Foreword

As required by Section 9 (1) and (2) of the Public Finance Management Act, 2015, I am pleased to submit the Public Administration Sector Budget Framework Paper and Preliminary Estimates for the Financial Year 2017/18 and the Medium Term Expenditure Framework. The Sector consists of Votes 001 - Office of the President (excluding ISO); 002 - State House; 006 - Ministry of Foreign Affairs; 100 - Specified Officers (Statutory Salaries); 102 - Electoral Commission; and 201-236: Missions Abroad. Preparation of the Sector Budget Framework Paper continues to be guided by the Sector outcome objectives namely:

- 1. Strengthening policy development; and M&E systems;
- 2. Attracting investments, cooperation assistance and contributions from the Diaspora as well as identifying markets;
- 3. Strengthening citizen participation in development and electoral processes.

The FY 2017/18 is the 2nd year since the launch of the NDP II. The Sector Outcome in Sector Budget Framework Paper (SBFP) for the FY 2017/18 have been aligned to the NDP II priority areas and the Public Administration Sector Development Plan 2015/16 - 2019/20. As a requirement, the SBFP contains a performance report for the first quarter of the FY 2016/2017, annual work plans and preliminary budget estimates for the FY 2017/2018, medium term budget ceilings, planned outcomes, outcome indicators as well as sector challenges and unfunded outputs.

In FY 2017/18, the total allocation for the sector is Shs. 526.35bn to cater for: construction and renovation of offices for RDCs, Chanceries and Official Residences in Missions Abroad and State Lodges, monitoring the implementation of Government programmes and Policies; supporting the Cabinet to enable it discharge its Constitutional mandate of determining and implementing Government programmes for improved service delivery; electing political leaders in the newly created districts, municipalities and lower local government councils; conducting by elections for Members of Parliament, District Chairpersons and lower local government councils as and when they will occur; handling election petitions and support political party activities.

The sector continues to face a major challenge of inadequate resources in light of the enormous demands occasioned by its mandate. The major challenges include:- inadequate funds to facilitate new Ministers for Kampala Capital City; Resident District Commissioners and Presidential Advisors on Ministerial terms; Cost of establishing electoral structures in the new Districts; inadequate funds for acquisition and development of properties abroad.

The FY 2017/18 marks the start of the implementation of the Program based Budgeting System (PBS). We are grateful to the Ministry of Finance, Planning and Economic Development; National Planning Authority and the Office of the Prime Minister for the technical support and guidance offered to our Sector in process of aligning our interventions to the NDP II; 23 Strategic Presidential Directives and the PBS structure. I also wish to thank the members of the Public Administration Sector Working Group; the Technical Working Group; and the Sector Secretariat for their cooperation and dedication towards the task of producing this Paper.

Deborah Katuramu SECRETARY, OFFICE OF THE PRESIDENT/CHAIRPERSON PUBLIC ADMINISTRATION SECTOR WORKING GROUP
