Glossary of Key Terms

Absorption: Funds spent by MDA's as a proportion of the funds released from Central Government.

Approved Budget: This is the appropriated budget by the Parliament of the Republic of Uganda, which is normally undertaken in May of the proceeding Financial Year.

Chart of Accounts: This is the complete list of items against which budget allocations are made and appropriated through the Integrated Financial Management System. This forms the basis of the detailed budget estimates.

Consumption (Outputs Provided): These are services provided by the Vote, either internally or to an external third party. These services are funded through the expenditures on employee costs and goods and services in the chart of accounts.

Expenditure: Actual spending by MDA's (recorded by EFT transfers) reported on the IFMS and Legacy systems.

Grants and Subsidies (Outputs Funded): These are services funded by the Vote but delivered by another institution. They relate to expenditures on grants and transfers in the chart of accounts.

Investment (Capital Purchases): These relate to purchases of capital assets in the chart of accounts.

Item: This is the lowest operational level of the budget, and represents the resources necessary to carry out activities, e.g. staff salaries, travel inland, printing and stationery.

Key Performance Indicators: These measure the performance of Programme Key Outputs, e.g. No. of classrooms constructed.

Non Service delivery spending: This represents budget allocation and expenditure on outputs, usually recurrent in nature, which contributes indirectly to the provision of key public services, e.g. administration of payrolls enables the delivery of education services by teachers in schools.

Percentage of Budget Released: This is the percentage of the approved budget (excluding supplementary budgets appropriated in the year) that is released by Central Government.

Percentage of Budget Spent: This is the percentage of the approved budget (excluding supplementary budgets appropriated in the year) that is spent by MDAs through EFT transfers.

Poverty Alleviation Fund (PAF): These are ring-fenced expenditures for front line services that are crucial for alleviating poverty.

Glossary of Key Terms

Sub - Programmes (Departments): These represent the results or sets of activities implemented by the Vote which contribute to the achievement of the Programme objectives. These are recurrent in nature, e.g. inspection of primary schools.

Sub - Programmes (Projects) : These represent the results or set of activities implemented by the Vote which contribute to the achievement of Programme objectives. They primarily involve capital purchases and

may be financed by the Government of Uganda and/or Development Partners, e.g. Emergency construction of primary school classrooms.

Release: Central Government transfer of funds to MDA's (including supplementary funds) from the consolidated fund.

Sector: These are groups of institutions (Votes) or parts of institutions which contribute towards a common function, e.g. education

Service delivery spending: This represents budget allocation and expenditure on outputs which deliver key public services on behalf of the Government, e.g. classroom construction which enables the delivery of education services.

Supplementary Budget: This is an in year addition to an MDAs' approved budget. This budget is also appropriated by Parliament during the course of the Financial Year.

Unspent balances: Funds that were released by Central Government but not spent by MDA's. This calculation does not include commitments (encumbrance) on the IFMS system.

Programmes: These are groups of related services and capital investments delivered by a Vote or delivered on behalf of that Vote by another institution e.g. secondary education services.

Programme Key Outputs: These are strategically important services delivered by the Programme which contribute directly to the Vote's and indirectly to the Sector's objectives, e.g. purchase of instructional material which contributes to increasing access to education and to the wider sector objective of increasing literacy and numeracy rates.

Votes: These are institutions (Ministries, Departments, Agencies and Local Governments) which are the basis of the annual budget and appropriations made by Parliament, and the basis for accountability, e.g. Ministry of Education and Sports.

Executive Summary

INTRODUCTION

This Semi-Annual Budget Performance Report (SABPR) provides an analysis of Budget Execution during the first Half of FY 2018/19. It illustrates performance of resources and expenditures and provides an overview of Sector and Vote level physical achievements across Government. This report has been done in line with Section 18 (1) of the Public Finance Management (PFM) Act 2015.

FISCAL AND REVENUE PERFORMANCE

Economic Growth for Financial Year 2018/19 is projected at 6.3 percent, which was higher than the 6% envisaged at the beginning of the financial year. The expansion in growth results from recovery in the global economy, increased private sector activity, significant growth in the services sector, recovery in both the industry sector and agriculture sector.

In the first half of the Financial year, inflation was stable at an average of 3.1 percent and this supported the Central Bank's policy decision on maintaining an accommodative policy rate at an average of 9.5 percent through the first half of the financial year.

Fiscal operations during the first half of FY 2018/19 resulted in an overall fiscal balance (including grants) of **Ushs 2,852.6 Bn** against the programmed **Ushs 4,694.9 Bn**. This was mainly due to lower Government spending than had been programmed for the first half for FY 2018/19. A total of **Ushs 11,418.0 Bn** was spent during the first half against the programmed **Ushs 13,429.3 Bn**. Revenue collections amounted to **Ushs 8,215.0 Bn** against their target of **Ushs 7,826.4 Bn** for the first half FY 2018/19. This resulted into a surplus of **Ushs. 388.6 Bn**.

Tax revenue collections during the first half of FY 2018/19 totaled to **Ushs 7,926.0 Bn** compared to the target of **Ushs 7,623.6 Bn**. This translated into a surplus of **Ushs 302.4 Bn**. Both domestic taxes and taxes on international trade transactions did meet their target for the period. This was due to improved economic activity during the half-year led to higher profitability of many companies and boosted corporate tax collections as well as the VAT collections which exceeded the target.

Grants

The total grants inflows amounted to **Ushs 350.4 Bn** which was only 38.6 percent of the expected **Ushs 908.0 Bn** of project support. This low absorption of project funds continues to be the main obstacle to project support disbursements.

Executive Summary

SECTOR PERFORMANCE

AGRICULTURE

The overall performance of the agriculture sector by half year of the FY 2018/19 was fair. Out of the approved budget of Ushs 892.920 billion, excluding arrears and AIA, Ushs 487.886 billion (54.6%) was released and Ushs 373.857 billion of the released funds was spent (76.6 %) by December 31st 2018. This translates into an un-spent balance of Ushs 114.029 billion.

Service delivery performance

Despite the slow funds disbursement and implementation challenges, there were major improvements in service delivery attributed to increased access by farmers to extension services, enhanced provision of water for production facilities, improved access to the Agricultural Credit Facility (ACF) and reduced absenteeism of agricultural staff in the districts.

Agricultural Credit Facility

Cumulatively between FY 2009/10 and 31st December 2018, the GoU has remitted Ushs 141.926 billion to the BoU ACF Escrow Account of which Ushs 212 million was disbursed in FY 2018/19 half year. The overall performance of the ACF in FY 2018/19 half year was good rated at 76.23%. There has been enhanced access to the Agricultural Credit Facility (ACF) which has enabled farmers and farms to establish large capacity agro-processing facilities, expand grain trade and investments in warehousing and expanding farm infrastructure.

Agricultural Advisory Services Programme

The overall performance of the NAADS/OWC was fair at 68.35%. The following strategic commodities were distributed to farmers and farmers' groups by the NAADS Secretariat by 31st December 2018: maize (3.124 mt); bean seed (0.315mt); banana suckers (368,820); seed potato (6,856 bags); heifers (837); improved pigs (100); day old layer chicks (8,400); Kuroilers (12,000), tractors (110) and poultry feeds (72,240kgs). Farmers received the inputs but in lesser volumes than planned which limited impact in terms of food security and household incomes. The late delivery of inputs, inadequate access to extension services, the lack good of quality seeds in the country are persistent challenges to programme performance.

Agricultural Mechanisation Programme

The Ministry of Agriculture, Animal Industries and Fisheries has excavated 113 community valley tanks, dams and ponds country wide, cleared 12,500 acres of bush, opened and improved 382 km of farm access roads, ploughed and planted 8,500 acres of farm land and has trained 40 operators and technicians to sustain the intervention. To reduce the operational costs of the machinery, the ministry is in advanced stages of procuring contractors to construct two regional mechanisation centres at Buwama in Masaka and Agwata in Apac districts.

Agricultural Research Programme

By half year, 55 Production technologies had been generated, 16 Technological innovation platforms established/supported, 70 Technological innovations delivered to uptake pathways, 16 new varieties submitted to Variety Release Committee (2 cotton varieties, 2 beans, 4 maize hybrids, 2 Matooke hybrids, and 6 potato varieties).

Executive Summary

Breeding and Genetic Development

Breeding and Genetic development continued on the NAGRC&DB stations involving conservation and multiplication of beef and dairy cattle, goats, pigs and poultry. However, the planned growth rate of the animal herds on most stations was below target due to: the aging of the breeding herds, lack of paddocking and other animal husbandry infrastructure to manage the breeding programme effectively, lack of water for production, delayed delivery of artificial insemination materials and hormones, land wrangles with the NARO communities at Maruzi Ranch in Apac, wrangles in Njeru Stock Farm in Buikwe district; encroachment and harsh climatic conditions.

Coffee Development

In respect to distribution of inputs, 35,000kgs of seeds comprising Robusta and Arabica were distributed to nursery operators to generate 105 million seedlings comprising of 102m Robusta and 3 million Arabica. Inspected and certified 2,131,815 bags for export for both Robusta and Arabica coffee.

Trained 157 (36F, 75Y, 46M) Baristas in skills of basic servicing, maintenance and calibration of grinding and brewing equipment. Trained 170 (56F & 114M) Lead Farmers on sustainable coffee production, value addition through certification and Conformity Assessment & market access. A total of 760,660 coffee wilt disease resistant (CWDr) plantlets were distributed to nursery operators and seedlings were procured from private nursery operators for the farmers.

Cotton Development

Provision of planting seed - about 5230 Mt of seed were distributed to farmers in 65 districts in the Eastern, Northern, West Nile, Mid-West & Central and Kazinga Channel Regions. The second phase construction of the Cotton Seed Dressing Station in Pader district was 100% complete and the plant was operational. Delinting of seed, grading, treating and packaging of planting materials started. The main challenges were wastage of seed due to inadequate storage space; low production due to pests and diseases and ineffective pesticides; drought; inadequate tractors and ploughs for opening land and lack of spray pumps

District Production Services Programme

The Local Government Vote performance was good (75%). Farmers were trained in improved agronomic practices; crop, animal, fisheries and apiary demonstration sites were set up to enhance farmer learning; key agricultural infrastructure such as slaughter slabs and plant clinics were established; animal vaccinations were done and extension services were delivered. Farmers had increased access to extension services which led to improved adoption of good farming practices and production.

Under Pests and Disease Control

500,000 dozes of Contagious Bovine Pleuropneumonia (CBPP) vaccine were procured and distributed to control animal diseases. Controlled the outbreak of zoonotic diseases such as Anthrax, Rift Valley Fever and Foot and Mouth Disease and conducted a field testing of 3 chemicals in order to identify the most effective for clearing acaricide resistant ticks. In addition, the spread of Banana Wilt Disease was controlled to less than 5% and that of Maize Lethal Necrosis to less than 1% through surveillances and establishment of mobile plant clinics.

Executive Summary

Fisheries

In a bid to reduce illegal fishing efforts on L. Victoria, 12,274 vessels and 26,320 fishers were licensed and registered and 750 enforcement operations conducted. This led to a 31% increase in Nile perch fish stocks and a general improvement of fish stock as well as other species on L. Victoria. As a result, 4 fish factories have reopened, the operation capacity of all fish factories has increased and the volume of fish exports has also increased by 27%. Further to that, the feasibility study for water based cage Aqua Park in Mwena Kalangala has been completed while that for Land based aqua parks in Apac is still on going.

Dairy Development

The Authority embarked on the rehabilitation of the Gulu Milk Collection Center to enhance milk marketing and reduce post-harvest losses. One mobile laboratory van was received which will contribute to the safety of milk and milk products; and a total of 133 dairy stakeholders of which 68 were youth were skilled in yoghurt making and ice cream processing.

Key sector Challenges

- i) Poor performance of the National Animal Genetic Resources Centre and Data Bank (NAGRC&DB) was low due to land wrangles; slow or none disbursement of funds from the Headquarters to the farms and lack of breeding infrastructure and water for production.
- ii) Delayed and uneven distribution of rains in some parts of the country during Season 2018 which limited the distribution of seed for food security.
- iii) There is still wastage and low impact on seed distribution due to inadequate mobilization and preparation of benefiting farmers for agricultural inputs
- iv) Poor adherence to grant guidelines for the Production and Marketing Grant (PMG) and Extension Grant by district LGs is causing duplication and inefficiency of the Grant

Recommendations

- i) MAAIF and Operation Wealth Creation Secretariat should review and restructure the NAADS/OWC to move away from distributing inputs to focusing funds on mechanisation and provision of value addition and agro-processing machinery and equipment. However, efforts towards food security should be up held as well as ensuring that productivity in areas that have factories for value addition does not decline on account of inadequate inputs
- ii) The MAAIF should collaborate with the Ministry of Lands, Housing and Urban Development and Uganda Land Commission and Tribunals to resolve all outstanding land related conflicts in Government land for agricultural sector institutions, demarcate boundaries and title all the lands.
- iii) MAAIF role in ensuring adherence to the grant guidelines should be strengthened for better service delivery at the Local Government level

Executive Summary

LANDS AND URBAN DEVELOPMENT

The total approved budget for Lands, Housing and Urban sector for the FY 2018/19 amounts to **Ushs 229.73bn** of which **Ushs 198.66bn** is for Ministry of Lands, Housing and Urban Development while **Ushs 31.076bn** is for Uganda Land Commission. Analysis shows that a total of **Ushs 159.78bn** (equivalent to 70% of the approved budget was released of which **Ushs 70.33bn** was spent representing 44% absorption rate. The underspending was largely under the Uganda Support to Municipal Infrastructure Development (USMID) Project, delayed payment of land compensation on account of ongoing investigations by the Commission of Inquiry on Land Matters.

Service Delivery Performance

The key Sector outcomes include improved land tenure security, increased compliance to physical planning regulatory framework and increased access to adequate housing. Accordingly, the sector semi-annual budget performance report on each of the sector outcomes is as indicated below:

Land Administration and Management Program

This program focuses on ensuring improved land tenure Security through land titling and registration and increasing public awareness on the provisions of the national and policy and the sector performance on the key outcome indicators is summarised in the table below:

Programme Outcome Indicators	Indicator Measure	Planned 2018/19	Actuals By END of Quarter Two (Q2)
Average time of land tiling	Number	15	21
Percentage of land registered	Percentage	22%	21.6%
Percentage awareness of provisions of the National Land Policy	Percentage	40%	25%

In addition, the reported achievements under Uganda Land Commission include 304 Certificates of title handed to lawful and bonafide occupants in Bulemezi, acquisition of new office space for the Commission, 59 Land Tiles for Government Ministries, Departments and Agencies were processed and compensation of 1,535.9ha for 9 claimants in Buganda, Bunyoro, Toro and Ankole regions.

Physical Planning and Urban Development Program:

The objective of the physical planning and urban development program is to enforce compliance to Physical Planning Regulatory Framework to ensure orderly and sustainable rural and urban development at both national and local government levels. Accordingly, the table below summarises the performance on the program indicators.

Programme Outcome Indicators	Indicator Measure	Planned 2018/19	Actuals By END of Quarter Two (Q2)
Percentage compliance to physical planning regulatory framework in the urban councils.	Percentage	46%	40%
Percentage of Districts with District Physical Development Plans	Percentage	5%	0.82%

Executive Summary

Housing

The housing program aims at increasing access to adequate housing through improved human settlements, promotion of public awareness of the national housing policy and supporting the public with standardised building plans and standards as summarised in the table below:

Programme Outcome Indicators	Indicator Measure	Planned 2018/19	Actuals By END of Quarter Two (Q2)
Percentage awareness of the National Housing Policy	Percentage	40%	26%
Percentage of disseminated prototype plans implemented	Percentage	20%	10%

Key Challenges

The key challenges affecting budget implementation under the Sector include (i) delayed procurements which affected undertaking of certain activities especially for ICT equipment and field vehicles leading to low absorption of resources, (ii) low implementation of development projects and low absorption of budgeted funds especially for externally funded projects; (iii) inadequate staffing especially of the Ministerial Zonal Offices; (iv) weak enforcement of the legal, policy and regulatory framework for physical planning and urban development; and (v) delayed clearance of outstanding arrears for land compensation leading to numerous requests for supplementary funding..

Recommendations

- i) The Ministry of Lands, Housing and Urban Development should increase design a comprehensive programme for addressing the challenges in Physical Planning and Urban Development to facilitate organised development in the country.
- ii) Government should consider full operationalisation of the Land Fund in line with the Land Act to streamline the process of acquiring land for public investments.
- iii) The Sector should improve the capacity for planning and execution of development projects to address the current delays in implementation of projects.
- iv) Uganda Land Commission should develop and issue clear guidelines for acquisition of land and clearance of claims for land compensation to the public.

Executive Summary

ENERGY AND MINERAL DEVELOPMENT

By the end of the first half of FY 2018/19, **Ushs. 1,487 bn (59.9%)** out of the total annual approved budget of **Ushs. 2,484.8 bn** (excluding arrears) was released and **Ushs. 942.596 bn (37.9%)** of the budget was spent.

Comparison of absorption at the budget categorization indicates that Non-Wage Recurrent had the highest absorption with **91.6%** of the total release of **Ushs. 54.736 bn** spent, followed by Wage and GoU Development which both performed at 83.3% and 78.3% against the total release of **Ushs. 15.205 bn** and **Ushs 287.150 bn** respectively. The least performing category was external financing whose absorption was 58.0% of the total release of **Ushs 1,109.135 bn** spent.

Service delivery performance

Energy Planning, Management and Infrastructure Development Programme

During this half of the FY, the Mbarara-Nkenda transmission line construction was completed after long delays. However very little progress was registered on the Lira-Opuyo transmission line. Progress on the works for the Electrification of Industrial Parks has progressed well with the completion of the substations in Iganga, Luzira, Mukono and Namanve. On the Karuma-Kawanda section, progress is at 75% with 496 out of the 639 towers erected but RoW challenges are affecting 110 tower locations. On the Karuma –Lira sections 109 out of the 156 towers were completed but only 2 foundations had so far been completed on the Karuma-Olwiyo section of KIP. Civil works were also on-going on the Lira, Karuma and Kawanda substations but works on Olwiyo substation were yet to begin.

Large Hydro Infrastructure Programme: The three main sub-programmes under this programme are Karuma, Isimba and Muzizi hydro power plants (HPP) and overall performance was good.

98% of the works at Isimba were complete by the end of Dec 2018. Units 1 and 2 had been commissioned and being monitored under test run. The impounding of the reservoir was completed on 31st Dec 2018 and the remaining Units 3& 4 commissioning was planned by end of January 2019. The switch yard and transmission line connecting Isimba HPP to Bujaggali Switch yard were completed and commissioned and generated power from the HPP was being evacuated to the national grid. The planned completion date for the few remaining works is planned for 30th March 2019.

The overall progress of Karuma HPP was 86% compared to a planned figure of 100% and project completion date was extended to December 2019. The financial disbursement stood at 81.96 % which translates to USD 1,146,363,664. Completed works translate to 73.14% for civil works, 1.91% for hydro mechanical works and 15.95% for electro-mechanical works. Overall progress of the works has improved due to delivery of most of the Electro Mechanical/Hydro Mechanical equipment at site. Highlights from Karuma include completion of the concrete works on the dam structure and commencement of installation of electro mechanical equipment in units 2 & 3. Civil works are complete in the Dam and power Intake, Tail Race Tunnel (TRT) and Tail Branch Tunnel (TBT). Defect repairs in the dam intake continue. Other works in the Main transformer Cavern (MTC) and Tail Race Surge Chamber (TSC) are at advanced stages. Electro-mechanical and hydro- mechanical works progressed in the power house on units 1-6 with completion of lowering the rotor and runout test for unit 1.

Executive Summary

Mini Hydro Infrastructure Programme

Under the GETFiT programme, more mini-hydro power plants were commissioned including Nyamwamba (9.2MW) commissioned in August 2018, Nkusi (9.6MW) and Waki (4.8MW) commissioned in October 2018.

Renewable Energy

Government further secured land for the proposed 4MW solar Photovoltaic system at Busitema University in Busia district whereby 7.5 hectares of land has been acquired with the cooperation of the Arab Republic of Egypt. Other renewables have been promoted by the Private Sector including the 300 solar home systems and other mini grids constructed using solar PV.

Petroleum Exploration, Development, Production, Value Addition and Distribution of Petroleum Products Programme:

Under the petroleum exploration, 200 line km of geophysical data and over 320 sq km of geological mapping was undertaken in Moroto-Kadam basin representing 40% coverage of the basin. Preparations for the second licensing round are in progress with meetings on-going in preparation for launching at the East Africa Petroleum Conference in May 2019. Review of the application of the production licenses for areas of Lyec, Mpyo and Jobi-East is still on-going. The Ministry of Energy continues to monitor the RAP implementation for Tilenga and Kingfisher projects (Tilenga: RAP1 - 98%, RAP2&4 -70%, RAP3&5-45%, Kingfisher -95%)

The Uganda National Oil Company (UNOC) has continued with its mandate of stocking of Jinja Strategic Tanks continued and closing stock by 31st Dec 2018 was 0.686 million liters.

The construction of Phase-3 of the National Petroleum Data Repository, laboratories and offices for the Directorate of Petroleum, and the Petroleum Authority of Uganda (PAU) continued. Progress was at 62% as opposed to the planned 100%. The construction works have delayed due to poor funding.

The Mineral Exploration, Development and Value-Addition Programme: Performance of the programme was good. Under the Mineral Wealth and Infrastructure Development Project, Principles for the Mining and Minerals bill were developed and submitted to on 17th December, 2018. The Regulatory Impact Assessment (RIA) for the Mining and Minerals Bills finalized and the financial clearance for the principles on the Mining and Minerals bill obtained from Ministry of Finance. The draft final Mineral Laboratory Policy presented to sector Working Group and RIA is being developed.

The Geology Directorate continued to monitor and supervise the mining licenses and activities in in the areas of Namayingo, Mubende, Busia, Bugiri, Kasese, Kabarole, Buhweju, Rubanda, Ntungamo, Kabale, Kisoro and the Karamoja region. The artisanal miners in Mubende District were re-organized. To reorganize and monitor activities of artisanal miners, procurement of a consultant to undertake biometric registration is on-going. As part of improving the governance in supervision and monitoring activities in the minerals sector the Mining Cadastre and Registry System software was updated to the e-government system and the MOU for integration with NITA-U and URA has been finalized.

Rural Electrification Programme: Performance was good with the number of people accessing the electricity grid increasing to 143,461 compared to the target of 120,457. A total of 1049.02Kms of Low Voltage and 1,315.28Kms of Medium Voltage Lines were completed. Under Islamic Development Bank (IDB) funding works have begun on grid extension projects in Mayuge, Buikwe, Karamoja, Soroti, Serere, Amolatar, Lira, Mpigi, Wakiso, Tororo, Ngora, Rukungiri, Mbarara, Kabale,

Executive Summary

Mitooma, Ibanda, Rubanda, Kabarole, Kyenjojo, Kyankwanzi, Kiboga, Hoima. Works on other grid extension projects under OPEC International Fund for Development (OFID) funding continued in Buyende, Kamuli. Previously completed projects under French Agency for Development (AFD) are under defects liability period monitoring.

Key Sector Challenges

- i. Difficulty in acquisition of RoW is continuing to slow progress of works on all transmission line projects. The works on transmission lines linking the completed substations in the industrial parks are suffering severe delays.
- ii. The slow pace of procurement in the sector continues to affect the performance of the sector. Several projects under REA have not commenced due to delayed procurement.

Recommendations

- i. The Government needs to work with the courts of law to ease some of the burden UETCL is facing in acquisition of wayleaves. There are various project affected persons with illegal land titles in wetlands and the several court injunctions that are bogging down the land acquisition activities.
- ii. The sector needs to prioritize funding to some of the neglected sector areas. More funds need to be allocated for equipping of the mineral and oil laboratories and the acquisition of the required software programmes and license for the Oil and Gas sector.

Executive Summary

WORKS AND TRANSPORT

By the end of the first half of FY 2018/19, **Ushs 2.854 Tn (59.6%)** out of the total annual approved budget of **Ushs 7.788 Tn** (excluding arrears) was released and **Ushs 2.131 Tn (44.5%)** of the budget was spent.

Comparison of absorption at the budget categorization indicates that Non-Wage Recurrent had the highest absorption with **98.4%** of the total release of **Ushs 334.998Bn** spent, followed by Wage and GoU Development which both performed at **96.2%** and **90.5%** against the total release of **Ushs 42.819 Bn** and **Ushs 1.111 Tn** respectively. The least performing category was external financing whose absorption was **47.3%** of the total release of **UUshs 1.112 Tn** spent.

Service Delivery performance

Construction of National Roads

During the first half of FY 2018/19, UNRA portrayed a low performance in regard to construction of National Roads with only 156.38kms of gravel roads upgraded to bitumen standard representing 24.2% against the annual target of 646 Km. Specifically, a total of 21.18 km-equivalent was attained under the project for oil roads by end of the first half of FY 2018/19 under first 3 package of oil roads including Package 1 (Masindi-Park Junction and Paraa-Buliisa Roads -159km), Package 2 (Hoima-Butiaba-Wanseko Road -111km) and Package 3 (Design & Build of Buhimba-Nalweyo-Bulamagi & Bulamagi-IgayazaKakumiro roads -93km). The procurement of Packages 4, 5 & 6 of oil roads was still ongoing.

Road maintenance activities

During the first half of FY 2018/19, 53.35% (UUshs 282.62Bn) of the funds allocated for maintenance of National Roads and the DUCAR network was released to URF. URF disbursed 100% of the released funds to the implementing Road Agencies which include: UNRA, KCCA and Local Governments . The section below provides the physical performance by road category:

a) Maintenance of Paved National Roads

By the end of December 2018, UNRA had an above average performance for routine maintenance of paved roads, however this could be due to the fact that the annual target for routine maintenance was under-estimated despite the increase in funding for road maintenance. The table provides details of the performance under the road category:

Indicator	Annual Target for FY 2018/19 (Km)	Performance by Dec-2018 (Km)	% of completion
1. Km of national paved roads maintained (routine mechanised)	1,762	1,524	86%
2. Km of national paved roads maintained (Periodic)	59.7	28.8	48%
3. Km of national paved roads maintained (routine manual)	3,760	3,830	102%

Executive Summary

b) Maintenance of Unpaved National Roads

This category registered an average performance during the period with exception of the routine – manual maintenance which reached the annual target by the end of the first half of the FY. The table below illustrates the performance under the road category:

Indicator	Annual Target for FY 2018/19 (Km)	Performance by Dec, 2018 (Km)	% of completion
1. Km of national un-paved roads maintained (routine mechanised)	10,185	4,264	41.9%
2. Km of national un-paved roads maintained (routine manual)	14,043	14,043	100.0%
3. Km of national un-paved roads maintained (Periodic)	636.3	364	57.2%

c) District Road and Urban Maintenance

Overall, there was exceptionally high performance reported for routine manual maintenance of District and Urban roads which will necessitate the review of the annual targets for the next financial years to make them more realistic. On a contrary, low performance was reported for periodic maintenance (10%) and mechanized routine maintenance (30%) of Urban roads despite the relatively average release of funds during the period as demonstrated in the table below:

Indicator	Annual Target for FY 2018/19 (Km)	Performance by Dec-2018 (Km)	% Completion
1. Km of District Roads maintained (Manual Routine)	23,581	26,264	111%
2. Km of District Roads maintained (Mechanized Routine)	12,779	9,694	76%
3. Km of District Roads Maintained (Periodic)	3,710	1,579	43%
4. Km of Urban Roads Maintained (Manual Routine)	204.2	359.5	176%
5. Km of Urban Roads Maintained (Mechanized Routine)	453.1	136	30%
6. Km of Urban Roads Maintained (Periodic)	2,300	241	10%

Road Rehabilitation under UNRA and Ministry of Works & Transport (MoWT)

a) National Road Rehabilitation under UNRA

UNRA rehabilitated 49.74 Km of the National Roads Network during the first half of FY 2018/19.

Executive Summary

b) DURCAR Network Rehabilitation under MoWT

During the first half of FY 2018/19, the Ministry graveled 132 km of roads in Kayunga, Mityana, Mayuge, Isingiro, Amuru and Mbale districts using the Force Account modality. They also commenced rehabilitation works of 770 km of inter-connectivity roads and opened and compacted 272 km of roads on the DUCAR network.

Air Transport Sub-Sector

The Ministry made the following progress under the project for Rehabilitation and Expansion of Entebbe International Airport: 73% works for the new cargo center complex; 71.9% rehabilitation works for aprons 1 expansion; and 79% rehabilitation works for runway 12/30 and its associated taxiways were completed by the end of December, 2018. While under the project for Development of Kabaale International Airport Phase1, the progress of 15% on physical works was reported.

Regarding the revival of the Uganda National Airline, the Ministry finalized signing of Purchase Agreements with the Bombardier for the 4 CRJ900 aircraft and concluded negotiations with Airbus with unexecuted Purchase Agreements for the two A330-800 neo aircraft during the first half of FY 2018/19. During the same period, the manufacturing and assembling of the first two Bombardier CRJ900 aircraft were underway with aircraft Serial Numbers allocated. In addition, the recruitment of core staff for the National Airline was undertaken.

Besides the above progress on the three major projects under air transport, the Ministry undertook routine maintenance of all the 13 upcountry aerodromes and also maintained 4 of the 9 aircraft at Soroti flying School.

Railway Transport Sub-Sector

Under Standard Gauge Railway (SGR) Project, 40.267 Acres were acquired and 127 Project Affected Persons (PAPs) compensated. However, the Chief Government Valuer rejected the Resettlement Action Plan Report for the Rehabilitation of the Tororo - Gulu Railway line requested for due diligence and this is still ongoing. Rehabilitation works for 2 locomotives was reported to be still ongoing by the Ministry and 5 of the 12 wagons are almost complete.

Water Transport Sub-Sector

During the first half of FY 2018/19, Ministry of Works & Transport completed the draft final Environmental Impact Assessment report and the preliminary engineering designs for the New Kampala Port at Bukasa and commenced the Civil Works on the access road to the same Port. Further, the Ministry reported a 98.35% average availability performance for MV Kalangala during the first half of the FY 2018/19. Further, through their support and monitoring they ensured that operations at Lake Bisina ferry deliver 100% of scheduled trips.

Under UNRA, implementation of the contract for Sigulu ferry was reported to be steadily progressing and full welding of the entire super structure was still ongoing while the financial evaluation report and draft contract of the procurement for Sigulu landing site development were approved and the Due Diligence exercise was accomplished and report approved in December 2018. Additionally, UNRA signed the contract for Bukakata Ferry but implementation had not yet kicked off due to the fact that mobilization

Executive Summary

processes are still ongoing. The landing site a draft design and build contract for Buyende-Kasilo-Kaberamaido (BKK) was also approved by Solicitor General and a due diligence report was awaiting approval.

UNRA also completed the procurement and contractor due diligence for Kiyindi- Buvuma ferry and landing site construction and contract signing was to be done in January 2019. Furthermore, the ferry equipment including engines and pontoons for Amuru Rhino Camp Project were undergoing repairs, landing sites preparatory works were ongoing with development expected to start in February 2019 and the ferry operations are projected to start in July 2019. The due diligence for Wanseko landing site was completed in October, 2018 and the contract signed, the execution of works was expected to commence in January 2019.

Transport Safety

The Ministry inspected 50,000 Vehicles for road-worthiness. They also inspected and licensed 49 driving schools, issued 255 bus operator licenses and 1,538 driver badges. During the same period, 5 fatal accident investigations were undertaken which included among others, the Gaagaa bus accident at Nanda in Kilyandongo District and the Fuso truck accident at Kanaba Village in Kisoro District. Regarding water transport safety, 170 internal water transport vessels were inspected of which 131 were licensed.

Sector Challenges

- i. Prolonged torrential rains experienced in most parts of the country in the months of October to December 2018; this caused emergencies on the national and district road network disrupting planned activities; and affecting progress of works on construction projects.
- ii. Delayed acquisition of the right of way on most of the upgrading projects on the national road network.
- iii. Understaffing of works departments at Local Governments.
- iv. Underutilization of the newly acquired Japanese equipment at the Local Governments due to: lack of transportation equipment like low bed trucks; lack of funding for rehabilitation of dilapidated road network; and the inadequate capacity of operators.
- v. Dilapidated equipment fleet at the municipal councils which compelled them to rely on hired equipment or borrow from the Local Governments.

Recommendations

- i. Implementing units should take advantage of the dry season to expedite works to make up for the time lost during the heavy rains.
- ii. The planning units of the implementing agencies should prioritize procurement to minimize delays in implementation.
- iii. Fast-tracking repairs for the old Chinese road equipment and redistribution of the same to Municipal Councils since they did not get the new Japanese equipment. This will reduce requirements for procurement of new road equipment.
- iv. The GoU/UNRA should mobilize sufficient funds for full compensation of the PAPs for ongoing projects and construction contracts should only be signed after the land acquisition process is in final stages for future projects.

Executive Summary

ICT AND NATIONAL GUIDANCE

For FY 2018/19, the ICT sector received an appropriation of **Ushs 149.114bn** (excluding arrears and AIA) of which **Ushs 12.582bn** was Wage, **Ushs 25.237bn** was Non-Wage Recurrent, **Ushs 16.847bn** was GoU Development and **Ushs 94.448bn** was External Financing. By the end of the first half of the FY, **57%** of the budget (**Ushs 85.733bn**) was released to the sector and the overall absorption rate stood at **49%** (**Ushs 42.128bn**).

By budget categorization, the highest absorption was under Non-Wage Recurrent at **90%** (**Ushs 11.404bn** against a total release of **Ushs 12.648bn**), followed by Wage at **86%** (**Ushs 5.333bn** against a total release of **Ushs 6.291bn**). There was low absorption under External financing at **40%** (**Ushs 22.968bn** against a total release of **Ushs 57.562bn**) and GoU Development at **26%** (**Ushs 2.4234bn** against a total release of **Ushs 9.232bn**).

Service delivery performance

Connectivity and internet bandwidth: 65 new MDA sites were connected to the National Backbone Infrastructure (NBI) bringing the total number of connected sites to 397. Of these, 282 were receiving services including internet bandwidth, IFMS, leased lines, dark fiber and data centre by the end of the FY. However, the price of internet bandwidth was maintained at the same level as FY 2017/18 of USD 70 Mbps per month. The coverage of MYUG Free Public WI-FI service was expanded to cover over 284 locations and 76,519 users had signed up for the service by December 2018. This has enabled the citizens to have free, fast and reliable Internet connectivity.

E-Government services: by the end of the first half of the FY, two (2) additional e-government services were added to the e-Citizens Portal (<http://ecitizen.go.ug>) in an effort to deliver electronic public services which improved citizen access to Government services. This brings the total number of e-government service on the e-Citizen portal to Eighty One (81). Further, NITA-U rolled out U-mail (a Unified Messaging and Collaboration System) to six (6) piloting entities that leverage on traditional email and accessibility to collaborative applications to support and improve government-wide communication. U-mail shall increase Government efficiency through shared services.

Furthermore, NITA-U upgraded the National Data Centre and Disaster Recovery Site to Tier 3 classification. These facilities are currently providing services to 33 MDA/LGs and hosting 36 critical Government applications and systems. Government shall realize cost savings through centralized hosting and Disaster Recovery Services for Government Applications and Data at the National Data Centre. The RCIP project also registered increased budget absorption during Q2 due to increased implementation of a number of key activities namely; the Unified Messaging and Collaboration System (UMCS), the Cloud Solution, the e-Government Procurement (e-GP) and the Consultancy for Gap Analysis for a legal and regulatory framework for the ICT Sector.

National ICT Initiatives Support Program (NIISP): under the Ministry, three ICT hubs were supported namely: Resilient African Network, Tech Buzz Hub and Hive Collab, 150 Innovators were attached to innovation hubs for mentorship and the activities of ICT Innovators supported under the first call for Innovations in FY2017/18 under the NIISP were monitored. The Second call for Innovators was also finalized, approved by the Selection Committee and published. The

Executive Summary

steel structure and roofing for the ICT Innovation /Incubation Center at UICT Nakawa were also completed and furnishing is currently ongoing.

Technical guidance, Monitoring and Supervision: Technical Support was provided in the implementation of the Academic Information Management System and the Netherlands Trust Fund (NTF4) IV project that promotes IT-enabled services and Business Process Outsourcing. The sector also participated in Open Source Software workshops organized by the Uganda Open Source Software Association and software clinics organized by the Innovation Hubs. Further, the Costed Implementation Action Plan for the Draft Media Local Content Policy was developed; and eighty two (82) additional firms were certified bringing the total to two hundred thirty nine (239). Postcodes for all Parishes were finalized and submitted to Ministry of Works and Transport for inclusion into the Building Control Regulations and special postcodes were developed for special interest areas (Parks, Government offices, tourist sites, monuments, landmarks, historical sites) in all Districts of Uganda. Further, thirty one (31) sensitization activities on IT legislation carried out to enhance awareness within Government, regulated entities and the public.

Challenges

The ICT sector performance is hampered by poor planning leading to delays in initiation of procurements, low ICT technical capacity within MDAs to support the systems, lack of capacity (human resource, hardware and software) at MDAs to generate content for the different e-government services including websites, inadequate funding for finalizing the revamping and clearing of arrears at UBC and delays in procurement approvals/securing no objection from the World Bank.

Recommendations

- i. The MoICT&NG and NITA-U should develop a change management strategy to ensure that duplication is minimized on procurement and use of ICT installations.
- ii. The NITA-U through the RCIP should prioritize the provision of key hardware and software such as computers and structured cabling to agencies where the NBI was delivered but not in use in order to increase on the uptake of e-enabled services.
- iii. The NITA-U should regularly engage the World Bank Task Team Leader to ensure that securing “no objections” are secured in time.

Executive Summary

TRADE AND INDUSTRY

The overall Approved Budget for the Trade and Industry Sector for FY 2018/19 inclusive of External Financing, Arrears, and A.I.A amounts to **Ushs.161.743bn** of which **Ushs.111.436 bn** was released by the end of December, 2018 and **Ushs.102.030bn** spent representing **68.9%**, budget release, 63.1% budget spent and **91.6%** absorption.

Service delivery performance

Export Promotion

Registered Fourteen (14) new exporting companies and 49 potential exporters; Thirty (30) participants were trained about export process requirements in relation to packing house management process; 3 potential investors identified to be linked to Uganda Investment Authority.

Regarding promoting development of Exports: 8 new companies were accessed in Kampala and Nwoya district; 16 companies in phase 1 visited and progress ascertained; (43) potential exporters of fruits, vegetables, sesame, timber and timber products registered and supported to comply with pre-export requirements; (29) active exporters registered or renewed registration with UEPB Commercial handicrafts, fish, fruits and vegetables.

In partnership with the Swedish, Open Trade Gate Program successfully conducted an information dissemination workshop focusing on the Swedish market. It was supported by the Swedish Embassy in Uganda. More than fifty (50) horticulture, coffee, cocoa, cereals, pulses and oilseeds exporters attended the workshop.

Soroti Fruit Factory: Hydro-geological survey and drilling of the borehole was completed. The flooring of the production area has been upgraded to polyurethane floor. Governance structure for Soroti Fruits Ltd (SOFTE) has been put in place and the Board of Directors was inaugurated on September 20, 2018. The board comprises seven (7) members. Recruitment of management, technical and support staff (123 staff) was completed and reported on duty. Conducted a refresher capacity enhancement training of 8,044 fruit farmers in Kumi, Soroti and Bukedea districts on better agronomic practices and cooperative management. Forklifts to ease the mobility of materials and machines within the factory premises were secured. Supply agreement contract for fruits between SOFTE and Teso Tropical fruit Cooperative Union (TEFCU) has been signed. Secured Service providers for insurance services. A provider for the supply and installation of a submersible pump; and installation of 60,000-litre water reservoir tank for the underground water was secured. An occupation permit secured from Soroti DLG certifying the suitability of the facility for human occupancy.

Rural Industrial Development Project (RIDP): RIDP project beneficiaries from model potential enterprises trained. Four Rural Industrial Development Project beneficiary enterprises in Kamuli, Kabale, Bududa and Bushenyi Districts have been engaged to undertake product certification process.

Construction of Common Industrial Facilities: 2 Functional processing facilities in Butambala and Kaliro districts were supported with value addition equipment, Procurement on-going for an Automated Vacuum Sealing Machine for Lusaze Modern Agriculture Solutions Cooperative Society in Kampala. Procurement on-going for a honey press and settling tank for Tropical Honey

Executive Summary

Cooperative Society in Amuru District. Installation of a Cassava Grater for Abur Savings and Credit Cooperative Society in Lira District is on-going.

Cooperatives Establishment and Management: 1199 Cooperatives were supervised during the Quarter, 487 Cooperatives were registered, 184 Cooperatives were Audited to ensure compliance and; inspection reports and audit reports prepared.

Regulation of Warehouse Receipt System (UCE): Board of Directors undertook a Benchmarking visit to Tanzania. Held a meeting with 14 Area Cooperative Enterprises and 9 Grain Exporting Companies. Held a stakeholders Integration activity for Maize Value Chain players in Kasese at Afgri-Warehouse Focusing on 6 Primary Societies with 1,453 Members in Kichwamba sub-county. Regular Inspections were carried out for Nyakatonzi, Agroways (Mbarara), and Afro-kai Matuga Still work in Progress. Launched and operationalised the Warehousing and Warehouse Standard for Bagged Cereals and Pulses. Participated in the Northern Corridor Integration Projects under the Commodities Exchange Cluster.

Developing an ICT interlinked trading platforms: 168 Producers sensitized in Busoga and 123 Political leaders engaged in Mubende, sensitised 32 District Commercial Officers from Eastern Uganda. Met 59 Rice Producers in Mukono. Held one Radio Talk show in Mukono. Published information in the Operation Wealth Creation Magazine for awareness creation purposes. Held a meeting on development of interlinked Commodities Exchange in EAC. With Warehouse Receipt System as the key building block, developed a Business plan for Agwata Grain Dealers Ltd. Six New Storage Facilities inspected. Engaged some e-WRS users (Warehouse Database Administrators).

Standards Development:

UNBS developed and approved a total of 186 standards. As part of Quality Assurance, the Bureau issued 509 certification permits, inspected 60,342 consignments of imports and 1948 market outlets and tested 8,184 product samples, calibrated 1,715 equipment and verified 513,930 equipment. **Construction of Laboratories:** Construction of Laboratories is ongoing and is currently at 55% completion. Redevelopment of the Rig commenced and is at 28% completion.

Challenges faced during implementation

- i. The 42% budget release under the Development Component was not sufficient and this affected implementation of the planned activities.
- ii. The stringent procurement process was evident during implementation of the workplans for Ministry of Trade, Industry and Cooperatives, and Uganda Export Promotion Board.
- iii. Poor preparation of cashflow plans for Uganda Export Promotion Board affected the procurement of Vehicles whose monies could not be released in totality in the required Quarter.

Recommendations

It is advisable that the Normal Distribution Curve should be followed during preparation of the Quarterly Workplans for capital expedites cognizant of the rigorous procurement process in order to ensure adequacy of funds to undertake timely implementation works of Civil Nature

Executive Summary

EDUCATION

The approved budget for the Education and Sports Sector FY 2018/19 amounts to **Ushs. 3,167.3 bn** of which **Ushs. 1,630.6 bn** was released by the end of December 2018, contributing 51.5% of the budget released. Of the released funds, **Ushs. 1,471.8 bn** was spent contributing to 46.5% of the budget spent and 90.3% absorption.

Service delivery performance

Pre-primary and Primary Education: Teachers SACCO funds were remitted as planned. Under the Uganda Teacher and School Effectiveness project (Global Partnership for Education), construction of facilities in 54 schools under decentralized modality was completed.

Under the Emergency Construction and Rehabilitation of Primary Schools project, Funds were disbursed for the construction of a 4-Classroom Block, two 5-Stance lined latrine blocks and a 2-Stance lined latrine block at Busaabaga CU Primary School in Lugazi Municipality; Funds were disbursed to Lelapala Primary School - Oyam for the completion of a 5-Classroom Block and Renovation of a 4-Classroom Block. Funds were disbursed to Buyobo P/S - Sironko district for the construction of a 2-Classroom Block, a 2-Stance Lined Latrine Block and two 5-Stance Lined Latrine Blocks with bathrooms/Urinals. The construction of two 2-Classroom Blocks (Furnished) and two 5-Stance Lined Latrine Blocks with bathrooms/Urinals at Bulubandi P/S Iganga were the procurement stage. Funds were disbursed to St. Don Bosco P/S - Mityana for the construction of two 2-Classroom Blocks (Furnished) and two 5-Stance Lined Latrine Blocks with bathrooms/Urinals. The rehabilitation of a 7-Classroom Block with Offices and Store and disposal of Asbestos sheets and a 5-Stance Lined Latrine Block with bathrooms/Urinals at Kinuuka P/S Lyantonde was at procurement stage.

The Programme commenced with the installation of Lightning Arrestors in selected Primary Schools in the Districts of: Bushenyi (10); Lyantonde (26); Sembabule (26); Lwengo (26); Bukomansimbi (26); and, Mubende (26).

Secondary education programme: The Programme largely undertook Recurrent activities given that there is no Development Component under the Programme. The activities mainly included Monitoring of 70 USE schools in Kasese-40, Karamoja-16, Kabarole-5, Bundibugyo-3, and Kyenjojo- 6 and 72Non-USE schools in Kabarole-18, Bundibugyo- 2, Ntoroko-2, Kasese-21 and Karamoja- 21.

Higher Education programme: The procurement of an oil rig under the Uganda Petroleum Institute, Kigumba (UPIK) was at the evaluation stage at the close of December 2018. Additionally, the procurement process for the construction of the female Dormitory block and one classroom block was completed at UPIK. 42% payment for the Construction of a Male Dormitory block was advance to the contractors at UPIK.

Executive Summary

The Ministry disbursed funds amounting to Ushs. 500 million to support the taskforce of the Karomoja Constituent College of Gulu, to continue with the startup activities for the Constituent College.

Loans Scheme: The Higher Education Students' Financing Board advanced loans to 3,192 continuing under graduate students and 270 continuing Diploma students respectively. Loans were also advanced to new intake of 1,808 Undergraduate students and 400 Diploma students respectively.

Civil works under Universities: The construction of 1(4) and 1 (5) levels Central Teaching facility & rehabilitation of a dairy value chain at Kabanyolo & Laboratories at Makerere University is estimated at 96%. The original civil works constructions (i.e. of 2 new blocks, 3 level laboratory, lecture block, 3 level library and computer block & Rehabilitation of Workshop block housing the Business Incubation Center) at Busitema University were completed. Extra civil works multipurpose block at Nagongera (Busitema University) Lot 16 was at 72% level of completion. The following were completed: The construction of a 2 levels central teaching facility, a Business Incubation Centre, 3 levels central library & 3 levels central multipurpose science laboratory; and renovation of 8 faculty of Engineering workshops and laboratories at Kyambogo University The 3 levels health science block and utility block at Muni University; and 2 levels laboratory for applied sciences, 3 levels library, Business Incubation Centre and Hostel completed at MUBS were completed and handed over. Original civil works (i.e. construction of 4 levels multipurpose research block, 2 levels library block and 3 levels Agricultural block) and Business Incubation Center at Gulu University were completed and handed over.

Key Sector Challenges

- i. There were many cases of delayed procurements affecting commencement and continuation of civils works;
- ii. Inadequate infrastructure for teaching and learning at the Public Universities.

Recommendations

- i. The planning and initiation of procurements should be undertaken mainly in the first two quarters of the FY to allow implementation of the projects in the remaining half of the FY; and
- ii. Universities should prioritize construction of infrastructure based on the agreed upon programmes to be conducted.

Executive Summary

HEALTH

By the end of December, 2018, 54.9% (**Ushs 1,296.871Bn**) of the approved budget had been released of which 81.9% (**Ushs 1,062.310 Bn**) was spent.

Service delivery performance

Institutional Support to Ministry of Health (MoH): The overall project performance was poor (37%) with most of the works under procurement. The key pending works at the staff quarters included; installation of power meters, final fittings and procurement of six double cabin pickups. The procurement of six double cabin Pickups was approved by Ministry of Public Service on 3rd December 2018 however, the procurement process had not commenced by end of December 2018. Renovation of Block D had also not started as MoH was finalising the Bills of Quantities before commencement of the procurement process.

Italian Support to Health Sector Development Plan (HSDP) and Peace Recovery and Development Plan: Project performance was poor with only 0.25% of the semi-annual targets achieved. The contractor had abandoned sites by close of FY 2016/17 due to financial constraints and had not yet resumed. In Moroto district, Nadunget HCIII stagnated at roofing level while Kosiroi HCII was at foundation level since April 2018. Loroo HCII and Karita HCIII in Amudat stagnated at foundation level similar to the sites in Nakapiripirit.

Renovation and Equipping of Kayunga and Yumbe General Hospitals (Project 1344): Physical progress averaged at 30%, with Kayunga at 37% and Yumbe at 24%. Generally, planned works were on schedule at Kayunga and behind schedule by three weeks at Yumbe Hospital.

Rehabilitation and Construction of General Hospitals (Project 1243)-Kawolo and Busolwe Hospitals: The overall project performance was fair at 57%. The Bi-National Committee had not yet approved works to be undertaken at Busolwe Hospital awaiting completion of Kawolo hospital and designs for Busolwe hospital; Thus by the 31st December 2018, the allocation of US\$ 6million remained utilized.

Civil works at Kawolo hospital had progressed, achieving 90% while procurement of medical equipment achieved only 10%. Some parts of the hospital were handed over and were in use. These were; New OPD, New Accident and Emergency Unit, Antenatal Ward, Canteen, ART Clinic, Male Ward, Pediatric Ward among others.

The Regional Hospital for Pediatric Surgery (Project 1394); the overall project performance was fair at 60%. The structure was roofed, rammed earth wall was completed while internal finishes, mechanical and electrical installations were on going. Development of equipment specifications had commenced and EMMERGEY was already sourcing suppliers of various types of equipment.

Specialized Neonatal and Maternal Unit Mulago Hospital (Project 1315); the overall project performance at 98%. The construction works were at 99.9% while equipment delivery, testing and installation was at 90%. Addendum works were completed except modifications of the IVF room, which were still ongoing. The initial completion date for all addendum works, delivery and installation of equipment was September 2018, however by 10th January 2019, Achellis and Microhem Scientific had not completed their supplies.

Strengthening Capacity of Regional Referral Hospitals (Project 1519): The overall project performance was poor. The project did not achieve any planned outputs, as the project was not ready for implementation at the beginning of FY2018/19.

Executive Summary

East Africa Public Health Laboratory Network Project Phase II (Project 1413); Overall, physical progress for construction works was 5% against an annual target of 60%. Construction works had commenced in September 2018 (Mbale, Mbarara) while others (Lacor, Arua,) had not commenced.

Uganda Cancer Institute (UCI): Physical progress of the radiotherapy banker stagnated since FY2017/18 at 97% against 52% financial progress. However, Auxiliary buildings had progressed up to 60% from 35% of last FY2017/18. Painting, Electrical installations and mechanical works were ongoing. Completed works included structural and floor works, LED doors fixed, Cobalt machine (Donation from the Republic of India) was already fixed and tested. Floor polishing was ongoing. Pending works included final finishes. External and auxiliary works had commenced and the contractor expected to handover the facility in April 2019.

ADB Support to Uganda Cancer Institute: The Project achieved less than 10% of the semiannual planned outputs. The contract for the Multipurpose Oncology Unit was signed between UCI and Roko Construction Limited on 28th November 2018 at a sum of US\$ 13.62million. Works commenced on 14th December 2018 and are expected to last 18 months. The contractor had hoarded the site and mobilization and other preliminary works were ongoing. A total of US\$ 2.7million (20%) was advanced to the contractor at commencement of works.

Uganda Blood Transfusion Services: Remodelling of the cold room was still under procurement. Uganda Blood Transfusion Services collected 120,093 units of blood against an annual target of 300,000 representing a performance of 40%.

National Referral Hospitals

Rehabilitation work for lower Mulago Hospital is ongoing and the current progress of work is at 94%. Outstanding VAT arrears on Mulago civil works were paid. Procurement of medical equipment and furniture for Kawempe and Kiruddu hospitals was completed and the equipment delivered, installed and verified. Procurement of the main medical equipment and furniture for Mulago hospital was completed and installation is ongoing. Procurement of a contractor for remodeling and rehabilitation of upper mulago to create facilities for National Referral Hospital (OPD clinics, theaters, wards, support infrastructure-water reticulation was ongoing by end of the December 2018.

At Butabika Hosiptal, construction of six unit staff houses commenced and by end of December 2018, mobilization, excavation for column bases and foundation, bending and fixing reinforcement for stub columns, plinth walling and filling of hardcore and concreting oversite /ground floor slab had been completed. The 12-month contract was awarded to M/s Alliance Technical Services at a sum Ushs. 1.4billion and agreement signed on 15th November 2018. Advance payment of Ushs. 432million was paid to the contractor during the period under review.

Primary Health Care-Upgrading of HCIs to IIIs Grant: The Uganda Intergovernmental Fiscal Transfer sub-programme (UGFIT) was at 6% achievement of set targets. No contract had been signed by any of the 124 beneficiary Local Governments (LG) by 31st December 2018. Maintenance of the infrastructure was also not executed in most LGs visited.

Executive Summary

Prevention and control of communicable and non-communicable diseases

Communicable Diseases

Five (5) districts of Bundibugyo, Bunyangabu, Kabarole, Kasese and Ntoroko were provided support in risk communication practices for Ebola preparedness while ten (10) districts were provided support for environmental sanitation and home improvement campaigns. Technical support supervision was also conducted in 7 districts affected by nodding disease syndrome.

Non Communicable Diseases

Uganda Cancer Institute conducted both short term and long term outreaches. 9 long distance outreaches were conducted during which 27,683 people were educated and 23,927 people screened while 23 short distance outreaches were conducted during which 33,224 people were educated in Kakajjo, Kampala Kazo, Kawempe, old Kampala Lugazi, Buikwe, Katwe, Namasuba, Nakawa and Gayaza.

Uganda Heart Institute undertook support supervision at Moroto Regional Referral Hospital and participated in 4 health awareness campaigns i.e. World Heart Day, Tax-payers week organised by Uganda Revenue Authority, Heart camp organised by Prudential Insurance Company and the National Physical Exercise Day organised by Ministry of Health.

Specialised Health Care Provision and Blood Collection

Uganda Blood Transfusion Services collected 120,093 units of blood against an annual target of 300,000 representing a performance of 40%. Five Regional Blood Banks monitored did not achieve their semi-annual targets for FY2018/19 by 100%. These were Arua, Mbale, Fort portal, Gulu and Mbarara. Mbale Regional Blood bank performed better than all the blood banks at 91% of the semi-annual targets. Fair performers were Masaka at 51% and Fort portal at 62%. The low performance of some regional blood banks was due to inadequate budget for blood processing, personnel and equipment characterized by frequent breakdowns.

Under the Uganda Cancer Institute; some planned outputs under medical services were achieved beyond target while others were not. Those that surpassed their target were diagnostic investigations at 222% and outpatient's services at 132%. New cancer cases registered were 2,313 out of 5,000 target (49%). These numbers point towards the increasing cancer burden to both the hospital budget and that of GoU.

Good Performance was noted under radiotherapy subprogramme with 77% of the semi-annual targets achieved. 799 new patients were treated in the Radiotherapy Unit and over 62% of the treatment sessions were done with the Cobalt 60 machine. Under performance was recorded in relation to number of brachytherapy insertions done since only 26% of the target was achieved.; 42% radiation therapy patients using CT-Simulator were also treated.

The Uganda Heart Institute carried out only 41 out 100 open heart surgeries (41%); 272 out 500 thoracic and closed surgeries (54%). The hospital attended to 10,192 out of 20,000 general outpatients. A total of 4,922 Echocardiograms out of an annual target of 16,000 were conducted. Additionally, four research papers on Rheumatic Heart Disease were published in international peer reviewed journals. A total of seven staff were undergoing specialist training while others were undertaking a number of research activities on Rheumatic and coronary artery heart diseases.

Executive Summary

Delivery of Medical Services

Butabika Hospital; The hospital registered good performance in achievement of targets set under mental health Inpatient Services provided, which were: Investigations, Admissions, X-rays and Ultra Sounds. These were achieved at 89%, 0% was recorded under X-ray investigations due to lack of an x-ray machine; Ultra-Sound investigations at 34% due to frequent breakdown of the machine; Specialized Outpatient and Primary Health Care (PHC) services achieved at 93% while Specialized Outpatient and PHC Services were achieved at 125%. Areas of Nkokonjeru, Nansana, Kitetika, Kawempe Katalemwa and Kitebi were covered during the outreach programme and 2,624 mental patients were seen

Sector challenges

- i. Procurement delays with the Uganda Intergovernmental Fiscal Transfers Program (UGIFT) and projects under entities like Uganda Cancer Institute (UCI), Uganda Heart Institute (UHI), RRHs among others were behind schedule.
- ii. Poor communication between the Districts Local Government (DLG) and MoH. Majority of districts (75%) had not formally received the PHC development guidelines from MoH, this led to irregular implementation of projects. For example, Busia District Local Government locally procured a contractor contrary to MoH guidelines.
- iii. Poor wage absorption due to delays in recruitment and deployment process of health workers.
- iv. Stock out of medicines continue to persist and worse in the last three weeks of every cycle due to increased demand for services resulting from the increasing population and limited budget ceiling for various facilities.

Recommendations

- i. The Ministry of Health should ensure that contractors execute works within the contracted schedule to enable absorption of allocated funds.
- ii. The MoH, Health Service Commission (HSC), Ministry of Public Service (MoPS) and District Service Commissions should work together regarding improvement of advertising, recruitment and deployment timelines to ensure absorption of the allocated wage bill.
- iii. The Uganda Blood Transfusion, National Medical Stores (NMS), MoH and MFPED should ensure harmonized planning for blood collection, processing, storage, transportation among others.

Executive Summary

WATER AND ENVIRONMENT

The total approved budget for water and environment sector for the FY 2018/19 amounts to **Ushs 1,318.17bn of which Ushs 1,258.46bn** is for central Government Ministries, Departments and Agencies while **Ushs 59.71bn** is for local government conditional grants. Analysis shows that a total of **Ushs 484.46bn** (excluding KCCA and Local Governments) equivalent to 34% of the approved budget was released of which **Ushs 387.13bn** was spent representing 91% absorption rate. The under-performance of the budget at 34% release was largely due to the under-performance of external financing under the Ministry of Water and Environment on account of delays in implementation of some development projects especially under National Water and Sewerage Corporation (NWSC), acquisition of land for installation of weather equipment under Uganda National Meteorological Authority (UNMA).

Service delivery performance

Executive Summary

JUSTICE, LAW AND ORDER SECTOR

The total approved Budget for JLOS institutions is **Ushs.1,442.116 bn** in FY 2018/19, of which **Ushs 439.811bn** (31%) is Wage, **Ushs 544.151bn** (38%) is Non-Wage, **Ushs 307.171bn** (21%) is GoU Development, **Ushs. 90.965bn** (6%) is Appropriation in Aid and **Ushs. 54.593bn** (4%) is arrears.

By the end of first half of FY 2018/19, **Ushs. 858.154bn** representing 59.5% of the approved budget (including arrears) was released to the entire sector. Of the total releases 50.3% is wage, 56.4% Non Wage recurrent, 75.9% GoU Development, 99.9% arrears and 41.8% AIA.

The total absorption was **Ushs.703.749bn** against the release of **Ushs. 858.154Bn** therefore representing 82%. In terms of absorption by category, the highest absorption was recorded under wage at 98%, while GoU Development recorded the lowest level at 63.4%, attributed to on going procurement processes for capital purchases.

Service delivery performance

Infrastructure and Access to JLOS Services Enhanced

The Sector is working to ensure that the geographical distribution of its service points provide access to all communities and are spread proportionately across institutions, services and physical locations. In the reporting period, the sector started the construction of 7 new Justice Centres in Nakaseke, Rubirizi, and Serere are at finishing level, Sheema (foundation stage), Buliisa (foundation stage), Buhweju (sub-structure), and Sembabule (contract awarded). In addition, Police stations in Bududa and Omoro are at finishing level.

Expeditious disposal of cases and matters is now an entrenched sector-wide concern and the total number of cases disposed of in the reporting period increased by 7.8% compared to the same time period last year. Relatedly, the clearance rate of cases remained at 91% despite the 7.9% increase in filing. As a result of the increased case disposal, the sector has registered a reduction in pre-trial detainees to 48.6% from 51.4% and for the first time convicts in prisons out number remand prisoners. A total of 26,418 out of 57,425 backlog cases were disposed reducing case backlog to 18.5% of the total cases in the system. This performance is attributed to the increased coordination amongst Justice Actors, use of innovative approaches such as plea-bargaining and ADR as well as increased public sensitization.

With improving case management systems in JLOS institutions, the judiciary disposed of 75,480 compared to 70,000 cases over the same time period last financial year. This accounted for 31% of all cases in the system in the reporting period and an equivalent of 91% of cases filed in the first six months of the financial year. The courts that recorded the highest clearance rate included the Supreme Court, and the Chief Magistrates' courts. All courts however registered case clearance rates above 85%. Despite the high clearance rate, the number of pending cases at the Court of Appeal and the High Court remain high. At the Court of Appeal, the concern is the high number of criminal appeals which stands at 3,650 majority of which are notices of appeal that have not been followed up as well as over 1,300 civil applications clogging the system.

At the investigations level, the Uganda Police Force investigated and concluded 3,573 cases that were more than 3 years. Relatedly the Directorate of Government Analytical Laboratory (DGAL) developed a case backlog reduction strategy that seeks to reduce case backlog by 75% by June 2021

Executive Summary

through enhanced and sustained timeliness for new case analysis and reporting. In line with the case backlog strategy, DGAL analyzed 525 cases against a total of 990 cases received which is 53.0% performance.

The sector is currently implementing 6 of the 10 elements of security infrastructure declared by the H.E the President as a measure to make the city safe. The CCTV project was launched by the President on 9th October 2018 at the National Command center at Nateete and so far in the 1st phase covering KMP, 559 cameras have been installed on 234 sites and trenched 199.2Km distance. 60% of UPF guns have been finger printed.

Observance of Human Rights and Fight against Corruption Promoted

The UHRC registered a total of 420 (291 male, 129 female) complaints of human rights violations from all its 10 regional offices and Head Office. These are the complaints that passed the human rights admissibility criteria. In addition, a total of 1,977 cases (1259 male, 718 female) were referred to other institutions for appropriate management including Uganda Police Force, Judiciary, NGOs, Inspectorate of Government, Ministries and other partners. Examples of referred cases are: land disputes, family disputes, and criminal matters. In total therefore, 2,397 (1,548 male, 849 female) complaints were received by the Commission from 103 districts of Uganda out of the 112. This represents 92% of all the districts in the country and explains the geographical magnitude of UHRC human rights services.

The Commission registered a total of 534 alleged nature of violations with majority 171 (32%) being physical torture followed by 163 (30%) personal liberty, and child maintenance with 79(14%) complaints.

Respondents to alleged human right violations: There were 482 respondents of human rights violations across the 10 regional offices with the security agents registering 310 complaints as follows: UPF - 240, UPS – 16, UPDF – 44, and CMI -10 and private individuals - 125.

During the reporting period, UHRC carried out a total of 53 baraza sensitization meetings in the 10 regional offices reaching out to 31 districts. A total of 6,703 community members (4,634 male and 2,302 female) were sensitized on the mandate of the Commission, concept of Human Rights, Mandate of the police, the law of succession, children's rights and responsibilities as well as the responsibilities of parents and what human rights entail (what human rights are, their limitations and the responsibilities of citizens as per the 1995 Constitution as amended).

Commercial Justice and the Environment for Competitiveness Strengthened

The Sector continues to facilitate an enabling environment for productivity, investment and competitiveness through enhancing efficiency in settling of commercial disputes by supporting an efficient legal framework and thereby reducing the ease of doing business.

With regard to competitiveness, the Sector held both regional and local collaborative meetings aimed at reviewing the legal framework for commercial justice, identifying areas for law reform and development to address the needs of new, emerging and changing areas of commercial business practice.

Executive Summary

Challenges

Low absorption of released funds: Some votes in the sector exhibited low absorption levels in the reporting period. The worst performing votes with their corresponding absorption levels were; Law Reform Commission (56%), National Identification Registration Authority (49%), National Citizenship and Immigration Control (44%), and Directorate of Government Analytical Laboratory (31%). It should be noted that Law Reform Commission and National Citizenship and Immigration Control were affected by several Interdictions and forced leave of the key Managers in these votes during the reporting. This contributed to the underperformance in these institutions.

Delayed procurements: The Sector is still faced with delayed procurements, which is caused mainly by delays in initiating the procurement process and the several appeals by some unsuccessful bidders. This also contributes to low absorption of the budget and delayed implementation of the approved workplan for the sector.

As far as dispensation of Justice is concerned, a number of challenges were identified that hinder effective service delivery. These include **cultural diversity, ignorance of the laws of the land, low staffing levels across all the JLOS institutions, Police knowledge gap on refugee issues, inadequate logistics including fuel, and maintenance of transport equipment, case backlog, non-compliance with Constitutional safeguards such as the 48 hour rule, crime rate** of which the most prevalent crimes include; defilement, rape, GBV, early marriages, domestic violence, assaults, and theft

Executive Summary

PUBLIC SECTOR MANAGEMENT

The Sector had an annual approved budget of **Ushs 1835.500bn** (Excluding Arrears) for FY 2018/19. By the end of the reporting period, **Ushs. 814.084** (44.4%) had been released, with absorption standing at 95.3%.

Service delivery performance

Office of the Prime Minister

The followed up the implementation of Policies, Programmes and Presidential Directives which led to the production of;

- i) Government Annual Performance Report (GAPR) for FY 2017/18 which was discussed in September 2018 and raised a number of policy and administrative recommendations to adopted to improve service and delivery.
- ii) Local Government Performance Assessment for FY 2018/19, constraints to effective service delivery in the sectors of Education, Health and Water were identified and policy recommendations made to improve service delivery.

The Office of the Prime Minister designed & managed rigorous process evaluation studies for key Government interventions including; (i) Public Sector Organizations, (ii) Universal Primary Education (UPE), (iii) Family Planning programmes, (iv) Youth Livelihood Programme (YLP), (v) Vegetable Oil Development Project-II (VODP-2), etc

Disaster Preparedness and Refugees Management

In line with international laws & Uganda Refugee Policy the Vote received & settled 199,802 new refugees, granted 4,028 individuals refugee status & issued 548 Conventional Travel Documents & 9,070 IDs to Refugees. Additionally, they distributed 65,684 teak tree seedlings to 300 households in Adjumani to address environmental issues in refugee-hosting areas.

By the end of the reporting period, there was on-going construction of 26 out of planning 101 housing units for the internally displaced persons at the Bulambuli Resettlement Project which were at the roofing stage.

A total of 63,000 households affected by disaster occurrences were supplied with food and non-food items; 8,993 bags of 100kgs of maize and beans; and 10,488 pieces of non-food items including blankets and fortified foods.

Human Resource Management

55 out of 95 (57%) MDAs and LGs were supported on the implementation of performance Management initiatives, and refresher training was conducted for 380 Officers in 22 Local Governments and 7 MDAs.

Inspection and Quality Assurance

During the period under review, 19 out of 40 MDAs and LGs (47.5%) were inspected for compliance to service delivery standards, 16 out of 40 MDAs; and LGs (40%) were supported to develop and

Executive Summary

implement client charters; 2 Sectors i.e Water and Environment and Works and Transport Sectors were supported to develop service delivery standards.

Public Service Selection and Recruitment:

By end of December, 17 District Service Commissions (DSC) had been monitored, a total of 39 DSC members and secretaries (out of the target 50) were inducted; and 106 public officers were appointed in various categories for various MDAs as planned for the reporting period.

During the reporting period, Performance Audits carried out in the 36 DSCs in the Districts of: Nwoya, Moyo, Adjumani, Kiboga, Kagadi, Mubende, Jinja, Mayuge, Bugiri, Kisoro, Ntungamu, Rukungiri, Masaka, Rakai, Kyotera, Sembabule, Kiruhura, Lyantonde, Wakiso, Mpigi, Butambala, Kole, Oyam, Omoro, Hoima, Bulisa, Masindi, Apac, Amolatar, Dokolo, Nakapiripirit, Amdat, Moroto, Serere, Ngora and Kibuku.

Coordination of Local Government Financing

Rolled out a total of 15 local revenue databases and follow up support on the establishment of local revenue databases was done. Technical support on LG budget formulation was provided to 08 weak LGs as planned.

Challenges

- i. Inadequate staffing of Local Governments that remain constrained by the shortage of staff and the result is officers being in acting positions for more than six months against provisions of Public Service Standing Orders. This is largely attributed to poor job descriptions, structures, inadequate pay, political interference in the recruitments. The most affected departments are engineering, health, community, environment, planning, finance, audit, human resource. Apart from overall shortage of staff, it is important to note that 80% of filled positions are administrative and support staff leaving a vast majority of core technical positions pivotal for service delivery vacant.
- ii. Poor planning and coordination between OPM and districts for projects monitored under the Office of the Prime Minister.

Recommendations

- i. Office of the Prime Minister should adhere to the project planning guidelines and the memorandums of understanding in the respective Local Governments for the projects to achieve the intended objectives.
- ii. Ministry of Public service should review the job descriptions and structures of the local governments to attract competent staff this will ensure non-politicisation of the acting personnel in local governments.
- iii. Continue with on-going discussions for implementation of pay reform across Government

Executive Summary

ACCOUNTABILITY SECTOR

The Accountability Sector approved budget for FY2018/19 is **Ushs. 1,266.554bn** (including Arrears and Appropriation in Aid). Of this amount, **Ushs.153.293bn** is from external sources to various projects under the sector. By the end of Quarter 2 of the FY, 56.8% of the approved GoU budget had been released to the sector MDAs and the absorption rate recorded was 87% of released funds. The External Financing released was 55.1% of the approved donor funding.

Service delivery performance

Revenue Collection

During the reporting period, the tax compliance level was 60.73% against a target of 77% the Tax Payer Register grew by 89,617 (6.79%) beyond the target of 56,837 new taxpayers. Tax Revenue collection performed at 104.58% hence registering a surplus of Ushs.197.36billion. Total Domestic Tax collections were Ushs. 4,841.67 billion against a target of Ushs. 4,597.48 billion for the first half of FY 2018/19. To enhance efficiency at entry points, URA installed scanners at the border stations of Malaba and Busia. This is expected to reduce revenue losses on account of mis-declarations and improve clearance times for taxpayers.

External Audits

During the reporting period, 55.05% of the external audit recommendations were implemented against the annual target of 75%. There was wider audit coverage of 79 MDAs against an annual target of 90 MDAs in the Central Government. 11 Value for Money Audits were conducted against a target of 18.38. OAG strives to extend audit coverages to units that have not previously been covered and to focus more on process audits during implementation especially for big infrastructure projects. There is therefore need to enhance funding and capabilities to match the new focus areas.

Macroeconomic Policy and Management, Development Policy and Investment Promotion

As at end December 2018, the rate of economic growth was recorded at 6.1% above the annual expectations of 6% and within in the range of the average medium term Growth rate 6.4% as required in the NDP II. Government is directing efforts towards addressing the growth binding constraints as demonstrated in the Budget strategy for FY 2018/19 and the medium term. The Fiscal Balance as a percentage of GDP was 4.7%, which is also within range as spelt out in the Charter of Fiscal responsibility. The innovative tax policy initiatives resulted in growth in domestic revenue towards the Domestic Revenue to GDP ratio target in the NDPII. The Ministry is in the final stages of developing the Domestic Revenue Mobilization strategy that will tackle constraints to enhancing domestic revenues.

Budget Preparation, Execution and Monitoring

In line with the annual target to roll out the Programme Based Budgeting System (PBS) and PBB reform to all MDA&LGs, by December 2018 the target had been achieved. The PBS improved timely preparation and submission of budgets in all MDAs and LGs, and the system has also improved the linkage of resources to desirable outcomes. A number of capacity issues in the use of the PBS were noted however, but MoFPED is undertaking continuous capacity building, and system enhancements

Executive Summary

to improve its functionality. The Ministry has also planned to deepen the PBB reform for proper accountability in use of resources.

In terms of budget credibility, there is noted improved in key indicators e.g. supplementary expenditure kept at 2.25 % which is within the maximum limit of 3% of the approved budget. Despite the efforts to reduce accumulation, it has been noted overtime that the stock is still growing. Therefore, in addition to provision of funds to clear the arrears in a phased manner, the Ministry is undertaking independent verification of the stock of arrears, and the likely savings of over Shs. 800bn.

Public Financial Management, Internal Oversight and advisory Services

In a bid to automate financial management processes, the Integrated Financial Management System (IFMS) is now being implemented in 82% of the votes against a target of 100%. IFMS roll has however been constrained by the following: lack of suitable infrastructure at district headquarters such shelter, electricity and internet connectivity; and continuous creation of districts that brings on board additional IFMS sites that originally planned for. The Ministry is working with relevant agencies to address some these challenges.

Furthermore, there has been enhanced commitment to implementation of Internal Audit recommendations in both Central Government and Local Authorities as planned and improvement are noted in adherence to reporting and accounting standards.

Deficit Financing and Cash Management

In terms of Public \debt performance, the present value of Public Debt to GDP ratio was 13.3% within the 32% threshold and there was noted improvement in loan approval processes due to reduction in time taken to finalized a loan application. There was overall improvement in uptake of borrowed funds resulting from improvements in project preparation, and 95% bimprovement in loan servicing.

Financial Sector Development

Under Microfinance Support center, there was increase in the number of loans disbursed to 159 loans worth Shs.12.505 bn compared to 148 loans in the same reporting period for FY2017/18. The increase in lending was attributed to enhanced marketing through regional offices, collaboration with LGs, favorable loan conditions resulting from Government intervention in capitalization the MSC. However, the portfolio at Risk was 17% which was higher than the target of 5% pointing to an increasing risk of bad debts. This was mainly caused by unfavorable weather patterns that affect the agricultural yields and economic activities of borrowers. The Ministry, in partnership with relevant stakeholder is promoting agriculture insurance as a measure to reduce the risk perception of the Agriculture sector.

The Microfinance Support Centre (MSC) attained a coverage of 74% of districts with at least a reference SACCO against a target of 100%. This has improved information dissemination about financial products and services, provided technical assistance and shared good practices to support weaker SACCOs.

The Project for Financial Inclusion in Rural Areas (PROFIRA) facilitated the strengthening of 453 SACCOs through Financial Literacy and Deposit Mobilization, SACCO Governance and Business Development Skills to enable them become sound and financially sustainable organizations. About 5 SACCOs representing 8% of the 57 planned SAACOs acquired the Management Information System through a co-funding with PROFIRA which will improve management of the beneficiary SACCOs.

Executive Summary

Statistical Production Services

The Bureau produced the revised GDP estimates for the fiscal year (FY) 2017/18 showing that the economy grew by 6.1 percent, which is higher than the preliminary growth of 5.8 percent reported in December 2017. Population projections were compiled at the National and Sub-National levels for all the districts as an input to the budgeting process for 2019/20. Accordingly, the Indicative Planning Figures (IPFs) were produced for FY 2019/20 for all the 135 districts and data compiled included land area, population data and poverty figures Censuses and Surveys. Enumerators were recruited and trained on how to undertake the census using the Computer Assisted Personal Interview (CAPI).

Corruption Investigation, Litigation and Awareness & Governance and Accountability

A total of 402 corruption cases in the Local Governments were investigated out of the planned 500 for the entire year, which is an indication of reduction in case backlog. 32.4% of the Transparency grievances were resolved against the targeted 80% for the entire FY. Four (4) high profile cases were investigated (within the period of 9 months after registration) against a target of six (6) for the FY. Seventeen (17) corruption cases were prosecuted by half year, out of the planned sixty (60) for the FY and funds worth **Shs. 303,606,338/-** were recovered; and Twenty-eight (28) verifications and six (6) investigations into breaches of the leadership code were concluded.

Financial Intelligence Authority

Nine (9) Financial due diligences were conducted on investors intending to partner with Government in infrastructure projects. Anti-Money Laundering training was conducted for over 160 participants. FIA submitted a request to Cabinet to amend S.38 1(b) of the Anti-Money Laundering Act to allow unrestricted exchange of information with foreign counterparts. Intelligence reports were disseminated to law enforcement agencies for further investigation, i.e. to Uganda Revenue Authority, Uganda Police Force, Directorate of Public Prosecutions and Internal Security Organization.

Ethics and Integrity

In a bid to improve Value for Money in the management of Public resources, 30% of the LGs were equipped with functional District Integrity Promotion Forums against an annual target of 46% and 3% of the Secondary Schools from each region mainstreamed National Ethical Values against a target of 6%. Anti-corruption laws and National Ethical Values were disseminated in various MDAs and LGs and media programmes were conducted. Two public awareness campaigns were held against an annual target of 30 and pornography offenders were apprehended and prosecuted. The Zero Tolerance to Corruption Policy was signed by H.E the President and disseminated by DEI. The Leadership Code Regulations 2018 were drafted, approved and signed by the Hon. Minister of Ethics and Integrity. The International Anti-Corruption week was commemorated and Anti-Corruption Laws were disseminated.

Investment Promotion and Facilitation

There was a 12% growth in jobs generated against a target of 20%, and 161% growth in Foreign Direct Investments. 128 projects were licensed against a target of 300. The number of days taken to clear investment for set up reduced to 2 days from the 3 days in the previous FY. 400 women entrepreneurs were trained in entrepreneurship and business skills in Lira and Mbarara under the Women in Business Rising woman initiative in collaboration with DFCU and Monitor Publications.

Executive Summary

LEGISLATURE

Legislature Sector is comprised of one Vote - Parliamentary Commission. The overall budget for FY 2018/19 is **Ushs. 497.801bn** and by half year, **Ushs. 307.989bn** (61.9%) had been released to the Vote, with a noted front-load of the Non-Wage Recurrent Budget, to cover emoluments for MPs. Overall absorption of released funds during the reporting period was 82.3%. Absorptions were affected by slow uptake of the Development funds (10%) because of delays in the Parliamentary Chambers construction project.

Service delivery performance

During the reporting period the following were achieved: Eleven Bills passed out of the annual planned 20; 23 Committee Reports debated and adopted by Parliament against the annual planned 50; 28 Resolutions on motions passed against the planned 40; 41 of the planned 60 Ministerial Statements were presented to Parliament and debated; 62 oversight field visits out of the 150 planned for the year were carried out.

The sector commenced construction of a new Chamber in order to provide an adequate and conducive environment for effective and efficient legislation. However the project is relatively behind schedule due to delayed approval and acquisition of the CHOGM Monument Park to provide working space to the contractor.

The key challenges affecting sector performance include: funding shortfalls in critical expenditure areas such as salaries and emoluments for Member of Parliament; inadequate institutional capacity to deliver the mandate, which calls for the implementation of the capacity development programs; and inadequate working space, which will be addressed once the construction of the chambers is completed.

Executive Summary

Executive Summary

Domestic Tourism Promotion

- i) Two domestic tourism promotion drives (Tulambule) conducted in Western and Eastern Uganda with enhanced focus on popularising tourism sites and encouraging Ugandans to visit and experience the beauty of their own Country and resources.
- ii) Initiatives undertaken to decentralize tourism development and heritage conservation. Consultative engagements held with districts of Rukiga, Soroti and Gulu.

Cultural Heritage Conservation

- a) Museums of Kabale, Wedelai, Soroti, Fort Lugard, Bweyorere, Nyero, Kapir, Mukongoro and Moroto maintained.

Under the Tourism Board

Efforts have been geared towards recruitment staff for execution of destination marketing and promotional activities in the international, African and domestic market. UTB participated in 8 expos and 14 events in the international, regional and domestic markets.

Challenges

- i) Low levels of product development to keep the tourists much longer and spend more. The instabilities in neighbouring countries of Southern Sudan and the Democratic Republic of Congo and Rwanda continue to be a source of concern.
- ii) Encroachment of the wildlife and cultural heritage sites. The people in some sites have settled on the cultural heritage areas while others keep on encroaching on the boundaries such as Nyero, Bweyorere Capital site, Soroti Museum, Ntusi and Kasonko.
- iii) Human Wildlife Conflicts, poaching, wildfires and invasive Species: A number of areas are clogged with invasive species such as dichrostachys cineria that require conscious effort to manage. There is illegal wildlife trade and trafficking and the demand for ivory and other illicit wildlife products is still huge globally.
- iv) Delayed commencement of critical procurements (Market Destination Representatives and Consultant (firm) under UTB in order to develop the new Pearl of Africa Brand. In addition, the restructuring exercise under UTB affected implementation of activities.

Part 2: Overview of Expenditure Performance

1.1 Overall Fiscal Operations

FISCAL PERFORMANCE REPORT FY 2018/19

Overview

Economic Growth for Financial Year 2018/19 is projected at 6.3 percent, which was higher than the 6% envisaged at the beginning of the financial year. The expansion in growth results from the recovery in the global economy, increased private sector activity, significant growth in the services sector, recovery in both the industry sector and agriculture sector.

In the first half of the Financial year, inflation was stable at an average of 3.1 percent and this supported the Central Bank's policy decision on maintaining an accommodative policy rate at an average of 9.5 percent through the first half of the financial year.

The accommodative monetary policy and stable financial sector resulted in an improvement private sector credit to Ushs 14,223.65 billion, up from Ushs 13,404.63 billion in June 2018. This is a growth of 6.1 percent against a growth of 5.8 percent in June 2017. In addition, there was a reduction in the ratio of non-performing loans to total gross loans from 5.63 in December 2017 to 3.41 in December 2018.

Foreign direct investments increased by 19.8 percent to USD 639.1 million dollars in the first 3 quarters of 2018. Additionally, USD 819.66 billion was remitted by Ugandans from abroad in the first 3 quarters of 2018. Exports and imports grew by 6 percent and 15.7 percent respectively during the first half of the financial year. The stock of international reserves stood at USD 3,414.5 million as at the end of December 2018 capable of providing sufficient cover in the event of shocks to the economy.

Regarding Fiscal Performance, the government spent an estimated Ushs 11.4 Trillion and collected an estimated Ushs 8.6 Trillion in revenues resulting in a deficit of Ushs 2.8 Trillion that was financed through external and domestic sources.

Economic growth over the medium term will be driven mainly by public infrastructure investment and increased private sector investments. Oil mining activities are expected to support growth in industry and the services sector.

Part 2: Overview of Expenditure Performance

The Fiscal operations during the first half of FY2018/19 resulted in an overall fiscal balance (including grants) of Ushs 2,852.6 bn against the programmed Ushs 4,694.9 bn. This was mainly due to lower Government spending than had been programmed for the half. A total of Ushs 11,418.0 bn was spent during the first half against the programmed Ushs 13,429.3 bn. Revenue collections amounted to Shs 8,215.0 bn against the target of Ushs 7,826.4 bn for the first half. The deficit Ushs 2,852.6 bn was financed by borrowing from both domestic and external sources.

Part 2: Overview of Expenditure Performance

Revenue collections and grant disbursements during the first half of the Financial Year 2018/19 amounted to Ushs 8,565.4 billion. This was a shortfall of 169 billion compared to the Ushs 8,734.4 billion that had been projected for the period. The shortfall was mainly due to lower grant disbursements, particularly on project support.

Grants inflows during the period in review totalled to Ushs 350.4 billion which was only 38.6 percent of the expected Ushs 908.0 billion of project support. Low absorption of project funds continues to be the main obstacle to project support disbursements. The new public investment management reforms currently being implemented will help to resolve project implementation and the overall absorption capacity of project funds.

Tax revenue

Direct Domestic Taxes registered a surplus of Ushs 142.6 billion against the target of Ushs 2,439.3 billion. The improved economic activity during the half-year led to higher profitability of many companies and boosted corporate tax collections. The step up by the revenue authority to recover arrears in corporate taxes also enhanced collections during the first half of the year. In addition, Pay as You Earn collections contributed to this good performance following the increase in remuneration of various categories of professionals in the public sector as well as more recruitment in the public sector.

Indirect Domestic Taxes also registered a surplus of Ushs 67.7 billion against the target of Ushs 1,857.9 billion. This was on account of VAT collections, which exceeded their target for the period by Ushs 108.6 billion. Otherwise, excise duty registered a shortfall of Ushs 40.9 billion during the half. This shortfall was largely due to Over the Top tax, which fell short of its target by Ushs 114.1 billion. The persistent use of Virtual Private Networks has aided avoidance of this tax despite government effort to fight this. On the positive side, levy on mobile money exceeded its target by Ushs 5.0 billion which was a 191 percent performance against its target.

Taxes on International trade transactions were Ushs 3,441.0 billion against the target of Ushs 3,352.3 billion for the half year. The growth in import volumes by 28 percent and increased enforcement including seizure notices and valuation controls all boosted collections on international trade taxes.

Non Tax Revenue collected during the first half of the financial year in question was Ushs 288.9 billion against the target of Ushs 202.8 billion. Of this, URA collected Ushs 209 billion against the target of Ushs 192.0 billion while MDAs collected Ushs 79.9 billion against the target of Ushs 10.8 billion. Migration fees still contributed the largest share of Non-tax revenue while it is worth noting that Uganda Registration Services Bureau almost doubled their target for Non-tax revenue.

Government Expenditure

The National budget for the Financial Year 2018/19 was Ushs 32,702.82 billion. By the end of the first half, expenditure was Ushs 11,418 billion against a target of Ushs. 13,429.3 billion. The lower

Part 2: Overview of Expenditure Performance

expenditure was largely due to the under-performance of external and net lending disbursements, which performed at 59.6 percent and 27.9 percent against their respective programs.

Net lending and investment totalled to Ushs 156.2 billion against the projected Ushs 559 billion. This is expenditure on hydropower projects and the four industrial parks. The nature of financing of these projects however is such that disbursements are made for work that is completed. Despite net lending and investment being lower than planned, the actual physical work on the projects is on course and Isimba dam had some turbines switched on.

During the period in review, Ushs 277.4 billion was spent on payment of **arrears**. This was higher than the planned Ushs 16.9 billion and is due to government's commitment to clearing domestic arrears.

Compliance with the Charter for Fiscal Responsibility

The Charter for Fiscal Responsibility (CFR) presents Government's strategy for operating a fiscal policy which is consistent with sustainable fiscal balances and the maintenance of prudent and sustainable levels of public debt over the medium term.

Financial Year 2018/19 is the third financial year in which Government's fiscal policy strategy will be underpinned by the Charter for Fiscal Responsibility. The Charter's objective on the fiscal balance requires that Government run a fiscal deficit - including grants of not more than 3 percent of GDP by the Financial Year 2020/21. However, achieving this objective will present a challenge for the budgeting process because of the need for key infrastructure required for extracting Uganda's first oil within the medium term and partly due to slow implementation of some planned public investments.

The fiscal strategy, however, stays focused on ensuring medium and long-term debt sustainability. The Present Value of public sector debt to GDP is projected to increase from 30.8 percent in FY2017/18 to a peak of 40.7 percent in FY 2022/23. This still remains below the threshold of 50 percent consistent with the Charter for Fiscal Responsibility.

Government remains committed to the Charter of Fiscal Responsibility while being mindful of the need to support critical public investments to accelerate growth and to ensure that debt is maintained at sustainable levels.

Performance of the Petroleum Fund

As appropriated by Parliament, Ushs 200 billion was drawn down from the petroleum fund during the first half of the financial year for the purpose of funding the Oil roads project. The current balance in the petroleum fund stands at an equivalent of Ushs 286.2 billion

Part 2: Overview of Expenditure Performance

2.1 Highlights of Overall Expenditure Performance

This section reports on Budget performance of the Government expenditures in terms of Budget Releases against the approved GoU Budget for the first half of FY 2018/19, and the expenditures based on EFT transfers centrally from the Treasury and reported on by MDA's.

At an aggregate level **Ushs. 8,671.430 bn** of the GoU budget was released by the end of December 2018. This equates to 58.4% of the approved budget. Aggregate absorption (measured by expenditure as a proportion of releases) was 90.1%.

Wage

Total wage releases performed at **Ushs. 2,140.951 bn (50.4%)** of the Approved Budget and of this, **Ushs. 2,093.647 bn** was spent which represents an absorption rate of **97.8%**.

Non-Wage Recurrent

Non-wage recurrent releases were recorded at **Ushs. 3,168.145 Bn** which equates to 59.0 % of the approved budget and absorption was at 92.6%. The high release was mainly to National Medical

Part 2: Overview of Expenditure Performance

Stores to meet requirements for Essential Medicines, provisions for funds for the planting season under UCDA, Statutory requirements such as Parliament and domestic arrears provisions which were released in Quarter One and Quarter Two.

Domestic Development

Releases for the domestic development budget performed at **Ushs. 3,362.334 bn** which equates to 64.3% of the Approved Budget. **Ushs 2,784.240 bn** of this amount was spent, which represents absorption of 82.8%. The high release was to mainly to provide for on-going contracts under UNRA (**Ushs 1,053 bn**), counterpart funding under Ministry of Energy and Mineral Development for Transmission lines, Ministry of Water and Environment for ongoing water projects, Ministry of Works and Transport especially for kick-starting operations on the national Airline and provision for funds for the planting season under NAADS.

External Financing

The Releases for External Financing budget performed only at 47.8% and 59.9% absorption was realised.

Part 2: Overview of Expenditure Performance

Table V2.2 above illustrates the sector level Releases and Outturns against the Approved Budget. All the releases were above 50% of the Approved Budget, with the exception of Tourism Sector which is at 49.4%.

The sectors with the highest release percentages are Trade and Industry 73.9% (towards funding for Atiak Sugar Factory), Public Administration 69.9% (towards mostly Supplementary expenditure to State House), and Water and Environment 67.2% for counterpart funding for ongoing water projects.

The funds absorption across Sectors was relatively high and over 80% apart from of ICT and National Guidance, Tourism, and Lands, Housing and Urban Development.

Part 2: Overview of Expenditure Performance

2.2 Central Government Expenditure

This section reports on the performance of Central Government expenditure by categories of GoU expenditure, External Financing and AIA.

(i) Overall Central Government Releases and Expenditure

Table V2.3 below details this information at the sector level. Consistent with the section above, Wage, and Non-Wage Releases all performed at 50.1% and 59.1% respectively while GoU Development at 64.1% of the approved Budget. It should however be noted that External Financing performed very low at 47.8 % only while AIA at 44.9 %. Water and Environment, Science, Technology and Innovation, Public Sector Management and Security Sectors had their release below 50% of the approved budget.

Local Government Half Year Grant releases performed at **51.6%** of the approved budget, with Wage at **50.8 %**, Non-Wage release at **58.3%** and Development **66.7%**. The high release on development is in line with Government commitment to release funds for Local Governments before the end of Quarter Three, in order to minimise procurement delays and by giving them enough time for implementation of Government programmes so as to avoid unspent balances at the end of the FY. Accordingly, by the end of December 2018, 2/3 of the Budget had been released.

Part 3: Structure of Detailed Sector Financial and Physical Performance

Structure of Detailed Sector Financial and Physical Performance

This section provides an overview of sector budget performance, setting out overall sector releases and expenditures, and providing highlights of outlays to programmes and expenditure items.

It firstly provides an overview of sector expenditures and releases. It then provides highlights of Central Government expenditure performance by Programme and Output and a summary of Local Government grant release performance (for sectors where applicable).

Vote:010 Ministry of Agriculture, Animal & Fisheries

QUARTER 2: Highlights of Vote Performance

The Ministry of Agriculture, Animal Industry and Fisheries concentrated on the following priorities by the end of the second quarter FY 2018/19

1. Controlling vector, pests and diseases in livestock and crop .
2. Construction and Rehabilitation of valley tanks in Northern, Central, Eastern and Western Uganda
3. Increasing fisheries enforcement on the major water bodies of Uganda
4. Conducting capacity building of Agriculture Extension Workers

However, implementation of the above activities had the following challenges;

1. Low releases to MAAIF by MFPED. By the end of the second quarter, only 44% of the approved budget had been released to by MFPED to MAAIF's projects and departments
2. The rigorous requirements by PPDA when undertaking capital procurements such as inputs, transport equipment, and agriculture machinery affected the absorption of funds and general activities
3. Due to the limited funds, the Ministry was unable to adequately implement the planned activities of controlling animal movements, fisheries enforcement and certification among others.

- 128,400 kuroiler chicks were produced compared to **90,000** planned for the quarter and reason for variation was because the parent breeding stock was young and at its production peak. These kuroiler chicks were distributed to households in 27 Districts of Uganda.
- Under goats improvement and conservation at the centre farms of Nshaara, Ruhengyere, Sanga, Njeru and Kasolwe, the total number kids produced stood at 438.
- 578 pure Piglets of cambrough, large white, and Danish landrace breeds were produced out of **350** planned for Q2, this contributed to the improved genetics pool of pigs extended to farmers in the country in the 25 different Districts of Uganda.
- In the effort to improve production and Productivity of the National herd, the total number of cross bred animals produced stood at 512.
- In order to rapidly increase the National herd, NAGRC&DB embarked on a massive community breeding program targeting farmers in all regions of the country. 2000 cows and heifers were synchronized and inseminated with high grade semen 69% a factor which calls to roll out the program to farmers to reduce loss of breeding time.
- 322 calves from pure dairy herd and appropriate crosses this was intensified at Njeru, Rubona and Livestock experimental station.

Matters to note in budget execution

1. NARO is experiencing limited funds for seed and dissemination of improved technologies.
2. Whereas NARO is making every effort to acquire land titles for all land the organization occupies and utilizes, NARO is experiencing limited funds for Land titling, while the threats for land asset stripping are also increasing.
3. The adverse effects of climate change on on station demonstration and multiplication fields, Hence the need for on station irrigation.
4. Limited funds for Funding agricultural research without counterpart external funding.
 - a. This has slowed down research work in the Public Agricultural Research Institutes.
 - b. Little research work has ignited an increase in staff turnover.

Summary on NARO Key Performance Indicators

- (1) - 16 New varieties submitted to Variety Release Committee.
- (2) - 55 Production technologies generated or released.
- (3) - 16 Research studies under CGS.
- (4) - 16 Technological innovation platforms established/supported.
- (5) - 70 Technological innovations delivered to uptake pathways.

Details on Crops:

1. 16 new varieties submitted to Variety Release Committee (2 cotton varieties, 2 beans, 4 maize hybrids, 2 Matooke hybrids, 6 potato varieties).
 - 2 yellow rust resistant wheat and 2 advanced maize lines ready for advancement to the NPTs
 - 3 highland Sorghum Varieties will be submitted for release. Data compiled on multilocation trial performance.
2. Mandi Plus cassava seed treatment technology for enhanced germination and vigour developed.
3. 1 cotton effective foliar fertilizer and 1 Cotton bio pesticide evaluated and recommended for use;

QUARTER 2: Highlights of Vote Performance

- NAADS approved total budget is UGX 249.977 Bn for the FY 2018/19; and by end of quarter two (for the period July – December 2018) UGX 160.817Bn had been released (64.3%); of which UGX 105.459Bn (42.2%) was spent on the various activities as planned.
 - The percentage releases spent of 65.6% for the half year period under review is in line with the implementation of the spending of the budget provisions for procurement and delivery of planting and stocking materials for the August/October-November agricultural season.
 - Accordingly, part of the unspent balances are funds meant to meet payments for agricultural supplies within planting Season B, 2018 which stretches from first to second quarter (August/September – October/November 2018); Submission of documents from DLGs by Chief Administrative Officers for inputs delivered by suppliers continue to flow in for verification to process payment for inputs delivered and distributed to farmers.
 - However, Part of the funds meant to meet payments for agricultural supplies that take a lengthy and complex procurement process involving international competitive bidding procurement and importation of agro-machinery such as tractors, value addition equipment (equipment for fruit processing facilities)
- Notwithstanding the many achievements realised during the implementation of the NAADS programme interventions during the period under review, several challenges were experienced, key among these included the following;
- Delayed and uneven distribution of rains in some parts of the country during Season 2018B, which limited the distribution of seed for food security crops such as sorghum and cow peas for Karamojong sun region
 - Protracted process of reviewing the procurement strategy towards a localized/district based production and distribution of planting materials
 - Prolonged quarantine in Kiruhura, Gomba, Kyankwanzi, Kakumiro, Sembabule Districts due to outbreak of Foot and mouth disease leading to slow progress in the distribution of livestock materials particularly dairy heifers
 - Shortage of planting material among suppliers for some crops notably banana (tissue cultured material) and irish potato seed leading to limited coverage of the target district local governments
 - Incidences of delays by some suppliers, occasionally leading rejection of planting materials in some DLGs
 - Continuing incidences of lack of preparedness of farmers to receive materials in many districts

• Part of the funds meant to meet payments for agricultural supplies that take a lengthy and complex procurement process involving importation of agro-machinery e.g tractors, value addition equipment (equipment for fruit processing facilities)

The unspent funds released for the quarter under review, are meant to cater for payment of procurement of agricultural inputs within planting Season B, FY 2017/18 which stretches from August/September – October/November) and is on-going

• Funds meant to cater for agricultural supplies within planting Season B, which stretches from August/September – October/November); Submission of documents for inputs delivered by suppliers continue to flow in from DLGs for verification to process payment which overlaps in subsequent quarters.

• OWC - Vehicle Insurance and vehicle maintenance expenses are paid periodically after the contracted firm has offered service Unspent balances will meet the financial requirements for the current season which stretches up to late October/early November, 2016 especially for perennial crops

The unspent balances are funds committed for inputs already delivered to various DLGs; and requests for payments were submitted to NAADS by various suppliers in the respective DLGs; documents are being reviewed and processed by Audit and Finance departments.

Matters to note in budget execution

There was slow progress in payment of Non-Tax Revenue by the stakeholders because of low cotton exports which were caused by fluctuations in international lint prices.

Performance highlights for Half-Year

OUTPUT PERFORMANCE:

Provision of planting seed - about 2,648 Mt of seed were distributed to farmers in 65 districts in Eastern, Northern, West Nile and Mid-West & Central and Kazinga Channel Regions. Out of the 2,648 Mt of seed, 220 Mt were distributed to farmers in 10 hard-to-reach districts namely; Amuria, Katakwi, Abim, Koboko, Kaabong, Zombo, Adjumani, Moyo, Yumbe, and Ntoroko.

Under multiplication of planting seed, Over 6,500 acres have so far been established under seed multiplication in selected areas in Abim, Adjumani, Alebtong, Apac, Dokolo, Hoima, Kaberamaido, Kaliro, Kayunga, Kasese, Kween, Nebbi, Oyam, Pader, Rubirizi, Serere, Tororo and Agago Districts. Out of the 6,500 acres, an estimated 3,921 acres were planted by 38 Prison Farms.

Farmer mobilization for increasing cotton production - a total of 4,182 one-acre demonstration plots were established for training farmers on cotton production techniques in Eastern, Northern, West Nile and Mid-West & Central and Kazinga Channel Regions. Over 12,646 training sessions were conducted at the demonstration plots for about 113,814 farmers. Members of 267 women groups and 158 youth groups were among the farmers who were trained at the demonstration gardens. In addition, extension messages were broadcast in 10 local languages on crop establishment & management, pest control, post-harvest handling and indicative farm-gate price using local radios stations.

Cotton-targeted extension services - a total of 392 Extension Workers were trained and deployed in the 65 cotton growing districts in Eastern, Northern, West Nile and Mid-West & Central and Western Regions. Out of the 392 UGCEA Extension workers trained, 39 were deployed in the 10 hard-to-reach districts of Amuria, Katakwi, Abim, Koboko, Kaabong, Zombo, Adjumani, Moyo, Yumbe, and Ntoroko. Local Government extension officers in Teso, Lango, Acholi, West Nile and Kazinga Channel Regions were also trained on cotton production.

Provision of other production inputs - cotton production inputs (fertilizers, herbicides, pesticides, knapsack and motorized spray pumps) were procured by Private Sector (ginners). Approx. 354 Mt of fertilizers, 1,313,691 one-acre units of pesticides, 4,511 spray pumps and 3,313 litres of herbicides had so far been supplied to cotton farmers. Out of that, 67 Mt of fertilizers, 158,222 one-acre units of pesticides, 550 spray pumps and 709 litres of herbicides were supplied to cotton farmers in the 10 hard-to-reach districts.

Mechanization of land opening - A total of 2,480 acres were ploughed by tractors under the tractor hire scheme. In addition, a total of about 66,913 acres were ploughed by oxen; 31,107 acres were for cotton and 35,806 acres were for other crops.

Project 1219; Construction of a seed processing plant in Pader:

- Transfer of machinery was completed and installation of machinery is in progress.
- Procurement for construction of storm water drainage commenced.
- Procurement for supply of 8 gin stands reached evaluation stage.

OUTCOME PERFORMANCE:

Quantity of cotton produced - 58,652,595 Kg of seed cotton (equivalent to 133,159 bales of lint) have so far been purchased to-date contributing about Sh. 99.7 billion to household incomes.

Quality of cotton produced - 82% of the ginned lint have so far been classed in the top 3 cotton grades

Note: Outcome indicators will be adequately reported on in Q4 when cotton marketing has ended.

Matters to note in budget execution

1. Inadequate funding to execute the Coffee Roadmap
2. Accumulation of arrears
3. The low global prices on account of higher crop in Brazil which affected export prices and lower production from the main harvest in Greater Masaka, South-Western and Mt. Elgon regions affected the performance of the AIA budget. Only 82% of the projected revenue for the period was realized.

Performance highlights for Half-Year

Coffee Exports

The volume of coffee exports from July to December 2018 was 2,110,295 (60 kilo bags) comprising 1.633 million bags of Robusta and 0.477 million bags Arabica, a decrease of 12% compared to the same period last year. The export performance was 95% of the projection.

The value of coffee exports was US\$ 215 million comprising US\$ 159 million of Robusta and US\$ 56 million of Arabica, a decrease of 21% compared to the same period last year and a performance of 82% of the projections. The reduction in both quantity and value was due to low global prices on account of higher crop in Brazil which affected export prices as well as lower production from the main harvest in Greater Masaka, South-Western and Mt. Elgon regions.

Production Research and Coordination

Distributed 35,000kgs of seeds comprising 24,000kgs of Robusta and 1,000kgs of Arabica to nursery operators to generate 105 million seedlings comprising 102m Robusta and 3 million Arabica. Distributed 760,660 CWDr mother plantlets to 268 nursery operators (196 male and 72 female) and by region 451,260 in Central; 47,250 in Eastern; 7,800 in Northern; 86,350 in South Western and 168,000 in Western. Procured and distributed 153,272,387 coffee seedlings (52,202,370 in Central; 23,610,858 in Eastern; 21,033,131 in South Western and 56,426,028 in Western)

Western, 71 in Central); 174 Factories (33 in Rwenzori, 54 in Western, 64 in Eastern, 23 in South Western) and 2 wet mills in Northern Uganda.

Conducted 150 training sessions on GAPS and post-harvest handling (28 in Northern Uganda with 797 participants 593 male and 204 female; 22 in Rwenzori; 36 in Western with 1,134 beneficiaries with 856 male and 278 female; 8 in Central with 68 participants; 10 in South Western with 229 participants 149 male and 80 female; 46 in Eastern)

Coffee Development in Northern Uganda

Distributed 10,000 MT of seed, 22,000 banana suckers to 61 coffee farmers, 44 male and 17 female in Nwoya, Amuru and Gulu Districts out of which 15,000 banana suckers to Vinayak Agro Farm for shade and to set up a multiplication garden to serve the region. Raised 3 million coffee seedlings. Conducted 3 Farmer Field School (FFS) sessions in Gulu, Amuru, and Nwoya Districts. Established 4 Technology Demonstration Sites (TDS) on coffee, banana and shade tree intercrop in Gulu and Amuru Districts by 2 male and 2 female coffee farmers. Contracted 3 Radio stations (Rupiny, Gulu FM and Radio Persis) and airing of coffee promotion messages in progress.

Quality Assurance

Evaluated 308 field coffee samples: Robusta: MC Av. 13.65%, Out-turn Av. 87.5%; Screen ret.: SC 1800: 14.67%, SC 1500: 53.27% & SC 1200: 32.06%; Arabica: MC Ave: 13.35%; RET:SC 1700: 53.75%, SC 1600: 22.75%, SC 1500: 10.75% & below SC 1500: 12.75%; OT Ave: 86.65% Analyzed 811 FAQ samples at export; Robusta (645 & Arabica (166)

Matters to note in budget execution

1. Unspent balances for activities not undertaken were reconciled with Quarter 3 released and hence activities differed to Quarter 3
2. Ongoing procurement of equipment affected undertaking of certain activities especially for ICT equipments, field vehicles. However, these are expected to be completed in quarter three and as such activities will be implemented during that quarter.
3. The 655.3% budget released under USMID are balances of the Project carried forward from the previous financial years of the project's life span.
4. Implementation of USMID II is scheduled to commence in Q4 hence the 0.0% budget release

QUARTER 2: Highlights of Vote Performance

PLANNED INTERVENTIONS BY DPP

- i. Engagement of KCCA management to ensure that field activities are given priority through recruitment of additional staff, providing adequate tools of trade and capacity building of staff.
- ii. Emphasising stakeholder engagement to ensure that stakeholders understand the meaning of physical planning, the role they have to play as well as the need to value and protect public facilities.
- iii. Partner with professional institutions and assist them to identify professionals who do not observe their respective professional code of ethics and practice so that they are called to order.
- iv. Work towards expediting the implementation of the overdue SMART Permit Project through supporting the CAM/CAMV team and the SMART permit system developers
- v. Demarcation of the city boundaries in order to ensure that the operational boundaries of field teams especially for purposes of revenue collection are known in addition to updating topographic maps which are grossly obsolete.

Matters to note in budget execution

Uganda Land Commission's mandate implementation was hampered due to the inadequate staff structure of a department that is still in place

Uganda Land Commission has an inadequate Budget especially the Non wage and this hampers smooth running of operations for the institution.

Reason: Funds were not paid because Uganda Land Commission didn't receive the retired staff files from the Ministry of Public service. Although funds were allocated and released during the Quarter for these items, the procurement process delayed and payment could not be effected for various items. However funds have been committed for payment in Quarter 3. Most of these funds were to be spent for pensions and gratuity of staff that retired but due to delayed approval of documents for retirement by MoPS the funds were not spent This was broadly due to the delayed payment of Pensions and gratuity to staff that retired. The delayed payment was due to delayed approval of their documentation. The greatest percentage of unspent balances resulted from pensions and gratuity. This was because documentations for the beneficiaries are still being processed Absence of a Secretary/Accounting officer to approve expenditures after the former Secretary's contract had expired. Funds to be paid in subsequent quarters

Reason: Although funds were allocated and released during the Quarter for these items, the procurement process delayed due to a number of reasons and thus payment could not be effected this quarter. The funds have been committed for payment in Quarter 3. Delayed procurement processes. Funds will be used in the subsequent quarters. Absence of a Secretary/ Accounting Officer to approve expenditure after the former Secretary's contract expired. Funds to be spent in the subsequent quarters for Sensitisation of lawful and bonafide occupants, systematic demarcation and extension of geodetic control points in different parts of the country and other activities. Most of the funds under the Project were to be spent under compensation of absentee landlords but some files were pending verification and thus led to these balances as at the end of September The greatest percentage of funds is to be spent on rent for office space and due to the incomplete procurement process there is delayed payment leading to balances

QUARTER 2: Highlights of Vote Performance

Some of the challenges to budget implementation include: land acquisition, vandalism on the transmission lines, and limited counterpart funding in general for energy and mineral development infrastructure projects. There is need for enhancement of capacity and inspection in the mineral sector and increased supervision in the implementation of the power projects. Other reasons are due to delays in submission of payment certificates for the big projects by the contractors and this results in overlaps in the subsequent quarters. There is also need for reconciliation of the payments transferred to the external financing agency e.g Exim Bank by the Ministry of Finance. The other observation is that the actual spending on external/donor budget are at times not necessarily determined by the external warrants releases e.g in the case of Opuyo-Moroto project.

QUARTER 2: Highlights of Vote Performance

In the Power Subsector, power generation capacity has continued to increase and by end of December 2018 it was about 984MW. Karuma Hydropower Project (600MW) construction works have progressed with 85% while that of Isimba Hydropower Project (183 MW) progressed at 95%.

So far 81.7MW of renewable energy projects have been completed and commissioned. Power Transmission Infrastructure Expansion Programs through the construction of the transmission lines and the substation projects are progressing well. Due to land acquisition challenges, some projects under implementation had gone beyond their initial closure periods. The national electrification rate stood at 28% since Government commenced the implementation of a new electricity connections policy 2018 which has helped to scale up the connection rates. Rural electrification of the remaining 545 sub-counties is in progress to accelerate increased access and all efforts are under way to connect the remaining districts of Kotido, Kaabong, and Buvuma.

In mineral development, the mining policy was gazetted. A modern Mineral Laboratory project is being put in place. The process of e-registration of artisanal and small scale miners is ongoing across the country. The Sukulu Phosphates plant was commissioned in October 2018 and is operational.

On the Refinery Development, the Lead Investor, M/s Albertine Graben Refinery Consortium (AGRC) (AGRC) commenced the Front End Engineering Design (FEED) studies that will inform the Final Investment Decision (FID) of the Refinery Project. On the East African Crude oil export pipeline (EACOP) negotiations of the Host Government Agreement (HGA) between Government of Uganda and the Joint Venture Partners are progressing. The land acquisition process for the refined products pipeline corridor commenced with development of a Resettlement Action Plan (RAP) study through a consultative process. The Petroleum Supply and Distribution (Downstream) has been closely monitored through the National Petroleum Information System (NPIS) and 99.3% outlets complied with fuel quality specifications.

Matters to note in budget execution

The poor budget performance was attributed to the delayed procurement of a number of projects funded by the Development Partners namely; World Bank, African Development Bank, Kuwait Fund for International Development, Abu Dhabi Fund and EXIM Bank - China.

QUARTER 2: Highlights of Vote Performance

Programme's , Projects	
Programme: 0351 Rural Electrification	
30.111 Bn Shs	SubProgramme/Project :1262 Rural Electrification Project
Reason:	Most of the certificates for the ongoing projects were cleared. However, some projects like the Kuwait Fund for International Development received a No objection for evaluation report for construction works hence a low absorption. Some projects were still under procurement The variation was due to ongoing works whose certificates had not been submitted within the quarter.
2.230 Bn Shs	SubProgramme/Project :1354 Grid Rural Electrification Project IDB I - Rural Electrification
Reason:	Delays in giving No objection to procurement processes by some Development partners affected project implementation and hence the low absorption. The project is still under procurement.
0.952 Bn Shs	SubProgramme/Project :1428 Energy for Rural Transformation (ERT) Phase III
Reason:	There were delays in procurement for some schemes hence a low absorption of funds during the quarter.
1.000 Bn Shs	SubProgramme/Project :1517 Bridging the demand gap through the accelerated rural electrification Programme (TBEA)
Reason:	Signing of the Financing Agreement was pending hence delaying project implementation.
(ii) Expenditures in excess of the original approved budget

QUARTER 2: Highlights of Vote Performance

1. The unutilized funds are committed on GoU priority rural electrification schemes that are under procurement and the contracts are expected to be signed in quarter 3 of this Financial Year. All the available funds will be absorbed in that quarter.
2. The low absorption of external funding is attributed to delays in procurement for major works as follows:
 - Under the World Bank funding, two contracts have been signed and advance payments are being processed.
 - Kuwait Fund and Abu Dhabi funded projects, contracts were signed and the contractors have started work. funds absorption will increase in the third quarter.
 - Exim Bank funded sub-county project; The Loan agreement is expected to be signed in December 2018 and effectiveness to be achieved in February 2019. Disbursement is therefore expected to take place from 3rd quarter of the financial year 2018/19. The contractor has completed the scope verification exercise.
 - As regards African Development Bank, one contract has been signed and advance payment is being processed. One additional contract is expected to be signed before the end of January 2019. More contracts will be signed as and when the Bank gives required clearances. This will increase funds absorption in the third quarter.

Matters to note in budget execution

• Funding of UNOC/Government of Uganda's Equity Stake Midstream and Downstream Projects. As we draw closer to Final Investment Decision (FID), financing of UNOC's equity participation amounting to USD\$ 798 million in the oil and gas projects is critical.

• Development of Support Infrastructure for delivery of Commercial Oil Production e.g. critical oil roads, power installations for the Central Processing Facilities (CPF), Water supply for the CPF and Refinery

• Need for Long term funding solution for UNOC Operations

• Amendment to laws to grant UNOC access to Petroleum revenues to avoid penalties on default is required

• Delay in UNOC Back-In to the Upstream Joint Operating Agreement negatively impacts UNOC's position to protect Government's value.

• Projects execution delays given the nature of Agreements that must be finalized, heavy investments required among others

Performance highlights for Half-Year

- UNOC held 2nd Annual General Meeting in which a recommendation for UNOC to apply for a direct Exploration License was made
- UNOC validated the subsurface reservoir models for Tilenga project to inform discussions on the volume allocation between the EACOP and Refinery
- Technical assessment reports for the three prospective areas submitted to management for consideration
- Continued to undertake the activities leading to Final Investment Decision (FID) in the Upstream. However, several issues are holding the progress to FID
 - o Tullow farm down tax implications
 - o EACOP Business principles
 - o Resource allocation between EACOP and the refinery
 - o Finalization Upstream Commercial agreements
 - o Financing of UNOC's Equity share in the projects
- Upstream joint venture activities continued however UNOC's active participation is impeded by the delay to Back in.
- Commenced implementation of the Project Framework Agreement (PFA) for refinery project
 - o FEED studies continued with 2 staff from URHC participating
 - o The recommended technical refinery configuration submitted by the contractor Saipem with a Residue Fluid Catalytic Cracker fed with the Atmospheric residue from the crude distillation Unit
- Pre-FID activities undertaken
 - o Site visit for potential Geotechnical and Hydrological survey bidders undertaken,
 - o Commercial and market study ongoing by CITAC
 - o Macro-Economic study for impact of refinery on economy ongoing by Stanbic
- Process to develop KIP commenced: promotional brochure developed, identification of Joint Venture Partner commenced with Expression of Interest published in December 2018.
- Attended the 7th Tanzania Host Government Agreements negotiation meeting held in November 2018 in Arusha -Tanzania on the EACOP
- Engaged in discussions to resolve EACOP Business principles including resource allocation between EACOP and the refinery
- Engagements on financing options for UNOC projects ongoing
- Stocking of Jinja Storage Terminal continued and closing volumes for December were 0.686 million attributed to increased demand during the festive season.
- Process of procuring Consultants for Kampala Storage Terminal to offer i) Transaction Advisory services ii) ESIA study and iii) fencing of the project land ongoing
- 5-year Strategic Plan for UNOC reviewed by Management and comments incorporated
- 5 Company Policies approved by the UNOC Board
- UNOC number of staff increased by 6 in the quarter bringing the total staff number to 56 as at December 2018.
- Financial statements for FY 2017/18 prepared and audited with an unqualified opinion
- UNOC's Website redesigned and updated thus strengthening UNOC's online presence
- Branding guidelines for UNOC approved and circulated to staff.
- Budgets, plans and reports prepared and submitted

QUARTER 2: Highlights of Vote Performance

The approved budget for Vote 016-MoWT for FY 2018/19 is UGX 874.798bn. Of this amount, UGX 11.866bn is for wages (1.4%), UGX 66.740bn for nonwage recurrent (7.6%), UGX 370.810bn for GoU development (42.4%), UGX 425.382bn for donor contribution-development (48.6%), and UGX 6.157bn for arrears.

The release performance by the end of Q2 was UGX 455.229bn (52.0%) and of which UGX 430.248 (94.5%) was expended. Ushs 5.933bn (50.0%) was released for wage and out of which UGX 4.627bn (78.0%) was spent; UGX 34.118bn (51.1%) was released for non-wage recurrent and out of which UGX 30.185bn (88.5%) was spent; UGX 248.517bn (66.0%) was released under GoU Development budget and out of which UGX 225.063bn (91.9%) was spent; UGX 170.373bn (40.1%) was released as external financing and 100% was spent.

The performance by all the Vote functions was 94.5%. This was contributed to by Transport Regulations, Transport Services and Infrastructure, Construction Standards and Quality Assurance, District, Urban and Community Access Roads, Mechanical Engineering Services and Policy, Planning and Support Services that performed at 84.4%, 100.6%, 64.2%, 80.2%, 73.4% and 89.7% respectively.

The under-performance in funds utilization was mainly by Construction Standards and Quality Management department. This was due to the procurement processes for the drilling rig and the laboratory equipment that is yet to be concluded.

Matters to note in budget execution

1) Recurrent: Wage

A total annual budget amounting to UGX 71.11Bn was approved for Recurrent Wage for the FY 2018/19. Out of the approved annual wage bill, Ministry of Finance has cumulatively released a cash limit of UGX 35.553Bn for the first half of the FY 2018/19 representing a release of 50% of the annual wage bill.

Out of the UGX 35.553Bn cash limit released for the half year, UGX 35.307Bn has been spent representing 99.3% of the releases spent. UNRA's inability to absorb 100% of the wage bill is due to a combination of staff exits and the instruction from the Minister of Works and Transport to halt further recruitment of staff.

2) Recurrent: Non-wage

A total annual budget amounting to UGX 27.509Bn was approved for recurrent non-wage for the FY 2018/19. Out of the approved annual budget, Ministry of Finance has cumulatively released a cash limit amounting to UGX 14.403Bn for the first half of FY 2018/19 representing a release of 52.4% of the approved annual budget.

Out of the cumulative UGX 14.403Bn budget released, UGX 13.781Bn has been spent by the close of the half-year representing 95.7% releases spent. UNRA's inability to absorb 100% of the releases spent is attributable to the following:

Ø Slow budget absorption along expenditure lines of Social Security contribution because of some staff exiting and the directive to UNRA to halt

Vote:113 Uganda National Roads Authority

QUARTER 2: Highlights of Vote Performance

recruitment.

- Ø UNRA continues to hold invoices in relation to various suppliers that have encountered challenges with registration on IFMS to enable us process their payments. The delayed registration has contributed to the slow budget absorption on a number of item lines.
- Ø Utility companies including UMEME and National Water bill UNRA after consumption of the utilities. Therefore, the funds unspent under utilities by end of the half-year are meant for payment for services consumed within the month of December 2018.

1) Development (GoU Financed)

Out of the approved annual Development GoU budget amounting to UGX 1,612.7Bn for FY 2018/19, Ministry of Finance has cumulatively released a cash limit amounting to UGX 1,053.308Bn for the first half of the FY 2018/19 representing a release of 65.3% of the approved annual budget.

Out of the cumulative UGX 1,053.308Bn release, UGX 954.308Bn has been spent in the first half of FY 2018/19 representing 90.6% of the cumulative releases spent.

UNRA's inability to absorb 100% of the Development budget released is attributed to:

- Ø Journal entries that were passed to reverse payments at the end of December on several projects. This was due to bounced forex payments due to wrong setup of suppliers in the payment system.
- Ø Funds on some projects including ferries were released to cater for advance payment of a number of contracts. However, the approval of securities was still in process by close of December 2018. Hence, payments could not be effected.

Challenges under Development GoU-Financing

- Ø UNRA closed the half year with a total development debt amounting to UGX 306.88Bn that includes UGX 36.6Bn debt for land acquisition.
- Ø Out of the total debt amounting to 306.88Bn, UGX 197.9Bn is un-absorbable within the appropriated budget. This is because the appropriated budget was fully released and expensed. UNRA has currently requested for supplementary funding since it has exhausted the option of virement.
- Ø The appropriated budget for land acquisition amounting to UGX 245.2Bn was released and fully absorbed. This implies that UNRA has no funds for land acquisition for second half of the FY 2018/19.

4) Development (Externally Financed)

A total amounting to UGX 1,419.10Bn was budgeted for projects under external financing for FY 2018/19. Out of the approved annual budget, a cumulative cash limit of UGX 863.004Bn was released for the first half of FY 2018/19 representing a release of 60.8% of the approved annual budget.

Out of the cumulative UGX 863.004Bn released funds, UGX 347.574Bn was spent by the close December 2018 representing 40.3% of the releases spent. There has been a slight increase in budget absorption resulting from the advance payments on new contracts that were recently signed including Rukungiri-Kihihi-Kanungu (78.5Km), North East Road Asset Management project (NERAMP) funded by World Bank and Kampala-Flyover. This performance is also expected to increase once advance payment for Masaka-Bukakata (41Km) is effected.

<p>Reason: Out of UGX 5.4Bn released for the first quarter of the FY, UGX 3.96Bn was spent leaving UGX 1.44Bn unspent. The main reason for the under absorption has been attributed to delays in registration of suppliers on IFMS to enable UNRA effect payments. The invoices that were due for payment were still under approval process.</p> <p>The main cause of unspent funds is attributed to the unremitted Retirement Benefits Scheme employer contribution. However, UNRA shall remit this contribution before the end of quarter three once the scheme has secured licenses to enable it open up a separate custodian bank account. 1.837 Bn Shs	<i>SubProgramme/Project :0267 Improvement of Ferry Services</i>
<p>Reason:</p> <p>The delayed setting up of PAPs has led to the low absorption of budget. The quarter one release under this item line was significantly spent by the end of the quarter. The remaining funds were insufficient to pay outstanding claims for bukungu, Kaberamaido & kagwara ferry landing sites.</p> <p>There are a number of court cases that have halted payment of the Project Affected Persons especially along Zengebe landing sites. QUARTER 2: Highlights of Vote Performance

Reason: The quarter one release under these item line was significantly spent by the end of the quarter. The remaining funds were insufficient to pay neither outstanding IPCs nor invoices.

Out of the UGX1.445bn released under the project, UGX1.055bn was spent leaving unspent funds amounting to UG 0.39bn. The unspent funds were not utilized due to challenges resulting from absentee Project Affected Persons, condominium houses which are still under settlement between UCL and owners. In addition, the funds under civil works could not be spent since the contractor had not yet submitted his corporation tax assessment. The warrant was not fully absorbed because no IPC presented to be cleared.

The unspent balance insufficient to clear any of the outstanding. UGX 100m was released under quarter one for payment of Withholding tax. However only UGX 32.3m was spent since the invoices that were due for payment were still under approval process.

Out of the cumulative release amounting to UGX 11.4Bn for the first and second quarter, UGX 7.2Bn was spent leaving UGX 4.2Bn unspent by end of December 2018. The UGX 4.2Bn has not yet been paid because negotiations are still ongoing between UNRA and URA regarding the amount of interest charged by URA.

1.235 Bn Shs *SubProgramme/Project :1034 Design of Mukono-Katosi-Nyenga (72km)*

Reason: Out of UGX 1bn funds released for the project under quarter 1, UGX 509.7m was spent. We were unable to absorb 100% of the releases due to the changes in the payment system for forex transactions introduced by the Bank of Uganda. This change required registration and set up of suppliers on the IFMS which substantially delayed payments to the contractors/consultants.

Out of the cumulative release amounting to UGX 31Bn for the first and second quarter, UGX 29.8Bn was spent leaving UGX 1.24Bn unspent by end of December 2018. The main reason for the under absorption was due to a journal entry that was passed to reverse an EFT that was attached to a forex payment but actual payment had not been effected. The quarter one release under this item line was significantly spent by the end of the quarter. The remaining funds were insufficient to pay outstanding batches nor IPCs.

Out of the UGX 33.39bn released under the project, UGX 32.31bn was spent leaving unspent funds amounting to UGX 1.09bn. The unspent funds were not absorbed since the invoices due for payment were still under approval process and funds under item line for civil works were not sufficient to pay the outstanding IPCs. The quarter one warrant was not fully absorbed because batches had not been presented then for payment the land acquisition department is still under staffed; this has led to backlog of verification of Project Affected Persons and amount under civil works was not sufficient to pay off IPCs that were presented

The IPCs and invoices for payment were still in approval process by close of the quarter.

0.875 Bn Shs *SubProgramme/Project :1035 Design Mpigi-Kabulasoka-Maddu (135 km)*

Reason: Out of UGX 20.3Bn released for the first quarter of the FY, UGX 19.41bn was spent leaving 0.893Bn unspent. We were unable to absorb 100% of the releases due to the changes in IFMS for forex transactions introduced by the Bank of Uganda. This required registration and set up of suppliers on the payment system which substantially delayed payments to the contractors/consultants.

Out of the cumulative release amounting to UGX 40.3Bn for the first and second quarter, UGX 39.4Bn was spent leaving UGX 0.87bn unspent by end of December 2018. The main reason for the under absorption was due to a journal entry that was passed to reverse an EFT that was attached to a forex payment but actual payment had not been effected. The process of display and verification for the Project Affected Persons (PAPs) was still ongoing by end of the quarter and the AECOM under item line for supervision did not have a UGX account to enable us effect the payment.

Out of the UGX 19bn released under the project, UGX 16.8bn was spent leaving unspent funds amounting to UGX 2.2Bn. The unspent funds were not absorbed due to delays in verification and disclosure process under land acquisition and invoice/IPC that were due for payment were still under approval process. The quarter one warrant was not fully absorbed because batches had not been presented then for payment the land acquisition department is still under staffed; this has led to backlog of verification of Project Affected Persons and no invoices had been presented then for payment.

The land acquisition department is still understaffed and this has led to backlog of verification of Project affected Persons therefore there were no batches for payment.

QUARTER 2: Highlights of Vote Performance

Reason: The quarter one release under this item line was significantly spent by the end of the quarter. The remaining funds were insufficient to pay outstanding memos.

Out of the UGX 3.56Bn released under this project, UGX 2.36Bn was spent leaving unspent funds amounting to UGX 1.2Bn. The unspent funds were not absorbed because the IPCs that were due for payment were still under approval process. The quarter one warrant was not fully absorbed because batches had not been presented then for payment because the land acquisition department is still under staffed; this has led to backlog of verification of Project Affected Persons and amount under civil works was not sufficient to pay off IPCs that were presented

There were no IPCs that were submitted for payment UGX 0.51Bn was released for the first quarter of the FY and UGX 0.48Bn was spent by close of the quarter. Majority of the unspent funds were not sufficient for payment of the Interim Payment Certificates under item of civil works.

Out of the cumulative release amounting to UGX 1.01Bn for the first and second quarter, UGX 0.60Bn was spent leaving UGX 0.40Bn unspent by end of December 2018. The under absorption is attributed to the procurement of Kyamate town roads which is yet to be concluded.

Reason:

The valuation report awaits approval. Out of the UGX 1.6Bn released for the first quarter, UGX 1.51Bn has been spent by close of the quarter. We were unable to absorb 100% of the releases since the funds unspent were insufficient to pay the outstanding interim payment certificates.

Out of the cumulative release amounting to UGX 8.6Bn for the first and second quarter, UGX 8.57Bn was spent leaving UGX 0.03Bn unspent by end of December 2018. The unspent funds were insufficient to effect payment for any outstanding IPCs. The process of display and verification for the Project Affected Persons (PAPs) was still ongoing by end of the quarter.

Out of the UGX 5.08Bn released under this project, UGX 0.04Bn was spent leaving unspent funds amounting to UGX 5.038Bn. The attack of Marbag infectious disease in Kaphorwa led to re-scheduling of a number of planned activities which affected budget absorption.

Reason: Out of the UGX 1.79Bn released for the quarter, UGX 1.48Bn was spent by close of the quarter. The under absorption was due to changes in the payment system for forex payments by Bank of Uganda to the use of Forex straight through processing (STP) system which required registration of the service providers to enable payments. This delayed the processing of payments.

Out of the cumulative release amounting to UGX 3.39Bn for the first and second quarter, UGX 1.66Bn was spent leaving UGX 1.7Bn unspent by end of December 2018. The delays in acquisition of the Right of Way in Hoima town and frequent breakdown of key equipment at sites has led to the under absorption of funds. The amount warranted in this quarter was not fully absorbed because batches had not been presented then for payment because the land acquisition department is still under staffed; this has led to backlog of verification of Project Affected Persons

There were no IPCs submitted for payment by the contractor for payment. The batches for Project affected persons had not been set up for payment by Office of Accountant General and the guarantee presented for payment for lot 2 was rejected and had not been submitted by close of the quarter.

Out of the UGX 17.7Bn released under this project, UGX 1.8Bn was spent leaving unspent funds amounting to UGX 15.9Bn. A number of realignments and re-assessments that were made during execution of project hindered the progress of the project.

Reason: Out of the UGX 68.86Bn released for the quarter, UGX 61.94Bn was spent by close of the quarter. The main reason for under absorption was due to changes in the payment system for forex payments by Bank of Uganda to the use of Forex straight through processing (STP) system which required registration of the service providers to enable payments. This delayed the processing of payments.

Out of the cumulative release amounting to UGX 296.6Bn for the first and second quarter, UGX 241.54Bn was spent leaving UGX 55.06Bn unspent by end of December 2018. The low is absorption attributed to the passing of journal entries to reverse payments due to either bounced payments resulting from setup issues or EFTs that were attached to forex payments but were not actually effected. In addition, a number of IPCs were still under the approval process by close of the half year. The quarter one warrant was not fully absorbed because batches had not been presented then for payment because the land acquisition department is still under staffed; this has led to backlog of verification of Project Affected Persons and amount under civil works was not sufficient to pay off IPCs that were presented

There is current shortage of staff for land acquisition and IPCs and invoices that were to be paid were still on the approval process by end of the quarter. There were setup issues of the invoices hence payments could not be effected.

Out of the UGX 222.09Bn released under the project, UGX 208.5Bn was spent leaving unspent funds amounting to UGX 13.55Bn. The main cause of under absorption is attributed to the delays in procurement of Feasibility studies and detailed engineering design for selected National Roads resulted in the slow budget absorption under design item line.

QUARTER 2: Highlights of Vote Performance

Reason: Out of the UGX 0.9346Bn released under the project for the first quarter of the FY, UGX 0.665Bn was spent by close of the quarter. The under absorption was due to halting of recruitment and rescheduling of planned activities for the package four and five of the critical oil roads.

Out of the cumulative release amounting to UGX 1.72Bn for the first and second quarter, UGX 1.6Bn was spent leaving UGX 0.13Bn unspent by end of December 2018. The main reason for the under absorption was due to the request from MoWT for UNRA to halt recruitment, which affected budget absorption. The amount warranted in this quarter was not fully absorbed because batches had not been presented then for payment because the land acquisition department is still under staffed; this has led to backlog of verification of Project Affected Persons

The delay in CGV providing valuation rates. The batches/invoices due for payment were still under approval process by end of the quarter.

Out of the UGX 4.45Bn released under the project, UGX 4.45Bn was spent leaving unspent funds amounting to UGX 0.0012Bn. The unspent funds were not sufficient to pay any outstanding claims.

Reason: Out of the UGX 15.12Bn released for the quarter, UGX 11.83Bn was spent by close of the quarter. The main reason for under absorption was due to changes in the payment system for forex payments by Bank of Uganda to the use of the Forex straight through processing (STP) system which required registration of the service providers to enable payments. This delayed the processing of payments.

Out of the cumulative release amounting to UGX 36.3Bn for the first and second quarter, UGX 34.5Bn was spent leaving UGX 1.8Bn unspent by end of December 2018. The main reason for the under absorption was due to journal entries that were passed to reverse an EFT that was attached to a forex payment but actual payment had not been effected. The amount warranted in this quarter was not fully absorbed because batches had not been presented then for payment because the land acquisition department is still under staffed; this has led to backlog of verification of Project Affected Persons.

There are delays by PAPs to present required documentation to effect payment and the funds were insufficient to clear any IPC. The challenge for under absorption are due to court cases arising from PAPs not accepting the valuation amounts for their property.

Out of the UGX 24.5Bn released under this project, UGX 17.7Bn was spent leaving unspent funds amounting to UGX 6.76Bn. The unspent funds were largely under the item line of land acquisition where number of disputes on land ownership and a number of design reviews were implemented along the project that require reassessment and re-submission of valuation reports to Chief Government Valuer.

<p>Reason:</p> <p>The valuation report awaits approval. Out of the UGX 1.6Bn released for the first quarter, UGX 1.51Bn has been spent by close of the quarter. We were unable to absorb 100% of the releases since the funds unspent were insufficient to pay the outstanding interim payment certificates.</p> <p>Out of the cumulative release amounting to UGX 8.6Bn for the first and second quarter, UGX 8.57Bn was spent leaving UGX 0.03Bn unspent by end of December 2018. The unspent funds were insufficient to effect payment for any outstanding IPCs. The process of display and verification for the Project Affected Persons (PAPs) was still ongoing by end of the quarter.</p> <p>Out of the UGX 5.08Bn released under this project, UGX 0.04Bn was spent leaving unspent funds amounting to UGX 5.038Bn. The attack of Marbag infectious disease in Kaphorwa led to re-scheduling of a number of planned activities which affected budget absorption.</p>

QUARTER 2: Highlights of Vote Performance

Reason: Out of the UGX 26.09Bn released for the quarter, UGX 24.89Bn was spent by close of the quarter. The main reason for under absorption was due to changes in the payment system for forex payments by Bank of Uganda the to use of the Forex straight through processing (STP) system which required registration of the service providers to enable payments. This delayed the processing of payments.

Out of the cumulative release amounting to UGX 57.99Bn for the first and second quarter, UGX 51.88Bn was spent leaving UGX 6.11Bn as unspent by end of December 2018. The main reason for the under absorption was due to journal that were passed to reverse an EFT that was attached to a forex payment but actual payment had not been effected. The amount warranted in this quarter was not fully absorbed because no IPCs had been presented then for payment.

The amounts were not sufficient in payment of IPCs and delay in submission of documentation from PAPs to effect payment. The batches for which payment was to be effected had been submitted to Accountant General for set up towards the end of the quarter

Out of the UGX 12.7Bn released under this project, UGX 6.63Bn was spent leaving unspent funds amounting to UGX 6.07Bn. The contract with the consultant that had been handling land acquisition along Musita-Lumino was terminated and the consultant took long to hand over. In addition, the report that was handed over by the consultant was a draft report that needed review and finalization before submission to the Chief Government Valuer for approval.

Matters to note in budget execution

Delays in submission of reports by the designated agencies coupled with delays in completion of procurement process is a contributor to the variance in budget execution.

QUARTER 2: Highlights of Vote Performance

Reason:	Expenditures managed within the available funds 1. Rental payment pending signing of the renewed contract agreement; 2. Procurement of service providers on-going for some key outputs; 3. Some maintenance funds withhold to be released for CAR maintenance in Q2 1. Variation was mainly caused by delay in paying rental amounts as negotiation for renewal of contract was not yet concluded; 2. Some designated agencies especially those districts and municipalities with accounts in Crane bank had issues and had to have disbursements of their funds delayed. Mainly delay in procurement and timing of payment Payment for outstanding invoices in progress
1.333 Bn Shs	SubProgramme/Project :1422 Strengthening the capacity of Uganda Road Fund
Reason:	Mostly awaiting completion of procurement process Initiation of procurement affected by the low release in Q1 Procurement in progress.
(ii) Expenditures in excess of the original approved budget

QUARTER 2: Highlights of Vote Performance

Out of the Ministry approved annual budget of UGX. 41.796bn for FY 2018/19, a total of UGX 26.372bn was released by end of Quarter two comprising of: Wage (UGX. 2.968bn); Non-Wage Recurrent (UGX. 2.997 bn); GoU Development (UGX. 8.166bn) and AIA (UGX. 1.041bn).

By the end of the first half of the Financial Year (July-December 2018), the Ministry had spent as follows (percentage of released funds budget): wage recurrent UGX. 2.233 bn (75.2%); Non-wage Recurrent UGX. 2.736 bn (91.3%); GoU Development UGX. 2.142 bn (26.2%) and AIA UGX. 0.889bn (85.5%).

The general low absorption of the released funds for the half year was mainly due to low absorption on the development budget. This arose mainly from the delayed finalization of procurement process for most of the capital equipment;

Reason:	Delays in making and approval of requisitions for the quarter This was mainly due to unspent funds under workshops and seminars due to funds being insufficient to meet outstanding workshop costs wholly Funds insufficient to cover obligation -Funds insufficient for the activity; -Delays in procurement and clearance to travel
Programme: 0502 Effective Communication and National Guidance	
0.054 Bn Shs	<i>SubProgramme/Project :08 Uganda Media Center</i>
Reason:	Several Local Purchase Orders were pending payment, including rent which was 38,900,000, tyre purchase of 5,546,000, stationary toners and sundries, and cleaning services. that makes the composition of the unspent balance as at 31.12.2018 Delays in making and approval of requisitions for the quarter Uganda Media Centre has no independent account after the closure of one it had with BOU; therefore, funds are spent at source (Vote: 020). The unspent balance is as a result of delayed requisition.
0.017 Bn Shs	<i>SubProgramme/Project :10 Information</i>
Reason:	Allocated funds per item were too little to accomplish any activity; Some items were pooled where the Department could not request for the funds. Delayed confirmation by the training institutions abroad Delays in making and approval of requisitions for the quarter the main reason for the unspent balances was due to lengthy and delayed initiation of the procurement process for computer supplies and absence of a commemorative supplement prepared

Matters to note in budget execution

A total of UGX 82.769 bn was released out of which UGX 41.161 bn was spent, this represents 49.7% of the half annual budget absorption. The low budget absorption is largely attributed to delays under the RCIP project due to the key infrastructure projects still being held up in the procurement process. The main cause of these delays was recorded on the World Bank side to provide no-objection and clearance of projects. However this is being resolved through engagement of the World Bank country director to ensure all the delays are quickly resolved.

Matters to note in budget execution

The AIA funds of 130 million was not released due to the fact that the vote had just got clarification on how to warrant AIA and thus will be done in the next quarter. The development budget component was not fully released; only 42.5% was received which affected the implementation of planned activities. Secondly, Development Budget has remained low which cannot cater for the needs of the Ministry.

Reason: Delays by incomplete procurement process for Transport equipment, issuance of certificate by contractor for construction of food safety laboratories and procurement still going on for machinery and specialized equipment. Procurement process for specialized equipment was still ongoing. Request administrative review slowed down the procurement process. Procurement s were still ongoing and all the funds will be absorbed in quarter 3.

	<p>Reason:</p> <p>The funds for gratuity were reserved to be paid at the end of the financial year as gratuity to all staff as per the Human Resource Manual while the ones for the workshop and seminars were reserved for the export week activities which were rescheduled for early January from late December as earlier had been planned. The supplier was not set up on IFMS; NSSF for new staff not yet recruited and delayed procurement.</p> <p>Generally, balances were as a result of rescheduling of activities to Quarter Three given the staffing inadequacies at the Board. This was caused by the delay in the procurement process to acquire the services of an external firm to upgrade our online export readiness information tool.</p> <p>These funds are meant for the Export Week which was shifted to quarter three (March 2019) where they will be spent.</p>

QUARTER 2: Highlights of Vote Performance

The University received a total of UGX 18.814 billion against a total budget of UGX 36.78 billion representing 51.2% performance. Of the received money, UGX 16.456 billion (44.8.0%) was spent as at end of second quarter FY 2018/2019. A total of UGX 852, million was received as part of capital development which was 79.0% of the planned budget during the second quarter of the financial Year 2018/2019.

NTR performance was at 50% (UGX 3.394 billion against a total budget of UGX 6.787 billion). However by the end of the quarter UGX 2.602 billion had been spent (76.7%).

Wage performance was at 50% (UGX 10.885 billion against a total budget of UGX 21.77 billion). UGX 10.607 billion had been spent.

Non-wage subvention was at 51.9% (UGX 3.683 billion against a total budget of UGX 7.09 billion). By the end of the quarter UGX 3.105 billion had been spent (43.8%).

The gratuity arrears were not paid because the Ministry of Finance Planning and Economic Development had not yet approved the payment lists.

<i>(i) Major unspent balances</i>	
Programme's , Projects	
Programme: 0751 Delivery of Tertiary Education and Research	
0.578 Bn Shs	<i>SubProgramme/Project :01 Headquarters</i>
Reason: Late release of subvention funds which was done by mid August 2016.	
Another issue is three weeks industrial action where the staff were away	
Late releases of funds from the central government and late payment of fees by students. The late release of funds could not allow the funds to be fully exhausted.	
Procurement's which were not fully completed and late submissions of invoices from NSSF. The releases from the central government (Subvention non wage and Non tax Revenue) was at 50% for both quarter one and two FY 2018/19, therefore part of the balance was meant for quarter two.	
The civil works was going on pending payments on completion.	
0.710 Bn Shs	<i>SubProgramme/Project :1466 Institutional Support to Busitema University - Retooling</i>
Reason: most of the capital projects required more than what was released, following the Commitment Control System the University could not sign any contract.	
The civil works are on going awaiting payment

Matters to note in budget execution

Non-Wage, Wage and NTR was released as planned. Arrears was released 100%. There was under release of Development Budget therefore affecting the planned outputs. Low staffing level and Capacity also affected the achievement of some of the planned outputs especially in the area of Research. Also due to high operational cost and expanded activities some of the line items are insufficient to meet our obligation.

Matters to note in budget execution

For the financial year 2018/2019, out of the approved budget of Ugx 269.058Bn (Including AIA of Ugx 91.27bn) and GOU Subvention of (Ugx 190.995), Government released Ugx 139.152Bn (51.7% of which Ugx 71.783Bn was for wage, Ugx 16.346Bn for non wage and Ugx 5.407Bn was for Development and support to Presidential initiative project while 45.616 Bn was for the Internally Generated fund. This level of fund release has enabled the University to implement her activities for better service delivery.

The University collected a cumulative total of Ugx 54.5bn out of which Ugx 46.3Bn was remitted to the consolidated fund account in Bank of Uganda.

The University wage bill takes over 60% of the total budget and the University has continued to top up what the Government provides for wage at the enhanced levels. Our prayer is for Government to fully take over the entire wage bill to enable the University Utilize the internally Generated funds for Improvement on the quality of education.

The University continue to depend on part time lecturers and contract administrative staff as a stop gap measure which stretches the limited resources generated coupled with intermittent or delayed payments that adversely impacts service delivery.

There is high and growing cost of living against the declining revenue and the value of tuition and fees paid by the private students which are below the unit cost hence the persistent incurring of arrears coupled with the reducing number of international Students

The University in February 2018 embarked on the process of formulating successor 10year (2020-2030) strategic plan(s) for various constituent colleges and administrative units and The Institution as a whole . The process has been guided by the strategic planning Framework.All colleges and administrative units have been facilitated and have come up with new 10 year (2020-2030) strategic plans. It is from these colleges and administrative unit strategic plans that an overall successor Institutional 10 year (2020-2030) strategic plan has been synthesized. The strategic plan formulation process is expected to be concluded by March 2019. Thereafter, the University is to organize a Donor's conference at which the newly formulated strategic plan(s) shall be unveiled . This will also be an opportune moment for the University to receive feedback from her stakeholders on the proposed strategy. The University college and administrative units strategic plans developed shall be used as resource mobilizations tools

The Quarter average performance was 88% and most of the planned outputs were achieved apart from some Local Purchase Orders for supplies and services that were yet to be services. The major capital development projects of construction of FCI and Hostel Blocks at Kihumuro campus were progressing well due to timely and adequate release of funding to support the operations of the institutions. The university registered some delays in procurement of some teaching materials i.e textbooks due to high prices quoted by would be suppliers.

Matters to note in budget execution

The MUBS Council approved a Budget of Ug. Shs. 83.697bn for both revenue and expenditure for the financial year 2018/19. For the period under review, (July to December) 43.431bn was received. In the Fy 2018/2019 government enhanced salaries with shs 3.2 bn, more enhancement was promised in January 2019. We still have challenges with person to holder staff on their emoluments despite the increment given to them from NTR funds, they still receive less than their counter-parts enhanced by Government on the same salary scale. Government front loaded the funds for capital development for 3 quarters which has enabled the school to meet payments for service providers in time. At the beginning of the Financial Year, Shs. 25.77bn was advanced to the School being half of the NTR budget for the year. We have so far transferred 20.9bn. Loans, staff advances and staff PhD Loans were recorded at 0.160bn as at December 2018. These funds are being recovered as per the schedules with different staff. We received and admitted Postgraduate Diploma and Diploma students using AIMS and also registering Students through the system. All funds are received through the system having connected the system to all the banks. We have not completed the migration of data for the previous students because of fear of duplication of data as it was with the previously systems used. At the beginning of the FY, IFMS was fully implemented, while this is a good Programme in terms of management of budgets and tracking of performances, its biggest challenge is the holding of funds onto specific items of the budget. This has a serious effect on the cash flows.

Performance highlights for Half-Year

A total of 17,614 students were registered for the first semester of 2018/19 which is 83% of the projected figure of 21,000. For the period July to December 2018, Wage and Non-wage releases performed at 100%. Government made a provision of 2.8bn towards MUBS Infrastructure Development and 2.63bn was released representing performance of 189% for the period under review. NTR/IGF revenues expected to be generated mainly from School fees had a provision of 51.5bn for the FY 2018/19. For the period under review, 20.9bn has been collected creating a shortfall of 4.78bn. Government released to the School Shs 0.343bn (10%) of verified arrears for the previous years. HEST v ADB Project released Shs 1.089bn for staff training and Innovation Hub. For the period under review, the performance was Shs 43.431bn (51.7%) of budget was released and Shs 41.630bn (49.5%) of the budget was spent. Meanwhile 95% of the release was spent on the various items. Salary performed at 116% because salary for June 2018 was paid using the budget for 2018/2019. The performance as per output is as follows; Teaching and training - Shs 1.429bn; Research, Consultancy and Publications -92.6m; Students Welfare - 1.021bn; Admin.& Support Services - 34.38bn; Guild services - Shs 1.281bn and Subscription to Organizations- Shs28m. Under MUBS Infrastructure Development, the performance is as follows: Buildings and structures - Shs 2.639bn; ICT - Shs 328.0m; Mach.&Equip - Shs 93.8m and Office Furniture - Shs 4.85m. For the outputs with low performance, the funds will be used in the next half of the year when the contracts are completed and invoices received. The projects progress is as follows: Design and construction of a boundary wall around MUBS main Campus and renovation of the main building reception is at 65%; Construction of main library short tower/graduate wing is at 55%; Construction of the Bursar's office/Block 1 is at 95% and expected to be completed by February 2019. Construction of access roads is at 85%; St James Chapel construction is at 85% completion, meanwhile, Consultancy services for reviewing the designs and BOQs of the various construction projects is an on-going activity.

Matters to note in budget execution

There were no major variations in performance, the government released AIA of 50 % of the Budget and funds have been utilized as per planned work plans and procurement plans, the only variations that occurred were on Transport equipment. Three of the four planned vehicles for University officers are to be re tendered because they did not meet the objectives of the User. on the other hand the two motorcycles advertised did not get a service provider, so plans are under to advertise in the media as well.

Challenges in the Budget Execution:

- The University is understaffed leading to high dependency on part time staff;
- The University is faced with high level of domestic arrears for both teaching claims and suppliers;
- The University has limited Teaching space compared to the increasing number of students;
- The University is faced with limited office space for lecturers;
- The University has inadequate funds towards removal of asbestos roofed structures within the University;
- The University has inadequate funding towards research related activities.

Matters to note in budget execution

1. The additional one billion shillings appropriated by Parliament for capital development/ construction of administration block was put under a wrong MTEF of Non wage. This made budget execution extremely difficult.
2. Funds were released on Semester basis rather than quarterly basis. This made implementation of second quarter planned activities a little hectic.
3. The collected AIA/ NTR funds were not remitted back in a timely manner to facilitate implementation of planned activities during the period under review.
4. Inadequate Infrastructure development and Non wage Recurrent grants still pose challenges in budget execution.

QUARTER 2: Highlights of Vote Performance

Reason: Maintenance on civil works still on going awaiting certification and payments, Supplies of IT equipment to be completed in Q2 and paid for and Council committee meetings are on going in the months of October, November and December 2017 and there after full council meetings for approval of Budget and operational policies, therefore expenditure to be incurred in Quarter 2 worth Shs. 22,833,037 only.

Council and Committee meetings are still being conducted, LPOs have been issued to the service provider awaiting delivery and payments shall be made. The parliamentary appropriation of additional one billion shillings meant for capital development/ construction of the main administration block was loaded under a wrong MTEF of Non-wage, and it couldn't be spent as warranted.

The consultancy reports for infrastructure development (Faculty of education and main administration blocks) are not yet out to facilitate payments; Most payments have been initiated on the IFMS and some LPOs issued to service providers.

Performance highlights for Half-Year

Lira University budgeted for a total of UGX 17.6 billion only during FY 2018/19. By the end of the quarter, the total release was UGX. 10.442 billion only (comprising UGX. 9.473 billion GoU and UGX 0.968 billion AIA). The bulk of GoU funds was Wages (UGX. 6.038 billion), Non wage (UGX. 2.021 billion), and GoU Development of UGX. 1.414 billion only.

Out of the total released,UGX. 6.53 billion was spent by the end of the quarter (comprising UGX. 5.745 billion GoU and UGX. 0.784 billion under AIA). In a nutshell, 59.4 % of the budget was released, 37.1% of the budget was spent and 62.5% of the releases was spent by the end of the quarter. The variation in expenditure was due to the delayed processing of funds on IFMS to pay contractors and service providers; in some cases, Local Purchase Orders (LPOs) were issued pending payments.

In terms of physical performance, the construction of the Faculty of Education is in high progress (about 30% works undertaken). Similarly, the sub-structural works for the administration block have been done. All these infrastructure developments are expected to provide adequate office accommodation, lecture theaters and conference facilities to support inclusive training and learning for all staff and students of Lira University.

Matters to note in budget execution

- **Low Staffing Levels.** Thin staff on the ground, due to the government freeze of recruitment of new staff.
- **Increased cost of Operations.** Due to fluctuations in the Dollar, operational costs like fuel, stationary and other consumables have increased significantly.
- **Infringement on NCDC's mandate.** The mandate for developing curriculum for PTCs lies with NCDC but has been infringed by Kyambogo University which inherited the former institute of teacher Education.

QUARTER 2: Highlights of Vote Performance

Reason: As a new vote, suppliers, panel members had to be uploaded on the IFMIS before we could pay them. Obtaining supplier, panel member details was slow

The Centre pays staff who engage into different activities through the bank, by the close of the quarter, some payments were still in process. Some suppliers submitted their invoices late and could not be cleared before the end of the quarter. Delays in procurement and payment process due late submission by departments

This is due to delays in processing of supplier invoices, and staff/participants allowances that were under process. This was due to pending payments which were not cleared by the end of the Quarter.

Unpaid half salaries for members of staff on interdiction, delayed procurement for printing coursebooks, ICT and awaiting deliverables for the new lower secondary curriculum form the consultant.

Matters to note in budget execution

1. The approved Supplementary Budget of Ug. Shs 1,258,848,516 affected the budget performance as it shows 177.2% of the budget released. In addition, the Supplementary budget was put on GoU but it was part of AIA budget 2017/2018 not released by Ministry of Finance, Planning and Economic Development and hence not easy to assess the budget performance of the Vote.
2. The wage budget was released up to Q3 and hence 75% of the budget was released to the Vote leaving 3.684 billion unspent for the third quarter.
3. Much of the procurement transactions are done through the IFMS but sometimes the network is off and this delays planned outputs.
4. The procurement of the vehicle was provided for in 2017/2018 Financial Year under the AIA funds. The remittance of AIA were duly made to BoU-Consolidated Fund unfortunately by close of the Financial Year 2017/2018 MoFPED had not released the funds to enable us pay. These funds amounting to Shs 1.2b were later considered as Supplementary Budget for 2018/2019 and it is from this that payment of **Shs 186,764,000** was made. **This explains output 75 on page 13.**

Matters to note in budget execution

The University received UGX. 6.682 billion from MoFPED representing 51.7% of the approved budget. By the end of the quarter 29.9% of the approved budget was spent. The low absorption of funds was mainly attributed to delayed procurements as procurement requests were still at initiation stage. However, procurement of specialized medical equipment was procured as planned with the available resources though not yet enough as we still await approval of the supplementary budget. The construction of medical laboratories has stalled due to reallocation of funds to payment of outstanding commitments to Complant Engineering and Trade (U) LTD for construction of multipurpose, teaching and laboratory blocks and payment for supply and installation of lifts in the multipurpose block. Wage and non wage recurrent budget released up to 50% and development budget up to 53.7% of the approved budget respectively. The University has not yet opened doors to students pending clearance from NCHE. The curriculum for Medicine, Nursing Science and Computer Engineering and Electronics is still under review with the professional bodies.

<p>Reason: Lecturers and students yet to be recruited and enrolled, gratuity normally paid at the end of the FY, no invoices for other payments like contributions to international organizations, council to approve policy on medical expenses.</p> <p>Recruitment of new staff still in progress such that funds on NSSF could not be adequately spent, other unspent balances shall be consumed in the subsequent quarters.No students enrolled and academic staff recruited to kick start programmes, staffing level still low, costs on electricity and water are still low as the new buildings are under construction and not used, some payments like gratuity are paid in quarter three.Non Wage Recurrent funds released for Q1 and Q2, some of the unspent balances to spent in Q2. Students not yet enrolled awaiting clearance from NCHE.</p> <p>Social Security Contributions for November and December not paid during the quarter, payments to be effected in Q3.</p> <p>Payment requests for small office equipment, vehicle maintenance and printing, stationery, photocopying and binding not received.</p>	
1.167 Bn Shs	SubProgramme/Project :1419 Support to Soroti University Infrastructure Development
<p>Reason: Advert placed for consultancy services on building plans and designs</p> <p>Construction of the multipurpose, teaching and laboratory blocks in progress, design studies and plans contracts not awarded, monitoring and evaluation activities done on quarterly basis. Court case on plot 50 not settled.Construction works for multipurpose academic block, laboratory block and teaching block still ongoing and payments shall be effected once payment certificates are prepared by MoES, procurement requests for computers, furniture, vehicles, machinery and equipment initiated</p> <p>The contract for construction of the Teaching Block, Multipurpose academic block and Laboratory block expired and process for extending the contract is ongoing. This stalled the construction works at the site. Other planned activities could not be implemented as funds released were not adequateContracts on Infrastructure projects not yet awarded for implementation. However, procurement have been initiated.</p> <p>Supervision for installation of lifts for the multipurpose block and construction of water and sewage waste management system has not started and procurement requests for the planned activities at initiation stage.</p>

<p>Reason: Procurement requests initiated for supply of one 32-seater bus, 3 double cabin pickups, office and ICT equipment. Furniture supplied and payment being processed</p> <p>Procurement requests initiated and bidding documents prepared by Estates Department for placement of advert for procurement of vehicles, contract awarded for supply of ICT machinery and equipment (including library textbooks and materials)Quotations for a standby generator 135KVA stands at UGX. 160,000,000 which is above the approved budget. Need to plan for additional UGX. 80,000,000 in next years budget. ICT equipment to be procured in the next quarter. Advert for supply of ICT equipment placed</p> <p>Procurement for transport equipment, medical equipment, furniture and fixtures and ICT equipment in progress.</p>

Matters to note in budget execution

The Ministry is currently facing a challenge of slow absorption of the funds released especially in external financing budget category mainly due to non performing grants i.e Gavi and Global projects which actually have big budgets. The reasons for poor absorption under Gavi project is due to the slow discussions on the MOU between GAVI and GOU

0.406 Bn Shs	<i>SubProgramme/Project :1344 Renovation and Equipping of Kayunga and Yumbe General Hospitals</i>
<p>Reason: Contractors/suppliers delayed to submit invoices in order to process payments. A payment for staff salaries of December 2018 was under processing by close of Q2; Procurements for repairs and maintenance of project vehicles were on-going by end of Q2; requisitions for funds to undertake 3 separate field activities were being processed by close of Q2 and a payment due to Arab Contractors (Lot1-Kayunga Hospital) for IPC No. 2 was under processing by end of Q2. Funds mainly meant for payment of taxes for civil works and vehicles procurement not utilized in Q1. Will be utilized from Q2 on wards. Taxes not yet paid, procurement processes not yet completed, staff training activity not yet undertaken and some project staff had not been recruited by end of the quarter. The unutilized fund balance was due to the activity for postage which was not done; procurements initiated and funds encumbered; salary for September, per diems and fuel not paid to the Project Coordinator. Postage and courier activities not undertaken, staff salaries for December paid late, maintenance of vehicles not undertaken, repair and maintenance of office equipment not yet required.</p>

Performance highlights for Half-Year

The Ministry of Health was able to hold the joint review meeting for the FY 2017/18 and here the key issues affecting the health sector were discussed. The aide memoir for the meeting showing the areas that required actions and the key interventions to achieve these action points were identified. Also the ministry managed to control the spread of ebola from the DRC. This was through strengthening the regional border surveillance systems and thus protecting the population of Uganda from the epidemic.

QUARTER 2: Highlights of Vote Performance

Reason: 1. Delay in the appointment of the UAC Board Chairperson and the Director General by the Office of the President
 2. Delay in the recruitment process to fill the vacant positions due to the absence of the UAC Board,
 3. Over released of funds for Gratuity against planned for the quarter and;
 4. Delay in submission of Invoices by some suppliers.

1. Delay in the appointment of the UAC Board Chairperson and the Director General by the Office of the President
 2. Delay in the recruitment process to fill the vacant positions due to the absence of the UAC Board
 3. Majority of staff are due for payment of Gratuity in third quarter
 4. Delay in submission of Invoices by suppliers
 5. Some activities were still on going 1. Delay in the recruitment process to fill the vacant positions
 2. The Consultant delayed in the completion of the task
 3. No payment of Gratuity in first quarter
 4. Some activities were still on going
 1. The recruitment process to fill the vacant positions has just been concluded
 2. Delay in the procurement process
 3. Few staff were due for gratuity during the quarter
 Committee meetings for NPC, MARP and IEC/BCC were not conducted due to limited time as a result of the JAR activities. These have been planned for 2nd quarter. Support supervision of District LGs planned in 1st quarter was merged with planned support supervision of 2nd quarter to provide comprehensive support as well as disseminating the JAR undertakings to the districts. Activities for CCM on-going
 Unfilled staff positions.
 UAC expected co-funding from JUPSA to support districts to develop Strategic Plans and strengthen the NADIC. These activities were however not implemented because the expected co-funding was not received.
 The planned M&E TWG meeting was not conducted because of lack of an appropriate Agenda at the time.
 UAC expected co-funding from from UNAIDS to conduct training in M&E for MDAs, however this was not implemented due to non-release of funds from UNAIDS.

0.127 Bn Shs SubProgramme/Project :0359 UAC Secretariat

Reason: 1. Insufficient funds released during the quarter to procure planned transport equipment, ICT equipment and Office furniture
 2. Procurement process still on going
 1. Procurement for a vehicle and office items are in progressThe procurement process to purchase a vehicle is still on going and the fund available for other capital items is insufficient
 Inadequate development grant released during the quarter which can not procure the vehicle and other ITC equipment planned for

(ii) Expenditures in excess of the original approved budget

Matters to note in budget execution

The UCI was faced with a critical problem of under staffing, very much evident in the radiotherapy and Radiology Units. Of the established 11 positions in the Unit, only 5 were filled thereby straining the few staff in the Unit

QUARTER 2: Highlights of Vote Performance

	<p>Reason: The unspent balances are mainly for Pension and Gratuity whose utilisation is based on the demandThe biggest challenge was mainly the delay in the procurement process and delayed ascertaining of framework contracts for some services effected according to receipt of the payroll The major unspent balances arose from pension and gratuity whose consumption is as per supplied pay roll from public service</p>
0.105 Bn Shs	<i>SubProgramme/Project :02 Medical Services</i>
	<p>Reason: This mainly arose from accumulation of funds to enable signing the contract for purchase of the uniforms, beddings and protective gear. In addition, the other significant funds were committed but not encumberedDelay in finalization of the procurement processes was they main cause of under performance Mainly due to printing, stationary item whose funds are pending payment of quarter's suppliesUnspent balances arose Medical supplies whose funds were encumbered pending ongoing procurement process main unspent balances arose form meals and Medical supplies whose funds were encumbered for procurement</p>
0.004 Bn Shs	<i>SubProgramme/Project :04 Radiotherapy</i>
	<p>Reason: This arose from accumulation of funds for repair of Deputy Director's vehicle and uniforms, beddings and protective gearMainly was due pending payments for services utilized No significant variationThe main unspent balances arose from vehicle maintenance whose funds were encumbered pending ongoing procurement process The major unspent balances were encumbered</p>
0.099 Bn Shs	<i>SubProgramme/Project :1120 Uganda Cancer Institute Project</i>
	<p>Reason: The unspent funds were committed for the interim certificate for the bunkers, the certificate is currently with the consultantThe funds were accumulated for payment of interim certificates The funds were encumbered for procurement processes for the bunkers The observed variation was mainly due to the delay in procurement process by the long procurement cycle and the the certificates issued by the contractor which could not accommodate the whole sum budgeted Delays in the procurement process mainly from users resulting in failure to conclude the procurement in time while the activities conducted during the quarter could not absorb all the funds for monitoring</p>
0.096 Bn Shs	<i>SubProgramme/Project :1345 ADB Support to UCI</i>
	<p>Reason: The funds are to be used for support of major activities which require bank approvals which at times take longer than anticipated Some expenses were delayed by the long procurement process which include bank approvals for some procurement taking long to be cleared. this is mainly due to delayed procurement process that has not yet been concluded having been started late followed by lengthy consultations with stakeholders (Mulago Hospital). There are also pending air-tickets for which the money was not sufficientThe main unspent balances arose from late submission of invoices, payments were effected in quarter two The major unspent balances realized arose out of encumbrances for procurement processes for the Multipurpose buildingThis was mainly due to allowances which were awaiting for board emoluments This mainly arose from unspent balances on Non-Residential Buildings since the funds are to be accumulated for procurement of a consultant for renovation</p>
0.562 Bn Shs	<i>SubProgramme/Project :1476 Institutional Support to Uganda Cancer Institute</i>
	<p>Reason: The unspent balances were committed but not encumberedThe funds were encumbered The unspent balances arose out of encumbrances for the procurement of ICT and Medical equipment</p>

Matters to note in budget execution

The variation in budget performance for capital development is due to the fact that most specialised items are manufactured and supplied on order from abroad hence delays in procurement. Funds for these items have been committed awaiting delivery. Also, gratuity expenses will be paid in April 2019 when the officer retires.

Funds committed. Awaiting delivery of items. Funds committed. Awaiting delivery of items. The major variances in procurement was because specialised machinery and equipment procured are highly specialised and customised and are not available on shelves and further more they are manufactured only on order, according to specifications and their production is time consuming. The delay in procurement process was further due to late submission of requests by the user departments. Delivery of equipment towards end of the quarter thus leading to delayed payments There has been delays in the provision of specifications by user departments for some of the specialised machinery and equipment procured thus leading to delays in procurement process</p>

Performance highlights for Half-Year

Overall, Q2 performance was good despite the challenges of inadequate space and specialised sundries for UHI services. The most critical factor to expanding UHI services is lack of beds. Rehabilitation and equipping of 12 ICU beds at Ward IC, Mulago Complex is needed to open this bottleneck.

Matters to note in budget execution

1. The hospital is grappling with a number of staff who have retired from the start of the financial year and those who have been promoted or transferred to other facilities, many of the staff who were transferred to Arua hospital in the general transfers for regional regional hospitals reversed their transfers leaving challenge of work on the available work force. The vote has no Internal Auditor.
2. The high number of refugees receiving medical services from the hospital: about 1,324 (1.7%)of all OPD attendance and 735 (6%) of total inpatient admissions were refugees referred from refugee facilities. This has implications on the hospital plan and budget.
3. Unstable power supply from the provider (WENRECO) affects the smooth running of activities in the hospital, this may make the budget for fuel insufficient at the end of the year.
4. The Hospital Management Board still not in place, awaiting feedback from Ministry of Health on the appointment the new management board.

QUARTER 2: Highlights of Vote Performance

Reason:	By the reporting time some payments were still being processed and had not yet been paid through the IFMS e.g. staff training, welfare vehicle maintenance and repairs, cleaning and sanitation services. Funds were requested at the close of the quarter and could only be paid in the next quarter. The hospital had no functional management board as the hospital awaits their appointment by Ministry of Health.
	This was caused by delayed approval of pension and gratuity files and late submission of claims by the provider. The listed items were processed late for payments, thus moneys could not be spent by the close of the quarter. The Hospital has no functional Management Board in place, the term of the old board expired.
	The requests for this item was processed late for payments, thus moneys could not be spent by the close of the quarter. There were a number of pensioners without supplier numbers. Drop off of pensioners from IFMS. This was due to delayed receipt of payment files from Ministry of Public Service.
0.003 Bn Shs	<i>SubProgramme/Project :02 Arua Referral Hospital Internal Audit</i>
Reason:	No signification variation. The hospital has no Internal Auditor after the one who was here was transferred to another station.
	The hospital has not been posted an Internal Auditor since the other one left last financial year. Therefore much of the funds remain unspent. The listed item was processed late for payments, thus moneys could not be spent by the close of the quarter.
	The requests for this item was processed late for payments, thus moneys could not be spent by the close of the quarter
0.010 Bn Shs	<i>SubProgramme/Project :03 Arua Regional Maintenance</i>
Reason:	Claims for activities were done late the close of the quarter, could not be paid before end of quarter. No signification variation.
	Some activities were yet to be undertaken and others items have insignificant variations. There were challenges in accessing funds by the Head of Department Medical Equipment Workshop through IFMS which was rectified at the start of Q2, funds had to be routed via hospital accounts.
	The requests for this item was processed late for payments, thus moneys could not be spent by the close of the quarter
0.574 Bn Shs	<i>SubProgramme/Project :1004 Arua Rehabilitation Referral Hospital</i>
Reason:	1. Procurement processes are going on for Medicines Store constructions works to commence in Q2. 2. Works on the renovation of sewerage line in the staff quarters 50% completed, but the contractor is yet to furnish the hospital with the funds request invoice.
	The projects are still ongoing. Payments are made per certificate and so far one certificate and consultancy services has been paid for.
	The contractor declined to request for his certificate in the quarter opting instead to do it in Q3. The money spent was initial payment for consultancy services for the construction of a 7-storeyed staff house which was still being done by the close of the quarter.
	The requests for this item was processed late for payments, thus moneys could not be spent by the close of the quarter
0.025 Bn Shs	<i>SubProgramme/Project :1469 Institutional Support to Arua Regional Referral Hospital</i>
Reason:	Assorted medical equipment were procured including delivery to the hospital store. However payments were still being processed by the close of the quarter.
	The supplier was identified and contract signed and delivery of the vehicle was yet to be done. Procurement done in Q1 but activity implementation to be undertaken awaiting payment in Q2. Procurement undertaken but payments to be undertaken in Q3.

Matters to note in budget execution

Distribution of mosquito nets led to a reduction in General OPD attendances

Low utilisation of Family Planning, ANC, and Vaccination services by the community.

The long process of processing social benefits for pensioners by MOPS

Implementing partners support is crucial in service delivery e.g plastic and urology camps, ICT, Gender, leadership and management to enhance capacity for service delivery.

Under performance of Private patient services affected service delivery.

Matters to note in budget execution

There were no major challenges as regards budget execution because most of the activities were handled appropriately. The hospital was able to pay for vehicle for the Hospital Director, finished rehabilitating the sewage system, procured and executed payment of assorted medical equipment and paid the Contractor for the construction of the staff accommodation. The only variance was on the payment of gratuity for some pensioners because the files had not been got from Ministry of Public Service.

<i>(i) Major unspent balances</i>	
Programme's , Projects	
Programme: 0856 Regional Referral Hospital Services	
0.218 Bn Shs	<i>SubProgramme/Project :01 Gulu Referral Hospital Services</i>
Reason: One of the major reason for the variance was late release of funds. Procurement procedures delayed the procurement of certain items There was delay in implementing some of the activities There was generally a delay in the procurement process The Hospital Accountant was transferred before effecting some of the transactions and the Quarter ended when the new one was still adjusting to the situation	
0.003 Bn Shs	<i>SubProgramme/Project :03 Gulu Regional Maintenance</i>

Vote:165 Gulu Referral Hospital

QUARTER 2: Highlights of Vote Performance

Reason: Some of the activities were postponed to second qtr.The variation was insignificant The contractor had not finished the assignmentThere was a delay in receiving invoices from the suppliers There was generally a delay in the procurement process especially in civil works and property expenses	
0.012 Bn Shs	SubProgramme/Project :1004 Gulu Rehabilitation Referral Hospital
Reason: Part of these funds are for the procurement of the Oxygen plant which process is still on. This money relates to the oxygen plant whose works are still ongoing.There was a delay in the procurement process The contract for Block technical Services expired and there was a delay by the contract to apply for the renewal of it. There were delays in the procurement process and issuance of certificate of completion	
(ii) Expenditures in excess of the original approved budget

Matters to note in budget execution

The only variation was for gratuity expenses where the files of beneficiaries were still under process.

The challenges included the following:

1. Utility costs for water and electricity were far above the available budget hence the hospital had to engage the utility companies in protracted negotiations for credit to keep the hospital running.
2. The hospital has an old fleet of motor vehicles which require heavy expenditure on repair and maintenance thus posing a big challenge to the hospital operations.
3. Occasional stock outs of medicines and essential supplies like sutures, x-ray films, lab reagents, etc affected the achievements during the period.
4. Fuel costs shot up due to price increase and affected the hospital in running the standby generators.
5. The high number of newly posted officers posed a big challenge as the hospital could not afford to pay their settlement and disturbance allowances.

QUARTER 2: Highlights of Vote Performance

Reason: slow procurement procedures have led to low absorptionLate clearance of retired staff files by the approval departments led to low absorption of gratuity.Reconciliation of water bills ,some of the bills were speculative. Failure to get timely clearance of gratuity files.This is partly due to staff failure to have complete files on time The funds for the various expenditure items were already encumbered by the end of the quarter and were already spent at the first wee of the 2nd quarter. The hospital had not yet received the verification payment file from Ministry of Public service to enable payment of Pension and gratuity. Payments for works under civil maintenance, stationary and cleaning services are effected in Q3 because the completion of works and delivery of goods and services was still in process	
0.937 Bn Shs	SubProgramme/Project :1004 Jinja Rehabilitation Referral Hospital
Reason: funds for the equipment's expenditure items were already encumbered by the end of the quarter. The non-residential buildings procurement process was ongoing. The ECG equipment is on the way to be delivered and the completion of the structures will be done in Q3. The payments will be effected.

QUARTER 2: Highlights of Vote Performance

	<p>Reason: Some pensioners have not yet accessed the payroll and for the gratuity, files are still being prepared by Ministry of Public service.</p> <p>Whereas certain activities were rescheduled for the coming quarter, there are some like issues of pension that are ongoing and can not be completed in one quarter. The money for the purchase of the vehicle was not spent because during evaluation one bidder was attracted and the process had to be repeated</p> <p>This money is to be used to purchase a mortuary fridge, Particular medical equipment's and lay a foundation for the Interns hostel. However, there's a delay in the delivery of the medical equipments as well as Mortuary fridge. Also, the money for Interns Hostel was not enough to pay the 30% payment as per the special conditions of the Contract. These shall be executed in the third quarter. This balance is as a result of the reasons stated against per sub program item explained below.</p> <p>Files were still being processed . detailed explanations are against each item.</p>
0.026 Bn Shs	<i>SubProgramme/Project :03 Kabale Regional Maintenance Workshop</i>
	<p>Reason:</p> <p>The requested spares were so specialized like Boards for Autoclaves in lower healthy facilities, Serial Changer for X-ray. These have delayed to be delivered, a reason for outstanding balances. This also affects the fuel consumption of this Programme. the procurement of spare parts for the regional workshop has been protracted because some of the spare parts needed are not readily available. They will be supplied as soon as possible. The LPO has already been issued.</p> <p>Majorly attributed to lengthy procurement process and that some of the items for the workshop are not readily available. This balance is also as a result of the reasons stated against per sub program item explained below</p> <p>Reasons for this unspent are explained against each item.</p>
0.587 Bn Shs	<i>SubProgramme/Project :1004 Kabale Regional Hospital Rehabilitaion</i>
	<p>Reason:</p> <p>Delays in the procurement process, not enough funds and un competitive bids have caused these variations. Various reasons have been given for the different items. The hospital is still waiting for submission of the interim certificate before this money can be paid.</p> <p>Reasons are explained for each item.</p>
0.230 Bn Shs	<i>SubProgramme/Project :1473 Institutional Support to Kabale Regional Referral Hospital</i>
	<p>Reason:</p> <p>Office furniture was supplied and payments done. This balance is also as a result of the reasons stated against per sub program item name explained below</p> <p>Much of it is meant for the washing and drying machines. The contract was awarded and delivery and installation are awaited.</p> <p>More reasons for lesser figures are given against each item.</p>

Matters to note in budget execution

Delayed invoicing by contractors and continuous complaints about the prices of building materials.

The cost of electricity has gone up after the installation of Yaka and as a result our budget can no longer accommodate the power bills.

Performance highlights for Half-Year

There is an improvement in the management of specialized cases and many major operations have been done and this has resulted in the reduction of cases referred out.

The introduction of Senior staff meetings every week has greatly improved service delivery and communication between Top management and Middle level managers.

Vote:172 Lira Referral Hospital

QUARTER 2: Highlights of Vote Performance

Performance summary is categorised under two sub programs a) Departments (lira referral hospital services; Internal audit and Regional maintenance) and b) projects (Rehabilitation and institutional support)

a) With regard to departments- Lira referral hospital services- The In and Out patient, diagnostic, immunization services were significantly under performed due to transfer of services to other facilities within the municipality (Obel and Adyel health centers), loss of specialists to other facilities, and due to offering of similar services by health facilities within the municipality respectively. Additionally, Wage was not fully absorbed due to failure to attract and retain health workers, while gratuity wasn't fully absorbed because retirement dates for retirees are still awaited.

With regard to Internal audit services, the report was generated although performance was partially affected by the departure of the responsible auditor for maternity leave

The regional maintenance meeting did not take place due to competing activities hence scheduled for q3

b) Performance with regard to Projects specifically the staff hostel construction was partially affected by rains and the festive season while OPD/ labor ward construction was affected by postponement of the commence dates of the JICA project by the funders. Relatedly, procurement of specialized equipment was delayed due to unavailability of some items on the local markets but deliveries of the same is awaited

	Reason: (1) Release of additional names for pensioners by Ministry of Public Service making the available funds inadequate to pay the new comprehensive list. (2) Deliveries towards the quarter but payments executed in the following quarter due to internal control certification risk management strategies(1) Some payments not yet executed to the provider's accounts due to delayed set up of the new Head of Accounts, following the mandatory retirement of the former head of accounts (2) Some information not yet received from Ministry of Public Service to enable payment for gratuity and pension. Unspent funds are majorly for gratuity because beneficiaries are yet to retire while some pensioners inexplicably disappeared off the payrollThe bulk of the unspent funds were gratuity funds which are encumbered of for the retirees whose documentation had not been cleared by the responsible officer in Ministry of Public service. Majority of unspent funds were for pension and gratuity but funds are encumbered for retired staff Relatedly, unpaid utilities await bills against which payment is made
0.001 Bn Shs	<i>SubProgramme/Project :02 Lira Referral Hospital Internal Audit</i>
	Reason: Underutilized funds are encumbered for the activity (ies)
0.012 Bn Shs	<i>SubProgramme/Project :03 Lira Regional Maintenance</i>
	Reason: The largest amount of unspent funds was due to delay in the procurement process for acquisition of spare parts (spares are rare on the local market)Encumbered for the activity scheduled for Q2 The bulk of the underutilized funds are for spares parts and this is attributed to the delays in the procurement process however the funds are encumbered for the activity

QUARTER 2: Highlights of Vote Performance

0.065 Bn Shs	SubProgramme/Project :1477 Institutional Support to Lira Regional Hospital
<p>Reason: Funds are encumbered for the planned activities and the delay was attributed to delay in the procurement process due to the transfer out of the only PDU staff and the delay to replace the officer by the responsible stakeholder Interim certificate for completed works not issued yet due to slow progress of works affected by rains The majority of the funds were for residential buildings and were underutilized due to none presentation of ad-measurement certificates for staff hotel construction and the postponement of commencement date for the JICA project.</p>	
<p>Reason: The majority of the funds were for machinery and equipment and materials and supplies for the vehicles and these funds were underutilized due to delayed procurement of some computers, and other machinery and none presentation of completion certificates yet works were undertaken respectively however funds are encumbered for the activity (ies)</p>

Matters to note in budget execution

Generally, the patient load in the hospital over stretches the budgetary allocation especially for drugs and medical supplies like (syringes, jik, gauze etc) leading to stock outs. Deliveries from NMS are timely but the consumption is too high given the patient load. Drugs and supplies get depleted before the next cycle and the hospital is forced to make emergency orders.

Between June to December 2018, there was outbreak of Viral Haemorrhagic fever and over 85 suspected cases were received and managed in the hospital. This was not planned for and out of these, 22 died, 14 were confirmed with Rift Valley Fever and 4 Crimean Congo Fever. Ebola threat from Congo is still threat but is being monitored. No case has yet been received. The hospital budget was over stretched especially on sundries; payment of duty allowances to staff that managed the cases and supervised burial facilitation.

The hospital staff structure is restrictive with few staff handling a heavy patient work load and this sometimes compromises quality and coverage.

<p>Reason: By close of the quarter, there were some pending payments on the system. By reporting time some of the payments were still in the system. Other funds are being reserved for staff appreciation at end of year party. Frame work contracts are being sourced for compliance with PPDA regulations and savings for end of year party being mobilized.</p> <p>Most of the payment were still in the system, Gratuity files were still being cleared public service and finance while some services were still on going and invoices had not yet been presented by providers for payment. Planned activities didn't have adequate resources to implement them and they were waiting for second quarter releases for implementation e.g the release for gratuity could not pay the person who had retired</p> <p>Some positions are not filled thus a surplus on wage while the capture of data for pension and gratuity delayed coupled with inadequate resources to clear those cleared</p>	
0.495 Bn Shs	SubProgramme/Project :1004 Mbarara Rehabilitation Referral Hospital
<p>Reason: Confirmation of funding and contract award needed Q2 releases Some of the activities needed clearances that delayed while others needed all the money to be available before commitment Payments especially for the 16 staff house is based on issuance of certificates of works completed. Work is on going towards completion.</p> <p>For other works , averts for bidders are being prepared for contractors as per PPDA guidelines.</p> <ul style="list-style-type: none"> • The process to procure a service provider took some time for CT Scan service and repair. • Payments will be made in Q3 <p>These are funds to continue with planned works including wall construction. Process being initiated and initial payments planned to start from Q3.</p>	
0.354 Bn Shs	SubProgramme/Project :1479 Institutional Support to Mbarara Regional Hospital
<p>Reason: No payments yet made as no equipment has yet been supplied. The procurement process has been initiated and contractors are being sourced to carry out works. The procurement of the staff bus awaits clearance from Ministry of Public service and Ministry of works.</p> <ul style="list-style-type: none"> • BOQs were still under review for construction of staff canteen. • Works expected to start in Q3. • Clarence for the 30 Sitter coaster bus due and procurement made in Q3

Matters to note in budget execution

Budget implementation continues to suffer under utilization of resources for wage recurrent due to existing vacant positions especially for specialists. This impacts service delivery negatively and we refer some of the cases that would be handled but due to lack of specialists at level of Senior Consultant, Consultant and Medical Officer Special Grade like in Orthopedic Surgery we refer those cases. A small budget for non wage recurrent leaves the entity grappling with many challenges like plumbing/minor civil works, food for patients, fuel for running generators during power outages and fuel for ambulance for referrals to Mulago. Capital development budget is inadequate to meet the cash flow needs of the current project for construction of pediatric/surgery/pathology/ICU and theaters complex which has now stalled as the budgeted money is going towards clearing unpaid interim certificates. The budget allocation for medicines can effectively take the hospital through one month per cycle leaving the other month without most of the supplies.

Performance highlights for Half-Year

The entity received its release for the second quarter as per the cash projections and the money was expended as planned except for the budget of wage recurrent where utilization was partial due to existing vacant positions that are yet to be filled especially for specialists. Inadequate supply of medicines and sundries continue to affect some of the planned outputs like diagnostics and inpatient services.

Matters to note in budget execution

- The hospital continues to under perform in some diagnostic service areas due to lack of specialists to carry out some services
- The hospital lacks incentives for attraction and retention of specialists and other critical cadre.
- Due to lack of specialists like paediatricians, general surgeons and physicians, the hospital cannot have interns who could relieve work load for the available medical officers
- The hospital received a new OPD under WB in 1st phase, however the wards, administration block and mortuary which were planned for 2nd phase have remained undone and are in a dilapidated state.
- Old in adequate and dilapidated infrastructure especially wards, administration block and mortuary that are condemned has negatively affected service uptake since most cliends would prefer not to be admitted in the hospital wards.
- After the hospital received a pickup for transporting abandoned dead bodies, fuel for the vehicle has become a big challenge.
- The rampant outage of power in the region has led to increased expenditure in fuel and generator repair costs.
- High cost of utility, fuel and electricity coupled with inconsistent and unstable electricity affects maintenance of specialised medical equipment which is costly to repair

QUARTER 2: Highlights of Vote Performance

Human Resource monitored the performance of health workers which are; Payroll Management, welfare and pension management

Patients/Clients seen were 94819 Specialized Clinic Attendances; 166 Referrals cases in; 70204 Total general outpatients attendance; 7608 Admissions; 120% Bed Occupancy Rate (BOR) 4days Average Length of Stay (ALOS); 3279 Major Operations (including Caesarean section); 7078 imaging services; 77947 Laboratory tests including blood transfusions; 15340 Antenatal cases (all attendees) 24096 Children immunized (all immunizations) 1744 Family Planning users attended to (new and old) 10659 ANC Visits (all visits) 80% HIV positive pregnant women on HAART receiving ARVs for EMCT during pregnancy, 25075 Childhood Vaccinations given

Service Delivery; the internal medicine operational research and publication for 2 abstracts were accepted for international conferences during the quarter. There is increasing awareness of mental health activities in the hospital and Oxygen was available and supplied to other facilities as well. Inpatients services under maternal and child health care had reduced referrals out of the hospital for mothers, availability of EMONC drugs/supplies, maternal Death notification & audit was at 100%, Increased level of emergency response, newborn resuscitation drills carried out, Reduction in SCU mortality, weekly audit meeting.

For internal medicine new glucometers ketonemeter ketone monitoring strips and glucostrips improved in patient's care, reduced time of patient stay on the ward because tests and early diagnosis are done on time. The new isolation unit for Ebola was constructed and awaiting for its official opening. Received cases of cholera from various parts of Kampala who improved and went back to their homes better condition.

Laboratory Microbiology lab setup is in progress, improved duty attendance, Private lab is now operational in the private wing.

Regional EPI/IDSR support supervision was done to increase awareness. Quality improvement projects in EID, TB, ART, Vaccine fridge repaired by Wabigalo and support supervision for cholera outbreak in Kampala and Wakiso

Medicines; Two medicine orders to NMS made in October 2018 and December 2018; Two deliveries made to hospital worth 194,958,388/- made on 31st /10/18 from an order worth 218,071,302/- and 186,909,390/- made on 24th /12/18 from an order worth 218,627,852/- . Items not supplied include; I.V. Ampicillin 500mg/ml, I.V. QUARTER 2: Highlights of Vote Performance

Reason: Encumbered

The biggest proportion of unspent funds from unspent wages as a result of the incomplete recruitment process. Additionally the unspent gratuity is due to be spent in Q3 and Q4, while the unspent utility bills was due to un-presented invoices by the service providers. Service providers paid in proceeding month for previous month services

The MOPS had not yet cleared due to incomplete paper work from the newly retired staff; maintenance of vehicles were awaiting the approval from the engineer works, invoices for civil works done had not been submitted by the time the quarter ended. The hospital awaited clearance from public service for the gratuity payments, users delayed in being part of verifying repairs in their units, procurement processes delayed which led to no payments in the quarter

Majorly the delayed response from users to assess and make reports on supplies delivered, make report, delayed clearance from public for gratuities led to payments not paid as planned in the quarter.

0.879 Bn Shs SubProgramme/Project :1004 Naguru Rehabilitation Referral Hospital

Reason: Encumbered funds

The bulk of the unspent balance was for the retaining wall (delayed approval of variation) and retention fees for the hostel (expires 31st Dec 2016) worth 569M, while works on the stores is on schedule and procurement of specialized machinery is expected in q3. The Hospital depends upon the Infrastructure division MOH for the technical support for the BOQs and supervision which process at times delays

Payments for staff construction were done in Q3 after completion of all paper work and approvals. The contract documents for the non residential works had not been finalized at the time the quarter ended. There was delay in getting technical support from Infrastructure division wabigalo

There was a delay to complete works and services as targeted which led to delay in payments as planned in the quarter

Performance highlights for Half-Year

Human Resource: Inadequate training and welfare budget; Staffing structure constricted does not meet workload; Pension funding was not adequate in the quarter; Vacant positions not timely filled affects performance; Sen. Consultants demand for the terms stated in their appointment letters

Service Delivery: Outpatients Dental x-ray was not functional and Dental lab requirements were lacking. Ophthalmic major equipment's required repairs however the hospital has no separate maintenance fund.

Investigative services for imaging services had limited supply of x-ray films by NMS that hindered delivery of plain x-ray imaging services for general patients for two weeks, lack of DVE digital imaging films for CT that impeded the delivery of CT scan services for 3 weeks, increased patients due to preference of Digital x-ray imaging. The Old scna keeps breaking down.

Private lab is now operational in the private wing however Supplies are still not adequate and need service contracts for equipment's which are costly. IICS Implementation has unreliable network that increased patient waiting time and overcrowding at OPD and clinicians waiting time to attend to patients

Matters to note in budget execution

During FY 2018/19, Parliament approved a total budget of **Shs. 7.377 Bn** out of which, **Ushs. 1.541 Bn** was for wage, **shs 5.176 Bn** for non-wage, **shs 400m** for Development, and **Shs 260m** for non-tax revenue. By December 2018, **Shs 4.062Bn** had been released representing 55.1% of the approved budget. Out of the released funds, **Shs 2.177Bn** had been spent representing a **53.6%** absorption rate. This low absorption rate is due to: Requisitions are at various stages of procurement including bidding, evaluation, Contracts Committee and engagement of contractors on a commitment basis and encumbrances; wage balances await recruitment by HSC to fill the vacant posts and; Pension balances await approval of pending files by Ministry of Public Service.

QUARTER 2: Highlights of Vote Performance

PBS system challenges- The system is capturing key output indicator information which is not in the vote's workplan. eg output 81 for subprogram 1075, output 80 for subprogramme 1396,1397 and 1398

Capacity gaps in the vote remains a critical issue particularly in the newly created umbrella authorities, water departments and ENR subsector. The sector capacity development strategy and plan were prepared but cannot be fully implemented because of inadequate resources.

Tax requirements for grant and loan-funded projects as counterpart funding for donor-funded projects formed a major challenge. The sector accumulated tax arrears for the donor-funded projects over the period due to insufficient releases by Government. The Government counterpart funding has not been forth-coming as per the annual work plan schedule, which has left the sector with unpaid commitments.

	Reason: Engineering designs were still on going, the requests for payment of construction works done were more than the funds available so certificates couldn't be paid.Negotiations for land with beneficiary communities were still on going, vehicle maintenance requests were being processed. the certificates pending payment for the piped water systems were bigger than the available balances and could not be paid while the certificates submitted for payment for the draft engineering designs were less than the money released.Payment for certificates and contracts for engineering designs and delivery of supplies to be completed in the second quarter of the FY 2016/17 Payment for services providedSome contracts for TSU specialists and centre based contract staff had expired and had not yet been renewed making it impossible to pay salaries. Issues of salary discrepancies among staff made it had to process Social security savings since there were many complaints coming up as well as lack of contracts for some staff. The remaining balance from other structures was not sufficient to pay off the pending certificates. Many of the TSU staff were out of contract and therefore this affected payment of salaries and the payment of fuel, oil and lubricants since the rate of work had reduced.

<p>Reason: Most of funds that are unspent are toward Social security contributions due to recruitment delays , delays in deliveries from suppliers and delays in procurement processes</p> <p>Funds for Gratuity expenses are due to a recruitment gap and failure by MOPS to approve the new staff scale and structure; others expenses are due to commitments under the contracts committee that were either awaiting completion certificates or invoices to effect payments. Recruitment was after realization of additional wage bill. Payment was after the completion of recruitment process which was after at least a month period leading to unspent balance on the wage bill, NSSF and gratuity. Other specific unspent balances are as justified below.</p> <p>Much of the unspent funds are already committed for payment of invoices Issued by service providers as explained below.</p>

Reason:	Various as explained below. However the major, the major unspent balance is form the unpaid but committed funds after a vehicle was delivered. No expenditures were made under development budget awaiting conclusion of procurement process.
	Much of the unspent balances below are committed to payment to service providers. The variances seen are due to the procurement processes, delays in deliveries from suppliers making funds committed but not actually spent
	These are funds committed by end of December 2018 under various service providers; these funds were awaiting completion certificates or invoices where there were supplies
(ii) Expenditures in excess of the original approved budget

Performance highlights for Half-Year

Quarter 2 shows improvement of the Authority's performance. Key areas to note are, 448 EIA certificates were issued by end of December 2018, while compliance levels across the country is at 50% however, the key challenges being faced are high dust particles in the air which indicated air pollution, poor solid waste management. The areas sighted with high pollution and compliance gaps are located in industrial parks, road construction areas with high biodiversity loss and human displacement.

Good progress has also been made in protecting catchment areas such as Rwizi catchment and River Muzizi, where 200% of the degraded area have been protected by NEMA between July and December, 2018. The protected areas are slowly regenerating their ecological functions. Continuous monitoring and enforcement are required to protect the areas restored from encroachment by some community members. Progress has also been made in increasing environment literacy of the public. NEMA has recorded 20 % of the public being aware about environment and the laws governing it. Literacy has been increased through training teachers, district leaders, boy and girls of which 77.7% of males while 22.2% of females were trained, while 34 boys and 23 girls benefited from school ESD campaigns. NEMA has also seen an improvement in access to environmental information from its library, where 67% males and 33% females have accessed information.

Matters to note in budget execution

Lengthy process in the formalisation of land ownership which delays delivery of outputs that require land.

Procurement of thermometers, weather sensors, evaporation pans, barometers, anemometers, wind vanes, 4 GPS and 60 rain gauges to be initiated and finalised in the subsequent quarters when there are adequate funds received.

Seasonal forecast for September, October, November and December (SOND) was not translated into local languages since funds were insufficient for the output to be delivered.

Seasonal forecast (SOND) was not published in local newspapers since funds were insufficient hence funds were carried forward to be utilized for the following season.

Whereas the UNMA Board had not yet been appointed funds were allocated to this output in the likely event that cabinet approved the nominated members of the Board. During the quarter there was spending pressures to meet graduate trainees and Uganda People's Defense Air Force allowances and funds utilized to cater for this in the interim as UNMA sought for a supplementary.

One double cabin pickup was traded off to cater for the mini-bus which was urgently needed for the Entebbe (National Meteorological Center) and Buku transport needs.

<p>Reason: Most of the funds were meant to facilitate board operations which weren't implemented due to absence of a board. Most of the funds were meant for payment of subscription where there was delayed expenditure due to delayed access to IFMS by the beneficiary organisation. Most of the unspent balance was insufficient to implement the entire planned activity Funds meant for Board expenditure which wasn't existent in the quarter. to be used in Q2 as most of the procurement are just initiated most of the unspent balances are to be used in the third quarter</p>	
0.340 Bn Shs	SubProgramme/Project :02 Finance and Administration
<p>Reason: Delayed submission of Invoice for payment to be made within the quarter. Most of the funds were for payment of supplies and services whose procurement is still ongoing. Most of the funds were meant for payment of staff whose positions have fallen vacant or are beyond the mandatory age for NSSF subscription.</p> <p>In addition, some funds were underutilized because headquarter offices shifted to former Ministry of Water and Environment offices which don't require payment for rent. All the funds meant for rent were not spent due to shifting of the UNMA headquarter offices to the former MoWE offices hence no need for such expenditure.</p> <p>Delayed delivery of invoices by the service providers hence payments delay.</p> <p>In addition, some funds were meant for payment of staff whose positions have fallen vacant or are beyond the mandatory age for NSSF subscription.</p>

<p>Reason: Insufficient funds to implement entire activities and delayed submission of invoices for payments to be made in the quarter. Most funds were meant for carrying out popularisation of meteorology in schools workshop for primary schools which will be carried out in the subsequent quarter since PLE exams were ongoing by the time of implementation of the activity .Most of the funds to be utilised in the subsequent quarter as they weren't enough to fund a complete payment. Most of the funds are for outputs whose procurement processes are incomplete for the payment to be made.</p>

- (v) General Administration, Policy and Planning approved budget was Shs14.88Bn and Shs11.3Bn was released representing 75.9% budget performance.

The major challenges the Ministry faced were:

- (i) Inadequate non-wage recurrent cash limit for the programs to carry out their mandates.
- (ii) The enterprise fund for youth and women enterprises was very small and could not accommodate all the approved projects from the Local Governments
- (iii) Low / poor attitude among the YLP beneficiaries;
- (iv) Low technical capacity in some local governments to generate and monitor projects;
- (v) Insufficient operational funds.
- (vi) Little innovations among the women groups.

Matters to note in budget execution

1. The staff structure of the EOC is not yet filled despite the periodic recruitments that were done. The wage bill ceiling has been reached yet recruitment is half way the approved structure. The Commission has a 41% staffing gap against 65% recommended by MoPS.
2. Inadequate funding has constrained the operations and interventions of the Commission.
3. Lack of regional office limits accessibility to EOC services.
4. Lack of office Space, the Commission is limited by office space.

Matters to note in budget execution

(A) Inadequate budgetary provisions that lead to inadequate response to:

1. Emerging global threats such as terrorism, cyber-crime, human trafficking and money laundering
2. Organization's deployment capacity
3. Organization's advanced intelligence trainings
4. Outstanding classified and domestic arrears to the suppliers and staff.
5. Purchase of enough modern equipment

(B) Administrative issues e.g

1. Implementation of the amended Terms and conditions(Regulations,2018).

QUARTER 2: Highlights of Vote Performance

Delayed payment of the Law Council members' allowances.

Inadequate transport facilitation. This leads to failure to attend the scheduled meetings as well as court attendance.

Lack of access to a reliable roaming wireless internet. This causes delay in research and compromises quality of the output while in meetings out of office.

Lack of intercom services and official emails. This compromises flow of information and consultations within the Ministry.

Inadequate stationery which causes delay in service delivery.

Matters to note in budget execution

The low Budget performance for wage (91.9%) was attributed to unfilled positions within the Ministry Structure
 The Non Wage Budget was not fully utilized because of delays in the operationalisation of the NGO subvention
 The 0.0% budget performance for Capital Development was attributed to delays in the procurement process

Performance highlights for Half-Year

RECURRENT BUDGET COMPONENT

1. Case Disposal.

The case disposal of **39,032** (22,244 M & 16,788 F) cases represents an increase of 2,584 cases from last Quarter.

Court Level	Target	Actual
1. Supreme Court	12	23
2. Court of Appeal	155	382
3. High Court	4,335	7,377
4. Magistrates' Courts	32,459	31,250
TOTAL	36,961	39,032

The cases disposed of are broken down per court level as below;

1. Supreme Court Performance: The court had a target of 12 cases and disposed of 23 cases (16 Male ; 7 Female) compared to 20 Cases in Q1.

At the start of the Quarter, 76 cases were Brought Forward and 9 were registered. Of these cases, 23 were completed and this left a total of 62 pending cases.

The court was able to exceed their target because;

- i. There was focus on delivery of pending judgments;
- ii. The Court benefited from being fully constituted.

Vote:101 Judiciary

QUARTER 2: Highlights of Vote Performance

2. Court of Appeal (CoA) Performance: The court had a target of 155 cases and disposed of 382 (301 Male; 81 Female) compared to 216 cases in Q1.

At the beginning of the Quarter, 7,552 were cases Brought Forward and 308 Registered. Of these cases, 382 were completed with a total of 7,477 pending cases.

The court was able to dispose of more cases by the use of sessions.

3. High Court Performance: The court had a target of 4,335 cases and disposed of 7,377 (4,427 Male; 2,950 Female) cases compared to 5,194 in Q1

At the beginning of the Quarter, 64,847 cases were Brought Forward and 7,782 Registered. Of these cases, 7,377 were completed with a total of 65,252 pending cases.

The High Court was able to exceed its target of 4,335 cases because \;

- i. Increased use of Plea Bargaining and other ADR mechanisms led to good performance.
- ii. The Court benefited from JLOS funding for Sexual and Gender Based Violence (SGBV) cases where 650 cases were disposed of in the month of December.

4. Magistrates Court Performance: The court had a target of 32,459 cases and disposed of 31,250 cases. (17,500 Male; 13,750 Female)

At the beginning of the Quarter, 89,897 were cases Brought Forward and 35,227 Registered. Of these cases, 31,250 were completed representing an increased disposal of 232 from 31,018 in the previous Quarter with a total of 93,874 pending cases.

The performance fell below the planned outputs as a result of;

1. Inadequate funding for locus visits
2. Limited facilitation for Magistrates Grade I in terms of court room space, transport equipment and court recording equipment.

5. Capacity Building of staff in the Judiciary

- i. 16 newly appointed Magistrates Grade 1 (10 M; 6 F) were inducted.
- ii. Dispute Resolution Awareness Workshop for 25 Key Actors in Land Justice was conducted.
- iii. A Magistrates' conference attended by 300 participants was held on 14th December, 2018 at Imperial Royale Hotel.

The following training was held:

- i. Twenty (20) Magistrates and Support Staff in Small Claims Procedure.
- ii. 100 Court Bailiffs (Males) were trained in Mbale High Court Circuit.
- iii. A workshop was held for 30 Judicial Officers (21 M; 9 F) to share Best Practices in adjudication of land cases,
- iv. 50 Magistrates (28 M; 22 F) in Case Management and ADR,
- v. 35 participants (19 M; 16 F) including Judicial Officers and other Stakeholders in Mediation in Tororo High Court Circuit.

6. Human Resource Management Services.

- i. Sexual Harassment Policy completed and Approved by the Top Management.
- ii. QUARTER 2: Highlights of Vote Performance

Reason: The lengthy recruitment process caused delays in recruitment of staff
Translation of the Constitution was temporarily halted to allow for the outcome of the proposed amendments.

Commission re-branding led to delayed delivery of printed matter like diaries.

Resignation of some staff and delayed appointment to replace them and fill other vacant posts has led to significant balances on wage and statutory allowances Variations in approved staff structure, payment schedules for some service providers and unpredictable events like payment of tuition & EAC meetings

The Organisational development workshop was cancelled and some consumption was less than projected

Programme: 1225 General administration, planning, policy and support services

0.187 Bn Shs SubProgramme/Project :0356 Law Reform Commission

Reason:
The funds released were insignificant to carry out planned activities for this quarter. Insufficient funds. Awaiting additional release to procure at once
Long procurement process

(ii) Expenditures in excess of the original approved budget

QUARTER 2: Highlights of Vote Performance

During the implementation of the budget, the following were observed:

Fast tracked the directive to implement the e-passport and pretesting of the e-passport was introduced on 10th December, 2018 and is in use with 3,480 citizens issued the new international e-passports as at 31st Dec 2018. The official launch of the e-passports is expected by mid February 2019. Due to the changes in the fee structure, DCIC still has a backlog case of 25% of passport applications received during the transition period and delayed issuance due to the requirement to make top up fees. The automation of the business processes will go a long way in improving service delivery and ease doing business for Ugandans.

Compliance to Citizenship and Immigration laws improved with increased applications received for Work Permits hitting 11,129 by half year compared to 10,882 received by half year FY 2017/18. A total of 8,898 foreigners were granted permission to invest, work and create employment in Uganda.

The Directorate also faced a number of challenges:

Low absorption of funds occasioned by the ongoing process for promotion of PIOs & SIOs and recruitment on replacement basis for vacant posts which is ongoing. Similar low absorption experienced in the recurrent non-wage and development budgets partly occasioned by ongoing procurement at contracts committee level, notable: e-passport, Uniforms, Stamps, Hardware for e-immigration system, land, construction and vehicles.

The security threat relating to movement of persons remained high due to the outbreak of Ebola Hemorrhagic Fever (health security), Mai-Mai abductions along the border (crime) and influx of refugees resulting from the pre-election civil strife period and continuous insecurity in Beni and Bunya in DRC. In addition, the threat of trafficking in persons remained high through gazetted and un-gazetted borders especially Swam South and Kachaliba among others.

Land demarcation remained an obstacle to infrastructure development especially along South Sudan and DRC borderline.

Inadequate provision of funding to cater for Staff welfare for borders operating 24/7 and 16 hours and to handle preventive maintenance of the electronic systems, generators and air conditioners.

<i>(i) Major unspent balances</i>	
Programme's , Projects	
Programme: 1211 Citizenship and Immigration Services	
0.038 Bn Shs	<i>SubProgramme/Project :02 Inspection and Legal Services</i>
Reason: Inspections and investigations were temporarily halted by Management pending review of the operational procedures. Management temporarily halted operations of inspection and investigations until an appropriate framework was instituted. Investigation were halted The introduction of surveillance prior to launching of inspections created a time lag. Some inspection activities crossed into the next quarter. Some of the funds that remain unspent were due to delays in procurement and deferred expenditure to Q2. Fund were not enough to conclude activities in Q2. Funds are being accumulated for spending in Q3.	
0.376 Bn Shs	<i>SubProgramme/Project :03 Citizenship and Passport Control</i>
Reason: Funds were released to procure passports, however, the Ministry is fast tracking the transition to e-passport and funds have since been spent. The delayed transition to issuance of electronic passports generally slowed down the recurrent activities of the Department of Citizenship and Passport Control. Reported delays in the procurement of blank machine readable passport books in addition to procurement of assorted forms and other travel document forms. Unspent funds pending payment for delivered blank passports and assorted forms for passports processing and management. The major reason is the delayed completion of the procurement process for blank passports and the delayed facilitation of regional passport offices. Funds await conclusion of procurement process for blank passports and certificates. Funds were not spent awaiting maintenance of passport equipment abroad.	
0.592 Bn Shs	<i>SubProgramme/Project :04 Immigration Control</i>
Reason: Funds wait completion of procurement process for entry-exit cards and stamps. Funds await conclusion of procurement processes for stamps. Fund are being accumulated to facilitate installation of E-visa system at Missions Abroad and subscription for MIDAS and PISCES. Ongoing procurement process for the upgrade of the E-Visa / permit system to include Border Management System; implementation of all other change requests for citizenship and passport application, processing and management. Funds await award of contract for the implementation of the Border Control Management System, including supply of relevant equipment. Procurement is ongoing Delays in procurement.	
5.802 Bn Shs	<i>SubProgramme/Project :1230 Support to National Citizenship and Immigration Control</i>
Reason: Procurement is on going There has been delayed start to the procurement process for development activities in the course of the financial year. Procurement of furniture and transport equipment ongoing Procurement is ongoing for E-visa Phase II, vehicles and digitization under support to Immigration. The delayed initiation of procurements explains the unspent balances on development. Funds were insufficient to conclude major procurement of biometric equipment to extend the e-immigration system to 5 borders and 10 missions abroad. The contract for these procurement could not be entered into due to limited resources.	
Programme: 1225 General administration, planning, policy and support services	
1.283 Bn Shs	<i>SubProgramme/Project :01 Office of the Director</i>
Reason: The funds available were due to the absence of a board and ongoing procurement. The National Citizenship and Immigration Control Board is not fully constituted. Board related expenses account for 44% of the unspent balances. General delays in procurement processes, the need to accumulate funding to permit signing of contract and the absence of a fully constituted Immigration Board.

718,082 arrivals and 696,766 departures. 3,689 travellers were denied entry for being destitute, carrying a chronic disease and lack of proper documentation. 1,674 EA tourists' visas were authorized for entry into the EAC countries in support of the integration process. Each of these travelers was cleared within an average of 2 minutes and 4 seconds.

The Immigration Training Academy(ITA) conducted its inaugural training for 22 staff (15 IO and 7 IA - 15 of whom are females) in August, 2018 skilled in the Migration Foundation Course. The training strengthened the skills and capacity of Officer's towards maintenance of border integrity and security. The pass-out was featured on <https://www.youtube.com/watch?v=ri4T24P-opc&feature=share>.

Following Government of S. Sudan request, ITA provided joint training to its 25 senior officers on Integrated Border Management Committee (IBMC) from Nimule and 9 Uganda Immigration officers. The training covered areas of EAC Free movement of Persons, OSBP and transnational organized crimes.

Held joint security surveillance and inspections in which 1,133 immigrants were arrested and investigated of which 677 had valid immigration facilities and 251 are pending investigation. 184 illegal immigrants were removed from the country.

The survey aimed at measuring public satisfaction in immigration service delivery has not been conducted with support from UBOS; hence the indicator on public is not be measured till Q4.

Clusters carried out joint operations with sister security agencies in a bid to enforce compliance with the immigration laws in which 921 illegal immigrants were arrested at Cyanika, Vurra, Mpondwe, Busia, Malaba, Katuna and 122 non Ugandans holding NID were withdrawn and 11 suspected victims of trafficking intercepted.

11 regional immigration offices were maintained operational, supervision of the clusters and representation at various interstate and DSC meetings concluded.

Non tax revenue of UGX 105.53bn collected as at 31st December, 2018.

Produced, reviewed and submitted the annual performance reports JLOS, OPM, MoFPED, & MIA; the BFP FY 2019/20; the NSI Framework (Meta data and indicators); and departmental statistical reports (e-immigration report, citizenship, passport received and NTR reports).

Created visibility of the Directorate activities at 15 radio talkshows, 8TV shows, and 4 awareness clinics (Kololo, Africana & Mestil Hotel).

Matters to note in budget execution

Vote:144 Uganda Police Force

QUARTER 2: Highlights of Vote Performance

Unstable exchange rates affected contractual obligations paid in foreign currency

Lack of operations and Maintenance (O&M) facilities (Mariner, Hanger and vehicle maintenance center) affects mobility and functionality of transport and specialised equipment.

Outstanding bills brought forward from the previous financial year had the first call on budget releases and therefore substantially reduced the recurrent budget available for operations in the quarter.

Inability to pay debts incurred during policing of the previous 2016 General elections and subsequent bye-elections, defiance campaigns, strikes & demonstrations, cultural/clan clashes led to accumulation of arrears especially on meals, fuel and other vehicle running costs, information gathering activities and other administrative costs.

Feeding of personnel in operations and the accompanying expenditure on fuel, vehicle maintenance and related items.

Threats of terror attacks.

Waves of violent crimes especially murders and kidnaps for ransom.

Matters to note in budget execution

Vote:145 Uganda Prisons

QUARTER 2: Highlights of Vote Performance

- 1) Prisoners' population is the major cost driver of prisons budget. It exerts pressure on housing, sanitation, Medicare, feeding, uniforms, staff numbers and delivery of prisoners to courts.

Prisoners' population increased by a daily average of 1,193 prisoners from a daily average of 54,632 to a daily average of 55,825 prisoners by the end of the quarter. The current warder to prisoner ratio is 1:7. The ideal is 1:3

- 2) Amidst inadequate budget provision for basic necessities like food, utilities and clothing whose consumption cannot be postponed, use of commitment control system has been constrained.
- 3) 6,205 staff are not properly housed. This may explain the high staff attrition of over 200 staff per year.

Matters to note in budget execution

Inadequate number of staff to deploy in Regional Laboratories. The regional laboratories are grossly understaffed and this affects the laboratory analysis and exhibit collection at the regional laboratories. **A recruitment plan is in place and has been submitted to Public Service with the staffing levels to be filled in the current financial year and next FY 2019/20.**

The laboratories at DGAL headquarters lack adequate office space since the laboratory space is used for both laboratory analysis and as office space. There is need for more office space for the forensic scientists. **In the budget for FY19/20, we are proposing laboratory extension to provide for a additional working space at the laboratory.**

Vote:305 Directorate of Government Analytical Laboratory

QUARTER 2: Highlights of Vote Performance

Reason:

1. Regional laboratories not fully operational due to lack of funding.
2. Delayed recruitment of staff. The regional forensic laboratories aren't equipped with enough staff or equipment to carry out forensic analysis. However there are forensic missions from the headquarters laboratory that do the forensic analysis of the exhibits when they visit the particular laboratory
Delays in the delivery during procurement process affects the payment process as well and the regional laboratories are not yet fully functional. There was no fumigation or laboratory waste disposal in the first quarter since these activities would have disrupted the operational activities at the labs. The property expenses will be effected in the second quarter.
Delay in the delivery of classified items by suppliers
Payments are yet to be effected

0.911 Bn Shs *SubProgramme/Project :04 Office of the Director (Administration and Support Services)*

Reason:

1. Delayed recruitment of Drivers. DGAL has only 01 Driver
2. Regional laboratories not fully operational due to lack of funding
3. Inability to retain scientists with rare skills in forensic analysis
Delay in the procurement process of the stationery in Q1.
The machinery and equipment that needed maintenance were all serviced and calibrated.

Gratuity and pension payment for the retired staff is being processed.

Maintenance of the machinery, equipment depends on the availability of the service providers since most of the service providers for the equipment are abroad. This is why payments are delayed for these service providers and hence the variation/ unspent balance. There was delay in the delivery of the classified items to the laboratory on the side of the suppliers and therefore payments could not be effected thus the unspent funds.

The funds will be utilized in the second quarter of the financial year
Payments are yet to be effected

1.664 Bn Shs *SubProgramme/Project :05 Criminalistics and Laboratory Services*

Reason:

1. Shortage of Government Analysts; delayed replacement and recruitment of staff.
2. The funds for replacement of the GC-MS which broke down has not been secured; the letters communicating the need from Finance ministry have not yet yielded a positive response by indicating lack of funds and hence a decline in the analysis of Toxicology cases
Delayed Procurement Processes are a major reason behind the unspent balances in Criminalistics.
Delays in delivery affected the payments hence unspent balance. The funds will be effected for the activities in the second quarter of the financial year.

There was delay in the delivery of the classified items on the side of the suppliers hence the payments could not be effected
Payments are yet to be effected

0.260 Bn Shs *SubProgramme/Project :06 Quality and Chemical Verification Services*

Reason:

- 1) Inadequate equipment.
- 2) Inadequate sample storage facilities.
- 3) Delay in repair and servicing of equipment due to lack competent service providers in the country.
- 4) Understaffing.
- 5) Inadequate office space

Delayed Procurement Processes are a major reason behind the unspent balances in Quality Chemical Verification department.
Delays in delivery affected the payments hence unspent balance. The funds will be effected for the activities in the second quarter of the financial year
Payments are yet to be effected

QUARTER 2: Highlights of Vote Performance

Reason: Procurement processes are still on going. Procurements were all initiated. Delayed procurement process for the various outputs. The funds have been committed and are to be absorbed since procurement processes are still on going. The funds could not be effected in quarter one since most deliveries had not been made for the capital items will be utilized in the second quarter of the financial year Procurement processes are on going and payments are yet to be effected

Challenges

- 1.(a) Inadequate staffing especially a second ARO to handle civil registration at the District and ICT staff at District and at Headquarters.
 (b) Continuous use of temporary staff who are demotivated due to job insecurity leading to low productivity and substandard work.
2. Inadequate funding affected the registration in Diaspora
3. Inadequate collaboration with key government Agencies involved in BDR
4. Connectivity from Districts to H/Q has remained a challenge in the transmission of data
5. Lack of the disaster recovery site solution
6. Halt in Alien registration
- 7.Lack of a NIRA home disruptions to day-to-day activities

Intermediate measures to address challenges

- 1.Lobbying for more funding to cover both wage and non-wage; and development funding for Business Continuity and NIRA home
- 2.Lobby to secure supplementary funding to timely fund the electoral roadmap
- 3.Establishment of fully functional district offices
- 4.Procurement of transport equipment to ease NIRA operations across the country and at headquarters
- 5.Create timely stakeholders awareness on BDAR activities especially at Districts, Hospitals, Sub counties and Health Centers
6. Enhance collaboration with key stakeholders

Matters to note in budget execution

Overall, Vote 003 total release performance for FY 2018/19 was **UGX 148.132Bn** (56%) of approved budget **UGX 491.20Bn** by second quarter. All the funds released for the period under review were fully absorbed.

The GoU component of the budget performed at 48% (**UGX 63.611Bn**) of the annual approved GoU component **UGX 131.532Bn** released by second quarter and 81% of the release was spent. The shortfall under GoU financing (**UGX 2Bn**) has affected implementation of key planned priorities (the restocking program, interventions in Karamoja, Northern Uganda, Teso, Bunyoro, among others). The External financing performed at 23% (**UGX 84.522Bn**) of the approved external financing of **UGX 359.67Bn** released. The performance of external financing is attributed to Development Response for Displacement Impact projects which is in full scale of implementation.

Vote:003 Office of the Prime Minister

QUARTER 2: Highlights of Vote Performance

A) Strategic Coordination, Monitoring & Evaluation

The Vote 003 (Office of the Prime Minister) under the programme effectively coordinated the implementation of Policies, programmes & projects across the Government. This was realized through; inter-ministerial activities such as review & provision of guidance in Policy implementation. The Vote also coordinated mainstreaming & implementation of international planning frameworks such as SDGs in the Sector/MDA work plans.

As mandated Vote 003 followed up the implementation of the Policies, programmes & Presidential Directives which led to the production of;

1. GAPR for FY 2017/18 which was discussed during Government retreat held in September 2018. A number of policy recommendations were adopted to improve Government performance & service delivery, &
2. Local Government Performance Assessment for FY 2018/19, where constraints to effective service delivery in the sectors of Education, Health & Water were identified & policy recommendations made to improve service delivery.

Office of the Prime Minister ensured that the National Budget for FY 2019/20 was aligned to the NDP II, NRM Manifesto & other Planning Frameworks through the Presidential Advisory Committee on Budget (PACOB) meetings with MDAs. Consequently, all the 17 Sectors (84 MDAs) budgets for FY 2019/20 were aligned with the Government planning frameworks & priorities.

Vote 003 coordinated the legislative agenda which was instrumental in: (i) Passing of 12 Bills (the Mental Health Bill 2014; Excise Duty (Amendment) Bill, 2018; Supplementary Appropriation Bill, 2017; Supplementary Appropriation Bill, (No. 2), 2017; National Environment Bill, 2017; Sugar Bill, 2016; Investment Code Bill, 2017; Tax Procedures Code (Amendment) Bill, 2018; National Bio-safety & Bio-technology Bill, 2012 passed as "The Genetic Engineering Regulatory Bill, 2018"; Data Protection & Privacy Bill, 2015; African Export-Import Bank Agreement [Implementation] Bill, 2018; Civil Aviation Authority (Amendment) Bill, 2017); (ii) Debating & concluding 18 Ministerial statements & 8 Committee reports; (iii) Moving & passing 13 motions & (iv) Responding to 11 questions of oral answers.

The Office of the Prime Minister designed & managed rigorous process evaluation studies for key Government interventions including; (i) Public Sector Organizations, (ii) Universal Primary Education (UPE), (iii) Family Planning programmes, (iv) Youth Livelihood Programme (YLP), (v) Vegetable Oil Development Project-II (VODP-2), etc.

Office of the Prime Minister established & implemented a rigorous service deliver chain, a system for routine tracking & reporting progress on the key priorities of government including the development of; (i) Detailed & costed implementation plans for the roadmaps of coffee 2020, cotton, textiles, apparel, Iron & steel; & (ii) SYMPO application for tracking Teacher attendance.

B) Disaster Preparedness & Refugees Management

In line with international laws & Uganda Refugee Policy Vote 003 received & settled 199,802 new refugees, granted 4,028 individuals refugee status & issued 548 Conventional Travel Documents & 9,070 IDs to Refugees. The Vote also distributed 65,684 teak tree seedlings to 300 households in Adjumani to address environmental issues in refugee hosting areas.

In the reporting period, Vote 003 conducted 585 Disaster Risk Assessments at district & sub-county levels; prepared Risk, Hazard, vulnerability profile & maps for 42 districts in the sub-regions of Karamoja, Teso, Bukedi, Sebei & Busoga; & trained 20 DDMC, DDPC on data collection in the sub-regions of Teso, Karamoja, Elgon, Kabarole & Bunyoro to improve the country's preparedness & response to disasters.

C) Affirmative Action Programmes

The Office of the Prime Minister continued to improve livelihood of the people in conflict affected areas through supporting livelihood enhancement projects, infrastructure development projects & community driven enterprises/micro-projects.

In reporting period, OPM paid 4,308 Civilian veterans a one off gratuity alias "Akasiimo" in fulfillment of the presidential pledge; distributed 37,500 h& hoes as follows, Northern Uganda (7,500), Karamoja (10,000) & Teso (20,000); distributed 16,000 iron sheets, Karamoja (6,000) & Teso (10,000) & distributed 3,633 cattle under the restocking program in Acholi, West Nile, Lango & Teso sub regions under livelihood enhancement. The Vote 003 supported 278 micro projects to enhance household incomes for youth, women, veterans & PWDs, Karamoja (25), Luwero-Rwenzori (219), Teso (25) & Bunyoro (9); appraised 356 micro projects in Teso (175) & Luwero-Rwenzori (181) for support; & supported a total of 61 PCAs in Luwero-Rwenzori to enhance financial inclusion & commercial agriculture.

In support for infrastructure development, Vote 003 disbursed **UGX 0.259Bn** for the construction of 5 teachers Housing units in Adjumani (3) & Katakwi (2) & **UGX 0.6Bn** to NUYDC for youth skills development.

Matters to note in budget execution

During the FY 2018/18, Parliament approved a total budget of Shs.31.241Bn comprising of Shs 5.231 Bn for wage, Shs. 19.831Bn for Non wage, Shs. 0.266Bn for Arrears, Shs. 1 Bn for Non Tax Revenue and Shs. and Shs. 4.913Bn for Development.

By 31st December 2018, Shs18.405 Bn of GoU funding had been released representing 58.9% of the Approved Budget . Out of the total releases, Shs. 12.655 Bn had been spent representing a 40.5% absorption rate. Low absorption was noted on wage, Development and arrears. Wage: Submitted requests to Public Service Commission; Development: The Ministry did not receive in interim certificate during the period. In addition, commencement of construction of Ramp was delayed due to failure to locate approved drawings for the Ministry buildings and title for the Ministry Land. Arrears: Documents attached to some claims could not be easily verified.

Matters to note in budget execution

There were no major / significant variances in budget execution under Programme 18 (Regional Integration). The main variances in budget execution were registered under Programme 49 (Administration, Policy and Planning). These variances were as a result of unspent balances. These included among others;

- (i) UGX 471.3 million under the item of Pension (212102): This was as a result of over release of funds during Q2
- (ii) UGX 50.6 million under the item of Gratuity (213004): This was as a result of the time of r payments not yet being due. the Payments were to be due in Q3.
- (iii) UGX 474.5 million under Sub-programme 1005: This was as a result of the procurement process for various items under Capital purchases still being conducted.
- (iv) The other unspent balances were as a result of delays by various users to submit the required paper work to enable payments to be effected.

All items performed well, apart from;

- (i) Contract staff salaries (211102) which performed at 0% absorption
- (ii) Gratuity expenses (213004) which performed at 0% absorption
- (iii) Transport equipment (312201) which performed at 0% absorption

In addition, although all funds appropriated for Uganda's contributions to the EAC (262101 - Contributions to international organizations) were released and spent up to 96.6%, the funds still remain inadequate to meet the amount of funds expected from the Republic of Uganda. A supplementary funding will be sought to address this problem

Matters to note in budget execution

1. Inadequate funding to execute NPA strategic plan
2. Limited office space which affects the working environment
3. Ever emerging demands and increasing expectations from NPA which constrain both the budget and existing staff capacity

Matters to note in budget execution

- The Development Budget is performing at 24.47% because the purchase of the Motor Vehicle has not yet been concluded, the funds have not yet been spent.
- The Wage component of the budget is performing at 62.4% due to the fact that the Salary Structure for specified officers of the Commission is yet to be released by Ministry of Public Service for funds to be spent.
- Gratuity component of the Budget is performing at 30.5% due to the same reason above.
- There was a revision of the budget where Ugx 0.031bn was vired from recruitment Expenses to the Development Budget to cater for purchase of transport equipment.

Programme: 1352 Public Service Selection and Recruitment

Vote:146 Public Service Commission

QUARTER 2: Highlights of Vote Performance

0.435 Bn Shs	SubProgramme/Project :01 Headquarters (Finance and Administration)
<p>Reason: On travel abroad, some service providers were not on IFMS, funds are already committed. The major balances were due to postponement of training for 2 officers in China which was pushed to Q2 and Gratuity payments which are paid at the end of contract year for contract staff.</p> <p>Most balances were due to front loading for the whole FY, for Vehicle maintenance, the procurement process is still on-going. Gratuity payments have not matured. Travel abroad activities are scheduled for Quarter 2, while Gratuity is paid at different dates of contract dates for members. Cleaning and Sanitation funds are already committed.</p> <p>Major unspent balances in Finance and Administration relate to pending payment to Dango Enterprises for Development of E-recruitment System, Gratuity expenses which are expended on the Contract dates of members and staff and the forthcoming travel by the PSC team to African Public Service Commissions Meeting (AAPSCOMS).</p>	
0.037 Bn Shs	SubProgramme/Project :02 Selection Systems Department (SSD)
<p>Reason: Balances are due to delayed conclusion of procurement process and the awaiting installment due to consultancy. The balances relate to pending payments to Africana hotel, which was not on IFMS system by end of Qtr, and Consultancy funds reserved for Dango Enterprises for Last Certificate. Residual balances after execution of the budget. Part of the fees were for settlement of Makerere University fees in respect to aptitude exams which is yet to be cleared. Variations explained below.</p>	
0.013 Bn Shs	SubProgramme/Project :03 Guidance and Monitoring
<p>Reason: Noteworthy balances due to delayed conclusion of the procurement process. Most items carried residual amounts after spending n planned activities. Procurement process for assorted items under stationery was underway. Funds relate to finalization and printing of the PSC Strategic Plan which is in the final stages of approval. Various reasons as explained below.</p>	
0.009 Bn Shs	SubProgramme/Project :04 Internal Audit Department
<p>Reason: Funds earmarked for training which will be conducted in Q3 and Q4. Funds not enough for travel, waiting for additional funding to do exercise in next Qtr. The Internal auditor is due to travel for training in Q2. Amounts reserved for payment for staff training, while Travel funds are reserved for AAPSCOMS Meeting.</p>	
0.290 Bn Shs	SubProgramme/Project :0388 Public Service Commission
<p>Reason: The development budget of the Commission was released in Q2, the procurement have been initiated but could not be concluded. The contract for procurement of the Van is at Solicitor Generals office for approval. Funds were committed for purchase of furniture. Amounts released not enough to complete planned procurements. Procurement process for furniture and motor vehicle is ongoing and bids are being evaluated. Contract of purchase of Motor Vehicle was concluded and an advance payment of 30% made against bank guarantee. The outstanding will be paid upon delivery.</p>

Matters to note in budget execution

Challenges faced in the budget execution for the quarter were because of delays in the procurement process for purchase of vehicles.

Table V1.3: High Unspent Balances and Over-Expenditure in the Domestic Budget (UshsBn)

<i>(i) Major unspent balances</i>	
Programme's , Projects	
Programme: 1353 Coordination of Local Government Financing	
0.009 Bn Shs	<i>SubProgramme/Project :01 Administration and support services</i>
Reason: The bulk of the unspent is on accumulated gratuity to be paid at the end of second quarter but the rest of the funds are accrued invoices to be paid in quarter two The bulk of the unspent balances relates to workshops and seminars. Awaiting completion of the procurement process The unspent balances were planned for the Members of the Commission who were to be appointed	
0.022 Bn Shs	<i>SubProgramme/Project :02 Revenues for Local Governments- Central Grants and Local Revenues</i>

QUARTER 2: Highlights of Vote Performance

Reason: Due to inadequate release for the quarter some of the activities could not be held hence funds were accumulated for quarter two e.g negotiation workshop. For Maintenance - Vehicles it was delays in procurement process Awaiting invoices to settle obligations The biggest unspent balances are due to delays in invoices	
0.013 Bn Shs	SubProgramme/Project :03 Research and data management
Reason: Await for undelivered invoices but to be offset in quarter 2 Payments due for workshops held at the close of the Financial period Awaiting completion of the procurement process	
0.405 Bn Shs	SubProgramme/Project :0389 Support LGFC
Reason: Accumulation of funds fro purchase of the Vehicles Procurement Process is on going Funds are being accumulated for the 30% down payment for purchase of cars Funds disbursed not adequate for the 30 % initial deposit required for the procurement of two vehicles	
(ii) Expenditures in excess of the original approved budget

Matters to note in budget execution

Vote:008 Ministry of Finance, Planning & Economic Dev.

QUARTER 2: Highlights of Vote Performance

In execution of the Ministry mandate, the following were the key challenges:

- i. Supplementary pressures which distort budget credibility. By half year a total of Ushs 462.84bn was approved.
- ii. As a result of challenges in procurement processes, acquisition of right of way, compensation and approval processes, there's low absorption of funds in projects.
- iii. The Excise duty on Over the Top Services did not perform well due to insufficient mechanisms to monitor Virtual Private Networks (VPNs) which affected the projected revenue performance for the period.
- iv. Very limited resources for IT performance Quality Assurance and Logistical support to the IT activities impacted on systems functionality
- v. Untimely submission budget information by sector Ministries, Departments and Agencies;
- vi. Capacity gaps in technical analysis, communication and writing skills and project appraisal techniques
- vii. The implementation and roll out of risk management practices as highlighted in the RMS is being impacted by inadequate staffing, lack of training, lack of funds for awareness, publication and dissemination of risk management literature and related documentation
- vii. Noncompliance with reporting guidelines and timeliness by Internal Audit staff from various MDALGs
- vii. Untimely submission and provision of project information by Ministries, Departments and Agencies, Delays in clearance and approval of procurements, low capacity of MDA's in project preparation and appraisal processes, low staffing level under PPP Unit.
- viii. Inconsistency in LG PFM legislation particularly the PFM Act 2015 with the Local Government Act 2007

Performance highlights for Half-Year

1) H.E. the President signed the Zero Tolerance to Corruption policy. When DEI receives funds, it will now start disseminating the Policy.

2) Regarding the Leadership Code, a meeting was conducted, and the Leadership Code (Declaration Form) Regulations 2018 were drafted, approved, and signed by the Hon. Minister. They have been sent to Uganda Printing and Publishing Corporation for gazetting and printing. The Leadership Code Tribunal is being established at DEI.

3) In line with enhancing collaboration and partnership between Government and Religious/Faith Bases Organisations in the fight against Corruption and offshoots of moral decadence, DEI carried out wide consultative meetings and a Draft RFBO policy is being worked on as a framework to implement the collaboration effort.

4) International Anti-Corruption week was commemorated with a theme "Citizens' involvement in the fight against corruption: A sustainable Path to Uganda's Transformation"

5) Anti-corruption laws were disseminated to Police Officers at the following Police Stations:

a) Busoga Region: Stations at Jinja, Buwenge, Kamuli, Luuka, Mayuge, Iganga, Bugweri, Bugiri and Namutumba.

Vote:112 Ethics and Integrity

QUARTER 2: Highlights of Vote Performance

b) Savannah Region: Stations at Nakasongola, Migyera, Kiwoko, Nakaseke, Luwero, Kasana and Wobulenzi.

c) Katonga Region: Stations at Mpigi, Butambala and Gomba and Kampala Metropolitan Police North Region of Kasangati, Wakiso, Kakiri and Masulita.

6) A follow up - support meeting with Maracha District leaders on the importance of ethics and integrity in service delivery was conducted. The aim was to enhance capacity of Local Government leaders in effective leadership and accountability. Key emerging issue was that of inadequate monitoring of government programs and sharing such information and reports by the office of the RDC. Agreed way forward was to whenever necessary undertake Joint inspections and monitoring of government programs and projects for effective service delivery.

7) Monitored implementation of National Anti-Corruption Strategies (NACS) in ten (10) districts. Officials committed themselves to make DIPF functional because it is through this forum that NACS proper implementation can be achieved.

8) Pornography Control Committee (PCC) has drafted the Anti-pornography Guidelines for public events and the document is ready for submission for approval.

9) A follow up - support meeting with Maracha District leaders on the importance of ethics and integrity in service delivery was conducted. The aim was to enhance capacity of Local Government leaders in effective leadership and accountability. Key emerging issue was that of inadequate monitoring of government programs and sharing such information and reports by the office of the RDC. Agreed way forward was to whenever necessary undertake Joint inspections and monitoring of government programs and projects for effective service delivery.

10) Monitored implementation of National Anti-Corruption Strategies (NACS) in districts. It was agreed that DIPF should be made active because it is through this forum that NACS proper implementation can be achieved.

11) DEI conducted on spot inspection of pornography hotspots at New Best Hotel Busega by the PCC members with the assistance of police from Kampala Metropolitan Police. The management of the Hotel had conformed to the agreed standards as prescribed by the Committee.

12) In line with instituting criminal proceedings on pornography offenders, investigations are on- going for two cases which the detectives are following up on, namely;

a) A case was reported from West Ankole Diocese where a lady posted pornographic materials.

b) A case of a Standard Chartered Bank employee who posted her nude pictures on the Internet.

13) In line with Developing Anti- pornography Guidelines for public events, Executive Director of KCCA requested to be furnished with guidelines to be followed during the KCCA annual festival for this year, the committee has since Drafted the Anti-pornography Guidelines for public events and the document is ready for submission for approval.

Matters to note in budget execution

a) Under program 1458 Prevention of ML/FT, Prosecution and confiscation of proceeds of crime, 16.6% of funds released was not spent. 46.4% of funds released for information System administration and security was spent. This is because the consultant delayed complete delivery of the services. Therefore payment could not be effected.

b) Under program 1459 Policy, International Cooperation and Mutual Legal Assistance 27% of funds released were not spent. This was mainly due to the delayed appointment and inauguration of the FIA board yet funds were already committed for board related activities.

c) The delays of the service providers to submit invoices also affected the timely disbursement of the committed funds

Programme: 1458 Prevention of ML/CFT, Prosecution and confiscation of proceeds of crime	
0.087 Bn Shs	<i>SubProgramme/Project :02 Legal, Inspection and Compliance</i>
<p>Reason: All trainings were rescheduled to QII There was some savings made during implementation as some planned activities were scaled down There was delayed implementation of the activities attributed to inadequate budget line allocation on some lines where procurement could not be effected and activities shifted to the next quarter. There was delayed implementation of the activities attributed to lengthy procurement processes and activities shifted to the next quarter. These funds are already committed and payments will be made in Q3</p>	
0.064 Bn Shs	<i>SubProgramme/Project :03 Operational Analysis</i>
<p>Reason: There was slow progress in gathering intelligence information. expenditures are deferred to Q3 Service providers delayed to submit sufficient documents to warrant payment The newly recruited staff had induction training. This could not allow staff to go for field work activities. Also the procurement process for consultancy services was not concluded on time. These activities were pushed to Q3 Travel abroad: The activity was rescheduled to QII Printing stationery, photocopying and binding: There was a delay in the procurement process and activity pushed to QII, Staff Training: Trainings were rescheduled to QII Classified expenditure: there was savings from activities previously planned (investigations and intelligence gathering is required.) The activities were rescheduled to Q3 because the staff were engaged in other critical activities and there was slow progress in collecting and gathering intelligence information from sources.</p>	
0.179 Bn Shs	<i>SubProgramme/Project :04 Information Systems Administration and Security</i>
<p>Reason: there was delay in the recruitment of seconded staff. the activities deferred to Q3 All the workshops and staff training were rescheduled to QII and Telecommunications there was delay in receiving bills from service providers and delay in procurement for computer supplies There was delay in initiating procurement process and some activities were rescheduled to Q3 due to other critical activities such as finalizing GoAML. Consultant's delayed finalisation of the assignment and payment will be done in Q2 on conclusion of exercise and payment for computers will be executed upon delivery of necessary documents Consultant delayed to finalise the assignment in Q2 and payment will be made in Q3 on conclusion of exercise. Subscription fees will be paid in Q3</p>	
Programme: 1459 Policy, International Cooperation and Mutual Legal Assistance	
0.908 Bn Shs	<i>SubProgramme/Project :01 Headquarters</i>
<p>Reason: Funds were reserved to meet the cash requirement on rent, gratuity, and abroad travel. this is due to release unpredictability. in other cases, activities were deferred to a future date. Delayed appointment of the board, accumulated gratuity to be paid at the end of Q4 and rent to be paid in Q2 Delays in the procurement of computer supplies, a need to set up a Training Committee to assess the training needs of the authority and the delay to appoint and inaugurate the FIA Board resulted into increased unspent funds. These activities were pushed to Q3 and funds are committed. There was variation on Workshops, Staff training and allowances as result of rescheduling the activities to QII as the Authority prioritized activities related to FATF. Guard and security Services there was a delay in finalizing contract signing and the activity pushed to QII The gratuity is accumulated to cover all staff in June 2018 and other activities were rescheduled to Q3 as a result of prioritizing other critical activities</p>

QUARTER 2: Highlights of Vote Performance

Reason: Activities differed to Q2

The National risk Assessment exercise took priority over other activities. Sensitisation workshop of Forex bureaus did not take place this quarter because FIA staff were involved in the NRA report dissemination activities. It is scheduled for Q2

Public awareness activities which were planned for Q2 did not take place and were pushed to Q3.

Some services were procured and Funds committed but not yet paid. Payment will made in Q3.

The planned workshop was rescheduled to QII as the Authority was engaged in finalizing ICRG-FATF activities.

Printing, stationery and photocopying was as result of delay in procurement and the activity pushed to QII

Travel abroad was a result of savings made when the number of officers envisaged to travel reduced due to other urgent activities at the office. The travel was rescheduled to QII.

Welfare was a result of delayed payment of service providers. This is rescheduled to QII

some activities rescheduled to take place in Q3.

0.051 Bn Shs *SubProgramme/Project :06 Internal Audit*

Reason: Funds have been accumulated to be spent after the quarter when conducting audit of Q1 activities

Statutory audit for FY 2017/2018 for FIA was carried out in Q2. Therefore, staff did not have time to go for training and field activities. These activities were pushed to Q3 Procurement process ongoing

The Internal Audit Department is under staffed. so some of the activities could not take place. Workshops was rescheduled to QII due to urgent ICRG FATF activities

Travel Abroad the balance can not cover travel requirements and funds will be added in QII

maintenance of vehicles .The vehicles were well maintained during the Quarter.

There was limited field activities and hence less vehicle maintenance and the workshops activities were rescheduled to Q3 due to staff engagement in other critical activities.

0.046 Bn Shs *SubProgramme/Project :1423 Support to Financial Intelligence Authority*

Reason:

inadequate funds release in the first quarter coupled with the lengthy procurement process delayed implementation

Delayed submission of delivery documents to process payment There was delay in procurement process and the expenditure is to be effected in QII

insignificant release to meet the required amount to procurement requirement.

Matters to note in budget execution

Overall variance in budget execution can be attributed to the focus on producing the Annual Report of the Auditor General for FY 2017.18. This meant that several activities were deferred and shall be conducted in the third and fourth quarters. In addition, performance variation is as a result of audits which remained in progress.

	<p>Reason: The resultant balances in this Sub-Programme can be attributed to on-going completion of audit activities. These balances shall be spent in Q2.</p> <p>Unspent balances are due to the busy Q2 schedule during which all efforts are focused on the production of audit reports. In addition, some audits remained in progress and these shall consume the activity based balances in Q3. The unspent balances can be attributed to audits which remain in progress and delayed submission of procurement for service providers.</p> <p>Unspent balances are mainly attributed to audits in progress, delayed procurement of service providers and on-going production of individual entity reports.</p>

	<p>Reason:</p> <p>The observed under expenditure can be attributed to audits in progress and the busy audit schedule in Q2. These balances shall be utilised in Q3. Funds have been underutilized due to audits remaining in progress. Also delayed submission of requests has delayed the procurement of service providers.</p> <p>Under expenditure is due to delayed procurement of service providers, the timing of payments to audit firms, PSA audits in progress and on-going production of individual entity reports.</p>
0.201 Bn Shs	<i>SubProgramme/Project :04 Local Authorities</i>
	<p>Reason: The expenditure variation is due to ongoing audits which shall be concluded in Q2.</p> <p>Variation in absorption is due to the on-going audit of Lower Local Governments which shall be completed in Q3. In addition, some training activities were deferred to Q3. Unspent balances in this Sub-programme are due to on-going audits which shall be completed in Q2. In addition, delayed submission of requests from users has resulted in delayed procurement.</p> <p>Unspent balances are due to delayed procurement of service providers, the timing of payments to audit firms, and on-going audits of sub-counties and schools.</p>

0.194 Bn Shs	<i>SubProgramme/Project :05 Value for Money and Specialised Audits</i>
	<p>Reason: Ongoing audits, delayed submission of procurement requests from users and delayed remittance of NSSF account for the unspent balances in this sub-Programme.</p> <p>Fund balances on the items below are due to delayed procurement and payment of service providers, the timing of payments to audit firms and on-going VFM and specialised audits. Variation in expenditure can be attributed to ongoing audit activities and delayed hiring of consultants.</p> <p>Fund balances are due to audits in progress which shall be concluded in Q3.</p>
0.171 Bn Shs	<i>SubProgramme/Project :06 Forensic Investigations and Special Audits</i>
	<p>Reason: Ongoing audit activities resulted in the unspent balances under this sub programme</p> <p>The tight audit schedule in Q2 put training and payment of allowances on hold while activity lines remained unspent due to ongoing audit activities. Unspent balances are attributed to delayed remittance of NSSF, audits still in progress and pending procurements.</p> <p>Under expenditure can be attributed to delays in the procurement process, timing of payments to external audit firms and on-going audits which are yet to be completed.</p>
Programme: 1417 Support to Audit services	
1.749 Bn Shs	<i>SubProgramme/Project :01 Headquarters</i>
	<p>Reason: Ongoing activities and procurement delays resulted in the observed unspent balances.</p> <p>Concerted efforts towards completion and submission of the Annual Report of the AG which is our core output resulted in several activities being deferred until Q3. The fund balances in this sub-programme can mainly be attributed to delayed procurement of service providers and on-going activities which meant funds remained un-utilised but shall be consumed in Q2.</p> <p>Delayed procurement of service providers, delayed payment of service providers and on-going audit support activities account for the balances under this sub-programme.</p>
3.141 Bn Shs	<i>SubProgramme/Project :0362 Support to Office of the Auditor General</i>
	<p>Reason: Procedural delays and under release of projected funds resulted in unspent balances</p> <p>The general cause of the variation is delays in the procurement processes at various stages. Under release of development funds and delays in the procurement process hampered expenditure. Funds will be utilised in Q2.</p> <p>Fund balances can be attributed to delayed procurement processes and balances on projected expenditure.</p>

Matters to note in budget execution

The budget absorption level for Q2 was at 97.5% against a target of 100.00%. The variation was due to unspent balances on Electronic Fiscal Devices (EFDs), transport equipment as well as a supplementary budget received for advertising and public relations at the end of second quarter.

QUARTER 2: Highlights of Vote Performance

	Reason: Some invoices were not delivered by end of quarter 1, however the supplies were delivered and these invoices will be paid in quarter 2. Customs' training that was meant to take place in December 2018 was rescheduled to January 2019 due to a number of activities that were going on during the period. This money is for unpaid medical allowances for invoices not yet received but were due for payment by close of the quarter UGX 0.036 billion was unspent in second quarter due to undelivered invoices by service providers of the telecommunication and information technology. On the other side, less was spent on electricity than projected.
0.035 Bn Shs	SubProgramme/Project :04 Legal Services
	Reason: A few legal cases were handled in quarter 1, hence the under-spending in quarter 1. Received a supplementary budget at close of quarter two. This is for special allowances for work which will be completed in the next quarter

Performance highlights for Half-Year

Revenue collections performed at 104.58% in Q2, hence registering a surplus of UGX 197.36 billion. The average filing ratio for PAYE and VAT was at 76.41% while the a total of 44,495 new taxpayers were added onto the register against a target of 28,419. The taxpayer register was boosted by TREP initiatives as well as block management system. On the other hand, the average filing ratio was adversely affected by the non-compliance of local government institutions such as sub counties, especially under PAYE tax head.

Matters to note in budget execution

The Current Budgets Cut by Close to 4 billion created a challenge in the actual execution. Time was lost during the adjusting period to enable activity harmonization.

1. Continued absence of arrival and departure cards at the border posts affects the quality of tourism statistics.
2. increasing non response especially in urban areas.
3. Creation of new geographical administrative areas.
4. Border conflict affects timeliness data collection
5. Refusal by some farmers to measure their gardens
6. Absence of Data on the new administrative areas

Reason:

Funds for Manpower and Panel Survey reports printing

The delay to commence the Field data Collection exercise led to delayed utilization of these funds, but there are invoices in process.

There were some delays in procuring the civil works. This was sorted out towards the end of December 2017 and we have invoices in process.

There was a procedural delay to secure the design certificate by the consultant. This has been secured now and so far 99Million paid and other invoices are in process

Most resources are now due for payment

Various comited funds to be paid out in March 2017There were Notable delays in the procurement processes
Procurement expected to be concluded in February 2019

QUARTER 2: Highlights of Vote Performance

1. Economic Statistics

The Bureau produced the revised GDP estimates for the fiscal year (FY) 2017/18 showing that the economy grew by 6.1 percent compared to the growth of 3.9 percent in Fiscal Year 2016/2017. This growth is higher than the preliminary growth of 5.8 percent reported in Dec. 2018. The size of the economy in 2017/18 is now estimated to be 100.5 Trillion shillings compared to 91.7 Trillion shillings in FY2016/17. The strong growth was experienced in almost all sectors of the economy.

Population and Social Statistics

The Bureau compiled population projections at National and Sub-National levels for all the districts as an input to the budgeting process for 2019/20. Accordingly, the Indicative Planning Figures (IPFs) were produced for FY 2019/20 for all the 135 districts and data compiled included land area, population data and poverty figures

Censuses and Surveys

During the quarter, the Bureau embarked on the conduct of the Census of Business Establishments (COBE). The last comprehensive COBE was undertaken in 2009/10 and during the quarter, enumerators were recruited and trained on how to undertake the census using the Computer Assisted Personal Interview (CAPI).

1. Coordination of the National Statistical System

The Bureau finalized the UBOS Sector Strategic Plan for Statistics (SPS) for FY2018/19 – 2019/20 following the approval from NPA and also Strategic Plans SPSs for 40 Higher Local Governments (HLG) was printed and disseminated. To enhance the performance of the National Statistical System (NSS) the Bureau reconstituted the Steering Committee for the NSS and data working groups for the 2015 Sustainable Development Goals to fast track the production of statistics. Also, the National Standard Indicators (NSI) were launched and the Bureau embarked on the development of the sector level strategic plans for statistics for sectors starting with the sectors of Defence, Security and ICT.

Matters to note in budget execution

1. Limited audit coverage. The Authority currently conducts audits on a sample and risk basis. The current audit coverage is only 35% and this position is continuously being worsened by the ever increasing number of both central and Local Government Entities.
2. Delays in amendments to the Local Government PPDA Regulations: The amendment process of the Local Governments (PPDA) Regulations was halted; pending the finalising of the review of the PDPA Act. It is now planned that the review of the PPDA Regulations and Local Government PPDA Regulations shall be reviewed at the same time for a harmonised position. This delay in the amendments of the Local Government PPDA Regulations may continue to hamper efficiency in the Local Government.
3. Old fleet of vehicles yet most of the PPDA activities are field based. This implies that the Authority is not able to send multiple teams to the field to implement the planned activities.

QUARTER 2: Highlights of Vote Performance

Reason: Delayed recruitment process and delayed completion of tasks by the various service providers.

Staff turnover in addition to Delayed recruitment of staff. Delayed recruitment, Delayed procurement processes and postponement of activities to Q2 of the financial Year.

Delays in the procurement Process and postponement of some activities. There were delays in procurement of some of the services budgeted for and in the recruitment process for the new staff. However, contracts are in place for all the procurements and all the funds have been encumbered.

the delayed completion of the recruitment process to fill the vacant positions in the Authority resulted in unspent balances under wage while delays in the procurement process or delivery of final deliverables resulted into unspent balances under the lines of non wage recurrent and development budgets.

2.296 Bn Shs SubProgramme/Project :1225 Support to PPDA

Reason:

Delayed submission of project progress reports by the consultant, delays in procurement for motor vehicles and delayed submission of interim completion certificates by the project main contractor. Lack of adequate funds to kickstart the construction project and delays in the procurement process for various capital purchases.

Inadequate funds to kickstart the construction process for PPDA office block and delays in the procurement process by the third party procuring agent. The funds earmarked for the Construction of the PPDA - URF project could not be absorbed because the Authority is in the process of procuring a construction contractor and secondly the budgetary allocation for the project is not adequate to kick start the construction project.

The budgetary allocation for non residential buildings is not adequate for the Authority to kick start the construction process.

QUARTER 2: Highlights of Vote Performance

1. PPDA completed 19 procurement and disposal audits where 34% of the contracts were rated highly satisfactory, 50% were satisfactory and 16% were rated unsatisfactory.
2. The Authority conducted fifty-three (53) compliance checks to inspect the records and proceedings of the Procuring and Disposing Entities to ensure full and correct application of the PPDA Act, 2003.
3. The Authority completed 12 investigation worth UGX 1.1 Trillion and found merit in 5 cases which revealed gross flouting of procurement procedures. The Authority recommended corrective measures such as disciplinary action to the responsible staff in the PDEs.
4. 17 applications for Administrative Review with a total estimated cost of UGX 78 Billion were handled by the Authority where one application was upheld, one application was withdrawn and 16 applications were rejected.
5. 2 applications accreditation for alternative procurement systems were granted to entities which found the application of PPDA Act in its entirety deterrent to their day to day operations. Such Entities are mainly profit motivated government Agencies.
6. The average number of bids received for all procurements irrespective of which method was used remained 2.8 bids per procurement.
7. The proportion of contracts awarded to local providers is 91.5% by value and 99% by number since local contractors continue to dominate the low value procurement contracts.
8. The vendor for the Electronic Government Procurement System commenced on customizing the system to fit the needs of the government of Uganda. The software specifications report was reviewed and forwarded to the vendor. The Authority is also working on the various systems which e-GP will interface with like the PBS, e-tax, NIS, IFMS among others. The Authority recruited all
9. The average lead time taken to complete the procurement cycle with open domestic bidding method is 164 days.
10. The implementation rate of the aggregated procurement plans for FY 2018/2019 for central government Entities as at December 2018 was 14.1%.
11. The Authority handled one application for deviation from the use of standard bidding document in respect to procurement of an Integrated Human Capital Management system based on the World Bank Bidding document.
12. Out of the eighty eight (88) cases, 12 were deferred pending outcome of the court cases, nineteen (19) were suspended, three (3) were not suspended because the Authority did not find merit in the grounds, two (2) were referred to Criminal Intelligence and Investigation Directorate for further investigation and fifty two (52) cases were still under investigation.
13. During the period, a total of 2,030 providers were registered, of these 937 are new registrations while 1093 providers renewed their subscriptions. UGX 222,042,602 was generated from the Register of Providers.
14. PPDA conducted follow up activities in 14 PDEs. A total of 306 recommendations were reviewed and of these 199 recommendations (65%) were found to have been implemented and 107 recommendations (35%) were either partially implemented or not implemented.
15. PPDA conducted training under supply and demand driven arrangements targeting different stakeholders bringing the total number of participants trained during the quarter to 263 stakeholders.
16. Conducted a survey to update the list and average prices of items commonly procured by Entities and produced a price list which is used as indicative figures for procurement planning.
17. The site for the proposed PPDA-URF office block was handed over to M/S Seyani International and the project is expected to last 48 months. The contractor has completed excavation works and commenced on the foundation works for the construction project.

Matters to note in budget execution

A total of 510 million Ugs was released as supplementary funds for Mbale Industrial Parks Squatters. The Annual Budget of 10.984bn Ugs does not include the supplementary release and hence a seemingly over-release of 178.6% under the Industrial Parks Project.

The annual budget needs to be revised by additional Ugx 510m to make it Ugx 11.494bn so as to reflect the Mbale Supplementary release.

Reason: UIA got on the IFMS system late into the quatre and several people were not able to transact. There were user challenges in procurement on IFMS being first time. However, all these are being ironed out and most of the payments have been made in Q 2.	
The unspent balances are mainly due to delays in expenditure as a result of delays in procurements and delivery. Most expenses were/are to be cleared in Q3. Gratuity which is the biggest expenditure is scheduled for Q4.

Reason: The compensation of squatters of Mbale Land is ongoing as per the Chief Government Valuers recommendations. UIA is endeavoring to pay the squatters as immediately as they satisfy the requirements. The consultants for the extension of power and maintenance of roads in the industrial parks are carrying on the work and payments will be executed in Q3.

Reason: UIA was not able to make all Investment Promotion payments within the quarter because the institution was technically put on IFMS late into the quarter. The process of registration of suppliers, customers, staff took some time. UIA was unable to make critical payments and are continuing to pay within Q2 now that the system is being streamlined. The Home is Best Diaspora Summit in Jinja was the main activity for which funds were allocated in Q2 for the Investment Promotion Division. The activity was successfully carried out between 17th and 19th December 2018 and the service providers paid in December and others who had not submitted all the necessary documents paid in January 2019

Reason: UIA was not able to make all Investment Facilitation payments within the quarter because the institution was technically put on IFMS late into the quarter. The process of registration of suppliers, customers, staff took some time. UIA was unable to make critical payments and are continuing to pay within Q2 now that the system is being streamlined. Most of the travel to regional industrial parks was delayed/ halted due to the break down in field vehicles. As such the travel inland and allowances budget lines were affected.

Reason: UIA was not able to make all One Stop Centre payments within the quarter because the institution was technically put on IFMS late into the quarter. The process of registration of suppliers, customers, staff took some time. UIA was unable to make critical payments and are continuing to pay within Q2 now that the system is being streamlined. The One Stop Centre had a lot of new contractors on the system who had to be registered on the system and a number of activities needed consolidation so that execution could proceed. Payments were eventually done in early January 2019

QUARTER 2: Highlights of Vote Performance

This report reflects the business disposed of by the 10th Parliament from the beginning of its third session. During this period a number of activities were executed with more emphasis on oversight activities.

In summary, the following achievements were cumulatively attained by end of quarter two of FY 2018/19

Eleven Bills passed of the annual planned 20, 23 Committee Reports debated and adopted by Parliament against the annual planned 50; 28 Resolutions on motions passed against the planned 40; 41 of the planned 60 Ministerial statements were presented to Parliament and debated; 62 oversight Field Visits against the 150 planned for the year were carried out and 120 questions for oral answers responded to.

The sector commenced construction of a new Chamber in order to provide adequate and conducive environment for effective and efficient legislation for sustainable development as articulated in the NDPII sector objectives. However, the project was relatively behind schedule on account of delayed approval and acquisition of the CHODGM Monument Park to allow working space (Erection of the Crane) and shifting of the water mains. The sector continues to engage the contractor to devise ways of speeding up the project in line with the workplan. This has since been resolved and the works are progressing on well to even cover up the lost time.

The sector will remain committed to delivering on its mandate as emphasized in the National Development Plan II and the Sector Strategic plan notwithstanding a number of challenges as highlighted below:-

- I) The need to Strengthen the institutional capacity of Parliament to deliver its mandate effectively through implementation of capacity development programmes for the 10th parliament.
- II) The need to improve working environment for Members and staff of Parliament through expansion of the physical space of the existing Parliamentary Buildings for effective legislation and,
- III) Strengthen Parliamentary oversight function geared towards improved service delivery because of the more resources needed

Performance highlights for Half-Year

The overall performance during the first half of the FY 2018/19 stands at 82% of the released funds of the Quarter. The sector observed an under performance on the development budget (10%) on account of delays in acquisition of the CHOGM gardens to avail adequate operating space to the contractor as reported above

The Parliamentary Commission however registered 100% and 94% performance on wage and non-wage respectively (Including Government Contribution to East African Community)

It is important to note that the non-wage budget falls short of UGX.101.042Bn. This required catering for emoluments of Members of Parliament arising from allocation of a budget below the operation level of FY 2017/18 during budget approval.

QUARTER 2: Highlights of Vote Performance

Reason: 1. Because the Vice President's programmes spill over, there is need to preserve funds at the end of a quarter as the Vote awaits release of new funds.

2. The are bills that were pending payment though the funds were encumbered.

These balances generally cater for the the programmes in the new quarter as the vote awaits a new release. The bulk of the unspent funds was in utility bills which were still under verification by the end of the quarter.

The bulk of the unspent funds was due to pending bills that ought to be cleared in the third quarter. The overall cause of the variation was due to the need to preserve funds for the VP in the second quarter before new funds are released and pending bills from service providers

The unspent balances were largely due to pending bills and the need to spare funds for the new quarter before the new release.

9.138 Bn Shs *SubProgramme/Project :03 Administration and Support to the President*

Reason: The nature of the President's programmes necessitates that some funds are reserved for the new quarter as the Vote awaits a new release

The unspent funds were due to:

1. Pending bills that were yet to be verified.

2. The need to reserve funds for the President's programmes in the new quarter before the new release. There were a number of reasons to explain this variation as below:

1. The need to reserve funds for the Presidency programmes in the second quarter before new funds are released.

2. Ongoing procurement processes.

3. Undelivered demand notes from suppliers.

These unspent balances were due to:

1. The need to reserve funds for the new quarter before a new release.

2. A scheduled jet maintenance operation in early January.

3. Gratuity expenses to be paid in the third quarter.

0.006 Bn Shs *SubProgramme/Project :04 Internal Audit*

Reason: The balances was due to the exclusion of staff members from the system due to lack of supplier numbers

Funds were preserved for the new quarter before a new release. The bulk of the balances was due to the exclusion of staff members from the system due to lack of supplier numbers and on going procurement processes

The bulk of unspent funds under this sub-programme was due to ongoing procurements and the need to reserve some funds for the new quarter before new funds are released. The bulk of unspent funds was due to unpaid bills whose funds had been encumbered by the end of the quarter.

By the close of the quarter, there were some pending bills that were yet to be settled.

0.175 Bn Shs *SubProgramme/Project :06 Presidential Initiatives*

Reason: The bulk of resources was preserved for the new quarter as the Vote awaits a new release

The bulk of unspent funds was due to ongoing procurement processes and the need to reserve some funds for the new quarter before the new release. The bulk of resources was preserved for the new quarter as the Vote awaits a new release and on going procurement processes

The bulk of this balance was due to the need to reserve funds for the new quarter before new funds are released.

2.188 Bn Shs *SubProgramme/Project :0008 Support to State House*

Reason: I addition to on going procurement processes, the scheduled maintenance of the Helicopter and Jet starts in second quarter.

The bulk of unspent funds was due to the ongoing procurement processes. The procurement process of most of the capital items was not concluded within the quarter.

The procurement process was not fully complete at the end of the quarter. The unspent funds were encumbered and yet to be spent. The reason for unspent balances under capital expenditure was due to on going procurement processes.

The unspent balances were due to on going procurement processes as well as the scheduled maintenance of the Aircraft in early January 2019.

Performance highlights for Half-Year

The logistical support, welfare and security necessary for the efficient operations of the Presidency were provided. Maintenance of the official places of residence for the President was done. Procurement of various equipment was done.

The Presidency promoted regional peace and international relations through State and Official visits, hosting various Heads of State as well as attending regional and international meetings. Key among the regional engagements was H.E's attendance at the Peace celebration day in Juba where he hailed President Kiir and Machar for signing the revitalized peace agreement.

The Presidency was also engaged in the promotion of trade and investment. H.E mobilized a number of both local and international investors assuring them of security especially in the industrial park areas. In addition, the President commissioned 6 newly established factories in Namanve Industrial Park.

The Presidency mobilised masses and leaders across the country sensitizing them about socio-economic transformation, peace and development. H.E commissioned the Uganda National dialogue process where he emphasized that the National Resistance Movement Government had distilled the four principles of patriotism, Pan-Africanism, socio-economic transformation and democracy in order to overcome the past problems of the country.

State House continued with its poverty alleviation efforts various villages across the country. Model villages of Kikyusa, Kawumu, Adjumani, Busiita, Mangho, Sanyonja, Mwanyanjiri, Naluvule, Kalera, Rwentondo, Bwera, Baralege and Madi-Okollo were provided with agricultural inputs, animals and training.

The Public Infrastructure monitoring Unit of State House monitored a number on going public works and infrastructure projects including the Kyenjojo-Fortportal road, Kyenjoojo-Kabwooya, Kabwooya-Bulima and Bulima-Kigumba roads, the Standard Gauge Railway (SGR) project, Namugongo martyrs shrine, Karuma and Isimba plants among others

The President launched the Anti-Corruption Unit under State House charged with providing a missing link to Government's efforts to weed out corruption.

Matters to note in budget execution

The Mission in the execution of its mandate still continues to encounter the challenges of harsh weather conditions that are extremely cold during winter and hot in summer. This renders the Mission a hard to live station requiring Government to consider paying hardship allowance to the Mission staff.

Matters to note in budget execution

The Total Release was used 100% but Mission over all performance was hampered by challenges enumerated below;

Limited funding to fulfill mandate

Language barrier as most deliberations are conducted in Arabic

Terrorism in some areas and the war in Syria

Ugandan products not meeting Import standards of countries of accreditation

Absence of an MOU to operationalise externalization of Ugandan labor in countries of accreditation

Lack of Access to E-Visa Application system

Lack of Timely feed back from MDAs

QUARTER 2: Highlights of Vote Performance

Reason: This amount was utilized on FSA, Medical and Rent so, the Accounting Officer is requesting for a revision on expenditure limits for this FY 2018/19 and Next Financial year 2019/20. this will create over expenditure on employee costs if not resolved now. waiting for the balance on funds meant Commercial and Economical diplomacy. we could not hold any function because of the political atmosphere in Kenya. a consolidated amount will enable the Mission organize an Investment Expo during Q2 Funds up fronted pending an investment EXPO. This was caused by the political factors like Elections in 2017
(ii) Expenditures in excess of the original approved budget

QUARTER 2: Highlights of Vote Performance

- **4th October 2018.** The Mission held a Tourism Breakfast to present and promote Uganda as tourism destination to South African tour operators.

The event was attended by numerous Tour Operators who were availed an opportunity to find out about Uganda as a country and Tourist destination. Some of the Tour Operators are already operating in Uganda's neighboring countries and are interested in expanding to Uganda.

- **22nd November 2018.** The meeting agreed that there is a need for strengthened sector bilateral relations for mutual economic and trade benefits for the two countries. The consultative sector meeting also came at the time when Uganda is focussing in the expansion and development of the sector.

The mutual economic and trade benefits include commercial grains production (i.e. Soya Beans, Maize etc); Coffee and indigenous cattle production.

1. A meeting with the MasterCard Foundation is in plan.
2. Forwarded reports, invitations and other correspondences.

Attended all the designated internal and external meetings.

- **23rd October 2018.** Eleganzo Imports is interested in doing business with a Ugandan company, Nacla Minerals. However, they requested the Mission assist in verifying the existence and legitimacy of the company Ncala Minerals and its official.

Details of the due diligence request by Mrs, Van Der Walt were forwarded to Mr. Peter Mulira of UIA for assistance.

Matters to note in budget execution

1. Addis Ababa is a unique Mission from other Multilateral Diplomatic Missions of Uganda. It handles both ordinary and extraordinary Summits, scheduled and unscheduled Committee, Sub-Committee and Bureau meetings of the African Union (AU), Inter-governmental Authority on Development (IGAD) and the United Nations Economic Commission for Africa (UNECA0 as well as the 8 Regional Economic Communities (RECs) of Africa.
2. The mission handles 7 - 12 Summits of the Heads of State and Government every year. These include ordinary and extraordinary sessions of the AU and IGAD as consistently manifested in 2014, 2015, 2016, 2017 and 2018.
3. Each of the Summits is preceded by preparatory Technical and Ministerial Meetings, all of which require the Missions effective participation and facilitation. This requires adequate financial, human and logistical support from the Mission.
4. Besides the foregoing intensive multilateral engagements, Addis Ababa Mission also has multiple accreditations to Ethiopia and Djibouti at a bilateral basis. The Mission also handles over 15 countries, regional and international organizations accredited to Uganda with residence in Addis Ababa.
5. Besides inability to cover some essential meetings and official engagements, the underfunding and understaffing constraints also diminish staff morale, undercut the execution of the Mission's mandate and undermine the effective pursuit of national interests.
6. Since 2013, Addis Ababa Mission has been handling diverse and intense activities of the African Union Peace and Security (AU-PSC) which is a special assignment.
7. Despite repeated budgetary and human resource requests by the Mission since 2013 when Uganda was elected to the PSC, no additional funding and staffing has been granted to Embassy to handle this noble assignment.

Performance highlights for Half-Year

The Mission registered the following key achievements during Quarter two (Q2), FY 2018/19:-

1. The Head of Mission participated in the 73rd Ordinary Session of the United Nations General Assembly where a general consensus was achieved to rebuild solidarity, repair broken trust and reinvigorate the spirit of multilateralism.
2. The Head of Mission also led Uganda's delegation to an Ordinary Session of the African Commission on Human and People's Rights in Banjul to respond to allegations made against Uganda by a number of Non-Governmental Organizations on acts of torture and gross human rights violations in general, and harassment, and abuse of freedom of speech in particular. The Head of Mission successfully defended the Country's image with relevant references including cases before court.
3. The Mission assumed a role of Rapporteur for the Permanent Representatives Committee (PRC) Sub -Committee on General Supervision and Coordination on the Administration, Budgetary, and Financial matters, and took the opportunity to follow up and lobby for exclusion of a ceiling on the AMISOM budget. The AMISOM proposed budget, as a result, was favourably considered without a ceiling unlike other units' budgets.
4. Coordinated, facilitated and participated in the summit on "African Union Commission Reforms" held in Addis Ababa. The implementable decisions on the reform were passed in the interest of Uganda, especially on Uganda opportunities to field employees at top management levels.
5. Successfully coordinated the articulation of Uganda's position in the Committee of ten (C10) - Ministerial Committee in Freetown Sierra Leone that the modality of African negotiations for two (02) Security Council Permanent Membership positions should be a non-text negotiation initially and text based gradually.
6. Coordinated and facilitated the TICAD Ministerial Meeting in Japan in October, 2018. The meeting provided working documents for 2019 TICAD Summit.
7. Participated in negotiations of the African Common Position on Post Cotounou 2020 and successfully concluded it as a negotiating text.
8. Mobilized and hosted Ugandan Diaspora for the 54th Independence celebrations at the official residence. During the celebrations, various investment opportunities available back at home were shared.
9. Participated in a Meeting on African Union Protocol on the Right to a Nationality and the Eradication of Statelessness.
10. Secured various flight and over flight clearances of H.E the President aircraft, and arms clearance of H.E the President's security.
11. Issued Temporary travel documents to Ugandans who had lost their passports.
12. Issued Visas to Foreigners travelling to Uganda.
13. Provided Protocol Services to Ugandans who were in Addis Ababa for Official meetings and in transit.
14. Certified, for foreign use, various documents issued by Ugandan Institutions.

<i>(i) Major unspent balances</i>	
Programme's , Projects	
Programme: 1652 Overseas Mission Services	
0.386 Bn Shs	<i>SubProgramme/Project :01 Headquarters Kigali</i>
Reason:	
Most of the items that presented unspent balances are due for payment and others cut across the different quarters. Funds were already committed for subsequent quarters. The Funds released were for six months therefore the unspent balance will be utilised in Q2. And for Some Budget Items we received a front Load for Q3 leading to a large unspent balance.	
We received a supplementary in Q2 for planned activities in the subsequent Quarters thus leading to a variation.

Vote:213 Mission in Rwanda

QUARTER 2: Highlights of Vote Performance

Reason:

Procurement process ongoing
The funds for the entire financial year were front loaded which could not all be absorbed in one quarter thus balance is for the Preceding quarters.

For other items, the procurement process is still ongoing The Funds released were for Six months thus for Q1& Q2 therefore the unspent balance will be utilised in the Q2,
The Balance is for activities for coming qaurters

(ii) Expenditures in excess of the original approved budget

QUARTER 2: Highlights of Vote Performance

1. 1. Organized the celebration of Uganda's 56th Independence anniversary during which Uganda's tourism potential, trade and investment opportunities were showcased. Independence Day celebrations is a tool of marketing Uganda.
2. 2. Organized and facilitated border meetings at Cyanika and Bunagana Border Posts. The purpose of the meetings were to find out the bottlenecks hindering trade between Rwanda and Uganda and how the Mission could intervene. The state of preparedness for Ebola attack was also assessed plus the influx of refugees from DR Congo.
3. 3. Coordinated and facilitated the Russian Ambassador to Rwanda and 2 French tourists to obtain permits for gorilla tracking in Buhoma -Bwindi National Park.
4. 4. Carried out a Bench marking visit on Rubavu boarder between Rwanda and DR Congo basically to interact with the Ugandans there, and also to assess the operations at the OSBP between Rwanda and DR Congo and the flow of trade. It was discovered that the trade volumes from DRC to Rwanda were majorly comprising goods from Uganda through Bunagana border.
1. 5. Purchased, organized and distributed Ugandan products (Uganda Waragi) to Diplomatic Community in Rwanda. This was aimed at re-awakening the market and thus increase exports of the same to Rwanda.
2. 6. Organized a Diaspora sensitization and registration exercise to Ugandans leaving in Gisenyi district of Rwanda. During the session, government programs were relayed to them and they were encouraged to invest back home.
3. 7. The mission facilitated and offered protocol services to Hon. Sam Kutesa, Minister of Foreign Affairs who was delivering a Special Message to H.E Paul Kagame from his Ugandan Counterpart.
4. 8. Collected USD 5,000 from issuance of visas, Certificates of Identity, Temporary travel documents and document certification which will be remitted to the consolidated fund.
1. 9. Carried out HIV/AIDS sensitization to Ugandan diaspora in Gisenyi, Rwanda where 32 men and women were informed of the Presidential handbook on ending HIV/AIDS by 2030 and what it entailed. Literature on The Noble Battle, Quick facts on HIV and AIDS 2018 and Presidential Fast Track Initiative Handbook was distributed to the audience.
1. 10. Continuously maintaining Mission property in good working condition. The Chancery is well maintained and continues to catch the eye of the passersby thus promoting Uganda's image and rating regionally.

Matters to note in budget execution

- Arrears in payment of membership fees that has resulted in Uganda being placed under administrative measures with effect that Uganda delegates cannot be nominated to preside over WTO bodies where we could be more influential and naming and shaming at General Council Meetings disparaging and ruining the image of Uganda and in addition hindering Uganda's effective participation in different bodies especially in the Committee on Budget, Finance and Administration.
- Several competing critical committees that meet concurrently throughout the year making it impossible to participate in critical meetings to make critical inputs to defend and communicate Uganda's positions on various issues hence the need to review the structure of the mission to ensure availability of staff to cover all critical committees.
- Challenges in coordination resulting in delayed responses to communications on technical issues which hinders effective participation of Uganda in the different committees.

Solicited for three fully sponsored capacity building opportunities benefiting a total of seven participants namely IGE on Financing for Development (1), E-commerce meeting in Nairobi (4), Science, Technology and Innovation capacity building courses in China (2) respectively

- Through the Mission's engagement, UNCTAD has continued providing technical support to the Uganda Trade Facilitating Committee as well as Trade Facilitation Committee across Africa in the CFTA negotiations.
 - Secured a project within WIPO, the country to participate as a pilot country in the project entitled: "Increasing the Role of Women in Innovation and Entrepreneurship, Encouraging Women in Developing Countries to Use the Intellectual Property System."

Uganda re-elected to the Council of the International Telecommunication Union at the elections held during the Plenipotentiary Conference in Dubai, UAE, on 5th November 2018

The ITU Council ensures oversight of the Union's activities, policies and strategies, manages Working Groups on specific topics set up by Plenipotentiary Conferences or by the Council itself, and prepares the draft ITU strategic and financial plans for presentation to the Plenipotentiary. This would place the country in a strategic position to push for policies that aid its development.

- The ILO has pledged to provide Uganda with US\$1M technical support as a compromise following Joint and intense lobbying and protracted negotiations by the Mission and Ministry of Labour staff, and Successfully negotiated for a compromise funding of US\$1M to be availed to the tobacco growing community in Uganda namely Hoima project, covering over 130,000 children and their families as an alternative source of funding following the cutting of the PPP's between the Tobacco Industry and ILO owing to the fact that as a UN agency, they had a moral obligation to cut ties with the Tobacco sector. Uganda has also been made one of the pathfinder countries under Alliance 8.7 in respect to addressing the same matter.

- Successfully campaigned for the election of Uganda's candidate Ms. Beatrice Ikilai to the Bureau of the UNECE Working Party on Public-Private Partnerships, November 2018
- Coordinated the humanitarian issues on behalf of African group, a lone that accorded Uganda publicity mileage as well as enabling benchmarking of Uganda's refugee model in formulation of the global compact for refugees taking into considerations our national interests.

<i>(i) Major unspent balances</i>	
Programme's , Projects	
Programme: 1652 Overseas Mission Services	
0.128 Bn Shs	SubProgramme/Project :01 Headquarters Brussels
Reason:	
Most of the balances relate to activities and payments that will fall due in Q3 and Q4.	
The contracts for renovation of the Chancery and the Official Residence were not yet signed thus funds not utilized. The mission has utilised its budget in accordance her workplan and the balances relate to procurements whose processes are on going and suppliers had not yet delivered by the end of the quarter.	
Generally the Mission is spending on the major items to keep the Embassy running. The embassy has suffered a huge exchange rate loss and such savings might help cover for the losses on unavoidable expenses

Matters to note in budget execution

1. The Mission fails to get feedback from MDAs to whom potential investors are linked. We, for example, don't know the outcome of the SUNfarming delegation to Uganda arranged by the Embassy.
2. Ms Global-Woods has potential markets for Ugandan timber but the Government is yet to lift the ban on timber exports. This has led to loss of foreign exchange earnings.
3. The Mission was not able to celebrate its national (Independence) day in October because of lack of funds.
4. The Mission failed to send any official to participate in COP24 in Poland. Uganda missed an opportunity to feature in such an important conference on climate change.

Performance highlights for Half-Year

1. Embassy is facilitating M/s Global-Woods to export timber from Uganda as soon as the Ugandan Government lifted the ban. The Ministry of Water and Environment is in the final stages of lifting the ban on the export of timber, which was imposed three decades ago. The company is not only producing full tree length poles, logs and lumber but also sells fuel wood made from billets, chips and sawdust.

2. The Mission facilitated in setting up meetings for a business delegation from Vietz Group of Companies with officials from the Uganda Investment Authority and the Ministries of Energy and Mineral Development, and Water and Environment. They will explore the possibilities of establishing up a centre for the supply of machines and equipment for pipeline construction in the region.

3. Partnered with Sasa Holidays Limited in a drive to attracts tourists from Germany to Uganda, by seeking new strategies aimed at building a network with German tourism business operators in order to increase the number of tourists from the Federal Republic of Germany and surrounding countries to which the Uganda Embassy in Berlin is accredited.

4. Attended a Strategic Planning Capacity Building workshop in Brussels and subsequently revised the Mission's Draft Strategic Plan for the period 2017/18 - 2019/20 to guide planning and implementation of Mission's mandate

Matters to note in budget execution

1. Although the Mission budgets within the ceiling, it is strained while pursuing its mandate as per the Mission Charter. Budgeting according to the resource envelop of 2018/19 has been challenging. The recurrent budget of Sh.3,049,143,207; fixed costs and utilities (Rent, employee costs, water, electricity, gas, insurance and telephone) expenses constitute 86% (2,625,516,502) of the budget and the remaining 14% is for operations and has also to cater for some logistical and administrative issues.
2. Further to the above, the Mission is accredited to 11 countries namely Iran, Kyrgyzstan, Palestine, Iraq, Armenia, Azerbaijan, Turkmenistan, Kazakhstan, Tajikistan, Pakistan and Afghanistan where credentials have to be presented and the new Ambassador gets accredited before commencement of work. The accreditation process itself is expensive in addition to the high operating cost in such number of countries.
3. The Mission in the execution of its mandate still continues to encounter the challenges of sanctions which make remittance of the Mission funds impossible and the business community cannot transfer also. Officers at the station need 5-10% if they are to remit money informally which renders the Mission a hard to live station requiring Government to consider paying hardship allowance to the Mission staff.
4. Communication challenges like delayed and or no feedback from the relevant stakeholders in Uganda

V2: Performance Highlights

Table V2.1: Key Vote Output Indicators and Expenditures

Performance highlights for Half-Year

In Quarter two (Q2) FY 2018/19, the Mission registered the following key achievements:-

1. The Embassy officials represented Uganda at various national days for countries accredited to the Islamic republic of Iran and discussed various forms of cooperation on the sidelines of the functions and various meetings with the Iran Government officials.
2. Continued to engage the Iranian Government to include Uganda as one of the countries to benefit from its new policy to undertake/invest in commercial agricultural projects abroad to feed its growing population. Also followed up on the discussions with the Mostazafan Foundation which was allocated land in Aswa for agriculture by the Ugandan Government although the title for the land is yet to be processed.
3. Continued to engage Pakistan, Kazakhstan and Azerbaijan authorities on Investment opportunities in Uganda. A working trip to Pakistan and Azerbaijan to meet officials and businessmen is scheduled for quarter three FY 2018/19.
4. Visited Qom Province and provided various consular services to the Ugandans community including the students and encouraged them to invest home
5. Provided consular services to one Ugandan in Evin prison
6. Encouraged Iranians to obtain visas on arrival and to visit Uganda for both tourism and business purposes. The Embassy did not issue visas because it had not yet been facilitated to handle electronic visa issuance.
7. Continued to follow up on a number of trade Memoranda of Understanding (MOUs) namely: (a) The National Elites Foundation of Iran and Iran Uganda Holdings Ltd signed an MOU to establish a modern agro-science technology farm in Uganda while (b) Barakat E-Health Company also signed an MOU with Mbarara Community Hospital in which the hospital will be offered tele-health services in remote and deprived areas. Negotiations still ongoing.
8. Visited various companies in Maashad province including Pars Saman Iranian Company specializing in production of lighting equipment, bulbs, projectors, and lighting panels and also Zibal Mineral water Company for production designs and packaging for water, oil, tea, coffee, and honey among others. These companies are expected to undertake investment trips to Uganda for discussions with the relevant partners.
9. Followed-up on the promoting and marketing of Ugandan Beans, Tea and Coffee in Iran. Over 80 Containers were exported to Iran but increased fresh sanctions on Iran by the United States have made the exportation difficult due to difficulty in shipping and insurance.

Matters to note in budget execution

- The constant fluctuation in the exchange rates both for the USD and Australian Dollar which is our reporting currency against Ugandan shillings our budgeting and reporting currency.

- The harsh weather conditions that are extremely cold during winter and hot in summer. This renders the Mission a hard to live station requiring Government to consider paying hardship allowance to the Mission staff.

- Fixed budget ceiling year in year out, yet the cost of living is ever increasing

- Attended farewell Receptions hosted by the Dean of Diplomatic Corps, His Excellency Mr. Abel Guterres, Ambassador of the Democratic Republic of Timor Leste. The Heads of Mission who had finished their Tours of Duty were from: New Zealand, Netherlands, Cuba, UNHCR, Turkey, Japan, Venezuela and Solomon Islands.
- Attended National Days for the following Countries: Cyprus, Austria, Hungary, Romania, Thailand, Qatar, Japan and Kenya. At these Receptions, the Head of Mission interacts and networks with fellow Ambassadors, Heads of Mission and the wider Diplomatic Community.
- Attended the 2018 Annual National Conference with the Theme: Australia Foreign Policy: Making the World Work - where the new Minister of Foreign Affairs and Trade, Senator Marise Payne was the keynote speaker. This is a high level conference for Government officials, Diplomats and the Private Sector where they interact and share development ideas. It was hosted by the Australian Institute of International Affairs.
- Attended Diplomatic Dinner for Female Heads of Mission hosted by the High Commissioner of United Kingdom, Her Excellency Mrs Menna Rowlings where the Head of Mission interacted and networked with fellow female Heads of Mission and invited Government Ministers.
- Attended a meeting of female Heads of Mission and Senior Department of Foreign Affairs and Trade Heads of Department hosted by Secretary of the Department of Foreign Affairs and Trade Mrs Frances Adamson. Important National, Regional and International issues were discussed.
- Attended the 2018 Australian Chamber of Business Leaders Annual Dinner hosted by Australian Chamber of Commerce and Industry where the new Prime Minister Mr. Scot Morrison was the key note speaker. It was a good forum for interaction and networking with the Business community for our Economic and Commercial Diplomacy promotion.
- Attended the Australian Centre for International Agricultural Research (ACIAR) seminar with the Theme "Transforming the Global Food Systems: Challenges and Opportunities". A very important seminar whereby 3 CEOs of International Agricultural Research Institutes gave powerful presentations. ACIAR has invited the Head of Mission for a follow on visit early February 2019 to discuss ways how ACIAR can support Uganda Agricultural Researchers.
- Hosted Ms HK YU, First Secretary Middle East and Africa, Department of Foreign Affairs and Trade and Director, Africa Division, Mr Grant Morrison at Uganda High Commission. The meeting was cordial whereby bilateral relations between Australia and Uganda were discussed including issues of scholarships, delay of Visas, partnership for Trade and investment, Tourism promotion and the big issue of establishing an Australian High Commission in Kampala, Uganda.
- Attended the launching of the Association of Ugandan Community in Canberra
- Participated in the University of New South Wales debate on Africa. The main theme of the Debate was "Why Australia should be interested in Africa and vice versa". During that discussion, the Mission made a presentation on Uganda.
- The Mission attracted over 3,591 Tourists from Australia and New Zealand to visit Uganda

Matters to note in budget execution

- The high cost of rental for both the Chancery and staff accommodation has depleted the Mission's budget.
- The spiraling inflation in the Host country has distorted the spending targets and reduced the real value of funds released to the Embassy.

Matters to note in budget execution

Challenges in Budget execution are mainly fixed budget ceilings, year in, year out yet the cost of living is ever increasing and the constant fluctuation in exchange rates both for dollars and Burundian Francs against the UGX which is our budgeting currency. Also, the current economic situation in Burundi is not favorable hence making it difficult to execute the budget.

QUARTER 2: Highlights of Vote Performance

Reason:

The Embassy foundation has been completed and construction works are on-going we hope by end of June 2018, the Building will be ready for roofing preparations.

A 60% Expenditure on the Construction of the Chancery budget has been spent on the project.

The Contractor and the Consultant are due to request for another 40% Payment, Constituting to 100% of the budget by 30th, June 2018.

The process of Approval of Architectural design Plans and Identifying the Constructor and Supervisor are on-going. Payments are done for every part of the work completed. Work must begin this year, after the approval of the Plan. The Funds released were for six months thus the unspent balance will be utilized in Q2

Red tape delays in clearing of imported materials

Limitation in securing foreign currency by the contractor yet most materials are imported.

Resolutions agreed upon in the site meetings are not being implemented in a timely manner hence escalating delays

(ii) Expenditures in excess of the original approved budget

V2: Performance Highlights

Matters to note in budget execution

The Consulate continues to face;

1. Structural challenges especially with trade and tourism promotion, such as the quality and quantity of marketable product
2. Limited resources for effective representation in the four provinces of Southern China, namely: Fujian; Guangdong; Guangxi; and Hainan.
3. Staff capacity gaps especially for language and training on new financial management tools
4. High rental costs for the Chancery

Performance highlights for Half-Year

The Consulate registered the following key achievements in the second quarter (Q2), FY 2018/19

1. Participated in the 2018 Hainan Coffee Congress and Expo and shared with participants unique attributes of Uganda's Coffee, as well as opportunities and practical cooperation in the Coffee sector. Uganda Coffee Development Authority (UCDA) and 14 Ugandan coffee exporters participated in the Expo and secured business opportunities
2. Organized and coordinated a visit to Uganda of a Business Delegation from the Guangdong Building Materials Association, led by Mr. Jianguo Zhao, GBMA's Vice President, who is also the Director of Guangdong Geological Exploration Bureau, with a view to exploring investment opportunities in Uganda, especially in the mining and construction sectors.
3. Carried out targeted field visits and held meetings with companies in Shanwei, Shaoguan and Qingyuan Cities of Guangdong Province to woo them to invest in Uganda's key strategic sectors
4. Organized the 2018 Trade and Business Facilitation Symposium aimed at addressing issues of concern in the import-export value chain. The symposium was attended by the relevant Sectors and Committee of Parliament.
5. Initiated discussions with Silence Great wall International Tourism Ltd on the possibility of organizing a Machine Expo and tourism excursion for Chinese entrepreneurs
6. Addressed 23 consular matters and assisted Ugandans in distress, including working with a local Community Based Organizations to repatriate a Ugandan lady trafficked on a false marriage disguise. The consulate also issued 5 Emergency Travel Documents
7. Attended six meetings of the African Consular Corps and organized three seminars for the Consular Corps in Guangzhou in the capacity of Dean of the Consular Corps.
8. Carried out consular visits to Ugandans in detention centers and prisons
9. Organized and celebrated Uganda's 56th Independence Anniversary – presided over by the Vice Governor of Guangdong Province. During the celebrations, Uganda's culture and food was exhibited
10. Attended a Strategic Planning Capacity Building workshop and subsequently revised the Consulate's Draft Strategic Plan for the period 2017/18 – 2019/20 to guide planning and implementation of Consulate's mandate.

Matters to note in budget execution

The Embassy was unable to visit Ugandans in prison because the prisons are very far from Ankara and need to travel with a translator.

This was too costly for the Mission to accommodate within the available budget.

Delayed increase of local staff salaries due to restricted budget which has resulted in demoralization and grievances

Matters to note in budget execution

-The Mission is accredited to 8 countries and this causes enormous work load on staff and budget, whereas the Head of Mission presented credentials to Vietnam, Indonesia and Brunei Darusalam, the Mission lacks adequate funds to constructively engage these countries on economic and commercial diplomacy.

-The cost of living in Malaysia and countries of accreditation is high. The Mission requires resources to match the high cost of living in these countries. It is our strong recommendation that the Mission is upgraded to Group A

-Low response rate from MDAs in Uganda.

QUARTER 2: Highlights of Vote Performance

CHALLENGES FACED IN Q2 OF 2018/19

1. Frequent equipment and cold-room break downs were faced, and these hindered Incubatee production activities.
2. Mal functional air conditioners in the deboning and preparation rooms, which resulted in unsafe meat handling temperatures.
3. Timely and frequent communication to training and Incubation applicants was difficult due to lack of communication
4. Most training applicants failed to turn up for training because they were unable to fund their training.

Suggestions on how to handle the challenges Faced

1. Emphasis should be put on servicing and preventive maintenance of equipment
2. Repair of faulty air conditioners is required or even replacement of the unusable ones.
3. Consider providing a means of communication with training applicants and visitors, for example by providing airtime facilitation
4. Funds for training materials and consumables should be made available to us as per the departmental budgets prepared

Matters to note in budget execution

Vote:022 Ministry of Tourism, Wildlife and Antiquities

QUARTER 2: Highlights of Vote Performance

The overall good performance (releases Vs approved budget) was a result of higher AIA revenue collected by Uganda Wildlife Authority (UWA) and Uganda Wildlife Conservation Education Centre (UWEC). Revenue collections are highest in first quarter (July -September) because this is a high season period where National Parks and other Tourism Sites receive the highest influx of international visitors and thus higher revenue collections. These funds are collected and used at source (AIA) for Agencies (UWA, UWEC, UHTTI, UWRTI) and as a result, only Ushs 32,585,133 cash limit was issued by MoFPED for NTR of Museums which is remitted to the Consolidated Fund.

Budget execution continues to be affected by the increasing unit cost of inputs alongside the budget cuts on 'consumptive items'. Blanket budget cuts were made across MDAs on consumptive items including Advertising & Public Relations, Periodicals, Travel inland, Travel abroad, Staff training and Short term consultancy. It is important to note that the Tourism sector by its very nature involves relatively more travel inland, travel abroad, marketing, advertising & public relations. Tourism sector votes ought to be treated as an exception to the general blanket rule of cutting budgets of what is termed as 'consumptive' items.

Although the non-wage recurrent budget was released at 50% by the 2nd quarter, the approved budget is too small to support the departments and the entire ministry to adequately undertake the recurrent activities. Challenges continue to be encountered in transportation (fuel, repair & maintenance of vehicles), printing and stationery, engagement with stakeholders, staff remuneration, sector oversight and supervision, research and statistics, etc. There is need for continued engagement to have increased resources to the Ministry.

The Ministry is on course to achieve all the planned development budget outputs except for the feasibility studies for UWRTI. This activity was allocated Ushs 200,000,000 only and yet MoW&T has prepared cost estimates amounting to Ushs 794,784,044 million. The Ministry has continued to undertake procurement of the consultancy services to start on the work and more funds can be provided in FY 2019/20 to complete the assignment.

It is noted that the development budget releases have been favorable to activity implementation compared to last FY 2017/18 and as a result, outputs are expected to be achieved in time. Resources are expected to be well absorbed.

The Ministry still faces cost overruns for some construction activities such as Mugaba Palace fence construction.

OTHER CHALLENGES

The tourism sector is still facing numerous challenges including

- Inadequate marketing, promotion and publicity of the country due to inadequate budgets and now worsened by the blanket budget cuts made on consumptive items including Advertising & Public Relations, Travel inland, Travel abroad, fuel, workshops, and printing among other items. It is important to note that the Tourism sector by its very nature involves travel inland, travel abroad, marketing, advertising & public relations. The sector continues to engage the relevant stakeholders to treat tourism MDAs as an exception to the general blanket rule of cutting budgets of what is termed as 'consumptive' items.
- Low levels of product development to keep the tourists much longer and spend more. Tourism is a fragile sector sensitive to safety, security and stability as well as outbreak of diseases. The instabilities in neighboring countries of Southern Sudan and Democratic Republic of Congo continue to be a source of concern.
- Inadequate staffing and skills across the sector, a problem existing both in the tourism private and public sector as well as inadequacies in capacity for classification and grading of tourism facilities. More assessors are to be trained in FY2018/19 to remedy this problem. Upgrading of UHTTI in a centre of excellence in hospitality training is being undertaken.
- Encroachment of the wildlife and cultural heritage sites. The people in some sites have settled on the cultural heritage areas while others keep on encroaching on the boundaries such as Nyero, Bweyore Capital site, Soroti Museum, Ntusi and Kasonko.
- Human Wildlife Conflicts, poaching, wildfires and Invasive Species: A number of areas are clogged with invasive species such as dichrostachys cineria that require conscious effort to manage. There is illegal wildlife trade and trafficking and the demand for ivory and other illicit wildlife products is still huge globally.

WILDLIFE CONSERVATION:

The Community Conservation policy was drafted and consultations with stakeholders undertaken. 641 conservation education and awareness meetings including 135 outreach programs aimed at creating awareness about the importance of the PAs to the neighboring communities were conducted. 167 school visits were made for conservation education in different PAs where a total of 18050 students and pupils attained conservation education.

3,423 land patrols, 84 spot checks and 444 ambushes conducted in PAs. 94 Marine patrols were conducted in three PAs with MFNP recording 49, QENP 44 and 7 in LMNP

1013 reported Problem Animal cases in PAs and other areas out of which 975 (96.2%) were responded to.

KNP: 20 Problem Animal Control (PAC) community scouts recruited and trained

KVNP: 7 community groups trained on chilli nursery management and 15 chilli nurseries established.

BINP: 12 acres of tea planted and maintained.

60km maintained in QENP, MFNP and KNP (25kms in QENP, 16km in KNP and 19km in MFNP).

28.1kms of new trenches excavated in QENP, KNP and MFNP (5kms in QENP, 10.4km in KNP and 12.7km in MFNP).

477metres of the broken gaps on the Buffalo control stone wall repaired in MGNP.

The Environmental Impact Assessment for Masyoro gravity water scheme that has a source in RMNP was reviewed and comments sent to NEMA.

The 5 Project briefs for murram extraction in MFNP were also reviewed and the restoration of these sites was emphasized. All the impacts on biodiversity were assessed and incorporated in the EIA reports before submission to NEMA.

QENP: Construction of two staff accommodation blocks at Lion's bay and Katore outposts, partial completion and handover of the Vet lab at Mweya by contractor for final completion and equipping, extra works on the new education centre at Mweya are ongoing, Lab staff accommodation blocks are both at ring beam level and a visitor resting shade at campsite 3 in Mweya was completed.

The populations of key species were monitored using RBDC through patrolling.

The 2018 Bwindi gorilla census that begun in March 2018 was concluded.

Matters to note in budget execution

1. Delayed commencement of critical procurements (Market Destination Representatives and Consultant(firm) to develop the new Pearl of Africa Brand as well as items in the Development budget.
2. The staff reorganization was concluded in quarter one but most officers reported for duty in quarter two hence the underutilized wage balance.

Table V1.3: High Unspent Balances and Over-Expenditure in the Domestic Budget (UshsBn)

<i>(i) Major unspent balances</i>	
Programme's , Projects	
Programme: 1902 Tourism Development	
3.383 Bn Shs	<i>SubProgramme/Project :01 Headquarters</i>
Reason: Restructuring process for UTB was ongoing resulting in exit of staff who were to execute the planned activities for the entity. Staff re-organization process brought in key staff in quarter two hence most critical procurement processes were initiated late leading to the under absorption of non-wage funds.	
0.243 Bn Shs	<i>SubProgramme/Project :1127 Support to Uganda Tourism Board</i>

Vote:117 Uganda Tourism Board

QUARTER 2: Highlights of Vote Performance

Reason: Delays in procurement for partitioning of UTB offices and motor vehicles
Procurement of vehicles, furniture, machinery and equipment under the development budget was initiated in the second quarter of the financial year hence the current underutilized funds.

(ii) Expenditures in excess of the original approved budget
