Matters to note in budget execution

1. There remains a huge funding gap to effectively cover the mandate of the Mission particularly as laid down in the Mission Strategic Plan. DaresSalaam Mission is accredited to Tanzania and six other countries (Malawi, Mozambique, Zambia, Mauritius, Madagascar and Comoros) in addition to two regional organizations namely EAC and COMESA.
2. Limited funds on travel abroad and travel inland as well as payment of duty facilitation allowances hinder effective representation, engagements and coordination in these countries and organizations.
3. The Mission operates a fully-fledged Liaison Office, located in Arusha headed by Ambassador Norah Lema Katarbarwa. This also remains as a challenge since the EAC Liaison Office is maintained under the limited funds released to the Mission.
4. Due to a requirement by the Government of the United Republic of Tanzania, for all Government bodies to relocate to Dodoma, the Mission was allocated a 5 acre plot for the establishment of an Office and Official Residence. The move to Dodoma has affected the Missions budget on items of allowances and Fuel due to the need to maintain relations with various Government offices that have relocated to Dodoma.
5. Telecommunication remains a challenge since the United Republic of Tanzania is not on the One Area Network, hence the cost for calling across to the Republic of Uganda and other countries of accreditation are very high.
6. No funding for cross cutting issues (HIV/AIDS, Gender and Environment) .
7. Performance against the budget was fair as most items actual expenditures were in line with the budget except for some areas like Welfare and Entertainment (221009), medical (213001), maintenance of the building (228004) where the budget could not meet the actual spending. The Mission activities were greatly affected by the Covid-19 Pandemic.
