QUARTER 3: Highlights of Vote Performance

In Q3 FY 2020/2021, the Ministry received a total of UShs.30.395 Billion under Wage, Non-Wage, Gratuity and Development categories of the Budget. The release was broken down as follows;

Recurrent : UShs. 3.640 Billion
Wage : UShs. 0.975 Billion
Non-Wage : UShs. 2.665 Billion
o/w MoSTI : UShs.2.665 Billion
o/w Gratuity : UShs.0.000 Billion

Subventions-Recurrent : UShs.10.193

o/w Quarterly Release -UNCST : Ushs. 2.53 Billion

o/w Commercialization of Sericulture Technologies-: UShs 0.50 Billion

The performance of the non-wage recurrent Budget by third quarter excluding arrears stood at Shs.37.493 Billion. This is on account of Shs. 15.2 Billion supplementary funds provided under this category for CoVID 19 Scientific Reponses. The revised Budget estimates under this category therefore stands at Shs. 54.45 Billion representing a 67.0% performance of the revised non-wage estimates. Cumulatively, Wage performance on the other hand was at Shs. 0.975 Billion representing a 100% performance

Development : UShs.10.152

Institutional support to MoSTI : UShs. 5.79 o/w Innovation Fund : UShs. 2.572

o/w PIBID : UShs. 2.875 o/w LEAP- Agri : UShs.0.286 Ministry retooling : Ushs. 0.0568

NISTEP Project-GoU Counterpart : UShs. 4.360 o/w Contact Staff Salaries : UShs. 0.500

The approved annual GoU Development Budget Estimates amounted to UShs. 77.508 Billion. The Ministry realized a supplementary funding of Shs. 15.78 Billion under this category. The revised estimates for the Vote thus becomes 93.23 Billion. Of these cumulatively by quarter three the entity had received a total of Shs. 86.506 Billion representing 92.79% of the revised Budget estimates of the FY 2020/2021.

STI Annual Performance Report prepared	Number	1	0					
Statistical Abstract prepared	Number	1	0					
Number of LGs integrating STI in the development process	Number	20	5					

Performance highlights for the Quarter

- 1. Trial on CoVID 19 thepeutic (Treatment or drug trial) launched
- 2. Draft revised Science and Technology Policy finalized3. Automotive industry Policy finalized
- 4. Automotive manufacturing and assembly plant at 85% completion
- 5. CoVID 19 related researches including 3 vaccine development studies; 2 therapeutic studies approved

V3: Details of Releases and Expenditure

Table V3.1: GoU Releases and Expenditure by Output*

Billion Uganda Shillings	Approved Budget	Released	Spent	% GoU Budget Released	% GoU Budget Spent	%GoU Releases Spent
Program 1801 Regulation	4.30	2.20	1.82	51.2%	42.3%	82.6%

quarterly planned outputs are gender and equity responsive was held on the 15th to 18th September 2020. Quarterly meetings to engender the Ministry of Science Technology and Innovation's BFP and ensure that all quarterly planned outputs are gender and equity responsive was held on the 15th to 18th September 2020; MOSTI programs and projects assessment was conducted and a report on engagement was produced. Consultations on chemical process regulation were conducted with private sector (Hima cement, Kilembe Mines company,)and various MDAs (ministry of water and environment, ministry of gender labor and social development, ministry of energy and mineral development, national environment management authority)Consultations with Uganda cleaner production center and uganda society of professional chemists were conducted and a report was produced.

Meetings were conducted to formulate the Indigenous Knowledge draft policy and it's RIA on 10th -30th September 2020; Consultative engagement on the development of the RIA for the Indigenous Knowledge Policy conducted with private sector, MDAs, Academia and traditional institutions.; Engagements with LGs (Buikwe, Bugiri, Mbale, Kapchorwa, and Soroti) on the Indigenous Knowledge concept and policy were conducted and a report was produced.

Consultative meeting with stakeholders on RIA and Space Policy Development undertaken on 28th August 2020. Draft Cabinet Paper on the National Space Program and Satellite Ground Infrastructure in Uganda submitted; Draft Framework – Draft Roadmap and Profile prepared; Framework first draft document prepared

Several collaborations in SST were conducted such as: Cooperative Research Agreement (CRA) with Kyutech Japan/BIRDS5 Project was signed, South Africa – Uganda SST Collaboration Programme Framework was Signed, Draft South Africa – Uganda SST Collaboration Agreement initiated, and the Draft Uganda-Egypt-Kenya and Airbus-UNOOSA Regional Project collaboration Agreement was initiated; Consultative meetings with SST

QUARTER 3: Cumulative Outputs and Expenditure by End of Quarter

National Stakeholders applications and end-users (OPM, MAAIF, NARO, MoWE, NEMA, NFA, MoICT&NG, UCC, UBC, NITA-U, UTL, MoLHUD, RCMRD, MoDVA, UPDF, UPF) conducted.

Training of 3 Ugandan engineers in Japan in space technology supported Conducted an engagement with MEMD on the Materials and nanotechnology project on 5th August 2020. Conducted visits to mineral beneficiation centers of Toro region, southwest region (Ntungamo) in Western Uganda on 22nd -25th September 2020; Profiling of materials laboratories in Central (Makerere University (Materials Science and Chemistry laboratories in the College of Natural Science, Geology and Petroleum Studies), Kyambogo University (Laboratories under the Faculty of Engineering and those under the Faculty of Science), UNBS (Materials Laboratory, Central Materials Laboratory under Ministry of Works and Transport)), Western (KIU – Western Campus (Laboratories under the School of Engineering and Applied Sciences)) and Eastern Uganda (Busitema University (Laboratories under the Faculties of Engineering Materials Laboratory)) conducted; Meeting with MAPRONANO, Makerere University were held and meeting minutes & draft MoU prepared; Meeting with KIU-Western Campus, Busitema University and Russian University of Science & Technology (NUST MISIS) and minutes prepared.

Visits to Atomic Energy council, Uganda cancer institute, Uganda national Health Laboratory services, National agricultural Disease Diagnostics and epidemiology center, MAAIF and Epicenter research center uganda were conducted and a report prepared. Phase 1 survey of Space/Satellite Ground Infrastructure conducted in northern and central on 28th October -3rd November 2020; Consultative engagement on the National Space Policy were conducted with; Uganda National Meteorological Authority (UNMA) Entebbe, Uganda Telecom (UTL), Mpoma Satellite Station in central, UNMA Masindi Regional Office in western and UBC (West Nile Regional Office - Giligili & Ombachi

Vote: 023 Ministry of Science, Technology and Innovation

QUARTER 3: Cumulative Outputs and Expenditure by End of Quarter

Satellite Stations), UNMA Gulu Regional Office in northern Uganda; Draft Report for RIA prepared.

Reasons for Variation in performance

Egypt requested that training for ministry staff be postponed to June as it accesses the pandemic situation

Because of the COVID19 pandemic, it was deemed necessary to vary the key stakeholders for this engagement from the social development sector to the academia sector. This is because many people from across various government agencies were not yet fully back on their workstations at that time (partial lockdown) and the social distancing requirement meant that such and engagement wouldn't be held. Therefore, it meant meeting few of people from time to time and this translated that this planned activity would extend out of the planned time and scope. Yet, the academia were vital stakeholders that had to be engaged too, so the call for this appropriate switch was made.

Due to resource constraints, this engagement was merged with the chemical society engagements. This limited the number of stakeholders that could be engaged.

NIL

Draft national Space policy document is work in progress.

Variation was brought about by adherence to Covid19 SOPs guidelines which could not allow meetings such as these to be held. So, we opted for the mainstreaming of the ministry programs and projects.

COVID-19 interruption

Due to availability of funds, this activity was modified to handle stakeholders in the Local governments.

Workshop not undertaken due to funding gap. Planned during Q4

Nil

Again because of adherence to the Covid19 SOPs, it was decided that institutions in the Kampala area would be consulted in place of those in the North. The ones in the North of the country like all the others in the country side would be consulted when the travel and other travel restrictions are eased.

QUARTER 3: Cumulative Outputs and Expenditure by End of Quarter

Draft National Technology Development and Transfer (NTD&T) regulatory frameworks developed

Strategic partnerships to foster Local and International technology transfer initiated.

One Concept note for the National Technology development and transfer framework developed; Preliminary stakeholder engagement on the National technology development and transfer

Draft Technology Development and
Transfer Standards and Guidelines
Profiles of Technology, Innovations and
Emerging Technologies (Public & Private
Sector) developed
Technology Needs Assessment for the
Technology development and transfer framework concept paper refined by the drafting team; The National Technolog Development & Transfer frameworks task force constituted; Stakeholder engagement report on the National

Technology Needs Assessment for the Agricultural sector validated

One Concept note for the National Technology development and transfer framework developed; Preliminary stakeholder engagement on the National policy frameworks conducted; National Technology development and transfer framework concept paper refined by the drafting team; The National Technology task force constituted:Stakeholder engagement report on the National Technology Development and transfer policy frameworks compiled;Draft concept document for the National Technology Development and Transfer legal and regulatory framework developed; Zero draft Stakeholder Regulatory Impact

Assessment for the national technology

development and transfer regulatory framework prepared Participated in the preparation of the Agro-Industrialisation program implementation action plan. In collaboration with national and international partners, reviewed Phase I of the SDG impact accelerator program and initiated phase II of the SDG accelerator program. In collaboration with the UN Tech Bank, a roadmap for the Tech Access partnership with respect to addressing the challenges brought on by the advent of COVID-19 was developed. Sweet Potato value chain development through technology transfer developed in collaboration with CURAD and a consortium of researchers (NARO, MUK);Stakeholder engagement on the development of the sweet potato value chain through technology transfer and promotion conducted:ST&I integrated in the Programme Implementation Action Plans (PIAP) of the NDP 3 programs; Innovation Technology Development and Transfer, Digital Transformation, Human Capital Development, Sustainable

Development of Petroluem Resources and Manufacturing.;MoSTI and M-Advisory signed an MoU to establish a framework for collaboration on promotion of innovative solutions in the agriculture value chain through digital technology TD co-opted into the Technology Development and transfer standards and

Renewable energy research undertaken S&T promotion programs conducted Research quality assurance and management undertaken Research in new and emerging technologies undertaken Efficient and effective delivery of UNCST mandate (operational and administrative engagements) undertaken. Research and Technology Transfer Centers constructed and equipment for Sericulture Sericulture Farmers, Extension Workers

Sericulture Farmers, Extension Workers and Researchers trained

Sericulture research and technology centres equipped

Sericulture project implementation Acquiring of land for Sericulture development

Land developed for mulberry production Valley water tanks constructed for supplementary irrigation for Mulberry plants

Silkworm reared at farm and central levels

Complete lines of post cocoon processing equipment installed for drying, etc

Appropriate technologies validated and or and technology popularized. 5. Science adopted through on the farm research and technology media quarterly content testing.

UNCST July-Sept newsletter published.

4. UNCST contribution to gender, scient and technology popularized. 5. Science and Technology media quarterly content analyzed. 6. Implementation plan for the

Silk worm egg multiplication systems developed and distributed to farmers and stockists

Appropriate Sericulture technologies, Innovations and management practices (TIMPs) disseminated and upscaled Farmers trained and sericulture cooperatives/farmer

institutions/associations formed to aggregate demand for input output markets enhanced

Houses built for Post cocoon handling, storage, drying and commercial processing

Crop demonstration and trainings for mulberry production and labour use efficiency conducted

Capacity of farmers' institutions to aggregate demand for input output markets enhanced

Trainings in sericulture at selected Universities and other tertiary institutions strengthened

Technical capacity building

Rearing equipment, facilities and supplies

Other demand driven technologies and innovations

Capacity of Ministry staff enhanced in

1. Lyantonde wind energy research site monitored and wind harvesting data updated. 2. The bio-energy pilot project plan of action and shelter infrastructure plan for the biomass briquette machines developed.; 3. Project development consultation with Kalangala district local government officials undertaken at Bugala Island, Kyamuswa learning center at Bukasa Island and availability of the project site confirmed.

4. Project development consultation with National Forestry Authority (NFA) officials and Moroto district local government (MDLG) officials conducted on the proposed Moroto project site at Lia primary school and availability of the site confirmed.

1. UNCST communication and stakeholder engagement plan on research management developed. 2. Inaugural dialogue on UNCST research management procedures in light of the COVID-19 challenge undertaken. 3. UNCST July-Sept newsletter published. 4. UNCST contribution to gender, science and Technology media quarterly content analyzed, 6. Implementation plan for the barrier analysis for climate technology needs assessment developed. 7. UNCST client service charter drafted 8. MoU with Victoria University on capacity development, training and research signed. 9. UNCST Partnerships Policy; 1. World Science Day for Peace and Development commemorated 2. Drafting of the directory of S&T Institutions and Services commenced. 3. Draft UNCST Partnerships Policy developed. 4. Dissemination of Covid-19 Research Results undertaken 5. UNCST-COMSATS Scientific Seminar on Challenges of Reducing Food Loss and Waste to Improve Food Security in the Global South held November 30, 2020 6. World Cities Day Commemorated; 1. Concept to celebrate 30 Years of UNCST Existence developed.2. Media

• Received sample orders from Norway, Nigeria, USA and Canada.

Increased

QUARTER 3: Cumulative Outputs and Expenditure by End of Quarter

collaboration between Gabana and Green Banana UK

- Tooke Eastern Caravan ran from 17th march to 1st April in Jinja,Iganga,Bugiri,,Busia,Tororo,Soroti, Mbale,Kaliro and Kamuli
- Various market campaigns have been carried out; Video premiered twice on NTV seeds of gold program
- Reached close to 200 people at the World Science day celebrations event organised by MoSTI and Attained new strategic connections to Kyambogo University with ongoing work on banana flour.
- Western Market outlets survey
- Rapid Participatory Analysis for Benchmarking the situation for Banana farming and production in Greater Bushenyi and Isingiro.Pre-test completed in Bumbaire
- Stockists are selling Tooke products in the Western Region: Bushenyi-Ishaka, Sheema Mbarara-Lyatonde, Ntungamo, Rukungiri, Ibanda-Bwizibweera & Kabale
- Central Region: Kampala, Entebbe, Mukono-Seeta, Wakiso, Nakawa, Makindye
- Currently we have 3 partners Sean Patrick and Elizabeth from Fairtrade, Elmar from Austria
- TOOKE meal and porridge preparations profiled online.
- Engaged 15 influencers in different towns,7 cities Radio talk shows on Baba FM, NBS and TV talk shows, DJ mentions and adverts.
- Engaged local leaders both cultural and political
- Marketing video providing hope for farmers developed.
- Two videos developed and profiled on Facebook
- Run-- Adverts in month of December after all approvals and loading of card with money for advertising on digital platforms
- 2 (Two) magazine features completed. One in the BUBU magazine and the other in the Independence Magazine

QUARTER 3: Cumulative Outputs and Expenditure by End of Quarter

- Draft sales policy developed
- 5 patent applications submitted
- Submitted 5 patent applications to the National IP office (~40% achieved as 1 patent application approved and 4 others awaiting approval
- Christof industries: Letter of Credit was submitted to Bank of Uganda for execution Contract was signed and a kick off meeting held
- 4 patents were approved and there is 1 new one waiting approval
- Product formulation and analysis on Bromelain, Phytochemical and toxicological analyses, drug design at 30% of targeted work, extraction preliminary samples
- 30% of the set target achieved
- Bromelian: 15 extract samples were tested for minimum inhibitory concentration and minimum bacterial concentration using E Coli, Klebsia pneumonia and Staphylococcus Aurerius and about 10extracts were giving positive results
- Experimental garden to conduct research on banana input formulations prepared, so far 10% of targeted work.
- Statistical models for estimation of adoption of farming practices and crop productivity: PhD, presented to doctoral committee -Makerere University; Research still on going.
- Proposal approved for funding under the Presidential Scientific Initiative on Epidemics (PRESIDE) entitled: Matooke Starch as a Pharmaceutical Excipient in Selected Medicinal Formulations for use in the treatment of Covid-19 Research still on going
- Proposal submission, Research grant availability
- Designs for Community processing unit completed. Submitted the designs to Management for approval so that we can start on the contracting service providers and procurement of accessories
- Data collected on input and output of the bakery products formulations including; recipe optimization, product specifications and designed a formula which quantifies the input and output ratios. The formula is still running up to 30 trials for each product. The report of product specifications as submitted awaiting discussion and approval.
- Concept on bread formulation experiments made

Vote: 023 Ministry of Science, Technology and Innovation

Outputs Planned in Quarter	Actual Outputs Achieved in	Expenditures incurred in the	UShs
	Quarter	Quarter to deliver outputs	Thousand

Egypt requested that training for ministry staff be postponed to June as it accesses the pandemic situation

Because of the COVID19 pandemic, it was deemed necessary to vary the key stakeholders for this engagement from the social development sector to the academia sector. This is because many people from across various government agencies were not yet fully back on their workstations at that time (partial lockdown) and the social distancing requirement meant that such and engagement wouldn't be held. Therefore, it meant meeting few of people from time to time and this translated that this planned activity would extend out of the planned time and scope. Yet, the academia were vital stakeholders that had to be engaged too, so the call for this appropriate switch was made.

Due to resource constraints, this engagement was merged with the chemical society engagements. This limited the number of stakeholders that could be engaged.

NIL

Draft national Space policy document is work in progress.

Variation was brought about by adherence to Covid19 SOPs guidelines which could not allow meetings such as these to be held. So, we opted for the mainstreaming of the ministry programs and projects.

COVID-19 interruption

Due to availability of funds, this activity was modified to handle stakeholders in the Local governments.

Workshop not undertaken due to funding gap. Planned during Q4

Nil

Again because of adherence to the Covid19 SOPs, it was decided that institutions in the Kampala area would be consulted in place of those in the North. The ones in the North of the country like all the others in the country side would be consulted when the travel and other travel restrictions are eased.
