| Program: 0849 Policy, Planning and Support Services | 22.42 | 64.59 | 29.99 | 288.1% | 133.8% | 46.4% |
| Total for Vote | 1,268.48 | 385.95 | 114.15 | 30.4% | 9.0% | 29.6% |

Matters to note in budget execution

The Ministry of health received almost 25% of the required funds for the quarter in all budget catergories of wage, non wage and development budget. However the utilisation of the resources was rather under performing on account of COVID-19 restrictions on workshops and seminars in the first quarter, limitations on travel aboard, as well as limitations to movements in some boarder districts.

Performance highlights for the Quarter

Vote: 014 Ministry of Health

QUARTER 1: Highlights of Vote Performance

-Conducted Assessment of WASH infrastructure and services in Regional Referral Hospitals, selected Boarder districts, quarantine and isolation centers

- -Distributed Handwashing facilities, and sanitizers to 44 districts supported by USF
- -Conducted Dissemination of key Public Health Policies including Covid-19 Public Health Statutory instruments to 62 districts
- -Conducted assessment of districts affected by floods in the recent past specifically the district of Bullisa.
- -3 Senior management committee and technical working group meetings conducted.
- -MoH Support Supervision Strategy (2019/20 to 2024/25) and Support Supervision guidelines, MoH Patient Rights and Responsibilities Charter and Client Charter were disseminated to stakeholder.
- -Quality Improvement support supervision visits conducted to 35 districts and report was shared during the review meeting.
- -4000 copies of the Patient Rights and Responsibilities Charter; MoH Client Charter printed; 3000 copies of the MoH Support Supervision Strategy and Guidelines printed.
- -Supervised and monitored the upgrade of 62 HCIIs to HCIIIs across the country.
- -Renovated and equipped Mandela National Stadium for Covid-19 case management.
- -Set up Intensive Care Units in the 14 Regional Referral Hospitals and 03 National Referral Hospitals.
- -Assessed the infrastructural needs (Buildings and Equipment) in 64 selected HC IVs to contribute to their functionalization.
- -Carried out and completed Scheme design for refurbishment and equipping of Busolwe general hospital completed.
- -Carried out and completed the Design for the construction of a 300-bed Covid-19 Satellite treatment centers at RRHs
- -Carried out the Design and supervision of the construction and installation of Oxygen plant house at MNRH (project is 98% completion).
- -Conducted routine chemical analyses of 90 herbal samples submitted for notification with National Drug Authority (NDA).
- -Conducted laboratory analyses of 14 Herbal samples and formulations selected for their potential antiviral activity for development into natural products for management of Covid -19 disease and related symptoms.
- -Held 1 sensitization and awareness radio talk show on CBS FM station on traditional medicine research and its contribution to the health sector in Uganda in August 2020.
- -Held the inaugural graduation of Occupational herbalists trained at NCRI and assessed by Directorate of Industrial Training (DIT), Ministry of Health.

15,712(68%M, 32%F) new TB cases were identified in the first quarter. This represents of the 85% of the expected quarterly cases of whom 12% were children. 15% of the cases were contacts of TB patients and other key risk groups were tobacco users, fisher folks, prisoners and refugees. Procured, engraved, and installed 4 Expert machines in Uganda prison services (Mbarara Prison, Gulu Prison, Jinja Prison & Katojo) to facilitate timely diagnosis and treatment initiation among the inmates. Supervision was conduct for HCWs on X-ray use for TB management in the Coverage of TB preventive therapy for contacts of TB patients and people living with HIV was 36% and 100% respectively in the first quarter.

Reasons for Variation in performance

Reasons for Variation in performance

The Covid-19 global pandemic caused lock down of countries and factories from where the items were to be imported; consequently, the importation and delivery of equipment and furniture was slowed down.

Delivery time was extended to 31st December 2021 to enable completion of importation, delivery & installation of the equipment and furniture.

Development Projects

Project: 1440 Uganda Reproductive Maternal and Child Health Services Improvement Project

Outputs Provided

Output: 01 Monitoring, Supervision and Evaluation of Health Systems

supervision (RBF training, medicine, Quality Assurance, scholarship, medical equipment, civil works, top management, BDR, VHT trainings among others) undertaken

RMNCAH Medicines and Supplies that include (Maama Kits, Misoprostol 200mg Tablet, Medroxy progestrone, Acetate 150mg ml, Depot (DC) medroxyproge, Sterone Actate 100mg/0.65ml, Oxytoan 1010/ml Injectable) procuredCivil works in 82 selected Health facilities supervised RBF system, Mentorship of in-service Health workers CRVS Monitoring and Evaluation (M&E) system, National CRVS Strategy, BDR solutions developedTuition fees for 721 students awarded Scholarships in various disciplines paidMVRS rolled out in 222 RBF Health FacilitiesThirty 30 HCIVs implementing Result-Based Financing are Remodel

Technical support supervision was conducted by a team from MOH led by the Permanent Secretary. Other members included the Commissioner PFP, URMCHIP Project Coordinator and RBF Team Leader. The supervision was conducted across 11 districts in Central and Western regions covering over 20 health facilities. Key areas of focus were RBF funds utilization, CQI, M&E and data use among others. Districts visited were Kayunga, Buikwe, Mukono, Luweero, Nakasongola, Rwampara, Mitooma, Rubirizi, Buhweju, Kazo and Kiruhura.

Quality of care (CQI) supervision visits in URMCHIP Districts were not conducted. Implementation of the activity has been affected by COVID-19

In September 2020, a field monitoring visit was conducted among Phase III districts in Western Uganda. A total of 18 districts were visited, with the field visit benefiting over 60 health facilities. Focus of the exercise was on fast tracking progress of project implementation among Phase III facilities, verify outputs and results so far achieved by Phase III districts, verify district and facility reports, identify possible bottlenecks and divergences from the intended outcomes and results, and assist districts and health facilities in correcting observed implementation gaps.

An assessment was conducted to follow-

QUARTER 1: Cumulative Outputs and Expenditure by End of Quarter

up students that URMCHIP awarded scholarships and trainings to establish where they are currently deployed, possible challenges and how the skill set acquired can better be utilized to improve service delivery. Over 90% of the students who completed training in various courses are currently deployed. The Ministry will work with the Ministries of Public Service and Local Government to ensure all unabsorbed students are deployed

During the Quarter, supportive supervision was conducted to a across 20 districts by the MOH top management, aimed at improving service delivery and quality of care

The process of procurement of RMNCAH Medicines and Supplies is categorized below;

Procured and distributed: Blood Grouping Reagents: Galileo Weak D (Weak D2), Galileo ABD FWRD and Reverse (ABD Full2), Galileo Abo LGM High Titere, Galileo Anti body screening

Procured & distribution on-going: Etonogestrel 68mg implant implanon NXT, IUD-copper containing device TCU380A, Ethinyl estradiol 0.03 + Levonorgestrel 0.15mg cycles, Pregnancy test strips, Amoxicillin dispersible tablets 250mg, Co-packaged ORS and Zinc tablets, Misoprostol tablets, and Cycle beads

Delivered at Joint Medical Stores (JMS): IUD insertion/removal kits and Implant insertion/removal kits
Civils works are anticipated to start in
December 2020, therefore no supervision done as yet. While the supervising consultants have been identified and selected, actual supervision is yet to commence pending finalization of processes to start civil works construction

Digitalization process is currently ongoing. Specifications for DHIS2 have been shared with the system developers (Blue Square) to ensure data elements align with those in DHIS2, but also ensure that the RBF system is setup with the same org unit hierarchy as in the MOH HMIS/DHIS2

QUARTER 1: Cumulative Outputs and Expenditure by End of Quarter

Procurement of NGOs/CSOs to Coordinate Mentorship is currently ongoing. The contracting process will likely to be completed before end of Q2.

Evaluation has been completed for firms to provide clinical mentorship services. The financial proposals for most of the firms were higher than the available budget and negotiations have been ongoing to have the costs reduced to fit within the available budget without compromising the quality of the training.

The Draft Report has been virtually presented by the consultant to stakeholders and obtained feedback. A final report is awaited. Stakeholder consultations on the situational analysis report was also completed, and the draft CRVS strategy is now awaited.

In September 2020, the NIRA Board with advice of the Solicitor General agreed to hire Veridos GmBH and Uganda Security Printing Company to develop the BDAR Solution instead of Maulibaeur ID Services. NIRA will submit to MOH the detailed specifications and bid by 30th October 2020.

260 of the 721 health workers who were awarded scholarships between 2017/18 and 2018/19 had completed studies

340 health workers who were due to complete in June 2020 and had their studies disrupted by COVID-19 have now resumed school and are expected to complete in March 2021. Tuition fees for these students have been fully paid up.

The Ministry has selected 90 applicants for the certificate in intensive care nursing and these will start studying in November 2020.

Due to the low turn up, a second call for applicants was made and it closed on 30 September 2020. Selection of the candidates will be undertaken before end of Q2.Budgets for training of duty bearers in MVRS and its roll out have been revised to adopt Covid-19 SOPs. A paper has been presented to NIRA management detailing the methodology to be adopted, including hands on trainings at facility level for adoption. A field assessment of renovation needs for 62 HC IVs was completed. Northern Region had greatest

Vote: 014 Ministry of Health

QUARTER 1: Cumulative Outputs and Expenditure by End of Quarter

need for renovation at 80% of the units inspected, while central region had the least requirement with a vast majority 50% requiring interventions of a minor nature and 15% not requiring any intervention. Eastern and Western regions have similar requirements for renovation at 50%.

Financial requirements to remodel the facilities has been developed, and will be discussed with the Project leadership.

QUARTER 1: Cumulative Outputs and Expenditure by End of Quarter

translation

UNHRO: Develop and harness innovations and products to improve health care delivery

NCRI: Herbal medicine/therapies developed and standardized

NCRI: General institutional support and

infrastructure maintained.

NCRI: Conservation of Medicinal and

Aromatic Plants (MAPs)

-Developed communication and information exchange mechanisms to support collaboration at all levels.

-Hosted regional stakeholders conference to revise mechanisms for cooperation

-Developed a data management system to strengthen health research information management and knowledge translation.

-Trained policy makers and researchers in access, synthesis and use of research evidence

-Developed framework for the inclusion of traditional and complementary medicine that integrated the health care delivery.

-Conducted routine chemical analyses of 90 herbal samples submitted for notification with National Drug Authority

-Conducted laboratory analyses of 14 Herbal samples and formulations selected for their potential antiviral activity for development into natural products for management of Covid -19 related symptoms.

-Carried out production of sugar cane syrup base for herbal products development.

-Purchased Herbal samples on Ugandan market for monitoring of quality and safety (pharmacovigilance).

-Purchased Laboratory chemicals, reagents, animal feeds, laboratory sundries and laboratory animals.

-Held 1 sensitization and awareness radio talk show on CBS FM station on traditional medicine research and its contribution to the health sector in Uganda.

-Held the inaugural graduation of Occupational herbalists trained at NCRI and assessed by Directorate of Industrial Training (DIT), Ministry of Health.

-Purchased masks and PPEs for staff.

-Paid for subscription to the African scientific journal.

-Purchased stationery, Newspapers and small office equipment.

-Paid Utilities for UMEME and fuel

-Carried out vehicle repairs of M/V UG5341M and M/V UG1833M.

-Fuel, vehicle service and maintenance for M/V UG1833M, M/V UG2270M and M/V UG1833M.

-Staff welfare paid.

-Repaired the laboratory freezer (MIKA

Development Projects

Project: 0220 Global Fund for AIDS, TB and Malaria

Outputs Provided

Output: 01 Preventive and curative Medical Supplies (including immuninisation)

Achieving, maintaining and improving accuracy, timeliness and reliability for health laboratories and also to build national capacities for the detection of, and response to, public health Technical advise to the District health officers and also Health Workers, build capacity for the district health workersCreate awareness to the population on the dangers of malaria to both Children and Pregnant womenIncreased coordination meetings between partners, district and MOH in order to reduce malaria infections. Increased awareness in case of any epidemic in the districtsIncreased TB case detection in the community as compared to the rudimentary way of detecting TBReduced cases of infections in the prisonsIncreased successful treated MDR TB patients.

Build capacity on how to handle and transport TB samples picked from the communities.Increased detection of number of people who are infected with HIV/AIDS

Reasons for Variation in performance

The National Malaria Control Division as part of prevention protected 16,982,833 people with 9,283,508 long lasting insecticide treated nets.

The pregnant women attending antenatal care also received 243,601 nets. 205425

children below 5 years 5,936,597 clients with fever received diagnostic tests for malaria and 3,683,984 patients received treatment for malaria. 1,528,512 doses of SP/Fansidar were given to pregnant women to prevent them from getting MalariaThe estimated TB cases increased from 20,896 last quarter to 21,550 this quarterThe actual number of TB cases notified increased from 12,859 last quarter to 15,72 this quarter. The number of TB cases detected from Prisons increased from 233 in the April - June Quarter to 270 this Quarter. The proportion of drug resistant TB cases treated successfully increased from 76% last quarter to 83% this quarter

QUARTER 1: Cumulative Outputs and Expenditure by End of Quarter

Conducted 1 Regulatory Impact
Assessment (RIA) for development of the
One health policy
National Action plan for Health Security
(NAPHS) document reviewed.
Conducted an Integrated Disease
Surveillance technical support
supervision in 6 under reporting districts
of Rubirizi, Mitooma, Bushenyi, Pallisa,
Kumi and Soroti

Conducted an Assessment of the weekly epidemiological surveillance reporting and mTRAC use in 3 Districts of Kyotera, Sembabule and Kalungu

Conduct Training of Health workers and VHT in Community Based Disease Surveillance (CBDS) in five divisions of Kampala (Nakawa, Makindye, Central, Rubaga & Kawempe) and and Wakiso

254/570 Health workers investigated for COVID-19 infections across the country

Adaption of the document was completed and planning on undertaking training of TOT is to start in January and rolling out of IDSR will commence in March.
Conducted monitoring and assessment of Namanve ICD, Kyetume ICD, Katosi landing site, Port bell, Entebbe airport, Busia, Malaba, Mutukula, Kasensero, Cyanika, Bunagana, Kikagate, Elegu Mpondwe, Kayanzi, /cross border collaboration

Conducted a PoE and health facility laboratory assessment in the districts of kyotera and Rakai district

Training of RECDTs In 13 POEs Elegu, Mutukula,Busia,Malaba

West Nile: Zombo District (Padea PoE) and Nebbi District (Goli PoE)

Western Region: : Kasese (Mpondwe), Kisoro (Bunagana), Isingiro (Kikagate)

Eastern: Bukwo (Suam) and Namisindwa (Lwakhakha)

Nothern: Amuru (Elegu), Arua (LIA, Vura and Odramacako)

QUARTER 1: Cumulative Outputs and Expenditure by End of Quarter

Conducted a data quality assessments on surveillance procedures and accuracy of surveillance data in the districts of Kabale, Ntungamo, Isingiro, Mbarara, Mbale, Kween, Amuria, Bugweri, Bulambuli, Kaberamaido, Kaphchorwa, Kumi, Namisindwa, Ngora, Napak, Agago, Lamwo, Gulu, Amuru, Nebbi, Arua, Nakasongola, Wakiso, Mubende, Kakukumiro, Kyenjojo, Kamwenge, Buvuma, Bukomansimbi, Sembabule, Buikwe Butambala

Developed 2 of Public Health Emergence response plans for Busia and Mpondwe PoEs

Output: 05 Coordination of Clinical and Public Health emergencies including the Nodding Disease

Districts and communities supported to prevent, mitigate and respond to PHEs special support to weak districts at the highest risk of PHEs to respond to PHEs Provided Capacity of DHTs, RRTs and communities built Needs assessments, Operational Research, hotspot mapping on PHEs MoH continued to respond to the Corona
Virus (COVID 19). The first case was
confirmed on 21st March 2020. There is a
multi-sectoral and multi-displinary
response coordinated at the OPM.

1110
2110
22100

Ministry of Health has a sector response plan which is multi-displinary under the CHS. Planning.

Division of PHE continued to convene biweekly surveillance committee meeting to coordinate surveillance activities of the response.

221011 Printing, Stationery, Photocopying and Binding 221012 Small Office Equipment 227001 Travel inland 227004 Fuel, Lubricants and Oils 273101 Medical expenses (To general Public)

211103 Allowances (Inc. Casuals, Temporary)

221009 Welfare and Entertainment

The country is current moving towards community transmission and we continued to conduct surveillance through COVID 19 screening and risk based laboratory testing, Port health screening, alert management, timely detection, contact listing and follow up surveillance.

There is currently a new COVID 19

QUARTER 1: Cumulative Outputs and Expenditure by End of Quarter

response that emphasis community engagement and risk communication, laboratory testing for only high risk contacts and persons with symptoms, abolition of institutional quarantines in preference of home quarantine.

In this Q1 strengthened surveillance in both private and public health facilities through a mentorship program for health workers, 22 +5 total of 27 districts have been supported by IDI; Rakai, Maska, Arua, Moyo, Adjumani, Koboko, Madi Okollo, Yumbe, Nebbi, Zombo, Amuru, Maracha, Obongi, Terego and Pakwach, Rukiga, Kabale, Kisoro, Rubirizi, Kanungu, Rukungiri IDI has also supported 193 facilites in Kampala Baylor Uganda has also supported 5 districts (Kasese, Ntoroko, Bundibugyo, Bunyangabo and Kabarole)

In Q1 Strengthened district level Alert management through mentorship support supervision in 06 districts of Moroto, Kaabong, Amudat, Namayingo, Bugiri, and Mayuge. District Alert management desks set up in the six districts Performed a Risk-Based Testing assessment in Namisindwa and Tororo Districts from 2nd August to 13th August, 2020 whose objective was to expand case detection in those districts in order to interrupt silent transmission. The outcome was identification of up nine silent transmission chains in rural areas, border communities specific occupations like hospitals and the transport businesses. This justified testing for COVID 19 based on perceived risk. This also justified stepping up surveillance functions like active case search and contact tracing in these identified areas of silent transmission

Concluded the second round of OCV in Moroto district effective 31st August-6th September, 2020
Conducted the second performance review meeting 7th to 17th September 2020 by online zoom. By then 12.22% of the planned actions can be been implemented
No needs assessments and hotspot mapping done

Reasons for Variation in performance

Development Projects

Project: 1440 Uganda Reproductive Maternal and Child Health Services Improvement Project

Outputs Provided

Output: 01 Monitoring, Supervision and Evaluation of Health Systems

- Conduct Supervision for RBF EDHMTs, Technical support supervision was Hospitals and Health Facilities
- Conduct Quality of care supervision visits to URMCHIP Districts
- Field Monitoring and Data Quality Assurance (DQA) visits RBF facilities
- Conduct monitoring and follow up visits for students awarded scholarships, completed training and deployed
- civil works
- MOH top Management Quarterly Supervision and Monitoring visits Procure RMNCAH Medicines and Supplies that include (Maama Kits, Misoprostol 200mg Tablet, Medroxy progestrone, Acetate 150mg ml, Depot (DC) medroxyproge, Sterone Actate 100mg/0.65ml, Oxytoan 1010/ml Injectable)
- Supervise Civil works in 82 selected Health facilities
- Development of the RBF digitalized system
- Conduct Mentorship of in-service Health workers
- Development of the National CRVS Strategy and BDR solutions
- Pay tuition fees for 521 students awarded Phase III facilities, verify outputs and Scholarships in various disciplines
- Training of additional health workers i.e. 400 Registered Nurses in Intensive Care Nursing, Critical Care Nursing (21), Masters of Medicine in Anesthesia (12), Masters of Medicine in Emergency Medicine (10) and Bachelor of Anesthesia
- Pay tuition for the 473 additional health workers trained in varies disciplines

conducted by a team from MOH led by the Permanent Secretary. Other members included the Commissioner PFP, URMCHIP Project Coordinator and RBF Team Leader. The supervision was conducted across 11 districts in Central and Western regions covering over 20 health facilities. Key areas of focus were - Conduct Monitoring and Supervision for RBF funds utilization, CQI, M&E and data use among others. Districts visited were Kayunga, Buikwe, Mukono, Luweero, Nakasongola, Rwampara, Mitooma, Rubirizi, Buhweju, Kazo and Kiruhura.

> Quality of care (CQI) supervision visits in URMCHIP Districts were not conducted. Implementation of the activity has been affected by COVID-19

In September 2020, a field monitoring visit was conducted among Phase III districts in Western Uganda. A total of 18 districts were visited, with the field visit benefiting over 60 health facilities. Focus of the exercise was on fast tracking progress of project implementation among results so far achieved by Phase III districts, verify district and facility reports, identify possible bottlenecks and divergences from the intended outcomes and results, and assist districts and health facilities in correcting observed implementation gaps.

An assessment was conducted to followup students that URMCHIP awarded scholarships and trainings to establish where they are currently deployed,

acquired can better be utilized to improve - Remodal HC IVs implementing Results - service delivery. Over 90% of the students who completed training in various courses are currently deployed. The Ministry will work with the Ministries of Public Service and Local Government to ensure all unabsorbed students are deployed

> During the Quarter, supportive supervision was conducted to a across 20 districts by the MOH top management, aimed at improving service delivery and quality of care

The process of procurement of RMNCAH Medicines and Supplies is categorized below:

Procured and distributed: Blood Grouping Reagents: Galileo Weak D (Weak D2), Galileo ABD FWRD and Reverse (ABD Full2), Galileo Abo LGM High Titere, Galileo Anti body screening

Procured & distribution on-going: Etonogestrel 68mg implant implanon NXT, IUD-copper containing device TCU380A, Ethinyl estradiol 0.03 + Levonorgestrel 0.15mg cycles, Pregnancy test strips, Amoxicillin dispersible tablets 250mg, Co-packaged ORS and Zinc tablets, Misoprostol tablets, and Cycle beads

Delivered at Joint Medical Stores (JMS): IUD insertion/removal kits and Implant insertion/removal kits

Civils works are anticipated to start in December 2020, therefore no supervision done as yet. While the supervising consultants have been identified and selected, actual supervision is yet to commence pending finalization of processes to start civil works construction

Digitalization process is currently ongoing. Specifications for DHIS2 have been shared with the system developers (Blue Square) to ensure data elements align with those in DHIS2, but also ensure that the RBF system is setup with the same org unit hierarchy as in the MOH HMIS/DHIS2

Procurement of NGOs/CSOs to Coordinate Mentorship is currently ongoing. The contracting process will likely

QUARTER 1: Outputs and Expenditure in Quarter

to be completed before end of Q2.

Evaluation has been completed for firms to provide clinical mentorship services. The financial proposals for most of the firms were higher than the available budget and negotiations have been ongoing to have the costs reduced to fit within the available budget without compromising the quality of the training.

The Draft Report has been virtually presented by the consultant to stakeholders and obtained feedback. A final report is awaited. Stakeholder consultations on the situational analysis report was also completed, and the draft CRVS strategy is now awaited.

In September 2020, the NIRA Board with advice of the Solicitor General agreed to hire Veridos GmBH and Uganda Security Printing Company to develop the BDAR Solution instead of Maulibaeur ID Services. NIRA will submit to MOH the detailed specifications and bid by 30th October 2020.

260 of the 721 health workers who were awarded scholarships between 2017/18 and 2018/19 had completed studies

340 health workers who were due to complete in June 2020 and had their studies disrupted by COVID-19 have now resumed school and are expected to complete in March 2021. Tuition fees for these students have been fully paid up.

The Ministry has selected 90 applicants for the certificate in intensive care nursing and these will start studying in November 2020.

Due to the low turn up, a second call for applicants was made and it closed on 30 September 2020. Selection of the candidates will be undertaken before end of Q2.

Budgets for training of duty bearers in MVRS and its roll out have been revised to adopt Covid-19 SOPs. A paper has been presented to NIRA management detailing the methodology to be adopted, including hands on trainings at facility level for adoption.

A field assessment of renovation needs for 62 HC IVs was completed. Northern Region had greatest need for renovation at

Vote: 014 Ministry of Health

QUARTER 1: Outputs and Expenditure in Quarter

80% of the units inspected, while central region had the least requirement with a vast majority 50% requiring interventions of a minor nature and 15% not requiring any intervention. Eastern and Western regions have similar requirements for renovation at 50%.

Financial requirements to remodel the facilities has been developed, and will be discussed with the Project leadership.

Output: 05 Coordination of Clinical and Public Health emergencies including the Nodding Disease

Supported 8 districts prone or affected with Public Health Emergencies to respond / prevent Public Health Emergencies4 districts supported (2 for disease outbreaks and 2 for disasters)1 priority districts selected and capacity built for prevention, mitigation and response to Public Health Emergencies1 needs assessments and 1 hotspot mapping done

MoH continued to respond to the Corona Virus (COVID 19). The first case was confirmed on 21st March 2020. There is a multi-sectoral and multi-displinary response coordinated at the OPM.

Ministry of Health has a sector response plan which is multi-displinary under the CHS. Planning.

Division of PHE continued to convene biweekly surveillance committee meeting to coordinate surveillance activities of the response.

The country is current moving towards community transmission and we continued to conduct surveillance through COVID 19 screening and risk based laboratory testing, Port health screening, alert management, timely detection, contact listing and follow up surveillance.

There is currently a new COVID 19 response that emphasis community engagement and risk communication,

QUARTER 1: Outputs and Expenditure in Quarter

laboratory testing for only high risk contacts and persons with symptoms, abolition of institutional quarantines in preference of home quarantine.

In this Q1 strengthened surveillance in both private and public health facilities through a mentorship program for health workers, 22 +5 total of 27 districts have been supported by IDI; Rakai, Maska, Arua, Moyo, Adjumani, Koboko, Madi Okollo, Yumbe, Nebbi, Zombo, Amuru, Maracha, Obongi, Terego and Pakwach, Rukiga, Kabale, Kisoro, Rubirizi, Kanungu, Rukungiri IDI has also supported 193 facilites in Kampala Baylor Uganda has also supported 5 districts (Kasese, Ntoroko, Bundibugyo, Bunyangabo and Kabarole)

In Q1 Strengthened district level Alert management through mentorship support supervision in 06 districts of Moroto, Kaabong, Amudat, Namayingo, Bugiri, and Mayuge. District Alert management desks set up in the six districts Performed a Risk-Based Testing assessment in Namisindwa and Tororo Districts from 2nd August to 13th August. 2020 whose objective was to expand case detection in those districts in order to interrupt silent transmission. The outcome was identification of up nine silent transmission chains in rural areas, border communities specific occupations like hospitals and the transport businesses. This justified testing for COVID 19 based on perceived risk. This also justified stepping up surveillance functions like active case search and contact tracing in these identified areas of silent transmission

Concluded the second round of OCV in Moroto district effective 31st August-6th September, 2020
Conducted the second performance review meeting 7th to 17th September 2020 by online zoom. By then 12.22% of the planned actions can be been implemented No needs assessments and hotspot mapping done

Reasons for Variation in performance

Insufficient funds to implement the activity.
