Performance highlights for the Quarter

- Assessment for compliance of 20 programme BFPs and national budget estimates for FY 2024/2025 were conducted and Assessment report compiled. Out of the twenty (20) Programme BFPs, 19 Programme met the minimum requirements while one (1) Programme (Digital transformation) did not submit the BFP. The National average compliance of the National BFP for the FY2024/25 is 54%.
- Conducted 10 Radio talk shows across 4 regions of Uganda including 105.5 Sauti FM Kayunga ,99.4Etop FM Soroti ,89.5 Voice of Kigezi FM Kabale, 88.7 FM Ateker FM Moroto, 88.3 Indigito FM Mbarara, 91.3 capital FM, Radio one, CBS 88.8 FM, Voice of Toro 101.0 FM. Next Radio 106.1
- Conducted 3 talk shows on NTV one and two on Baba TV on the results of the annual report and the growing number of teenage pregnancies in Busoga Sub Region.
- Conducted a meeting with 40 editors and talk show hosts on the responsibilities of the media as a stakeholder in fighting discrimination and marginalization.
- Conducted 2 meetings with 20 members of parliament from Karamoja sub region and West Nile region. These two meetings focused on issues of inclusive infrastructure, increasing dependence rates, street beggary/poor attitudes towards work.
- EOC participated in the Visionaries Awards Ceremony which was held at Kampala Serena Hotel 30th November under the theme “celebrating inclusive Economic Growth and Dynamic Leadership through Innovation, value Addition and Industrialization for continued social-economic Transformation of Uganda. EOC was voted as the best government Commission of the year
- Commission prepared, launched and disseminated the 10th Annual Report on the State of Equal Opportunities in Uganda for Financial Year 2022/2023. The theme of this year’s Report is: “Fostering inclusive growth through equitable participation and benefit from Government programmes”.

Variations and Challenges

- There is still a challenge for the Commission to comprehensively cover the 20 programmes, 159 votes and 176 Local Governments in terms of building capacity and Assessments of budgets on gender and equity requirements as required by PFMA, 2015.
- Limited access to information on government programs by the populace especially vulnerable and hard to reach areas which limit their participation in government programmes for inclusive development. .
- Low funding has affected the scope of operation and the depth of programmes that the Commission undertakes, this is in view of its mandate.
- Increase in case backlog leading to delay in dispensation of social justice has become rampant and this is as a result of underfunding and staffing gap
- The recent embargo on travel abroad and workshops/seminars has affected the operations of the Commission

Performance highlights for the Quarter

1. The entity embarked on the renovation of the Entebbe poultry hatchery with the aim of improving poultry production
2. To ensure availability of quality and affordable compounded animal feeds, the entity was able to process a total of 86MT of compounded animal feeds for internal consumption and availing to farmers countrywide
3. The entity was also able to breed, multiply and avail a total of 80 pure bred dairy and beef breeding bulls to farmers with the aim of improving the quality of animal genetics in the country

Variances and Challenges

1. The agency experienced budgetary constraints during the quarter and most of the key planned interventions were not met. For instance, it was not possible to restock Government ranches and farms yet this is a very fundamental activity for the Parish Development Model
2. It has increasingly become very challenging when it gets to the management of livestock on Government farms and ranches due to inconsistencies in budget releases. The entity is worried about production, multiplication and availing of animal seed for Parish Development Model if the budget release trend does not change positively under the development budget category

Performance highlights for the Quarter

ICT INFRASTRUCTURE

1. The network at Entebbe International Airport, main terminal, new terminal building, Control tower, new cargo terminal and VIP were improved with the installation of new equipment (Wi-Fi 6).
2. An additional 5Gbps of Internet Bandwidth was purchased to provide more capacity to support the summits. This capacity was provisioned and allocated to the respective sites.
3. The NBI was extended to forty- three (43) UTCL sites in the country.
4. Eleven (11) additional applications were hosted at the National Data Center (NDC) during Q2.

E-SERVICES

1. During Q2, five (05) additional entities were onboarded onto the UGhub platform bringing the total number of entities onboarded within the first half of the financial year to nine (09).
2. Within Q2, UMCS had been further rolled out to four (04) additional Government entities bringing the total number of entities onboarded within the first half of the FY to seven (07).
3. The SMS gateway to date has been rolled out to eighteen (18) Government entities utilizing twenty-two (22) services with no additional entities within this reporting period.

CYBER SECURITY

1. Two (02) additional MDAs were assessed against the NISF in Q2 bringing the total number of MDAs assessed within the FY 2023/24 to seven (07).
2. Nineteen (19) Information Security awareness sessions were conducted to improve the public's information security hygiene.
3. NITA-U conducted routine cybersecurity monitoring and subsequently disseminated seven (07) CERT advisories and alerts within Q2.

ENABLING ENVIRONMENT

1. During this reporting period, the budget framework paper for FY 2023/24 was prepared and submitted to MoFPED.
2. Two (2) standards were developed, reviewed, and submitted to the National Technical Standards Committee under the National Bureau of Standards.
3. eighty-two (82) IT Service providers were certified.
4. Ten (10) compliance assessments were conducted on MDAs and other regulated entities.

Variations and Challenges

1. Surveys for the extensions and relocations of the NBI were still ongoing therefore, payment wouldn't be effected to acquire ICT equipment.
2. Inadequate consolidated budget under NITA-U to cater for the increasing demand for ICT in Government especially at local government and public schools.
3. Understaffing due to the restriction to recruit staff by MoPS which hinders the execution of the planned interventions.

Performance highlights for the Quarter

- *The vote paid salaries, pensions, utilities and funds for continued surveillance of Covid-19, measles and other viral diseases.
- *Conducted a budget retreat in preparation of the BFP for next FY 2024/25.
- *Conducting HIV Drug Resistance studies and surveys Sequencing HIV drug resistance among hard to reach populations.
- *Carrying out Evaluation of new diagnostic tools for viral diseases.
- *Continued studies of COVID-19 vaccine development.
- *Conducted surveillances in Masindi and Buliisa districts and mosquitoes and ticks were collected.
- *Influenza Surveillance was carried out in– Kiswa, Kawaala, Kitebi, Nsambya, Entebbe, Tororo, Fort Portal, Mukono, Kibuli, Ludara, Kiryandongo, Koboko, Arua, and Mbarara hospitals. Other samples were also referred from different hospitals.
- *Carried out direct detection of polio using PCR (Polymerase Chain Reaction) on 1222 samples.
- *Surveillance conducted on HIV drug resistance among hard to reach area. Viruses sensitivity to Monoclonal Antibodies tested and shipped back to the UVRI laboratory.

Variations and Challenges

The vote received 4.634 billion which was only 62.2% of the institute's annual budget and these funds constituted 1.186 billion of wage, 2.648 billion as non wage and 800 millions as development (retooling) , and spent only 3.191(42.8%) billion of the received funds.

The variance in the budget was because the vote got a supplementary budget of 2.4 billion and 800 million was advanced in the quarter. For expenditure, the variance is mainly attributed to procurement of reagents and retooling activities, which are still under the procurement process and majority reagents are procured from abroad and are still in transit. Secondly, is the lack of verified and approved gratuity file to warrant payment (File missing letters of administration for the beneficiaries).

The vote has a small non wage budget of which above 70% of it is used to pay utilities and as thus inadequate to facilitate scientists to be able to meet the vote's mandate.

Under staffing is a big challenge as highlighted by the OAG report and published in the newspapers.

The volume of work keeps increasing with many pandemics and outbreaks and persistent increase in operational costs like utilities yet the annual budget keeps taking the opposite trend.

The infrastructure is very old and dilapidated worsened by the asbestos sheets.

- iii) 192,000 security envelopes procured for PLE
- iv) 10,000 examiners hired for UCE marking.
- v) 749,355 blank result slips procured
- vi) 6,800 examiners hired
- vii) 2,997,420 PLE scripts marked
- viii) 3,841 SNE candidates sat for the examinations (PLE – 1,391M, 1,261F; UCE – 400M, 425F; UACE – 195M, 169F)

Variations and Challenges

- i) There was a drop in candidature at PLE by 10% compared to the previous year.
- ii) There was an increase in candidature at UCE and UACE levels by 4.3% & 13% respectively.
- iii) Rising costs of examinations materials especially Bond paper which is imported
- iv) Low unit cost of running examinations compared to market rates
- v) Increased number of special Needs Education (SNE) candidates that require use of large number of support personnel and therefore increased demand for adequate funding
- vi) Sophistication of examinations malpractice that requires increased security, monitoring and surveillance, thus calling for additional funding.
- vii) The board raised NTR of UGX 17.277 bn during Q2 and spent as planned

Performance highlights for the Quarter

During the Quarter, the Authority was able to perform as highlighted below;

- 1) 269 Accountable Persons were registered onto the goAML system and e-certificates of registration issued.
- 2) Undertook a joint onsite inspection (with the NGO Bureau) on Give Directly Uganda with a view to assess compliance and legitimacy of its operations.
- 3) Conducted 12 trainings. 7 of these trainings to Accountable Persons about their AML/CTF/CPF compliance obligations and 5 trainings to LEAs and other implementing partners about their AML/CTF roles and responsibilities.
- 4) Received 31 requests for information from different Law Enforcement Agencies (LEAs) and competent authorities and responded to 20 of them by end of the quarter.
- 5) Received 3,622 reports from accountable persons through goAML. These included among others 483 suspicious transaction reports and 336 suspicious activity reports.
- 6) Analysis of these reports received in (5) resulted in 30 reports materializing into the generation of 30 intelligence reports that were disseminated to LEAs and Competent Authorities.
- 7) Received a total of 8 financial due diligence requests of which five (05) were completed and reports shared with respective MDAs and three (03) were outstanding by end of Quarter.
- 8) Coordinated several activities with the FATF and ESAAMLG to effectively implement its action plan in order to enable FIA to fulfill its mandate and for Uganda to demonstrate progress towards implementation of its action plan and exit the FATF/ICRG grey list.
- 9) 4 articles about AML/CFT/CPF were published in print media authored by the Authority staff that majorly included expert opinions. The Authority further participated in 2 radio talk shows and 1 radio talk shows where AML/CFT/CPF issues were discussed.
- 10) Coordinated an onsite visit by the Africa/Middle East Joint Group (JG) of the International Cooperation Review Group (ICRG) FATF hosted by Uganda.
- 11) Completed its Budget Framework Paper for the FY 2024/25.

Variations and Challenges

The major challenge the Authority faces is Inadequate resource allocation, and releases for the retooling project which is curtailing acquisition of critical operational fixed assets.

- The Debt Management and Financial Analysis was updated with loan disbursements for the period amounting to Ugx 1,394bn. Issuances of domestic debt amounting to Ugx 7,260bn, Treasury bills and Bond Costs and repayments of maturing debt (Ugx 5,540 bn) were also updated in DMFAS to facilitate production of reports.
- The projections for External and Domestic debt due were made and reconciled with creditors.
- Payment of principal, interest and commissions on external borrowing amounting to Ugx 1,928bn was made on time.
- Participated in loan negotiations with different stakeholders for various projects including Kitgum-Kidepo Road, Lot 4 oil roads and Watsan II
- Prepared Financial Statements for Treasury Operations Vote 130 and the Contingencies Fund for the FY ended June 30, 2023 and statutory Audit supported and concluded for the year ended.

Variations and Challenges

- Delays by Some creditors to confirm disbursements (Saudi Fund, BADEA & IDB). This affects timely update of the loan ledgers.
 - Mitigation: Engagements via emails and letters. IDB has introduced an on-line portal where information will be availed.
- Low absorption of funds by some projects.
 - Mitigation: MOFPED setup a committee to review the loan portfolio and problematic projects were recommended for restructuring or cancellation.

1.315	Bn Shs	Department : 001 Local Authorities
Reason: Observed balances are due to the delayed restoration of budget cuts from Q1, as well as staff involvement in the special audit of the payroll which was concluded in the second quarter. This resulted in delays in undertaking planned audits and meant that funds released for Q2 operations were underspent. These funds shall be utilized in subsequent quarters to conclude on works in progress.		

Items

0.577	UShs	227001 Travel inland
Reason: Unspent balances are attributed to audits in progress and delayed restoration of Q1 shortfalls. These balances shall be utilized in Q3 and Q4.		

0.536	Bn Shs	Department : 002 Central Government One
Reason: Unspent balances as at the end of the second quarter arose from restoration of Q1 budget cuts in the second quarter, culminating in limited time to utilize the available fund balances. In addition, staff were heavily involved in the special audit of the payroll, meaning planned audits were still on - going by the end of the quarter. This further affected expenditure during the reporting period.		

Items

Performance highlights for the Quarter

The Annual Report of the Auditor General for the Financial Year ended 30th June, 2023 was produced and submitted to Parliament by 31st December 2023 in compliance with the Public Financial Management Act, 2015 and the National Audit Act, 2008.

The Office also completed the special audit of the Government payroll which also involved verification of all personnel on the payroll.

By 31st December, 2023, audit reports had been produced for: 176 MDAs, 59 Statutory Bodies, 209 Projects, 5 funds, 176 Higher local governments, 1556 Lower local governments, 25 Value For Money audits, 386 Special Audits/Forensic investigations (including 367 individual entity – level payroll audits), 5 IT Audits, 14 audits of classified expenditure, Engineering audits in 6 entities, 3 PSA Audits, 1 Treasury Memoranda audits and 532 schools/tertiary institutions.

Variations and Challenges

Overall variance in budget execution is attributed to budget cuts experienced in the first quarter.

Additionally, audit staff were heavily involved in finalization of the special audit of the Government of Uganda payroll during the quarter, This implied that commencement of planned activities was delayed, leading to several activities remaining in progress at the time of reporting.

Variations and Challenges

- Budget cuts affected the Commission performance at the beginning of the Quarter.
- The Commission didn't achieve the appointment targets because of the requirements for submission to be made by Ministry of Education and Sports with clearance of availability of wage by Ministry of Public Service which has been delayed and ban on recruitment exercise pending verification exercise of payroll by the Auditor General. All those appointed above were on replacement basis from various MDAs.

Performance highlights for the Quarter

In execution of the budget, the ODPP notes the following; In totality, by end of Q2, the Office of Director of Public Prosecutions had received Ugx. 46.289 billion which represents 50.1%. Out of the received funds, Ugx. 31.029 billion was spent representing a budget absorption rate of 67%. The vote did receive funds under capital development.

The procurement process for execution of development activities was still on-going and this affected a number of outputs some of which are; Stations connected to information and communication services, facilitation, renovation and construction of Regional Offices, supply of furniture to ODPP offices, procurement of transport and ICT equipment. These outputs were thus reported as zero performance.

The vote faces a challenge of staffing gap with no presence in 41 districts and not in more than 101 courts and thus there is a critical need for recruitment of prosecutors to enable adequate deployment in the districts to extend criminal prosecution services nearer to the people.

Variations and Challenges

In the review period, ODPP performance was as follows;

Criminal Prosecutions Services

Appeals & Miscellaneous Applications prosecuted 95 Criminal cases. Gender, Children & Sexual offences prosecuted 437 criminal cases, perused 1,881 & sanctioned 1,088 new cases for prosecutions. Committed 330 new cases to the High Court. General Casework prosecuted 45,901 cases and sanctioned 14,818 cases; committed 613 new cases to the High Court. Handled 56 cases by PLI. Land Crimes perused 1,654 new case files. Sanctioned 1,067 new cases & handled 10 cases by PLI. Anti-Corruption registered 16 new cases in court, prosecuted 82 cases. Handled 46 by PLI, & perused 133 new corruption related files. International Crimes prosecuted 30 cases, perused 64 New case files and handled 18 Criminal cases by PLI.

Inspection Research and Quality Assurance

Inspection and Quality Assurance made consultations to review performance standards manual(s) held, 1 Field visit to sample the quality of legal opinions and mentoring of staff undertaken, 1 Inspection exercise undertaken to track adherence to performance standards while Research & Training trained 135 officers.

General Administration and Support Services

Briefs on ODPP operations & emerging areas issued out to guide prosecutions. International Cooperation processed 7 MLA request and participated in 5 international engagements. ICT developed technical specifications to connect additional offices that are already on PROCAMIS & E-Services and PROCAMIS upgraded to version 1.39.0 build 694.1.2 to resolve a number of technical issues on the system. Field Operations had 6,605 Human rights violation cases prosecuted, 1 Performance appraisal exercise in Regional Offices monitored, 1 Field visit conducted.

- 144 backlog cases forensic cases analyzed and reported of the 162 cases target.
- 431 new forensic cases of the 320 target analyzed and reported.
- 05 cases analyzed and reported of the 12 backlog cases received of forensic monitoring to support safe guards for public health, food and environmental safety.
- 132 cases analyzed of the 110 new cases target of forensic monitoring to support safeguards for public health, food and environmental safety analyzed
- 91 new cases of commercial, consumer and illicit products analyzed and verified of the 125 cases target for the quarter.
- 17 court summons of the 22 court summons received were attended.
- UGX 129,565,000 was collected as Non-Tax Revenue in the quarter.

Variations and Challenges

1. Construction of the National DNA Databank Infrastructure Building; Building and Establishment of a Forensic DNA Data base to support Intelligence and Crime Investigations will lead to the strengthening National Security and criminal identification and will not only solve the problem of criminal identification and security but also will eliminate massive arrests of suspects before evidence is obtained and this will reduce the costs of feeding the suspects in prisons. The contract the Construction DNA Databank Infrastructure Building project was signed, and the site handed over to the Contractor. The entity engaged the MoFPED for release of funds as availed in the FY 2023/2024 to ensure fast tracking of the construction. DGAL will continue to engage MOFPED for the release of the remaining funds in the approved budget. However, additional Funds in the FY 2023/2024 are needed to fast track the project.

2. Staff Recruitment; Inadequate number of staff to deploy in Regional Laboratories. The regional laboratories are grossly understaffed, and this affects the laboratory analysis and exhibit collection at the regional laboratories. In FY 2022/2023 and FY 2023/2024 to fill the Approved structure through the Ministry of Internal Affairs but actual recruitment has delayed due to delayed clearance. There were recruitments that were done in the FY including 07 Principal Government Analysts, 10 Government Analysts and 04 Senior Government Analysts and deployment of already existing staff in the Regional Forensic Laboratories. However, the other planned recruitments delayed to be effected within the FY 2023/2024

3. Office and Laboratory Space; There is need for more office space for the forensic scientists. Office space will be improved through construction of the National DNA Databank Building.

Performance highlights for the Quarter

In the reporting period, Uganda Export Promotion Board was able to carry out the following activities;

Subscribed to at least 1 market information sources to provide EPZ operators with up-to-date market information and intelligence (buyers, trends, requirements etc.) on target and/or high opportunity markets.

Collaborated with UFZA and EPZ operators to promote EPZ products in identified high opportunity markets and link EPZ operators to foreign buyers.

Strengthen information management and negotiation for greater access to targeted markets.

In collaboration with UNBS, trained and supported MSMEs (manufacturers and processors) on compliance to quality and standards for the target markets.

Developed comprehensive (tourism, trade and investment) country profile and other country branding items/tools for use in international trade promotion events.

Variations and Challenges

By end of quarter two, Uganda Export Promotion Board received Ugx 3.878 billion against the approved budget of Ugx. 8.187 billion which represents 47.4%. Out of the received funds, Ugx. 2.570 billion was spent representing an absorption rate of 66.3% of the released funds. The low absorption is attributed to non-utilization of wage since planned recruitment did not take place and non-utilization of development funds of Ugx. 0.009 billion awaiting more releases.

For Wage, Ugx. 1.281 billion was received against the approved of Ugx. 2.561 billion which represents 50%. Out of the received funds, Ugx. 0.660 billion was spent representing a budget absorption rate of 51.5%. This was due to non-recruitment of planned staff.

For Non-Wage, Uganda Export Promotion Board received very low release of Ugx. 2.578 billion against the budget of Ugx. 5.588 billion which represents 46.0%. Out of the received funds, Ugx. 1.901 billion was spent representing a budget absorption rate of 73.7%.

The vote faces a challenge of staffing gap with no presence in the regions and thus there is a critical need for recruitment to enable adequate deployment in the regions to extend export promotion services and the development budget provision is low to do any meaningful activity.

Performance highlights for the Quarter

Budget Issues to Note in Q1

Variation on Wage:

By end of Q2 of the FY 2023/24, UGX 9.093 Billion only had been spent under wage representing 89.4% of the released amount. The unspent balance was due to the unfilled positions.

Variation on Non-wage:

UGX 14.256 billion was spent by the end of Q2 of the FY 2023/24, representing 73.3% of the release. There were some balances on the release that was meant to cater for the payment of gratuity for a few of the staff that left the Authority and for software license renewal in Q2. Hence, funds were not utilized.

Variation on Development:

The released funds were insufficient to pay for the licenses that were planned.

Key Achievements Q2 FY2023/24

1. Registered and assigned NINS to 107,831 citizens (52,837 males & 54,994 females) out of the 119,171 applications received
2. Printed 273,977 national Identity cards (134,249 males & 129,728 females)
3. Issued 182,030 National ID cards (89,195 males & 92,835 females)
4. Notified 90,653 births (M= 44,970, F=45,683)
5. Notified 7,037 deaths (M= 4,757 , F= 2,156, unknown gender= 124)
6. Registered 104,380 births. Of these, 51,722 were males & 52,658 were females
7. Registered 6,368 deaths (4,531 were males and 1,815 were females)
8. Certified 32,123 births
9. Certified 3,799 deaths
10. Registered 33 Adoption order schedules
11. 1,142 Citizenship verification cases cleared.

Cumulative performance by end of Q2:

1. Registered and assigned NINS to 26,897,706 citizens out of 31,106,608 application received since inception
2. Printed 20,342,619 NID cards since inception
3. Issued 17,108,709 NID cards since inception

Variations and Challenges

1. Lack of NIRA home resulting into continuous disruption of NIRA operations at the Headquarters due to National Ceremonies at the Kololo independence ground.
2. Inadequate staff: NIRA is operating at a 50% HR capacity. This has hindered effective service delivery especially in the districts where on average NIRA has only two staff serving a whole district and less than five in urban centers receiving up to 600 walk-ins daily.
3. Consistent reduced budget release by MoFPED is affecting funds allocation to items budgeted for, which in turn affects work-plan implementation and overall performance.
4. Frequent fatal errors experienced by the personalization machines putting them out of production & thereby accumulating backlog in production.
5. Regular system outages significantly affect the rate of processing applications.
6. Frequent power outage affecting personalization machines and staff who ensure Quality control and Warehouse transfer of NIDs ready for issuance.
7. The absence of an alert system that would be able to flag applications that have overstayed unprocessed in the system and applications that require manual intervention to progress through the processing states successfully.

Variations and Challenges

- (i) Continuous Budget Shortfalls under the Manufacturing programme were Industrial Park development is domiciled have greatly affected the ongoing Infrastructural works at Mbale, Kapeeka and KIBP – Namanve Parks. The Owners Engineer at KIBP – Namanve is yet to receive a deposit Contractors have threatened to halt works until the contractual installments are made.
- (ii) Critical activities such as investment promotion & facilitation, operationalization of Key existing regional investor one stop centres, Maintenance of Roads and waterways in existing Industrial parks have been greatly curtailed due to significant budget cuts hence there by affecting the Existing Investors from setting up their planned investments.
- (iii) The shortages in the human capital element with half the approved staff structure not filled has continued to impede timely and effective implementation of interventions towards the attraction, retention and execution of core activities of the Authority in line with investment promotion and facilitation and support of SMES.
- (iv) UIA is faced with a significant number of unfunded priorities that have affected the undertaking of feasibility studies, Titling and setup of Border makers on all Industrial park land, poor roads and waterways in existing parks which has seen the slow implementation of the Industrialization agenda and the ease of movement of transport and materials accordingly.

Performance highlights for the Quarter

- 1) The PAU received cumulatively UGX. 35.773 billion (40.0%) out of the approved budget UGX. 89.556 billion for FY 2023/2024. Cumulatively UGX 27.490 billion was spent at the end of the quarter accounting for a 76.8% absorption rate. The Unspent balance of UGX. 8.283 billion (23.2%) was meant for wage and gratuity payments for positions under recruitment, procurement of ICT Equipment, furniture as well as training of PAU staff.
- 2) Monitored and regulated Drilling and Completions, and Rig operations within the Kingfisher and Tilenga project areas where a total of 22 wells had been drilled by the end of period (Jobi-Rii 05 – 9 wells, Ngiri 03 – 8 wells, Gunya 01 – 2 wells and KFDA 02 – 3 wells).
- 3) The Authority continued with the 2nd phase of the basin analysis study for the Southern Lake Albert and Semliki basins which progressed to 86% completion.
- 4) A total of 13,819 people were employed in the oil and gas sector, of these, 12,813 (93%) were Ugandans and 4,344 were from within the host communities.
- 5) Cumulatively, the Authority approved 21 bid evaluation reports worth USD 59,964,235 where US\$ 36,445,351 went to JV between Ugandans and a foreign company while US\$ 23,518,884 went to Ugandan companies.
- 6) Cumulatively a total of UGX 98,184,086,009 (Q1=UGX 41,925,353,968 and Q2 =UGX 56,258,732,041) petroleum revenue was collected (Taxes UGX 96,961,385,497 and Non-tax revenue UGX 1,222,700,512).
- 7) 137 Companies were qualified on the NSD out of which 126 were Ugandan companies. The total number of qualified companies stood at 2,947 with 2,343 (79.5%) Ugandan companies.
- 8) The Authority completed and launched the Electronic Work Permit Recommendation System (EWPRS).
- 9) 06 Sectors supported to develop linkages with the oil and gas sector including Banking, Tourism, Housing, Agriculture and Health.
- 10) Monitored development of the EACOP project which progressed to approximately 32.3%, with detailed engineering at 66%, procurement at 46.5% and construction at 4.3%.

Variations and Challenges

- 1) Non-compliance of licensees and operators with the regulatory framework including non-payment of statutory fees, key health and safety aspects and use of expatriates without work permits among others.
- 2) Inadequate Funding of Petroleum Activities to support monitoring and regulation of the petroleum value chain.
- 3) Inadequate coordination of different players in the country's oil and gas sector.

Performance highlights for the Quarter

During the first half of FY 2023/24, URA collected net revenues (gross revenue less refunds) of UGX 13,136.25 billion against a target of UGX 13,937.80 billion registering a performance of 94.25 percent and a shortfall of UGX 801.54 billion. A substantial growth of UGX 1,494.54 billion (12.84 percent) was realised compared to July to December of the FY 2022/23. Domestic revenue collections grew by 17.92 percent (UGX 1,338.44 billion) while the Customs collections grew by 4.32 percent (UGX 192.59 billion).

Variances and Challenges

By the end of December 2023, UGX 308.97 billion had been released, out of which UGX 287.64 billion was spent hence registering a budget absorption level of 93.10 percent against a target of 100.00 percent.

Performance highlights for the Quarter

During the first half of the FY 2023-2024, the accumulated total release of the budget stood at UGX 84.496 billion against the approved budget of UGX 166.487 billion which is translated into 50.752% release. The release was spent at 59% indicating a fair absorption capacity for NARO. During the first half of the FY 2023-2024, there were significant achievements that were made: Four (04) soil sheets (Kampala, Kabale, Mbarara and Jinja) updates were initiated for possible digitization to inform agricultural investments decisions, two (2) new research laboratories constructed, two (02), demonstration facilities constructed and equipping of one vaccine research laboratory initiated, fifteen (15) (12 Phd, 3 MSc) have been trained to create a critical mass of scientists, 2 agricultural research innovations and IPs have been commercialized, , three (3) multi-stakeholders agricultural research innovation platforms established nine (09) climate-smart technologies demonstrations established in all the ZARDIs, 5 functional Public-Private Partnerships were established for technology development and promotion, four (04), market-oriented products generated, 10 (ten) improved agricultural technologies and innovations developed and adopted; , seven (07) research products and services suitable for industry developed), seven (07) research products and services for food and nutritional security generated) , t four (4) markets created along product lines 5 (five) gene banks established and maintained five hundred (500) genetic resources conserved for sustainable utilization, ,four(04), bio-fortified technologies developed and promoted 75 (MT) of early generation seed produced and supplied to seed producers, and sixty (60) scientific publications in peer reviewed journals produced) . in addition, one (01) market led demand driven technology was promoted to engage the youth in agricultural business as an intervention to mitigate HIV/AIDs, two (2) strategic engagemen

Variations and Challenges

During the first half of the FY 2023-2024 NARO experienced a number of challenges which hinder timely attainment of set targets to impact on the intended beneficiaries which include:

- a. The aging fleet of vehicles despite the acquisition of twenty-four new vehicles. NARO still has a very big aging fleet of about ten years with many vehicles standing at mileage of 250,000KM and beyond. The fleet has hindered proper research management which always demand timely mobility.
- b. Land encroachment has hindered proper implementation of Agriculture research agenda in the country
- c. Inadequate funding to support operationalization of NARO structure. This has led to a huge human resource gap for research.

Variations and Challenges

Connectivity breakdowns (internet and printers)
 Limited in-house technical expertise to develop customized applications with high complexity
 Limited communication from other Directorates on activities that require Legal attention. Issues are only brought to the Directorate's attention when legal issues arise
 Delay information on request for media coverage by the departments
 IFMS Failure
 Limited statistical skills in the NSS.
 Delayed release of funds (GoU and Donors)
 Delays in procurement processes
 Lack of written guideline standards on mentoring and coaching
 limited Risk and Compliance business process documentation
 Delay in requests by other departments for PR services e.g. branding materials, photography, and Media coverage

Variations and Challenges

I. I. Delays/late deliveries of procurements particularly the transport & specialized equipment which affects service delivery

II. Effects of inflation leading to increased commodity prices and high cost of logistical supplies- Thus affecting policing operations, welfare of police officers and general police service delivery.

III. High rate of attrition at an average of 1,000 annually affects the Force composition

IV. Poor cash limits for half year FY 2023/24 affected timely implementation of planned activities, especially development

V. Effects of climate change on policing – drought, flooding, land/mud slides, hunger, damage to infrastructure-roads, buildings, schools, displacement and death in the affected communities etc

VI. Influx of refugees due to instability/conflict in Eastern DRC

Performance highlights for the Quarter

- a) Phase 3 construction of the staff hospital at Luzira is ongoing – construction of Kitchen & laundry building on final finishes
- b) Construction of 12 Prisoners' Wards at Isingiro, Yumbe, Loro, Maiha, Rukooki, Koboko, Lukaya, Ntwetwe, Lwabenge, and Bamunanika ongoing at different levels
- c) Construction of 345 staff houses at Kitalya Mini- Max, Masaka, Luzira Complex, Kijjumba, Sentema, Muinaina, Fortportal, Ruimi, Amita, Lira, Hoima, Erute prison and other stations ongoing at different levels (Completed – 185, Roofing – 110, Walling – 10 and Foundations - 40).
- d) Prisons production:
 - Maize Seed: 1,014.1MT of maize seed harvested in season 2023A; planted and managed 811 acres of seed maize in season 2023B – 811MT is expected
 - Cotton production: Planted and managed 5,714 acres of cotton –3,428.4 bales is expected with 1,019.62 bales already harvested
 - Commercial Grain: Harvested 4,344.7MT of maize grain for prisoners' feeding; Managed 4,510 acres in season 2023B – 4,510MT is expected
 - Karamoja School Children Feeding Project: Harvested 500MT of maize grain at Namalu to support feeding of school children in Karamoja in partnership with Office of the Prime minister
 - Uganda Prisons Industries strengthened its partnerships with government Agencies - Non Tax Revenue worth shs. 1.939bn produced generated through production of furniture

Variations and Challenges

- a) Prisoners' population is the major cost driver of prisons budget. It exerts pressure on housing, sanitation, Medicare, feeding, uniforms, staff numbers and delivery of prisoners to courts.
- b) Delay in administration of Justice: Prisoner stay on remand for a period longer than the mandatory (Capital offenders – 19.4 months; Petty offenders – 2.6 months on average), high remand proportion of 47.7% and prisoners & staff have to move a total distance of 7,727.4Km daily to access justice amidst high fuel prices & an old fleet leading to high costs of fuel & vehicle maintenance;
- c) Use of commitment control system amidst inadequate budget provision for basic necessities of food utilities and clothing whose consumption can't be postponed hence over commitment
- d) Provision of utilities on prepaid system amidst the inadequate budget allocation leading to requests for postpaid hence accumulation of arrears
- e) Inadequate & inappropriate physical infrastructure to enhance safety & security of offenders, staff & public; undertake rehabilitation programs; promote the rights of prisoners and separate different categories
- f) Prison Congestion: Current prisons carrying capacity is for a daily average of 20,996 prisoners while the population is 76,943 (December 2023) inmates, exceeding the holding capacity by 55,947 inmates - occupancy is 365.5%
- g) Staff Accommodation: 7,741 staff (54.1%) not properly housed. They stay in improvised houses.
- h) Security: Changing profiles of offenders with global increase in terrorism; Change in sentencing regime -imprisonment for life; 60 years & above
- i) Drought & Absence of Irrigation Infrastructure: UPS is generally dependent of rainfall yet its patterns are unreliable hence low production

Performance highlights for the Quarter

Local Governments from two sub regions (Lango and Bunyoro) were provided with technical support in the implementation of a framework for linking LED initiatives to local revenue enhancement.

LGs that were supported from Bunyoro sub region local Governments included: Districts of Masindi; Kibaale, Kiryandongo, Buliisa, Kagadi, Kakumiro, Kikuube, Kyankwanzi, Nakasongola, and Hoima; including Masindi Municipality and Hoima City, total of twelve (12) LGs participated.

LGs that were supported from Lango sub region included: districts of Alebtong; Amolator; Apac, Dokolo, Kole; Kwania; Lira; Otuke, Oyam, plus Apac Municipality and Lira City. A total of eleven (11) LGs participated.

Total number of LGs supported to implement the framework for linking LED initiatives for local revenue enhancement was twenty three (23).

Each of these LGs identified potential LED initiatives for local revenue enhancement in their respective localities.

Each LG drew an action plan upon which implementation of LED initiatives will be promoted and implemented.

The Commissioners outreach activity was carried out with an objective documenting issues related to policy on financing of LGs in light of the Constitutional mandate of the LGFC in the 12 LGs of Namayingo district, Kamuli Municipality, Kaliro district, Bunyangabo district; Kamwenge district; Kyenjojo district; Otuke district, Kole district; Apac Municipality; Mityana Municipality, Nakasongola and Butambala districts.

Commission members sought understanding issues related utilization of funds by grant; LGs experience in the implementation of Local Economic Development initiatives and local revenue enhancement; the extent to which local leaders are able to monitor government programmes; and any other issues that LGs feel required urgent policy attention.

Variations and Challenges

Delays in cash limits led to delays in start of the implementation of activities.

Challenges were faced in warranting the development budget for the quarter.

Performance highlights for the Quarter

The Commission disposed off 38 cases out of which 37 were closed and one Judicial Officer was handed a six month suspension from Judiciary Service. The Disciplinary committee had 9 sittings where it handled 57 Complaints and recommended closure of 09 complaints due to lack of merit in the complaints, death of the judicial officers, retirement from judicial service, and/or withdrawal of the complaint by the complainant. 91 complaints against Judicial officers and non-Judicial Officers were investigated. The Commission provided legal advice to a total of 49 clients.

The Commission made recommendations to the Appointing Authority to fill 2 positions of Justices of the Supreme Court and 3 positions for Justices of Court of Appeal. The Commission appointed 5 Deputy Registrars, 3 Assistant Registrars 2 Chief Magistrates, 2 Senior Magistrates and 6 Magistrate Grade ones and approved the early retirement of 1 Chief Magistrate and lifted the interdiction of 1 Magistrate Grade 1.

The Commission appointed 88 non-Judicial staff for Legal clerk, Office Attendant, and Office Supervisor positions

The Commission members were inducted and JSC held a staff retreat in Q2.

The Commission conducted 20 live Radio Talks shows on anti-corruption initiatives and 30 live Radio Talk shows on land justice, money lending, court system and Trial procedure, bail and police bond, children's rights, domestic violence and marriage laws.

Prepared the Vote Budget Framework Paper for FY 2024/2025 and submitted to the EOC, MoW&E and MoFPED. Paid the certificate for the partitioning, network cabling and trucking works of the new JSC offices at Kingdom Kampala

Variations and Challenges

The Commission still faces transport challenges that affects timely activity implementation. The Commission's fleet is also past the recommended mileage and age which makes it expensive to maintain.

The Commission also faces challenge of office equipment. There has been low release of funds under retooling project over the years which has limited the Commission to retool and provide appropriate office equipment to it's staff.

The Commission had a staffing gap majorly under the critical departments. This over works the lean staff and therefore affect delivery.

The Commission is not yet fully automated which affects its service delivery to the public. There is a need to fully automate all the business processes for the commission to increase efficiency and effectiveness.

Performance highlights for the Quarter

a). Integration of the Demographic Dividend (DD) into plans and budgets

Built capacity of 21 youth-led organizations on DD integration

Oriented 106 cultural leaders from Bwamba, Tooro, Bunyoro-Kitara, Buganda, and Busoga kingdoms on DD priorities.

Engaged 35 Members of Parliament (MP) on both the health and budget committees, MoH, NMS, UNFPA, and FP Implementing Partners on FP financing

Engaged 941 youth on identified population, SRHR, and DD issues in Mayuge and Kamuli

Conducted the National DD Steering Committee meeting to review the status of the implementation of DD.

Oriented 211 district leaders from 8 districts of Bundibugyo, Butambala, Gomba, Kiryandongo, Kyegegwa, Masindi, Ntoroko, and Rakai on FP2030 commitments and National FP CIP II

Conducted the 2023 Population Media Awards to reward the best Population articles

Oriented 30 media professionals (16 male and 14 female) on key population issues in the Eastern Region

b). Teenage Pregnancy Campaign

Established 1104 Parish Teenage Pregnancy Prevention committees in 12 districts

Oriented 40 key district leaders on the effect of teenage pregnancy

Conducted three youth SRH camps for young people in Mayuge and Kamuli. Reached out to 317 youth leaders (179 male & 138 female) from Lango, West Nile and Acholi sub-regions

Held 20-hour radio talk shows on SRH, Gender, and teenage pregnancy in Kamuli and Mayuge Districts

c). State of Uganda Population Report 2023 (SUPRE 2023)

Developed and launched the SUPRE 2023 under the theme “Mindset change for a favorable age structure, a prerequisite for wealth creation.”

d). Operationalization of the Research Agenda

Conducted two studies on inclusive education: Implications for Harnessing the Demographic Dividend and Community Education for Reproductive Health Services as a Pathway for Harnessing the Demographic Dividend of Uganda.

e). Coordination M&E

Monitored NPC interventions in 25 LGs where NPC implementation has positively impacted

Variations and Challenges

Variations

Research studies were not completed because they needed enough time to be finalised and validated.

The 34 million remaining is insufficient to cover the gratuity for the staff. Holding out for a top-up release

The training of population champions was delayed due to the hectic schedules of the participants. The event is planned for February 2024.

Challenges

The workload increased as many of the first quarter's scheduled activities were moved to the second quarter.

Performance highlights for the Quarter

Parliament appropriated Ugx. 41.360 billion for the FY 2023/2024. The accumulative releases by the end of December 2023 was Ugx 21.990 billion (52% of the budget). The Vote received a supplementary budget of Ugx 0.93 billion during the period increasing the total approved budget to Ugx 42.289 billion. A total of Ugx11.533 billion was spent cumulatively accounting for 52.44% absorption rate.

Five (5) Environmental regulations to enhance the enforcement of the Environment Act, these include, Express Penalty Scheme, ABS Regulations and Policy Proposals and Noise and Vibrations Regulations. Express Penalty Regulations (EPR) based on Economic Charge System Report and Environmental Practitioners Regulation are under review.

40 (16%) EPF staff out of the planned 150 were recruited, EPF actions and enforcement activities led to NTR collection of 174.6M UGX that was collected through fines and other charges. 82 criminal cases that were instituted against environmental offenders mainly from activities that related to wetland degradation, littering and illegal waste disposal, noise pollution , illegal mining, EPF impounded 32 Motor vehicles that were involved in activities that are non-compliant to environment protection. targeting illegal activities done in fragile ecosystems and other environmental violations.

The Authority has developed and is rolling out the Environmental Licensing and Management Information System. A total of 651 TOR for ESIA i.e. 487 new submissions and 164 backlog from the past period. Out of the total documents, 90% were reviewed; A total of 1,031 ESIA reports and PBs were available for review (including 692 new submissions and 337backlog from past period) of which 67% of the reports were reviewed.

A total of 1,231 TOR for environment audit documents for projects i.e. 1,052 new submission.

434 inspections visits were carried out which included; baseline inspections,verification Inspections. EPF inspected 155 sites. 110 cases are being prosecuted.

Variations and Challenges

The Quarter 2 FY2023/24 faced challenges of late service deliveries and good supplies through delays in procurement and the processes thereof. This led to delayed payment of invoices as issued and affected the absorption levels of the institution.

Performance highlights for the Quarter

UBTS performance over the quarter are as follows:

1. Recruited 184,331 blood donors
2. Collected 85,486 units of blood against a target of 90,000 units of blood..
3. Issued 78,562 units of safe blood for the management of patients.
4. Under took quarterly monitoring of UBTS activities
5. Continued to conduct preparatory meetings for the 10th International Congress for African Society for Blood Transfusion (AfSBT) in Dakar Senegal
6. Accreditation process conducted in 2 Regional Blood Banks of Mbale and Gulu
7. Documented and labelled safe blood for supply to health care facilities
8. Carried out supervision and technical support to the 8 Regional Blood Banks and 8 Blood Collection and Distribution Centres

Variations and Challenges

The main challenges continued to be

1. Inadequate staff. UBTS relies heavily on volunteers to fill the human resource gap for blood collection. However, volunteers are unreliable, uneconomical and have a lot of associated risks.
2. Inadequate medical equipment. UBTS has 1 functional centrifuge of the required 7. Centrifuges are critical for preparation of blood components. It ensures that patients get the right prescribed treatment hence minimizes wastage of blood.
3. Insufficient operational funds for implementing Community Partnership Programme eg Kabaka Foundation. Funds are required for: (1) Mobilization, recruitment and retention of blood donors; (2) Extended camping in communities (3) Blood donation campaigns/collaborations with institutions (4) Special meals and awards for our precious blood donors.

Performance highlights for the Quarter

Sub Program 02 Agricultural Production and Productivity

Support to Farm Level production

- i. Procured and delivered 282,103 Hass Avocado seedlings to establish 1,763 acres in 80 DLGs under the nucleus farmer partnership involving out growers.
- ii. Procured and delivered 84,955 Macadamia seedlings to establish 849 acres in 34 DLGs under the nucleus farmer partnership involving out growers.
- iii. Conducted one technical inspection and verification exercises on delivery and distribution of sunflower seeds, Hass Avocado, Macadamia and apple seedlings in the target areas during Season one 2023
- iv. Procured, delivered and distributed 442,070 Apple seedlings in 19 districts for 4,688 farmer beneficiaries estimated to establish 1,768 acres.

Agriculture mechanization

- i. Initiated procurement of 12 units of tractors and implements and process is at evaluation stage
- ii. Completed installation of four (4) sets of solar water pumping systems at 4 beneficiary sites in Mityana, Nwoya, Terego

Subprogram 03: Storage, Agro-Processing and Value addition

- i. Delivered 22 sets of milk coolers and matching generators, the delivery and installation of equipment is ongoing for beneficiaries in Kiruhura, Kazo, Kyankwanzi, Kiboga, Sembabule, Ntungamo, Isingiro, Mubende, Rukungiri, Kanungu, Tororo, Apac, Nakasongola and Kayunga
- ii. Delivered and installed 03 units of maize milling equipment at for 3 beneficiary sites in Kitgum, Kiryandongo and Bushenyi.
- iii. Initiated procurement for One (1) Generator and one (1) UPS systems for Kayunga pineapple fruit processing factory and 1 UPS systems for Kapeeka multi fruit; process is at evaluation stage
- iv. Equipment for two cold rooms delivered and installed and Completed construction works for work platforms for the for fish handling shades (Hamukungu and Katwe) in Kasese DLG.
- v. Conducted technical supervision & inspection by District Engineering teams of on-going works for markets in Kamwenge and Kasese DLGs and irrigation schemes.

Variations and Challenges

Major variations

- Funds earlier budget for Macadamia and Hass Avocado seedlings as well as goats were partially refocused to procurement of critical value addition and agro machinery equipment in line with policy guidance
- Procurement and delivery deferred to season 2024A due to preference by farmers and other value chain actors to plant soya bean seed and cashew nut seedlings during Season 2024A (i.e. first Season of 2024)

Key challenges during Budget execution

- Inability to meet the emerging and ever-increasing demands and expectations by farmers due to declining funding to the organization; this has resulted into provision of limited quantities of seed, seedlings, agro - machinery and value addition equipment to farmers.
- Mind set change in embracing new technologies from free inputs to co-funding and taking on new interventions
- Limited access to extension staff to effectively support farmers with knowledge and skills which affects uptake for emerging high value crops Hass Avocado, Macadamia and Cashew nuts value chains
- Climate change viz a viz the seasonality of interventions affects timely implementation of planned interventions.
- Increased incidences of pests and diseases for both crops and livestock that affect production and productivity

Performance highlights for the Quarter

The Authority issued 20 procurement performance reports and 30 compliance audit reports.

The Authority undertook 23 bid preparatory audits aimed at ensuring that public procurement planning and requisitions are conducted in a manner which promotes transparency, accountability and fairness.

The Authority conducted 15 investigations into the mismanagement of procurement and disposal processes, found merit in all the investigations and issued corrective recommendations. The average investigation lead time was 26 working days.

The Authority received and granted two requests for deviations from the use of the standard bidding documents.

The Authority completed 3 applications for accreditation of alternative procurement procedures. Three applications for accreditation were granted and one application was rejected because they did not meet the criteria.

3 recommendations for the suspension of providers were concluded and all the providers were suspended for breach of Ethical code of conduct and doing shoddy works.

The Authority conducted a price survey for commonly procured items aimed at reviewing and validating the existing list of common user items and conduct quarterly price surveys to determine average prices for the identified list. The report was validated and issued.

1972 participants were trained in various aspects of the procurement and disposal system during the period under review. These included Contracts Committee, Accounting Officers, Procurement Department Units, User Departments, Providers, Civil Society Organisations and SMEs.

Role-based training was conducted for 150 key players from the 36 entities currently on boarded on e-GP, with each key player being taken through their role on e-GP.

The Authority upgraded the functionality of the Contractor Reference Portal focusing on improvements to the data import process and also for incorporating the ability to capture key additional data like beneficiary owner details including gender disaggregation.

Variations and Challenges

1. Limited audit coverage. The Authority currently conducts audits on a sample and risk basis. The current audit coverage is only 35% and this position is continuously being worsened by the ever-increasing number of both central and Local Government Entities.
2. Delays in amendments to the PPDA Regulations: The amendment process of the (PPDA) Regulations have not been completed despite the coming into force of the amended act which limits the implementation of the revised Act and the attendant activities planned in dissemination of the amendments.
3. Old fleet of vehicles yet most of the PPDA activities are field-based. This implies that the Authority is not able to send multiple teams to the field to implement the planned activities.

Performance highlights for the Quarter

- 1) Product/system Certification. 1149 product and 4 system certification permits were issued during the period under review.
- 2) National Metrology Laboratory. 760 industrial equipment were calibrated during the period under review. While only 2,354 equipment were calibrated, NML received 3,537 equipment for calibration in this period but could not calibrate 1,183 because of lack of funds to reach the onsite clients
- 3) Product Testing. 7,006 products were tested in the UNBS testing laboratories in the period under review. 3,702 products were tested in the chemistry laboratory, 148 products in the Electrical Laboratory, 2,119 products in the Microbiology laboratory and 1,037 products in the Materials Laboratory.
- 4) Standards development. 90 Final Draft Uganda Standards (FDUS) were developed. This includes Final Draft Uganda Standards awaiting approval by National Standards Council
- 5) Imports inspection. 17,495 import consignments were inspected during the period under review. This was due to inadequate funds allocated towards imports inspection activities
- 6) Market surveillance. 1,648 inspections were conducted against the set target of 4,500 inspections. The inspections resulted into 235 seizures
- 7) Legal metrology. 19,160 equipment used in trade were verified during the period under review. These included weighing equipment, weigh bridges, electricity meters, consumer goods, fuel dispensers, pressure gauges, bulk meters, dipsticks, road tankers, Counter Machines, Weights, Spring Balance and Platform Scales.
- 8) Marketing and Public relations. 180 publications developed, 12 radio talk shows and 11 TV shows conducted, 1 internal market survey conducted

Variations and Challenges

Inadequate budget allocations arising from budget cuts affected most of the activities.

The Bureau was not able to fully support the local enterprises and Industries to improve the quality of their products which is critical for access of export markets.

The Bureau was not able to fully enforce quality standards for products on the market in order to protect the safety of consumers and promote fair trade.

The Bureau was not able to fully implement its decentralization agenda of taking services nearer to the regional offices planned for Northern, Western, Eastern, West Nile, Rwenzori and Albertine Regions in order to reduce the cost of doing business.

Performance highlights for the Quarter

OUTCOMES - 35,966 bales of lint were produced. 1,028 bales sold locally. 73% of bales were classed in top 3 grades.

OUTPUTS a) Cotton planting seed - servicing & maintenance of seed processing machinery done. Protective wear for labourers procured. 719 Mt of seed delivered to Pajule & Kasese Stations for processing.

b) Seed multiplication - seed growers trained on pest, soil & water management, harvesting & post-harvest handling. Additional inputs distributed. 11 ginneries selected to buy & gin seed crops. Harvesting, marketing & ginning commenced. 719 Mt of seed were produced.

c) Farmer mobilization - 4,120 training sessions conducted at demo plots covering pest, soil & water management & harvesting & postharvest handling. Extension messages on pest control, indicative prices & post-harvest handling broadcast using local radios. 5 teams of CDO & UGCEA staff monitored farmer training, delivery of extension services & input distribution. Cotton marketing & ginning commenced at 18 ginneries in Busoga, Bukedi, Teso, Lango, Acholi, West Nile & Mid-West & Central Regions

d) Cotton inputs - 209,504 units of pesticides & 172 spray pumps distributed to farmers. Out of that, 25,010 units distributed in 10 hard to reach districts. Training of farmers incl. 350 women & 200 youth groups on proper inputs usage & on-farm storage continued.

e) Extension services - 5 mid-season training sessions conducted for UGCEA Extension workers in Eastern, Lango, Acholi, West Nile & Kazinga Channel Regions.

f) Mechanized land opening - women & youth groups in Teso, Lango & Acholi trained on the use of ox ploughs for weeding cotton. Servicing & repair of 17 tractors was done by UGCEA.

g) Retooling Project - procurements for installation of rain water harvesting system & burglar proofing for staff houses were evaluated. Contracts for installation of CCTV system, for water pumping firefighting system at Pajule Station & for up-gradation of Local Area Network at Cotton House were signed

Variations and Challenges

1. Unspent balances under the non-wage recurrent budget component were due to delayed submission of invoices by service providers.
2. Unspent balances under the development budget component were due to on-going procurements and implementation of activities for signed contracts.

Performance highlights for the Quarter

Uganda Land Commission collected Ushs. 2.33 Billion from leasehold holders from across the country in Premium and ground rent.

Uganda Land Commission processed 2 freehold certificates of title for Ministries, Departments and Agencies.

Uganda Land Commission handled 240 lease transactions , of which 177 (68 companies, 79 male and 30 female) were approved, 52 deferred and 11 rejected.

Uganda Land Commission handled and managed 32 land court cases from across the country.

Uganda Land Commission prepared and submitted all the statutory reports to the responsible Authorities.

Variances and Challenges

The institution reported low absorption. This was because some activities such as sensitizations, subdivisions surveys, processing of titles and issuance to the lawful and bonafide occupants had to be postponed to quarter 3 due to the Non-Aligned Movement and G-77 conferences which necessitated all government vehicles to be handed over hence affecting field work.

In Lukalu and Tero East, no pillars were planted due to planting of live markers and floods respectively. 207.68 KM of CFR boundary plans were digitized.

1,684 ha were freed from encroachment and protected as, 45ha in Kagombe CFR in Budongo Systems; 100ha in Akileng, Odudui and Kagwara CFRs in Kyoga Range; 1,056ha in Bajjo, Oramusa, Bukaleba CFRs; 100ha in Morungole CFR in Karamoja Range; 35ha in Mubuku and Ihimbo CFRs in South West; 30ha in Kasonke CFR in Sango Bay Range; 18ha in Bamudde Nchwanga CFR in Muzizi Range; 200ha in Ki

Variations and Challenges

Inadequate Resources to the Forestry Sub-sub program: Forestry management requires adequate skilled personnel to plan, protect, conserve and manage the resources. Illegal land titles and court injunctions that delay implementation of activities. General increase in encroachment in forests reserves by communities and converting forest land to agriculture-settlement and associated effects of environmental disasters to conservation and livelihoods improvement remained high.

Performance highlights for the Quarter

Timely and reliable intelligence collected to ensure National Security for all Ugandans.

Continued to detect and counter emerging external security threats and political subversive activities.

Continued to participate in activities and programs by Regional and International Organs such as the Committee of Intelligence and Security Services of Africa (CISSA), the International Conference on the Great Lakes Region(ICGLR) and the Joint Intelligence Committee (JIC- Nairobi), etc.

Together with the Ministries of Foreign Affairs and Gender, Labour & Social Development, ESO has continued to monitor the diaspora activities, including encouraging investors and tourists to come to Uganda.

Monitored Exported labour and Companies exporting Ugandans most especially to Arab countries.

Analyzed foreign intelligence.

Produced and disseminated intelligence reports.

Continued to pay salaries and pensions to ESO staff and pensioners respectively.

ESO Continued to deploy and re-deploy staff in field stations, foreign missions and strategic areas of interest.

Continued to extend medical support to staff and their immediate family at Jumbo medical facility.

Provided Logistical support to staff and their family.

Variations and Challenges

The ever-changing security environment with new security threats like cyber threats calls for prompt detection and responses hence need to enhance the existing security measures /systems such as software ICT upgrades and boosting communication centres to match the current Global technical advancements.

The high-raised buildings that have overtime cropped up have dominated the area around ESO Headquarters and made it difficult to maintain Privacy and security for both staff and the facility coupled with inadequate office space for ESO staff hence need for the construction of New ESO Headquarters.

Inadequate funding to monitor exported labor as directed by the president is a challenge as it has a budgetary requirement that is not provided for thus constraining the meager resources allocated for the organisation to fulfill its mandate.

The Ukraine -Russia war led to high prices of goods and services like fuel, and this increased the operation costs of the organisation thus hindered the fulfillment of the mandate since most activities involved vigorous movement of both staff and equipment.

Transnational and National organized crimes hinder maintenance, management and coordination of intelligence both in foreign and field stations and it requires even higher expenditure to curtail them.

Performance highlights for the Quarter

COFFEE EXPORT PERFORMANCE

During Quarter Two FY2023/24, a total of 1.297 (60kg) million bags worth USD 215,313,528 were exported compared to 1.321 (60kg) million bags valued at USD 190,414,371 of the same period FY2022/23. representing a decrease in export by 2% & an increase in value by 13%. Coffee export volume was slightly lower than last year due to rains that delayed the harvest & drying of coffee & increase in value was due to the prevailing high prices at the global scene

COFFEE PRODUCTION ESTIMATE

Carried out a coffee production survey in 39 districts from Western, Rwenzori, Eastern, Central & Elgon regions, gross coffee production was estimated at 3.67 million (60kg) bags

KEY OUTPUT PERFORMANCE HIGHLIGHTS

- 11,647 farmers (8766M,2881F,1102Y,91PWDs) trained in good agricultural practices in 126 districts
- 561 farmers(372M,189F) trained in Sustainable Land Management in Rwenzori & Elgon
- 25 wet mills & 50 pulpers distributed to stakeholders
- Conducted Feasibility study on establishment of Soluble Coffee Plant in Uganda
- 332,805 old unproductive coffee trees stumped across all regions
- 94 Radio & 2TV talk shows conducted to sensitize farmers on coffee policies & GAPs
- 1033 traders & processors(957M,76F) trained in coffee quality standards across all regions.
- 6 coffee shows conducted in Western & Central with OPM to promote production & productivity
- Conducted domestic coffee consumption survey
- 78 demonstrations setup for GAPs, research & renovation
- Certified 1,296,319 (60kg) coffee bags for export
- 72 Quality Controllers (59M,13F,28Y) trained in Sanitary, Safety & Quality standards in Greater Masaka & Elgon
- 139 lead farmers & Cooperatives (79M,60F,37Y) trained in organic coffee production in Busoga & Rwenzori
- 62 Roasters & Brewers in Central, Elgon & WestNile inspected for compliance to quality standards
- 42 Youths (20M, 22F) trained in Basic Barista skills
- Promoted coffee consumption at 13 local events

Variations and Challenges

i) Coffee Production & productivity challenge;

a) Pests and Diseases

• Black coffee twig borer (BCTB), Red blister disease, Coffee Wilt Disease, Coffee leaf rust and Coffee Berry disease are still major challenges to affecting farmers' gardens across Robusta & Arabica coffee growing regions. Other pests include mealy bugs, green scales and stem borers reported in Greater Masaka, Northern and Western.

b) High demand for planting material (coffee seedlings) by farmers despite the fact that access to seedlings was prioritized under the Parish Development Model Program

ii) Poor harvesting and post-harvest handling practices by some farmers, traders and processors continue to hamper efforts to improve quality of coffee.

iii) Limited funds disbursements;

The current economic situation which compelled Government to re-prioritize & cut down expenditure & less funds were released hence limited fast-tracking of the registration of farmers for traceability in order to comply with the European Union Deforestation Regulation (EUDR) & Corporate Sustainability Due Diligence Directive (CS3D).

An MIS system for tier4 sector	Number	0	0

Performance highlights for the Quarter

- i. Received and processed 500 applications Money Lenders, 83 NDTMFIs and 80 SACCOs under the Tier IV microfinance and money lenders institutions.
- ii. Collection and compilation of data through off-site reporting which is analyzed to assess the performance on the licensees. The data collected is on aggregate portfolio, portfolio at risk and borrowers, Balance sheet and P&L. The analysis from 498 institutions indicated an overall improvement in loan portfolio and the Portfolio at risk reduced since their borrowers could meet their loan obligations but with a resilience in SACCOs where the liquidity levels improved in the face of tight monetary policy.
- iii. Conducted On-site Premise Inspections for 298 institutions which applied for new license to identify the geographical locations of these institutions and the feasibility of conducting the business as per the Authority's Licensing criteria.
- iv. Carried out sensitization activities in different sub regions on the licensing process of SACCOs. This activity targeted 100 SACCOs.
- v. Conducted On-site branch inspections for 65 branch institutions that had declared new branch opening to identify the geographical locations of these institutions and the feasibility of conducting the business as per the Authority's Licensing criteria.
- vi. Participated in the field activities on the dissemination process of Self-Help groups guidelines in different sub regions.
- vii. Carried out complaints handling proceedings where 70 complaints were resolved and closed through mediating exorbitant charges.
- viii. 12 Radio talk shows were carried out to sensitize the public and create awareness on the Tier4 Microfinance institutions and Money lenders Act, 2016 across the country regions.
- ix. Follow-ups on the institutions' operations to assess their compliance with the law. 80 institutions were followed up to ascertain the compliance and inherit risks.

Variations and Challenges

Institutional

- i. Limited funding for UMRA's operations.
- ii. Limited financial and human resource capacity to effectively regulate, license and supervise MFIs.
- iii. Low visibility and awareness of UMRA's mandate by its customers and the public.
- iv. Emerging MFIs such as Islamic MFIs, which will require specialist skills to regulate, license and supervise.

Sector

- i. Weak coverage of Credit Reference Bureaus (CRB) in the Tier 4 sector however UMRA is promoting credit information sharing mechanism for the Tier 4 sector.
- ii. High defaults and loan provisions across the sector because of multiple borrowing by MFI clients.
- iii. Competing mandates of institutions such as UMRA, BOU and MTIC on licensing SACCOs, UCA and UCSCU.
- iv. Limited comprehensive database of MFIs and Money Lenders in Uganda making it difficult for UMRA to effectively regulate, license and supervise MFIs.

Performance highlights for the Quarter

- Fostered collaboration among stakeholders to advance pension inclusion in Africa by organizing the 4th Africa Pension Supervisors' Association (APSA) Annual Conference.
- Launched the Electronic Risk-Based Supervision System and trained staff on its usage.
- Report on stakeholder consultations on the Feasibility study on the establishment of the National Long-term savings Scheme.
- Developed a draft sector crisis management plan for a 2024 financial sector crisis simulation exercise.
- Conducted pre-licensing inspections and due diligence processes for 7 scheme administrators
- Enhanced media outreach to promote retirement savings awareness.
- Resolved 13 complaints and as a result UGX 111.8 Million was paid out to 7 complainants as benefits.
- Continued to follow-up on the implementation of supervisory recommendations and directives by the licensed entities from previous onsite inspections and offsite surveillance

Variances and Challenges

- Limited Coverage of retirement benefit arrangements within the working population.
- Low saving adequacy levels, with an average member balance of approximately UGX 9 million.
- Fiscal Burden associated with the Unfunded Public Service Pension Scheme.
- Absence of policy on transfer and preservation of retirement benefits before and during retirement.
- Slow responsiveness to initiatives for retirement planning.
- Low budget to financial sector development activities.

Performance highlights for the Quarter

QUARTER TWO PERFORMANCE HIGHLIGHTS

1. 40 Monitoring of institutions were monitored for compliance by National Council for Higher Education.
2. 285 programmes were accredited by National Council for Higher Education in consultation with the professional bodies.
3. Developed staff Training and Development Plan for FY 2023/24

The Council and Committees met and considered Council business for Quarter two. This included the budget performance for the second quarter.

4. 100 Institutional managers and owners were trained in strategic leadership.
5. NCHE engaged the services of a consultant for design and construction supervision of its proposed H/Q Building.
6. 50 programme Assessors trained by NCHE.
7. 5 Institutional facilities accredited by NCHE.
8. Data collection on the State of Higher Education in Uganda for 2020/21 academic year was concluded.
9. 4 Minimum Standards for programmes were developed.
10. 2 Minimum standards for programmes were reviewed.
11. 80 Local qualifications were equated.
12. 150 foreign qualifications were equated.
13. Peer reviewed papers for Journal publication on the Higher Education Review Journal.

Variations and Challenges

QUARTER TWO CHALLENGES

1. Non-release of funds for retooling and capital development. Whereas the budget provides for Ugx. 5.00bn capital development fund, only Ugx. 1.667bn was released to NCHE in the second quarter which affected the roadmap for the design and construction supervision of NCHE Main Building.

2. NCHE needs retooling funds, being a new vote, to cater for office equipment, ICT equipment, office furniture and fittings, purchase of two vehicles and office maintenance. Without these essential/basic items, executing the NCHE mandates becomes difficult. Ever since NCHE transitioned to vote status it has never procured a single computer/laptop, vehicle, furniture and equipment (office and ICT).

2. Lack of funding to support recruitment of additional staff.

During the budget preparation processes for FY 2022/2023, NCHE appealed for additional resources to be provided to facilitate recruitment of additional staff. Subsequently, Ugx. 2.00bn was allocated to cater for the recruitment of 16 staff during the F/Y 2022/2023. Accordingly, NCHE embarked on the processes to recruit the additional staff. However, the recruitment process could not be completed because the additional 2.00bn was not reflected in PBS.

3. Inadequate staffing levels despite the huge mandate.

NCHE has an approved establishment of 125 positions, out of which 54 are filled. This represents only 43.2% of the approved establishment which is below the recommended staffing level of at least 65%.

4. Inadequate transport to facilitate field activities.

NCHE has five (5) vehicles for fieldwork to oversee 252 Higher Education Institutions. Three (3) of the vehicles are beyond 5 years already and are due for disposal. This accordingly leaves NCHE with only two (2) vehicles for field activities.

5. Inadequate releases of funds

Inadequate and intermittent budget cuts resulting into non implementation of planned activities.

- s)UBTEB Assessment centre physical progress is currently at 32%.
- t)EOC trained staff on mainstreaming Gender and Equity budgeting.

Variations and Challenges

- a) Few female trainees attracted in Technical, Physical and Biological sciences training requires concerted efforts from all stakeholders to reverse.
- b) Understaffing; The UBTEB Secretariat still had critical vacant positions of subject specialists partly due to recruitment delays and ban as a result of ongoing rationalization, and inadequate wage bill.
- c) Inadequate equipment like computers in institutions resulting into many practical examinations shifts/sessions which makes assessment more expensive.
- d) While it is critical to have practical assessment in competence based assessment, it has remained costly for the Board and examinations centers.
- e) Lack of TVET qualification framework.
- f) Inadequate funding to address the underfunded priorities.

Performance highlights for the Quarter

1. Financial model with cost analysis showing the benefit of manufacturing locally has been built - it is currently cheaper by 30% to manufacture in Uganda at the electronics facility.
2. Collaborated with Ministry of Energy and Mineral Development to identify 16 sites for sand collection; 8 sites in Eastern Uganda, 1 in Northern Uganda and 7 sites in Central and Western Uganda for silicon wafer manufacturing
3. Project Proposal for the Pilot of the Electric Public Transport System for Jinja completed. And feasibility Study to inform next steps.
4. Pilot 1 of Skilling 100 Certified E-Bus Operators Commenced
5. National E-Mobility Strategy approved by Inter-Ministerial Committee on 31st October 2023. Development of the Open Access E-Mobility Databank Commenced
6. Budgetary Planning for Rwebitete Centre: The initiation of the centre's activity budget has been undertaken. This process is crucial for the efficient allocation of resources and the smooth operation of the centre
7. Partnership Development for Namanve Centre: Efforts have been focused on developing partnerships for the Namanve space. These partnerships are expected to enhance the centre's capabilities and broaden the scope of services offered.
8. Technical support to focus projects on developing technology for extraction and refinement of Ugandan Iron Ore, Lithium and Sodium.
9. Optimization of Premium Cassava Products which included bread, cakes, Garrie, Starch and alcohol is complete. 2. Trained over 2000 out growers using the participatory approach on proper cassava management.
4. Funding released for construction and operationalization of two processing facilities.
10. Completed preliminary masterplan for the Biosciences Park (Pathogen Economy industrial Park)
11. Structural and architectural plans for one of the components of the park completed (PCR diagnostics manufacturing plant)
12. Engagements with external consultants from Cuba to support with construction, design and technology transfer for the

Variations and Challenges

Some of the facets that were required to enable the full operationalisation of Vote 167 extended into Q2 and delayed some procurement processes from starting, which delayed some activities. Furthermore, funds released in Q2 were not sufficient to enable full scale pilot to validate business model under the mobility solution piloting for Jinja City. There is need to coopt expertise in Transport Planning and Modeling

Performance highlights for the Quarter

- i) The revised approved Budget of UGX364.186Bn for FY2023/24 out of which UGX208.970Bn is Wage, UGX139.843Bn (including a supplementary allocation of UGX10.2Bn covering scholarships and related costs, education materials and Research & Innovation Fund) & Development-UGX23.373Bn). Included in there, is NTR estimate of UGX96Bn.
- ii) By the end of quarter 2 (Q2), the university had received UGX 186.904Bn (52.5% of approved budget), out of this UGX 104.485Bn was Wage, UGX 73.733Bn was Non-Wage and UGX 7. 686Bn for Development. By end of Q2, NTR collections were UGX53.038Bn which is 55.3% of expected revenue of UGX96.0Bn.
- iii) By end of Q2, the university had spent UGX 159.262Bn (85.7% of the total release), UGX 97.428Bn (93.2%) of Wage release; UGX 61.104Bn (82.9%) of Non-wage release and UGX0.730Bn (9.5%) of the release for Development. This left an unspent balance of UGX 26.642Bn (14.3% of release) out of which UGX 7.057Bn for Salaries of staff whose positions had been dropped off the payroll during the migration to MoPS-HCM system and those staff whose appointments and contracts renewals had not been concluded. These include both teaching and non-teaching staff. A total of UGX 12.629Bn on Non-Wage and UGX6.956Bn on Development for both central administrative units and colleges could not be fully utilised by the end of quarter two largely due to delays in conclusion of procurement processes.

Variances and Challenges

The low funds absorption or utilization at 85.7% overall and especially under Non wage at 76.3% is largely attributed to delays on contract renewals for stop-gap and part-time staff, incomplete procurement of education materials in many colleges, unbilled internet access bandwidth subscription, ICT supplies & printing services, payments of ongoing repairs of equipment and billing for electricity which had not been concluded by the end of Q2. In addition to that, some first year students had not yet registered to access their food and living out allowances and the helpers of students with disability who had not yet submitted their correct account numbers. While on development, payment could not be made for uncertified ongoing works and the procurement processes were still underway for some the works.

Variations and Challenges

The major variations or unspent balances are due to advances made to Researchers for Research studies that are still on-going and several un-serviced LPOs for Office supplies, Educational supplies and Teaching materials, Text books and Graduation supplies and services, and pending payment of some invoices for NSSF.

The major challenges faced during Budget execution included: the inadequate release of Capital Development funding which affected implementation the following planned projects i.e. Completion & part-Payment for ongoing Works (4000sqm) for FCI Phase 2 with Ramp at Kihumuro (Payment of final certificate for works to be completed by Jan 2023) including External and internal plastering, Floor finishes, Window & door glazing, Painting and thus resulted in delayed handover of the facility. Also the Network Upgrade for FIS and Library at Mbarara Town Campus. Assorted Equipment and Furniture for Office and Teaching facilities like FCI block at Kihumuro not done yet critical

The University continued to face the challenges of subvention cut by 80% which mainly affected Guild, Sports, Convocation and ITFC activities whose activities are entirely dependent on the same resource. Resulted into strikes

Performance highlights for the Quarter

The vote received Shs- 31.101bn for Quarter two as follows: Wage Shs- 18.802bn; Non-wage Shs- 8.424bn; Subvention Shs -2.667; Gratuity Shs-0.144bn and Retooling of MUBS Projects Shs-1.062bn. Registered and Examined 16511 students. Supervised 7015 cumulative students on internship. Reviewed 3 Master programmes & recommended them to Academic Board. Proposed Bachelor of Project Planning & Mgt. Prepared 1497 Academic Certificates & issued 75; 167 transcripts & issued 109; 222 Certified Copies & issued 214 to students who completed their programmes from all MUBS Campuses, UCC & Affiliated Institutions. 5 MUBS First class students qualified for 2023/24 scholarship and were awarded letters. Had Norad- NORHED Scholarship of 4 candidates on PhD & 2 Candidates on Master programmes & award received. 2 candidates were recommended for award of persons with disabilities scholarship for 23/24. 4 Master & 4 Postgraduate programmes were approved by Academic Board & recommended to school council. Recruited 3 part-time staff. 81 staff facilitated on long- term programmes. 6 short- term trainings conducted where 945 staff attended. Paid salaries for Q2 of FY 2023/24 to 1481 staff members. The school: purchased wedding gifts to 13 staff who wedded; contributed to 22 members of staff who lost close relatives; processed tuition waiver for 28 MUBS & 16 Mak staff on Biological children scheme; refunded 19 staff costs on medical treatment & extended assistance to 10 staff who required medical attention. Prepared and submitted Quarter One 2023/24 Budget Performance and Budget Framework Paper for 2024/25 to Ministry of Finance. Had 1 PPDA report. 66 Contracts completed. Approved 2 policies & 1 council retreat. Had 1 legal case concluded. Held a guild & Management training, International Exchange for Students with Disability. CSR activities at Arua Referral Hospital. 1 Conference-AIMC hosted. 2500 fed, 2 disabled students offered scholarships. Procured: 160 chairs; 120 tables; 49 computers, 10 projectors

Variations and Challenges

The school received Shs 34.46bn for the period to December 2023 out of expected Shs 35.167 creating a variance of Shs 0.706bn. In addition, Shs 21bn is still needed to fully enhance person to holder staff. Insufficient non-wage to cover school operations creating payables every end of financial year. The School is having 2 systems (AIMS & ACMIS) for students. The change in systems to handle students data is causing challenges of data migration especially for continuing students and also challenges of reconciling revenues with URA. Insufficient funds for MUBS Retooling Project. Much as the release was made at 50%, it's still very insufficient for the requirements especially improving E-learning. The School lacks an operational Health Centre given the population at Campus. Request for a MUBS Infrastructure Development code for 2024/25 to address the challenge. Variation were handling of minor COVID-19 activities such as screening and provision of masks.

3. Certificate in Braille developed and approved at Department level
4. Training of Trainers in Inclusive Education Pedagogy for 7 Tutors of 2 Primary teachers Colleges (Shimoni and Nakaseke) conducted
5. Support supervision in 20 Inclusive Primary Schools; 10 schools in Wakiso district and 10 schools in Nakaseke district

Variations and Challenges

Variations

1. The variations existing were caused by some of the suppliers taking long to make delivery of goods and services and yet the quarter closes before they are paid
2. Some Procurement items need 100 % to be on the IFMs system before a procurement is undertaken, this makes the funds not to be used until the next quarter when all funds have been received and then the procurement process is started.

challenges

1. Inadequate wage bill. The University is at 31% staffing level for Academic Staff and 33% for Non-Teaching Staff which is a big challenge in delivery of quality higher education
2. The University is faced with challenges of inadequate staff especially in academic and technical staff, whereas the new structure was approved, it did not have a corresponding wage budgetary provision
3. Limited office space for both the academic and the administrative staff
4. Inadequate funds to support programmes in distance Education, blended learning and affiliated Institutions
5. Releasing of funds on a quarterly basis especially for retooling project has led to retooling items to delay to be initiated since funds have to be on IFMS to initiate a procurement

Variations and Challenges

- . Limited allocation of the wage bill which is likely to result accumulated arrears of wage bill. This was as result of no incorporating the harmonization
- . Low teaching staffing of less than 10% of the establishment;
- . Limited capital budget that affect already initiated construction projects like the Mbale building

Performance highlights for the Quarter

- a) A total of 503 staff (339 male and 164 female) salaries paid by 28th of every month & statutory deduction made and remitted to respective institutions. A total of 53 staff recruited (18 Female and 35 Male) and accessed the payroll.
- b) Five policies approved; University Academic Policy and Examination Regulations, University Quality Assurance Policy, University Short Courses and Related Revenue Management Policy, University Open Distance and E-learning Policy and University Human Resource Manual, 2022 reviewed and approved.
- c) Quarterly budget performance report for the FY 2023/2024 prepared and submitted to Management and MoFPED and annual performance report for FY 2022/2023 prepared and submitted.
- d) A total of 6661 students (3549 males 3112 females enrolled, taught and examined of which are 3965 (2257 males, 1708) are STEM/I and 2696 (1292 males and 1404 females) are Humanities.
- e) A total of 1543 articles, student dissertations, books, and journals uploaded into the University Digital Repository. The University Digital Repository (KABDR) accessed by 54537 users worldwide from 553 countries.
- f) A total of 37 titles (114) book purchased, delivered and accessed by all users. g) A total of 145 databases accessed freely by students and staff including 14 law databases.
- h) A total of 70 articles and book chapters published in peer-reviewed journals.
- i) Guidance of students in innovations and technology initiatives related aspects conducted through exhibitions:
- j) The University organized student's elections which were conducted successfully and there was smooth transition of student's guild leadership.
- k) A total of 406 students (male 318 and female 88) government sponsored received living out allowances and internship/school practice/industrial training.
- l) A total of 1439 (689 female and 750 male) students counseled on growth and behavioral change issues.
- m) Phase IV Construction of the Science Lecture Halls is ongoing and assorted furniture supplied.

Variations and Challenges

- a) The University has so far surpassed the planned NTR by UGX 1,274,070,184 and therefore will again seek the supplementary budget next financial year and the current UGX 6.8bn supplementary budget that was recently approved by the Parliament has not been received.
- b) The staff structure in the Program Budgeting System (PBS) is not aligned to the approved staff establishment structure by the Ministry of Public Service rendering planning, budgeting and reporting for wage difficult. The allocated amount attached to the staff scales of the Ministry of Public Service deviates from in the Program Budgeting System(PBS).
- c) Irregular electricity supply causing unstable internet leading to staff time loss, reduced productivity and damage of equipment.
- d) Staggered Academic Calendar. Due to the COVID-19 pandemic, the academic calendars are mixed up, having an overlapping semester between September – December 2023(two cohorts of 3rd students) which impacts on examination management and revenue forecast from students.

Variations and Challenges

Soroti University by the end of quarter two received a total of UGX. 13.377 Billion out of approved budget of UGX. 26.720 Billion Including arrears representing 50.1% of the budget released, 43.7% of the budget spent and 87.3% of the releases spent.

For Development funds, Soroti University received a total of UGX. 0.627 Billion and spent UGX. 0.116 Billion representing 50.0% of the budget released, 9.3% of the budget spent and 18.5% of the releases spent.

Under Wage UGX.8.574 Billion was released and UGX 7.720 Billion was spent representing 50.0% of the budget released 45.0% of the budget spent and 90.0% of the releases spent.

For Non-wage, UGX.4.167 Billion was released and UGX. 3.838 Billion was spent representing 50.0% of the Budget released, 46.2% of the budget spent and 92.1% of the releases spent.

Challenges

1. The allocation of Retooling budget has reduced from 1.92billion to 1.2billion thereby affecting the capacity of the University to procure equipment for delivery of quality higher education.
2. The allocation for wage has not factored in the increasing needs of recruiting senior Academic staff to handle classes in the 4th and 5th year of the MBCHB, 4th year of the BNS programme and the 4th year of the Electrical and Engineering programme.
3. Procurement of highly specialised digital electronic equipment from Manufacturers in Europe and Asia for the Engineering courses is hinged on pre-payment by the University before delivery. quite often the University does not have sufficient funds to pay for those supplies.
4. For the Anatomy Laboratory block there has been no budget allocated for infrastructure development for the last 2 financial years the result is that the University can not admit students and recruit more staff due to lack of space.
5. The Research needs of the University out strips the available funding under Research and Innovation funds thus constraining the visibility of the Academic staff in Research activities.

6. Secured approval of designs from Moroto District Local Government for the proposed multipurpose building at GUCCM
7. Secured a motion of no-objection from Gulu City Council for the degazettement of the forest reserve in Pece-Laroo, Gulu
8. Secured approval from Nwoya District Land Board of Gulu University's application for conversion of certificate of title of land from leasehold to freehold

Variations and Challenges

The Vote has a wage shortfall of UGX. 5.641bn (Wage: UGX. 5.128bn; 10% NSSF Contribution: UGX. 0.513bn) brought about by the migration from the M-Scale to PU-Scale and transition from the Integrated Personnel Payroll System (IPPS) to the Human Capital Management System (HCM). This is affected salary and statutory payments in the last month of the quarter.

Performance highlights for the Quarter

In terms of the physical performance, Lira University achieved the following during quarter two FY 2023/24:

- i) Successfully completed construction of medical interns' residence/ hostel and handed over to management for use.
- ii) Completed the construction of a demonstration block (diet kitchen) and medical laundry with sterilization unit, all attached to the Teaching Hospital.
- iii) Construction of the main Administration building is at roofing level. The progress has been hampered by limited financing and budget cuts and yet this is a multi-year project on extension.
- iv) Paid salaries and wages to 268 staff up to December 2023.
- v) Concluded semester one of Academic year 2023/24 and administered examinations to all students.
- vi) Held all the scheduled Committee meetings of Council for two quarters with relevant recommendations to Council.
- vii) Conducted 2 Council meetings (with 35% female attendance) and made strategic resolutions for implementation.
- viii) Organized the University Budget Conference/ stakeholders forum and generated investment priorities for FY 2024/25.
- ix) Produced the fourth quarter 2022/23 Budget Performance Reports and submitted copies to MoFPED and other ministries.
- x) Produced the first and second quarters 2023/24 Budget Performance Reports and submitted copies to the line ministries.
- xi) Consolidated and submitted the University Budget Framework Paper (BFP) for FY 2024/25 to MoFPED and other line authorities.
- xii) Prepared and submitted the 3-months and 6-months financial statements/ reports to the Accountant General (AG) and other relevant authorities.
- xiii) Final Accounts for FY 2022/23 prepared, submitted and audited by the Office of the Auditor General (OAG).

Variations and Challenges

Lira University (Vote 310) budgeted for a total of US\$ 35.784 billion only during FY 2023/2024. By the end of quarter two however, the total release was US\$ 18.169 billion only, comprising of Wages (US\$ 10.273 billion), Non-wage (US\$ 5.396 billion) and GoU Development of US\$ 2.500 billion only. Out of this, US\$ 11.877 billion was cumulatively spent by the end of the quarter (comprising US\$ 7.581 billion on Wages, US\$ 3.816 billion on non-wage and US\$ 0.480 billion was spent on GoU Development).

In a nutshell therefore, 50.8 % of the Budget was Released, 33.2 % of the Budget was Spent and 65.4 % of the Releases was Spent by the end of the quarter.

The following key challenges affected budget execution during the period under consideration:

- i) Low staffing level (27%) due to inadequate wage bill provision by Government which is not in tandem with the increasing number of students and academic programmes. This is coupled with the lack of clearance to recruit by the responsible authorities.
- ii) Limited infrastructure facilities (inadequate office space, lecture theaters, laboratories & conference facilities) due to limited capital development funds to facilitate the construction of key infrastructure facilities including completion of the main administration block.
- iii) Non-release of development funds in first quarter affected implementation of planned projects.
- iv) Inadequate Research and Innovation funds to undertake research and innovation initiatives by both students and staff of the University. Government allocated only Shs. 500m in FY 2023/24.
- v) Lira University received very minimal funding under Off-budget support mainly used for Research and innovation activities. There is still very low contribution from Development partners to augment the available resources.

4 teams; netball female, volley ball male, athletics male and pool table, represented the university in the 28th Association of Uganda University Sports games from 16th -21st Dec.2023 at Uganda Christian University

Variations and Challenges

The process of staff recruitment was ongoing and Some of the identified positions were not filled as programmed. This affected the absorption of the the wage and NSSF component. This matter is being addressed as Council approved the positions and the process for advertising has commenced; and
The delay in the procurement process for supplies which was still on going and at various stages, created a slow pace on financial absorption. As a remedy, Cost Center managers have been advised to initiate all procurements as early as the beginning of the Fiscal year.

Limited capacity of suppliers i.e. not being in position to provide all the required supplies e.g. Student ID materials, Certificate paper, among others and Inconsistent Prices

Performance highlights for the Quarter

1. New specialized services introduced i.e kidney transplant (One patient transplanted, 10 others scheduled for subsequent transplant surgery), arthroscopy, interventional radiology, geriatric medicine, Paed nephology, endocrinology
2. Acquired some specialized equipment (01 Laparoscopy tower, 03 Magnifying surgical loops, 02 medical fridges; 02 suction machines, instrument sets for organ transplant and other medical furniture) to increase profile of services including.
3. Procured a UGX 4.5bn worth assorted supplies (drugs, reagents and sundries) for specialized services
4. Held Surgical week and camps/outreaches with free super-specialized services including knee replacement, interventional radiological surgeries.
5. Procured maintenance, repair and/or service contracts for equipment including Ophthalmology, Theater, Anaesthesia, ICU, Lifts, Radiology, anesthesia, Nuclear medicine equipment, etc.
6. Conducted ISO Internal audit & submitted, await ISO service certification.
7. SANAS Accredited Clinical Laboratory, with tests in Microbiology.
8. Operationalized customer care points and trained support staff in customer service for enhanced customer care and brand management.
9. The ongoing construction of 150 housing units for staff working in critical areas now at 48.5% completion.
10. 587 Orthopaedic appliances fabricated, assembled or repaired under orthopaedic workshops i.e 115 wood, 102 metal, 127 leather, 243 Prosthetics & orthotics workshops services.

Variations and Challenges

- Staffing gaps i.e both number and skill mix for the intended specialization due to ban on recruitment and wage inadequacy to service the newly approved specialised structure. Additionally, non-deployment of medical interns by MoH as well as strike by SHOs and MOSG created some gaps in service delivery.
- Salary discrepancies between scientists and non-scientists, all of whom are exposed to same risks and are collectively working tirelessly to provide quality specialized tertiary health care services is very demotivational to the non-scientists.
- Stock-outs of medicines and supplies (both essential supplies under NMS and specialized supplies) due budget to inadequacies for the medical supplies.
- Inadequate budget for the servicing and maintenance of medical equipment has rendered some key equipment dysfunctional.
- Inadequate accommodation for staff working in critical areas i.e emergencies.
- High Patient Load especially in Neuro, Accident & Emergency, Trauma, sickle cell and medical wards.
- Limited coverage of the Integrated Hospital Management System (IHMS) due to budget constraint.
- Inadequate recurrent budget especially for utilities, security and staff training.

Performance highlights for the Quarter

Despite the budget challenges the Hospital managed to achieve most of its targets. The Hospital repaired the MRI machine which had developed a mechanical problem and yet in addition to serving our patients its also one of our main source of income under NTR.

Outpatient Services

- a) 8,931 Mental Health clinic attendances (4,414 male and 4,517 female)
- b) 1,721 Child Mental Health Clinic attendances (1,036 male and 685 female)
- c) 11,571 Alcohol and Drug Clinic attendances (9,091 male and 2,480 female)
- d) 18,032 attended to in the general Outpatient.

Inpatient Services

- a) 1,935 inpatient admissions (1,261 male and 674 female)
- b) 14,582 Diagnostics attendances
- c) 213% bed occupancy rate
- d) 1,993 patients rehabilitated (1,235 male and 758 female)

Variances and Challenges

The Hospital is handling very big number of patients and particularly the inpatients. Using the same budget to support a Bed Occupancy Rate of 212% has a big negative effect on the quality of service. The Hospital staffing is currently at 50% and yet the number of patients accessing for our services is increasing. The current Hospital budget for drugs is inadequate and yet mental health commodities are very expensive and cannot be afforded by the majority of our patients from the private facilities.

Performance highlights for the Quarter

The following achievements were realised in the quarter.

1. Diagnostic services: 1,878 x-rays; 2,776 Ultra Sound Scans; 163 CT scans; 47,132 laboratory tests done.
2. Prevention and Rehabilitation Services: 613 family planning use attendance. 3,269 ANC attendance recorded.
3. Immunization Services: 12,729 Children Immunized; 1,261 Mothers Immunized.
4. Inpatient Services: 5243 admissions; 3.9 days Average length of stay; 81% Bed Occupancy rate; 966 surgical operations; 1,830 deliveries; 1,192 Referrals in.
5. Outpatient Services: 2,678 Outpatient attendance; 20,677 Specialized Outpatient attendance.
6. Medicines and Health Supplies: Medicines worth UGX396,235,656.72 supplied by NMS in two cycles.
7. Audit and Risk Management: 1 Quarterly Audit report and 1 Quarterly stock report submitted.
8. Hospital Management and Support Services: 1 Quarterly performance review; 1 Hospital Management; 10 Department Meetings; 1 Senior Staff and 1 General Staff meetings held; 1 Round of Medical Equipment Maintenance outreaches done. Medical equipment in good functional condition in most of the health facilities. Medical equipment inventory updated in the new online NOMAD software.
9. Human Resources Management: Staff salaries, pensions for the month of November delayed; 1 Quarterly training committee meeting held; 1 Quarterly Rewards and sanctions session held; All (100%) staff appraised under probation were appraised.
10. Records and Information Management: 3 Monthly Reports collected and submitted; 1 Quarterly Health Management Information System Report collected and submitted; 13 Weekly Surveillance Reports collected and submitted.
11. Renovation of Medical Records Office and Orthopaedic ward: Contractors for renovation works identified and site handed over.
12. Construction of Arua Regional Blood Bank and Staff House for Blood Bank Staff. Over all progress is at 89; Contractor for the construction of Staff houses for Blood bank identified.

Variations and Challenges

The following challenges affected services delivery by the hospital.

1. Service delivery continued to be affected by inadequate staffing levels, a number of staff having retired, transferred or died and the process of recruitment to fill the gaps takes longer than expected. Some key staff category are not available e.g. Specialists in Radiology, Eye, ENT, Anaesthesiology, Neurosurgery among others and limited staff in other critical fields like Anaesthetic Officers, Clinical Officers among others affects service delivery.
2. The high number of refugees receiving medical services from the hospital: about 4% of the total inpatient admissions and total OPD attendance were non nationals and refugees. This has had implications on the hospital plan and budget.
3. Supply of medicines & supplies and specialist equipment could not match the demand most of the time in the quarter and this affected performance of hospital planned outputs like immunization, outpatient attendance, and diagnostics among others.
4. Unstable power supply from the provider (WENRECO). Intermittent power supply affected provision of services including surgical procedures, investigations etc. and the budget for fuel for generator can not cope with the power needs of the hospital.
5. Break down of key machinery especially the oxygen plant affected management of patients who needed oxygen and the hospital kept incurring costs in getting oxygen from Soroti Regional Referral Hospital in terms of transportation costs.

Performance highlights for the Quarter

The following have been achieved in the quarter:

1. Diagnostic services:

- 36,198 laboratory tests done.
- 3,434 ultra-sound scans done.
- 1,739 X-rays done.
- 41 ECG cases done.

2. OPD Services:

- 22,375 general OPD cases attended to.
- 23,298 specialized OPD cases attended to.
- 2,439 ANC cases attended to.

3. Inpatient Services:

- 6,431 Inpatient admissions
- 275 deaths recorded in the quarter.
- 3.5 days was the ALOS.
- 70% was the bed occupancy rate.
- 246 was the average occupancy.

4. Internal Audit.

- One audit report made and submitted.
- One audit plan made and submitted.
- Audit recommendations implemented by management.

5. Hospital management and support services:

- One hospital management board meeting held.
- Staff salaries and pensions are paid on time (by 28th of every month).
- Routine medical equipment maintenance carried out in the region by the regional equipment maintenance team.
- One general staff meeting held.

6. Medicines and medical supplies:

- NMS supplied medicines worth 217,679,326 UGX only. NMS didn't deliver some supplies despite the hospital having money with them.
- Private wing procured medicines worth 42,894,659 UGX only.
- There was recurrent stockouts of medicines in the hospital.

Variations and Challenges

1. The supply of medicines and medical supplies by the National medical Stores have been erratic thus creating a long period of shortages of supplies. This has led to the disgruntlement of patients who are always asked to buy medicines and other supplies from the private pharmacies.
2. The hospital runs insufficient non-wage recurrent budget. We are unable to pay water, electricity, and allowances among other critical issues. The funds for retooling is equally inadequate thus no major capital developments can be undertaken.
3. There is overwhelming numbers of patients to attend to and yet the staff offering the service are few. This leads to long waiting time.
4. There is shortage of staff accommodation thus a large number of staff live outside the facility.
5. There is overwhelming cost for patients referral to the national referral hospitals. This is due to insufficient NWR budget.
6. Demotivated staff is very difficult to manage due to shortage of supplies and poor working conditions and environment.
7. Some service providers delay to supply goods and services as well as delay to invoice for the service provided. This leads to under expenditure.

Performance highlights for the Quarter

The attendance of both inpatients and outpatients saw a noticeable rise.

In general, outreaches and scheduled activities were executed punctually.

The commendable diagnostic performance was, in part, attributed to the sufficient availability of reagents, facilitating comprehensive investigations.

Effective community responsiveness was partially achieved through ongoing health talks and various awareness measures conducted within the community.

Despite delays in responsiveness from NMS, there was timely procurement of medicines and health supplies, coupled with vigilant monitoring of their usage.

Variations and Challenges

The procurement of a G2G staff insurance policy was hindered by procedural delays, resulting in unspent funds.

Pension funds exceeded the hospital's requirements, rendering them unabsorbable.

Due to delays in the submission of requisitions and the delivery of supplies by service providers, certain funds couldn't be absorbed.

On a broader note, the ongoing digitization of medical records management poses significant challenges to the facility. Instances of power shortages and internet connectivity issues lead to the loss of patient records, contributing to under-reporting in information management systems.

Another major challenge stems from severe resource shortages, including staff and infrastructure limitations. These constraints hindered the implementation of numerous activities, thereby preventing the achievement of all required deliverables.

Performance highlights for the Quarter

1. The utilisation and execution of the released funds was generally good achieving 35.6% out of the release of 49.8% by the end of Q2
2. The vote achieved most of its planned targets. Under performance was noted in areas of outpatient, family planning and X-rays performed. The unspent balances were due to the incomplete procurement processes which are still under way, the transition of staff to Human Capital Management (HCM) from IPPS affected some pensioners and the unspent gratuity was due to pending approvals.
3. The Blood Bank construction is on schedule at 98% completion. Procurement of a servicer for the construction of residential buildings for the Blood Bank under way

Variations and Challenges

1. The insufficient budget allocation for both recurrent and development budget causing the accumulation of arrears in areas like water utilities, cleaning, maintenance of equipment, vehicle repairs etc.
2. Some structures need renovation and face-lifting like Mental Unit, Orthopaedic unit and others.
3. The Vote kick started a capital development project in FY2022/23 where 1.15Bn was released for the project and the site for the project was cleared by demolishing the old dilapidated structures which were accommodating several wards leading to relocation to other small spaces. Unfortunately in the current FY no funds were released for the project progress. The Vote is currently grappling with space challenges to accommodate the increasing numbers of patients admitted yet space has reduced from 317 beds to 268 beds
4. Limited budget for medical and office equipment maintenance both within the facility and the region at large
5. The low staffing level (26.7% according to the new staff structure), limited wage affecting service delivery

Performance highlights for the Quarter

Facilities & Equipment maintenance, is done by the workshop maintenance team, however the funds are inadequate for Ankole and Kigezi regions coverage. Inadequate funds to maintain hospital Laundry machine and generators.

Hospital Board meeting was held with Kisoro District officials in Q2. However the Board expired in December 2023; still waiting for MOH to appoint new members. Q3 may not have a board in place.

Diagnostic: 1499(150%) X-Ray services, 3184(212%) Ultrasound scans, 40238(134%) Laboratory investigations, 434(868%) CT scans done to all required requests. This was due to machines were operational and reagents were available.

Inpatients achieved 7459(249%) Patients were admitted, 61% Bed Occupancy Rate in wards, 2567(171%) Major Operations including Caesarean Sections mainly attributed to being the only surrounding government referral hospital and so many patients are referred for better services.

Outpatients: 35673(143%) Outpatients seen, 30373(101%) Clients at the Specialized Clinics, 241(95%) Referrals to the hospital mainly due to specialists support from the university, 45(45%) referrals out of the hospital were supported with Ambulance while the rest contributed to ambulance service.

Preventive and rehabilitation services had 1116(89%) of Family Planning clients and 1837(105%) ANC (All visits) were attended to. The Maintenance workshop had 176(90%) Job cards completed and 35(84%) Medical equipment maintained in the hospital and the facilities in Kigezi region. 542(44%) Birth certificates and 591(88%) death certificates issued to all born and deceased respectively in the hospital.

Variations and Challenges

Human Resource is at 64% staff level. The hospital sought support from Kabale University staff however there is dire need to fill the critical nurse and doctor staff gaps.

The hospital picked oxygen from Kampala Namanve 4 times since the year began due to the breakdown of all its plants. The hospital spends approximately 4m/= per trip to pick 320 oxygen cylinders from Roofing's Kampala which is consumed at 17 cylinders per day.

Frequent and erratic power shut down, led to generator use, consuming a monthly 900 litres diesel 4.85m/=. Most of the budget on electricity was unspent because the hospital majorly runs on generator which require constant servicing.

Land encroachers disrupted development which led to the demolishing of the encroacher's structures on the land to pave way for the ICU construction. Trees were planted on the land boundary and the maintenance is ongoing, signed an agreement with the encroachers to vacate and give way to government developments. Still land disputes with owners of Kiosks in front of the hospital gate, the communications Mast which is in the hospital land and another encroacher bedroom is in the hospital land. Request for concerted efforts from all stakeholders.

Hospital has an allocated old ambulance that always need repairs. There dire need to be allocated new ambulance due to hospital long distance to Mulago.

Medicine and Medical supplies delivered 3 cycles totaling 521,769,043/= (39.8%) of total budget Ugx 1,311,000,000/=. Challenge of late deliveries, Stock outs of items, poor order fill rates by NMS which affected service delivery. Lack of supplies for ICU (specialist medicines and health supplies) due to the small budget for the last 5 years despite population growth.

The incinerator walls burst and cracked because of its small capacity design mechanism. It was outweighed beyond repair and not recommended for a regional hospital.

Performance highlights for the Quarter

We continue to deliver services and exceed some of the planned targets amidst a few challenges. In the second quarter management was able to hold the quarterly Board meeting. The maintenance workshop was able to relocate and install a 250kv generator using limited resources. This generator is capable of running the whole hospital and will save the entity the cost of running several generators at ago after all units are connected to it. The hospital has in the interim managed to get oxygen supply form Kampala following the breakdown of the oxygen plant.

Variiances and Challenges

Retooling budget as small as it is has not been fully released as planned to allow execution of the plans. The issue of utility bills that are not fully paid continues to stand out leading to accumulation of domestic arrears. The issue of delayed delivery of health supplies by NMS still stands worsening the stock out levels. Power surges continue to damage equipment with a recent incident damaging several computers for both the IFMS and electronic medical records, internet switches for medical records system and CCTV, printer for CT scan, Ultrasound scan and several power protection units like UPS. All this was costed at over Ugx.80,000,000. UMEME power black outs have put pressure on fuel especially for generators and ambulance services and we cant afford to carry out referral in ambulatory services. The hospital continues to experience shortage of oxygen supply due to a complete breakdown of the UNICEF oxygen plant. This has added extra operational costs of ferrying oxygen from Kampala at least twice a week which is expensive.

Performance highlights for the Quarter

- 1) The variances noted during the quarter are attributed to the festive season where activities slackened down. Most have taken off and improvement expected in Q3.
- 2) The Oxygen plant is still not functional and the hospital is challenged to seek for support from NMs and other facilities which is very costly
- 3) There were some system problems associated with the migration from IPPS to HCM causing under, over and non-payments of salaries for some. Staff and pensioners. Up to date some staff have not yet been fully migrated to HCM.
- 4) The variations in Financial years between the GoU and US governments (G2G Activity) also had some effects, especially the release of funds for G2G activities implemented by the hospital.
- 5) Power blackouts causing high fuel consumption to run the generators.

Variations and Challenges

- 1) Meetings for the Department heads and sections (Hospital Parliament) on going. The regional Parliament was constituted to bring in the DHOs and other specialists on board.
- 2) Management continues to improve on data management through digitalization using the Clinic Master. Computer Installations have been made, staff trained, internet connectivity extended and burglar proofing for safety done. This will improve data capture, tracking and reporting.
- 3) The Oxygen plant broke down; a report was sent to Silverbacks the contractor company for repairs but not yet done. Construction of a new plant has been planned set to be started. Oxygen generally being supplied by NMS in the meantime.
- 4) The main causes of morbidity and mortality in the hospital include trauma, malnutrition and maternal cases. The hospital has a big patient load especially in Paediatrics and maternity cases.
- 5) Construction works for the new Laboratory on going with funding from World Bank. Works at walling for floor one. Site meetings ongoing.

UPHIA 2020 conducted and results disseminated	Text	1	The results of the 2020 Uganda Population-based HIV Impact Assessment (UPHIA) indicate that the current prevalence of HIV among adults aged 15 to 49 years in Uganda is 5.5 percent. UPHIA 2020 is a nationwide survey that was conducted to provide estimates of HIV incidence, HIV prevalence, viral load suppression, and other important HIV/AIDS programme indicators. Data were collected in all regions of the country from a sample of households that are representative of the Ugandan population. The survey was conducted between February 2020- March 2020, paused due COVID-19 mitigation measures, and resumed in October 2020 and completed in February 2021. Survey Methods followed were HIV Prevalence, HIV Prevalence by Region, HIV Prevalence By Age, Viral Load Suppression and Male Circumcision.

Performance highlights for the Quarter

Clinical work was done as planned and the Hospital attended to:

INPATIENTS

- 11,974 Inpatient Admissions, with 4 days Average Length of Stay and a Bed Occupancy Rate of 86.4%.
- 3,836 major and minor operations

OUTPATIENTS

- 10,764 Inpatients
- 3,836 patients in the Specialized Clinics
- 447 Referrals in.
- 30 referrals out granted.

DIAGNOSTICS

- 76,088 Laboratory tests,
- 2,235 X-ray
- 1,214 Ultrasound scan
- 803 CT scan
- 105 Renal Dialysis
- 108 ECHO
- 238 ECG
- 3,900 Blood Transfusions

PREVENTION AND REHABILITATION

- 2,826 ANC patient visits attended to
- 927 Family Planning attendances
- 5,034 Postnatal Mothers
- Physiotherapy patients
- Occupational Therapy clients
- Orthopaedic workshop clients

IMMUNIZATION

- 2,523 Immunizations done (1,217 BCG, 896 Polio 0, 201 1st dose, 171 2nd dose, 200 were given Vitamin A and 93 given deworming tablets)

ADMINISTRATION AND SUPPORT SERVICES

- Top Management meetings were held to strengthen running of the hospital.
- Arrangements are in place to have the new Hospital Management Board inaugurated.
- Salaries, Pension and Gratuity Payrolls prepared and paid by 28th of every month

- Monthly procurement reports were submitted.
- Internal Audit Report prepared and submitted to Internal Auditor General
- Medical Record function managed.
- Budget Performance Report prepared and submitted to MoFPED

HIV/AIDS

PROJECT 1767: The USAID Mbarara Regional Referral Hospital Strengthening Activity is a regional-based, comprehensive HIV/AIDS and HIV/TB and selected RMNCAH/Nutrition service delivery and technical assistance activity with a host of activities and indicators whose details are in the report.

PROJECT 1578: Retooling of the hospital included procuring patient trollies and the process was still on to acquire more items.

MEDICINES, THERAPEUTICS AND OTHER HEALTH COMMODITIES

Assorted medicines, therapeutics and other health commodities were received.

Variations and Challenges

- 1) Utility bills are high and yet still power is on and off, hence over use of the generators. This leads to high fuel consumption.
- 2) The non-wage recurrent budget is so inadequate to run the hospital. Even the retooling budget cannot procure machines like anaesthetic and x-ray machines. Existing machines and equipment are old and overused given the high number of patients.
- 3) Growing domestic arrears for wate, which currently amount to 568,226,956/-.
- 4) Patient volumes are high; this puts a strain on the infrastructure and resources allocated to the hospital.
- 5) Inadequate staffing levels leading to work overloads for the existing staff.
- 6) No space for the expansion of the Hospital facilities.
- 7) The Medical Equipment Maintenance Workshop continued to serve the hospital alone and this is because it does not have the funding to cover Ankole Region. Th region still depends on Kabale R.R.H Maintenance workshop, which is poorly staffed to attend to two regions.
- 8) Finally, the hospital lacks wage to recruit specialist doctors. As such there is a lot of reliance on the university teaching staff.

PPE available and accessible

Variations and Challenges

Wage: The bulk of the expenditure was on wage, but the few health workers and pensioners are still largely affected by the migration of IPPS to HCM hence disparities and challenges in uploading the data.

Non-wage - The unspent funds for non-wage are for payment of gratuity but the process is ongoing.

Essential Medicines and health supplies

Pharmacy and stores departments made cycle 2 orders for EMHS and submitted to NMS on 18/10/2023 and delivery was affected on 2/12/23. Stock availability in percentage was 90% during quarter. The lead time was 50 days in cycle 2 compared to the previous cycle (C1) deliveries which was 32 days on average. This shows delay in delivery and this affected the stock levels of fast moving items especially anti hypertensives such as Losacar H , Captopril

Retooling: Funds are not yet utilized but the procurement process has commenced

Challenges

- Un-Migrated employees and pensioners from IPPS to HCM by MOPS is still a challenge due to quarter and name Mismatch.
- Poor internet connectivity in the hospital delays workflow especially on the HCM system which consumes a lot of time and data.
- Erratic power supply continues to destroy equipment and machinery and this continues to interrupt service delivery.
- Shortage of blood has led to continued transfer out of patients and in some cases led to loss of lives.

Performance highlights for the Quarter

The hospital experienced a higher turn-up of patients in all her specialized outpatient and diagnostic services. The hospital attended to 27,041 General Outpatients, 4,606 Inpatients, 6,870 ANC clients, 1,272 Family Planning clients, and 4,961 Adolescent and Reproductive health Services clients.

The Hospital undertook 1 Community awareness campaign on trauma prevention and protection, 9,712 immunizations, (8,036 children, 1,676 Tetanus immunizations), and 1 Support Supervision to lower Health Units. Also prepared the Quarter Two Budget Performance Report, held Quarter Two Board meeting, Quarter Two Salaries, Pension and Gratuity payrolls, monitored Staff attendance, and conducted Quarter Two Staff Performance Appraisals/ performance management, availed essential EMHS supplies.

Furthermore, the hospital conducted 31,120 Laboratory tests were done, 3,104 Images were done, 593 Blood transfusions 2,989 operations done, achieved a 100% Bed Occupancy rate, Average Length of Stay-4 days and 17,256 specialized clinic attendances

Variations and Challenges

1. A limited non-wage budget is still a challenge to the hospital given the UGX 1bn for the FY is insufficient for the volume of patients and infrastructure at Naguru NRH
2. Erratic and recurrent major water pipe bursts lead to high repair costs and arrears.
3. Limited space for expansion and infrastructure
4. Congestion due to high patient numbers
5. Lack of a Maintenance Workshop and funds to maintain the installed equipment
6. Lack of an ambulance
7. Lack of Medical Oxygen Plant

Contracts for Solar installation, prequalifying service providers to repair medical equipment, furniture and computers are all with Solicitor General's office for clearance.

Variations and Challenges

Kiruddu National Referral Hospital received 5,546Billions for wage out of budgeted 11.091 Billions representing 50% . The entity also received 7.313 Billions for Nonwage recurrent out of 14.813 Billions representing 50%

Further the entity received 0.765 Billions for Retooling out of 1.530Billions representing 50%

There no variations in the expected releases except challenges leading to low absorption result from lengthy procurement processes and delays from suppliers to deliver services invoices upon which payment should be made.

Activities for retooling have also not been implemented as expected due to the fact that no funds were released in Q1.

Gratuity funds were under-released out of 289million, expected the entity received only 30Million.

On wage the entity has not been cleared to recruit staff so that the entity can absorb all the funds on wage budget line.

The entity has challenge of having limited funds for pension and gratuity

Variations and Challenges

- 1) Failure to utilize the approved Wage Budget (UGX 2.5bn) due to delayed clearance for recruitment
- 2) Inadequate staffing levels at 37.4% leading to work overloads
- 3) High patient volumes leading to congestion in the hospital.
- 4) High utility bills due to the high number of patients.
- 5) No space for the expansion of the Hospital facilities.
- 6) Inadequate budget for non-wage recurrent and capital development.
- 7) High frequency of equipment and machinery breakdown due to overuse and power surges
- 8) Failure to clear domestic arrears for UMEME over the past three years. Arrears are currently at UGX. 732, 927,785.

Performance highlights for the Quarter

1.981 billion NTR collected in Q2 as compared to 2.25 billion that was planned. The remaining gap which stands at about 0.269billion which is approximately 11.9% is mainly due to waivers provided by the hospital.

There has been an overall improvement in the performance of National Medical Stores during Q2 compared with Q1. There was a good record of timely deliveries in Quarter 2 since all cycles were delivered on time. There was also an improvement in the value of deliveries as NMS strives to reach their target of 100% deliveries per cycle. However, there is still a challenge of failure to communicate availability of crucial medical supplies in time by NMS to allow for proper planning by the hospital.

During Q2 FY 2023/24, MSWNH conducted one Human Capital Management (HCM) leave management training for the staff on 29/11/2023.

The medical students at both under graduate and post-graduate levels continued to do clinical training/rotations in the hospital.

Mulago Specialized Women and Neonatal hospital together with TEREWODDE organized a week-long surgical camp from 08/12/2023 to 15/12/2023 as part of their corporate social responsibility spear headed by Urogynaecology ward where a total of 112 clients were admitted and offered free different surgical services.

3250 Specialized Inpatients were admitted in Q2 as compared to 2200 that had been planned.

8246 Immunizations were done in Q2 as compared to 3700 that were planned to be done in the quarter.

Variations and Challenges

Level of Staff specialization does not match the expected specialized services.

Inadequate staffing; 39.6% filled as per the approved structure. (94 staff not on approved structure but on payroll).

Limited budget for maintenance of Equipment.

Waste water drainage challenge mainly due to loose pipes that has led to emergency expenditure.

Performance highlights for the Quarter

Budget performance at the end of Q2 was 60.2% of the released funds. There is a slight improvement from Q1 which is attributed to recruitment of some key critical staff like procurement officer who initiates procurement.

We registered a remarkable increase in the performance of outputs, resulting from provision of specialized services and increased awareness by the community. Five times performance of the Lab is attributed to its recent accreditation, hence increased lab testing coupled with advanced equipment for specialized test amidst reagent stockouts. Hospital prioritized community outreaches for clinical support, training and mentorships across the entire region. Strengthened Working Improvement Team and Senior staff meetings that support internal performance reviews and departmental governance. The hospital also made progress in strengthening partnerships and collaboration implementing partner (Makerere University Walter Reed Project) which supports HIV care, Cooperative Agreement/Central Public Health Laboratories for the support of laboratory services in the region and a number of universities and training health institutions for purposes of teaching and research.

Variations and Challenges

Wage: The hospital was unable to use 100% wage due to system-related challenges, where some new staff had not accessed the payroll and Integrated Financial Management System via e-registration.

Low staffing levels at 12% This resulted in the partial opening of hospital units, leading to under absorption of budget in some areas like Electricity, water and other utilities.

Non-Wage: The hospital managed to use 60.2% of the allocations and the variance was due to a number of factors;

Lack of critical staff like; Biomedical Engineer for assessments and specifications of procurements.

60% of the budget is for procurement of goods and services.

Low staffing levels of 12% affected the implementation of the budget due to overriding activities

There has been gradual acquisition of critical staff during the transition, occasioned by restricted wage which led to delays in implementation of some activities especially procurements.

Performance highlights for the Quarter

By the end of Q2, the Hospital received 50% of the Approved Budget of which 66.9% of the Released Budget was spent. Cumulatively, the Hospital has spent 33.4% of the Approved Budget with Wage being spent at 35% and Non-Wage being spent at 32.2%. The remaining 17.8% that was not spent under Non-Wage is attributed to the Pension and Gratuity Funds where the Hospital does not have any Retired Staff for the FY 2023/2024

The Hospital carried out 15,249 laboratory tests, 3,035 Ultra Sound Scans, 1,631 X-Ray examinations, 14,018 immunized, 4,074 Inpatient admissions, 399 Major operations (Including caesarian sections), 12,601 General Outpatients attended, Quarterly Hospital Boarding Meeting, Partner Coordination Meeting and Performance and Review Meeting, Monthly Support Supervisions and Inspection, Organized and celebrated World AIDs Day

Variations and Challenges

Unstable and slow Network for IFMS. The Hospital continues to use IFMS services of the District due to the unstable Network of IFMS Network

Lack of internet source for the Hospital. The Hospital doesn't have an internet source such as NITA

Low staffing level (23% of positions filled) leading to over working of the current staffs

Muddy and dusty Roads affecting the referrals by the Hospital and also functionality of some sensitive machines in the Hospital

Few numbers of utility vehicles affecting Hospital functionality

Few numbers of Hospital Ambulances for medical services

Performance highlights for the Quarter

Held meetings with delegations and UN Secretariat and obtained increased support for the Entebbe Regional Service Centre for consideration of its forthcoming budget.

Participated in bilateral meetings with Pakistan, Algeria, Cuba, Egypt, Iran, Equatorial Guinea, and Venezuela to lobby support to host the Third South Summit and 19th Non-Aligned Movement South in Kampala, Uganda.

Participated in bilateral meetings with Pakistan, Algeria, Cuba, Egypt, Iran, Equatorial Guinea, and Venezuela to lobby support to host the Third South Summit and 19th Non-Aligned Movement South in Kampala, Uganda.

Negotiated and adopted the ministerial declaration for the 46th Ministers of Foreign Affairs of the Group of 77 and China held on 23rd October 2023, which provides strategic guidance on numerous economic, social, and environmental issues for the group in its engagement within the work of the United Nations System.

The Ministerial meeting endorsed the new dates for hosting the Third South Summit in Uganda. Uganda will leverage the hosting of this Summit to strengthen further her trade and investment bilateral relations with other countries in the Global South.

Participated in the Africa Group Workshop to negotiate international legally binding instrument under the United Nations Convention on the Law of the Sea on the conservation and sustainable use of marine biological diversity of areas beyond national jurisdiction (BBNJ) 11th -13th October 2023.

Uganda elected as chair of the African Group, for the month of April, 2024.

Collected USD 209,701.13 as rental income from Uga Hse.

Variations and Challenges

Geo-political dynamics

Cyber insecurity

Lack of timely feedback from Capital/MDAs.

Continuous Lack of access to E-Visa Application system of Internal Affairs

Restrictive Staff Structure

And staff deployment/posting from MoFA with no budget.

Performance highlights for the Quarter

Processed 47 Passport Applications for Ugandans in Area of accreditation

Processed 654 Visa Applications for travelers to Uganda

Processed and Issued 46 Visa Exempt letters to holders of Conventional Travel Documents from Canada

Processed and Issued 3 Certificates of Identity to Ugandans who have expired or lost passports to travel back home

Processed 30 Dual Citizenship Applications for Ugandans in the Quarter

Registered 12 Applications for National Ids and Issued 9 to Ugandans

Authenticated 54 Drivers permits for Ugandans in Canada

Coordinated the launch of the official go-live of the Imago e passport system at the Mission by the Minister of the Presidency Hon. Milly Babalanda. This has led to e-passport application to be done online seamlessly for the Diaspora and applicants only appear at the High Commission for biometrics. This has led to timely and effective passport services to Ugandans in Canada and the Commonwealth of the Bahamas.

Participated in the 3rd Canada International Tourism and Cultural Expo 2023 where discussions on promoting Tourists to Uganda and Business development were held. Potential sites of Tourism attraction in Canada and Uganda were identified.

Participated in the 2023 Coffee Conference where the Mission showcased Uganda's Coffee to International Coffee roasters, retailers, importers, growers and suppliers.

Participated in the Global Cultural Leaders Congress where Cultural leaders, Community and government representatives, Private sector and other key stakeholders deliberated on and co-created solutions for achieving economic advancement and sustainable development in a respectful and beneficial manner. This was an opportunity to show case the cultural richness of Uganda and to strengthen cultural diplomacy and global cooperation with the various stakeholders present.

Variations and Challenges

The main challenge to overall budget execution during the reporting period was the vastness of Canada and low funding making it impossible to reach all regions especially issues dealing with the provision of Immigration Services

Underfunding for the Mission given the Vastness of the Area of accreditation

Freezing of Travel Abroad has also affected the execution of Mission Mandate

The Directors briefed the Ugandan MPs on the status of the implementation of the Framework, Uganda's position in the implementation process and undertook to interface with the Parliamentary Committee on Trade at the earliest opportunity. Need to follow up with Parliament of Uganda and coordinate the engagements of relevant Ugandan stakeholders with the AfCFTA Secretariat. FS2 to follow up.

Received the inaugural flight of Uganda Airlines to Lagos. Expressed gratitude to all Nigerian stakeholders for facilitating the inaugural flight to Lagos. Called for continued cooperation for the benefit of all stakeholders

Met the Chairperson of the Foreign Affairs Committee of Parliament of Uganda. Updated the Chairperson on the Mission mandate, construction progress of the Chancery, Consular House and staff apartments. Encouraged the Chairperson to pay a working visit to the Mission.

Variations and Challenges

i) The Mission is located in Abuja, which is the political capital of Nigeria. Most of the stakeholders in commercial diplomacy are based in Lagos and other cities of Nigeria. Given the financial constraints the Mission faces, it becomes difficult to deliver on the targets as expected.

ii) Travel within West Africa is complex and expensive. There are hardly any direct flights from Abuja to other West African capitals. The Mission will therefore need more funds to organize activities for promotion of commercial diplomacy outside Nigeria.

iii) Because of rampant insecurity in most of Nigeria, travel by road outside Abuja is not only risky but also discouraged. Air travel remains the only option, which requires adequate funding.

iv) Uganda Airlines commenced direct flights into Nigeria in October 2023. As of today, most of the cargo on the flight is from India into Nigeria, and from Nigeria into Uganda. The Mission needs to work with relevant stakeholders in Uganda to ensure that we leverage on this opportunity to increase cargo coming into West Africa. Without concerted effort, Uganda Airlines will remain a facilitator for trade between Nigeria/India/China/UAE while we benefit little.

Variations and Challenges

The Mission faced the following challenges;

- The passing of the Anti Homosexuality Act 2022 related backlash as regards the the termination of World Bank and IMF funding and suspension of Uganda from the AGOA.
- No funding for travel abroad hinders the Mission's ability to provide representation in the 12 other areas of accreditation
- 49 Passport applications remain differed due to Dual Citizenship issues.
- The National ID enrollment system is out dated and broke down. This severely affected the Embassy's ability to deliver services to our clients.

Performance highlights for the Quarter

1. Coordinated the 3rd Intra African Trade Fair organized by the Union of African Chamber of Commerce and African Export-Import Bank (Afriexim Bank) at the Egypt International Exhibition Centre. This exhibition served as a platform to stimulate and support Intra-African trade.
2. Participated in the African Food Regulatory Authorities Forum (AFRAF) in the New Administrative Capital. The AFRAF is the result of a partnership between the African Union Commission and the National Food Safety Authority of Egypt as well as various food competent authorities in Africa and International partners which aims to facilitate engagement and discussions amongst leaders of African food regulatory authorities.
3. Participated in the International Economic Conference on the future mining extraction and investment. This conference involved various field visits to selected member companies with the aim of underlining to them the prevailing opportunities for investing in Uganda.
4. Coordinated in the 3rd edition of Defence Exhibition (EDEX 2023). The exhibition took at the Egypt International Exhibition Centre in Cairo. It featured 22 pavilions showcasing the latest in land, sea, and air military technology from over 400 exhibiting companies from 46 countries.
5. Attended the CERAMICA expo organized by the Egyptian Exhibitions Authority and the Egyptian-African Businessmen. This forum is attended by several African countries to discuss the development of trade cooperation and logistical activities necessary to facilitate trade between African and Middle Eastern countries.
6. Provided protocol services to;
 - The Minister of Water and Environment Hon. Sam Cheptoris who was attending the International Conference on Cairo Water Week – 6th edition.
 - The State Minister of Fisheries, Hon. Hellen Adoa was accompanied by the Commissioner Mr. Henry Labongo. They came to sign an Extension Agreement for Aquatic Weed Control in Equatorial Lakes Project between Uganda & Egypt.

Variations and Challenges

1. The Embassy is required to move to the New Administrative Capital (NAC), a move that has not been well received by the Diplomatic Community. As a result, various Embassies have elected to move to the New Cairo, a fast growing metropolitan city situated between the New Administrative Capital (NAC) and old Cairo. All our East African Community neighbors have also since moved to New Cairo for easier access to the New Administrative Capital (NAC). Necessary documentation on this move has been submitted to the responsible MDAs. Funds should be availed to aid the move to New Cairo for the time being.
2. Dilapidated Embassy Chancery and the Official Residence (OR). Efforts to uplift the face of these structures has been overtaken by the compulsory move of all Embassies & Government agencies to the NAC. The Embassy is considering selling both structures & proceeds from this sale could aid in procurement of land & construction of the Chancery & OR in the NAC.

Performance highlights for the Quarter

- 1) The Mission Relocated to a New Chancery Building
- 2) Repatriated a one Mukalazi Mathew, a Ugandan who had been under incarceration for seven (07) months due to illegal stay in the country.
- 3) Negotiations on (01) MoU on Defence Cooperation with Ethiopia concluded
- 4) Uganda chaired the meeting of the Working Group of Experts of the African Union to consider the Draft Statement of the Common African position on the Application of International Law to the use of Information and Communication Technologies in Cyberspace
- 5) Informed AU that Uganda Contingent in Somalia will receive sixty-eight (68) assorted Military Pattern trucks offered by the Republic of Uganda

Variations and Challenges

- 1) Limited Human and Financial resources to deliver on the Mission's Mandate (Underfunding)
- 2) Loss on poundage affecting the Mission's budget.
- 3) Both Political and Fiscal Uncertainty caused by changing policies of the Ethiopian Government.
- 4) Limited coordination and inadequate sharing of information between the Mission and the respective government MDAs.
- 5) Delayed responses to correspondence from the Mission on issues such as confirmation of Uganda's participation in meetings, composition of delegations, guidance on Uganda's positions in meetings and on different matters e.g. candidatures
- 6) Non attendance by MDAs in key meetings
- 7) Clashes in scheduling of activities and meetings which often results in non-participation by the Mission and/or the relevant MDA
- 8) Late communication by the different organisations e.g. on scheduling and invitations for meeting
- 9) Inadequate budget allocation particularly on travel abroad which makes it difficult for the Mission to participate in meetings and activities where no sponsorship is provided by the organisers
- 10) Delays in implementation of commitments and preparation of country reports

Performance highlights for the Quarter

In Q2 FY 2023/24, the Mission registered the following key achievements:

1. Attended the following 08 official functions to enhance cordial bilateral relations:

- a) The fruit trade Expo in Yuncheng Shanxi province and promoted Uganda's investment and tourism opportunities.
- b) The Fourth Silk Road forum for international cooperation Xian Shaanxi
- c) The Forum on China -Africa cooperation (FOCAC)-Poverty reduction and development conference in Hunan Province
- d) The China Wenzhou international pump and valve Fair.
- e) The First study tour under FAO -China -Uganda south-south cooperation (SSC) Project Phase 3 and the Sichuan Agricultural Expo.
- f) The CHINA (Dong ying) Energy industry international cooperation forum.
- g) The 5th belt and road women's forum in Sanya China.
- h) The sixth China international Import exposition and promoted Uganda's products, investment, and tourism.

2. Attended a meeting with Yunan administration free trade zone to discuss the establishment of a second pavilion for Uganda in the trade zone, as well as offices in Changsha aimed at enhancing existing bilateral relations.

3. Participated in 2 diaspora events: The ENKUKA and Football event in Beijing aimed at bringing Ugandan communities together and mobilizing them to participate in National Development.

4. Provided protocol services to 02 delegations led by Honorable Ministers.

5. Issued 03 emergency travel documents to Ugandans whose passports expired.

6. Certified 49 documents for foreign use.

7. Provided consular assistance 200 Ugandans in distress.

8. Arranged with the authorities the return of 15 Ugandans who had been in detention over illegal stay and illegal work.

9. Made 4 consular visits to Ugandans in Hebei province langfang detention houses, Schools and hospitals.

Variations and Challenges

The Mission faces the following challenges:

1. Limited/non responsiveness by MDAs in Uganda on the available opportunities in China.

2. Inadequate funds to effectively undertake Commercial and Economic Diplomacy promotion activities.

3. Also due to a system error, that had not been resolved at the point of submission of this report, it was not possible to capture the corresponding activities undertaken under the 02 programs for the reporting period.

Performance highlights for the Quarter

1. Actively participated in Uganda delegation to the 74th Executive Committee of the UNHCR. We delivered statements on general debates, international protection for refugees, the budget of the UNHCR, and on behalf of the African Group calling for more flexible funding for Uganda as the largest refugee hosting country in Africa.
2. Actively co-convoked the second Global Refugee Forum and announced five policy pledges. And actively participated in events to share the Uganda refugee program examples and raise support.
3. Transmitted information to capital and/or facilitated the nomination of Ugandan candidates for the following technical cooperation/capacity building activities sponsored and held in Geneva by the WTO Secretariat;
 - i) WTO Advanced Trade Policy Course, Geneva, Switzerland 29 Jan – 22 Mar 2024
 - ii) WTO Workshop on E-commerce, Singapore 15-18 April 2024.
4. Lobbied and sought support from WIPO to facilitate the participation of Mr. Gilbert Agaba, Director, IP, URSB, to participate in WIPO's 31st session of the Committee on Development and Intellectual Property, held from November 27 to December 1, 2023.
5. Facilitated the participation of three Ugandan companies at the China International Import Expo (CIIE) that took place in Shanghai, China from 5-10 November 2023 through the support of the International Trade Centre (ITC).
6. Participated in the 54th Regular Session of HRC and delivered six (6) statements during the Session. The statements were all aligned with the African Group Statements. Most specifically, we delivered a statement calling for more attention to the right to development and socioeconomic growth.
7. The Mission also delivered in support of Sri Lanka's government efforts to address the existing human rights concerns and restore order and normalcy. We specifically denounced the politicization of human rights and acknowledged the importance of non-interference in the internal affairs of States.
8. Commenced preparation for the CATS report.

Variations and Challenges

1. Several competing critical committees that meet concurrently throughout the year making it impossible to participate in critical meetings to make critical inputs to defend and communicate Uganda's positions on various issues hence the need to review the structure of the mission to ensure availability of staff to cover all critical committees.
2. Due to insufficient resources, the Mission has not been able to pay most of the staff emoluments like the entitlements (Education allowances, 13th month for the Local staff among others.)

Performance highlights for the Quarter

Attended the inauguration event of the new Executive Committee of the Ugandan Community in South Korea (UCISK) on 25th November, 2023. The Head of Mission invited the diaspora community to identify Korean companies, organisations, entities for partnerships as well as trade and investment opportunities for Ugandans. The Mission and the UCISK explored strategies for enhancing and accelerating Uganda's coffee in the Korean market.

In line with implementation of Uganda's NDP III, met with the Chief Executive Officer of Korea Specialty Contractor Financial Cooperative (KSCFC) along with her Management Team on 30th November, 2023. The Embassy established that KSCFC is a financial institution specializing in the construction industry and it provides financial services that include guarantees, insurance and loans to its over 60,000 strong cooperative membership. The Embassy invited KSCFC to invest in Uganda in order to support the growth and credibility of Uganda's construction industry, invest in the construction of a specialised construction technology school and ultimately build capacity in the construction sector while simultaneously addressing the unemployment challenges in the population.

Engaged with the KOICA Department of East Africa at the KOICA Headquarters in Seoul, Korea and in addition to discussions on KOICA scholarships that greatly contribute to Uganda's human resource development also explored potential Uganda-Korea collaborations on the establishment of a hub that combines innovation and financing where talented minds are able to implement their ideas with fairly easy access to credit, in order to enable sustainable innovation and development and at the same time combat the high unemployment levels.

The Mission relocated its Chancery to Nogizaka Forest in Minato-ku. The relocation is expected to improve Uganda's image in Japan as the new Chancery is in a befitting location in the center of Tokyo near the government offices and business district.

Variations and Challenges

- Released funds for Tokyo Mission was 71% of Non-Wage Recurrent Budget for half year of FY 2023/24
- No funds for Travel Abroad which is needed to conduct activities in areas of accreditation outside Japan
- No funding has been allocated to the Mission to carry out Commercial and Economic Diplomacy activities in both Japan and South Korea as the Mission is not among the piloted Embassies
- Lack of a property owned by the Mission, hence spending highly on rental expenses that absorb more than 30 percent of the budget

Performance highlights for the Quarter

Provided shelter, medical care and other basic needs to distressed Ugandans in the Kingdom of Saudi Arabia with the embassy shelters in Riyadh and Jeddah.

Provided protocol services to 3 official delegations from Uganda; Third Deputy Prime Minister during

Saudi -Africa Summit, Minister of Gender during Meeting of Ministers of Labour under Auspices of OIC and Director General of ESO

The Mission participated in Saudi-Africa Summit marketing Uganda as a tourist and investment destination hence strengthening ties with the Kingdom of Saudi Arabia.

Organized and coordinated meeting between Uganda and Saudi Arabia officials from Saudi vision 2030 marketing Uganda as an investment destination - Agreed to enter MOU with Uganda media companies to increase awareness.

1,271 Ugandans were provided with consular services

11 mediation meetings were attended at the Organization of Islamic Cooperation to promote interests of Uganda

Wrote letters of no objection and handled 31 death cases of Ugandans in the countries of accreditation and aided their repatriation to Uganda.

Aided repatriation of more than 644 distressed Ugandans and issued 2,642 Emergency Travel Documents.

Team visited 131 prisoners and 195 deportees to provide them with consular support to aid repatriation.

Carried out inspection, vetting and accreditation visits of 65 foreign recruitment offices and Agencies deploying Ugandan migrant workers in Saudi Arabia to monitor compliance of set standards and guidelines.

Participated in 1 meeting of the Organization of Islamic Cooperation (OIC) and affiliated organs and institutions to advance Uganda position on key strategic issues.

Secured more than 338 jobs for Ugandans in Saudi Arabia through Job order clearances.

Renewed contracts for 39 foreign recruitment offices and Agencies in the Kingdom of Saudi Arabia.

Signed Bilateral Air Service Agreement to allow Uganda Airlines conduct Business in the Kingdom of Saud Arabia

Variations and Challenges

Increased number of distressed Ugandan migrant workers in the countries of accreditation

Increase in rental costs for Chancery, Official residence and Officers' residing places

Old embassy vehicles which make the cost of maintaining the vehicles very expensive

Lack of the Investment Protection and Promotion Agreements and Double Taxation Agreements with countries of accreditation.

Delays in issuing of visas in the Ministry of Internal Affairs which has negatively affected the mission effort to attract business travellers and tourist to Uganda

Late release of funds from Treasury

Critical but unplanned activities that come up during the quarter during budget implementation

Limited human capital at the embassy to handle the ever-increasing number of consular matters

Increased number of distressed Ugandan migrant workers in the countries of accreditation

Performance highlights for the Quarter

1. Played a major role in promoting trade between Uganda and the EU in general, Benelux countries in particular
2. Increased funding support at bilateral level for development cooperation support from the Benelux countries
3. Played a crucial role in revival of tourism industry in the country, with visitors from the Benelux countries being among the highest source market for tourist arrivals to Uganda
4. Improved and consolidated engagement through consular outreach, sports activities, engagements with Ugandan students, and collaboration with the
5. Ugandan Diaspora associations in the Benelux countries
6. Played a critical role in increasing FDI inflows from Benelux countries to Uganda.

Variations and Challenges

1. Major challenge is budget shortfalls (limited funding). This has hindered the Missions achievement of its objectives. Lack of funds for Economic and Commercial Diplomacy yet it is key in the BENELUX region.
2. The introduction of the LGBTI law by the Parliament of Uganda has greatly affected the international relationship with Uganda. Hence business relationships have been suspended including student scholarships within the region.

Performance highlights for the Quarter

The Embassy met for a Code way Expo held for business cooperation,

Uganda's Bella wine received orders of 500 bottles on a cultural festival of East Africa held. Ugandan products, tourists' sites were displayed and there were about 10 exhibitors present,

Held two diaspora meetings in Milan where the embassy registered a total number of 50 Ugandans living in Milan,

Uganda Independence Anniversary held in Milan. There was a massive display of different types of Ugandan Products,

Variances and Challenges

The current premises of the Chancery of the Embassy of the Republic of Uganda in Rome is located in a semi residential area, this continues to present challenges of;

- Lack of visibility to adequately project a positive image of Uganda as a country
- It does not promote a sense of openness, accessibility and transparency
- Lack of proximity to host key government facilities, embassies of other countries and businesses and cultural centers
- It lacks requirements for potential expansion to have key facilities of fully fledged functional consular section

12. Receiving and handling the delegation led by Special Envoy Lt. Gen. Proscovia Nalweyiso to President Tshisekedi (19th-20th December 2023).

Variations and Challenges

1. Delayed accreditation of the Head of Mission in the host country limits bi-lateral relations with even other areas of accreditation.
2. Continued insecurity along Bunagana border limiting access of products from Uganda to DRC.
3. Ugandan prisoners who are released by DRC authorities depend on the Mission to facilitate their deportation, and yet the Embassy has no funds to carry out that activity.
4. Some Ugandans prefer to be identified as Congolese hence limiting update of list of Ugandans in DRC & areas of accreditation and holding of informative diaspora engagements
5. Government policy on Online visa application reduces non-tax revenue collected by the Embassy.
6. Continuous budget cuts and lack of funds enhancements on Mission budgets.

Variations and Challenges

Regarding budget execution;

The Mission received a supplementary which was entered through PBS worth UGX. 1,005,148,774 which is shown in the increase in the approved budget. However, the Mission cannot update the performance under the programs of Manufacturing and Tourism Development which have outputs under the supplementary due to a system error.

The summarized outputs are captured in the performance highlights.

The Mission faced also faced the following challenges;

1. The increasing cost of living in the Russian Federation and other countries of accreditation has negatively impacted on the Missions budget and operational costs yet the budget ceiling continues to remain the same. The fixed staff and office operational costs have significantly increased over time which leaves very little resources available for implementing the Mission's mandate in the areas of accreditation.
2. The Embassy currently rents the Chancery and Official Residence amounting to UGX. 671,214,360 annually and approximately UGX. 3,356,071,800 during the MTEF period. Cost on rent would be greatly reduced if the Embassy owned its own Chancery and Official Residence. However, in the next FY the Mission has not been allocated funds for acquisition of property.
3. The ongoing special operation in Ukraine has restricted movements to regions in the Russian Federation that are close to the Ukraine and some countries of accreditation which has had an impact on the Mission's ability to implement its mandate.
4. The deactivation of the SWIFT system in the Russian Federation as a result of the special operation in Ukraine increases cost of operation through additional costs in travel abroad and increased exchange losses due to high rates.

Performance highlights for the Quarter

1. 2 day working visit of H.E from 13-14 Nov 2023 on the invitation of H.H the President of UAE
2. H.E met key authorities from UAE to discuss investment opportunities in Uganda
3. 2nd Edition of Uganda – UAE Business Forum held in Kampala 10-13 Oct 2023
4. Attended the Pre-Cop 28 meetings between 30-31 Oct 2023 in Abu Dhabi. Uganda highlighted its position on a number of issues that included the Global stock take
5. Uganda attended COP 28 from 30 Nov – 12 Dec 23 under the leadership of Rt. Hon Prime Minister in Dubai, UAE. The Rt. Hon. Prime Minister delivered Uganda’s statement at the opening of the World Climate Summit on 2nd December 2023.
6. The Rt. Hon. Prime Minister addressed delegates on the theme of “A just Journey towards Net Zero” where she highlighted transformations Uganda has undertaken in the energy sector and electricity cooking.
7. On the sidelines of the COP 28 we discussed attendance of the upcoming NAM and G77 summits in Uganda
8. To enhance Uganda’s visibility, the Embassy organized media engagements for the Rt. Hon. Prime Minister with different media houses on the sidelines of COP 28.
9. Coordinated signing of three MoUs between Uganda and companies in the UAE in areas of energy and agro processing on the sidelines of COP 28.
10. Organized a pre media briefing engagement ahead of COP28 and Published an article in khaleej Times
11. Facilitated Sharjah Chamber of Commerce to visit Uganda from 7-10 Nov 23
12. Coordinated the visit of UAE MoFA-minister who represented H.H. Sheikh Mohammed Bin Zayed Al Nahyan for the 61st Independence Day anniversary celebrations in Uganda.
13. Attended 8th World Investment Forum that was held in Abu Dhabi, 16-20 Oct 23
14. Uganda attended the Abu Dhabi International Petroleum Exhibition and Conference (ADIPEC) from 2-5 Oct 23
15. Participated in the Annual Convention of the Ugandans in UAE (AUU) in Dubai 25-26 Nov 2023
16. Extended protocol services to 15 GoU delegations.

Variations and Challenges

1. Delayed release of funds. Quarter two funds were partially released in August and the balance in October. This delay affected activities that would have been implemented earlier.
2. The half year rent allocation was not enough to cater for the annual rent obligations since most landlords require a one-off payment for rent.
3. Dubai is a transit station and therefore the embassy spends a lot of funds on offering protocol services to entitled government officials.
4. Limited funds required by the embassy to realize its full potential and to exploit all the opportunities in line with its core mandate of promoting Economic and Commercial Diplomacy.
5. Funds allocated to mission staff salaries are not enough hence constraining other budget items.
6. Insufficient space to accommodate distressed maids. There is need to acquire or rent a rescue accommodation in Dubai and also rent a bigger one in Abu Dhabi.
7. No operational funds for the rescue accommodation. Funds are required for meals, electricity and wages for the care taker.
8. The transportation fleet is constrained since the consulate has no utility van and the ones at the embassy have outlived their useful life and the embassy is incurring a high cost on the repair and maintenance.
9. Unlimited funds to fully cater for mandatory benefits for local staff like housing and medical care.
10. Deployment of staff without corresponding increase in the embassy budget.

Performance highlights for the Quarter

The Embassy of Uganda participated in the 23rd EAC MSMEs Trade Fair organized jointly by the EAC and in collaboration with partner states and private sector.

The event is a brainchild of the Heads of State of the EAC Partner States, who, having realized the importance of Small and Medium Enterprises (SMEs) in regional integration, inaugurated the EAC MSMEs Trade Fair formerly known as the JuaKali/Nguvu Kazi in 1999. The Government of Uganda in collaboration with CMSEO Uganda Chapter, mobilized, 109 MSMEs from the following sectors to participate: metal fabrications, agro-processing, leather and leather products, herbal, pharmaceuticals, innovation, artisans, art crafts among others. An exhibition that stole the show was the solar powered vehicle prototype, fully made in Uganda

The Mission linked Luuka Plastics Limited a Ugandan company with a Burundian business counterpart with whom they are to set up a plastic recycling plant in Burundi.

To start the operationalization of the MOU between Mbarara University and Ngozi University Burundi, the Embassy contacted the Rector faculty of medicine Ngozi University to mobilize medical students for a presentation about opportunities at Mbarara University of Science and Technology. The University mobilized about 320 students and faculty staff

Attended a workshop on peace and reconciliation program in Burundi and Great Lakes Region. This was organized by the community of Schoenstatt Fathers at Mount Zion of Gikungu through the Office of coordination of the Project Peace and Reconciliation in Burundi and Great Lakes Region in Collaboration with the University of Burundi and the Diocese of Bururi with Financial support of the Baden Wurttemberg State, Diocese of Rottemburg – Stuttgart and Archdiocese of Freiburg

The Embassy of Uganda in Bujumbura hosted a colorful ceremony to mark the 61st Independence Day of the Republic of Uganda. The celebrations were held at the Chancery grounds in Bujumbura. In attendance were members of th

Variances and Challenges

Challenges faced by Mission.

Mission continues to be grossly under funded. Mission strives to implement the planned activities with the limited resources.

Mission also continues to suffer the unregulated power cuts. this slows down the operation of the Embassy. Other alternative power supplies like standby generator are not fully functional due to scarcity of fuel supply across the host Country.

Variations and Challenges

VARIATIONS

a) During the first quarter FY 2022/23, Supplementary funding amounting to UGX 722,903,127/= was released to promote commercial and economic diplomacy at the Mission. These resources are already committed for expenditure. This has caused an over expenditure over and above the approved budget.

b) The unspent balances on the development budget were as a result of pending certificates. the funds will be spent in the following quarter.

CHALLENGES

i. Security threat from extremists/terrorists.

ii. The salinity and corrosive nature of the environment in Somalia that requires a lot of funds on maintenance costs of Mission properties.

iii. Limited data on tourism, trade and investment to support negotiations with the host country.

iv. Low response of Ugandans to trade fares due to past political instabilities.

v. Lack of harmonized trade policy frameworks.

vi. Inadequate institutional capacity to provide consular services for distressed Ugandans in countries of accreditation.

vii. Increasing tariff and non-tariff barriers against Uganda exports within Somalia.

viii. Difficulty in mobilizing the Ugandans in the Somalia Diaspora, many of whom prefer to remain covered (in Somalia).

ix. Shortage of basic needs, such as the internet, making accessibility and communication very hard.

x. Inadequate funding for most mission activities, as approximately 80% of the funds released from the Treasury are spent on fixed costs such as rent and staff salaries; thereafter, leaving very limited resources to fund planned activities.

xi. Inadequate physical, financial and human resources to cover the vast area of Somalia.

xii. Late release of funds, which has affected the timely implementation of planned activities of the Mission to effectively execute its mandate.

xiii. Inadequate Foreign Service Allowance and Education Allowance of children of Foreign Service Officers, rendering officers unable to cope up with the rising cost of living in Somalia.

Variations and Challenges

Inadequate Budget; The Mission is accredited to nine countries and this requires adequate resources to be able to undertake meaningful initiatives and engagements.

Lack of funds for promoting Commercial and Economic diplomacy. The Mission requires at least Two Billion (Ugx 2b) Uganda Shillings to implement commercial diplomacy activities. Conceptual note was sent to Headquarters, but till this date the Mission has not yet been considered among the Missions allocated with Commercial Diplomacy funding.

The Mission suffered a budget cut of 150 million due to a Cabinet resolution on travel abroad thus significantly affecting Mission performance.

The mission in the current FY lost money on the tourism and manufacturing hance affecting Mission performance.

High Operational costs. Over 80% of the Mission Budget is spent on fixed costs; rent, Salaries, medical, Foreign Service Allowance & Utilities.

High Cost of living index in Kuala Lumpur (Mission has been advocating for elevation to at least group A to mitigate the cost of living)

Inadequate Foreign Service Allowance and Education Allowance of children of Foreign Service officers rendering officers unable to cope up with the rising cost of living in Malaysia and countries of accreditation.

Loss on poundage in terms of foreign exchange losses due to translation differences.

Performance highlights for the Quarter

1. Successfully held the 2nd Uganda- Kenya Coast Tourism Conference and excursions, under the theme Consolidating Networks Synergies and Diversity to Maximize the Tourism potential between Uganda and Kenya Coastal Region with over 500 participants. 200 Ugandan tourism stakeholders led by Hon. John Mulimba, Minister of State for Regional Affairs and Hon. Martin Mugarra Bahinduka, Minister of State for Tourism participated the conference. Kenyan dignitaries like the Governor of Kilifi County, the Deputy Governors of Kwale and Taita Taveta counties and CECs from all the coastal counties attended. Eyalama Tour Company has created a partnership with Leopard Beach Resort and Spa (Diani) where tourists can visit Bwindi Impenetrable Forest national Park and Kenya Coast. Participants were able to visit niche tourism products in Diani, Mombasa and Watamu. A number of them have started doing business with their Kenyan counterparts.
2. Organised a fam trip to Uganda for 30 tourism stakeholders from Kenya Coast aimed at exposing Uganda's niche tourism products. Sites like Ngamba Chimpanzee Sanctuary, Kibale National Park, Murchison Falls National Park, Bwindi Impenetrable Forest National Park, Source of the Nile and religious and cultural sites around Kampala were visited. Some of the tour operators have begun working on tourism packages between the Kenya Coast and Uganda.
3. Delivered 21 leather Samples from Kawumu Tannery to Romika Shoe Factory in Kwale County. The samples are part of the discussions aimed at commencing exportation of Kawumu leather to Romika Shoe Factory in Kenya. This was followed by a virtual follow- up meeting on 22nd December 2023 between the two factories on the quality of leather expected. It was agreed that Kawumu Tannery will make further improvement in leather it intends to supply to Romika and make a factory visit to see first-hand, the quality of leather expected.
4. Participated in nine (09) Port Management meetings Kenya Ports Authority.

Variations and Challenges

1. The increasing cost of living in Kenya
2. The depreciation of the Kenya shilling against the dollar
3. Insufficient resources to carryout activities under Tourism, Trade and Investment promotion

Performance highlights for the Quarter

In Quarter two FY 2023/24, the Mission registered the following key achievements:

1. Facilitated a meeting between the Minister of State for Foreign Affairs/Regional Affairs-Uganda and the Algerian Foreign Minister on which Algeria agreed to hold the JPC in March, 2024.
2. Secured Classified Military equipment for Uganda.
3. One Officer who received the military training opportunity reported and was attending training in Algeria.
4. Received 34 new students and helped them to settle-in at different universities in Algeria.
5. The mission also initiated the registration of Ugandan students in Algeria, a total of over 120 students were registered and their details captured in the Mission records.
6. Held meetings with the various Students and mentored them on job expectations in Uganda and the need to prepare for the competitive market with equal opportunities for all genders, as well as the need to study post graduate courses to enhance their skills. Consular assistance was also provided to those who had various concerns and questions affecting their welfare.
7. 03 non progressive students were repatriated back to Uganda.
8. Commemorated the National Independence Day with students in Bejjah; mentoring them to promote and protect Uganda's image in Algeria.
9. Shared tourism opportunities with the Algerian business community during various tourism promotion events organized by the Host Governments.
10. Undertook targeted field investment promotion engagements to share business and investment opportunities with potential Algeria companies that can invest in Uganda.
11. Provided and designated disposal bins appropriately.
12. Maintained a mechanism of sorting Garbage before disposal.
13. Enforced adherence to relevant Standard operating procedures (SOPs) such as the provision of sanitizers to protect staff and clients against the spread of COVID-19.

Variations and Challenges

1. Most of the challenges faced were a result of limited funding for many of the Mission Activities.
2. Embassy moved from an Official Residence which was at DZD 1,200,000 (approximately Euro 8,097.2) per month to one of DZD 2,100,000 (approximately Euro 14,170) per month which was higher than available resources on the item.
3. Also some of the Mission activities are dependent on third parties (Algerian government, investors, Ugandans in the diaspora, MDAs in Uganda), failure of one of the parties to act leads to failure of the mission in executing its planned outputs.
4. Removal of the travel abroad budget line continues to limit the Mission capacity to effectively execute its workplan activities in the countries of accreditation.
5. Natural calamities and instability in some of the areas of accreditation limit the Mission's performance.
6. In fighting also limits and sabotages government work.
7. Also a matter to note in budget execution for the reporting Quarter is that the Mission received approval of UGX. 281,680,000 as supplementary to cover shortfalls on budget items of; - Allowances, Social Security Contributions, Rent, Electricity, Property Management Expenses, Welfare and Entertainment, Travel inland, and Staff Training. Half of this supplementary amounting to UGX 140,840,000 was released to the Mission in Q2.

 - ð- Meeting with Aspire academy on matters of partnering with Uganda sports institutions for mutual benefit.
3. Visited 02 Manpower/recruitment companies to offer support and inspection of employment conditions of Ugandans.
4. Made 12 consular visits to Ugandans in jails, deportation camps, and accommodation facilities. Of these, 06 visits were made to female jails.
5. Attended to 05 female Ugandans in distress; most of them lacking accommodation, food, and other necessities.
6. Coordinated the repatriation 02 deceased Ugandans who died in Qatar.
7. Issued 155 letters of residence to Ugandans (18 females and 137 males) in Qatar to facilitate their renewal of passports.
8. Issued 50 certificates of identity to Ugandans (07 females, 03 infants, and 40 males), who had lost/expired passports, to enable them to travel to Uganda.
9. Issued 55 emergency travel letters to Ugandans (27 females and 28 males) due for deportation but lacked valid travel documents.

Variations and Challenges

1. Lack of adequate vehicles at the Embassy and frequent breakdown of the available utility vehicle hinders timely making of consular visits to Ugandans.
2. Lack of accommodation facilities and funds affects the Embassy's capacity to offer the necessary assistance to Ugandans in distress, especially the females who need unique assistance.
3. Perennial budget deficits to facilitate the undertaking of Commercial and Economic Diplomacy promotion activities.

Performance highlights for the Quarter

The challenges notwithstanding, the Embassy was able to achieve the following during Quarter 2 of the Financial Year 2023/2024:

1. Coordinated the visit of H.E the Vice President of the Republic of Uganda to attend the G77 & China Summit in Havana. During the visit Uganda signed two MoUs (Science Technology and Innovation, and Regular Diplomatic Consultation) with the government of Cuba;
2. The Mission held 2 meetings and updated the Embassies accredited to Cuba and the government of Cuba on Uganda's readiness to host the NAM and G77 & China Summits;
3. The Mission made 5 visits to all Ugandan students studying in different Universities in Cuba to be able to understand the challenges and progress in their studies as well as increase awareness of the services they can receive from the Mission.

Variations and Challenges

The Mission is faced with a number of challenges including but not limited to the fact that the Mission is not connected to Navision or IFMS, so all financial records are kept manually. To this end, the team from Ministry of Foreign Affairs has embarked on helping in preparation of financial statement on the basis of infrastructure maintained in the excel form.

Other challenges faced include:

- a) Due to the US economic blockade on Cuba that has lasted for over six decades, financial transactions are very stringent. There is no transfer of funds to Cuba through the formal banking systems. The Accounting Officer carries hard Cash by means of diplomatic bags prepared by Ministry of Foreign Affairs. This means that the accounting officer must frequently move to Uganda to physically carry cash for use at the embassy. This causes delays in execution of the planned activities as well as risks of handling cash.
- b) Again, due to the US economic blockade on Cuba commodities and services are scarce, leading to delay in any undertaking by the embassy to function properly. Goods and supplies are either solicited through importation from abroad or through third party, which takes too long to reach the Embassy.
- c) Rental properties in Cuba are offered with minimal basic infrastructure, where items like AC, Internet and phone infrastructure do not exist. This basic infrastructures equipment is not available in Cuba.
- d) Basic essential items including fuel, food, medication, including equipment are not available in the market and the few on market are very expensive.
- e) Staffing structure is a huge challenge. The Embassy was opened with only two established staff, the Head of Mission and the Accounting Officer. The other key staff like Financial Attaches, Consular Officer, etc are yet to be recruited. This has negatively impacted the ability of the Embassy to deliver against its planned activities.

Variances and Challenges

VARIANCES

The over expenditure was due to exchange rate variations

CHALLENGES

1. All unspent balances will be utilized in the third quarter.
2. Limited home based staff to carry out Mission Activities.
3. Language barrier, Portuguese is the national language
4. Slow and bureaucratic processes

Performance highlights for the Quarter

In the second quarter, the salaries for the extension workers were paid.
However, there were disease outbreaks, especially in animals i.e. Foot and Mouth Disease in areas along the cattle corridor.
Low release of funds to implement the planned activities

Variations and Challenges

Local Governments were not allocated funds for the Production and Marketing Grant, Agriculture Extension Grant, Parish Model Grant and Micro-scale Irrigation Program which are meant to support the implementation of the delegated functions of MAAIF. This hindered the implementation of activities including inspection and certification of quality seed, planting, breeding and stocking material, provision of regulatory support, extension services, farmer education, and other interventions at different stages of the value chain

Programme Intervention: 060203 Strengthen conservation, restoration of forests, wetlands and water catchments and hilly and mountainous areas:			
PIAP Output Indicators	Indicator Measure	Planned 2023/24	Actuals By END Dec
No. of fragile ecosystems protected	Number	20	5

Performance highlights for the Quarter

Various fragile eco systems restored including;
6437.75 hectares of wetland area restored,
585.3km area of wetlands demarcated
100 Hectares of Area of river bank shores restored

Environmental screening for the various development projects ongoing across all the 135 district local governments. MWE established the wetlands area that have management plans to be 10.4%

Variances and Challenges

The major challenge is that the amount of funds available for Environment activities viz a vis the number of projects is not commensurate and this has led to some development projects being ignored and not screened.

Performance highlights for the Quarter

The approved budget for vote 609-LGs was UGX 205.750bn out of which 75.1% was released for road rehabilitation activities in local governments.

The key outputs of the Ministry for the quarter under review include the following:

- a) 15% physical progress of works achieved for low-cost Sealing works in Apac, Oyam, Gulu, Amuru, Katakwi, Alebtong, Kole, Lamwo, Ngora, Nwoya, Otuke, Serere, Kumi, Dokolo, Kaberamaido, Bukedea, Amuria, Soroti, Amolatar, Kitgum, Agago, Lira, Pader, Kapelebyong.
- b) 25% physical progress achieved for Upgrading to Bitumen Standard in Municipal Councils and Cities of Bushenyi Ishaka, Nansana, Makindye Ssabagabo and Kira Municipal Council and Mbale and Soroti City;
- c) 25% physical progress achieved for Rehabilitation of roads in 10 Districts of Bushenyi, Kibaale, Nakapiripirit, Ntungamo, Wakiso, Butaleja, Kibuku, Kagadi, Kakumiro and Rwampara District
- d) 970KM of roads were opened in districts, cities and municipalities in Uganda

Variations and Challenges

DLG's technical teams shared a number of challenges regarding Project Implementation which included the following:

- 1) There's confusion within local governments on the utilization of the UGX 1.0BN allocated for road rehabilitation for all local governments in the country with Parliament issuing counter resolutions to the cabinet directive on the grant. This has created delays in the application of funds and needs to be resolved between cabinet and parliament.
- 2) Delay in procurement processes: This led to retention money being rolled over to the succeeding respective FYs yet all project funds are received by end of Q3;
- 3) High stakeholder's expectations: Most of the stake holders especially the newly elected leaders have very high expectations from the project funds which is causing conflict within the three arms of Government at DLG level. It should be noted that RTI funds are generally inadequate to handle long section and low-cost sealing options have variations in the physical appearance hence not fit for comparison based on physical appearance. This should clearly be communicated to stakeholders;

Performance highlights for the Quarter

- UGX 118.204 bn transferred to 22 USMID MCs & Cities and 8 refugee hosting districts for infrastructure development and institutional strengthening.
- 74.8km of urban roads completed are in Arua (5.4km), Busia (2.3km), Entebbe (3.6km), Gulu (9.5km), Hoima (8.3km), Jinja (5.9km), Kamuli (1.5km), Kasese (1.4km), Kitgum (4.9km), Lugazi (2.5km), Masaka (6.3km), Mbale (6km), Moroto (0.7km), and Mubende (2.8km).
- Weigh Bridges acquired by Kabale, Lira, Mubende, Kasese, Entebbe, Busia, Tororo and Kamuli to improve on the data collection for solid waste

Variances and Challenges

As at end of Q2, the budget performance stands at 66.7% with an absorption of 100% as all funds released were transferred to the LGs. Inadequate budget release is affecting implementation of the infrastructure works.

Performance highlights for the Quarter

The Local Government sector received a total of Shs 3.82 Billion representing 100% of the expected cumulative cash limit by the second quarter under the Social Development Grant. This grant is for support to the different special interest groups and support supervision under the 176 Local Governments and KCCA supported to strengthen community based structures across the Country

Variations and Challenges

The funding has stagnated for long under the grant. The key deliverables under the grant can not be realized as it can not meaningfully support the implementation of core deliverables enshrined in the National Development Plan under the Local Government sector

Part 5: Annexes

Appendices to the SABPR FY 2023/24

This section unveils six (6) annexes accompanying the Semi-Annual Budget Performance Report for FY 2023/24.

Initially, it delineates the half-year performance of the budget across various sub-subprogrammes. Subsequently, it offers a detailed breakdown of performance by item. Furthermore, it delves into an analysis of sub-subprogrammes with the highest unspent balances, alongside economic items demonstrating the highest spending/expenditure. Additionally, it sheds light on the performance of Local Government releases categorized by Programme. Finally, it outlines the reallocations implemented during the first half of the Financial Year (FY).

Annex A1.1: Approved Estimates and Half-Year Expenditures for FY2023/24 by Sub-SubProgrammes (excluding Arrears and AIA).
