X. Vote Challenges and Plans To Improve Performance

Vote Challenges

- 1. Uncoordinated law reform processes and initiatives: Whereas the mandate of the Commission is to reform and update the laws of Uganda, this is not an exclusive mandate. Other government Ministries, Departments and Agencies (MDAs) also do initiate law reform in one form or another. Indeed, the involvement of various players in the law reform process is welcome because it is the government MDAs that implement the law and are well placed to make proposals for amendments and reform. However, it is important to coordinate law reform initiatives in order to ensure consistency, engender them, avoid duplicity and save on time and resources.
- 2. Delay in enacting the Law Revision Bill:- Whereas the preparation of the draft revised 7th edition of the laws of Uganda is in its final stages, a law authorizing revision of laws is required in order to give powers to the Commission to publish the revised laws.

Plans to improve Vote Performance

The Commission plans to undertake the following in order to improve its performance;

- 1. Strengthen the monitoring and evaluation component
- 2. Enhance staff skills leading to efficiency in the Commission operations
- 3. Increasing stakeholder involvement for efficient enactment of laws
