression of interest.	The delay has been due to the delays in construction work which should, be at least 80% before the agronomy consultant begins works.
6 promotion, mobilization and awareness meetings conducted (pre-construction activities;- land acquisition, transforming to irrigated agriculture, attitude change, identification of CSOs benefiting (Unyama 2,000 Sipi, 1,000 and Namalu 1,100) people conducted	Six awareness and mobilization meetings were successfully conducted with district and sub-county leaders in Nakapiripirit, Bulambuli, Gulu and Amuru, focusing on ESIA findings, land acquisition and transformation to irrigated agriculture.	Achieved as planned.
Follow-up and review meetings with stakeholders conducted and performance of the GRCs conducted	Four follow-up meetings were conducted to assess the performance of GRCs under the Sipi Irrigation Scheme. Three dissemination meetings were also held for Sipi, Namalu and Unyama. Preparations to establish GRCs in Namalu and Unyama are ongoing.	Achieved substantially as planned. Expansion of GRC activities in Namalu and Unyama depends on completion of the compensation process.Output achieved as planned
	03 dissemination meetings done successfully for the three (03) irrigation schemes that is Sipi, Unyama and Namalu.	Output achieved a planned
Apiculture scoping survey conducted in the catchment areas, Horticulture scooping exercises within the targeted catchment of Sipi, Namalu and Unyama irrigation schemes conducted.Aquaculture scoping survey in the 3 catchment areas conducted.	An apiculture scoping survey covering all 19 districts within the project catchment areas was completed and a draft report prepared. The World Bank's No Objection for the horticulture and aquaculture consultancy was obtained; however, farmer training had not commenced.	Implementation is ongoing. Horticulture and aquaculture scoping activities are scheduled for FY 2026/27.

Project:1787 Water for Production Regional Centre-West Phase II		
Key Service Area:000003 Facilities and Equipment Management		

VOTE: 019 Ministry of Water and Environment

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1787 Water for Production Regional Centre-West Phase II		
PIAP Output: 01113103 Sustainable management mechanisms for water infrastructure established and maintained		
Programme Intervention: 011131 Increase access to and use of water for agricultural production		
Offer implementation support for sustainable management of multi-purpose Water for Production (WfP) facilities in the Western region (training, capacity building and formation of management committees for completed and ongoing WfP facilities).	Implementation support was offered for sustainable management of multi-purpose Water for Production (WfP) facilities in the Western region (training, capacity building and formation of management committees for completed and ongoing multi-purpose WfP facilities of Ntarama, SPIS in Kiruhura district, Nyabubare SPIS in Mitooma district, Kicuna SPIS in Kabarole district, Rushayumbe SPIS in Kyegegwa district, Garuka SPIS in Rukungiri, Mabanda SPIS in Buhweju district, Koza valley tank in Kyotera district, Burunga valley tank in Kazo district	Output achieved as planned
Offer support to Irrigation System Operators of Mubuku II and Rwengaaju Irrigation schemes in Kasese and Kabarole Districts respectively.	Irrigation System Operators for Mubuku II, Rwengaaju Irrigation schemes in Kasese and Kabarole Districts, Mabira and kyenshama dams in Mbarara district were supported.	Output was achieved as planned
Offer support to Irrigation System Operators of Four (4) completed Solar Powered Irrigation Systems, Mabira and Kyenshama dams in the Western Region.	Support was offered on Sustainable management to Irrigation System Operators of Four (4) completed Solar Powered Irrigation Systems, Mabira and Kyenshama dams in the Western Region.	Outputs achieved as planned
Undertake training in community based management and financial literacy for selected water for production facilities in Western region.	Initiation of the procurement has commenced on the eGP	Delayed release of funds affected the commencement of the procurement process given that there was no money the bigger part of the year
Enhancing visibility of Water for Production activities and performance in Western Region (Public awareness, TV and radio talk shows and Newspaper articles).	Water for production and Ministry of Water and Environment projects in the western region have been publisized through radio talkshows, TV and newspaper articles.	Output achieved as planned

Programme Intervention: 011131 Increase access to and use of water for agricultural production

Construction of One (1) Surface water reservoir in Sembabule District using Equipment to 100% completion providing water for livestock.	Excavation of the valley tank is in progess. Physical work progress stands at 25%	Due to delayed availability of funds that are used to facilitate Ministry equipment and machine operators, the process delayed to start.. Works is now progressing well

VOTE: 019 Ministry of Water and Environment

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1787 Water for Production Regional Centre-West Phase II		
PIAP Output: 01113104 Water infrastructure for multipurpose use and irrigation developed		
Programme Intervention: 011131 Increase access to and use of water for agricultural production		
Partial extension of Kyenshama and Mabira dams in Mbarara District to 30% cumulative progress. This will enhance their user utilization after the extension completion.	Construction of Kyemamba dam in Lyantonde District has not yet commenced.	Arising out of the cost estimates to carry out the construction of the dam, it was found that the costs are too high to be taken care of with in the budgets of the project for the FY
Offer functionality support to Water for Production (WfP) Infrastructure and facilities.	Solar panels and solar pumps at have been serviced at the sites of Mabira dam, Nyarurambi SPIS, Garuka SPIS and Nyamarungi VT. A standby solar powered pump has been installed at Kyenshama dam	Output achieved as planned
	Valuation report for the Project Affected Persons (PAPs) of Kiyumbakimu bulk water system in Rakai District was finalized and approved by the Chief Government Valuer.	The evaluation was done at the end of the FY. payment will be conducted next FY.
Servicing and maintenance of Earth moving Equipment used in construction of water for production facilities in the Western Region.	Earth moving Equipment was serviced and maintained in the Western Region.	Output achieved as planned
Construction of Ngugo multi-purpose Water Scheme Phase II in Rwampara District to 80% cumulative progress. This will provide water for multi-purpose uses.	Construction for Ngugo multipurpose water system phase II is on going, physical progress at 40%	Delay in commencement was because of the delayed release of funds to contract
Undertake feasibility study and detailed design of One (01) medium Scale Irrigation Scheme in Bunyangabu District up to 40% progress.	Feasibility studies are ongoing for the medium Scale Irrigation Scheme in Bunyangabu District	Due to delayed release of funds, the implementation of activities was delayed
Engineering designs for Two (2) multi-purpose earth dams of Kanyehunde and Kyambidde to 30% progress in the Districts of Ntungamo and Sembabule respectively.	Designs not implemented however Terms of Reference have been approved and the procurement of the design Consultant has been initiated on the eGP system.	The delayed released of funds affected the start of the contracting process

Performance of multi-purpose dams improved to 40% cumulative progress in Karamoja Sub-region.	Maintenance of Kobebe dam in Moroto, Longoromit dam in Kaabong, Kailong dam in Kotido and Kawomeri dam in Abim completed.	Activity implementation achieved as planned.
Perimeter wall constructed to 25% cumulative progress around the Water for Production Regional Centre-Karamoja equipment yard in Kotido District.	Perimeter wall not constructed to 25% cumulative progress around the Water for Production Regional Centre-Karamoja equipment yard in Kotido District.	Commencement of works is pending availability of funds.
Engineering designs for Nakichumet bulk water infrastructure system in Napak District to 15% progress.	Nakichumet bulk water infrastructure system in Napak District not designed to 15% progress.	Assessment was not carried out due to lack of funds.
Engineering designs for Two (2) Medium Scale Irrigation Schemes in the Districts of Amudat and Karenga to 30% progress.	Preliminary assessment for medium-scale irrigation schemes was undertaken in Amudat and Karenga districts.	Activity implementation achieved as planned.
Undertake Environmental Impact Assessments for capital works undertaken to 100% progress.	Environmental screening for the construction of Tirikol in Nabilatuk, Lodoket in Nakapiripirit and Longoromit in Kaabong was undertaken. Environmental and Social Impact Assessment (ESIA) for Nataba dam and project briefs for 6 valley tanks and 8 boreholes approved.	Activity implementation achieved as planned.
Supervision and monitoring construction of Water for Production (WfP) facilities in Karamoja Sub-region for compliance to specifications.	Construction of Water for Production (WfP) facilities in Karamoja Sub-region supervised and monitored for compliance to specifications.	Activity implementation achieved as planned.
Repair and maintenance of Specialized machinery and Earth moving equipment.	Repair and Maintenance of the specialized machinery and earth moving equipment not undertaken.	Activity implementation is pending availability of funds.

Department:001 Climate Change Department

Key Service Area:000014 Administrative and Support Services

PIAP Output: 06511302 Programme Administration and management supported

Programme Intervention: 065113 Strengthen programme, administration, coordination and management for efficient service delivery

General staff salaries and NSSF contributions paid. Vehicles maintained and serviced. Vehicle tyres procured. Office stationery and small office equipment procured. Subscription fees paid. Staff welfare provided. Office operations facilitated. CCD meetings held.	General and contract staff salaries and statutory NSSF contributions were paid. Office operations were facilitated, including routine vehicle maintenance, staff welfare, procurement of office consumables and support to departmental operations. However, some planned operational activities, including procurement of vehicle tyres, subscription payments and selected coordination meetings, were only partially implemented.	Budget constraints and limited release of operational funds affected full implementation of planned administrative and operational activities during the quarter.

Programme Intervention: 060204 Strengthen Climate change adaptation, mitigation and carbon markets planning and implementation		
Stakeholder consultations conducted, Data collection, report compilation undertaken	The Second Biennial Update report was submitted to demonstrate its commitment to fulfill the obligations of the UNFCCC.	
	Preparation of the NAP continued to gain traction over the reporting period. Thematic reports were prepared and validated through a highly consultative process. The reports focus on four themes including Gender, Equity and climate change, CRVA, Adaptation policy, Adaptation assessment and Web platform.	
Capacity needs assessment for Lead agencies conducted for development of Climate change action plans.	Two climate change action plans were prepared for the districts of Kitagwenda and kamwenge. The action plans provide a localized framework for integrating climate change adaptation and mitigation priorities into district development planning and budgeting, and will guide the identification, prioritization, and implementation of climate-responsive interventions at the sub-national level.	
	Uganda maximized COP30 as a strategic platform for high-level bilateral engagements with climate finance institutions such as United Nations(UN) agencies, development partners, and private sector actors. These engagements explored opportunities for increased financial flows, technology transfer, and technical assistance to support Uganda's climate priorities. Discussions with institutions such as Green Climate Fund(GCF), Global Environment Facility(GEF), United Nation Development Programme(UNDP), Food and Agriculture Organisation(FAO), United Nations Children’s Fund (UNICEF), Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), and United Nation Capital Development Fund (UNCDF) centered on financing, National Adaptation Plan (NAP) implementation, updating Nationally Determined Contributions(NDC3.0), scaling clean cooking, improving early warning systems, and developing bankable adaptation and mitigation projects.

Programme Intervention: 064111 Promote circular economy		
MDAs and LGs (including refugee host communities) supported to integrate environmental management mainstreaming guidelines in their policies, programs, budgets and work plans.	Undertook Technical support supervision to 19 LGs in the local governments of:, Rakai, Lwengo, Kakumiro,Kyankwanzi, Mubende, Kiboga, Kassanda, Mityana, Gomba, Butambula, Mpigi, Sembabule, Lyantonde , Kyotera, Bulambuli, Sironko, Kween, Nabilatuk and Butaleja. 24 Districts monitored for compliance to Environment and Social safeguard requirements. Cluster1 (West Nile, Karamoja, Teso): Arua, Amudat, Nakapiripirit, Abim, Amuria, Kaberamaido and Kapelebyong. Cluster 2 (Busoga, Bugisu, Sebei): Serere, Kumi, Jinja, Kaliro, Kapchorwa, Kween, Luuka, Mbale and Sironko. Cluster 3 (Central): Masaka, Nakasongola, Mityana and Kassanda. Cluster 4 (South Western): Hoima, Kabale, Mbarara, Rubanda, Rubirizi and Rwampara.	Succesfully achieved hence no variation.
Environmental aspects of chemicals, radiations and waste regulated, monitored and coordinated. The national action plan and strategy for the sound management of chemicals, radiation and waste reviewed and updated.	These were not undertaken during the reporting quarter	Successfully achieved hence no variation.
One health approach Integrated in MDAs and LGs policies, programs, budgets and work plans	Coordinated 1 quarterly One Health Technical Working Group meeting. Mobilized funding from GVTC to support the development of National One Health policy up to USD 240,000 Coordinated other MDAs to prepare and submit a project proposal to the Pandemic Fund secretariat up to the tune 18 million USD Promoted integration of environmental management into prevention and control of zoonotic diseases in the 3 districts of Luweero, Wakiso and Kampala Coordinated multisectoral preparedness and response planning for zoonotic disease outbreaks at sub national levels especially in 4 border districts	There was no variation because the output was succesfully achieved
PIAP Output: 06411201 Regulation and enforcement against environmental degradation strengthened		
Programme Intervention: 064112 Strengthen regulation and enforcement against environmental pollution and degradation		

VOTE: 019 Ministry of Water and Environment

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Project:1520 Building Resilient Communities, Wetland Ecosystems and Associated Catchments in Uganda		
PIAP Output: 06313102 Wetland alternative livelihood options promoted and supported		
Programme Intervention: 063131 Protect and increase the wetland cover		
72 households (former wetland users) supported with alternative livelihood options (fish ponds, bee hives, goats) in the 24 GCF districts.	No households were supported with alternative livelihood options under Q4	Activities implemented during the quarter were financed through off-budget support mobilized through coordinated efforts with District Local Governments
PIAP Output: 06313103 Wetland boundaries surveyed and demarcated		
Programme Intervention: 063131 Protect and increase the wetland cover		
Mobilization and stakeholder engagement in preparation for demarcation conducted. Rapid assessment to support demarcation for selected wetland systems conducted. 132.5 (Km) of wetlands boundaries demarcated in selected wetlands 24 GCF districts.	No wetlands were demarcated in selected wetlands 24 GCF districts. Deskwork was undertaken (20%) in preparation to conduct rapid assessment in the selected GCF districts	Activities implemented during the quarter were financed through off-budget support mobilized through coordinated efforts with sector stakeholders, District Local Governments, relevant departments, Civil Society Organizations (CSOs), and other partner institutions.
PIAP Output: 06313104 Degraded wetlands restored		
Programme Intervention: 063131 Protect and increase the wetland cover		
1,400 (Ha) of degraded wetlands restored in selected wetlands in Awoja, Lumbuye and Mpanga systems. Post restoration surveillance and monitoring conducted.	16ha restored including 12ha of Kalidhubi wetland in Kampala and 4ha of Lubigi Support was provided to district local governments (30%) to Undertake rapid assessment in Awoja wetland system.	The political period (pre and post-election period) interfered with all the restoration activities

PIAP Output: 06411301 Fragile and threatened ecosystems restored and protected (Rangelands, hilly and mountainous areas, river banks and lakeshores)

Programme Intervention: 064113 Promote sustainable biodiversity management in within and outside protected areas

15Km of River Banks/Lake shores demarcated IN Namavundu Nile bank and Kalagala.	140km of River banks/Lake shores were demarcated in Namavundu Nile bank and Kalagala.	The Demarcation target was successfully achieved and the over achievement was attributed to prioritization of Demarcation a head of restoration.

VOTE: 019 Ministry of Water and Environment

Water and environment Information System operated and maintained.	One (01) targeted end user training session was conducted to induct 6 staff members of the Water Quality Management Department. Additional telemetry stations have been integrated to the available base stations. The 11 ground water telemetry data which were initially configured to transmit collected data to vendor-managed cloud servers are now able to transmit data to MWE base stations directly. The procurement of a developer to implement the upgrade of the Forestry module of the WEiS under the UTIMBER project was initiated. Improvement of the visual tools in the business intelligence dashboard module was achieved through the integration of Aquarius TS data. The integration of the WEIS and WEMIS was initiated and currently the implementation teams are working on aligning the integration areas of the various modules of the two systems and will be accomplished by end of July 2026. The integration will improve data sharing and harmonization thus, improving the quality of the reports.	Achieved as planned.

20Ha of degraded river bank buffer zones restored.	50ha of degraded river banks demarcated and planted with pillars in Muzizi Catchment; Additionally, 11 Ha of degraded river bank buffer zones restored by planting bamboo, Napier and vetiver to stabilize the banks of River Manafwa in Bududa District Mpologoma catchment and Olupe River system in Agago Sub-catchment.	There is an over performance due to off-budget support from partners
10Ha of degraded forests restored.	07 hectares of degraded forests restored in Kafu catchment.	No major variation
1 Private tree nursery supported to produce seedlings.	Three (03) Private tree nursery supported through provision of concrete poles, chain-link, water tank, shed net, potting materials and tools to produce seedlings.	No variation.
25km of soil and water conservation structures constructed.	5km of Soil and Water Conservation (SWC) structures (infiltration trenches, grass and stone bunds) established in Mitano catchment.	The activity was not sufficiently achieved as a result of prioritization to restore degraded riverbanks across the 4 zones.
14 small water harvesting structures constructed.	14 small water harvesting structures constructed in the Mpanga Catchment; 02 infiltration pits reconstructed in Ayilla-Abongo and Agago sub catchments.	The quarter four planned target was achieved.
-		No planned activities in quarter four.
15Ha of degraded wetlands restored.	17.6 hectares of degraded wetlands restored in Kafu and Tochi catchments.	No major variation

Key Service Area:000017 Infrastructure Development and Management		
PIAP Output: 06112102 National and Transboundary water resources monitoring stations established, operated and modernized.		
Programme Intervention: 061121 Strengthen sustainable water resources management		
Carry out water resource assessment and Strategic Social and Environmental Assessment.	Completed Feasibility studies and Environmental and Social assessments for managed aquifer recharge interventions and commencement of construction works in Bulambuli and Ntungamo Districts.	Activity is going as planned.
Data collection from Transboundary water resources monitoring stations Upgrade Transboundary water resources monitoring stations Carry our maintenance of Transboundary water resources monitoring stations	Data was collected from 9 out of 14 transboundary monitoring stations, namely: River Katonga (Kampala–Masaka Road), River Sio (Luhalai near Bunadet), River Bukora (Mulukula–Kyotera), River Victoria Nile (Mbulamuti), River Malaba (Jinja–Tororo Road), River Kyoga Nile (Paraa), Lake Edward (Katwe), Lake Albert (Butiaba), and River Semliki (Bweramule). Supported the construction and installation of Five (05) Transboundary Groundwater monitoring stations in the Kagera Aquifer.	Data collection and maintenance of Transboundary water resources monitoring stations is a continuous process.
Negotiation of Financing agreement for Angololo Dam	Wrote a No objection letter to AfDB authorizing NELSAP-CU to seek financial support for the Angololo Project restructuring.	Implementation is ongoing.
5% of civil works undertaken	Prepared tender documents for the South of Luzira Catchment sanitation infrastructure Project under the Lake Victoria Basin Integrated Water Resources Management Programme.	Commencement of civil works awaits confirmation of funding.
Legal Transfer and Documentation Physical Possession and Clearance	Update of ESIA, RAP, site surveys and land acquisition activities for the transboundary Angololo Water Resources Development Project initiated and are ongoing.	Activity is still ongoing.
Carry out feasibilty study and ESIA for the identified multipurpose water intake	Two (02) water intake facilities for the Managed Aquifer Recharge (MAR) facilities have been constructed in Bulambuli and Ntungamo Districts.	No major variation in the plan.

Development, profiling and demonstration of efficient/ effective new technologies. New water supply, sanitation and environment protection technologies and innovations piloted. Applied technology research concepts and project proposals developed	An innovation challenge was conducted at UMA GROUNDS, attracting 26 innovators from universities, research institutions and private innovators. ATC partnered with CCD to develop UG -WATERCARE under CIF Accelerating Resilience Investments and Innovations for Sustainable Economies (ARISE).	New water supply, sanitation and environment protection technologies and innovations piloting was not done due to insufficient funds provided in the Q4.
Innovative/applied research conducted and documented/ published. Implementation of Climate resilient interventions supported.	Continued running tests on earlier developed technologies to inform possible modification for example GreyFlow System for grey water recovery; seal forge for repurposing rubber waste into standardized plumping washers; Biopelleter with a solar dryer for production and pelletization of organic waste into fertilizers; Molten sand-plastic mixer for composite production. A technology Expo was held on 13-17th May 2026 at UMA grounds with the theme “From innovation to impact; scaling climate resilient technologies for Uganda”. It attracted over 98 exhibitors from private sector, tertiary institutions, NGOs.	Activities were achieved as planned

Key Service Area: 000039 Policies, Regulations and Standards

PIAP Output: 14512102 Government service delivery systems automated

Programme Intervention: 145121 Leverage existing POSTA infrastructure to develop a one stop centre for government service delivery

PIAP Output Indicators	Indicator Measure	Planned 2025/26	Actuals By END Q 4
No. of MDAs and LGs rolled out on the CPIS/Lets Tok system	Number	60	31
No. of MDAs & LGs oriented on standardisation of information sharing	Number	60	192
No. of MDAs and LGs implementing the standards on Information, and communication	Number	60	60

Vote Function:02 Enabling enviroment for ICT Development and Regulation

Department:002 E-Services

Key Service Area: 390010 Re-engineering of Management Systems

PIAP Output: 14511101 Uptake of ICT in provision and management of government services enhanced.

Programme Intervention: 145111 Enforce adoption and implementation of e-government services

PIAP Output Indicators	Indicator Measure	Planned 2025/26	Actuals By END Q 4
No. of entities implementing e-government systems	Number	70	152
No of new e-services introduced	Number	7	8
No. of citizens accessing government services online	Number	8500000	4552713

Vote Function:03 Policy, Planning and Support Services

Department:003 Finance and Administration

Key Service Area: 390010 Re-engineering of Management Systems

PIAP Output: 14511101 Uptake of ICT in provision and management of government services enhanced.

Programme Intervention: 145111 Enforce adoption and implementation of e-government services

PIAP Output Indicators	Indicator Measure	Planned 2025/26	Actuals By END Q 4
No. of entities implementing e-government systems	Number	70	152
No of new e-services introduced	Number	7	8
No. of citizens accessing government services online	Number	8500000	4552713

VOTE: 020 Ministry of ICT and National Guidance

Quarter 4

Programme:17 Regional Balanced Development

Vote Function:02 Enabling environment for ICT Development and Regulation

Department:001 Infrastructure Development

Key Service Area: 000017 Infrastructure Development and Management

PIAP Output: 17010602 Comprehensive training programs in ICT and Digital Entrepreneurship skills for SMEs implemented

Programme Intervention: 170106 Establish and operationalise ICT skills and business development centres in the eight lagging sub-regions

PIAP Output Indicators	Indicator Measure	Planned 2025/26	Actuals By END Q 4
Number of individuals trained in ICT and digital entreprenuership skills	Number	20	670

VOTE: 020 Ministry of ICT and National Guidance

Quarter 4

Performance highlights for the Quarter

Promoted public awareness on major e-gov't services such as Online Business Registration System (OBRS), National Land Information System (NLIS), Uganda Passport Application System and the Uganda Driving License System

Produced 15 documentaries on Parish Development Model (PDM), EMYOOGA, Uganda Women Entrepreneurship Programme (UWEP), GROW Project and broadcast them all UBC TV and Radio channels for enhanced public awareness

Popularized Civic duties, responsibilities, national vision, interest and common good in Lango and Bunyoro Sub regions.

Developed draft National Artificial Intelligence and Emerging Technologies Strategy which seeks to establish Uganda's strategic vision, priority AI adoption areas, governance and regulatory considerations.

Variances and Challenges

Difficulty in coordination of relevant stakeholders resulting in delayed implementation of multi-MDA interventions notably policy formulation.

Implementation of new directives from Government through reprioritization of available resources resulting into partial implementation of some of the approved outputs.

VOTE: 020 Ministry of ICT and National Guidance

Table V1.3: High Unspent Balances and Over-Expenditure in the Approved Budget (Ushs Bn)

(i) Major unspent balances		
Departments , Projects		
Programme:16 Governance and Security		
Vote Function:02 Policy, Planning and Support Services		
1.051	Bn Shs	Department : 001 Finance and Administration

Reason: The Unspent balances was attributed to a number of factors
Wage:- the un spent balances on wage resulted from failure to recruit New staff/ replacement of staff due to non clearance by MoPS.

The unspent Balances under Non wage is mainly attributed to failure present life certificates by some Monthly Pension beneficiaries as required
Equally the failure by the Gratuity/ Pension Arrears claimants to present the required documents resulted into Unspent Balances under the Arrears component.

Items		
0.005	UShs	223006 Water

Reason: Ministry put up measures to regulate usage of water. this led to tremendous reduction in water bills.

VOTE: 021 Ministry of East African Community Affairs

Governance &Security:Coordinated and participate in one (1) Regional Experts meeting on EAC Early Warning mechanism, Coordinated and Participate 1 Joint Sectoral Council on
cooperation on Interstate Security, Cooperation in Defense and Foreign Policy coordination - Coordinated and Participated 1 Sectoral council on Cooperation in defense Affairs, Remitted 100% contribution to all EAC Orgarns & Institution, Conducted Quarterly Kiswahili training of MEACA staff on Kiswahili language, Conduct4engagements to Monitor the implementation of EAC decisions/directives in the Social sectors & assess complianc

Variances and Challenges

VOTE: 021 Ministry of East African Community Affairs

Quarter 4

The Ministry's Approved budget for FY 2025/26 was UGX 46.120 Billion. Its revised Budget was UGX 4.396 Billion.

1. Wage: The approved wage for FY 2025/26 was UGX 1.572Billion while the revised Budget was UGX 1.848 Billion- The difference was as a result of the Wage Supplementary Funding of UGX 270M arising out of the salary enhancement of the Heads of Departments that required additional funding.

2. Non wage: The Approved Non- Wage was UGX 39.822. this remained the same throught the year.

3. Development: The Approved Development Funding was UGX 0.093 Billion . This was never revised.

4. Arrears. The Approved Arrears Budget for Arrears was 4.633Billion.

By close of Quarter 4,

1. WAGE: The approved wage bill of UGX 1.572Billion was revised to UGX 1.848 Billion- The difference was as a result of the Wage Supplementary Funding of UGX 270M arising out of the salary enhancement of the Heads of Departments that required additional funding. Out of the revised Wage of UGX 1.848 Billion, UGX 1.848 was released by Q4 but only UGX 1.75 Billion was utilized. The under absorption is attributed to Non clearance of recruitment by MoPS. This resulted into under absorption of Wage.

2. NON WAGE: Out of the Approved Non- Wage of UGX 39.822, UGX 39.74 was released by the close of Q4. Approximately UGX 54M was not released. Out of the released Non- Wage, UGX 38.86 was spent out by the close of Q4representing a 97.1% expenditure. The under absorption is mainly attributed to non presentation of Death certificates by some Pension beneficiaries.

3. DEVELOPMENT: Out of the Approved Development funding of UGX 0.093 billion, only UGX 37m was released by the close of Q4. Out of the released development funding, UGX 36M was spent out .

4. ARREARS. Out of the approved Arrears funding, Only UGX 4.224 was release and UGX 1.655 was spent out. this was due to failure by the Pension claimants to submit the required documents

Key Challenge.

- Under release of funds especially under the Devt.

VOTE: 022 Ministry of Tourism, Wildlife and Antiquities

Quarter 4

Performance highlights for the Quarter

Policy, Planning and Support Services:
1. Ministry's strategic plan, client charter and service delivery standards developed and launched
2. Tourism Development Programme statistical abstract 2025 produced and disseminated to stakeholders
3. 150 apprentices facilitated to undertake on-job training
4. 2 cabinet papers prepared and submitted to Cabinet Secretariat (Commemoration of International Museums day and POATE 2026)

Tourism, Wildlife Conservation and Museums
1. 32 Heritage sites maintained and protected (18 sites in Luweero triangle, Wadelai, Patiko, Nyero Rock Paintings, Barlonyo, Mugaba Palace, Kapir, Kokoro, Bigo Byamugyenyi, Dolwe Island, Mukongoro, Kibiro, Fort Luba and Mutanda Caves)
2. Land procured at Kayabwe Equator point for the development of visitor facilities
3. Completed works on the suspended glass bridge, sanitary facilities, restaurant facilities, reception area, observatory deck and the docking decks at the Source of the Nile-Jinja
4. Resting shelters constructed at four strategic locations namely Mahoma and Omumadala, Bigo, and Kayijongo
5. 1 tourist camp at Nyabitaba developed with additional structures for VIP
6. 100 students of April 2026 were admitted to HTTC on various certificate programs
7. 126 students graduated (52-females and 74 males) at certificate and diploma levels from UWRTC
8. National Biodiversity and Conservation Research Symposium was conducted with 160 participants including 30 academic institutions and NGOs participating
9. 74.26km of the electric fence constructed in; QENP- 16.26km, MFNP- 30km and KVNP-28km
10. 89 community wildlife scouts were supported with assorted equipment MFCA-17, LMCA-57, KNP-15
11. A total of 74,741 visitors were received at UWEC zoo (54,521) and Entebbe Botanical Gardens (20,220)
12. Completed and launched the Mbale Regional Satelite zoo.
13. Completed the Kibale National Park Medium and Large Mammal Survey

Variances and Challenges

VOTE: 022 Ministry of Tourism, Wildlife and Antiquities

Quarter 4

Variances:
1. The Ministry received a supplementary budget of Ushs 6bn (Ushs 4.2bn-Government contribution to the Martyrs day celebration and Ushs 1.8bn-procurement of audio visual equipment for Martyrs day celebrations.
2. 20.2% of the wage budget was unspent due to gaps in the Ministry structure. However, recruitment of critical positions is ongoing.
3. 10.3% of the development budget was unspent due to delayed procurement of service provider to develop designs and BoQs for Wenyi wenyi camp

Challenges:
1. Human Wildlife Conflicts, Invasive species, encroachment in conservation areas and increased intensity of problem animals.
2. Invasive Species: A number of areas are clogged with invasive species such as dichrostachys cineria that require conscious effort to manage.
3. Land conflicts and encroachment of the cultural heritage sites such as Nyero, Bweyorere Capital site, Ntusi and Kasonko.
4. Negative travel advisories by countries affects the inflow of tourists in the country

Mitigation measures
1. Undertake electric fencing in the key hotspots for Human Wildlife Conflict.
2. UWA together with UWRTC is undertaking targeted research on how to eradicate invasive species within PAs as well as producing and using charcoal briquettes made from invasive plant species as a sustainable, clean energy source and livelihood alternative
3. The Ministry is undertaking phased titling of cultural and heritage sites across the country in collaboration with MoLHUD & LGs
4. The Ministry is working closely with Missions Abroad under the ECD framework to combat negative advisories and improve the country's image in the international space.

Quarter 4

Performance highlights for the Quarter

Ministry of Kampala Capital City and Metropolitan Affairs undertook a PreFeasibility Study for the GKMA Street and Workspace Lighting and Infrastructure Improvement Project and prepared detailed designs of 49kms including ESIA, RAP and Tender for roads, streetlights and drainage infrastructure

Held an Inter-Ministerial Committee stakeholder engagement on the GKMA Integrated Urban Development Master Plan in preparation for Cabinet Approval

Developed, validated and disseminated GKMA waste Management strategy. Also undertook Feasibility studies for waste management in KCCA and Nansana Municipality Conducted GKMA waste management surveyin bid to obtain waste management data for GKMA to support other studies

Under the Greater Kampala Metropolitan Area Urban Development Program, a total of 210 km of roads had been contracted and most of them at the advance stages of completion, 10 kms of primary drainages had be contracted and 4 markets had been contracted for construction. Overall, 31km of roads had been completed against the annual target of 30km representing achievement of 103%. Engineering design significantly exceeded the target ofv 54kms by 76.26 km put the achieved at 130.26 km thus creating a strong pipeline for subsequent construction phases

Construction works progressed across all nine implementing entities. Makindye Ssabagabo Municipal Council recorded the highest performance, with Lot 1 attaining 89.25% physical progress against a planned 94.8%, while Lot 2 reached 44.89% and remained on schedule for completion. Kira Municipal Council achieved 74.78% physical progress, Mukono Municipal Council reached 90.04% and 78.16% on its two road contracts, while Entebbe Municipal Council completed 100% of relocation activities and attained 48.93% physical progress on the Kitooro–Kiwafu–Nakiwogo Road. Construction also advanced in Kampala, Nansana, Wakiso, Mpigi and Mukono Districts despite varying implementation challenges associated with relocations, utilities

Variances and Challenges

The Ministry of Kampala Capital City and Metropolitan Affairs has total approved budget of 1,192.629bn for FY 2025/2026 both GoU (wage 0.437bn, non-wage 14.536 bn and development of 15bn) and external financing (1,162.771bn) meant for GKMA urban development program. Under GoU, a total of 26.609bn (wage 0.437bn, non-wage of 14.536bn and development 11.636bn) was released by end of Q4 which is 88.78% of the total GoU annual budget out of which 99.4% of the released budget was spent (97.3% wage and 99.4% non-wage and GoU Development 99.4%.) Under external financing, a total of 1,162.771bn was approved for FY2025/2026 and by end of Q4, 1,162.77bn had been released representing 100% out of which only 431.0591bn was spent representing 36.2% of releases spent. The biggest challenge of the vote is inadequate Legal frame work to manage GKMA, unresolved encumbrances on the ROW and utility relocation

Quarter 4

Performance highlights for the Quarter

1) Case Management
a) During the quarter, Courts completed 73,178 cases out of the targeted 72,171 cases, thus, performing at 101.4%.
b) Courts registered a caseload of 281,129 cases, comprising 200,125 cases brought forward from Q3 for FY 2025/26 and 81,004 cases freshly registered during the quarter. Overall, the Courts registered a total clearance rate of 90.3%.

2) ICT
a) ECCMIS rolled out to 5 Court Stations (Gulu High Court, Gulu CM Court, Pader CM Court, Anaka CM Court and Patongo CM Court).
b) 95 desktop computers and 37 laptop computers procured for court stations and staff (Registrars, Magistrates & Administration Staff) and replacement of obsolete ones.
c) Internet was installed in 7 Courts - Rakai, Nwoya, Lamwo, Pader, Sheema, Bukedea and Sembabule.

3) Construction of Courts & Institutional houses
a) Construction of Regional Court of Appeal buildings at Gulu and Mbarara was at substructure stage with foundation works ongoing at 10% and 8% completion respectively.
b) Construction of Soroti High Court building was at 92% completion with ongoing external works and painting works while Tororo High court was at 93% complete with plumbing, electrical and external works ongoing.
c) Construction of Rukungiri High Court building, Chief Magistrate Court building at Budaka, Magistrate Court building at Karenga and Sheema Justice Centre were completed. Lyantonde was at 80% completion.
d) Construction of Magistrate Court buildings at Abim was at 75% completion and Madi-Okollo Administration block was at 80% completion
e) Construction of institutional houses at Buhweju and Karenga was completed, Moyo was at perimeter wall construction (99%), Bukwo was pending fixtures and external works (92%) and Rubuguri was at excavation stage.
f) Renovation works at Amuru at 90% completion with ongoing floor tiling and construction of walkways. Renovations at Bukedea was at 70% completion, while works at Yumbe and Moyo were progressing at 84% and 80%, respectively.

Variances and Challenges

a) Wage performed at 91.9% due to the pending recruitment of staff;
b) Non-wage expenditure performed at 99.2% due to unutilized social security contribution funds that had been earmarked for contract staff who were subsequently regularized into the Judiciary Service.

Performance highlights for the Quarter

Conducted polling for presidential, Parliamentary and local Government Elections one president was elected,353 Directly Elected Members ofParliament,146 District Woman Representatives to Parliament ,27 Special Interest groups representatives to Parliament (Older Persons, PWDs,Workers, Youths and UPDF) 146 District Chairpersons and 45,367 representatives from Subcounty to District
Carried out presidential nominations for Presidential aspirants where a total of 8 candidates were nominated. The commission also conducted nominations for Special Interest Groups from Village to district Level. Nominations were also conducted for Local Government Chairpersons, Committees and Councils from Village to District. Additionally, the commission conducted the splitting of Polling stations where the number of Voters exceeded 600 in a polling station. Splitting of polling stations (Coded and created additional 12,388 polling stations in anticipation of mandatorybiometric verification of voters during polling, general elections 2025/2026 Preparation of Special Interest Group (SIG) registers for Display, Nomination and polling (730 members older persons were verified, confirmed and registers per region printed, 441 members compiled for the national youth election held between 1st and 3rd October 2025 Harmonized, handled and processed 688,713 records on the National Voters Register (NVR) in preparation for splitting of polling stations Ad hoc staff namely the Sub County and Parish Supervisors, data entry clerks, nomination clerks were remunerated . Printed and distributed 21,681,491 Voter Location slips Printed and distributed Copies of the Voters Register to Political Parties, organizations and individuals in compliance with Section 19 of the Electoral Commission Act, Cap 176 Distributed and disseminated voter education materials to facilitate conduct of voter education outreaches POWESA in Central South, Masaka Production, placement and installation of voter education messages

Variances and Challenges

In the FY 2025/26, the commission received a total of Shs.1, 121.362 bn Out of this 38.391 bn was for wage and 743.932bn was for non-wage and 335.111bn for development and 3.929 was for domestic arrears. The increase was as a result of additional resources the Commission received to cater for the procurement of Biometric Voter Verification Kits, Deduplication System, Inventory Management System and Electronic Results Transmission and Distribution system and cater for payment of additional ad hoc election officials
189.1% of the wage budget was released, 182.7% was spent. There was variance because some positions were vacant and the Commission lost some staff due to death and retirement.
Non-wage, 135.0% was released, out which 130.2% was spent. There was under expenditure due to a number of reasons among which was late release of funds which made it very difficult for the commission to utilise within the Limited time available

Quarter 4

Performance highlights for the Quarter

The key achievements registered in Quarter four (Q4) FY 2025/26 are as follows:

1. Concluded investigations of;

(i) 11 High profile cases, from which UGX 420,486,235 was recommended for recovery

(ii) 370 Other corruption cases in MDAs (22) and LGs (348), from which recommendations were made for; - Administrative actions against 60 implicated officers, and Recovery of UGX 2,154,838,821.

(iii) 23 Breaches of the leadership code

(iv) 198 Ombudsman complaints in MDAs (31) and LGs (167). Resulting from the investigations, a total of UGX 406,493,972 in form of unpaid employment benefits was subsequently paid to individual complainants

(v) 56 project related complaints and grievances that were received during the quarter; of which 55 (98%) were resolved.

2. Concluded prosecution of 04 corruption cases at the Anti-Corruption Division of High Court resulting into; 01 Conviction and 03 Withdrawals. The convicted officer was ordered to refund UGX. 343,325,789 to Government.

3. Recovered UGX. 2,960,394,109 (UGX 2,891,825,984 from IG directives through IG Asset Recovery Account and UGX. 68,568,125 from directives for refund to OPM DRDIP bank account of the unspent funds on DRDIP sub-projects).

4. Followed up implementation of IG recommendations, from which 650 out of the 1,446 available recommendations in the FY 2025/26 were implemented; representing an implementation rate of 45%. Key notable outcomes registered by the end of the reporting period were the 184 Administrative actions implemented (including dismissals, warnings, reprimands, interdictions, retirements and other disciplinary measures).

5. Conducted verification of 29 declarations of leader’s Incomes, Assets and Liabilities. The verified declarations were found to be commensurate with the known sources of income

6. Conducted 59 spot checks at different LGs to proactively identify cases and prevent corruption.

Variances and Challenges

VOTE: 103 Inspectorate of Government (IG)

Quarter 4

1. The IG received 100% of its FY 2025/26 Approved Budget (UGX. 88.736 Bn), comprising of; - Wage UGX. 28.313 Bn, Non-Wage Recurrent UGX. 37.626 Bn, and Development Budget UGX. 22.797 Bn.

2. Overall absorption rate of the released budget was 96.5%, broken down as follows:

(i) Wage Release UGX 28.313 Bn, Spent UGX 27.061 Bn (95.6%)

(ii) Non-Wage Recurrent Release UGX. 37.626 Bn, Spent UGX. 36.897 Bn (98.1%)

(iii) Development Budget Release UGX. 22.797 Bn, Spent UGX. 21.713 Bn (95.2%)

3. The Unspent budget balances by close of the financial were largely on account of; -

(i) Wage (UGX 1.252Bn) meant for staff who left the institution during the financial year and replacement process had just been concluded in June 2026

(ii) Non-Wage recurrent (UGX 0.729 Bn) consisting of statutory related expenses for the staff in (i) above i.e Gratuity (UGX 0.215 Bn) and Social Security Contribution (0.376 Bn), as well as other office operational funds (UGX 0.138 Bn) that remained unspent due to delay by the service providers to provide invoices.

(iii) Development funds (UGX 1.084 Bn) which were pending submission of certificates of completed works on the IG Head office building by the contractor (UGX. 0.548 bn), and procurement invoices for some office ICT equipment and furniture (UGX. 0.536 Bn)

Key Service Area:390001 Management and resolution of Complaints

PIAP Output: 14111101 Ombudsman complaints in Public Offices resolved

Programme Intervention: 141111 Enforce compliance to policies, laws, regulations, guidelines and processes

150 Ombudsman complaints resolved in Public Offices across the different regions in the Country.	Concluded 198 investigations of Ombudsman complaints in MDAs (31) and LGs (167). Resulting from the investigations, a total of UGX. 406,493,972 in form of unpaid employment benefits was subsequently paid to individual complainants.	More complaints were received and resolved through efficient use of the available resources.
04 System interventions conducted in high risk corruption entities.	Concluded 13 system reviews/investigations at various MDALGs to address underlying systemic issues in public administration that occur repetitively. The IG intervention unmasked several system irregularities and reforms were recommended	Most of the concluded system reviews/investigations were less costly, and therefore reprioritized for completion during the reporting period.
15 Board room sessions conducted to identify methods of quick resolution of complaints in the various MDALGs.	Conducted 26 Boardroom sessions in various MDALGs, where hiccups were identified and sorted without delay	Most of the boardroom sessions were held alongside other planned activities.

Department:002 Research Education and Advocacy		
Key Service Area:460035 Advocacy, reserach and Public awareness programmes		
PIAP Output: 16411101 Increased citizen participation in governance-oversight and fight against corruption		
Programme Intervention: 164111 Enhance public demand for accountability		
05 Joint anti-corruption initiatives implemented with state and non-state actors.	Engaged with 12 State and Non-State Actors in implementation of Joint anti -corruption initiatives as follows: 1. Engagement with stakeholders in Six (06) districts of Kaabong, Kotido, Moroto, Kayunga, Buikwe and Buvuma. 2. 04 Boardroom sessions conducted in the districts of Yumbe, Obongi, Zombo and Bukwo to sensitize the relevant stakeholders about the negative effects of corruption and how it negatively affects development and their role in the fight against corruption. 3. Bunyoro Sub-region leg of the Anti-Corruption Caravan undertaken from 21st to 26th June 2026. The Caravan aimed to strengthen citizen participation in the fight against corruption through public dialogues, awareness campaigns, community engagements and accountability forums across the Bunyoro Su-region. 4. The IG established a partnership with iLEAD Uganda to integrate the program’s values-based Leadership Curriculum with the established Integrity Ambassadors’ Clubs (IACs).	More initiatives were implemented alongside other planned activities.

PIAP Output: 16413101 Prevention, enforcement and prosecution of corruption cases improved		
Programme Intervention: 164131 Strengthen prevention and detection of corruption and enforce Anti-corruption Measures		
7 corruption Cases prosecuted	Prosecuted and concluded 04 corruption cases at the Anti-Corruption Division (ACD) of High Court resulting into; 01 Conviction and 03 Withdrawals. The convicted officer was ordered to refund UGX. 343,325,789 to Government.	27 cases were still ongoing at courts of 1st instance and 20 Cases at Appellate courts by the close of the reporting period. The IG has no control over the court processes.
01 Breach of the Leadership code prosecuted and concluded	Prosecuted and concluded 16 cases on breaches of the Leadership Code at the Leadership Code Tribunal (LCT). All cases were about non-declaration and resulted into convictions. The convicted persons were fined UGX 17,700,000 to be paid in the LCT collections account.	All the cases had been pending the constitution of the new leadership Code Tribunal which was done late during the financial year.
100% IG decisions defended in courts.	Concluded 02 Judicial review cases, of which 01 (50%) was in favor of the IG.	

VOTE: 103 Inspectorate of Government (IG)

Quarter 4

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
PIAP Output: 16413103 Asset Recovery Framework strengthened		
Programme Intervention: 164131 Strengthen prevention and detection of corruption and enforce Anti-corruption Measures		
53% of recommendations/orders implemented. 20% of the value of outstanding asset recovery orders executed	1. Followed up implementation of IG recommendations, from which 650 out of the 1,446 available recommendations in the FY 2025/26 were implemented; representing an implementation rate of 45%. Key notable outcomes registered by the end of the reporting period were the 184 Administrative actions implemented (including dismissals, warnings, reprimands, interdictions, retirements and other disciplinary measures). 2. By the close of FY 2025/26, IG had outstanding execution orders amounting to UGX UGX 13.77 Billion, of which UGX 7.74 Billion (56%) was recovered.	Low implementation of recommendations/orders was on account of Backlog orders that did not have proof of service, affected persons no longer in service, and no letters to show that directives were issued.
5 Bn Value of Illicitly acquired assets or wealth. Recovered.	Recovered UGX. 2,960,394,109 (UGX 2,891,825,984 from IG directives through IG Asset Recovery Account and UGX. 68,568,125 from directives for refund to OPM DRDIP bank account of the unspent funds on DRDIP sub-projects).	The variation in recoveries is largely on account of delayed implementation of some the IG orders by responsible officers.

Quarter 4

Performance highlights for the Quarter

The 11th Parliament commenced business for the 5th Session on 7th June, 2025 with the delivery of the State of the Nation address and the Budget Speech by H.E the President. This was followed by designation of Members to Sectoral and standing Committees in accordance with Rule 156(1) of the Rules of Procedure of Parliament of Uganda to enable Parliament commence business for the ensuing year.

In view of the above, the following activities were delivered during the period the FY 2025/26.

i) Eighteen (18) Bills were passed against the 25 Bills presented during the period. These Bills include The Building Control (Amendment) Bill, 2025, The Valuation Bill, 2024 and The Mortgage Refinance Institutions Bill, 2025.

ii) 1,582 committee meetings, which are open to the public were held against the planned 1,600 for the year

iv) Twenty-Two (22) Committee reports were debated and adopted including Report of the Committee on Government Assurances and Implementation on the status of implementation of the assurance to upgrade, rehabilitate, construct and equip health facilities in Local Governments; and install CT scans, oxygen plants and ICU equipment in all Regional Referral Hospitals')

iii) 122 Committee oversight field visits were carried out against the planned 150

vi) 107 questions were responded to by the Executive to address the concerns of the citizenry.

vii) Twelve (12) Ministerial and other Statements on various sectoral issues were presented and debated in Parliament

viii) Fifty-Eight (58) resolutions on various motions passed.

ix) In spite of the slow progress of works on the new Chamber, The Commission achieved up to 53.4% physical progress on the project

xi) Parliament Participated in various International Commonwealth Inter-Parliamentary Conferences including Pan African Parliament, EALA, and ACP-EU and the 15th East African Community (EAC) Inter-Parliamentary Games to further enhance regional cooperation among participating countries

Variances and Challenges

i) The Performance of Parliament for FY 2025/26 was substantially affected by the electioneering processes and mandatory preparatory activities for the 12th Parliament including the swearing in ceremony

ii) Inadequate Committee and Office Space for Members of Parliament as a result of slow progress of the Construction project of the new Chamber

iii) Delayed and/or inadequate responses from the cabinet/MDAs to the Questions and concerns raised by Members during plenary and Committee meetings.

iv) Lack of developed integrated data generation systems which caused delays in production of performance monitoring reports

V) Low response of the public during bill consultation process

vi) Inadequate ICT equipment and services to effectively and efficiently support business processing in Parliament and ease access to information by various stakeholders

vii) Lack of modern and integrated ICT tool to ease Monitoring and Evaluation processes

VOTE: 104 Parliamentary Commission

Quarter 4

Quarter 4: Outputs and Expenditure in the Quarter

Outputs Planned in Quarter	Actual Outputs Achieved in Quarter	Reasons for Variation in performance
Programme:20 Legislation, Oversight and Representation		
Vote Function:01 Corporate Affairs		
Departments		
Department:001 Administration and Transport Logistics		
Key Service Area:000014 Administrative and Support Services		
PIAP Output: 20040302 Trainings of Members of Parliament conducted		
Programme Intervention: 204113 Strengthen the capacity of programme actors to undertake their mandate		
Prudent management of the fleet and timely deployment of vehicles for assigned tasks	Spearheaded the organisation of the 2026 State of the Nation Address by H.E the President of Uganda	Inadequate funds for the parliamentary functions. Several requests for funds were received from MDAs but could not be funded.
Review Monitoring and Evaluation manual	i) Seven staff were trained ii) One Management Meeting and a Departmental meeting took place. iii) 41 Administrative Assistants and 13 Assistant secretaries were coached and mentored.	Inadequate funds for training
National and parliamentary functions organized	651 transport requests for various assignments handled	The department has a challenge of managing a very old fleet of vehicles. Most of the vehicles were purchased in 2011 and 2018. This not only affects efficiency in the deployment but also increases the cost of vehicle maintenance. The fuel consumption of these old fleet of vehicles is also very high.

Performance highlights for the Quarter

By end of this Financial Year 2025/26, all the appropriated funds for the Vote of Ush16,650,369,067 were released but only 87.3% was absorbed due to gaps in the staffing structure with key outs puts achieved;

Under the Governance and Security Programme, the ULRC drafted 725 legislations of the 7th Revised Edition of Subsidiary laws, prepared a Cumulative supplement to the 7th Revised Edition of the Laws of Uganda, Translated and printed the Local Council Courts Act into 20 Ugandan Languages, printed and distributed 603 copies of a braille version of Tran scripted Persons with Disabilities Act. In addition, 3 Laws were reviewed (National and Tree Planting Act, Identification of Offenders Act, Cap.127and Public Finance and Management Act. Cap.171) and produced 2 study report on developing new legislations on Digital Assets. Under the function public engagement in the law making process, the Commission conducted 16 Radio Talk Shows across the country on various legislations.

Under the Retooling activities, 6 All-in-One Desktops were procured, ICT Infrastructure Migration and Setup Services was provided to ULRC offices at JLOS Towers, Naguru, Telephony Infrastructure to Voice over IP (VoIP) was upgraded including installation of Core Network Switching Infrastructure and Uninterruptible Power Supply in ULRC office at JLOS Towers, Naguru, among others.

Under the Legislative, Oversight Representation Programme, Uganda Law Reform Commission provided legal support to 9 Government Agencies in respect to; Uganda's Strategy on the Reform of Common Market Protocol Non-Compliant Laws, Protection of Sovereignty Bill, 2026, Review the Uganda Wildlife Act, Development on the National Migration Policy, Employment Policy, Development of the Regulatory Impact Assessment and Correction Policy, Development of a Regulatory Impact Assessment for Virtual Assets and Virtual Assets Service Providers and Regulatory Impact Assessment on the Establishment on the Non-individual Register.

Variances and Challenges

a) They are cases of delays in finalizing some of the activities due limited staff in post. Most of the planned activities can not concluded as planned
b) The Commission remains is not fully constituted which has implication on the governance and management
Reform Commission
d) There is a challenge of old fleet in the Commission. Due to aging vehicles, and rising maintenance costs, 3 vehicles will be procured in FY 2026/27.
e) Most of the performance indicators captured in the budget structure are not well aligned to the mandate of the commission. As a result, there is limited data to use during the quarterly reporting. The performance requires review and update

Quarter 4

Performance highlights for the Quarter

1. Monitored and inspected 42 detention facilities comprising 27 police stations, 4 police posts, 9 prisons, 1 remand home, and 1 military detention facility which strengthened compliance with human rights standards.
2. Registered 38 alleged human rights complaints (20M, 18F) and provided legal advice to 823 individuals (495M, 328F) who approached the UHRC regional offices.
4. Conducted field investigations into 111 alleged human rights complaints of which 64 were conclusively investigated and 47 partially investigated.
5. Conducted mediation sessions resulting into 15 complaints of child maintenance resolved and MoUs signed.
6. Received a total of 446 (325M, 121F) calls through toll-free lines. Of these, 145 callers followed up on reported cases while 292 callers sought and obtained information and guidance on human rights issues.
7. Conducted 36 radio talk shows which attracted 153 callers/participated (M 122, F 31) and had their human rights concerns/issues attended to.
8. Translated bill of rights into 06 local languages of Luganda, Lusoga, Runyankore, Rukiga, Rutooro and Runyoro.
9 Conducted six HRBA review meetings with the District Local Governments of Masaka, Mbarara, Jinja, Soroti, Wakiso, and Kabarole attended by 55 participants (34 males and 21 females). The engagements enhanced the capacity of district officials to mainstream HRBA in planning and service delivery.
10. Conducted six online baraza meetings with School Human Rights and Peace Club patrons and school administrators attended by 63 participants (M 29 and F 34) in Arua, Gulu, Hoima, Kabale, Lira and Moroto regional offices. The initiative strengthened coordination, improved information sharing and feedback, and enhanced human rights awareness among participating schools.
11. Prepared, presented and launched the 28th Annual Report on the State of Human Rights and Freedoms in Uganda.

Variances and Challenges

1. Prolonged rationalization exercise has continued to affect execution of the Commission mandate.
2. Inadequate operational staff structure.
3. Inadequate funding for the core mandate of the Commission

Department:003 Research Education and Documentation

Key Service Area:000034 Education and Skills Development

PIAP Output: 16611101 HRBA Mainstreamed

Programme Intervention: 166111 Integrate HRBA in policies, legislation, plans and programmes

Six (6) review meetings with Local governments on mainstreaming HRBA in economic development programmes in 6 selected regional Offices conducted	During the period under review, the Commission conducted six review meetings with the District Local Governments of Masaka, Mbarara, Jinja, Soroti, Wakiso, and Kabarole to assess progress and strengthen the integration of the Human Rights-Based Approach (HRBA) into local economic development interventions. A total of 55 participants (34 males and 21 females) attended the meetings. The engagements enhanced the capacity of district officials to mainstream HRBA in planning and service delivery, strengthened collaboration between the Commission and District Local Governments, and generated practical recommendations for improving human rights-based programming.

Performance highlights for the Quarter

1) Partnership and Outreach Coordination
i) Accredited 155 Non-state actors (NGOs & CBOs) providing HIV services
ii) Commemorated Candle Light Memorial Day where 3,000 people were reached with HIV messages.
iii) Provided technical support to 32 MDAs on HIV mainstreaming certification system to improve 0.1% utilisation
iv) Disseminated National HIV Action Plan to 6 Cultural institutions of Bugwere Cultural Institution, Buganda, Ker Kwaro Acholi, Karamoja and Teso
v) Oriented 4 Faith Based organizations; the Inter Religious Council of Uganda, Church of Uganda, Uganda Moslem Supreme Council and Born-Again Faith on HIV and AIDS response and messaging
vi) Oriented 1,000 Youth leaders in the 9 Skilling Hubs of Gulu, Lira, Jinja, Kayunga, Adjumani, Kigezi, Rwenzori and Mbarara on HIV prevention and control messages.
vii) Oriented 29 Corporate companies in the Central, Mid North and Busoga regions on HIV industry specific mainstreaming
2) Planning, Monitoring & Evaluation
i) Oriented 104 MDAs to mainstream HIV and AIDS into their plans and budget for FY2026/27
ii) Developed UAC Strategic Plan for Statistics 2025/26 – 2029/30.
3) Policy, Research & Programming
i) Oriented 232 People Living with HIV, District HIV Focal Persons, RDCs/RCCs and other security personnel on HIV Prevention and control messages
ii) Produced 44 radio spots on HIV adherence, stigma, EMTCT and Prevention and translated in 11 languages
iii) Disseminated HIV messages through 1850 spots, 2,500 DJ mentions on 22 radio stations and 3 TV stations
iv) Disseminated translated materials on Stigma and discrimination guidelines to 55 visually impaired and 55 Deaf persons in West Nile Region
4) Grant Management
i) Submitted GC8 Global Fund proposals
ii) Engaged partners such as USG, ADPGs on partnerships and funding
5) Uganda AIDS Commission Institutional Development
i) Procured 14 Computers
ii) Procured 2 Pickup Vehicles

Quarter 4

Performance highlights for the Quarter

1.Finalized the annual job report
2.Completed the annual scarce skills report
3.Developed the annual status report on the NDPIV-HRDP education and skills development
4.Developed the assessment criteria for measuring attainment of BRMS
5.Finalized a Policy Paper on Planning to Increase Access to Quality Education among the Ethnic Minorities in Uganda
6.Developed a Policy Paper on Financing for Higher Education
7. Reviewed and certified one hundred and twenty five (125) MDAs and ninety three (93) LGs development plans
8.Developed a Two Year TROIKA Strategic Agenda (2026-2028) which focuses on renewing the 13 bottlenecks hindering Africa's socio-economic transformation
9.Led the technical review of the Third National SDG Roadmap FY2025/26–FY2029/30
10.Supported the preparation Eight (08) prefeasibility and feasibility studies.
11.Reviewed 24 loan proposals, of which 18 were cleared and 6 were deferred
12.Finalized NPA Strategic plan 2026/26-2029/30
13.Finalized NPA Service Delivery Standards 2025/26-2029/30
14.Finalized the NPA Client Charter
15.Gazzetted 27 PDPs (3 Municipalities, 11 districts, 13 Town Councils), May 2026.
16.Developed a draft NPA Knowledge Management Strategy
17.Developed a draft NPA Research and Innovation Policy
18.Produced a draft report of the 23 presidential directives' performance
19.Aligned the National standard indicators (NSI) framework to NDPIV
20.Reviewed 157 Service delivery standards (SDS) and by end of the FY, 66 MDAs and Missions SDS were certified
21.Conducted a study to support the development of Health service Delivery Standards starting with Mulago National Referral Hospital in comparison with regional and international hospitals.
22.Assessed the health services, population, and demographic dynamics of Health Centre IIIs, Health Centre IVs and General Hospitals in GKMA area.
23.Setup the podcast studio for NPA
24.Achieved 9% level of completion towards construction of the Planning House

Variances and Challenges

1. Limited staffing specifically under the department of Physical Planning resulting into limited man power to implement the planned outputs
2. Increasing cost of maintenance and servicing of NPA old fleet following suspension on car purchase by MDAs
3. The ongoing attempts to amend the Physical Planning (Amendment) Act 2024 following the Cabinet Subcommittee Resolutions to harmonize physical planning functions between MLHUD, NPA and MoLG. This affected smooth implementation of the physical planning activities.
