Matters to note in budget execution

Vote: 022 Ministry of Tourism, Wildlife and Antiquities

QUARTER 1: Highlights of Vote Performance

Just in one quarter, the vote realized Ushs 40.68 billion out of the approved Ushs 100.43 billion translating into 40.5% of annual budget release. This good performance was as a result of higher AIA revenue collected by Uganda Wildlife Authority (UWA) and Uganda Wildlife Conservation Education Centre (UWEC). Revenue collections are highest in first quarter (July -September) because this is a high season period where National Parks and other Tourism Sites receive the highest influx of international visitors and thus higher revenue collections.

Budget execution continues to be hampered by delays in releases (only 20% of the Ministry's non-wage recurrent was released and 21% of development) and increasing unit cost of inputs alongside the budget cuts on 'consumptive items'. Blanket budget cuts were made across MDAs on consumptive items including Advertising & Public Relations, Periodicals, Travel inland, Travel abroad, Staff training and Short term consultancy. It is important to note that the Tourism sector by its very nature involves relatively more travel inland, travel abroad, marketing, advertising & public relations. Tourism sector votes ought to be treated as an exception to the general blanket rule of cutting budgets of what is termed as 'consumptive' items.

CHALLENGES

The tourism sector is still facing numerous challenges including

Inadequate marketing, promotion and publicity of the country due to inadequate budgets and now worsened by the blanket budget cuts made on consumptive items including Advertising & Public Relations, Travel inland, Travel abroad, fuel, workshops, and printing among other items. It is important to note that the Tourism sector by its very nature involves travel inland, travel abroad, marketing, advertising & public relations. The sector continues to engage the relevant stakeholders to treat tourism MDAs as an exception to the general blanket rule of cutting budgets of what is termed as 'consumptive' items.

Low levels of product development to keep the tourists much longer and spend more. Tourism is a fragile sector sensitive to safety, security and stability as well as outbreak of diseases. The instabilities in neighboring countries of Southern Sudan and Democratic Republic of Congo continue to be a source of concern.

Inadequate staffing and skills across the sector, a problem existing both in the tourism private and public sector as well as inadequacies in capacity for classification and grading of tourism facilities. More assessors are to be trained in FY2018/19 to remedy this problem. Upgrading of UHTTI in a centre of excellence in hospitality training is being undertaken.

Encroachment of the wildlife and cultural heritage sites. The people in some sites have settled on the cultural heritage areas while others keep on encroaching on the boundaries such as Nyero, Bweyorere Capital site, Soroti Museum, Ntusi and Kasonko.

Human Wildlife Conflicts, poaching, wildfires and Invasive Species: A number of areas are clogged with invasive species such as dichrostachys cineria that require conscious effort to manage. There is illegal wildlife trade and trafficking and the demand for ivory and other illicit wildlife products is still huge globally.

Vote: 022 Ministry of Tourism, Wildlife and Antiquities

QUARTER 1: Highlights of Vote Performance

PERFORMANCE HIGHLIGHTS

Restoration of degraded areas

A total of 487 newly recruited and trained wildlife Rangers were passed out after a four months Paramilitary Training.

Invasive species management: The removal of invasive species continued in both QENP and LMNP. One hundred and thirty four (134) hectares and one hundred and sixty eight (168) hectares were cleared of invasive species in LMNP and QENP respectively.

A total of one hundred sixty three (163) kms of fire lines were maintained in the PAs of KVNP, MFNP, KNP, TSWR, MBWR and MGNP. 152 kms of new fore lines were opened up in MFCA, MGNP, MBWR and KVNP. There were a few fire outbreaks in KVNP which was well managed by staff.

Translocate wildlife and promote their adaptation in their new environment: UWA in-conjunction with Giraffe Conservation Foundation (GCF) undertook translocation of 14 giraffes from MFNP to Kidepo Valley National Park (KVNP). The ratio was one male to 13 females. This was deliberately done to address the sexual ratio imbalance of the resident population in Kidepo which was 56% male.

General PA boundary management: In a bid to protect and manage the PA boundaries, routine boundary maintenance was done in all PAs with a total of 359.6kms maintained using various methods including slashing, planting of trees and pillars.

Boundary management in Pian-Upe WR: Re-opening of PUWR boundary was completed and awaiting pillar construction for clear marking. The draft contract for boundary marking was forwarded to the Solicitor General for clearance after which it will be signed and get the boundary marking with concrete pillars concluded.

Resource off take in Pas: Resources worth UShs130,873,700 were shared by the communities neighbouring the PAs of BINP, MFNP, QENP and MGNP.

A total of 1028 problem animal cases were reported in all PA of which 963 were responded to.

Problem animal control trenches: Thirty one (31)kms of elephant control trenches were maintained in QENP, KNP and MFNP. Whereas 8.7 new kms were excavated in MFNP (1.7km)and KNP 7kms.

Seventeen 17.1kms were planted with the Mauritius thorn hedge in RMNP and BINP (BINP 5KMs and RMNP 12.1KMS) and 145kms maintained in BINP to control problem animals and vermin. In MGNP, 257 meters of the stone wall were maintained to control wildlife from accessing communities' gardens.

Six hundred eighty seven (687) conservation education and awareness meetings including 255 outreach programs aimed at creating awareness about the importance of the PAs to the neighbouring communities were conducted.

UWA visitor numbers for the Quarter were 123, 959 these increased from 107,033 in the same period last Year. This reflects a visible increase of 16% % an equivalent of 16,926 more visitations within similar periods.

A total of 190,626 people visited UWEC in q1.

TRAINING AND UWRTI AND UHTTI

A total of 198 students were enrolled at UHTTI while 116 students were enrolled at UWRTI for FY 2018/19.

TOURISM INFRASTRUCTURE AND CONSTRUCTION

A boardwalk was constructed at Mutinda 2 (200 metres) along the trails of Mt. Rwenzori; Mugaba Palace fence constructed (over 65% complete); and Nyero interpretation centre constructed (70% of works complete).

Output: 51 Uganda Wildlife Authority (UWA)

Partner with other government agencies to A draft Wildlife Conservation Education create awareness on wildlife in UgandaHuman Wildlife Conflict: Maintain existing 210km excavate 100kms of elephant trenches in QENP, MFNP and KNP.

Construct 5 crocodile cages in crocodile prone areas

Construct bee hives to scare away elephants from crossing from PAs to communities.

Management of Wildlife Outside protected areas: Develop a national management plan for wildlife outside Protected AreasStrategic Plan, General Management Plans for MENP, Wildlife reserves, Ajai, Katonga; Develop a general with the PAs. National park values, management plans for MENP, Pian – Upe, climate change effects were Ajai WR and Katonga WR

Complete the strategic plan for UWA Tourism Infrastructure and facilities:

Mburo, Kidepo Valley and Murchison Falls National Parks.

Value and compensate communities in Ajai WR; Value the encroached areas in MENP; Wildlife Health Monitoring and Research: Equip the lab in MFNP; Procure 7 lab manuals;

Undertake continuous disease surveillance 12.1KMS) and 145kms maintained in

and monitoring; Conduct research on the declining wildlife vermin.

populations in QENP;Develop environmental sensitivity atlas for SNPWildlife Survey: Conduct a water bird accessing communities' gardens.

census Conduct a chimpanzee census in both

forested and savanah Pas

Conduct an elephant census in BINP,

and Awareness Strategy was formulated. Six hundred eighty seven (687) conservation education and awareness meetings including 255 outreach programs aimed at creating awareness about the importance of the PAs to the neighbouring communities were conducted. A Batwa drama group was formed in BINP to spread conservation efforts in community members. Communities were encouraged to actively participate in and support conservation programs since they benefit of entire mankind. A number of unclear issues were clarified to the community members thus harmonious co-existence communicated and pupils were encouraged to plant trees.

Design and construct 40 bed block in Lake Thirty one (31)kms of elephant control trenches were maintained in QENP, KNP and MFNP. Whereas 8.7 new kms were excavated in MFNP (1.7km)and KNP 7kms.

> Seventeen 17.1kms were planted with the Mauritius thorn hedge in RMNP and BINP (BINP 5KMs and RMNP BINP to control problem animals and

In MGNP, 257 meters of the stone wall were maintained to control wildlife from

Regular patrols (total of 3870), intelligence gathering and surveillance conducted throughout the quarter. During

QUARTER 1: Outputs and Expenditure in Quarter

Katonga WR, KNP, TSWR and MGNP

the patrols a total of 311 suspects were arrested and a number of poaching tools including 1694 active wire snares, 118 spears, 392 pangas, 101 knives, 94 metal traps, 19 fish nets, 100 axes and 04 dogs, 72 hooks, 17 canoes and oares,15 wheel traps, 44 hoes, 09 bows and 28 arrows recovered. Other recoveries were 09 pcs of timber, 30kg of game meat, 42 spitted poles.

Commenced the process of developing the National Management Plan for wildlife outside Protected Areas
The ESIA reports (6 volumes) for the Tilenga (Oil and Gas development)
Project that will partly take place within MFNP were reviewed and comments shared with NEMA.

Reviewed 4 project briefs for hunting in Kabwoya WR, Pian Upe WR, LMNP andKafu, EIA for the proposed construction of a traffic diversion on the Hoima-Butiaba-Wanseko road at the escarpment in Buliisa district, Project brief for a concrete batching plant at Mubako, MFNP and Project brief for the establishment of a tourism Facility near KVNP.

The draft General Management Plan reviewed and edited.

UWA's strategic plan was finalized.

The suspected respiratory disease outbreak in Kanyatale community - KNP continued to be monitored. The disease has disappeared from the community and did not have the chance of crossing to other chimpanzee communities or cause new morbidity or mortality in Kanyantale following last quarter veterinary interventions.

The populations of key species were monitored using RBDC. Through patrolling SMART databases were updated; animal distribution pattern & home ranges were defined and populations determined in all PAs.

In an effort to monitor our wildlife populations still, aerial wildlife census of Queen Elizabeth protected Area (QENP, Kigezi and KyamburaWRs)were undertaken and data analysis and report compilation is currently underway.

UWA also undertook ground counts of

Vote: 022 Ministry of Tourism, Wildlife and Antiquities

QUARTER 1: Outputs and Expenditure in Quarter

wildlife within Masaka wild areas to ascertain viability for concession award. Data analysis and report compilation is also currently underway.

Reasons for Variation in performance

For revenue collection by UWA, over performance was registered in the 1st quarter because the quarter falls in high season period where Protected Areas receive most of the visitors.

Monitoring and supervision of activity implementation of development interventions in the sector.			
Reasons for Variation in performance			

Reasons for Variation in performance

The Ministry received cost estimates for the Feasibility studies from MoW&T in September. The activity could not be implemented in the quarter. Besides, contrary to the approved budget of Ushs 200 million, the cost estimates indicate Ushs 800 million.
