#### Matters to note in budget execution

#### **QUARTER 4: Highlights of Vote Performance**

- a) The Board failed to attract suitable staff required in the recruitment plan. This resulted into a variance on NSSF.
- b) The Board is still utilizing rented premises for various examination activities. It therefore needs more funds to complete the construction of the assessment centre.
- c) The changes in the school calendar coupled with modularization of assessment have increased the number examination series and related cost of assessment.
- d) The Board is under staffed affecting implementation of Competence Based Assessment. This requires an increment in the wage bill for FY 2023/24 to enable the Board recruit more subject specialist.
